Municipal Record

Proceedings of the Council of the City of Pittsburgh

VOL. CXIX

Tuesday, January 8, 1985

No. 1

Municipal Record

ONE-HUNDRED TWENTY-THIRD COUNCIL

ROBERT RADE STONE President
MICHAEL PERRY City Clerk
LINDA M. JOHNSON ... Asst. City Clerk

Pittsburgh, PA
Tuesday, January 8, 1985

PRESENT:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

The Chair:

If there is no objection, I would like to go out of order —

Michelle Madoff:

I'd like to make a comment, if I may. A comment you've made many

time, I'd like to reinforce something, if I may.

I think that with the numbers of items that come to this Council that we should be as productive as we can so that Councilmembers have time to work on other issues, like bringing jobs to this community. I would like to follow in your footsteps, Mr. Stone, when you frequently have said, can we refer to the appropriate department and see if this can be resolved without a hearing. These people are entitled to what they're asking for and I think they can get it and I don't think we need a hearing. They should not even have to be subjected to a hearing. May I respectfully request that you go that route?

The Chair:

The only problem with that is the we generally do that on Wednesday.

Michelle Madoff:

Why wait until Wednesday? It doesn't come up until a week from Wednesday, that's ten days. Let's start moving it now.

The Chair:

Refer it to the department, Mike, and we'll cover it on Wednesday.

Michelle Madoff:

Thank you, Mr. Stone.

The Chair:

As I indicated before, I'd like to take two items out of order. One is a resolution and, Sophie, I'll take your appointments at this time because the rest of the agenda will occupy the rest of the meeting.

Michelle Madoff:

May I please request that Tony Finzio, Dee Steinmetz, Bob Sprague, Eleanor Anthony, Lena Hotejak and Rose Larcovic please come forward?

As you are coming forward, I'd like to point out that the President of Council, Mr. Stone, feels very strongly about this resolution and he would like to join in sponsoring this particular resolution and I welcome and thank him.

Michelle Madoff and Mr. Stone present

No. 1973 WHEREAS, State Representatives Thomas J. Murphy, (D) Northside, Fred A. Trello, (D) Coraopolis and Michael M. Dawida, (D) Carrick will introduce legislation requesting a legislative investigation into a new county-sponsored Meals-on-Wheels program permitting a bid process; and

WHEREAS, the volunteer Meals-on-Wheels program born in Pittsburgh 30 years ago and now a nationwide endeavor currently delivers about 3,000 meals each day to elderly people in Allegheny County; and

WHEREAS, the program has been working well for thirty years; and

WHEREAS, the competitive bid process does not give credit for the intangibles of the personal touch provided by volunteers and the meal recipient would almost certainly lose the daily visit provided by a volunteer who

has become a friend; and

WHEREAS, there is much contradictory evidence to a new state directive that would give counties the option of putting the services up for competitive bid;

NOW THEREFORE, BE IT RESOLVED that the Mayor and the Council of the City of Pittsburgh support the effort of State Representatives Thomas J. Murphy, Fred A. Trello and Michael M. Dawida and urge their legislators to retain a volunteer program that has been eminently successful.

Michelle Madoff moved to adopt the resolution.

Mr. Woods seconded the motion.

Which motion prevailed.

Michelle Madoff:

I would like to be sure that copies of this resolution are sent to all the parties sponsoring the bill, the Governor, and I'm sure Mr. Stone will have some ideas on that issue. Copies of this resolution are to go to Tom Murphy, Fred Trello, Mike Dawida, and a copy to be hung in the office of Meals On Wheels.

I am especially delighted to see my sisters here. If anybody doesn't know who my sisters are, we're adopted family, Rose and Lena, and I understand that Tony Finzio would like to be the spokesperson for the group.

Mr. Finzio:

We appreciate everything you've done for us. Seven thousand volunteers out there are a little worried about all the red tape with becoming involved in the government and some of them want to remain independent. We don't like to

see anybody who wants to remain independent to be put out of business by any government agency.

The Chair:

If the Chair may just add a couple remarks, when this thing came up the first time there was a resolution introduced by me. Thereafter I had the opportunity to testify at the public hearing which was held in the Gold Room which was sponsored by the Legislature, Mr. Trello and Mr. Murphy, I think, it was their committee at their particular time.

I don't believe that we really comprehend the true importance of this particular piece of legislation in the sense that, as has been indicated, this has been a program that's been serving some 70,000 meals. But in addition to that, there's the offspring from that; there's that daily communication with those people who have no other way and no other contact with the outside world other than these people who deliver the Meals On Wheels. They are concerned with their other needs, medical or whatever it is; it is some contact. What is being attempted here is alleged to be a cost-saving factor but it's actually doing nothing more than placing a knife in the back of a very good program in the sense that they're saying it will send out to a common kitchen for them to cook the food on contract. But they don't want to contract the other part of it which is contract out to these volunteers the matter of their car, their gas, their time, every day visiting with these people in their homes.

This is a ruse; it's a shame that it's even gone this far. I'm shocked that the Governor of the Commonwealth of Pennsylvania would even let any of its directors support the kind of contention that is contemplated here. I'm glad to

see that it has unanimous consent here and we of course wish to Representatives Trello, Murphy and Dawida God's speed and success in resolving it.

I would just like to close with one remark and that is that this City and this Council and the Mayor I'm sure join all of us in thanking the volunteers of the Meals On Wheels. Thank you for your past good service and we hope it will continue for a long time. We stand supportive at all times.

Michelle Madoff:

Are there any allocations from our City funds, Unspecified Local Options, that go to Meals On Wheels and if there isn't, can we apply for them next year?

The Chair:

My best guess is that coming though the County under the Aged program and we're in that SMA — We're under the County. It's not a matter of money; it's a matter of taking the guts out of the program. The other thing is, what they're going to do is give one form of food for everyone. And the unique thing about these volunteers, they're taking care of people in their own neighborhoods and some prepare the kind of food that those in that area like to eat. That's as important as anything else.

Again, we thank all of you for special attention. Keep up the good work.

Mrs. Masloff presented

No. 1974 Resolution approving the appointment of Ms. Susan Neszpaul, 375 Main Street, Pittsburgh, PA 15201, for a three year term to expire December 31, 1987, as an at large member of the Pittsburgh Cable Communications

Advisory Committee.

No. 1939 Resolution approving execution of a Disposition Contract by and between the URA and Robert C. Arlia for the sale of Block 83-L, Lot 14 in the 11th Ward, for the amount of \$1.00 — Residential Land Reserve Fund (521 N. Beatty).

Also,

No. 1940 Resolution approving execution of a Contract by and between the URA and Jack E. Stroshine and Arthur F. Stroshine for the sale of

properties in the 21st Ward — Redevelopment Area No. 27.

Also,

No. 1941 Resolution approving the sale of Parcel 43 (1300 Collier) for the sum of \$1.00 in the 13th Ward of the City of Pittsburgh by and between URA and Lovie Ann Burton — Redevelopment Area No. 19.

Also,

No. 1942 Resolution approving execution of a Disposition Contract by and between URA and Gurney D. Buchanan for the sale of Block 23-E, Lot 220 (412 Jacksonia) in the 25th Ward of the City of Pittsburgh for the sum of \$1,000.00 — Neighborhood Housing Fund.

Also,

No. 1943 Resolution approving execution of a Disposition Contract by and between URA and Michael C. Richer for the sale of Block 82-L, Lot 135 in the 11th Ward for the sum of \$8,500.00 — Residential Land Reserve Fund (5638 Hampton).

Also,

No. 1944 Resolution approving Contracts by and between the URA and various Redevelopers for the sale of properties in the City of Pittsburgh — Property Management and Maintenance Program and Residential Land Reserve Fund.

Also,

No. 1945 Resolution approving the sale of Block 2-M, Lot 184 in the 1st Ward of the City of Pittsburgh by and between the URA and Leonard Billian for the sum of \$3,000.00 — Industrial Land Reserve Fund (1509-1511 Forbes).

Also,

No. 1946 Resolution authorizing the URA of Pgh. to acquire that property in the 21st Ward of the City of Pgh. owned by William A. Galasso and Guy Galasso and designated as Block and Lot 22-K-39 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh.

Also,

No. 1947 Resolution authorizing the URA of Pgh. to condemn and acquire all of the City's right, title and interest, if any, in and to the publicly owned properties in the 21st Ward of the City of Pittsburgh designated as Block and Lot 22-K, Lot 38 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh.

Which were severally read and referred to the Committee on Planning, Housing and Development.

Mr. Wagner presented

No. 1948 An Ordinance supplementing the Pittsburgh Code, Title One, Administrative, Article XI, Personnel, Chapter 180, Personnel Administration, Section 180.05, Staffing, by adding new sub-section 180.05(e), Newly Created Positions, which requires that all newly created positions of employment with the City of Pittsburgh be accompanied by detailed descriptions of job duties, qualifications, and requirements.

—(SPONSORED BY MR. WAGNER)

Also,

No. 1949 Resolution providing for the issuance of a warrant in favor of Anjo Construction Co. (B. Moscatiello, President) in the amount of \$15,900.00 in payment for extra work being in addition to the original contract price of \$2,134,000.00 on Controller's Contract No. 26833 furnished for the benefit of the City in connection with the Site General Contract at the Pittsburgh Zoo-Phase III; Savanna Exhibits, payable from Code Account PR 81-02, 4-13-60-1230-81, Index Code No. 320358. Prior approval granted by Council dated August 28, and October 10, 1984.

Also,

No. 1950 Resolution providing for the issuance of a warrant in favor of Jendoco Construction Corp. in the amount of \$12,920.60 in payment of extra work, being in the addition to the original contract price of \$936,500.00 on Controller's Contract #26768 and 26768-F furnished for the benefit of the City in connection with the renovation of Fowler Pool and Playground, chargeable to and payable from the Fowler Pool and Park Trust Fund, (FPPTF) Index Code No. 252155. Prior approval granted by Council July 6, 1984.

Which were severally read and referred to the Committee on Finance.

Also,

No. 1951 Resolution further amending Res. No. 1385, approved Dec. 27, 1982, eff. Jan. 1, 1983, as amended, entitled: "Adopting and approving the 1983 Capital Budget and the 1983 Community Development Block Grant Program; and approving the 1983 through 1988 Capital Improvement Program," by retitling a line item which presently reads: per Attachment 1, to read: per

Attachment 2.

Also,

No. 1952 Resolution further amending Res. No. 1589, eff. 1/1/79, as amended entitled, "Resolution adopting the 1979 Capital Budget; allocating and setting aside amounts in connection therewith, creating Capital Funds, transferring Bond Funds, to said Capital Funds," by retitling a line item which presently reads: per Attachment 1, to read: per Attachment 2.

Also,

No. 1953 Resolution amending Res. No. 553, eff. July 15, 1983, entitled: "Providing for a Contract or Contracts for the Widening and Reconstruction for the Pennsylvania Avenue Bridge over the Conrail Railroad and Roadway from Brighton Road to Allegheny Avenue, including work on private property and other work incidental thereto; and providing for a reimbursement Agreement or Agreements with the Commonwealth of Pennsylvania, Department of Transportation, and providing for the payment of the cost thereof," by providing for the payment of the cost not to exceed \$2,700,000.00, chargeable to and payable from the Pennsylvania Avenue Trust Fund, Department of Engineering and Construction.

Also,

No. 1954 Resolution providing for an Agreement or Agreements with Pittsburgh Testing Laboratory (M. Y. Ruyan, President) for Engineering Services in connection with the shop inspection of the fabrication of the structural steel for the P.J. McArdle Roadway, Phase III, at a cost not to exceed \$6,000.00, chargeable to and payable from Code Account PW 82-11, 4-

13-05-0408-82, Index Code No. 302000. Prior approval granted by Council December 12, 1984.

Also,

No. 1955 Resolution further amending Res. No. 1218, eff. Dec. 31, 1979, as amended by Res. No. 78 eff. Feb. 22, 1980, as amended by Res. No. 430 eff. June 6, 1984, as amended by Res. No. 990 eff. Nov. 20, 1984, entitled: "A Resolution providing for a Contract or Contracts for Engineering and Architectural Services for Grant Street and Liberty Avenue Design, Fort Pitt to Liberty, Sixth Avenue to Twelfth Street; providing for the payment of costs thereof; and providing for a Reimbursement Agreement or Agreements with the Commonwealth of Pennsylvania, Dept. of Transportation", by increasing the total project allocation by \$17,000.00, chargeable to and payable from the following Code Accounts: PW 79-05, \$150,000.00; PW 79-07, \$40,000.00; PW 77-07, \$84,779.94; PW 76-44, \$272,853.98; and PW 83-05, \$331,000.00.

Also,

No. 1956 Resolution amending Res. No. 129, eff. 3/9/84, entitled: "Providing for a Contract or Contracts, including the use of existing Contracts, for construction in connection with Renovation of various park facilities, and providing for the payment of the cost thereof," by increasing the project allocation from \$50,000.00 to \$110,000.00, payable from Code Account LB 84-13, Renovation of Various Park Facilities.

Also,

No. 1957 Communication from Paul J. McDermott, Director, Department of Engineering and

Construction, requesting authorization for John Valent to attend and provide professional instructional services at the A.C.L. Mix Design and Evaluation of concrete Quality School in Harrisburg, PA, from February 19-21, 1985, at a cost not to exceed \$150.00, payable from Code Account No. 1482, Misc. Services, Department of Engineering and Construction.

Which were severally read and referred to the Committee on Engineering and Construction.

Mr. Woods presented

No. 1958 An Ordinance supplementing the Pittsburgh Code, Title One, "Administrative", Article XI, "Personnel", Chapter 181, "General Provisions", by adding Section 181.10, authorizing the payment of an attendance allowance of five dollars (\$5.00) to the members of various boards, commissions, committees and task forces who are not City employees, to be effective January 1, 1985.

Also,

No. 1959 Resolution amending Res. No. 179, approved February 20, 1981, and eff. March 2, 1981, entitled: "A Resolution providing for the charges for third party payers for ambulance services rendered to the residents of the City of Pittsburgh, and creating a special trust fund in connection therewith", by authorizing payment of Department of Public Safety related costs and expenses from the special trust fund.

Also,

No. 1960 Resolution providing for the issuance of a warrant in favor of Thomas DiDiano Construction, Inc., 311 Fielding Drive, Pgh., PA 15235, in the amount of \$1,100.00 in payment for labor

and materials necessary to construct suspended drywall partition inside the entrance corridor of the Dept. of Law, chargeable to and payable from Code Account No. 1075, Misc. Services, Index Code No. 107508.

Also,

No. 1961 Resolution Repealing Resolutions, approved on various dates, authorizing the sale of properties in various Wards of the City of Pittsburgh, in accordance with Act No. 514, as amended, and providing for the forfeiture of hand money.

Also,

No. 1962 Resolution Repealing Item A of Res. No. 346, appr. 4-19-79, for the sale of property at 142 Erin Street, 5th Ward, 10-J-66, to Sylvester Hughes for \$750.00. Resolution is to repeal sale, and return hand money for the Objector.

Also,

No. 1963 Resolution Repealing Item K of Res. No. 652, appr. 8-2-84, for the sale of a lot in the 25th Ward, 1719 Brighton Place, Block & Lot 22-H-238, to Willie & Bertha Boulware, for \$400.00. Resolution is to repeal sale and return the hand money. City does not have marketable title.

Also,

No. 1964 Resolution amending Item K of Res. No. 1048, appr. 12-5-84, for the sale of vacant land in the 32nd Ward, ValleyView Street, Block and Lot 163-B-80) to John P. & John F. Fullmer, for the sum of \$1,800.00. Amendment is to correct the lot size in the second parcel of the sale - Plan lots Pt. 19-20. Instead of Lot size 145 X 205.26 X 167.7 the correct size should be: 145.38 X

205.23 X 167.7.

Also,

No. 1965 Resolution providing for the filing of a petition or petitions for the sale of certain property or properties acquired at a tax sale in accordance with Act No. 514 of 1947 as amended.

Also,

No. 1966 Communication from Richard S. Caliguiri, Mayor, requesting authorization for Jean M. Sickle to travel to Washington, D.C. to participate with representatives of the National Association of Housing & Redevelopment officials in program planning and to attend the Legislative Conference as a framework for program presentation on February 3-5, 1985, at a cost not to exceed \$650.00, payable from Code Account 1021, Misc. Services (Women's Task Force).

Also,

No. 1967 Communication from Ronald C. Schmeiser, Director, Department of Finance, submitting a report of deposits and market value of collateral Security pledged by City Depositories to secure same as of November 30, 1984.

Which were severally read and referred to the Committee on Finance.

The Chair presented

No. 1968 Petition from the residents of the City of Pittsburgh, requesting a public hearing concerning the installation of adequate lighting on Melwood Street and Gold Way to help alleviate the high occurrence of vandalism and theft and for the general safety of the area. (This petition is valid in accordance with Section 322 of the

Home Rule Charter.)

Which was read and referred to the Committee on Public Works.

UNFINISHED BUSINESS

Mr. Givens:

Mr. President, is this the ordinance that we voted on Wednesday?

The Chair:

No. This is the Mayor's veto.

Mr. Givens:

Well, that's where I have a little bit of a problem. In one of the Mayor's overrides, he is asking us to change the position or the name of the Public Safety Department, back to the Public Safety Department, yet we have a bill before us that in fact creates the Public Safety Department. I think we have to vote on whether or not this Council is going to create a Public Safety Department or any department for that matter. The Mayor's veto wouldn't even be needed then is what I'm trying to say.

The Chair:

We'll take those two together.

The Chair presents

No. 1969 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, returning with his veto of Council Bill No. 1772, entitled: Resolution making appropriations to pay expenses of conducting the public business of the debt charges thereof for the year beginning January 1, 1985 with line items vetoed. Also, Bill No. 1773, entitled: Resolution fixing the number of officers and employees of all

departments of the City of Pittsburgh and the rate of compensation thereof for the year beginning January 1, 1985, with line items vetoed.

Which was read, received and filed.

(MAYOR'S VETO LETTER)

January 7, 1985

President and Members
Pittsburgh City Council
Fifth Floor, City-County Building
Pittsburgh, Pennsylvania 15219

Dear President and Members:

I have reviewed the budget which was passed by Council on December 28 and I am generally pleased with this spending plan for providing City services in 1985. The budget reflects good fiscal management, with appropriations held to only a 4.2 percent increase over 1984. Council's responsible actions have resulted in no tax increases for 1985, placing us well on our way to attaining the goal of avoiding any increase in 1986 as well.

While I commend Council for preparing a sound, viable budget, I must disagree with the appropriations of several line items which I believe detract from the financial integrity of this document. Therefore, I am exercising the authority granted to the Mayor in the Home Rule Charter to veto line items when necessary. I believe this action is necessary for the following items:

Pensions

I am vetoing the pension increases appropriated in this budget in order to preserve the progress that Council and this Administration have made in restoring fiscal integrity to the City's pension fund and to recommend, instead,

increases for our retirees which reflect a fairer distribution of pension dollars at a less burdensome cost.

As you are aware, the single most serious financial problem facing this City is the accumulated unfunded pension liability associated with the "pay-as-you-go" pension plans which existed in this City prior to 1975 for municipal employees and prior to 1982 for police and fire employees. In order to avoid massive pension cost increases which would threaten the solvency of the entire pension system, the City embarked upon an ambitious pension reform program in 1982, which over a 20-year period will ensure that all City employees are covered by pension plans which are actuarially funded.

Currently, the City's accumulated unfunded pension liability is approximately \$400 million. The pension increases proposed by Council will affect the structure of the City's pension reform program by adding over \$7 million in additional unfunded liability. In addition, these proposed pension increases will add close to \$1 million annually to the operating budget. While these costs can be calculated easily from actuarial tables, the City also risks harming its credit rating, which could cost millions more in higher interest costs. The rating agencies continue to be alert to the accumulation of our unfunded pension liability, and an increase in its amount could cause them to lower our bond rating, which we have been working very hard to improve.

In addition to the burdensome present and future cost, however, I am concerned about the inherent inequity of an across-the-board increase for all of our retirees. It is a fact that the pensions of those who have been retired the longest have been much more

severely impacted by inflation than the pensions of recent retirees. While the pensions of City employees who retired prior to the great inflationary years are tied to pre-inflationary base salaries, City pensioners who retired more recently received base salaries which reflect all or most of the inflationary growth in the cost of goods and services.

Equality is a principle to which I subscribe, but in a case such as this, there are compelling reasons to address the various levels of need. Providing equal payments to all of our pensioners avoids the issue of need. As Mayor, I cannot, with a clear conscience, agree with this practice. If increases in pension benefits are to be made, it is the City's obligation to financially assist those pensioners who have been hurt the most by inflation.

Therefore, although I am vetoing the proposed pension increase, I am recommending that Council adopt a four-tiered approach to increasing pension benefits, as shown below:

- \$35 more per month to pensioners who retired prior to 1965;
- \$20 more per month to pensioners who retired between 1965 and 1974;
- \$15 more per month to pensioners who retired between 1975 and 1979; and
- \$10 more per month to pensioners who retired between 1980 and 1984.

This approach will cost the City \$650,880 in 1985 and increase our unfunded liability by \$4.7 million. By structuring the increase in this manner, the City will be assisting our retirees according to their needs with less harm to the viability of the pension system for our current employees — who will become our future retirees.

Office of the City Controller:

3 Performance Auditors

1 Clerk-Typist 2

Auditor, As Needed

Materials Inspector, As Needed

In the budget proposal which I sent you in November, I made only two changes to the Controller's Office: a) all employees were placed at the G step to prevent the abuse of mid-year raises, and b) the position of Fixed Asset Coordinator was transferred to the Department of Finance in order to guarantee that the position will be filled by someone with professional accounting or appraisal experience. I proposed only these two changes because the organization of the Controller's Office, as reflected in the budget proposal he submitted, is in a state of chaos. Unlike other City Department heads, the Controller has no controls on his personnel management authority — no Civil Service regulations, no union contracts, and no standard process for giving employees access to the Personnel Appeals Board. During 1984, he took extreme advantage of this situation with unchecked hiring practices and questionable staffing changes, displaying a total disregard for the City's established budgeting/personnel process. For example:

1. The Controller requested that I present a budget retitling one-quarter of his staff, demonstrating that he has grossly abused his authority by hiring people in any job title available and having them perform duties that do not reflect at all the positions included by Council in the 1984 budget.
2. The Controller fired seven employees and rehired them at substantially higher salaries the following day in order to circumvent

Council's salary resolution.

In light of these actions, it is distressing that Council has now adopted a budget for the Controller that includes changes in title for 27 positions (including seven pay increases), four additional positions, and two new "As Needed" titles. This budget, in effect, condones the flagrant abuses committed by the Controller this past year and encourages continuing abuses.

It is for these reasons that I must veto several positions in this office for 1985.

Because the Controller has demonstrated a willingness to hire friends and associates into any available position and then retitle the position in the next year's budget, it is absolutely essential for me to veto the two "As Needed" titles included by Council. The existence of "As Needed" titles in an open invitation for the Controller to continue his flouting of established personnel practices.

Similarly, the four new positions added to the Controller's Office simply reward him for his outrageous hiring practices during 1984 and, therefore, they must be vetoed. Because the Controller's Office is not under a merit personnel system, there is no guarantee that the Controller will hire qualified people to fill these new positions. In fact, there is a whole year's worth of evidence to show that the opposite is true.

The independent survey, prepared in the fall of 1983, lists the functions of controller's offices in cities just above and below Pittsburgh's population ranking. It indicates that the only controller's office which had more employees than Pittsburgh also had considerably more responsibility,

including handling all county accounting functions, preparing the payroll, collecting revenues, supervising EDP operations, and supervising the municipal garage. Most other cities surveyed had controllers with equal or greater responsibilities and fewer employees. I believe this survey confirms that the Controller's Office in the City of Pittsburgh is over-staffed and will continue to be so if the hiring of unqualified personnel remains unchecked.

My proposal to bring the situation under control is to include Controller's Office employees in the merit personnel system and to conduct an independent performance evaluation of this office, as required by the Home Rule Charter. The Law Department will prepare legislation to bring the employees under the merit personnel system to ensure that the provision of the Charter requiring "written procedures for appointment, promotion, and removal based on merit and fitness" is applied to the Controller's Office. The Finance Department is preparing plans to utilize the \$50,000 appropriated by Council to engage a consultant to study the Controller's Office. With these two measures, we hope to begin to bring order to the organizational chaos that currently plagues the Office of the Controller.

Mayor's Office: Economic Development Coordinator

One of the primary reasons for the enhancement and expansion of the Urban Redevelopment Authority in 1982 was to provide within that agency a single focus for economic development activities in the City. Contrary to Council's expressed purpose of cleaning up the lines of accountability for economic development activities, creation of a position of Economic Development Coordinator in the Office of the Mayor would create fragmentation and

introduce an element of confusion regarding responsibility for economic development. Therefore, I am vetoing this position since it would serve no useful purpose and create a duplication of effort.

Mayor's Office: Veterans' Affairs
Coordinator

The creation of the position of Veterans' Affairs Coordinator in the Mayor's Office also represents a duplication of services presently provided by another agency of government. Allegheny County has an Office of Veterans' Affairs which was mandated by the State and provides services to all veterans and their next-of-kin who are residents of Allegheny County. Since their jurisdiction includes residents of the City of Pittsburgh, the addition of a coordinator within Pittsburgh City government would only serve to detract from the County's efforts and confuse residents about the resources available to them.

Title of the "Office of Public Safety and
Emergency Management Coordination"

On January 2, City Council enacted legislation to implement the new public safety office under the title, "Department of Public Safety". For this reason, I am vetoing the name of this office and recommending that it be re-titled "Department of Public Safety" to remain consistent with the City Code.

In addition, I am vetoing the names of the four major components of the new department. I recommend that the Administrative Branch be changed to "Administration Bureau", and that the Departments of Fire, Police, and Emergency Medical Services each become "bureaus" as well. This change will make the department's organization consistent with other departments

throughout the City. It will also clearly delineate organizational structure, eliminating confusion which may result if three "departments" are placed within the Department of Public Safety.

The preparation of the 1985 budget was an especially difficult task for all of us. I know that the proposal to create a new department to consolidate our public safety functions caused as much concern and soul-searching for every Council member as it did for me. I admire the fortitude of those Council members who faced extreme political pressure, yet voted for organizational changes designed to provide our residents with the best protection possible. For those members who still do not agree with our approach, I urge them to join with us now in order to prevent in-house squabbles from harming the new department in its efforts to improve public safety in the City of Pittsburgh.

The creation of this department will have a far-reaching effect on how services are provided to our residents in 1985. However, this budget, as a planning document, reflects many other improvements in City operations. I believe that the changes I have described in this letter will further improve the budget as adopted by City Council, and I request that you incorporate the recommendations proposed above.

I believe that the 1985 budget demonstrates both a firm sense of fiscal responsibility and a responsiveness to the needs of our residents. I congratulate you on your effort.

Very truly yours,

RICHARD S. CALIGUIRI
Mayor

(END OF MAYOR'S VETO LETTER -
1/7/85)

Michelle Madoff:

Mr. President, before we begin, I need clarification on something.

The Chair:

As I understand it, there are a number of items which the Mayor has vetoed and if I can just perhaps list some of them. One is a couple of changes in the Public Safety Department; I think that's a name change. The other one is a matter of a different formula for pensions. The third is some changes in the City Controller's Office. The fourth one is in the Mayor's Office, Economic Development Coordinator, which came from this Council. The next is the Veterans' Affairs Coordinator, which came from this Council.

Michelle Madoff:

Are we going to take them separately, Mr. President?

The Chair:

We're going to take each at a time.

Mr. O'Malley:

Mr. President, I'd like to make a motion to recess for ten minutes. The first time that I've had the opportunity to see this is at this table now.

Michelle Madoff: seconded the motion.

Which motion prevailed.

And on the motion of **Mr. O'Malley**

Council recessed.

And with the time of recess having expired, Council reconvened.

The Chair:

We've just had the Mayor's veto of the budget and we'll break those items down and I think the suggestion given by Mr. Givens might be a valid one.

Mr. Givens:

Mr. President, I'm a little bit confused on the budget deliberations. The fact that the budget used the terminology Emergency Management Coordinator --

The Chair:

It was understood that you have to change the other back -- change the budget to get to what this is.

Mr. Givens:

And the legislation that we really adopted Wednesday was in fact saying that I think.

The Chair:

Mike, maybe you ought to read that bill, Mr. O'Malley's bill. They're both tied together so we may as well do it all at one time.

Mr. O'Malley presented

Bill No. 1972

Report of the Committee on Public Safety for January 2, 1985 transmitting one ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1871

An Ordinance entitled, "An Ordinance amending and supplementing the Pittsburgh Code by creating a Department of Public Safety, placing it under the charge of a Director, and setting forth the powers and duties of the Director; and REPEALING Chapter 115, Department of Police, Chapter 117, Department of Fire, and Chapter 143, Department of Emergency Medical Services."

Which was read.

The Chair:

Let me just give an explanation. We're going to run these two bills together relative to Public Safety; so, what happens in one happens in the other.

As of last Wednesday, let's deal with the first change. Last Wednesday, Council changed the name to the Office of Public Safety and cut off the balance of it and that was recommended and Council approve it. Relative to that particular change, the Mayor has vetoed it so that it now equals what happened last Wednesday. The budget would equal what happened last Wednesday.

Michelle Madoff:

That's not what it says.

The Chair:

That first part. We're only talking about the name of the department now.

Michelle Madoff:

But the name of the department as is worded, as I understand it, is back to Office of Public Safety and Emergency Management Coordination.

The Chair:

No.

Michelle Madoff:

That's what it says.

Mr. Givens:

If I might, the Mayor's veto is one thing; that's changing the name. However, the ordinance that we have before us in fact gives this Council, be it that of the Mayor, the authority to change the three major departments, Police, Fire and Emergency Medical.

The Chair:

I'm not on to that yet. We're only dealing with the top name right now. I'll get to that.

Mr. Givens:

What I'm saying is, I don't think the Mayor can veto something that Council hasn't even passed in their own chambers yet.

The Chair:

Dick, we would pass the budget first and the other one commensurate with the budget.

Danny, I think the information you gave us here is a little incorrect. It's my understanding that the information in the budget as it is now is the Office of Public Safety/Emergency Management Coordination. That's in the budget. As of last Wednesday, the bill which is before us now, what we did since we weren't dealing with the budget, we were only dealing with that department, what would change was the balance of it, Emergency Management Coordinator was dropped off.

Mr. Givens:

Those bills before us, Mr. President, if I might for a point of order, were introduced into this Council in the month of December, if I can recall. Mike, what is the original date of the introduction of those bills? They were separate bills sent down to us and required separate action on this Council to change a major unit of government.

Mr. Perry:

December 10th.

Mr. Givens:

December 10th. The Mayor sent us the changes on the — That when it came into Committee, on the 10th. There was given to us a letter covered by the Mayor's stationery, December 7th which is Pearl Harbor Day and I think there's another Pearl Harbor Day that's going to happen here, it's a sneak attack as far as I'm concerned. But that's beside the point.

The thing is, we have three bills before us, three bills. It's actually one but it changes.

The Chair:

I'm going to take them one at a time; I agree with you.

Mr. Givens:

It changes. We're going to have to do away with three different departments and create a new department which we have never done yet. The budget, yes; we have funded it, we have funded it through the budget process, but we have not created the department itself. That legislation will create in fact the department. If we don't in fact otherwise create this

department, the funding then just goes back to zero.

The Chair:

I think what I'm trying to point out is an easy one in the sense that it's my understanding as of last Wednesday that everyone wanted to have the name at least, the general name, be Office of Public Safety and X out —

Michelle Madoff:

That's what I want to address.

The Chair:

On that one issue only.

Michelle Madoff:

On that one issue only. My understanding, after talking to representatives of the union and talking to Mr. Pellegrini and talking to the Mayor and talking to members of Council since I wasn't here last week, that the fear was or the perception was or maybe even the fact is that if the name remains, which was a name I negotiated with the Administration at the request of many many fire and police officers in leadership, that the name be changed from Department of Safety which they objected to, to the Office of Public Safety and Emergency Management Coordination were in effect, that indeed the Governor would supersede the Mayor and have the right to appoint the chief person, the Director. Of course I do not blame the leadership of the unions for saying that's not what we want. At the very least, not at the most but at the very least, we would like the Director appointed by the Mayor and confirmed by Council. If it is approved by the Governor, Council would not have the right to confirm.

I have just spoken to Mr. Pellegrini, I've just spoken to Mr. Ben Havilar, I don't think that they are going to be liars where they can be proven within hours to be liars, I don't think they're going to say something that isn't true in that sense. I mean there are many things that we disagreed on but, as a matter of fact, they tell me that they can provide within a few hours or days documentation to sustain the fact that if we keep the name Office of Public Safety and Emergency Management Coordinator, which is what I was asked to get, that the Mayor will appoint the Director and Council will have the right to confirm that Director.

May I address that to confirm that I understand what I just said to be correct? I ask that Mr. Pellegrini be allowed to speak.

The Chair:

But the key is that that's not the —

Michelle Madoff:

That's the first issue; you wanted to take them one at a time. I would like to take them beyond that but I'm going with what you said.

The Chair:

I think if you let me finish you'll understand. That individual coordinator, if I may, is not the Director of Public Safety. So, that's the reason for the change only in the name.

Michelle Madoff:

That is not what it says. My understanding from Mr. Pellegrini is that the person who is the Director would be the Director of Public Safety and Emergency Management Coordination. However, if it is the will of this Council and if it is the will of the union that we

change the name back to Public Safety which is what they didn't want in the first place, then I'll go with it. I'm just trying to be a mediator and trying to bring people together. They wanted the name Emergency Management Coordination but respectfully they don't want the Governor to appoint that person. I would like Mr. Dan Pellegrini to address that one issue then I've got some other issues.

The Chair:

On that one narrow issue —

Mr. Grabowski:

Mr. President, I object to the Solicitor speaking.

Michelle Madoff:

Well, excuse me; then I invoke the Home Rule Charter which says the majority of Council can overrule the objection of one person to not hear from somebody.

I make the motion that we hear from Mr. Pellegrini; can I have a second please?

Mr. Wagner seconded the motion.

The Chair:

Take the roll.

Mr. Givens:

I vote aye. I don't want to deny anybody in Council the opportunity to request anybody before this body.

Mr. Grabowski:

I vote no. We just had a 15 minute recess and any of these questions could have been answered in private.

Mr. O'Malley:

I vote aye. I think a Councilmember is entitled to all the information they need to make an intelligent vote.

The Chair:

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. O'Malley
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Stone
	(Pres't)

AYES 6 NOES 2

(MR. GRABOWSKI AND MR. WOODS VOTING NO)

And a majority of the votes of Council being in the affirmative, the motion was approved.

Michelle Madoff:

I want to thank my colleagues.

The Chair:

Danny, it's a narrow issue so let's not broaden it.

Mr. Pellegrini
City Solicitor:

As I understand the issue, it's whether or not the Mayor appoints the Director of the Office of Public Safety and Emergency Management

Coordination; yes. Council confirms; yes.

Michelle Madoff:

Not the Governor?

Mr. Pellegrini:

Not the Governor.

Michelle Madoff:

Not the Lieutenant Governor as you just learned?

Mr. Pellegrini:

There is an agency of which the Lieutenant Governor heads which has been delegated that responsibility to confirm the appointment of an Emergency Management Coordinator but it's not the same office.

Michelle Madoff:

And there would be a director appointed or a committee, and the Mayor gave me his word that there would be a committee, a search committee, and that person would be found, the Director, to head this department which will be known as the Office of Public Safety and Emergency Management Coordination. Council will have the right to confirm that person; is that correct?

Mr. Pellegrini:

Yes.

Michelle Madoff:

Will you see that the heads of the union, Mr. Burns and Mr. McNamara, have documented evidence and proof of that fact within the next few days?

Mr. Pellegrini:

Yes.

Michelle Madoff:

Because if it is proven that you are incorrect you will see my wrath like you've never seen it before.

The Chair:

Back to the name change only on that one position. Again, the ordinance carries it as Office of Public Safety —

Michelle Madoff:

Then we sustain the Mayor, is that correct?

The Chair:

On that one, no. His veto would be proper as I see it. Danny, am I right?

Michelle Madoff:

The way they've got it worded here is if you sustain the Mayor's veto you vote nay.

The Chair:

Right. If you sustain the veto it does what we did on the bill on Wednesday.

Michelle Madoff:

No.

Mr. Pellegrini:

We should vote on the bill on Wednesday first and then we'll address the overrides. That way everybody will know how to vote.

Michelle Madoff:

Can we amend the bill on Wednesday to go back to the original? Can I do that now? Is that in order?

Mr. Pellegrini:

No, the bill's here today.

Michelle Madoff:

I know but — Which way is it here; is it safety —

The Chair:

Wait. I'm not so sure that I agree with the procedure but let me try.

Michelle Madoff:

Why don't you set up the procedure and we'll vote on it.

The Chair:

I'm trying to get some procedure here that makes it logical for everybody to understand where they are. If I may, let me just move then to the Public Safety ordinance bill what was passed last Wednesday. Let's do that first.

Michelle Madoff:

May I amend that bill?

The Chair:

Hold on, Michelle. Does everybody understand what we're talking about? We're talking about — What's that bill number, Mike?

Mr. Perry:

Bill No. 1871.

Michelle Madoff:

And I'd like to amend that bill if I may.

The Chair:

Okay.

Michelle Madoff:

Since there was a misunderstanding about the fact of the appointment being with the Governor and not with the Mayor and since it has been documented presumable and will be substantiated that the Mayor will have the right and Council will have the right to confirm that party and since I was asked by the unions to put in the Office of Public Safety and Emergency Management Coordination, I'd like to put it back to the original form and amend that bill. So, it doesn't say the Office of Public Safety but it says Office of Public Safety and Emergency Management Coordination.

Mrs. Masloff:

We took it out last Wednesday.

Michelle Madoff:

Well, I'm putting it back in; I just amended the bill.

The Chair:

It is my understanding there was a reason for it last Wednesday.

Michelle Madoff:

That was the reason; the one I just outlined was the reason. The unions were afraid that the Governor would appoint. But they don't want a Public Safety Committee; they want --

The Chair:

I have a motion; is there a second? There being no second, the motion fails

Michelle Madoff:

Wait a minute. Do you want to go back to Public Safety?

The Chair:

Michelle, I've asked three times and there's been no second so that fails.

Michelle Madoff:

Okay.

The Chair:

We're on the bill now which came from last Wednesday's Committee Meeting.

Mr. Givens:

On the bill. The bill itself that's before this Council in fact is creating a new department within the City of Pittsburgh. It is delineating the powers, duties and responsibilities of this elected body by one fact. We will not have the opportunity to approve the Superintendent of Police, the Fire Chief of the City of Pittsburgh, or the Chief of the EMS Department. It in fact, as I debated this many times before, is taking the powers and duties and responsibilities of those three major offices and investing them in the Department of Public Safety, otherwise the three headed monster. I don't know when the Mayor makes a comparison as he did here in his veto as we look at it on some of the Controller's things and he brings out all these cities that do things differently than what the City of Pittsburgh does. It's very amazing then that the City of

Pittsburgh is one of the few cities in this country that is investing, of all the cities that we've looked at on the charts that were presented to us, the hundreds of cities of like size, comparable, the population, fire companies, police officers EMS, etc., there's only one or two in the whole country that are doing this and they can't even compare to the northeastern quadrant that we live in. They were cities other than up in our northeastern quadrant. If you look at all forms of government, there's no other government that's trying to do this and I think the reason for it is that the Mayor is trying to disguise and trying to put other bureaucratic people between him and those departments which all of us take that oath of office to uphold and defend the security of our own people.

We're talking about half the workforce of the City of Pittsburgh and I still submit to this Council that if we leave this thing go through we are delineating our responsibility to the people who put us in this office, to approve those three major offices. I cannot sit here and not have the opportunity, or future Councils, not to have the opportunity to approve the Fire Chief, the Superintendent of Police, and the EMS Chief. I think that's very serious and that's the basis of the whole thing. And to put more offices in there, as we look at them they are \$55,000 a year jobs that we're talking about as head of this new department. It does not have to have many qualifications or all of the qualifications. We looked on our own list to see if we could find somebody within the City of Pittsburgh and it was hard to come up with one or two names. Now the blue ribbon committee is going to be formed. I love those blue ribbon committees because now we can pull somebody else in from outside the City of Pittsburgh and say he's going to be the person that's going to solve all our problems in the City of Pittsburgh, one

who doesn't even live here, who hasn't been born here, who hasn't been raised here. I think we need someone from our own City and the Mayor's choice undoubtedly was an unwise choice as this Council so approved.

Again, I ask my colleagues not to vote on this and only for the reason that it will be hurting the people of the City of Pittsburgh. If it wasn't hurting them I would be 100 percent behind any mayor who would make a proposal to increase this. This Council time after time has asked the Mayor over the six or seven years to please do something about our situation out there. We realize that we need an emergency coordinator; we've been asking for that. He ignored that since 1973. In fact, when a member of this Council put in an ordinance, he vetoed that ordinance and made reference to the Emergency Management Coordinator in his veto message to us and yet here we are in 1984, many many years later, and he has yet to make an emergency coordinator. That's callous, that's insensitive, and that's downright not upholding his oath of office to secure the safety of the people of the City of Pittsburgh. What if we did have a major disaster during that period of time when there was no county emergency disaster prepared in this office? And that just happened to go out the same time this other office was created.

When the Allegheny County Disaster Control Department was unfunded by the federal government, the state immediately came in with the Emergency Management Coordinator for each municipality saying how much they were concerned about it. We had Three Mile Island; no evacuation plan for the people of Three Mile Island and the people down range from it. They really didn't have one. And how do you move 6, 7, 8, 10 million people out from an emergency situation? And if you think

it's not far away from us, look on a clear day from the top of a hill and you'll see all that steam rising down there in Shippingport and the Ohio River and see how many air miles it is away from us. It is only a few short air miles from Downtown Pittsburgh, Shippingport, nuclear reactor. Railways, bridges, major road systems coming through our Downtown and most populated area. Not just the City of Pittsburgh, Metropolitan, Allegheny County; 3 million people. And the same square mile is as big and as large as Los Angeles. People don't realize that. But if you go from the downtown Courthouse out 28 miles, 28 miles from the downtown Los Angeles Courthouse, you'll find 3 million people. If you go from the City of Pittsburgh Courthouse, Downtown, go our 28 miles, draw a circle, 3 million people. That's the seriousness of it and we're supposed to be leading this effort by putting this public safety person as we know the public safety person is not going to be the coordinator. The coordinator is going to be a totally different individual. He's going to write plans and coordinate the activities. But the public safety department we do not need in the City of Pittsburgh. We need that direct line of communication. Let the Mayor get off of his rear-end and start managing the City the way it should be managed. That's the way it should be done and I think this Council has to send that message loud and clear and this is the last vote that this Council, or this Councilman probably, will ever have on this issue until probably next May when the voters will decide how the City is to be managed.

The Chair:

Any other comments? Take the roll.

Michelle Madoff:

Mr. President, I'm sorry. If I vote no that means I put the name back in as it was?

The Chair:

We're on the bill now; you didn't get a second on that one. We're voting on the bill on Wednesday.

Michelle Madoff:

Which says only Public Safety Department but it does not put the name in. I vote no.

Mr. O'Malley:

I think you got that mixed up, Michelle.

Michelle Madoff:

Well, I was told — I'm sorry but Mr. Stone just said that if I want to keep the name Public Safety I vote —

The Chair:

Yes but the next question is, if you want the Public Safety Director you have to vote for it.

Mr. O'Malley:

This is for the department and then we're going to come back and do the name change.

Michelle Madoff:

No, this is for the name change I believe. This is for the department. We want the department

The Chair:

The bill before us is setting up a

Public Safety Department.

Michelle Madoff:

But it isn't a Public Safety Department; it's an Office of Public Safety and Emergency Management Coordination. That's what we're setting up.

The Chair:

No, look at your bill.

Michelle Madoff:

There's no opportunity to change the name, is that correct? This is it?

The Chair:

You made a motion and we did not get a second so we're past that.

Michelle Madoff:

Well, Mr. O'Malley just said that I was wrong and we're going to have another chance to change the name. That's not correct, Mr. O'Malley. This is it.

The Chair:

He's talking about on the budget. On the budget we'll be dealing with the name again.

Michelle Madoff:

On the budget we'll be dealing with the name again? I'll have another opportunity to change the name?

The Chair:

There will be an opportunity there to discuss --

Michelle Madoff:

The Mayor's going to back to what was requested by the people most affected and I would like to support his name change. I thought that's what we're voting on right now.

Mr. Woods:

Mr. President, we are voting on the bill to create the Department of Public Safety only.

The Chair:

Correct. That's the only thing before us at this moment.

Mr. Woods:

The paper that everybody has in front of them is for the budget; if you want to override the Mayor's veto then this is what you say, off this piece of paper. Everyone, I hate to say this, just turn it upside down and then you won't see it.

The Chair:

Again I'm going to repeat so it's very clear. We are voting only on the bill which was approved last Wednesday setting up the Department of Public Safety and that's the only issue now.

Michelle Madoff:

Okay, then we're not voting on the Mayor's motion to override, is that correct?

The Chair:

We're not dealing with the override yet.

Michelle Madoff:

Thank you. It's just to create a department. I want to change my vote.

The Chair:

Start the vote over.

Mr. Wagner:

I vote no and I'd like to state that I've indicated my position various times for the record but I'd also like to indicate to my colleagues that today I introduced a piece of legislation that I am hoping that all of you will support within the next two weeks which requires anyone in this City, meaning the Administration, the Controller or Council, if they create a new position, a new job title in this City, it must be accompanied by a job description, job duties of that position.

I requested back on December 4, 1984 job descriptions and job duties for at least 20 new positions that have been suggested and have been funded in the new Public Safety Department. As of this date, I have not received and this Council has not received a single job description for any one of those positions. I vote no.

The Chair:

I vote aye and I'd like my remarks brought forward from Wednesday to this meeting.

(MR. STONE'S REMARKS - BILL NO. 1871 - WEDNESDAY, 1/2/85)

Mr. Stone:

This has been a rather difficult issue. I don't think there is any question that there are five favorable votes for it. Because of my belief and desire that the parties among themselves try to find

a solution to this problem, because I think that would be in the best interest of the City of Pittsburgh, because of my past efforts to help them meet and attempt to compromise, I abstained heretofore. That did not come to pass.

The new budget contains all of the compromises to date. The budget, in my opinion, is a compromise among all Councilmembers, and I have never voted against a joint compromise of all Council parties. I voted last week for the budget, which included this Department. There being no change, I shall vote for the budget and for this compromise department at this time.

I close with this comment - I, again, stand ready, willing and able to attempt a further compromise or promote compromise between the parties affected, because I think that is possible and within the best interest of the City of Pittsburgh.

(END - MR. STONE'S REMARKS ON BILL NO. 1871 - WEDNESDAY, 1/2/85)

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. O'Malley
Michelle Madoff	Mr. Robinson
Mrs. Masloff	Mr. Stone
	(Pres't)

AYES 6

NOES 3

(MR. GIVENS, MR. WAGNER AND MR. WOODS VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

The Chair:

We will go back now to the matter of the Mayor's vetoes and let's stay on Public Safety Department.

Michelle Madoff:

Now can we change the name?

The Chair:

Hold on. In the bill we just passed, it's the Department of Public Safety. Now let's deal solely with the first name, that's the head of the department. If you want to make a motion, go ahead.

Michelle Madoff:

I would like to make the motion to support the Mayor's veto in his change back to the Office of Public Safety and Emergency Management Coordination with the clear understanding that the Director would be appointed by the Mayor, not the Governor, and confirmed by Council, as requested from my by the union leadership.

The Chair:

Finance Office and Danny Pellegrini, correct me if I'm wrong. It is my understanding with the amendment to the budget that what it has is the Office of Public Safety Director and Emergency Management Coordinator. That's what it has now.

Mr. Woods:

The Mayor has vetoed that name.

The Chair:

That's my point. And if you sustain the Mayor's veto, you would take it back to agree with the bill we just had. I don't think that's the way it's saying in this language.

Michelle Madoff:

Excuse me, correction. The correction, the way this is worded, he says he reinstates the name.

Mr. Woods:

Mr. President, if I may. This piece of paper that all of us have in front of us, if you want to override the Mayor's veto and put it back to the Department of Public Safety and Emergency Medical Services, you will say this. He has vetoed that name. He has vetoed the names of departments and called it yours.

The Chair:

Let's not go into the second one. When the Mayor submitted his proposal in November, it was the Office of Public Safety. Council amended it to include the Emergency Management Coordinator. It's now my understanding that the Mayor has vetoed that second portion of the name. So, if effect, if you want it to be as the bill just passed, you will agree with the Mayor's veto on that subject only.

Michelle Madoff:

Mr. President, on that subject. My understanding from just speaking to Mr. Pellegrini is that the reason the Mayor changed it is because Council voted to put it back. The reason Council, I assume, voted to put it back is that there was a fear of the Governor making the appointment. My understanding is that

there is a request to change it back to the Office of Public Safety and Emergency Management Coordination; is that not right?

Mr. Grabowski:

No.

Michelle Madoff:

Well, it may not be with you but it is with Pat McNamara.

The Chair:

Do I have a motion to override or sustain the Mayor's veto on the name only?

Michelle Madoff:

If I want to go back to the name and keep it as it is, what do I do?

The Chair:

It depends on the motion I get.

Michelle Madoff:

What is the official name of the organization now?

The Chair:

Department of Public Safety.

Michelle Madoff:

Office of Public Safety and Emergency Management Coordination is what it is and it's removing that name?

The Chair:

In the bill it is the Department of Public Safety. By virtue of what was done in the budget, it has the added language of the Emergency Management

Coordinator.

Michelle Madoff:

I want it the way it was in the budget. How do I vote?

The Chair:

You want to override the Mayor's veto.

Michelle Madoff:

So I would then vote yes to override.

The Chair:

First make the motion to override the Mayor's veto.

Michelle Madoff:

I would like to make a motion to override the Mayor's veto for the reasons I just stated.

The Chair:

Okay, we're dealing solely with the name change. Do I have a second? Do I have a second? Do I have a second?

There being no second, the motion fails.

Do I have a motion to sustain the Mayor's veto?

Mr. Grabowski:

We don't have to do that.

Mr. Woods:

You don't need a motion.

The Chair:

I agree but there have been many rules pushed around here that strike me as a little strange at times.

At any rate, it's my understanding, and let's make it clear for the record, since the motion failed, then the converse is correct.

Mr. Pellegrini:

We have amending legislation for that.

Mr. Woods:

That's after, isn't it, Danny?

Mr. Pellegrini:

We can do them all --

The Chair:

No, no. We're not going to do it that way.

The first issue, and I think if I do it this way it will come out the same way, Danny. We have now had a motion to override the Mayor's veto which failed. Relative to that name change, in order to have it agree with the bill we already passed, what we need then is a motion to sustain the Mayor's veto and that will make the name equal to the legislation. There are some other things here and I think --

Mr. Pellegrini:

What the bill does is it puts back into the appropriation the salary resolutions, the budget, the name Department of Public Safety, Bureau of Fire, Bureau of Police --

The Chair:

Danny, I didn't go to stage two. That's why I'm stopping you. Hear me out; I'll get to those other pieces but they're entitled to this first part first. All we want to do is have the budget agree with this in which we have to agree with the Mayor's veto on issue one.

Do I have a motion to sustain the Mayor's veto?

Mr. Pellegrini:

You don't need a motion because the failure of the motion was in effect sustaining the Mayor's veto.

The Chair:

Danny, that's the exact question I asked you two seconds ago.

Mr. Pellegrini:

I'm sorry, I didn't understand the question.

The Chair:

Listen when I talk. Now let me say it again so that everybody understands. Since there was a motion to override and that failed, that having failed, the converse is correct, meaning the name is changed. We sustained the Mayor's veto.

Mr. Pellegrini:

The Mayor's veto is sustained.

The Chair:

Alright, that's what I asked before. Now, that having passed, that portion of it is okay. Let's go to the next one and that's the names of the four major components of the departments are changing from departments to

bureaus, if I'm correct.

Mr. Pellegrini:

The Mayor line item vetoed the department's names. As I recall, it was the departments of Police, Fire and Emergency Medical Services, and administrative branch under the Council budget. He also vetoed those names because you can't have departments in departments. So, he went back to the name of Bureau of Fire, Bureau of Police, Bureau of Emergency Medical Services and Bureau of Administration.

The Chair:

Simplified, what we're doing is changing from department to bureau.

Mr. Pellegrini:

That's correct.

The Chair:

Okay. The Mayor has made a veto of the word department and wants it bureau. Do I have a motion?

Michelle Madoff:

Discussion. It's my understanding that it's illegal to change it to department. You can't have a department of a department.

The Chair:

That's what he's saying.

Michelle Madoff:

So that's why he's changing it to bureau. We don't really have an option. I just want the people in the audience to understand why we're voting so that they don't scream that we're selling them out.

The Chair:

I'll entertain a motion along those lines.

Mr. Givens:

I move to override the Mayor's veto and I'd like an explanation.

The Chair:

I have a motion to override the Mayor's veto. To leave it as a department is what the vote is saying. Do I have a second? Have I a second? Have I a second?

I have no second to that motion.

Mr. Grabowski:

We already disposed of that.

The Chair:

Danny, are we saying the converse is such or do we need a motion now to sustain the Mayor's veto?

Mr. Pellegrini:

The Mayor's veto is sustained.

Mr. Givens:

May I clarify something? The Mayor in fact has two orders in the one veto that was before us and I'm talking about this piece of paper that has been handed out to all the Councilpeople by our esteemed Solicitor. In that, they're asking to change the Department of Public Safety, Emergency Management Coordinator, back to the Public Safety. Also in that same piece of legislation however is changing the bureaus or the departments that we have in our budget, departments of Police, Fire and Emergency Medical, back to the

bureaus. Now, when we change it back to the bureaus, we are in fact, as I said in my initial discussion to this Council, this Council loses the authority to appoint or to affirm the appointment of the Police, Fire and Emergency Medical, if we vote on this. That's my deep concern.

The Chair:

I think everybody understands.

Mr. Pellegrini:

What we need now, those line items being vetoed and the Mayor's veto —

The Chair:

Danny hold on a minute. Since I'm President I'd like to preside at the meeting. You hold on a minute.

Mr. Pellegrini:

Okay.

The Chair:

The issue to you is still that one first. Since we had a motion to override and did not get a second, does the converse apply; therefore, the Mayor's veto is sustained?

Mr. Pellegrini:

Yes.

The Chair:

Fine. Next one.

Michelle Madoff:

Mr. President —

The Chair:

Wait, hold on. There are some things flying back and forth in here and I want to do them correctly however they're done.

Danny, what we've already done in generalities is the bill that you've now handed me.

Mr. Pellegrini:

That's correct.

The Chair:

Okay. Now, let's have this bill presented so it's understood that that's what we voted on.

Michelle Madoff:

Mr. Stone, may I respectfully request that we do not use the language presented by Mr. Pellegrini and go with what you would normally suggest as an aye or nay vote. I think, with all due respect, Mr. Pellegrini, this is very confusing.

The Chair:

I'm trying to clear it up as we go but on the other hand —

Michelle Madoff:

Would you word it yourself? I would feel more comfortable with it.

The Chair:

I'll get to it but I think that I have to follow him on the legislation, in fairness.

We are now doing formally what we have done informally and everything we've done agrees with this particular

piece of legislation.

Mr. O'Malley presents

No. 1970 Resolution supplementing a resolution entitled, Fixing the number of officers and employees of the City of Pittsburgh and the rate of compensation thereof and setting minimum levels for designated positions; Council Bill No. 1149 supplementing a resolution entitled, Making appropriations for payment and for meeting the debt charges thereof for the fiscal year of January 1, 1985; Council Bill No. 1148 by changing the veto Office of Public Safety and Emergency Management Coordination, Department of Police, Department of Fire, Department of Emergency Medical Services and Administrative Branch.

Which was read.

The Chair:

On this bill, call the roll.

Mr. Givens:

Are we voting on the Mayor's veto?

The Chair:

This incorporates everything you just voted on but I want it done formally now.

Mr. Givens:

I vote no for reasons so stated.

Mr. Wagner:

Mr. President, point of clarification. Is this bill changing the name? This is the first time I've seen this bill.

The Chair:

The two items we just did informally —

Mr. Wagner:

So we're voting on two items?

The Chair:

Two items.

Mr. Wagner:

Shouldn't those two items be voted on separately?

The Chair:

Yes, but this incorporates informally where you've voting on the name of Office of Public Safety and the second one is the matter of departments to bureaus. That's all it does.

Mr. Wagner:

I voted aye on one and no on the other so it's very confusing. So I have to vote no.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. O'Malley
Michelle Madoff	Mr. Robinson
Mrs. Masloff	Mr. Stone
	(Pres't)

AYES 6

NOES 3

(MR. GIVENS, MR. WAGNER AND MR. WOODS VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

The Chair:

Okay, the next one that I have is the matter of pensions.

Mr. Woods:

Mr. President, I move to override the Mayor's veto of Code Account 56, 56 and 58 to reinstate Council's increase in pension benefits to each retired City employee in the amount of \$25 per month.

Mr. Robinson seconded the motion.

Mr. Woods:

I'd like to add that since I've been on Council, this is my fourth budget, this Council, the Administration, have both said they were going to sit down and solve this problem. It has never been solved until this year when we have set up a committee. They are going to meet regularly through the year so that we don't have to have pensioners coming here before us again. The Administration knows this and I ask all my colleagues to override this veto. We had many many issues here before Council in this budget period and this is one of the few, maybe the only one, that was voted on that was 9-0 in favor of this pension. I ask my colleagues to do the same thing again today.

Michelle Madoff:

Mr. Stone, I support Councilman Woods and I'd like to point out that in

speaking with people who have done the figures and the paperwork to see how they compare because on the surface it would look like a magnitude of dollars that would indicate, my God, this is a fair way to do it, those that are hit the hardest should get the most and those that are hit the least should get the least. But the total difference is \$55,000. I was told \$55,000 and because there are so very very few people who would, while the Mayor appears to be giving a little bit more money to those hardest pressed, there are so very few of them that it really doesn't significantly change the numbers. The bulk of the people are the more recent of the recipients because they haven't died off yet and I think it's sad that we base our support of people who have given their lives and worry about who is going to die off so we give them less. I support Councilman Woods; I supported this pension as a first person before Mr. Woods was on Council and I support it today.

Mr. Wagner:

Mr. President, I know all of us have discussed this particular issue, both on the floor and privately. We all agree that there should be some staggered term or some staggered level of dollars pertaining to when a person retires. I feel if the suggestion that is put in front of us by the Mayor was appropriate it should have been suggested along with the budget back in November. It's very difficult to look at these staggered amounts right now without any actuarial information to back it up and for that reason I continue to support what we suggested originally.

The Chair:

If the Chair may for a moment, relative to this particular subject of pensions, I've been with it for a long

time, probably one of its earliest proponents under moral consideration because somewhere along the line the pensioners were receiving less than someone who was on public assistance. We worked on this thing from year to year trying to improve it and efforts were made to bring the lowest group up.

I think the comments made by the Mayor this year, Jack, as well as prior years, has been somewhat of a consistent one in the sense that he had suggested there is another way to do it and one must realize that whenever we give a pension that costs a million dollars in year one, what we are really saying is a million dollars every year for the life of the retirees.

Having worked on the crush fund in order to try to improve the unfunded liability, I'm fully cognizant of that I think as all of you remember during one of our meetings, and I sat at that table, I tried to emphasize the consequences of what funding pensioners means to the City of Pittsburgh. I take the year of 1984-1985 to be a different year for the following reasons: there has been a great deal of lobbying efforts by our police and our fire people in Harrisburg, Pennsylvania, and I would be remiss not to mention that without their efforts we would not be having the increase of foreign casualty, cost and benefit to us if it were not for their efforts. I think Mr. Francis Walker made it very clear when he said at the table that if they were able to get this bill passed, could they not make this year as a year in which they qualify so that they get the best advantage of the pension year. I indicated at that table that I thought, and quite honestly didn't realize at that time that that was a potential but nevertheless, their lobbying efforts were successful and it's going to bring somewhere as I recall between \$4.65 million in the year 1985. I think that

those efforts need to be rewarded and I as well encourage my colleagues to endorse this particular override for the reason that I think it's deserving on this occasion.

Mr. Givens:

Mr. President, it's very interesting to note when I reviewed the Mayor's veto here yesterday afternoon, you know, it took the Mayor ten days to decide how he wanted to vote on this particular budget. It took us sixty days of good public debate and testimony and everything else yet we received his veto at 3:30 yesterday afternoon when most of the Councilpeople were somewhat departed from the premises, not knowing, I'm sure many of them, unless they listened to the radio last night or something, knew that there was even a veto. Many of us during our Christmas and New Years vacation were told, it was hearsay from some Councilmembers, that there wasn't even going to be a Mayor's veto. And here we are today trying to override or sustain the Mayor's veto.

It's interesting to note, the last three, if we include this one, three raises we gave retirees will add up to some, I think, \$75. If you take the total amount of their pension and compare it to the total amount of tax increases that the Mayor has imposed upon those people as well as all the citizens, all the businesses in the City of Pittsburgh, and we were working with somewhere a little over \$100 million when the Mayor came into office and now our budget is \$277 million. Look at it another way; a 170 some percent increase.

The Mayor is to tax the people out there that run this government, then how are the pensioners supposed to live out there on the same type of fiscal restraints that are put against them on

inflation? How are they to pay their rent? How are they to pay their fuel bills? How are they to exist? There's a 177 percent increase. If we were to apply that 177 percent increase to their particular retirement, it would be way, many many times the little \$25 raise that we give. It would be much over the \$75 that we are giving cumulatively or totally. That's very, very nice.

Secondly, the Mayor in his great wisdom, wanting to give one party \$35 and then he drops all the way down to \$20, then \$15, then \$10. If you look at that and look at some examples in the pension system which apparently he didn't even go down to the pension board apparently or got the wrong information or whatever the case might have been, there would be some pensioners that retired in 1965 who will be making more than pensioners who retired in 1969. I'm going back to the base, their base pay and their total intake. They'd be making more. So who is right and who is unjust? When you try to give compensation more to one person than the other, then you better get back to the basics of arithmetic and that is that you have to give the base pay a raise up. He didn't do that; he never advocated giving that base. It was you, Mr. President, and this Councilman some years back and some others that really went and we raised that base up. Then from that base now, we're just adding something that's only going to pay for not even the medical costs.

If anyone has been reading today's newspapers and reading the various magazine reports and seeing the white papers on television, etc., what's happening, you know that medical cost is the major cost to our elderly and you hear the threat that Social Security is dropping away. You have to pay 20 percent of this and 20 percent of that. Inflation raises being cut back down.

And are we here in this Council to be like that of the federal government and some of the programs that they are doing up there? We have a mayor that is so out of tune with what is happening in our society that he wants to give somebody a \$35 increase and somebody else a \$10 increase when yet, when you look at the basis, it doesn't even make common sense. To put \$25 across the board makes more sense.

The Chair:

The motion is to override the Mayor's veto on the pension, to restore it to the \$25 across the board. Take the roll.

The Chair:

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9

NOES none

And a majority of the votes of Council being in the affirmative, the motion was approved.

The Chair:

The next item is the matter of the City Controller's Office. Danny, can I take from it that the three changes are the ones you mentioned in your synopsis

letter?

Mr. Pellegrini:

Yes.

The Chair:

Okay, three changes, and I'd like to stay with the same process if I may, if it's alright with you. We'll do it in a kind of informal fashion then he'll submit the piece of legislation which covers it all.

Alright, everybody listen to me for a second. The Mayor has vetoed that portion of the budget passed by us relative to the City Controller's Office. If you override the Mayor's veto, you would be restoring three performance auditors, one clerk-typist II, and auditors as needed and material inspectors as needed. Those were put in by Council; the Mayor has vetoed them. So, if you move to override, that's what you would be doing.

Mr. Robinson:

Mr. President and members of Council, I move to override the Mayor's veto in both the salary and appropriations resolutions of Code Account 1045, Salaries, Regular and Temporary Employees, City Controller, and to reinstate Council's addition of three performance auditors, one clerk-typist II, and auditors as needed and material inspectors as needed.

Michelle Madoff:

I second that and would like to point out that initially there were six and the three were a compromise.

Mr. Grabowski:

Mr. President, would it be possible to vote on these four position

individually rather than collectively?

Michelle Madoff:

I'd rather not.

The Chair:

We separated the others. I'd do it if that's what your wish is.

Michelle Madoff:

I object.

Mr. O'Malley:

Call for the vote.

The Chair:

The motion is to restore all those positions as it was passed.

Mr. Givens:

I'm voting yes and that's to understand that I am adding back in the auditors, the clerk-typist and the materials inspectors as needed.

The Chair:

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Michelle Madoff	Mr. Wagner

AYES 4	NOES 4
--------	--------

VOTING NO:

Mr. Grabowski	Mr. Woods
Mr. O'Malley	Mr. Stone
	(Pres't)

(MRS. MASLOFF ABSTAINING)

And a majority of the votes of Council not being in the affirmative, the motion was defeated.

Mr. Woods presents

No. 1971 Resolution supplementing a resolution entitled, Fixing the number of officers and employees of the City of Pittsburgh and the rate of compensation thereof and setting minimum levels for designated positions; Council Bill 1149 supplementing resolutions entitled, Making appropriations for payment and for meeting the debt charges thereof for the fiscal year of January 1, 1985; Council Bill 1148 by providing for the appropriation of salary for a clerk-typist II and appropriating of salaries, regular and temporary employees, Office of City Controller and Code Account No. 1046.

Which was read.

The Chair:

The bill is now ready for final action; it is now formalized of what was just done informally. All in favor, vote aye; those opposed, vote no. Clerk, call the roll.

Mr. Givens:

Mr. President, if I might go back on Bill 1045, I'd like my comments, Mike, from the last Finance Committee Meeting that we discussed this in a public forum to be brought forward.

(BEGINNING - MR. GIVENS' REMARKS ON BILL NO. 1045 - 1/2/85)

Mr. Givens:

The one that was not included in your rundown was the six positions that the Controller has asked for. He has ten right now and he has asked for six more. If you can remember during those deliberations, I asked him of the ten people that he had, how many people did he have an opportunity to do a performance audit on this last year. They went into some pretty heavy stuff, and the total number of people was estimated at around 200 to 500 some employees of the City of Pittsburgh.

I indicated to you previously when the Controller was here, some of the Councilmembers might not have been here, that when this thing went into existence back in 1976 under the Home Rule Charter, that I so indicated that it would take at least 30 some performance auditors to fulfill the Home Rule Charter's obligation of performance audit for the 20 some departments that we have within the City of Pittsburgh, the some 18 boards and authorities, and approximately some 20 other agencies that he must audit. I think one thing we have to look at today, and it's been the headlines in the paper, the Greater Pittsburgh situation that we are in, there is an audit being done by the Controller of Allegheny County. I think you have to look at Al Benedict's position as Controller than of the State of Pennsylvania and what he has uncovered just recently.

I think you can look at our City Controller and find out the one year that he has been auditing the books of the City of Pittsburgh, there are some great major discrepancies in our Water Department and other departments.

The Controller I thought was very mild and conservative in asking for six performance auditors. At the rate of ten performance auditors, he will be able to accomplish about one fifth of the total audits that is required to him by the Home Rule Charter which is the ordinance that we have adopted into this Council and that we are to perform under.

My question would be then to the Council people, if we don't allocate the number of performance auditors to this Controller's position, can he perform the task as has been outlined to him? The answer to that even with six additional in my estimation is no, he cannot. The previous Controller has indicated that he could not comply with the Home Rule Charter. Now, either we change the Home Rule Charter to reflect that the Controller cannot do this and this Council will not fund the performance auditors, or we should give the Controller at least the number of people that he feels he should have. Again, I feel that he was acting very conservatively in asking for six.

I think that I have mentioned the seriousness of the Controller and his ability to conduct this performance audit. Now, we in this Council must ask ourselves then, do we want this to continue, or do we not want it to continue? We are the only body in this government that can approve the funding and the taxation of the people of the City of Pittsburgh and each department to carry out their functions.

For example, the Police Department has come in in a number of years and have said they need more police. The community organizations have come in and said they need more patrol. We went from 1,700 down to almost a little over 1,000 some police within the City of Pittsburgh. Now, will

someone please tell me if I am wrong?

I have one more comment to summarize that I neglected to bring up and that was that I mentioned the previous Controller, and I feel that he made certain attempts to change his own office down there, it was knowledgeable to his Council, and I refer back to a letter dated October 17, 1979 from the Controller to Melanie Smith wherein it was so indicated that there was 51 title changes, and that was without even any money. There is a whole list of it, all of us got a copy of that from the Controller.

Back in 1979, John McGrady asked for 51 changes to the Director of Personnel and was denied all of those changes. Now, we have to appreciate that John would work within the framework of his branch of government with that of the Mayor's branch of government. I wonder how many other pieces of correspondence might have gone forward between the Controller and the Mayor to ask for additional positions where the Mayor said no, that he would veto that, and the individual might have not brought that to our attention. The basic bottom line is that it's this Council's responsibility, not the Mayor's, not the Controller's, but our collective wisdom on nine Council people to decide what is best for the people of the City of Pittsburgh.

And I think we should use that as our purpose. We have to make that determination, and I expressed that determination.

I appreciate Jim O'Malley's comments that he would like to go for only three when right now the Controller of the City of Pittsburgh with the ten people that he has even, plus the six, I doubt very much if he will be able to do the performance audit, ten years almost

after the fact, on the Police Department, the Fire Department, and EMS Department, and I'll bring those up to tomorrow.

(END - MR. GIVENS' REMARKS ON BILL NO. 1045 - 1/2/85)

Mr. Givens:

On the bill 1016, I vote yes and I think people will explain, we got a handout right here and I'm sure Jack will explain and I see that we have a very desperate need for this type of an officer within the Mayor's Office.

Michelle Madoff:

I want to vote exactly as I did before. I've voting to override the Mayor. That would be yes, I believe.

Mr. Woods:

It would be no.

Michelle Madoff:

I'm supporting Mr. —

The Chair:

If you want it as it was in the budget then you would vote no.

Michelle Madoff:

That's what I just said and someone said I should vote yes.

The Chair:

Hold on. The motion is to override the Mayor's veto.

Mr. O'Malley:

We're already done with that. This is to fix the number of employees.

The Chair:

I stand corrected.

You're voting on the bill only, Michelle. If you're for —

Michelle Madoff:

If I want to put the people back in the budget, how would I vote? Yes or no?

Mr. O'Malley:

That's passed, Michelle.

The Chair:

We're formalizing now on that subject.

Michelle Madoff:

I vote aye.

The Chair:

This is the same vote you had before.

Michelle Madoff:

You told me it's not the same vote I had before; you said it's for salaries.

Before the vote is closed, I want to be sure that my vote indicates that I want to put back the three people in the Controller's Office.

The Chair:

Then you would vote no.

Michelle Madoff:

My vote is no.

Mr. Givens:

I'm getting confused myself here. We're talking about overriding the Mayor's veto and a yes is to override his veto. Then you broke it down into various categories.

The Chair:

If everybody votes right on this and the vote consistently with what they just did on the vote before this, they would come out with the same vote.

Mr. Givens:

Change mine to no.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Robinson
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 6 NOES 3

(MR. GIVENS, MICHELLE MADOFF
AND MR. WAGNER VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

The Chair:

We are now moving on to the matter of economic development

coordinator. The Mayor has vetoed that.

Mr. Wagner:

Mr. President and members of Council, I move to override the Mayor's veto on Code Account No. 1016, Salaries, Regular Employees, Mayor's Office and to reinstate Council's addition of a new position entitled Economic Development Coordinator in the Office of the Mayor at the salary of \$41,002.

Mr. Woods seconded the motion.

Michelle Madoff:

That's why we need our own counsel. I don't want his legislation, with all due respect.

The Chair:

Nobody gave you the floor either.

Mr. Wagner:

Mr. President and members of Council, yesterday I sent a letter to the Mayor of which all of you received a copy but I'd like to read it into the Record.

Michelle Madoff:

Please read it because I didn't see it.

Mr. Wagner:

"Dear Mayor Caliguiri:

City Council in our 1985 budget recommended the position of Economic Development Coordinator. I would like to explain the purpose of this recommendation in hoping to solicit your support. Also, I have attached a listing of a few job qualifications and duties of an individual of this type for your

review.

As elected officials, one of our primary responsibilities is to improve the economic climate of Pittsburgh. If this goal is accomplished, greater employment opportunities will exist along with improving the quality of life in our great City.

Both you and Council have pursued this goal in recent years as evidenced by Renaissance II. I feel this goal can be further pursued by employing a full-time staff person without management responsibilities to this task 100 percent of their time.

Throughout the budget review process it became evident to me that a person is needed to coordinate the activities of the URA, the Planning Department, the Convention Center, etc. This person could also serve as Pittsburgh's representative on the Mon-Ohio Development and Reconstruction Commission you have recommended. But the most important function I see for this individual is to act as a point person to go out and sell this City to expanding and growing companies at conventions, trade shows, and by making personal visits to corporate headquarters contemplating expansion.

It would also be an asset to have an Economic Development Coordinator available immediately adjacent to your office.

The most important qualification of this individual is their ability to communicate to groups and on a personal level. They must be a salesperson with a tremendous desire to sell Pittsburgh.

Mayor, I feel the people of Pittsburgh will benefit with this investment. I would appreciate your consideration."

Copies of this letter were sent to Mr. Brophy, Mr. Robbin, Mr. Lurcott. I also attached an enclosure indicating the requirements for the position which I would like to go over briefly.

As I have suggested, the person should be a Pittsburgh resident; they should have a Bachelor's Degree in Business Administration or related educational discipline; at least five years experience in sales, advertising or business management; at least five years working for a Pittsburgh-based company; a strong ability and experience to communicate both on a personal level and as a public speaker; a strong understanding of various points of interest in the Pittsburgh community.

Qualifications and abilities: knowledge of the economic climate of Pittsburgh and the region; ability to establish and maintain effective working relationships with the URA, Planning Department, Southwest Regional Planning Commission, Pittsburgh Convention Center, Pittsburgh Convention and Visitors Bureau, the Greater Pittsburgh Chamber of Commerce, the Golden Triangle Association and other planning and business groups; understanding of the labor market in the Pittsburgh community; knowledge of various tax laws in Pittsburgh, Allegheny County, the Commonwealth of Pennsylvania and the federal government; ability to communicate with all levels of government.

Duties of the position: to act as a coordinator for the Mayor of all economic development programs within City government but with no management responsibilities of personnel; attend conventions, conferences and trade shows and represent the City of Pittsburgh as a great place to locate a business, to live

and to work; solicit new ideas for start-up companies and funnel these ideas to the appropriate sources; help to attract conventions to Pittsburgh; coordinate efforts and place more emphasis on tourism in Pittsburgh; monitor the economic status of existing businesses and work to retain the companies and jobs that exist in the City of Pittsburgh.

A response to the proposal of an Economic Development Coordinator came in the Mayor's veto and I'd briefly like to read a statement or two from that. It's indicated in here by the Mayor that, "The position of Economic Development Coordinator in the Office of the Mayor would create fragmentation and introduce an element of confusion regarding responsibility for economic development. Therefore, I am vetoing this position since it would serve no useful pupose and create a duplication of effort."

I'd like to repeat the statement, "an element of confusion regarding responsibility of economic development". I have always been confused as to where the real emphasis for economic development is in this City. I'd like to state to all my colleagues, what was the last new company that located in the City of Pittsburgh? Do any jump in you mind recently? Any names? Has the use of our Convention Center increased since it opened? We all know the answer to that question. Is the population of this City increasing or decreasing since the census was taken in 1980? It's decreasing 20-25 thousand. In what direction is our tourism industry going? We all know that. We all know what the economic climate is in Downtown Pittsburgh. We've heard from various businesses that operate in Downtown Pittsburgh; many of them do not operate in Downtown Pittsburgh any longer.

I attached to that letter to all of you, recently there was an article that appeared in the Post Gazette on December 17, 1984 and the title of the article is "PA Ranks Low On List Of Relocating Companies". Included in that is the City of Pittsburgh and southwestern Pennsylvania. It indicates in this article, and I'd like to read a couple paragraphs, "Only five percent of the respondents surveyed in a national survey of manufacturing companies say that they would be likely to consider locating a new plant in the state of Pennsylvania." This is a drop of six percent when the survey was taken in 1980 and seven percent with the first survey in 1976.

However, it does show that the most important factor in choosing a location are in the following order: reasonable cost of property. Do we have reasonable cost of property in the City of Pittsburgh? I have to believe yes. That's the most important item indicated in this survey. Do we have a good trucking system, meaning the highway system? I don't think we have the best but I think it's suitable and I think it's improving. Reasonable or low taxes? No, we don't have reasonable or low taxes for businesses, not only in our City but in our state. Reasonable cost of construction? Yes, I think we have a reasonable cost of construction. A favorable labor climate? I think the labor climate has been improving even though it was not good in terms of companies locating here five years ago. I feel it's improving today.

What I'm suggesting is three out of the five important reasons for locating a company exists in this City but we're not attracting new companies and that's the problem. Why are we not attracting new companies? Why are we not increasing the number of conventions? Why isn't our tourism increasing? Why aren't the

Downtown businesses flourishing as they should be? I think there are many problems. I think one way in which we can approach addressing this problem is by hiring an Economic Development Coordinator. Or we could change the name of that person; I discussed this briefly with Mr. Matter yesterday. He indicated to me that he had a problem with the name of the position as an Economic Development Coordinator. Maybe it should be a marketing person in the City of Pittsburgh. I have no problems with the title of the name.

I do know what I'm trying to accomplish here and I'm soliciting your support in trying to accomplish that. We need a person that works fulltime in this City without management responsibilities that goes out and sells the City of Pittsburgh around the country, whenever possible, simply by picking up the phone and calling a company that we know wants to expand and saying, "Hey, listen, we have a place for you to locate." Whether they manufacture desks or whether it's a soda pop manufacturing operation, whether it's a metals industry, we have a lot of advantages in this City. We are not selling those points in the proper manner to companies around this company. I think we can do a much better job of it if we have someone working fulltime, devoting 100 percent of their time, to that effort. I would appreciate your support in overriding this veto.

Michelle Madoff:

I want to support Councilman Wagner and I want to add a couple of items to it.

The issues that were listed in the news article left out one very cogent point. What is needed to develop a community is leadership and I think

that's been reinforced and stated both in cartoons and comments and articles in the local media.

What does that mean? That means having the courage and the foresight and being adventurous, like the Mayor of Baltimore who has won many awards for going out and having the courage and the commitment and if necessary going to a referendum, to go out into an area that was practically a barren dump and put in the infrastructure and then say to industries, "Come to us and develop a Boston Harbor concept." which we can do right here in the Strip District. We could also do something in the North Shore without having to study it for another two and a half years.

As you all know on this Council, I've been trying to supplement my income by doing some consulting work using my background in energy and environment. In the process of doing that there are three things that I'd like to bring to your attention that have come to my attention.

The company that I cannot work for because it is a conflict of interest is called Insituform East, Inc. They are prepared, if they get \$3 million worth of work in this immediate area, meaning the City, Allegheny County and suburban counties, to build a plant here which would employ 40 people.

Another company that I hope to meet with this Thursday, and my aide is waiting for a call to see if meetings can be set up for both Friday and Saturday. It's with a company that produces a photo element in the computer business, the likes of which nobody has done yet, and they have to manufacture the item and they have to develop it and it will be part or a natural for the Ben Franklin Partnership and I've talked to the Mayor about that.

Another item that has come to my attention is the smart card. What is happening and we are progressing in miniaturized computers and the little chips is to replace some of the methods of toll collecting where, for example, recently one of the toll booths on the turnpike was held up for I believe \$3,000 one night, I'm not sure of the figure, but it was in the local Washington paper. To manufacture that kind of item here is a natural. We have the labor intensity opportunity and to develop an item that can be sold all over the country. We may be losing five or six jobs but creating hundreds of other jobs.

I don't know that any of them will happen but I think it's the kind of thing that Mr. Wagner is saying. Let us explore and let us look into doing and let us use our resources and not taking the position that we don't want to spend money, go out on a bond issue, make things possible because if we do that we'll have a debt service and if we have a debt service, I have to raise taxes and if I have to raise taxes I can't run for Mayor or Governor. I think we have to rise beyond that, all of us, and be adventurous for the simple reason that if we don't do it, if we don't take that gamble, those of us who remain in the City, those of us who don't move out of the City because we don't want to pay the four percent wage tax, are going to be left paying not only four percent but a great deal more because the debt burden which is well over a billion dollars —

Don't give me that. I'm not off the issue; I'm on the issue and I want to wind up by saying that if this bill is defeated, we as Councilmembers ought to then — Excuse me, even if it passes, the Mayor may just say, "Well, you gave it to me but I choose not to exercise it." Council proposes and the Mayor disposes. Even if we give him this person and he doesn't use it — we vote for police officers and

he doesn't hire them, we put the money in the budget and he doesn't hire them — then this Council has to look very carefully at doing the same thing. If the leadership won't come out of the Mayor's Office, let it come out of this Council to have someone to do economic development.

The Chair:

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the motion was approved.

Michelle Madoff:

May I add something, Mr. Stone? I want to be sure that it is exercised.

The Chair:

The vote is over.

Michelle Madoff:

How do we make sure that it is exercised?

The Chair:

By moving to the next subject which is Veterans' Affairs Coordinator.

Mr. Givens:

Mr. President, I have a motion to override the Mayor's veto, Code Account No. 1016, Salaries and Wages, Regular and Temporary Employees, Mayor's Office, and to reinstate Council's addition of one new position entitled Veterans' Affairs Coordinator in the Office of the Mayor at a salary of \$30,807.

Mr. Wagner seconded the motion.

Mr. Givens:

I have just one short explanation on it. The Mayor is indicating that this is duplication of the County Veterans' Office over there and that is not so. This particular office is to coordinate mainly jobs, programs, employment and other things other than what the County Veterans' Affairs Office does and we're talking about some 90,000 people in the City of Pittsburgh or one in every six people in the City of Pittsburgh are veterans and they don't have this requirement.

For Council's edification, the federal government as many of the programs that are coming down has gutted out some 130 to 150 federal administrators here in our federal building which covers Western Pennsylvania, Eastern Ohio, and West Virginia. They have just gutted that thing in half so it's even going to be more important, even since I introduced this legislation, that I find out about that and Council's Veterans' Affairs Counsel is also one that has been advocating this, not this Councilman, I just put it in in their behalf.

The Chair:

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9

NOES none

And a majority of the votes of Council being in the affirmative, the motion was approved.

Mr. O'Malley:

Discussion on one subject which is very important, I think, to every member of Council. I think it was Michelle Madoff's legislation that we put in the budget that Council hires their own solicitor. I'm sure that many members of Council like myself have been receiving resumes and calls from applicants that would like to apply for that job and I don't think it's fair for these applicants to have to solicit each individual member of Council. So, what I would like to recommend to the Council President is to set up the screening committee and I would recommend that Michelle Madoff be on it and maybe Sophie Masloff, to screen the applicants and screen it down to maybe three or five applicants who they think are qualified and then those five applicants can appear in front of all nine members of Council.

The Chair:

There's only one problem with that. It's my understanding that there was a change of thought, that it should not be a fulltime position and that some additional legislation was coming in.

Michelle Madoff:

No, it's fulltime. That's how we voted. \$40,000, fulltime. That was your suggestion and we went with it.

The Chair:

I agree with you but it was my understanding that you indicated that you want to change it.

Michelle Madoff:

No, I was at the time and you said no, let's make it \$40,000 and I said okay. That was the universal opinion and I went with it. The idea is that they could do the same thing as Mr. Danny Pellegrini who works fulltime and if he wants to do a will on Sunday they can do that.

The Chair:

I'll entertain a motion --

Michelle Madoff:

No, we haven't appointed the committee. Why don't we do it right now?

The Chair:

I'll appoint a committee.

Michelle Madoff:

I would like to be on that committee since it's my bill and Sophie doesn't want to be on it because she's

opposed to it.

The Chair:

I'll appoint the committee.

Mr. Woods moved to approve the Minutes of Monday, December 3, 1984.

Mrs. Masloff seconded the motion.

Which motion prevailed.

And on the motion of **Mr. Woods**

Council adjourned.

Municipal Record

Proceedings of the Council of the City of Pittsburgh

VOL. CXIX

Monday, January 14, 1985

No. 2

Municipal Record

ONE-HUNDRED TWENTY-THIRD COUNCIL

ROBERT RADE STONE President
MICHAEL PERRY City Clerk
LINDA M. JOHNSON ... Asst. City Clerk

Pittsburgh, PA
Monday, January 14, 1985

PRESENT:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mr. O'Malley	Mr. Stone (Pres't)

ABSENT:

Mrs. Masloff

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

PRESENTATIONS

Michelle Madoff presented

Also,

No. 2018 Resolution providing for the issuance of a warrant in favor of Atwood and Bates Construction Company in the amount of \$6,200.00 in payment

for extra work, being in addition to the original contract price of \$245,480.30 on Controller's Contract No. 26520, furnished for the benefit of the City in connection with the Waterline Installation at 44th Street #1734, payable from Code Account WD 82-04, 4-13-52-0001-82, Index Code 310953, Replace Waterline - Various Locations. Prior approval was granted by Council September 12 and September 26, 1984.

Also,

No. 2019 Resolution providing for the issuance of a warrant in favor of Manners, Inc., in the amount of \$10,330.00, in payment of extra work being in addition to the original contract price of \$71,104.00, on Controller's Contract No. 26659, furnished for the benefit of the City in connection with the new heating system installed at the 29th Street Refuse Truck, Maintenance Facility, payable from Code Account No. LB 84-10, 4-13-95-0001-84, Index Code No. 352757, Renovation of Various Public Buildings. Prior approval was granted by Council February 29, 1984.

Which were severally read and referred to the Committee on Finance.

Also,

No. 2020 Resolution further amending Res. No. 940 eff. October 11, 1977, as amended by Res. No. 457 eff. May 11, 1978, as amended by Res. No. 508 eff. June 7, 1979, entitled, "Providing for a Contract or Contracts with a Consultant or Consultants for Professional Services in conjunction with the inspection and/or design for the rehabilitation of various City bridges (PW 76-23) and PW 77-15)", by increasing the total project allocation from \$244,500.00 to \$255,656.49.

Which was read and referred to the

Committee on Engineering and Construction.

Mr. Woods presented

No. 2021 Resolution providing for the issuance of a \$943.99 warrant in favor of Ronald Gargani in settlement of claim for automobile damage by a City Refuse truck on October 26, 1984, payable from Code Account No. 46, Judgments.

Also,

No. 2022 Resolution providing for the issuance of a \$10,000.00 warrant in favor of Mackintosh-Hemphill Manufacturing Company, in settlement of claim for property damage due to a water main break in January 1984 on Bingham Street, payable from Code Account No. 46, Judgments.

Also,

No. 2023 Resolution authorizing and directing the Mayor to issue and the City Controller to countersign a warrant in the amount of \$1,060.77 to the Commonwealth of Pennsylvania representing the final payment required for unclaimed funds for the year 1976 pursuant to the provisions of the Depositing of Abandoned and Unclaimed Property Act, Act of August 9, 1971, P.L. 74, payable from the Special Trust Fund, Warrants Outstanding General Fund.

Also,

No. 2024 Resolution providing for the issuance of a warrant in favor of Anacomp, Three Parkway Center East, Suite 325, 2020 Ardmore Boulevard, Pgh., PA 15221, in the amount of \$2,361.78 in payment for computer output microfiche services for the Dept. of Finance from September 1, 1984 to

September 30, 1984, furnished for the benefit of the City in connection with the monthly billing and payment records of real estate tax, water and sewage service, personal property tax, wage and occupation tax, business taxes, and payroll records, payable from Code Account 1063, Misc. Services. Prior approval granted by Council Bill No. 1841, December 13, 1984.

Also,

No. 2025 Resolution providing for the issuance of a warrant or warrants in favor of various professional journals and periodicals, in an amount not to exceed \$10,000.00, in payment for advertising furnished for the benefit of the City in connection with the recruitment for the positions in the Department of Public Safety, chargeable to and payable from Code Account 1100 (110007), Miscellaneous Services, Department of Personnel and Civil Service Commission. Prior approval was granted by Council January 7, 1985.

Also,

No. 2026 Resolution providing for an Agreement or Agreements for consulting services to assist the City of Pittsburgh in acquiring State assistance and fundings, and to work with various agencies of government for the benefit of the City of Pittsburgh, effective January 1, 1985, at an aggregate cost not to exceed \$25,000.00, chargeable to and payable from Code Account 1017, Index Code 101709, Miscellaneous Services, Mayor's Office.

Also,

No. 2027 Resolution providing for an Agreement or Agreements with a consultant or consultants for professional services in connection with the research, preparation, evaluation, administration,

and validation of Civil Service entrance and promotional examinations, at a cost not to exceed \$15,000.00, chargeable to and payable from Code Account No. 1100 (110007), Miscellaneous Services, Department of Personnel and Civil Service Commission.

Also,

No. 2028 Resolution providing for an Agreement or Agreements for specialized professional services in connection with conduct of negotiations and arbitration proceedings including labor relations advice, representation at negotiating meetings and economic and job evaluation advice, and related personnel matters, at an aggregate cost not to exceed \$21,000.00, chargeable to and payable from Code Account No. 1100 (110007), Miscellaneous Services, Department of Personnel and Civil Service Commission.

Also,

No. 2029 Resolution providing for an Agreement or Agreements with various hospitals and/or physicians for professional services in connection with the administration and evaluation of medical examinations and tests for the Civil Service Commission's Medical Examination Program for Police Officer candidates, Firefighter candidates, school crossing guards, paramedics, and other candidates for employment and promotion, at a cost not to exceed \$80,000.00, chargeable to and payable from Code Account No. 1100 (110007), Miscellaneous Services, Department of Personnel and Civil Service Commission.

Also,

No. 2030 Resolution providing for an Agreement or Agreements with the Allegheny County Health Department for professional services in connection with

rabies immunization for City of Pittsburgh employees, at a cost not to exceed \$4,000.00, chargeable to and payable from Code Account No. 1100 (110007), Miscellaneous Services, Department of Personnel and Civil Service Commission.

Also,

No. 2031 Resolution providing for a Contract or Contracts or the use of existing Contracts for furnishing and installing a high density mobile storage system in the Department of Personnel and Civil Service Commission, at a cost not to exceed \$8,000.00, chargeable to and payable from Code Account No. 1101-1 (110114), Equipment, Department of Personnel and Civil Service Commission.

Also,

No. 2032 Communication from Dante R. Pellegrini, City Solicitor, requesting authorization for himself to attend the National Institute of Municipal Law Officers' Seminar in Washington, D.C., April 27-30, 1985, at a cost not to exceed \$925.00, payable from Code Account No. 1075, (107508) Misc. Services, Department of Law.

Also,

Which were severally read and referred to the Committee on Finance.

Also,

No. 2036 An Ordinance supplementing Title X, Building, Article I, Administration, Chapter 1007, Enforcement, Inspection and Penalty, by requiring inspection by the addition of a new subsection (c) requiring the inspection of facades, overhangs, architectural features or any other type of projection that presents a danger to persons using the thoroughfare below. —
-(SPONSORED BY MR. WOODS)

Which was read and referred to the Committee on Public Safety.

MOTIONS AND RESOLUTIONS

The Chair presents

Bill No. 2037 Communication from Richard S. Caliguiri, Mayor, appointing Ms. Cheryl A. Craig of 102 Elena Court, Pittsburgh, PA 15201, as a member of the Minority and Women Business Enterprise Review Committee for a term to expire January 1, 1988.

Which was read, received and filed.

Also,

Bill No. 2038 Resolution that the appointment of Ms. Cheryl A. Craig be and the same is hereby approved and confirmed as a member of the Minority and Women Business Enterprise Review Committee for a term to expire January 1, 1988.

Which was read.

Mr. Woods moved to hold for two weeks.

Mr. Wagner seconded the motion.

Which motion prevailed.

Mr. Robinson:

Question, did you just read one name? I thought there was another name, Reverend Roy Holmes?

Mr. Perry:

That communication was introduced I believe a couple of weeks ago.

Mr. Woods:

There's three altogether.

The Chair:

All right, we'll hold that for two weeks and she'll be called in, Mike.

Michelle Madoff:

Has there been an appointment to the Urban Redevelopment Authority?

The Chair:

Not to my knowledge.

Mr. Robinson presents

Bill No. 2039 WHEREAS, the Reverend Martin Luther King, Jr. dedicated his life and endeavors to the achievement of a just and healthy society and the enhancement of respect and trust in our institutions and the insurance that all citizens are treated equally before the law; and

WHEREAS, his outstanding contributions included the Nobel Peace Prize and other forms of international recognition; and

WHEREAS, January 15th is the birthdate of this great American and is celebrated throughout the United States of America; and

WHEREAS, celebrations are held in schools, churches, and community centers; and

WHEREAS, the Commonwealth of Pennsylvania has designated January 15th as a State holiday; and

WHEREAS, the United States Congress has been petitioned to designate January 15th as a National legal holiday.

NOW THEREFORE, BE IT RESOLVED, that the Mayor and Members of Council of the City of Pittsburgh on behalf of the residents of the City of Pittsburgh do honor and recognize the birthdate of the Reverend Martin Luther King, Jr.

Mr. Robinson moved to adopt the resolution.

Mr. O'Malley seconded the motion.

Which motion prevailed.

The Chair presents

Bill No. 2040 WHEREAS, Saturday, January 19, 1985 will mark the beginning of the "Respect Life" Program, which is an annual observance instituted by the Catholic Bishops of the United States, and advocated by the People Concerned for the Unborn Child; and

WHEREAS, during this time, pro-life citizens throughout Allegheny County will take part in the Greater Pittsburgh Interfaith Prayer Breakfast for Life, and on January 22, 1985, citizens from throughout the nation, including the City of Pittsburgh, will travel to the nation's capitol to participate in the "March for Life" and peacefully petition their representatives for a guarantee of the right to life for all persons; and

WHEREAS, the central message of this observance is that every human being, born and pre-born, is entitled to the basic fundamental right to life, and should be treated with dignity and respect.

NOW THEREFORE, BE IT RESOLVED, that the Members of Pittsburgh City Council hereby recognize January 22 through 25, 1985, as "Respect Life Week" in the City of Pittsburgh, to focus attention on the basic right to life for all persons, and to encourage the citizens of Pittsburgh to reflect upon the dignity and preciousness of life.

Mr. Woods moved to adopt the resolution.

Mr. Givens seconded the motion.

Which motion prevailed.

Michelle Madoff:

I would like to have discussion on this. I think it's everyone's right to introduce a resolution the same as I introduced a resolution commending the Mom's House, which indeed is sponsored by people who are pro-life. I believe this is a democracy and I believe in everybody's right to choose whether pro-life or pro-abortion what have you, but what I find terribly disturbing, and I'm sure what my colleagues find terribly disturbing, and as stated in this resolution, the March for Life and peacefully petitioning the representatives. With 34 bombings in abortion clinics that's not very peaceful, and I hope that something in action-wise will come out of this meeting of the hierarchy of the Catholic Church, which will see that there are no more bombings.

That is not very peaceful and that the central message will be to see that people have a right to exercise and obey the law of the land. That's what this Council does, we obey the law of the land, and not have a continuing insurgence of violence. That is absolutely despicable.

Mr. Woods:

Mr. President, if I may, I don't object to that paragraph being in there.

Michelle Madoff:

I didn't say objecting to the paragraph, Mr. Woods. What I said is, I hope that this will lead to those people who on the vast majority who find the bombings of the abortion clinics appalling, and I think the people —

Mr. Woods:

No, you said that you, and you feel your colleagues, object to that paragraph and that sentence being in there.

Michelle Madoff:

No, I didn't say that. You can back what I said if you like, I did not say that. I said I would hope that words in that paragraph would be taken to heart. I think you would agree with me; would you not? Do you think it's despicable to have any bombings?

Mr. Woods:

I'm just commenting on what you said.

Michelle Madoff:

You're not going to comment that you think it's despicable to have bombings?

The Chair:

If I may, for a moment.

Michelle Madoff:

Excuse me, I would like an answer from my colleague. Do you think it's not despicable to have bombings, Mr. Woods?

Mr. Woods:

It depends on what kind of bombings you're talking about.

Michelle Madoff:

Bombings of abortion clinics by anybody.

Mr. Woods:

I don't know who did it.

The Chair:

Well, I think that's the key here. I would like the record corrected —

Michelle Madoff:

I said I don't think they did it, I would hope they would do something about keeping it from happening.

The Chair:

Well, hold on. I think that's the key here. The group here is obviously propounding what they think should be the moral right and what should be the stature of this country. To my knowledge the bombings have not been attributed to them as an organization.

Michelle Madoff:

That is correct.

The Chair:

We should not then therefore take away from this resolution. What is done by individuals is something different and I'm sure that pro-life proponents like anyone else in this country find bombings horrid in any form.

Michelle Madoff:

But, they have moved Mr. Stone, to urge people not to do this and I hope they will be successful. I hope that what comes out of this meeting will be some direction to start to do something to get people to be rational no matter how you believe not to do this kind of thing. They've got to take a leadership role because who else are people going to listen to —

The Chair:

But, I don't think that that affects

the resolution in the sense, that the resolution —

Michelle Madoff:

I have no objection to the resolution itself. I'll vote for the resolution.

The Chair:

Okay.

Mr. Givens:

So the record may reflect, Mr. President, that particular organization that you so mentioned in the resolution is, in fact, on record with everyone saying that they deplore that type of action.

Michelle Madoff:

That's right.

Mr. Givens:

Along with the Catholic Bishops and the Catholic Church deplore that type of issue as well as this Councilman deplores that type of issue, and people do take things in their hand that none of us have control over, and there's an issue that I'd like to discuss as soon as this discussion is over.

Michelle Madoff:

Mr. Stone, just for point of clarification so there's no misunderstanding, I am supporting this piece of legislation, and I am hoping that the good that might come out of this will be in essence to do what Mr. Stone has just said. It is abhorant to all of us that there have been 34 bombings and more threats. Those people who feel it is the proper thing will take heart and listen to their leadership who also find it

abhorant.

Mr. Givens:

Mr. President, I think I have a very serious proposition to make to the Council of the City of Pittsburgh and I think one that we must keep in mind is the bottom line. The bottom line is unemployment, the bottom line is 100,000 people in the Mon-Ohio Valley are unemployed just in that particular region itself.

Set before you here today was two articles that appeared in the Pittsburgh Post Gazette. Both of them, one from John G. Craig, Jr., the editor of the Post Gazette, and I think wherein he challenges not only this Council, but the Mayor, and the County Commissioner's to do something in what's happening of a plight of our people.

This article that Mr. Craig wrote is in regards to what's happening to The Save the Mon-Ohio Valley Coalition and the D.M.S. Organization that has spurred up and the clergy organization that has come from that.

Mr. Craig, in his article indicates that Pittsburgh leaders just like any other American took it all on the T.V. and kept their own counsel and complained about the damn media, and he might have a question right there.

We as elected officials in the Council of the City of Pittsburgh are, in fact, leaders of our community. If it's not to take place in this Council then where else can it take place, to have dialogue between people's needs and what are moral and oath of office pledges to do something for the underprivileged, to do something for those that are in need, and I think when we put everything on a scale from one to ten I think government's primary responsibility

is to help those people out that need the help the most at that particular time. That's where our emphasis should be.

It was very disturbing to me that when I went out to St. Paul's Cathedral yesterday and confronted with the D.M.S. group out there going to church not to say that I wasn't there intentionally but for some way or another the good wisdom or the good Lord guided me and I don't know how that came about, but it did, and the fact that I did confront them, and the fact that you'd look at their literature and what they're saying is going to happen within the City of Pittsburgh next week, and they put everyone on a week's notice, and are we in this Council to sit back and do nothing? I'd say we'd have to be criticized for that if we do so.

Ron Weisen, is a person that I've have known in the labor movement for many many years and I have great respect for. Ron, is part of this group among other people, but primarily the steel union people. I pressed the issue with this particular group. Should we leave it in the sanctuaries of the church, and the skunk oil bombings on our alters or can we bring this dignifiably into the Council Chambers knowing well what this organization stands for, but knowing all so well what the plight of the unemployed is, and what their bottom message is to the people, and that is to help us, they're asking for help.

I can review many things and say that in confronting this group and trying to review in my own mind what has happened over the past several weeks. The Mayor in his infinite wisdom indicated will have a Mon-Ohio Valley Authority. This Council still has to address that issue downstream.

The Commissioners have formed some type of Mon Authority if I can

recall or some type of study group to look into the plight of the unemployed in the Mon-Ohio Valley area especially in the steel producing cities.

The Bishop formed a Council for members from all walks of life wherein our Mayor is part of that particular Council to study the issues of unemployment. The Catholic Bishop has called on all people from walks of life to study that particular issue. Should we then in this Council not be a part of that. Are we not then elected by the people of the City of Pittsburgh to look after what's happening out there.

Council, has I feel a leadership role to play. It's an issue, it's a challenge I believe to this Council to be responsible to the people who have elected us here to listen to all people whether we like them or not.

I think this Council has tackled many tough situations and made many tough decisions here, and just going back over this past year our Public Safety issue was a dang hard one that everyone had to take the grips with. The Water Authority. The \$277 million budget, and many other radical groups as you want to call them, and people who were very hot, and where these group homes were going and etcetera, have come before this Council, and this Council has made resolution one way or the other. We told the people yes or we told the people no by our votes on this Council and they went away knowing that a decision has been made; and I guess what I'm asking for here, Mr. President, is for this Council to have some type of forum where these people can come in from the Mon-Ohio Valley group regardless of what they have done in the past and to start with a clean slate before this Council's table; and ask them to put their request on the table, and to see if this Council can do anything to aid and help

them in their plight. Maybe, then it will come out of the sanctuaries of our church and into a public forum where this Councilman believes it should be.

I think if any person or any group if you can have open communication, open dialogue that you should have some forward moving and some type of direction. I ask, Mr. President, try to think of a forum, a public hearing is not timely enough right now. This group is going to take action next weekend, this Council must take action this week.

I can open it up for discussion at this time as to what action we should take? How we should take it? My immediate thoughts come to me that it should be handled in a post agenda type item where they can come in here — they had asked me when I confronted them out there yesterday that they need at least four hours to discuss the various issues and bring the various issues before this Council; and I think we should address those issues. They have a wish list out there of many things that they want people to do. I don't know how much of that we can help them out on. Can we bring people together in this Council or in some other form within this government of ours, the City of Pittsburgh the government of Allegheny County, and the federal and state people cannot be left out in this. We have a problem here and we have to overcome that problem.

If, in fact, in Europe we created the Marshall plan that redeveloped the whole European countries after World War II, and that was our federal dollars doing that for the people of Europe as we did likewise to Japan. Why not then cannot our federal government look into internally into the plight of its people within the United States of America, and why then can they not say, start a Marshall plan in the Mon-Ohio Valley and

other areas of the country that are so devastated.

It's indicated recently in the last unemployed stats that have come out, that unemployment is 11 percent. We all know that's the unemployment figures, we know that unemployment is 18 percent within the Pittsburgh area. We know that in our Hill District in the City of Pittsburgh we have 50 percent unemployment. What are we to do about this? I think everyone is looking for the great white father in Washington, D.C. to come down and give us an answer, and I don't think it's going to come in that particular way. I think it must come from this Council as many other things came from this Council and went forward. If we address the plant closing situation, if we address the closing of the Nabisco plant here in the City of Pittsburgh as we addressed the Armour Meat Packing plant, those people are still dangling, I think we can address this wider issue right here, and at this time Mr. President, I'll just open it up for discussion as to which direction I feel you should take as to how other members of Council feel, but we do have a leadership role, and we do have an issue before us, we do have a challenge before us. If we don't commit ourselves to this challenge then I say to you and my other colleagues here then we have to then face the reality of what might happen this coming weekend, if we don't face it here, if we don't open up the dialogue. Thank you, Mr. President.

The Chair:

Does anyone have any thoughts on this?

Mr. Wagner:

Yes, I also read the editorial, Mr. Givens, and I think it's a quite interesting editorial, and it really touches on some

things that have not been spoken publicly. The media, particularly the Press and the Post Gazette have come out and indicated and have asked the question actually, why is it their duty and not the duty of the community and the political leaders to speak out on this topic?

The reason why they're asking this question obviously is that they feel and many of us feel that this has had a very negative impact on our City and our region in general. Primarily because it's getting national media attention. The question I have to ask is really what can this body do, and what can the media do to improve the situation for the unemployed, the 100,000 people in the Ohio-Mon Valley?

I think if it was economically feasible industry would be building new steel plants. I think if some initiative is to be taken it must taken nationally in the halls of Congress, and with the President of the United States. The question is what can we do in terms of a leadership role to focus more attention on the plight of the unemployed? What can we do as an elected body? What can we do as a City, and what can the media do?

I personally think that we've taken some initiatives along those lines, we've offered some suggestions. When this Council talks about economic development in the City of Pittsburgh what we're really trying to do is to help those out that are unemployed, and we're trying to find jobs and create jobs for those 100,000 people.

We have passed a resolution even though they ask a question in this article, where are the counter resolutions? Well, we're not here producing resolutions saying what these people are doing is bad, we're passing resolutions trying to

say that we have a better idea, a way to create jobs; and I know this Council has supported the resolution pertaining to development in the Strip area, and we keep talking about development in the Strip area, unfortunately, we don't get the attention we'd like to see when it comes to development in the Strip area.

The Strip area realistically can create two, three, four thousand jobs if developed within the City of Pittsburgh. The spin-off affect is staggering. It can create jobs at the airport for pilots for reservationists for cab drivers. It can create a tourism trade. It can make our Convention Center function. If this City if all of us involved including the media gets involved with an idea that realistically can work, and the Strip area is one of those ideas. I don't think we should create confrontation with those that are creating confrontation. I think what we need to do is come up with ideas to help those out that obviously appear as if there's no other resource but confrontation, and the only means that I am aware of to address that problem if for us to devote attention towards economic development.

I think the Strip District is one of those ways to accomplish that. I think another idea and I appreciate the support of the Council is an Economic Development Coordinator within the City of Pittsburgh within this government reporting to the Mayor and directly to the Mayor. Someone that can go out and promote this City.

They're the types of things that I feel we must be doing to help these 100,000 people out, and I think if we continue to emphasize those items I think we will be helping those people out, and I think we will addressing the problem that is indicated in this editorial. I don't think the way to

address that is with counter resolutions in this Council. I think it's through positive ideas. So, that would be my suggestion as to help these people for all of us to pursue economic development ideas within the City.

Mr. Robinson:

Mr. President, I think that one of the things that I'm sure that most members of Council including myself would like to avoid is becoming parties to activities that on their service appear to not be in the best interests of the City, and I think Mr. Givens eluded to incidences which have already occurred in other incidences which are being planned.

I would hope that this Council would be very mindful that we do have presently a piece of legislation before us that I introduced that addresses this issue of desecrating churches and religious symbols, and I think that one thing we can do to help those who are unemployed is to make sure that those activities that are engaged in on behalf of those that are unemployed are positive and are directed towards getting cooperation and starting negotiations as opposed to confrontation.

I don't think at any point we should become the front people for those who would deliberately set about destroying private property, desecrating religious symbols and disrupting church services; and I think if we've learned nothing from the situation in Clairton is that a lot of good people can get involved in a very bad situation for a very good reason, and when the bill is considered in committee, and I believe it's this Wednesday, I would hope the members of Council would be supportive of that bill, so that we indicate to those who legitimately want to resolve this issue of unemployment understand that as government officials

we must and will come down on the side of the law, and that we cannot condone either tacitly or in any other form violations of the law and violations of public property. That is simply and totally wrong, and no public official should ever put in a position of supporting activities that violate other peoples rights.

Mr. Grabowski:

Mr. President, as I recall about two weeks ago you relinquished the podium to our Finance Chairman, Mr. Woods, and in his budget address he made some reference to a meeting of public leaders, corporate leaders, and others to address this problem, and I personally would like to support him in that effort, and I know he pledged that he would do that, and I think he should just procede along those lines.

Mr. Givens:

I'd just to read one excerpt and maybe I'm hearing a cry from people — that anyone that is desperate enough to do what these people are doing I think are trying to give us a message, and the message is that there's families that are being absolutely destroyed out there; and I appreciate the comments from my colleagues in regards to what we are doing in this Council to try to help the unemployed and the people of the City of Pittsburgh to get back on their feet again. But, I feel we have to have a platform of dialogue that we can work with and one of their issues on dialogue is to sit down and reason this problem out. We've asked for dialogue from the beginning and have been refused any serious negotiations.

They've asked to sit down this particular group, which is one group of many out in the Mon Valley to sit down resonably and discuss the issue that they

have to present. Apparently, they have been denied this and because of that they've been turned off every place they've gone. They have then reverted to the type of actions that all members of this Council feel, and as I indicated to them yesterday that I did not appreciate the form of action that they are taking.

On the other side of that coin we have to look at what the bottom line is and the bottom line is that they are hurting out there and they're calling out, and if we're going to denying them an opportunity to just come before this Council, if we can help with some type of dialogue that could prevent happenings in Clairton and bringing it into the City of Pittsburgh.

My feeling was I don't why the Clairton Mayor and their Council or Commissioner's or whatever form of government they have there did not take some action when that was happening. When they came into the City of Pittsburgh that put them into our turf and I think we have to face these people. The media has challenged us. This particular group has challenged us. I have challenged them as a Council person, I said you are now on the City of Pittsburgh and I won't condemn you doing what you're trying to do in other areas of the country and the county; and I ask this Council to reconsider or to consider letting them say what they have, and to see if this Council then can go forward to the Mayor's and the Commissioner's and the Corporations.

The Corporations come into this Council they ask for tax abatement, they ask for tax relief, they ask for amusement tax relief, wage tax relief, and why then can we not ask them to sit down and have dialogue? Maybe, not with just this group but other groups in the Mon Valley that want the same things that are trying to do it my a more

peaceful means of demonstration or peaceful means of demonstration.

This is a group that's not doing it that way, but if we don't address this and I think that we are losing a leadership role that this Council should place, and where it will go I don't know. We have the tiger by the tale, are we going to let it go? Are we going to let go and are we willing to sit here and next read what's happening in our churches in the City of Pittsburgh, and the answer to that is no.

Do we want to wait and sit until someone gets killed or gets harmed very seriously, the answer to that is no. Then how else can we at least put our good word and our good efforts forward in this Council. If we cannot — and the only form that we can is to have a public discussion on the issues.

Are we afraid, as I asked them because when I confronted them, Mr. President, there are certain people in that group that do want to sit down, and you and I, and many of our other Council people will note here there are one or two people in that group that do not and I repeat do not want to come into this Council, because it defuses their tactics and their type of operation. But their are people out in that group that do want to sit down with us, and I think we should open our hearts and soles up to these people and give them some type of a dialogue without that I have reservations about what will happen and what will continue to happen; and if you think that is one group there might be other groups involved, and are we able to fill up our jails or do we want to do that.

Because, there's people out there crying, and if you know when this unemployment thing started it all was about three years ago, and just put yourself in the unemployed shoes, you're unemployed, you're fired, you're laid

off, you get unemployment, you go out and you get all kind of money from other institutions, and etcetera, and all that's cut off. It takes about three years if any of you haven't been unemployed, it takes about three years for you to run out of and for all your relationship that you have to go out to and to pay the rent, and the pay the hospital bills, and to pay the food that goes on the family table, and to try to educate your children. It's coming from some place, and it's coming from your friends, your dear friends and your relatives that think enough about you, and look at our institutions of our hospitals and you'll find out what is the end result if something doesn't happen.

Our people are going into our hospitals and they have very serious crisis happen within their family. They have to feel there's many endeavors, there's many feelings going out there from different areas of government, but I think there coming to us for some help, and I think we have to at least here what they have to say and then try to guide them along a more natural route of indicating what they have to do in order to get attention, but not do it the way they're doing it, because they are hurting not only the unemployed they are hurting the church itself, the foundation of church, the separation of church and state is right confronting us. We are on national news, we are Pittsburgh. It is happening here it's not happening in New York, it's not happening in Los Angeles, or Miami, it's happening in Pittsburgh, Pennsylvania.

The foundation of unionism, the foundation of the middle class has developed in our own valleys here. Are we then to turn our cheek away from the plight of our own people, and my answer to that is no. I feel as a Council person I must do something.

Mr. President, I indicated that we

have this in the form of a post agenda, because of the timeliness of it I would suggest this Wednesday, that we possibly have it Wednesday afternoon. If we have a full agenda for Wednesday morning starting Wednesday or maybe even have an evening type post agenda where people can come in and sit. They can have their say but other groups I would hope would participate too, to maybe be able to guide this particular group along as what other methods or ways or means that they can use. But maybe from it something might happen if it doesn't then I don't want to look at the other side of that coin the consequences, and I don't want to be here reading my newspapers daily and seeing the actions of these people that feel that they have been left out apparently of the mainstream of the United States of America. Everything has run out on them they have nothing to lose, and I think we have everything to gain.

The Chair:

If I may for a moment, relative to providing a forum I don't find fault with that, we have heard from many people are many diverse issues and I don't see that that would a problem.

Mr. O'Malley:

I object.

The Chair:

Let me finish.

On the other hand I don't believe that we should get to the point that we think this thing is subject to a quick fix for the reason that I think that the past is exacerbated what the future might hold for us.

In some sense I think that the fact of unemployment is something that

everyone does not like and does not want this City to be visited with, but nevertheless I don't think that the tactics that have been used have helped at all. It has brought it to a national situation of knowledge and publicity, but I think that it's been adverse and counter productive in the sense that what his hope was to have a meeting with those people who are most effective in the private sectors as well as the governmental sector that might be able to assist in alleviating some of the problems within the constraints of economic ability, and they have indicated and apparently because of the past that they don't want to meet.

I'm not so sure that we are going to be magicians where we can say to those same individuals we want you to meet when they did not meet heretofore, because of the past kind of tactics. Who knows, maybe there's some hope, but as far as a meeting if this Council sits we can hold it, but as far as a quick fix we shouldn't be deceiving them or ourselves in thinking this is subject to an immediate resolution.

Mr. O'Malley:

Being a Roman Catholic I personally find Mr. Honeywell's statements insulting especially the statements he made against the Catholic Church which I'm a member and the Bishops and the Priests. I think that he owes every Catholic in the City of Pittsburgh and Allegheny County a personal apology.

I object to a hearing or a platform being given for Mr. Honeywell to come in front of this Council. I think we all realize what he stands for.

My personal opinion of Mr. Honeywell, is that he reminds me of a large pile of dog dung and I think that's

the proper word. There's three similarities between him and the large pile one, and I think they both stink, two I think most sensible people try to avoid them, and three, over a period of time we all hope they'll wash away.

As Mr. Givens stated he's going to grap the tiger by the tale. Well one of these times Mr. Honeywell is going to grap the wrong tiger by the tale, and the tiger's going to turn around and take a big bite out of him. That's just my personal statements on this and I would vote against —

Michelle Madoff:

— That's not a vote.

Mr. O'Malley:

— any opportunity that Mr. Honeywell would have to come in front of this Council and speak.

Michelle Madoff:

On another subject.

The Chair:

Let's finish with this one.

Michelle Madoff:

I thought we were there didn't seem to be support for this Council to have a hearing in light of the fact that I think the Mayor would have priority. I think that Congress would have priority. I think the Senate of the United States. Certainly, Harrisburg would have priority, and when they have exhausted every opportunity then perhaps we might be looking at — I raised this issue I believe a couple of weeks ago, did I not?

The Chair:

I have a Councilman who's asked for a post on it. Am I getting an impression —

Mr. Woods:

If I may say something, I don't believe we should have a post on this — you wouldn't even know who to invite.

Michelle Madoff:

That's right.

Mr. Woods:

If you're going to invite somebody you got to bring someone from the corporate community, a few people from this group or some other group. We wouldn't know who to invite just like that overnight. This is Monday, we couldn't bring them proper people here on a Wednesday. What would happen it would turn into a three ring circus. You'd have this Chamber filled, people yelling back and forth —

Michelle Madoff:

— And it would be dangerous.

Mr. Woods:

— And this isn't the first church that they hit in the City of Pittsburgh. The first church I believe was in Shadyside Presbyterian. The very very first one and we cannot confuse the issue with what happened in Clairton at Reverend Roth's church with what happened everywhere else. They're totally two different issues. There Bishops tried to take that church over and these people would not give it up. So, it's two different issues all together, and I don't believe that we can just handle this problem just that fast.

In my message to the City of Pittsburgh a few weeks ago, as Mr. Grabowski stated, we have some plans inviting people in to talk in a civilized manner and see if there's a long term solution to this problem. It's not going to go away over night and I object to any post agenda or any public hearing.

Michelle Madoff:

I think that seems to be the sentiment.

Mr. O'Malley:

These are the same people that disrupted church service in the Presbyterian Church of Shadyside. You know, they threw — I guess it was skunk balloons at women and children and I don't we really want to have anything to do with these people.

Michelle Madoff:

I don't think that's the issue I think it would be non-productive at this point, and it also might be harmful. I would support Mr. Woods and my colleagues in letting perhaps the situation defuse itself before we would add fuel to the fire.

Mr. Robinson:

Mr. President and members of Council, I don't think we should minimize the —

Michelle Madoff:

Nobody does.

Mr. Robinson:

— implications of the activities of some of the individuals who have taken credit for desecration of churches, and who feel that that is an appropriate way to address their concerns.

While I'm not a Roman Catholic I am a Baptist and I would object if the attack was being made on Baptist Churches, Methodist Churches, Catholic Churches, Synagogues, or any other institution where people are freely practicing their religious beliefs.

What is going on is dangerous. It's not only dangerous I think it speaks to the whole issue of religious freedom in this country and I'm not trying to dramatize; and I think as elected officials we have an obligation to make sure that people who want to freely practice their religious beliefs have an atmosphere in which to do it, and I don't think we ought to aid and abet anybody who is openly attacking churches and openly disrupting church services. It is absolutely positively wrong, and I think it would be a mistake for us to condone Mr. Honeywell's activities. While I have not made the same assessment of Mr. Honeywell that Councilman O'Malley has made, it would seem to me that other corporate leaders and civic officials who choose to go to church on Sunday for religious nourishment may find themselves subject to attacks by other parties with political and anti religious motivations.

If in deed what has occurred already in our City is going to be an example of what is to occur and people are telling us in advance that they are going to do this, then I think we need to tell them in advance we will not tolerate it. We will not tolerate any open attacks on churches and any disruption of church services. There is no justification for that. It is dangerous and I hope my colleagues will support my legislation to address that issue.

Michelle Madoff:

You've got mine.

Can we get on with another piece of business.

The Chair:

Mr. Givens, the Chair is getting an impression that they're opposed to a meeting at this time.

Mr. Wagner:

Mr. President and members of Council, I think Councilman Givens' concerns are very valid I think every member of Council's concerns are very valid. The question is how can these people have the proper forum to discuss what their concerns are, their unemployment, their lack of having a job. We certainly do not want to give those that have been breaking the law a forum only those whose concerns are legitimate concerns.

I personally don't think this body can give them the type of forum necessary to help solve their problems. I think the only body that can give them the type of forum is the Congressmen that represent the western part of Pennsylvania and I'm talking about every Congressman, I'm talking about our two U.S. Senator's, I'm talking about the Congressmen from the State of Ohio, Eastern Ohio, West Virginia.

To my knowledge there's never been a meeting with all of those people to address the concerns of the unemployed to see if all of them together their forces tied together could create some type of financing at the federal level to address the plight of the steel industry in this area of the country; and maybe what this body should do, is maybe we should suggest to those Congress people and to those U.S. Senator's that a meeting of that type with some level headed thinking people that represent the Mon Valley

Coalition. Maybe a meeting of that type should take place with those people and I personally don't see a whole lot more we can do except as a City to continue to pursue economic development and hopefully create jobs for those people at time in the future.

Michelle Madoff:

I wrote what I had to say there's a couple of typo errors you can correct them, but I think the premise is here, I was away this weekend as my colleagues know, I granted permission from Mr. Woods, I believe, and I will be having a report for this Council looking at a couple of industries and businesses to bring to this community.

We're sort of in contest with Boston and another that's very viable the research could be done here at Pitt through the Ben Franklin partnership, I've talked to the Mayor and there's a lot of support. It's so funny how things work out that when you touch on one issue the hip bones attached to the thigh bone and Mr. Wagner touched on some things I'm about to touch on and I thank him for it; and I want to thank him for pursuing the Economic Development Coordinator and hope that if the Mayor doesn't do something about it that indeed this Council will then take up the slack.

This is an immediate statement the reason I did it as a press release is that I have had calls since last night at six o'clock, seven o'clock, eight o'clock this morning and everybody's calling and I didn't want to speak to anybody individually, because I had not had time to research and find out how this all began. This is a response with reference to the article which appeared in the Pittsburgh Press on Sunday, that's yesterday. Some parking garages to cut hours under law. I did speak to most of the parties involved today and the garage

owners in this article blame my legislation requiring new lighting systems and garage security for escalating costs.

The garage owners misquoted the costs of security and operations, because we've researched it again this morning.

Mr. Givens:

Michelle, can I interrupt you just for one second?

Michelle Madoff:

Not really, no.

Mr. Givens:

Are we finished with the —

Michelle Madoff:

Yes, we've decided we weren't going to do it. Where were you Dick?

Mr. Givens:

I was right here.

The Chair:

Dick, as the Chair has gotten here the sentiment is not to hold a hearing at this time.

Mr. Givens:

Well, I heard that not to hold a hearing, but then I heard you also say to have a private or what?

The Chair:

No, it was just trying to have this thing referred to the Congressional parties, Senate and Representatives of the tri-state Ohio, West Virginia, and Pennsylvania to try to see if they might be able to help, because that's really

where the dollars are as I understood the speakers statement.

Mr. Givens:

Okay, I'll take the wisdom of my colleagues and say that that would be something that we could pass on as a body. As an elected body if we so choose that we can choose any direction we want to take. I feel that we have to give them some type of guidance as to which they should go and if they can accept that or reject it, but I think we have to put that first foot forward.

I still feel that I would like to meet with these people and if other Council people are interested some time this week possibly Wednesday afternoon to see if in talking to them across the table I can maybe get a little more indepth of what there objectives are and what this Councilman can do and others and maybe help them in their plight, and direct them in an area in a direction that will stem off the actions that they have been taken; and I think if we can do that and assure them that we'll not condone but we will support issues that will bring this thing to light in a peaceful manner, but if we don't take that initial step I feel that it will just continue on. What is the alternative?

I don't take that as a —

Michelle Madoff:

Dick, I was in the middle of doing another issue.

Mr. Givens:

I know you started on it and I didn't any hear resolve from the President.

Michelle Madoff:

Don't dose in the middle of me.

Mr. Givens:

It was passed right over very quickly. So many ways, Mr. President, I have indicated that possibly some time this week depending upon in discussing I intend to call them up and find out what their feelings are on the matter, and if they still want to meet with myself or a few Councilmen then I'll have that door open to them, but for surely I want that door open for them, and I'm sure they're listening and hearing what we're saying here today. It's there actions or inactions or appropriate actions will be judged by everyone involved as to whether they're helping or hurting the movement that they're trying to create and that is to bring back employment into this area and this region of our.

Michelle Madoff:

May I continue, Mr. Givens?

Mr. Givens:

Certainly, Michelle, I'm sorry to have interrupted you.

Michelle Madoff:

Okay, let me start from the beginning because I've even lost my train of thought and please don't interrupt me again, Mr. Givens. With reference to the article that appeared in the Pittsburgh Press on Sunday, January 13th, "Some Parking Garages To Cut Hours Under Law".

The garage owners in this article blame my legislation requiring new lighting systems and garage security for escalating costs. The garage owners misquoted the costs of security and operations. Jack Stabile said that it would cost \$25,000 a year to hire a security guard. That's is totally erroneous. Using a high unemployment

rate figure, the costs of a security guard for an eight hour day at \$5.50 an hour is \$44 per day. The total cost would be \$16,000 per year. The figure for a five hour period from one to six a.m. when the garage owners say they would like to close using the above figures would be \$12,000 per year.

The garage owners also misquoted operation costs because they could, for a nominal cost of \$300 train attendants, lock the entrance, and post a sign "Please buzz for exit. Security guard is making rounds". If it is true that there are only 10 or 12 twelve cars in the garage, I'm sure that people are who are parking there would wait a few minutes if the guard is making his rounds because they would feel more secure if the guard is in the garage during those hours and not an attendant in an enclosed collection booth.

The cost of lighting has also been exaggerated. The cost of lighting is part of doing business. While new lighting may be costly, those costs would not be continuous part of their operating budget. The managers have never complained about the years they profited from low operating costs by having ineffectual lighting. That is why my legislation came about. Because they were dark, unprotected places where innocent men and women were victimized by loss of life and property. I feel it is unfortunate that the garage owners would try to use the scare tactic that they would close downtown when the businesses are already suffering dramatically.

Factually, after speaking to Mr. Charlton, several of the City of Pittsburgh Parking Authority garages will stay open 24 hours, and that's according to George Charlton to take of the cars that will need parking between midnight and six a.m. Most Parking

Authority garages are owned by the Authority and leased to a department store who in turn hire management. Subsequently, the percentage shareable income retained by leasees and managers is obviously very profitable because the City would be very happy according to people I spoke to in the City today, to take back those garages where the bonds have been retired. And in a case of those garages where the bonds are guaranteed by the department stores, it would make better sense for the stores to assure the safety and property of their clientele by managing the garage themselves or finding other, less greedy, managers.

In the real world, the reason garage owners plan to shut down at midnight is simply that there is no business, as attested to by their own statement that they may have only 10 or 12 cars parked overnight.

There is an alternative which can be exercised — working for the betterment of the City by attempting to have guards on duty the night of special events, and Mr. Charlton said we can do that for a symphony, a ballet, a concert, etcetera, I'm talking about after midnight openings.

But let's tell it like it really is. I will be happy to personally lead a contingent of media people on a tour any Monday, Tuesday, Wednesday, and Thursday or any day you want. Nevermind twelve a.m. when they're not going to keep the garages open, but from six p.m. or when we leave work here until ten p.m. and show you what I've observed. I eat out almost every night there is no business virtually no business. Where only a few years back maybe a year and a half ago Monday nights restaurants and social meeting places were jammed with out of town business people. Now they are

practically empty.

It's depressing.

The real answer is obvious. We must get rid of a regressive taxes. The amusement tax, I'm sorry that Mr. — what's our Finance Chairman's name Woods I remember that name yes, Woods, how soon we forget I'm sorry he left, the real answer is obvious we got to get rid of the regressive taxes, amusement tax, business privilege tax, mercantile taxes. Taxes that Mr. Robinson tried to at least move in the right direction and I supported him of lowering so that people know that we care. Taxes paid on gross so that businesses losing money are still paying taxes.

Further, we must immediately start to develop the Strip District, the North Shore, which will spread to development of the Melody Tent Site and the Hill and generate jobs, jobs, jobs, which will generate taxes, taxes, taxes from people working with dignity and pride; and which will allow us to meet our obscene billion debt us meaning the City residents without having the entire burden fall on City residents who are already overburden with a four percent wage tax and are fleeing to the suburbs. Baltimore took the gamble and had the courage to put in the infrastructure, the Baltimore Harbor, the public amenities, and open up their arms to business ventures. So too, can Pittsburgh. Then our garages will be overflowing with business.

To trade off profits and greed against muggings, rapes, looting and yes, even murders, because we've had murders in our garages, in garages which are dark and become natural habitats for crime would continue to provide places for drug pushers and those who commit violence against others.

I throw down the gauntlet to Mr. Sheppard. Mr. Sheppard, sold your garage. We'll find you a buyer or perhaps you'll buy the garage as a lost leader if necessary for you customers who will come from far and wide if they feel safe. Furthermore, let me put every garage owner who is claiming that the cost of lighting and adequate guard protection is too costly, on notice, As Mr. Charlton and I agreed this morning, it is a lot less costly than paying insurance claims which could go into the hundreds of thousands of dollars, and paying for lighting and guards. How does one put a price on life?

I'm putting the garage owners on notice. I will personally initiate litigation, and with public support, against all garage owners who claim poverty, and instigate hardship on the public because of my legislation. And under discovery will make public their profits. And then, let the public react..... I can't walked down the street or go anywhere without having a senior citizen, a young woman, or an older person come to me and say thank you for getting that garage bill through.

I think it's horrible that these people are instigating hardship on a public that is already feeling the pressure of the fact that there just aren't enough people in the City. This Council, and the Mayor, and the Administration have not been able to get off dead center, because we propose and the Mayor disposes to do something about jobs in the Strip District, because that's really the answer, and it's the answer to the issue that Mr. Givens raised today. What's really the bottom line? Jobs. If we have jobs we'll have parking, if we have jobs we won't have people in the Mon Valley saying that they're going to churches to do things that are offensive to all of us.

I believe people like Mr. Sheppard are exercising the worst example of hyperbole, political pressure and scare tactics compounding the fear of loss of business...all for their own greed.

That was my answer to the people who called me from every station saying, how do I feel about the statement that was made that they're going to shut down from midnight until six. They're shutting down because there isn't any business, and Mr. Wagner you're right on target, and so are you Mr. Robinson, let's lower the taxes.

Mr. Wagner, let's start doing something about the Strip District, let's get the Economic Development Coordinator in line and let's not delay any further, because if somebody isn't going to take the leadership of this City, it's going to me.

The Chair:

I assume by now somebody's ready for a motion to adjourn?

Mr. Robinson:

Mr. President and members of Council, on another subject, on the subject of subject of South Africa and where we stand as far as the Task Force on investment policies and businesses practices. The Task Force met on Tuesday, January 8, 1985 at two p.m. here in Council Chamber, a copy of the agenda I would like to have put into the record.

Also, the Task Force discussed seven new pieces of legislation which will be the subject of a public hearing on February 12th at ten a.m. here in City Council Chamber.

Michelle Madoff:

What day of the week is that?

Mr. Robinson:

That's Tuesday, February 12, 1985.

Doctor Peter Madsen from Carlow College has drafted the seven pieces of legislation and is the person most qualified to talk about the technical aspects of that legislation and the Task Force has agreed to allow him to do that.

The legislation has been referred to our Solicitor, Mr. Dan Pellegrini, for a legal opinion. The legislation was drafted as amendments to the basic laws of the Pittsburgh Code.

Also, Dr. Madsen has provided to the Task Force guidelines for an impact study. The impact study would determine what would be the financial impact on the City of Pittsburgh if we were to pass South African divestment legislation.

I'd also like a copy of those guidelines to be in the public record. The next meeting of the Task Force will be Thursday, February 14, 1985 at two p.m. Thank you.

SANCTIONS AND THE CITY OF
PITTSBURGH**

RECOMMENDED GUIDELINES FOR AN IMPACT STUDY

by

Peter Madsen, Ph. D.
Director
Center for Business, Society and Ethics
Carlow College
3333 Fifth Avenue
Pittsburgh, PA 15213

PREFACE

The following guidelines for an impact study of how proposed draft South African related legislation will effect the City of Pittsburgh are recommended by Dr. Peter Madsen, Director, Center for Business, Society and Ethics, Carlow College and are submitted to the Pittsburgh City Council Task Force on City Investment Policies and Business Practices, William Russell Robinson, Chair, by Dr. Madsen in his capacity as consultant to the Task Force. These recommendations are divided into the following:

- I. Introduction
- II. Scope of the Study: Part One
- III. Use of Other Findings and Alternative Strategies: Part Two
- IV. Method of the Study
- V. Conclusion
- VI. Proposed Outline for the Study

I. INTRODUCTION

The need for an impact study of how proposed draft City legislation will effect the financial operations of the

City, its contractual arrangements and its investment decisions rests upon two main considerations. First, the City is not now aware of the effects which the proposed legislation might have on the above-mentioned areas. To pass some form of this legislation without such an awareness may result in unforeseen consequences for the City.

Second, since the proposed legislation is so drafted as to present an array or spectrum of different possibilities which would effect the City in different ways, a study of how each of the drafted pieces of legislation would specifically enconber the City and a comparison of them would be of great assistance to the City Council in its task of choosing South African related legislation. Hence, an impact study of the proposed legislation becomes a necessity if intelligent decisions about this legislation are to be made and if unforeseen consequences to the City are to be avoided.

It should be noted, however, that such a study should not be construed in any way as a shirking of the moral imperative of having some City legislation which deals with the practice of apartheid. This moral imperative remains in effect as long as the Republic of South Africa continues its brand of institutionalized racism. Rather, this study addresses another moral imperative imposed upon responsible City governance, namely, the imperative that City Council act so that the best interests of the citizenry are well served with respect to the City's standing in the areas of financial operations, contractual arrangements and investment decisions. Hopefully, the kind of study being recommended herein will serve to fulfill the dictates of both of these moral imperatives.

In general it is recommended that

this study be performed in two major parts: 1) an analytic section which examines the actual and potential effects of proposed draft bills 9 through 15 and 2) a survey which compiles relevant data from other governmental units and which offers possible alternative investment strategies that may be utilized in case divestment becomes a reality in the City.

II. SCOPE OF THE STUDY: PART ONE

The first part of the study should analytically address the three main areas of concern that the proposed draft legislation will effect. These three are:

A. FINANCIAL OPERATIONS

The study should identify how proposed draft bills 9, 10 and 11 will effect the City's use of local banks and other lending institutions as depositories of City moneys and any costs which the City might incur therein. As such it should answer the following questions:

1. Which local banks and other lending institutions would be disqualified as depositories for City moneys given the new requirements set out in each of the proposed draft bills 9, 10 and 11?
2. Which local banks and other lending institutions would remain qualified given the new requirements set out in each of the proposed draft bills 9, 10 and 11?
3. What costs might the City incur in each of the proposed draft bills 9, 10 and 11, if they were enacted?
4. What costs might banks and other lending institutions themselves incur in each of the proposed draft bills 9, 10 and 11, if they were enacted?

After these items have been determined, the study should recommend one of the proposed draft bills 9, 10 and 11 based upon a comparison of the three with respect to the feasibility of the new requirements for qualifying banks and other lending institutions as depositories and the cost incurred by both the City and these institutions themselves.

B. CITY CONTRACTS

The study should identify the impact of proposed draft bills 12 and 13 on the manner in which the City enters into contractual arrangements with professionals and with suppliers or vendors of goods and services to the City. As such it should answer the following questions:

1. Which professional or purchasing contracts which the City currently has awarded would be prohibited under the new provisions of draft bills 12 and 13, if any?
2. What costs might the City incur in each of the two draft bills 12 and 13, if they were enacted?
3. What costs might professionals or suppliers or vendors of goods and services to the City incur in each of the two draft bills 12 and 13, if they were enacted?

After these items have been determined, the study should recommend one of the proposed draft bills 12 or 13 based upon the feasibility of the new requirements for qualification of City contractors and the cost incurred by both the City and the contractors with the City.

C. INVESTMENTS

The study should identify the financial impact of proposed draft bills 14 and 15 on the current investments of the City given the divestment requirements of each draft bill and it should predict their possible effects on the future investments which the City may make with respect to return on investments. This portfolio analysis should answer the following questions:

1. Which City moneys or City funds would be effected by draft bills 14 and 15 either now or in the future?
2. After 1 above has been determined, which investment holdings would need to be divested as required in both draft bills 14 and 15?
3. What would be the financial impact to any City portfolio which would be required to divest itself of the holdings as found in 2 above and will return on current investments be effected and if so to what extent?
4. Given the prohibitions of future investments as required in both draft bills 14 and 15, what might be the financial impact on any City portfolio and will future return on investments be effected and if so to what extent?
5. What costs might the City incur in the divestment process as required in each proposed draft bill 14 and 15?

This section of the study should be as precise as possible in order that a clear understanding of the effects of any divestment can be easily perceived.

III. USE OF OTHER FINDINGS AND ALTERNATIVE STRATEGIES: PART TWO

The second part of the study being proposed herein should include a survey of findings and conclusions reached in other studies which have been conducted by other governmental units such as the state of Massachusetts and Connecticut and the cities of Philadelphia, Washington, D.C., Grand Rapids, Wilmington and others which have made such studies that attempt to gauge the impact of South African related legislation upon their own financial situation. Most helpful would be the results of studies or findings reached by governmental units after some time has lapsed between their passage of South African related legislation and the studies and findings themselves. This would provide an actual impact of South African related legislation as opposed to mere prediction and guesswork.

The study agency or agencies should likewise utilize the research of various centers and facilities which have been investigating the South African economic sanction movement for some time. These might include but are not limited to:

- A. The Investor Responsibility Research Center
- B. The Interfaith Center on Corporate Responsibility
- C. The Conference on Alternative State and Local Policies
- D. The Council on Economic Priorities

This second part of the impact study should have a section which will address the issue of alternative investment strategies which might be utilized in the case that the City would incur a loss of investment return in any divestment process as required by proposed draft bills 14 and 15 if they are enacted. Here strategies employed by other governmental units who have enacted such legislation would be laid

out as well as strategies proposed by others active in the social investment movement. Furthermore, this section of the study could recommend more creative uses of City funds which would not only provide a safe and fair return on investment, but also help to stimulate the local depressed economy.

IV. METHOD OF STUDY

It is highly recommended that the study being proposed herein proceed in the most objective way possible employing commonly accepted practices of financial auditing and investment analysis. Although the agency or agencies which will perform the study will need to interview various heads of City departments, City financial managers, fund trustees and others, these interviews should be conducted only to determine the data which will be included in the study so that subjective judgements do not color its findings.

V. CONCLUSIONS

The impact study recommended in these guidelines would provide detailed information to the City Council of Pittsburgh which it does not now possess. The proposed two-part structure would allow for both a quantitative financial analysis and a more qualitative study summarizing data already collected and proposing possible alternative financial strategies which would help insure that any economic sanctions against the Republic of South Africa or other violators of human rights would not at the same time result in some harm to the City itself. Both this quantitative and qualitative data would form the basis for City Council decisions about proposed draft bills 9 through 15 and would be useful information for the citizens of Pittsburgh, especially for

those who might be directly effected by the proposed draft legislation. In short, the impact study being recommended herein should assist to satisfy the two moral imperatives facing City Council at the moment: sanctioning South Africa and other human rights violators and insuring that the fiduciary responsibility of City government is fulfilled.

(END OF INSERT)

Mr. Wagner:

Mr. President, I'd like to make a motion that this Council send a letter to all Congressmen in the western part of Pennsylvania, eastern Ohio and northern West Virginia and U.S. Senators of those three states, suggesting that a meeting be held with all of them together and the Network to Save the Mon-Ohio Valley, to address the problem that has been discussed today.

Mr. Givens seconded the motion.

Which motion prevailed.

Mr. Givens:

Mr. President, one more piece of business before we leave. Bill, in regards to your South African legislation, when do we have a public hearing on it and the time table of that?

The Chair:

He just gave it to us.

Mr. Givens:

I know he gave us a time table and I'm looking at that time table, and this Council will vote on this piece of legislation before we have something very politically happening in this City, but the Mayor of this City will not vote on it on time for this political happening

in this City, and you know what I'm referring to.

Michelle Madoff:

What political happening?

Mr. Givens:

The 24th of February and I ask that this bill be put up in such a fashion that it's introduced in this Council so all elected officials can have an opportunity to vote it up or vote it down.

The Chair:

No, he said is next meeting is the 14th of February.

Mr. Robinson:

The 14th.

Mr. Givens:

And I submit to you that only Council then of the City of Pittsburgh will have an opportunity to vote on that issue --

The Chair:

It's not Council it's the Committee's meeting.

Mr. Givens:

When is the Council hearing?

The Chair:

It's a public hearing --

Mr. Robinson:

February 12th is the Council hearing.

Mr. Givens:

And when are you going to bring up the legislation in Council?

Mr. Robinson:

The Task Force when its meets on February 14th is going to review the testimony from the public hearing, review the legislation and will make a recommendation to Council on probably two or three pieces of legislation hopefully, at the following Monday session, that is the Monday session following the meeting on the 14th of February.

Let me just comment on two things since you mentioned the Mayor. I met with the Mayor this morning. The Mayor is committed to some form of divestment legislation. He also supports the impact study.

I will be working with the Mayor through the Task Force to come up with a program that both Council and the Administration can support.

The President of the Pension Fund will introduce his own proposal for divestment legislation. Council should be aware that we already have divestment legislation in the City of Pittsburgh. Our police and fire pension funds are subject to restrictions. Those restrictions were placed on the funds in 1982. The funds are presently being audited. The funds are managed by Pittsburgh National Bank, which has in their contract with the City a provision that if any of those pension funds are invested with any individual or any corporation doing business with the Republic of South Africa, P.N.B. must divest of those funds.

So, we will know very shortly hopefully by the end of February what

happens in an actual situation where divestment legislation is operative in the City. So, we are well ahead of other cities that who want to this, particularly in the area of municipal funds.

Mr. Givens:

My question has not been answered, when will it come before this Council in committee session, a ball park figure?

Mr. Robinson:

All I can indicate is the Monday after February 14th.

The Chair:

No, it will go to the following Wednesday then the following Monday.

Mr. Robinson:

The Wednesday following that meeting on the 14th of February. The bill should be in committee. The Task Force should have recommendations for Council so that they can take action in committee.

Let me just caution if I might members of Council, I think that it would not be wise for us to rush into any extensive divestment program without doing the impact study, and while I can appreciate the political implications of Mr. Givens' comments I don't think it would do us any good either to simply put members of Council and the Administration on the spot.

I think every member of this Council is against apartheid. I think the only people who are in favor of apartheid are a few misguided people in South Africa who simply control the government.

I think the Mayor's statement both

public and private that he's in favor of divestment legislation suggests where he is, but we're going to have to come to some sort of agreement as to what is best.

I would hope that Council and the Administration and our City Controller would allow the Task Force to present something to this City government that we all can agree upon and make good fiscal sense.

Mr. Wagner moved to excuse Mrs. Masloff for absence from the meeting.

Mr. Givens seconded the motion.

Which motion prevailed.

And on the motion of **Mr. Grabowski**

Council adjourned.

Municipal Record

Proceedings of the Council of the City of Pittsburgh

VOL. CXIX

Tuesday, January 22, 1985

No. 3

Municipal Record

ONE-HUNDRED TWENTY-THIRD COUNCIL

ROBERT RADE STONE President
MICHAEL PERRY City Clerk
LINDA M. JOHNSON Asst. City Clerk

Pittsburgh, PA
Tuesday, January 22, 1985

PRESENT:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

PRESENTATIONS

Mr. Givens presented

No. 2041 Resolution providing for a Contract or Contracts, or the use of existing Contracts, for the purchase and/or installation of various types of

Fire Extinguishers, at a cost not to exceed \$10,000.00, chargeable to and payable from Code Account 1612-2, Equipment, Index Code 161224.

Also,

No. 2042 Resolution providing for a Contract or Contracts, or the use of existing Contracts for the purchase of Litter Receptacles, at a cost not to exceed \$25,000.00, chargeable to and payable from Code Account 1612-2, Equipment, Index Code 161224.

Also,

No. 2043 Resolution providing for a Contract or Contracts, or the use of existing Contracts, for the purchase of a Sub-Grade Vibratory Roller, at a cost not to exceed \$75,000.00, chargeable to and payable from the Liquid Fuels Tax Trust Fund, Index Code 260406.

Also,

No. 2044 Resolution providing for a Contract or Contracts, or the use of existing Contracts, for the purchase of Miscellaneous Hand Tools and Portable Power Plants, at a cost not to exceed \$10,000.00, chargeable to and payable from Code Account 1612-2, Index Code 161224.

Which were severally read and referred to the Committee on Public Works.

Mr. Robinson presented

No. 2045 An Ordinance amending

the Pittsburgh Code, Title Nine, Zoning District Map No. 11, by changing: From "RP" Residential and "C3" Commercial Districts to "CP" Planned Commercial Unit Development District certain property located on the northerly side of MOSSFELD STREET between ROSECREST DRIVE and NORTH AIKEN AVENUE including the Stanton Heights Shopping Center, 10th Ward.

Also,

No. 2046 Resolution amending Res. No. 1150, January 7, 1985 and effective January 1, 1985, entitled: "Adopting and Approving the 1985 Capital Budget and the 1985 Community Development Block Grant Program; and approving the 1985 through 1990 Capital Improvement Program", by adding several Capital Program project numbers and including four projects previously omitted.

Also,

No. 2047 Resolution approving execution of a Contract by and between the Urban Redevelopment Authority and the Garfield Jubilee Association, Inc., for the sale of properties in the 10th and 11th Wards — Residential Land Reserve Fund.

Also,

No. 2048 Resolution approving execution of a Contract by and between the Urban Redevelopment Authority and various Redevelopers for the sale of properties in the 5th, 13th, 25th, and 26th Wards — Residential Land Reserve Fund.

Also,

No. 2049 Resolution approving Parcels 11 and 288 (1910-1908 Chateau) in the 21st Ward of the City of

Pittsburgh by and between the Urban Redevelopment Authority and Charles and Linda C. Weis for \$275.00 — Redevelopment Area No. 27.

Also,

No. 2050 Resolution approving execution of a Disposition Contract by and between the Urban Redevelopment Authority and Homer A. Gray, for the sale of Block 175-C, Lot 22 (7625 Mulford) in the 13th Ward for \$350.00 — Residential Land Reserve Fund.

Also,

No. 2051 Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire all of the City's rights, title and interests, if any, in and to the publicly owned property in the 13th Ward of the City of Pittsburgh designated in the Deed Registry Office of Allegheny County as Block and Lot 174-N-161 under the Homewood South Cooperation Agreement.

Which were severally read and referred to the Committee on Planning, Housing and Development.

Mr. Wagner presented

No. 2052 Resolution providing for the issuance of a warrant in favor of Moscatiello Construction Company, in the amount of \$5,024.44, in payment of extra work being in addition to the original contract price of \$3,460,895.69, on Controller's Contract No. 26658, furnished for the benefit of the City in connection with the Reconstruction of Warrington Avenue, Phase I, payable from Code Account CDPW 1983, 4-13-01-0130-83-250-83-13, Index Code No. 432534. Prior approval granted by Council December 3, 1984.

Also,

No. 2053 Resolution providing for the issuance of a warrant in favor of Moscatiello Construction Company, in the amount of \$8,159.16 in payment of extra work, being in addition to the original contract price of \$3,460,895.69 on Controller's Contract No. 26658, furnished for the benefit of the City in connection with the Reconstruction of Warrington Avenue, Phase I, payable from Code Account 1983, 4-13-01-0130-83-250-83-13, Index Code No. 432534. Prior approval granted by Council October 10, 1984.

Also,

No. 2054 Resolution providing for the issuance of a warrant in favor of Spiniello Construction Company, in the amount of \$108,000.00 in payment of extra work, being in addition to the original contract price of \$281,200.00 on Controller's Contract No. 27037, furnished for the benefit of the City in connection with the installation of 50" Cement Lining - Baum to Amberson Street - Project No. 1743, payable from Code Account WD 84-05, 4-13-48-1020-84, Index Code No. 313650. Prior approval granted by Council July 16, 1984 and December 12, 1984.

Also,

No. 2055 Resolution providing for the issuance of a warrant in favor of P. DePasquale, Inc., in the amount of \$35,000.00 in payment of extra work, being in addition to the original contract price of \$349,151.20 on Controller's Contract No. 27078-F, furnished for the benefit of the City in connection with the Reconstruction of the Stadium Street Wall, payable from Code Account 1981 CDPW, 4-13-05-0423-81-200-81-13, Index Code No. 432591. Prior approval granted by Council October 5, October 8, November 29, and December 10, 1984.

Which were severally read and referred to the Committee on Finance.

Also,

No. 2056 Resolution further amending Res. No. 474, effective May 29, 1979, as amended, entitled: "Providing for a Cooperation Agreement or Agreements with Buhl Planetarium, a non-profit corporation, in connection with the removal of architectural barriers," by decreasing the total project allocation from \$260,000.00 to \$236,014.00.

Also,

No. 2057 Resolution amending Res. No. 910, effective September 22, 1982, entitled: "Providing for a Contract or Contracts for the construction of a new No. 42 Engine Company (East North Side), and providing for the payment of the cost thereof," by reducing the total project allocation from \$800,000.00 to \$769,476.31.

Which were read and referred to the Committee on Engineering and Construction.

Mr. Woods presented

No. 2058 Resolution providing for an Agreement or Agreements with the East End Cooperative Ministry for professional services in connection with feeding needy citizens of Pittsburgh, at a cost not to exceed \$914.17, chargeable to and payable from Code Account 1838, Misc. Services, Department of Parks and Recreation, Index Code No. 183806. —
(SPONSORED BY MR. WOODS & MR. STONE)

Which was read and referred to the Committee on Parks and Recreation.

Mr. Woods moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Wagner seconded the motion.

Which motion prevailed.

Also,

No. 2059 Resolution providing for the issuance of a warrant to Bernard D. Marcus, in the amount of \$42,500.00 in full settlement of claim for personal injury, payable from Code Account No. 46, Judgments.

Also,

No. 2060 Resolution authorizing the Mayor and Director of the Department of Finance to enter into an Agreement or Agreements with a professional services consultant to conduct a performance audit of the City Controller's Office, at a cost not to exceed \$50,000.00, chargeable to and payable from Code Account 1063, Miscellaneous Services, Department of Finance.

Also,

No. 2061 Resolution providing for the lease of certain property on the second floor of 1700 East Carson Street, 17th Ward, from February 1, 1985, for a term of 18 months, with a one year option, at a rental of \$7,252.67 per month, to house the City's Youth Employment and Training Program, upon certain terms and conditions, at a cost not to exceed \$130,548.06.

Michelle Madoff:

Mr. President, point of order. On

that bill, would you ask the sponsor of the bill to also provide for us some property that we own in the City to replace doing this? There's a possibility of our owning some property. We have City property that we could perhaps, for the money we're going to rent with, just rehabilitate and own it. It's crazy to rent.

Also,

No. 2062 Resolution authorizing the Mayor and the Director of Finance, on behalf of the City of Pittsburgh, County of Allegheny and School District of Pittsburgh to transfer its rights, title and interests, if any, for certain Three Taxing Bodies' property in the 26th Ward of the City of Pittsburgh to the Pennsylvania Department of Transportation. Deed to be in quit claim form for a total consideration of \$960.00.

Also,

No. 2063 Resolution amending Item C of Res. No. 1121, approved December 28, 1984, for the sale of a lot on Kincaid Street, 10th Ward, Block 50-F, Lot 42, to Frank Hammond, for the sum of \$300.00. The reason for the amendment is to delete the initial (M) from the name of the former owner, Margaret Anderson, and to add Parkvale Savings & Loan as a former owner.

Also,

No. 2064 Resolution amending Item E of Res. No. 1121, approved December 28, 1984, for the sale of vacant land on Stromberg Street, 16th Ward, Block 30-E, Lots 62, 65, and 68, to James A. Fronczak, for the sum of \$2,600.00. Amendment is to correct the description of the property.

Also,

No. 2065 Resolution amending Item B of Res. No. 1047, approved December 5, 1984 for cancellation of sale and forfeiture of hand money of John & Sylvia Clark (2816 Bedfore Avenue) 5th Ward. Amendment is to correct the amount of the sale and forfeiture.

Also,

No. 2066 Resolution amending Item K of Res. No. 1121, approved December 28, 1984, for the sale of a lot on 4 Mile Run Road, 15th Ward, Block 54-J, Lot 142, to Martin S. Matvey, for the sum of \$300.00. Amendment is to correct T.D.B.V. & page.

Also,

No. 2067 Resolution amending Item F of Res. No. 1121, approved December 28, 1984, for the sale of 2 lots on Gregory Street, 17th Ward, Block 12-N, Lots 240 & 241, to Francis X. Scheidel and Pauline Scheidel, his wife, for the sum of \$750.00. Amendment is to correct date acquired.

Also,

No. 2068 Resolution providing for the filing of a petition or petitions for the sale of certain property or properties acquired at tax sale in accordance with Act No. 514 of 1947 as amended.

Also,

No. 2069 Resolution Repealing Resolutions approved on various dates, for sale of properties in various Wards of the City, in accordance with Act No. 514, and providing for the forfeiture of hand money.

Also,

No. 2070 Communication from

Charles T. Blocksidge, Ph.D., Director of Assessments, Board of Property Assessment Appeals and Review, County of Allegheny, submitting a certified total assessment of land and building for the City of Pittsburgh, applicable to the year 1985. Land - \$359,142,578.00; Buildings - \$1,437,730,933.00; Total - \$1,796,873,511.00.

Which were severally read and referred to the Committee on Finance.

Also,

No. 2071 Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire all of the City's right, title and interests, if any, in and to the publicly owned properties in various Wards of the City of Pittsburgh designated in the Deed Registry Office of Allegheny County.

Which was read and referred to the Committee on Planning, Housing and Development.

UNFINISHED BUSINESS

The Chair presents

No. 1201 Resolution approving the appointment of Mr. Charles Rhodes, 10 Allegheny Center, Apt. #809, Pittsburgh, PA 15212, to the Minority and Womens Business Enterprise Review Committee for a term to expire April 1986.

Which was read.

Also,

No. 1914 Resolution approving the appointment of Reverend Roy Holmes, 3131 Ewart Drive, Pittsburgh, PA 15219, to the Minority and Womens Business Enterprise Review Committee

for a term to expire January 1, 1988.

Which was read.

Also,

No. 2038 Resolution approving the appointment of Ms. Cheryl A. Craig, 102 Elena Court, Pittsburgh, PA 15201, to the Minority and Womens Business Enterprise Review Committee for a term to expire January 1, 1988.

Mr. Robinson moved to approve the appointments.

Michelle Madoff seconded the motion.

Which motion prevailed.

REPORTS OF COMMITTEES

Mr. Woods presented

Bill No. 2072

Report of the Committee on Finance for January 16, 1985 transmitting two ordinances and sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1916

A Resolution entitled, "Resolution transferring Ninety-Six Thousand Five Hundred and Thirty-Eight Dollars (\$96,538.00) from Code Account CCTF, Community Communications Trust Fund, (Index Code 250555) to the General Fund, City of Pittsburgh, for reimbursement of indirect costs incurred by the Bureau of Cable Communications."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 8

NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 1918

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Richard F. Fontana, in the amount of \$1,500.00 for consulting and research services rendered to Michelle Madoff, without previous authority of law, and providing for the payment of the cost thereof." —(SPONSORED BY MICHELLE MADOFF)

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 8 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Also,

Bill No. 1922

A Resolution entitled, "Resolution authorizing and directing the City Controller to conduct a fiscal audit of funds in the amount of \$10,000.00 or more allocated by the City of Pittsburgh to various groups and organizations under Grants and Donations."

—(SPONSORED BY MR. O'MALLEY)

Which was read.

Michelle Madoff:

Point of order. Mr. Perry, on the original bill did you indicate that that was money transferred from my allotment?

The Chair:

We'll handle that.

Michelle Madoff:

You asked the question last time. It ought to be in the bill.

The Chair:

I'll cover it but let him read all the bills first.

Michelle Madoff:

I'm making a point that in the future it should be on all the bills so there's no confusion.

Mr. Grabowski:

Mr. President, on Council Bill 1922, which is Councilman O'Malley's bill directing the City Controller to audit any organization that receives a grant or donation in excess of \$10,000, I intend to vote against this legislation and I would urge all my colleagues to do the same. A few weeks ago, this Council saw fit to eliminate a number of auditors from the City Controller's budget and now we are trying to tell the City Controller to do more work with less and I don't think that this is the proper way to proceed.

If we're concerned about these organizations receiving this money, perhaps we should ask them for some sort of audit performed by a CPA or something similar before we give them their donations. If they do not satisfy this Council's desire in that respect then maybe we shouldn't give them the donation at all.

Mr. O'Malley:

I'd like to comment on that. I think it's unconscionable for this Council to give \$4.5 million away each year to 19 individual groups without any regard for how that money is spent. I think if we are going to give \$4 million of taxpayers' money away I think we have the right to ask that it be audited to be sure that it is spent properly and correctly.

As far as Mr. Grabowski's comments on the Controller's Office, even at this stage Mr. Flaherty is not sure that he does or does not have the adequate staff. Under the rules of the Home Rule Charter, every department is

to be audited four year. Mr. Flaherty has not had his full contingency of auditors in tact for a year yet.

Regardless, I would rather see that these groups are audited and then if Mr. Flaherty is short of personnel and needs additional help, let him come back to this Council again next year.

The Chair:

Can I ask the maker of the motion, are we concerned with the audit of our funds or a complete audit of all of the funds of that organization?

Mr. O'Malley:

No, what this is is just an audit of the funds that Council grants to these organizations. If we grant them \$25,000 I just want to make sure that \$25,000 is properly spent. As in the case of Carnegie Library where it's over \$3 million, I'd just like to make sure that the performance audit specifically points out that the money is being utilized properly.

The Chair:

Our money.

Mr. O'Malley:

Our money.

Michelle Madoff:

I think Councilman O'Malley and Councilman Grabowski are both correct. When we see stories in the paper on Greater Pitt and there was an organization that most of the members of this Council were appointed to but I left almost immediately because I didn't like the way the bookkeeping was done and I wanted no part of it. But I don't think it's fair to vote against the auditors

and I think unfortunately the public picks up from the media the fact which is that Council voted against something. The public doesn't know that frequently the vote is 4-5; that almost half of us, if we could cut somebody in half, was for an issue and not against it. But the finished product comes out as Council opposed and not credit to those who perhaps agree with and supported it.

It would appear to me that if Council is going to give money to 19 groups for \$4.5 million, that we could arrange to have our own audits done either by allocating some money from Council's dollars or by having the City auditor, that's Mr. Schmeiser, Fiscal Officer of the City, arrange to have an audit.

In most cases the major contributions being to the Symphone and the Library, etc., do not require anything but having their audit turned in because its done generally by a major accounting firm. It is only in the cases of the small groups that we're really trying to help and we want to see that the money is used for what it's supposed to be, that audits would have to be done.

My suggestion would be to have the City auditor, Mr. Schmeiser, ask whether he would be willing to do the audits and if he is not then this Council would allocate monies each year to do the audits as part of our operating budget. But to put this burden on someone such as a Controller, when we voted against - and I say "we"; I didn't vote against it, I voted to override the Mayor's veto, I voted for a compromise as did my colleagues, from six auditors to three auditors and we lost that battle. That means we all lose. You cannot come back and tell the Controller's Office to audit all these accounts when you don't give him the people to do the job. You don't say, "Go

out and fight the war" and after you win, Mr. O'Malley, we'll give you the tanks and the machine guns. You can't say go out and audit that and if you're short then we'll give you people. That's not how audits are done and you know it. So let's be fair.

Let us send a letter to Mr. Schmeiser seeing if the City's Fiscal Officer can audit those accounts that need to be audited so that the City and the Administration who ends up with the worst brunt of corruption when it takes place and this Council, we're responsible, we're pointed to as those bafoons who gave money to a group that abused the money, that we have somebody doing the auditing. But I don't think that the four of us who voted to maintain, I believe it was four, and give the Controller the help that he needs can in good conscience put this burden on him.

So, I'd ask that my colleague reconsider, hold the bill, see if the City Fiscal Officer would audit these accounts and if failing that we come up with an auditing system of our own.

Mr. Wagner:

Mr. President and members of Council, I think the legislation is an excellent beginning to investigate how the grant money that we provide to these organizations is spent. I think we are directing the Controller to determine how that money is spent by those organizations. I don't think in the majority of these audits, it's a very detailed, difficult, time-consuming process. Especially where we're giving \$10,000 to an organization, it may take no longer than a couple hours to audit that and one individual out of the Controller's Office may be able to audit two organizations in one day.

So, I don't think we're over-taxing

the Controller's Office. If we are, we don't know that yet; therefore, I think we should proceed with the legislation as it's indicated.

Mr. O'Malley:

I agree with Michelle to a degree but unfortunately Ron Schmeiser's office is not staffed to do audits.

If this legislation passes, this legislation is going to require the Controller's Office to audit grants and donations on a yearly basis. The Home Rule Charter requires Mr. Flaherty, the Controller, or whoever it may be, to audit each department every four years.

This is the law. If this passes, the grants and donations are going to have to be audited this year. If Mr. Flaherty has to put off auditing another department, then he can come back and say that he had to put off auditing another department because he lacked adequate staff. But we don't know that. My concern here is that it seems like every time we allocate funds, whether it's for Greater Pitt or for Community Action Pittsburgh, where taxpayers' funds or federal money is allocated to help people, it seems the people that need the help the most are the ones that get hurt. I certainly don't want that to be the case in City Council when we give grants and donations.

Michelle Madoff:

Mr. Chairman, I think everything that is being said at this table is accurate. We all agree that the grants should be audited. We all agree that we don't want a repetition of what's happened with the Greater Pitt episode or with CAP and CAP was the group that I was referring to.

But let me go back and point out

to my colleague, Mr. Wagner, who was not here at the time, most of us on the Council at that time were appointed to be members of that board. I'll give you a typical example of why I don't believe your assumption that it will be a little bit of work is correct. When you have a major entity such as a library or Civic Light Opera or a symphony, and the money is spent for a specific item, maybe five or six items, there's control, there's staffing, but when you give it to a group like CAP, you come to this meeting, sit in this room, and I can remember it as vividly as if it were ten minutes ago, and I sat there and the woman was asked, "Where are your receipts for the laundry?" She said, "We put the money back into repairs." They said, "Where are the bills for the repairs?" She said, "We didn't keep those." Where was the money? It came in fifty cent pieces, it came in dollars; there were absolutely no records kept because these people are not bookkeepers or accountants. They can't ask them to do that. So what happens is that it becomes detailed, detailed, detailed volume work. There's more work on something like that than there is when you deal with a major audit.

So, I don't want you to be confused in any way to think it's just a little audit, that you go in and do it in an afternoon. There may be a lot of detailed issues. But that doesn't mean that the people shouldn't get the money; that doesn't mean that the needy should be deprived. But it does mean that we should be auditing it and I think that if you look at the smaller groups, very frequently they work on minimum salary, you have more people, more line items, more detail, than you ever do when you have a major audit.

Mr. Robinson:

Mr. President and members of

Council, just a couple of things. One, I am supportive of Council Bill 1922. I do think it speaks to a very important issue in the City and that is the issue of accountability for public funds. I don't think there's anyone on this Council who does not agree that we should require everyone who is handling public funds to be accountable and I think we have an obligation to require if not an audit some sort of pre-audit survey prior to giving money to community groups and organizations. Whether it's \$10 thousand or \$10 million, I think that we have that obligation and this piece of legislation I think is one attempt to address that.

Certainly the Controller has within his prerogative the ability to initiate audits on his own but he's also required by the Home Rule Charter to follow an ordinance or resolution passed by Council giving him a very specific charge. I'm sure that the Controller will meet his responsibility and obligation and that this Council can find some way to work with him so that those groups and organizations that receive money from us, \$10,000 and up, can be assured that we are going to hold them accountable before, during and after that money is given to them.

One point of clarification, if I might. It's been suggested here at this Council session today that Community Action Pittsburgh received money from the City of Pittsburgh. That's not correct. The monies that Community Action Pittsburgh received either came from the federal government or the state government. Those members of Council who served on the CAP board served because of the CAP regulations which indicated that local elected officials had a right to serve. But there was no City of Pittsburgh money involved and we did not have any responsibilities in that regard.

If Council will remember, on at least two occasions I requested that this Council, the Mayor, and our Controller, at that time Mr. McGrady was our Controller, assist CAP and one of the things that I asked for was assistance in addressing their fiscal problems. Unfortunately, Council, the Mayor and the Controller did not have an opportunity to address CAP's problems. Perhaps if we had, as elected officials, taken it upon ourselves to lend them some assistance, they could have avoided the difficulty that many community groups and organizations encounter.

I think it's important for us to let everyone know who is receiving City money where we're involved with them. There must be some fiscal accountability and I think Council Bill 1922 addresses that.

Michelle Madoff:

Sorry, this is a very important item.

The Chair:

Well, the Chair thinks we're belaboring it but go ahead.

Michelle Madoff:

This Council has repeatedly voted against the grants person. What we might consider is not only having a grants person to do what Mr. Stone has suggested previously in previous years and that is help groups who are confronted with exactly what Mr. Robinson just said, not the ability within a group, to prepare a proposal but even perhaps as Mr. Robinson has stated, to deal with the financial problems we might have somebody on our staff in our budget office that would be available to the groups to help them in managing funds, be the grants person, perhaps even

raise money for them and help them or even do the audits for them. I still think the proper place is within our own budget and our own Council if indeed the City auditor doesn't want to do it.

I might end by saying, Mr. Robinson, you're absolutely right. It was federal dollars but we were the conduits. It didn't matter because it was mandated that members of Council sit on that board, as you've stated; we were supposed to be representatives on that board and I took one look at it and said, "That's not for me." because there was no accountability. You're right; there should be accountability but you don't get accountability by putting the burden onto the Controller when we don't vote him the auditors and then taking the accountability on other things that are going on in the City away from his purview because he just doesn't have the staff to do it.

The Chair:

Take the roll.

Michelle Madoff:

I'd like to hold my vote until the end.

Mr. Robinson:

On Bill 1922 I'd like to have it indicated that I did vote to support the Controller receiving six auditors, three auditors, and I did make the motion to override the Mayor's veto and I did vote to support overriding the Mayor's veto so the Controller could get the staff he needed in 1985.

Michelle Madoff:

I think that Mr. Robinson's approach is a very accurate one or one that I could live with. I'll just say ditto.

I'd like to vote aye and indicate that I've been a supporter of the Controller in getting his auditors and as Mr. Robinson said for six, compromise at three and voted to override the Mayor's veto. But I think that we have to look towards auditing these accounts and I will then speak to the auditor about putting out an ad to get some volunteer retired people who might want to come in and help him without charge. Someway or other the auditor has to have the freedom and independence, no conflict of interest, to do independent auditing.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 6 NOES 2

(MR. GRABOWSKI AND MR. WOODS VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 1948

An Ordinance entitled, "An Ordinance supplementing the Pittsburgh Code, Title One, Administrative, Article XI, Personnel, Chapter 180, Personnel

Administration, Section 180.05, Staffing, by adding new sub-section 180.05(e), Newly Created Positions, which requires that all newly created positions of employment with the City of Pittsburgh be accompanied by detailed descriptions of job duties, qualifications, and requirements."

—(SPONSORED BY MR. WAGNER)

Which was read.

Mr. Wagner:

On Bill 1948, the question was asked in that bill pertaining to staffing of the City of Pittsburgh that detailed job descriptions, job duties and qualifications, along with requirements, should accompany all new job positions in the City of Pittsburgh. That bill not only applies to the Administration but also to Council and to the City Controller.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 1949

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Anjo Construction Co. (B. Moscatiello, President) in the amount of \$15,900.00 in payment for extra work being in addition to the original contract price of \$2,134,000.00 on Controller's Contract No. 26833, furnished for the benefit of the City in connection with the Site General Contract at the Pittsburgh Zoo - Phase III; Savanna Exhibits, and providing for the payment thereof."

Which was read.

Also,

Bill No. 1950

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Jendoco Construction Corporation in the amount of \$12,920.60 in payment for extra work, being in the addition to the original contract price of \$936,500.00 on Controller's Contract #26768 and 26768-F furnished for the benefit of the City in connection with the renovation of Fowler Pool and Playground; and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens
Mr. Grabowski
Michelle Madoff
Mr. O'Malley

Mr. Robinson
Mr. Wagner
Mr. Woods
Mr. Stone
(Pres't)

AYES 8

NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 1958

An Ordinance entitled, "An Ordinance supplementing the Pittsburgh Code, Title One, "Administrative", Article XI, "Personnel", Chapter 181, "General Provisions", by adding Section 181.10, authorizing the payment of an attendance allowance of five dollars (\$5.00) to the members of various boards, commissions, committees and task forces who are not City employees, to be effective January 1, 1985."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens
Mr. Grabowski
Michelle Madoff
Mr. O'Malley

Mr. Robinson
Mr. Wagner
Mr. Woods
Mr. Stone
(Pres't)

AYES 8

NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 1960

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Thomas DiDiano Construction, Incorporated, 311 Fielding Drive, Pittsburgh, Pennsylvania 15235, in the amount of \$1,100.00 in payment for labor and materials necessary to construct suspended drywall partition inside the entrance corridor of the Department of Law, furnished for the benefit of the City without previous authority of law, and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mr. O'Malley	Mr. Stone (Pres't)

AYES 8

NOES none

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Also,

Bill No. 1961

A Resolution entitled, "Resolution Repealing Resolutions, approved on various dates, authorizing the sale of properties in various Wards of the City of Pittsburgh, in accordance with Act No. 514, as amended, and providing for the forfeiture of hand money."

Which was read.

Also,

Bill No. 1962

A Resolution entitled, "Resolution Repealing Item A of Resolution No. 346, approved April 19, 1979, which authorized the sale of property in the 5th Ward, located at 142 Erin Street, designated as Block 10-J, Lot 66, to Sylvester P. Hughes, for the sum of \$750.00."

Which was read.

Also,

Bill No. 1963

A Resolution entitled, "Resolution Repealing Item K of Resolution No. 652, approved August 2, 1984, which authorized the sale of property in the 25th Ward, being a vacant lot located at 1719 Brighton Place, designated as Block 22-H, Lot 238 to Willie Boulware and Bertha S. Boulware, his wife, for the sum of \$400.00."

Which was read.

Also,

Bill No. 1964

A Resolution entitled, "Resolution amending Item K of Resolution No. 1048, approved December 5, 1984, which

authorized the sale of property in the 26th Ward, being vacant land located on ValleyView Street, designated as Block 163-B, Lot 80, to John P. Fullmer and John F. Fullmer, for the sum of \$1,800.00."

Which was read.

Also,

Bill No. 1965

A Resolution entitled, "Resolution providing for the filing of a petition or petitions for the sale of certain property or properties acquired at a tax sale in accordance with Act No. 514 of 1947 as amended."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Givens presented

Bill No. 2073

Report of the Committee on Public Works for January 16, 1985 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1917

A Resolution entitled, "Resolution granting unto Mercy Hospital, their successors and assigns, the privilege and license to construct, maintain and use, at their own cost and expense, a Pedestrian Bridge over the right-of-way of Locust Street in the 1st Ward of the City of Pittsburgh."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 7 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Robinson presented

Bill No. 2074

Report of the Committee on Planning, Housing and Development for January 16, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1932

A Resolution entitled, "Resolution approving a Conditional Use under Section 993.01(a)A(8) of the Pittsburgh Code, Title Nine, Zoning, Article V, Chapter 993 as amended, for authorization to Mercy Hospital of Pittsburgh to construct a two story front and rear extension to the Mercy Tower and to construct a pedestrian bridge. The property is located along LOCUST STREET; MARION STREET; BOULEVARD OF THE ALLIES and STEVENSON STREET, 1st Ward."

Which was read.

Also,

Bill No. 1934

A Resolution entitled, "Resolution approving a Conditional Use under Section 993.01(a)A(10) of the Pittsburgh Code, Title Nine, Zoning, Article V, Chapter 993 as amended, for use of existing structure at 733 NORTH HIGHLAND AVENUE and construction of a new one-story building to be occupied as an Institutional Facility by Community Development Centers, Inc., 11th Ward."

Which was read.

Also,

Bill No. 1935

A Resolution entitled, "Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire all of the City's right, title, and interest, if any, in and to the publicly-owned properties in the 21st and 25th Wards of the City of Pittsburgh, under the Residential Land Reserve Fund, said properties being designated in the Deed Registry Office of Allegheny County, Pennsylvania."

Which was read.

Also,

Bill No. 1936

A Resolution entitled, "Resolution approving execution of Contract for Disposition of Land by and between Urban Redevelopment Authority of Pittsburgh and Tom Mistick & Sons, Inc. for the sale of various properties in the City of Pittsburgh for \$1,000.00 per dwelling unit (Townhouse Construction)."

Which was read.

Also,

Bill No. 1937

A Resolution entitled, "Resolution approving execution of a Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and Tom Mistick & Sons, Incorporated for the sale of various properties in the 21st Ward of the City of Pittsburgh in Redevelopment Area No. 27 for \$1,000.00 per dwelling unit (Townhouse Construction)."

Which was read.

Also,

Bill No. 1938

A Resolution entitled, "Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire all of the City's right, title and interest, if any, in and to the publicly owned property in the 4th Ward of the City of Pittsburgh designated in the Deed Registry Office of Allegheny County as Block and Lot 28-R-290, under the Residential Land Reserve Fund."

Which was read.

Also,

Bill No. 1939

A Resolution entitled, "Resolution approving execution of a Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and Robert C. Arlia for the sale of Block 83-L, Lot 14 in the 11th Ward of the City of Pittsburgh (Urban Homesteading Resale for Rehab)."

Which was read.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. O'Malley presented

Bill No. 2076

Report of the Committee on Public Safety for January 16, 1985 transmitting one ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1931

An Ordinance entitled, "An Ordinance supplementing the Pittsburgh Code, Title Six, Conduct, Chapter 659, Unlawful Practices, by adding Section 659.05, Religious Symbol Desecration, and re-numbering of Section 659.05, Enforcement, to 659.06."

—(SPONSORED BY MR. ROBINSON)

Which was read.

Mr. O'Malley:

I'd like to commend Mr. Robinson. Even though it came from my

committee, this was Mr. Robinson's bill. He wrote and introduced the bill and I think it was written and introduced in a very significant and very timely fashion because the tactics, it would seem, employed by a group of dissidents throughout the City of Pittsburgh deny people, whether those people are Catholic, Jewish, Protestant or Baptist, or any other religion, they try to deny those people their constitutional right to worship in freedom and peace.

If this piece of legislation passes this Council and hopefully the Mayor will sign it, what I'd like to have Mr. Perry do is send that out immediately to the Superintendent of Police and also to the Inspectors at the nine precincts of the City of Pittsburgh and to let them know that it is Council's wishes that that law and that piece of legislation be enforced.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mr. O'Malley	Mr. Stone (Pres't)

AYES 8

NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Wagner presented

Bill No. 2077

Report of the Committee on Engineering and Construction for January 16, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1951

A Resolution entitled, "Resolution further amending Resolution No. 1385, approved December 27, 1982, effective January 1, 1983, as amended, entitled: 'Adopting and approving the 1983 Capital Budget and the 1983 Community Development Block Grant Program; and approving the 1983 through 1988 Capital Improvement Program,' by retitling a line item."

Which was read.

Also,

Bill No. 1952

A Resolution entitled, "Resolution further amending Resolution No. 1589, effective January 1, 1979, as amended entitled, 'Resolution adopting the 1979 Capital Budget; allocating and setting aside amounts in connection therewith, creating Capital Funds, transferring Bond Funds, to said Capital Funds,' by retitling a line item."

Which was read.

Also,

Bill No. 1953

A Resolution entitled, "Resolution

amending Resolution No. 553, effective July 15, 1983, entitled: 'Providing for a Contract or Contracts for the Widening and Reconstruction for the Pennsylvania Avenue Bridge over the Conrail Railroad and Roadway from Brighton Road to Allegheny Avenue, including work on private property and other work incidental thereto; and providing for a reimbursement Agreement or Agreements with the Commonwealth of Pennsylvania, Department of Transportation, and providing for the payment of the cost thereof,' by providing for the payment of the cost thereof from the Pennsylvania Avenue Trust Fund."

Which was read.

Also,

Bill No. 1954

A Resolution entitled, "Resolution providing for an Agreement or Agreements with Pittsburgh Testing Laboratory (M. Y. Ruyan, President) for Engineering Services in connection with the shop inspection of the fabrication of the structural steel for the P.J. McArdle Roadway, Phase III; and providing for the payment of the costs."

Which was read.

Also,

Bill No. 1955

A Resolution entitled, "Resolution further amending Resolution No. 1218, effective December 31, 1979, as amended by Resolution No. 78 effective February 22, 1980, as amended by Resolution No. 430 effective June 6, 1984, as amended by Resolution No. 990 effective November 20, 1984, entitled: 'A Resolution providing for a Contract or Contracts for Engineering and

Architectural Services for Grant Street and Liberty Avenue Design, Fort Pitt to Liberty, Sixth Avenue to Twelfth Street; providing for the payment of costs thereof; and providing for a Reimbursement Agreement or Agreements with the Commonwealth of Pennsylvania, Department of Transportation", by increasing the total project allocation by \$17,000.00."

Which was read.

Also,

Bill No. 1956

A Resolution entitled, "Resolution amending Resolution No. 129, effective March 9, 1984, entitled: 'Providing for a Contract or Contracts, including the use of existing Contracts, for construction in connection with Renovation of various park facilities, and providing for the payment of the cost thereof,' by increasing the project allocation by \$60,000.00."

Which was read.

The Chair:

Is there any discussion on the bills?

Mr. O'Malley

Mr. Robinson
Mr. Wagner
Mr. Woods
Mr. Stone
(Pres't)

AYES 8

NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

The Chair presents

No. 2078 WHEREAS, the Pittsburgh Public Parking Authority has instituted a flat \$1.00 rate for evening parking in its downtown garages. This reduced rate is being established to stimulate Golden Triangle night life which has declined in the past year. The Authority has parked fifteen percent fewer cars in the evening in 1984 than the previous year; and

WHEREAS, the new rates will begin February 1st and will continue for a ninety day trial period in conjunction with a promotional campaign to be funded by the Golden Triangle restaurants; and

WHEREAS, The Golden Triangle has many fine restaurants and entertainment centers. This reduced parking rate will encourage the public to dine and recreate in these places of business.

NOW THEREFORE, BE IT RESOLVED, that the City Council of the City of Pittsburgh urges the owners and operators of privately controlled parking lots and garages to institute a flat \$1.00 rate for evening parking in their lots and garages during the same period.

BE IT FURTHER RESOLVED, that the Traffic Engineers in the City Department of Engineering and Construction and in the Department of City Planning review the night time parking regulations on all downtown streets to determine which streets can be reopened to on street parking in the

evening hours. It is the belief of City Council that these two additional steps will encourage patronage in our evening business and preserve the employment of the many people who depend on these establishments for their livelihood.

Michelle Madoff moved to adopt the resolution.

Mr. Woods seconded the motion.

Which motion prevailed.

The Chair:

If I may just for a moment, I think all of us are aware of the problems we have had with some of our businesses within the Golden Triangle and needless to say the subway construction which was to have taken one Christmas season unfortunately took two and is still dramatically affecting all of our restaurants and businesses here in the City of Pittsburgh.

Having traveled considerably myself, I've had the opportunity to eat in many of the finest restaurants in the United States and Canada and I think Pittsburgh has some of the best restaurants on this continent and I think this unique asset needs to be protected and as well needs to be encouraged.

Last November I made a motion at the Public Parking Authority to do something similar to this relative to the light-up season in hopes that that would work. Regretfully, the beneficiaries of that kind of motion were not inclined to accept it. This time, however, Ben Hayllar representing the the Mayor and Mr. King of the Hilton Hotel representing the Golden Triangle Merchants came to the Public Parking Authority and explained their position. I had the honor of making that motion on behalf of the Public Parking Authority

and enjoining in that joint effort for the Golden Triangle restaurants.

We need now, obviously, and the reason for this resolution, the support of the private garage owners to go along with this program during that 90 day period. We need as well the cooperation of our traffic engineers in the City of Pittsburgh to go along with that program. And last but not least, we need some encouragement from the media in hopes that we can give this as much publicity as we can so that we can bring them all home, back to the Golden Triangle to help all the people that are there. They are spending considerable monies and they need, with all their good efforts, to be encouraged and assisted wherever possible.

Okay, now Michelle has a motion.

Michelle Madoff:

I'll make it as a floor motion.

BE IT RESOLVED, that the City Clerk is hereby directed to run a display ad in all the major newspapers, and — I want to amend that to include as Mr. Stone has suggested — the Legal Journal, for the purpose of hiring a full time solicitor for Council with background in municipal government, economics, accounting and the ability to draft legislation.

BE IT FURTHER RESOLVED, that a search committee be formed comprised of three members of Council to be appointed by the President of Council within seven days of this motion.

That means that we don't wait until after the election, we don't put it off, and we use the money that we allocated by a majority vote passed in this Council.

Mr. O'Malley seconded the motion.

Mr. Grabowski:

Mr. President, I'm really not certain why we would want to hire a legal advisor who has a background in economics and accounting. I think the only thing that is essential in this matter is that he have a background in municipal government and be capable of drafting legislation. I would ask my colleague to amend it accordingly.

Michelle Madoff:

I would have no problem in doing that. The reason I put it in is to cover all bases because I'm sure that those who did not support the bill will look for ways to stall. I happen to know that that is what is going on and I wanted to be sure that I covered every possible loophole so they couldn't come back and say, "Well, they don't have a degree in economics and they don't have the ability to do accounting" so I just threw everything I could think of into the bill.

If you wish to take that out I concur with you completely, if you can get the votes for it.

Mr. Grabowski:

If I can respond, since I was not one of those who supported this bill, I will support your resolution or your motion if you take that out.

Michelle Madoff:

I take them out. I amend it to take out both accounting and economics; is that correct, Mr. Grabowski? Thank you for your support.

Mr. O'Malley:

Two weeks ago, I asked that the

Council President set up a screening committee comprised of three members of Council with Michelle Madoff on it because it was her legislation and any other two Councilmembers that the President would prefer because I didn't feel that it was fair to have anybody interested in applying for this job have to lobby each nine members of City Council. I also don't think it's fair to my colleagues because many of us have full schedules as it is. I think the screening committee would be very beneficial, to screen the applicants down to maybe three or five.

Has the President of City Council given that recommendation any more consideration?

The Chair:

We will be setting up a committee on it —

Michelle Madoff:

Within seven days if this motion passes.

The Chair:

That's no problem, setting up the committee. It's just that the form in which we advertise is the key, I think.

Michelle Madoff:

Well, I think what Mr. O'Malley is stating is that we don't pick the person; we come before Council with a number of suggestions of names and then the Council picks the person by majority vote.

The Chair:

No question with that.

Mr. O'Malley:

The committee could also decide on what type of ad should be run in the local newspapers.

The Chair:

That leads to my question. Do you really need the newspaper if you're going to put it in the Pittsburgh Legal Journal?

Michelle Madoff:

I have no problem with that; I don't mind running that first of all. I think that's a logical place to run it.

The Chair:

Substitute or both?

Michelle Madoff:

I think we could start with the Legal Journal and see what we get and I don't think there's a charge for that.

The Chair:

Yes, but when there are time constraints I think you want it done quickly.

Michelle Madoff:

Well, let's go with the Legal Journal first. And we can amend that bill from "run ad in all newspapers" to "run ad in the Legal Journal".

Do you feel, sir, since you're an attorney that most people read the Legal Journal before they read the newspapers?

The Chair:

Yeah, but I think what you have to

decide, Michelle, since you're the maker of the motion, is whether you want both or —

Michelle Madoff:

No, I said one. I think that you have a valid point. When I read the bill I amended it to include "and the Legal Journal" but in your wisdom, if you think the Legal Journal will suffice, I'd be happy to save the taxpayers money and just go with the Legal Journal. You're a better judge of that than I am. So, we'll try that first of all.

The Chair:

All in favor signify by saying aye. Opposed?

Michelle Madoff:

May we have a roll call, please?

The Chair:

Nobody is opposed, Michelle.

Michelle Madoff:

Fine.

WHICH MOTION PREVAILED.

Mr. Givens:

Mr. President, if I might on another subject. You were not here Wednesday when I brought up the question in regards to seven bills that were introduced Wednesday and held in Committee for a public hearing that will be conducted on the 12th of February be it your directions. The author of those bills, I'm referring the to bills on South Africa, apartheid, and the economic impact that this will have upon the City of Pittsburgh, its residents and especially that of City employees. Also I read that

the City Controller has taken certain actions within the City pension systems down there and I wonder what the economic impact of this might be.

I feel these seven pieces of legislation that were introduced are so important that each of the Councilpeople ought to have an opportunity to vote on, both on Committee vote and on a final vote, in time enough to go over to the Mayor for his approval or disapproval and back to this Council.

Having a public hearing on the 12th of February, noting and talking to the sponsor of those bills, there was no delay as far as the people who are going to discuss these bills at the public hearing. They are ready to go. They were ready to go last week when these bills were finally introduced. I ask then, Mr. President, why the delay in such a critical thing that will be before us and why is the Mayor not going to have the opportunity to vote on such an important thing that really spans the oceans and international politics, national, both local, it goes into the religious, moral, ethic, and just about any other area of food for thought. But it comes down to these particular seven pieces of legislation.

I want to know why the public hearing is going to be held so late and why the Wednesday's Committee session won't be until the 20th. It appears to me just on the surface, I'm not pointing any fingers at anybody, on the surface that it's being delayed because these bills have been before us in one form or another almost for about a six month period. We're coming up to a crucial milestone in the political ramifications of the City, that of the Democratic endorsement which is the 24th of February. These bills will not have come before the chief administrator of this City prior to that time.

I ask you, Mr. President, the one who sets the public hearings, to move this public hearing up. I look at the calendar of Council for public hearings; there is no public hearings this week, to my knowledge. I don't know how many are for next week or the week after but our schedule is such that it's wide open. Why then hadn't this thing been presented to this Council in time enough? If one of us have one question, technical, legal or otherwise, this whole thing is going to have to be held over possibly until after that crucial endorsement which I think has very significant impact on the outcome of certain elections. I feel that everyone should have the opportunity to vote on these particular seven bills that will be before us or that they be held in such a case because of the magnitude of what the vote means on this and what a vote doesn't mean if someone doesn't have the opportunity to vote.

The Chair:

If the Chair may for a moment, first of all, we don't set hearings to find out if we're going to make somebody vote or not vote. That would be obviously not what you desire because it's never intended that way. There is some comment and if the news accounts are correct I was allegedly accused last Wednesday of meeting with the Mayor and setting this bill this way. Remove that from your mind; neither the Mayor nor anybody on his staff talked to me about it. The legislation came through in the normal course; it was set down in the normal course. At one time we had a portion of this bill that came through Council, there were a great deal of substitute bills which came in from Mr. Robinson, the maker of all these motions, and it was my understanding that they had to go back to the Human Relations Commission and in addition there is the notice requirement that

precedes the setting of that hearing and that was done with Mike Perry and myself and no one else. We weren't out to get this one or out to get that one; we weren't out to make this one vote or make that one vote or make half vote or everybody vote.

The thing that's bothering me and it gives me an opportunity to mention it this time, I get people asking us to set immediate hearings. We do that as much as possible because we don't want these things to drag and I don't think they've ever tried to move as many of the hearings as we have as of late. Every time we set them down we get a request asking then that they want to postpone the hearing. Now we're getting a request to postpone; we try to ask the people who are the sponsors of that request for a hearing, do they want to postpone it. If they say yes then and only in that condition do we do it. Then later someone says why did you do it that way. You're damned if you do and you're damned if you don't.

But relative to this matter, there was no intent, it had nothing to do with the democratic endorsement process. It was a hearing that was set down in the normal course.

Mr. Givens:

I submit to you, Mr. President, because of the seriousness of the legislation that will be before, the public hearing and everything else, I ask you to reconsider. That was my motion and you can reconsider having this in such a fashion —

The Chair:

There's one step in front of that. Before we say something at the table, I think we ought to ask someone whether they did. And if I did set it that way I'd

tell you. But I did not. And I think it's wrong to make a statement when it's not true.

Mr. Givens:

I'm asking you to reconsider and to put this public hearing in such a fashion that all the elected officials will have an opportunity to vote. If you think that I'm just flapping in the wind out there, I disagree with you because I think all these bills that will be before us have such ramifications, political ramifications, and if you say no then I say hold them until after that particular hearing and then let's see what the outcry will be from the people who want this resolved finally in the City of Pittsburgh.

The Chair:

I think you're missing an issue. I want to correct what you said last Wednesday. I did not meet with the Mayor or anyone else. This bill go no special attention and no attention less than what it deserved.

Mr. Givens:

I think they should have gotten some special attention.

The Chair:

I don't believe so. It has to be set down as it should be normally so no one can say as you have said, and said wrongfully, that we set it down for a purpose other than for what reason it was set for.

Mr. Givens:

I am asking you something; are you saying no you're not going to do it?

The Chair:

No, I didn't say that either. I'm still having problems having you understand you errored last Wednesday.

Mr. Givens:

I appreciate all that and I'm just bringing to your attention --

The Chair:

It might be nice if you said that you were incorrect last Wednesday.

Mr. Givens:

I'm just bringing to your attention the seriousness of what impact I feel this is going to have.

The Chair:

Relative to this hearing, the hearing has been set and the Chair recognizes the fact that if this Council wants to change that date the Chair has no objections to it. But it has been set and I'd like Council to make the decision.

Mr. Woods:

Mr. President and colleagues, as you know I happen to sit on the Task Force along with Steve Grabowski and it is chaired by Councilman Robinson. We have mounds and mounds of information that we're sifting through. No one is rushing into it and no one is trying to prolong it. But I think the longer you take to read all this material and for the speakers that are going to be coming to speak, they need time. So no one was prolonging anything. We've had numerous meetings and Mr. Robinson can correct me; in fact, this Task Force is about to come to this Council and ask for money so we can have an impact study. Just because the hearing is set for the

12th and the legislation will be coming up the following Wednesday, it doesn't mean that this Council, and I'm not about to speak for anybody, will act that day. This is a very serious project that we're working on here, pieces of legislation, and we're taking out time sifting through it and I think we're doing a good job. And to my knowledge there was no collusion on anybody's part of when to set the hearing and when the legislation would come up. Correct me if I'm wrong, Bill, but we said at our Task Force meeting when we would want it to come back into Committee and we chose the date of the 20th. Mr. Stone did not do that; Mr. Robinson who is the Chairman of that committee did that and I seconded his motion at that time.

Michelle Madoff:

I think it's really out of order and I think we should get on with other business.

Mr. Givens:

I dare say, Mr. President, if I called for a vote on this I'd probably have the same four or five people that traditionally vote with the Mayor to vote to hold it just the way it is, status quo. I'm saying that it's of significant importance that all elected officials ought to have an opportunity to vote for this particular legislation on South Africa and apartheid. If you don't think that has political ramifications, then your head must be in the sand, Mr. President, because it does have great ramifications. Why would one body, why would the legislative, the Councilmatic body of the City of Pittsburgh have to vote on this and the chief executive who is going to be the enforcer of this legislation not have an opportunity to vote on it? You tell me that.

The Chair:

I don't know where you get the ability to determine what someone else is thinking. I already told you as a Councilman that relative to the hearing, it has been set and there was no talking to anyone to set it. It went through the normal course. I also advised you, sir, as to what you might do if you desire to change it. I don't know how much more I can help you.

Mr. Givens:

I will put it in the form of a motion that this public hearing be set in such a timely fashion and that the Committee session be held in such a timely fashion that both this Council will have a preliminary vote, a final vote, and better than ten days to go over to the Mayor for his final declaration with or without his signature and back to this Council before the 24th of February. I put that in the form of a motion; so everyone has a fair opportunity to evaluate and vote according to their conscience.

Mr. Wagner:

Point of order, Mr. President. I believe all motions must be in writing.

Michelle Madoff:

No, floor motions are acceptable. We cleared that with our --

The Chair:

I think he's proper to make the motion.

Do I have a second? Do I have a second? Do I have a second?

The motion fails for the lack of a second.

Michelle Madoff:

On another matter. I would like to inform Council of a problem that is starting that we want to nip in the bud and what is going on.

The other evening when it was very cold, my television went out. I have the lowest level of cable service and I plan to keep it at the lowest level. I rarely get to watch television but I was home because of the weather and I called in because my television wasn't working properly. It turned out there was a problem in the Mount Washington area, a major connection. But I found out that the new company and I believe it's called TCPI, I don't know what it stands for — What is the new name of this thing? TCI. Pittsburgh TCI — is getting some 50-60 calls a day, they're having an answering service on until 5 o'clock in the evening, people are told that they'll be there or they'll get a call the next day and people misinterpret that as that they'll get service. Furthermore, when they do set up appointments for services, they are not getting the service. People are staying home from work and they are not getting — They are taking time off from work and not being serviced and it is unconscionable.

I've taken the liberty of speaking to the key people at the new cable company that replaced Warner and I alerted them to the fact that I have also spoken to the answering service which happens to be my answering service to alert them that the two people who cover it at night cannot possibly handle five of their lines and 50-60 calls and that something ought to be done to work that out.

But more importantly, I've spoken to Brother Richard of the City and Brother Richard is going to check to see if they can put an answering machine or

an answering service on our new telephones — we have some problems with the telephones as some of us may be aware — and if they can there will be a notice, there will be a notice anyway, on Channel 17 alerting people that if they have a problem with their cable system to please call Brother Richard. If he can get an answering service or a call box it will be a 24-hour thing. If not, it will be 8 to 5. I spoke to Brother Richard and it's not a problem. He follows up on all complaints, the complaints would be people who are not serviced. When somebody calls in and they don't get serviced, they would call Brother Richard to alert him so he can follow through.

So, I must tell you that Big Brother will be watching and there will be a notice on Channel 17.

I have two other items. I read with some pleasure today that the self-service gas stations are legal in the City. Again, that was one of those 4-5 votes where the media reported that Council voted against self-service stations in the City but four of us — unfortunately we don't have a majority yet — voted for self-service.

I would like to request that the City Clerk send a letter to the Law Department. I would like to know in dollars, based on the hourly rate that they estimate for other cases which they've done and I've had some disagreements with them, what they figure it costs the City to defend self-service stations which any reasonably bright person knew would probably pass in the courts. I would like some dollar figure on that and I would also like to know, it says that Council has six months to adopt regulations covering self-service stations, I would like to introduce or ask my colleague, it would not be fair for me to do it, if my colleague

Councilman O'Malley would reintroduce a bill so that we make it the law of the land right now and we don't wait six months. They've had enough damage done.

Mr. O'Malley:

I would just like to commend and congratulate the Supreme Court and their infinite wisdom of allowing self-service in the City of Pittsburgh. I think it's going to benefit the people of the City of Pittsburgh in a number of ways; one, contrary to what many people believe, I think it will increase employment in the City of Pittsburgh. As most people are well aware, they pump three gallons of gasoline in the suburbs to every gallon of gasoline we pump in the City of Pittsburgh. I think now that we have self-service, I think we'll see a lot of new construction of self-service gas stations, of mini-marts. As many people are well aware, the mini-marts are open 24-hours a day and there's a minimum of nine people to ten people needed that are employed in the mini-mart as opposed to four or five in a regular gasoline station.

We also expect to see a decrease in the price of gasoline, down two to three cents a gallon and three to four cents a gallon on premium. For those people that are worried and for those people that do not want to pump their own gasoline or for whatever reason might be afraid, all the surveys that were done in major metropolitan areas report that 40-45 percent of all gasoline stations in any major metropolitan area stays and remains full-service. So, there will be adequate full-service gasoline stations in the City of Pittsburgh to service those that do not want to pump their own gasoline.

I think the Law Department is right. City Council has up to six months

to write the ordinance.

Michelle Madoff:

Let's do it in six days.

Mr. O'Malley:

It's a little more detailed than it seems, Michelle.

Michelle Madoff:

You know what I'm saying; let's not wait six months.

Mr. O'Malley:

Hopefully, what I'm going to do is get together with the Law Department and get together with the group representatives from the gasoline service station organization. I think they should certainly have an input into any ordinance that's going to put rules and regulations on their business. I'll be setting that meeting up within a week to ten days and hopefully within two to three weeks I'll have an ordinance in front of this Council.

Michelle Madoff:

I turned to Mr. O'Malley and said that I don't think it's proper for me to introduce a bill that he already introduced and that I asked him whether he would introduce it. He responded to me but I'm not through with my comments.

The newspaper article reports, and we never doubt what the media says, he believes some stations could be converted to self-service immediately without being subject to sanctions by the City.

So, what it appears, Mr. O'Malley, is that they may not even need the

action of this Council but I think what I'm asking for is to show that we're a responsible Council, even though we were out-voted 5-4, that we've lost it in court, that we ought to move post-haste to correct it as fast as you can.

Mr. O'Malley:

The legislation that was upheld by the Supreme Court states that legislation has to be introduced to govern self-service gas stations. So, actually, the article, they're wrong if they presume they can go to self-service immediately. They cannot.

Mr. Woods:

I didn't want to really make a comment on this issue but I guess I have to since I was one of the opponents of this legislation.

I was not against self-service gas stations because the reason that was given was safety. My reason is that it's going to drive, and it already has, that's why you see these gas stations falling by the wayside all over this City, and they just sit boarded up. They're waiting for this Supreme Court decision that went in their favor. Now you'll see them open up again and they'll be company owned, oil company owned.

I will be in favor of self-service gas stations when the legislature finally passes a divorcement act in the state of Pennsylvania. And if anybody did their homework, they'll find out that every state that has a divorcement act has the cheapest gas in the United States. In the state of Maryland who has that, they have self-service but before they would permit self-service they introduced and passed divorcement act legislation where an oil company cannot be a retail outlet. That's why you have cheap gas. You watch, in one year the gas in the

City of Pittsburgh, once this is passed, will start going up and it will go up not only in the City of Pittsburgh but in the suburbs. The only reason it's lower in the suburbs is because they wanted to push this issue.

That is my opinion, I don't want to debate it with anybody but if anybody wants to see the records or where the cheapest gas is in the United States, they will see it's within every state that has divorcement legislation.

Mr. O'Malley:

I agree with my colleague, Councilman Woods, and I've worked for divorcement. I think we're all in agreement that divorcement legislation would benefit all of us. My problem is that I don't think it is fair to penalize the people that own gasoline stations inside the City of Pittsburgh when they are in competition, not with Maryland or not with Ohio, but with Mt. Lebanon and Wilkinsburg. So, unless we give them that competitive edge to be able to go to self-service if they choose, then they're at a disadvantage. Now that that disadvantage has been overcome, hopefully we can all work towards divorcement on a state-wide basis.

Mr. Woods:

One more comment. If you check all these suburban stations that are self-service or mini-mart, they are owned by an oil company or some chain of Stop-N-Go, Mini-Mart type of organization. They are not independently owned and operated service stations. And that is my point.

Michelle Madoff:

May I remind my colleagues that when I voted for self-service stations in the City I pointed out that I lived at that

time in Squirrel Hill on the Swissvale border and it would be just as easy for me to go down to Swissvale and come back around Forbes Avenue and there were self-service stations there and I could buy my gasoline a lot cheaper. And a lot of people where doing that.

I think Councilman O'Malley is right on target. What he's saying is that we don't disagree with Councilman Woods; we believe there should be divorcement. He's absolutely right. But, we don't want people in the City going to buy their gasoline out of the City and then coming back in the City because it's cheaper. And I don't think anyone can deny that.

Now, onto another subject. There are two very serious things happening in our community and I don't know why the Administration, if they are doing anything, and this Council, which should be doing something, and I don't want to use the same term but I will that Mr. Givens used, putting our head in the sand, and that applies not only to you, Mr. Stone, but to all of us. Those two issues are the issues of the hearing coming before us on the 23rd which is Wednesday, tomorrow, Port Authority and the tax to keep our transportation operable and getting service.

I understand that Mr. Robinson is testifying, I am testifying. I probably will be a few minutes late tomorrow morning because they're going to work me in as quickly as possible, but I think at some point there needs to be a statement, a joint statement of this Council as to our position on the Port Authority and the effect it's going to have, the devastating effect, if they cut back 30 percent of service and eliminate service on weekends to our City residents. Let us not just deal with voting for line items where sometimes we're voting for pencils. Transportation

is an absolute must.

Mr. Wagner:

Mr. President, I'd like to make a comment in regard to that. If my colleagues recall, approximately a month ago I suggested that here at this table, that this legislative body take a position of some type on that issue and since that time I've requested that we have a meeting next Monday and I think that should be one of the topics of discussion.

Michelle Madoff:

A meeting where on Monday?

Mr. Wagner:

In our conference room.

Michelle Madoff:

Who did you request and who was notified? I've heard nothing.

Mr. Wagner:

All Councilmembers have been notified; you have received it in writing yesterday. It's been requested for 1 o'clock next Monday. I feel that if we take a position on that issue we should notify the various state legislators that have their legislative district within the City of Pittsburgh because obviously they will be voting on that, we will not, and if we can lobby in some direction I think it's to our benefit and the benefit of the residents.

Mr. President, I'd like to go on to another topic.

Michelle Madoff:

I'm not through; I have one more. The other one is jails.

You know, you may think my style is humorous, gentlemen, but I don't think the subject matter is very humorous. When our judges are putting people in jail for religious reasons and letting known criminals roam the streets and the frustration that creates with our Police Department and with our citizens who are now supporting vigilantes as they are, the gentleman who shot youngsters in the subway, it's a very sad time for this community.

I would suggest that one of the subjects that we talk about in one of our meetings in our board room had better be what this Council would like to support, generating revenue somewhere to provide adequate prisons to keep those who are very likely to commit serious crimes in jail. The killing of the elderly couple in Homewood is absolutely unconscionable by five youngsters with criminal records.

Are we going to take a stand, are we going to be leaders in this community, or are we just going to look at line items and vote for every piddly little expense that goes through here? Are we going to address the substantive issues of this City?

I would like a letter to go to our Mayor asking him what position he is taking on the jails. Barbara Hafer has had the courage to take a position. I supported her and I'm glad I supported her; she's turning out to be a dynamite Commissioner who is a leader. I think it's a very sad day when our Mayor doesn't come out with a position on what we ought to do with these hardened criminals or a position on what we ought to be doing about our vote on Port Authority and raising taxes.

Mr. Wagner:

Mr. President and members of

Council, if you recall in the 1985 budget we funded the position of Economic Development Coordinator. I would like to request from the City Clerk that a letter be directed to the Mayor of the City of Pittsburgh to find out if that position is going to be filled, and if so, when. It is the intention of this Council that the position be filled, that the person report directly to the Mayor.

In regard to that particular position, all Councilmembers are aware that last week, as a matter of fact I believe it was last Wednesday, we had a world famous developer in the City of Pittsburgh by the name of James Rouse. He was in the City of Pittsburgh; he was requested to be here by the Buncher Company. He came to the City of Pittsburgh, he reviewed the Strip District and will be back in touch with the Buncher people as to the potential for developing that Strip District into a festival market place. All of you are aware of the resolution that Councilman Grabowski and I put in front of this Council approximately two months ago requesting that the Administration devote some efforts and attention towards development of the Strip District.

The reason why I'm mentioning this is that I feel it's critical that an Economic Development Coordinator be hired and put on board to begin to coordinate critical projects such as the potential development of the Strip District. It means so much to this City; it's beyond the point of explaining how much it means to this City. We've talked about rough estimates, we've talked about jobs, we've talked about what could be there, the advantages of what could be there, why it should be there; we all know that it can address many of the problems that this economy has, our ailing economy. Hopefully, it could create up to 3,000 jobs, it could make

our Convention Center work, it could help our Downtown district, it could help many many problems economically that this City has.

I think it's important that we translate that in a letter to the Mayor. We need someone to oversee these key potential projects. I was very pleased to see that the Mayor was in the Strip District last Wednesday with Mr. Rouse, took a tour of the Strip District, and even indicated publicly that he thought it was a good idea to develop the Strip District.

The important point is, where do we go from here and how quickly do we progress. Can the Mayor oversee that personally? I don't think so; he has too many responsibilities. I think Mr. Brophy has too many responsibilities; I think Mr. Lurcott has too many responsibilities. We need an Economic Development Coordinator to oversee critical projects that can help our economy in the City of Pittsburgh and I think the most important project at this time is the Strip District. We need this person on board as soon as possible and I would like that translated in the way of a letter to the Mayor. Thank you.

Mr. Robinson:

Mr. President and members of Council, in reference to Councilman Wager's comments, I think that his points are well taken. For those of you who know anything about Mr. Rouse and his background, you probably know that when he physically appears in a city it's because he sees a great potential and feels that there is an atmosphere in which a cooperative effort can be developed.

As one who has asked the Administration, this Council and the URA to fit some priorities around

development, I'm pleased to know that Councilman Wagner is continuing with his efforts to find a person that we all can identify to sort of shepherd those priorities once they are established.

Getting back to Mr. Rouse, one of the things that I think is very significant about Mr. Rouse and his whole history of development is that going into a project he makes sure that everybody is involved. He says that upfront. I've heard him say that in numerous conferences and everything I've read about the Rouse Company and his new company, the Enterprise Development Company, says that he and his staff want to involve everyone in the City, all segments, all elements of the City. I am very pleased to have had an opportunity to speak to Mr. Rouse and to know that his ideas about involving everybody in the City who have an opportunity to participate still is firm. I think the Strip District project certainly is one that has a better chance of going today than yesterday because Mr. Rouse is involved, because Mr. Buncher who owns significant land in that area wants it to go, because the Mayor, the URA, Planning, and several members of this Council seem to want it to go. As Chairman of Planning, Housing and Development, I certainly add my support to the efforts to move development in the Strip District; I support Councilman Wagner's call to find someone who can be an Economic Development Coordinator. Again, I ask the Administration and the URA to work with Council in setting a list of priorities in terms of development and putting the Strip District project at the top of that development list.

Michelle Madoff:

I don't think anyone's pointed out that Mr. Rouse did Nathaniel Hall in Boston, the Baltimore Harbor and many many shopping centers that are of world-

wide repute. I believe the Sunday paper had an article of monies that will be coming to various communities from the State and the County is about to get \$177 million and it's to be used in targeted areas. The Strip District is designated as a targeted area. That could be used for infrastructure or a harbor as was done in the Baltimore area to attract people to come in and be developers.

It would be unconscionable for the Administration to use delaying tactics and in all fairness, I didn't know we were going to talk about this today, it was agreed, there was an ad run as you all know, or those of us who attended the luncheon — it was a last minute invitation, Mr. Grabowski, I understand you got a last minute invitation, we all did; the Mayor didn't get the message to us until the day before — and my understanding is that the Commissioners have a great interest in developing jobs in this area and they like the Strip District as well.

It might be well for you letter that's going to the Mayor or some communication, Mr. Wagner, from both you and Mr. Grabowski, to indicate to the Commissioners that they might consider using this \$177 million, or part of it, for the infrastructure in the Strip District.

Further, I would hope that while I think you're taking a non-adversary position by saying, "We would just like to know, are you going to hire, when are you going to hire and are you going to do something" because we can't put additional burdens on Mr. Brophy and Mr. Lurcott, I would hope that once we get an answer you would follow it up immediately, if the answer is to the negative, and say that Council will transfer the money back to us and we will take the responsibility of hiring that

person.

I think it's terribly important; we are now almost to the end of January and there's supposed to be a study that will come back in five months that is underway right now. We could really be starting some jobs here very quickly.

Mr. Wagner:

I'd just like to comment, I believe I indicated that we would like to know if so, and if he is going to hire someone, when.

Michelle Madoff:

How soon do you want your letter back? Three months from now?

Mr. Wagner:

And a response in two weeks. Thank you.

Mr. Woods moved to approve the Minutes of Monday, December 10, 1984 and Monday, December 17, 1984.

Mr. O'Malley seconded the motion.

Which motion prevailed.

And on the motion of **Mr. Robinson**

Council adjourned.

Municipal Record

Proceedings of the Council of the City of Pittsburgh

VOL. CXIX

Monday, January 28, 1985

No. 4

Municipal Record

ONE-HUNDRED TWENTY-THIRD COUNCIL

ROBERT RADE STONE President
MICHAEL PERRY City Clerk
LINDA M. JOHNSON Asst. City Clerk

Pittsburgh, PA
Monday, January 28, 1985

PRESENT:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

PRESENTATIONS

Mr. Givens presented

No. 2079 Resolution providing for a Contract or Contracts, or the use of existing Contracts, authorizing the resurfacing of various City Street and

Park Roads with bituminous materials, including asphalt milling, planing, regrading, recurfing, and other work incidental thereto, at a cost not to exceed \$900,000.00, chargeable to and payable from Code Account PW 85-01, 4-01-01-0001-85, Citywide Resurfacing Program, Index Code 305714.

Which was read and referred to the Committee on Public Works.

Mrs. Masloff presented

No. 2080 Resolution authorizing the issuance of a warrant in favor of Allied Security, Inc., in the amount of \$1,134.60 in payment for guard services at the Regatta, chargeable to and payable from Code Account Special Parks Program Trust Fund (SPPTF), Index Code 254359. Prior approval granted by Council August 2, 1984.

Also,

No. 2081 Resolution authorizing the issuance of a warrant in favor of Alex and Joseph Kolas in the amount of \$900.00 in payment for rental of property at 5632-40 Second Avenue for the last six months of 1984 and the first 3 months of 1985, chargeable to and payable from Code Account 1801, Miscellaneous Services, Index Code 180109, Department of Parks and Recreation.

Which were read and referred to the Committee on Finance.

Also,

No. 2082 Resolution providing for an Agreement or Agreements for professional services in connection with programming and promotion at the Pittsburgh Zoo, at a cost not to exceed \$25,000.00, chargeable to and payable from Code Account 1852, Miscellaneous Services, Pittsburgh Zoo, Index Code 185207, Department of Parks and Recreation.

Which was read and referred to the Committee on Parks and Recreation.

Also,

No. 2083 Resolution providing for the letting of a Contract or Contracts, or for the use of existing Contracts, for the furnishing and delivery of two (2) Tractors for the Dept. of Parks and Recreation, at a cost not to exceed \$9,100.00, chargeable to and payable from Code Account No. 1808, Equipment, Index Code 180802, Department of Parks and Recreation.

Also,

No. 2084 Resolution providing for the letting of a Contract or Contracts, or for the use of existing Contracts, for the furnishing and delivery of twenty (20) Rotary Mowers for the Dept. of Parks and Recreation, at a cost not to exceed \$11,500.00, chargeable to and payable from Code Account 1808, Equipment, Index Code 180802, Department of Parks and Recreation.

Which were read and referred to the Committee on General Services.

Also,

No. 2085 Communication from Louise R. Brown, Director, Director, Department of Parks and Recreation, requesting authorization for Leonard Duncan and Bill Mitchell, to attend the

Urban Recreation Workshop at Temple University in Philadelphia, PA, on February 21, 1985, at a cost not to exceed \$550.00, payable from Code Account No. 1838, Expert and Professional Services, Bureau of Recreational Activities, Department of Parks and Recreation. A City vehicle will be used for ground transportation in Pittsburgh.

Which was read and referred to the Committee on Parks and Recreation.

Mr. Robinson presented

No. 2086 Resolution providing for a Second Amendatory Urban Homesteading Program Cooperation Agreement with the Urban Redevelopment Authority of Pittsburgh providing for the designation and implementation of \$600,000 in program income from the Home Improvement Loan Program as the Local Matching Share for a grant applied for in an application for financial assistance filed with the Pennsylvania Department of Community Affairs.

Also,

No. 2087 Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to submit an application for financial assistance in the cumulative amount of \$750,000.00 to the Pennsylvania Department of Community Affairs for the Urban Homesteading Program.

Also,

No. 2088 Resolution providing for a Second Amendatory Neighborhood Housing Program Cooperation Agreement with the Urban Redevelopment Authority of Pittsburgh providing for the designation and implementation of \$500,000 in Pittsburgh

Home Ownership Program funds as the local matching share for a grant applied for in an application for financial assistance filed with the Pennsylvania Department of Community Affairs.

Also,

No. 2089 Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to submit an application for financial assistance in the cumulative amount of \$3,098,400.00 to the Pennsylvania Department of Community Affairs for the Neighborhood Housing Program.

Which were severally read and referred to the Committee on Planning, Housing and Development.

Mr. Wagner presented

No. 2090 Resolution authorizing and directing the Director of Department of Public Works and the Chairperson of the City of Pittsburgh's Energy Task Force to conduct a feasibility study on having City of Pittsburgh personnel perform the construction and maintenance on street lights and equipment owned by the City of Pittsburgh. —(SPONSORED BY MR. WAGNER)

Which was read and referred to the Committee on Public Works.

Mr. Wagner moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Woods seconded the motion.

Which motion prevailed.

Also,

No. 2091 Resolution providing for the issuance of a warrant in favor of W. G. Tomko and Son, Inc., in the amount of \$6,532.65, in payment for extra work, being in addition to the original contract price of \$159,330.00 on Controller's Contract No. 26905, furnished for the benefit of the City in connection with the Building Plumbing Contract at the Pittsburgh Zoo - Phase III: Savanna Exhibits, payable from Code Account PR 81-02, 4-13-60-1230-81, Index Code 320358.

Also,

No. 2092 Resolution providing for the issuance of a warrant in favor of Port Authority of Allegheny County in the amount of \$18,900.00 representing the Port Authority's share of the federal reimbursement of the Wood Street Bridge which has been received by the City of Pittsburgh, chargeable to and payable from Code Account PW 84-38, 4-13-30-0001-84, Index Code 307504.

Also,

No. 2093 Communication from Councilman Jack Wagner, submitting a proposed change in Council's Rules which would prohibit any member of Council to conduct discussion on a bill during voting, or to explain his/her vote which would be the same as debate at such a time. —(SPONSORED BY MR. WAGNER)

Which were severally read and referred to the Committee on Finance.

Also,

No. 2094 Resolution approving the purchase of certain property, by the City of Pittsburgh for bridge and road improvements certain property for right of way, for the Bloomfield Bridge in the 8th Ward of the City of Pittsburgh, at a

cost not to exceed \$6,000.00, chargeable to and payable from PW 80-17, 4-13-05-0424-80, Index Code 302257.

Also,

No. 2095 Communication from Paul J. McDermott, Director, Department of Engineering and Construction, requesting authorization for Richard Connors, Anthony Kubit, Keith Romanowski, John Hanna and Donald Waldorf, to attend a Value Engineering Workshop at the University of Pittsburgh on February 4-8, 1985, at a cost not to exceed \$1,100.00, payable from Code Account No. 1482, Miscellaneous Services, Department of Engineering and Construction. Prior approval granted by Council January 8, 1985.

Which were read and referred to the Committee on Engineering and Construction.

Mr. Woods presented

No. 2096 Resolution providing additional benefits to the former employees who are beneficiaries of the City of Pittsburgh Policemen's Relief and Pension Fund, Firemen's Relief and Pension Fund, and Municipal Pension Fund who retired prior to January 1, 1985 in the amount of \$25.00 per month, payable from Code Account No. 55, Policemen's Relief and Pension Fund, Code Account No. 56, Firemen's Relief and Pension Fund, and Code Account No. 58 Municipal Pension Fund-Old.

Which was read and referred to the Committee on Finance.

Mr. Woods moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the

agenda this Wednesday.

Mr. Wagner seconded the motion.

Which motion prevailed.

Also,

No. 2097 Resolution providing for the issuance of a warrant in favor of DMK, Inc. in the amount of \$3,676.50 in payment for emergency work performed in connection with the removal of landslide and retaining wall and the replacement of retaining wall and sidewalk, payable from R.C.O.P. - Rents City Owned Property Trust Fund, Department of Finance.

Also,

No. 2098 Resolution providing for an Agreement with Dickie, McCamey & Chilcote, P.C. for professional legal services for the City Controller, in the amount not to exceed \$40,000.00, chargeable to and payable from Code Account 1048, Miscellaneous Services, Index Code 104802, Department of City Controller.

Also,

No. 2099 Resolution providing for an Agreement or Agreements with an accounting firm to provide professional auditing services as required by the Pennsylvania Department of Labor and Industry in connection with the Job Training Partnership Act (JTPA) Program, at a cost not to exceed \$22,451.00, chargeable to and payable from the JTPA-1 Trust Fund, Federal Funds, Index Code 260307.

Also,

No. 2100 An Ordinance amending and supplementing the Pittsburgh Code, Title Two, "Fiscal", Article I,

"Administration", Chapter 211, "Tax Collection Suits", by deleting from Section 211.02, "Time Limitation to Commence Suit; Exceptions", Subsection (a), a reference to a limitation on deficiency assessments, and by creating a new Section 211.03, "Limitation on Assessment".

Also,

No. 2101 An Ordinance amending the Pittsburgh Code, Title Two, "Fiscal", Article I, "Administration", Chapter 209, "Violations, Fines, Interest and Penalties", Section 209.04, "Interest and Penalties", by clarifying the rates of interest and penalty which are applicable to delinquent taxes generally.

Also,

No. 2102 An Ordinance amending the Pittsburgh Code, Title Two, "Fiscal", Article VII, "Business Related Taxes", Chapter 253, "Parking Tax", Section 253.04, "Records", by defining the types of records which must be maintained by operators.

Also,

No. 2103 An Ordinance amending the Pittsburgh Code, Title Two, "Fiscal", Article VII, "Business Related Taxes", Chapter 253.03, "Annual License Required", by changing the title and adding a new subsection requiring the filing of a registration form.

Also,

No. 2104 Communication from Ronald C. Schmeiser, Director, Department of Finance, requesting authorization for himself to attend the Government Finance Officers Association's Committee meeting on Accounting, Auditing, and Financial Reporting in Washington, D.C., on

February 12-13, 1985, at a cost not to exceed \$350.00, payable from Code Account No. 1063, Miscellaneous Services, Department of Finance. Permission is also requested for use of a City vehicle.

Also,

No. 2105 Communication from Ronald C. Schmeiser, Director, Department of Finance, requesting authorization for himself, Stephen A. Schillo, James Turner, and John Knox to attend the Government Finance Officer's Association Annual Conference in Chicago, Illinois, from May 24-29, 1985, at a cost not to exceed \$5,200.00, payable from Code Account No. 1063, Miscellaneous Services.

Also,

No. 2106 Communication from Ronald C. Schmeiser, Director, Department of Finance, requesting authorization for Keith Bennett to attend the National Forum for Black Public Administrators Annual Conference in Oakland, California, from April 14-18, 1985, at a cost not to exceed \$1,500.00, payable from Code Account No. 1063, Miscellaneous Services.

Which were severally read and referred to the Committee on Finance.

REPORTS OF COMMITTEES

Mr. Woods presented

Bill No. 2107

Report of the Committee on Finance for January 23, 1985 transmitting summary resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1959

A Resolution entitled, "Resolution amending Resolution No. 179, approved February 20, 1981, and effective March 2, 1981, entitled: 'A Resolution providing for the charges for Third Party Payers for ambulance services rendered to the residents of the City of Pittsburgh, and creating a Special Trust Fund in connection therewith', by authorizing payment of Department of Public Safety related costs and expenses from the special trust fund."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 1985

A Resolution entitled, "Resolution providing for the issuance of a warrant in

favor of Warner Cable Company, P.O. Box 7780-1235, Philadelphia, PA, in the amount of \$679.00 in payment for hauling charges furnished for the benefit of the City in connection with the delivery of chemicals (lime) and providing for the payment thereof."

Which was read.

Also,

Bill No. 1987

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Earl Blankership & Sons Tree Service in the amount of \$380.00 in payment for emergency work performed at a City property and providing for the payment thereof."

Which was read.

Michelle Madoff:

Point of order. Did you say Bill No. 1987 was presented by Michelle Madoff?

Mr. Perry:

Yes.

Michelle Madoff:

I didn't introduce any bill on —

Mr. Perry:

That came from the Department of Water, the Director.

Michelle Madoff:

It doesn't say anything about water in the bill.

Mr. Perry:

He submitted the legislation, Michelle.

Also,

Bill No. 1990

A Resolution entitled, "Resolution authorizing the issuance of a warrant in favor of Donatelli Granite Company in the amount of \$340.00 in payment of services provided for the benefit of the City without previous authority of law, and providing for the payment thereof."

Which was read.

Also,

Bill No. 1991

A Resolution entitled, "Resolution authorizing the issuance of a warrant in favor of Carnegie Library of Pittsburgh in the amount of \$865.14 in payment for reimbursement for utility costs for Sheraden Senior Citizen Center, furnished for the benefit of the City without previous authority of law; and providing for the payment thereof."

Which was read.

Also,

Bill No. 1992

A Resolution entitled, "Resolution authorizing the issuance of a warrant in favor of Eastern Air Freight in the amount of \$313.32 in payment for freight on shipment of two (2) hammerhead sharks to the Pittsburgh Zoo, furnished for the benefit of the City of Pittsburgh without previous authority of law; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2015

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Trumbull Corporation in the amount of \$6,229.08 in payment for extra work being in addition to the original contract price of \$4,083,511.40 on Controller's Contract No. 26925, furnished for the benefit of the City in connection with the Reconstruction of Grant Street - Phase I; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2016

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Trumbull Corporation in the amount of \$4,093.40 in payment of extra work, being in addition to the original contract price of \$4,083,511.40 on Controller's Contract No. 26925, furnished for the benefit of the City in connection with the Reconstruction of Grant Street - Phase I; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2017

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of A. G. Vento Plumbing Company in the amount of \$2,295.00 in payment of extra work being in addition to the original contract price of \$97,777.00 on Controller's Contract No. 26782, furnished for the benefit of the City in connection with the Rehabilitation and/or Replacement of Pumping Stations

at various locations, and providing for the payment thereof."

Which was read.

Also,

Bill No. 2018

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Atwood and Bates Construction Company in the amount of \$6,200.00 in payment for extra work, being in addition to the original contract price of \$245,480.30 on Controller's Contract No. 26520, furnished for the benefit of the City in connection with the Waterline Installation at 44th Street #1734, and providing for the payment thereof."

Which was read.

Also,

Bill No. 2019

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Manners, Inc., in the amount of Ten Thousand Three Hundred Thirty (\$10,330.00) Dollars, in payment of extra work being in addition to the original contract price of Seventy One Thousand One Hundred Four (\$71,104.00) Dollars, on Controller's Contract No. 26659, furnished for the benefit of the City in connection with the new heating system installed at the 29th Street Refuse Truck, Maintenance Facility, and providing for the payment thereof."

Which was read.

Also,

Bill No. 2021

A Resolution entitled, "Resolution providing for the issuance of a \$943.99

warrant in favor of Ronald Gargani in settlement of claim for automobile damage and providing for the payment thereof."

Which was read.

Also,

Bill No. 2022

A Resolution entitled, "Resolution providing for the issuance of a \$10,000.00 warrant in favor of Mackintosh-Hemphill Manufacturing Company, in settlement of claim for property damage and providing for the payment thereof."

Which was read.

Also,

Bill No. 2023

A Resolution entitled, "Resolution authorizing and directing the Mayor to issue and the City Controller to countersign a warrant in the amount of one thousand sixty dollars and seventy-two cents (\$1,060.72) to the Commonwealth of Pennsylvania representing the final payment required for unclaimed funds for the year 1976 pursuant to the provisions of the Depositing of Abandoned and Unclaimed Property Act, Act of August 9, 1971, P.L. 74."

Which was read.

Also,

Bill No. 2024

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Anacomp, Three Parkway Center East, Suite 325, 2020 Ardmore Boulevard, Pittsburgh, Pennsylvania

15221, in the amount of \$2,361.78 in payment for computer output microfiche services for the Department of Finance from September 1, 1984 to September 30, 1984 furnished for the benefit of the City in connection with the monthly billing and payment records of real estate tax, water and sewage service, personal property tax, wage and occupation tax, business taxes, and payroll records, and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 2025

A Resolution entitled, "Resolution providing for the issuance of a warrant or warrants in favor of various professional journals and periodicals, in an amount not to exceed \$10,000.00, in payment for advertising furnished for the

benefit of the City in connection with the recruitment for the positions in the Department of Public Safety, and providing for the payment thereof."

Which was read.

Mr. Givens:

I'd like to have discussion on three bills; I think they're very appropriate for discussion. One is Bill 2025, a \$10,000 expense for advertising for the benefit of the City in connection with recruitment for positions in the Department of Public Safety.

Now, we're asking the taxpayers of the City of Pittsburgh to advertise in various periodicals to have someone come in and run our Public Safety Department. I don't know what it was during the public debate that I think this Council felt that we had qualified people within this City to move over. In fact, everybody in the Administration was saying that all they're really doing was shifting some people from Police and Fire and EMS over to that new administrative branch and that the only new position would really be possibly the Director and his assistant, and that should even come from the rank and file of our present Public Safety Departments of Police, Fire or Emergency Medical.

Here we're out spending \$10,000 to advertise nationally for someone to come in here and run our Public Safety Department. I don't think the people of the City of Pittsburgh need to be paying that kind of money to advertise when in fact it's been advertised in all of our local papers, all of our regular media that goes into the whole southwestern area of Pennsylvania. We're the most area that is hardest hit economically. We have the 100,000 unemployed. Isn't there anybody out there in the steel-

making business that has gone to school and has worked for a municipality? Don't we have people in our own City that are unemployed with doctorate degrees? Put a position out, any position in the City of Pittsburgh, even in the Finance Department down there, and you'll find 100 CPAs running for the job. One hundred CPAs for one clerical position down there. We have people hurting in this valley; let's do something for our own.

So, for Bill 2025, I cannot vote in all good conscience.

Mr. Robinson:

Mr. President and members of Council, on Council Bill 2025, I'd just like to indicate that I think the necessity for doing the national search has been brought home to us in at least two instances and I'd like to very briefly identify them.

One, I think the conversations and dialogue that we've had in this Council among ourselves and with the Administration relative to the issue of reorganizing our public safety effort should indicate to us that we need to be very cognizant of the fact that the skills and talents that are necessary for someone to head up our Public Safety Department probably are held by a number of people, some of whom are presently employed in public safety capacities elsewhere in the United States. I think Councilman Wagner's concern that the job description and notification of the availability of the job did not include specifics brings that point even more clearly into focus. It is unfortunate that we have been unable to develop some minimum criteria because I think that would do us all well if we could have done that and I still hope that the search committee will do that.

But I think this issue of our reorganization suggests that we should not limit ourselves simply to Pittsburgh residents. We should take advantage of the fact that there are many well qualified persons in the public safety area who are presently working, some in the Pittsburgh area, some outside. But I think for the third highest job in the City we should try to find someone who is the most qualified, most respected, administrator and public safety expert that we can find, and we should search throughout the country for that person.

Also, I think the tragedy which occurred a few weeks ago in Homewood/Brushton, the untimely death of two elderly citizens, suggests that we should not be unmindful that the public is concerned about public safety from a different perspective. They're concerned about their physical well-being. One thing we can do to ensure that they have renewed confidence in our interest in their physical well-being is to search throughout this country for the most qualified man or woman to head up our public safety efforts. I'm encouraged that this search will be done nationally, if for no other reason, in Portland, Oregon just a few days ago, a woman who had devoted 25 years of her life to public safety became the Chief of Police in Portland, Oregon. One of the things that the Mayor in Portland mentioned in making this historic appointment was that her qualifications were so superior that the fact that she was a woman was of minor importance. That in itself is historic; 25 years of service. Most of the officers on the force are males and most indicated they felt she was the most qualified person for the position. This same individual filed a lawsuit about five years ago against the Portland Police Department because female officers were not allowed the same privileges as male officers.

So, I think we have a unique opportunity to find an individual, male or female, black or white, somewhere in this Country who can restore the confidence that we need to have restored in our public safety effort and hopefully bring together Police, Fire and EMS to work cooperatively.

I am going to be meeting with some of the people in Homewood/Brushton concerning the public safety problem in that community and I'm sure one of the things they'll want to address is the tragedy that occurred in their community.

Next Monday I also will be introducing a resolution asking this Council to support my efforts to have Judge Cohill's order reviewed, the order indicating that our county jail should only be operating at a certain limit, maximum limit. While I respect the Judge's order and I can appreciate the concerns of the inmates themselves, I think there's a broader public safety issue that is being brought home by the tragedy in Homewood/Brushton and I think it's time for us, as elected officials, to indicate that something must be done to put the criminals where they belong, behind bars, to protect the public and not use administrative procedures to put convicted criminals in a position to commit other acts. Those murders, regardless of who perpetrated them, were not only heinous but they're almost unthinkable that young men in our community would sit down and plot and scheme to do something like this against their neighbors and people that they know.

But I just hope that this public safety issue is brought back into focus and that we all can agree that the most qualified person should be secured and we should scour the country to find him. Thank you.

Michelle Madoff:

May I respectfully request that we get on with the vote because you can't have a town crier with a bullhorn running through the country saying that we have a job to advertise. It takes money to advertise and that's the way it is.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone (Pres't)

AYES 8

NOES 1

(MR. GIVENS VOTING NO)

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Also,

Bill No. 2026

A Resolution entitled, "Resolution providing for an Agreement or Agreements for consulting services to assist the City of Pittsburgh in acquiring State assistance and fundings, and to work with various agencies of government for the benefit of the City of Pittsburgh; and providing for the payment of the costs thereof."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 2027

A Resolution entitled, "Resolution providing for an Agreement or Agreements with Consultant or Consultants for professional services in connection with the research, preparation, evaluation, administration, and validation of Civil Service entrance and promotional examinations; and providing for payment of the cost thereof."

Which was read.

Mr. Givens:

On Bill 2027, again, another \$15,000 for a consultant to do what? Professional services and research and preparation and evaluation of our Administration Department down there,

that's our Personnel Department. The City taxpayers pay \$1 million to run a Personnel Department and yet we have to go out and spend \$15,000 for a consultant or consultants to say what tests we should be giving. Yet we have our own managers within 20 departments of the City of Pittsburgh that have to exercise their particular offices, they have people that have all the expertise to draft up any testing that might be required. The only thing they should do is give maybe 100 or 200 questions to be asked pertinent to that job. Don't have the example like when they gave the plumbers test and it was all on the old lead base principles which are not even in existence today. That's what's happening and I've been assured that if our plumbers were to give an examination they would have given one that would have been more commensurate with the work that is being done today or work that might be done in the foreseeable future. That was not the case.

So what good are these consultants doing the City of Pittsburgh? Validating our tests? I think we have our own qualified people in our own City. If we have good managers then let's have those managers produce that type of work.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner

Mrs. Masloff
Mr. O'Malley

Mr. Woods
Mr. Stone
(Pres't)

AYES 8

NOES 1

(MR. GIVENS VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 2028

A Resolution entitled, "Resolution providing for an Agreement or Agreements for specialized professional services in connection with conduct of negotiations and arbitration proceedings including labor relations advice, representation at negotiating meetings and economic and job evaluation advice, and related personnel matters; and providing for payment of the cost thereof."

Which was read.

Mr. Givens:

On Bill 2028, again, an agreement or agreements for specialized professional services in connection with conduct of negotiations and arbitration including labor relations advice, representative at negotiation meetings and economic and job evaluations, etc. Here is another \$21,000. That's enough money to put one person to work for one whole year; that's to keep one person who is the head of a household to maintain his mortgage payments, send his kids to school, etc. Yet we're paying \$21,000 out for labor relations. In fact, when it finally comes down to it, the Mayor of this City and the President of that particular labor union, be it Police, Fire, EMS, the joint negotiating

agreement they have between seven or eight various labor unions that work for the City of Pittsburgh, jointly they came up with a resolution. Everyone got paid about 4.1 percent this year across the board; almost everyone did. Why all this labor dispute? We must begin to settle our own things in our own house and to go to binding arbitration is what's been happening, and when it goes to binding arbitration what happens? Generally the City takes a lick to start with. So I think they have to start down and negotiate in good faith between the Mayor and the various labor unions within the City of Pittsburgh and we could save at least one job and this is only the beginning. Twenty-one thousand dollars, yet we have, and we have appropriated on the Mayor's staff several people that do nothing that deal with labor negotiations. We've already given that money to the Mayor so he has expertise in his administration. Yet here we're going out for another \$21,000 for different agreements with professional services. I mean this becomes almost ridiculous.

So, on those three particular bills, 2025, 2027 and 2028, I cannot vote for them in this Council. I'd like to say that I think we have those people right here in the City of Pittsburgh and we deserve it more than any other area of the country.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone (Pres't)

AYES 8 NOES 1

(MR. GIVENS VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 2029

A Resolution entitled, "Resolution providing for an Agreement or Agreements with various hospitals and/or physicians for professional services in connection with the administration and evaluation of medical examinations and tests for the Civil Service Commission's Medical Examination Program for Police Officer candidates, Firefighter candidates, school crossing guards, paramedics, and other candidates for employment and promotion; and providing for payment of the cost thereof."

Which was read.

Also,

Bill No. 2030

A Resolution entitled, "Resolution providing for an Agreement or Agreements with the Allegheny County Health Department for professional services in connection with rabies immunization for City of Pittsburgh employees, and providing for payment of the cost thereof."

Which was read.

Also,

Bill No. 2031

A Resolution entitled, "Resolution providing for a Contract or Contracts or the use of existing Contracts for furnishing and installing a high density mobile storage system in the Department of Personnel and Civil Service Commission, and providing for the payment of the costs thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Givens presented

Bill No. 2108

Report of the Committee on Public Works for January 23, 1985 transmitting one ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1989

An Ordinance entitled, "An Ordinance amending the Pittsburgh Code, Title Four, Public Places and Property, Article II, Communications, Chapter 425, Cable Communications, Section 425.07 Pittsburgh Cable Communications Advisory Committee, Subsection (b) by deleting paragraph (4)B. Thereof and relettering the paragraph thereafter."
—(SPONSORED BY MRS. MASLOFF)

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Robinson presented

Bill No. 2109

Report of the Committee on Planning,

Housing and Development for January 23, 1985 transmitting sundry resolutions and one ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1603

A Resolution entitled, "Resolution providing for the implementation of a Residential Permit Parking Program in the Bloomfield community pursuant to Pittsburgh Code, Chapter 549."

Which was read.

Also,

Bill No. 2011

A Resolution entitled, "Resolution Rescinding Resolution No. 199, effective March 16, 1983, entitled: 'A Resolution authorizing a Fourth Amendatory Cooperation Agreement for the North Shore Redevelopment Project, providing for the conveyance of certain property, clarification of provisions for the construction and dedication of certain public improvements, the abandonment of certain water and sewer lines, zoning changes, the installation of street lighting, the conveyance of certain air rights, the waiver of fees and charges for certain permits and licenses, and for certain changes in the financing of the project.'"

Which was read.

Also,

Bill No. 2012

A Resolution entitled, "Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to submit an

application for financial assistance in the cumulative amount of \$8,605,317.00 to the Pennsylvania Department of Community Affairs for the North Shore Project."

Which was read.

Also,

Bill No. 2013

A Resolution entitled, "Resolution authorizing a Fourth Amendatory Cooperation Agreement for the North Shore Redevelopment Project providing for certain changes in the financing of the project."

Which was read.

Also,

Bill No. 1273

An Ordinance entitled, "An Ordinance amending the Pittsburgh Code, Title Nine, Zoning, Article I, Chapter 909 by creating a Special Exception in "C3", "C4" and "A1" Districts, approvable by the Board of Adjustment for an office or clinic that provides Counseling Services to persons who have been convicted of a sexual offense." (AS AMENDED IN COMMITTEE)

Which was read.

Mr. Wagner:

Mr. President, I'd like to say that on Bill No. 1273, I appreciate Council's support on that piece of legislation.

(MR. WAGNER'S REMARKS ON BILL 1273 FROM FINANCE MEETING JANUARY 23, 1985)

Mr. Wagner:

Mr. Chairman, members of Council, very briefly I'd just like to state that we have had an ever increasing problem in our society of sexual offenses being taken against young adults. This legislation is an outgrowth of that problem of a proposed clinic that was to be located in the Overbrook community, a clinic that would have treated people convicted of a sexual offense, in a residential neighborhood.

The purpose of this bill is to reduce the potential of people convicted of crimes of that type from coming in contact more frequently with young adults in residential communities. I am not aware of any other communities or neighborhoods in the City of Pittsburgh where a similar clinic of this type has been proposed. I am hoping that with this legislation that we can reduce the potential of that happening in the future. I think in reading the legislation you can see there are many stipulations by which a clinic of this type must qualify if it were to locate in a "C3", "C4" or "A1" district. The legislation has been written such that it is almost impossible to qualify and it has been written purposefully for that reason, the reason being that a facility of this type would be better served to those that are using the facility, to the neighborhoods of the City of Pittsburgh, if it is located in a downtown Golden Triangle district, or within an institutional district.

I was very pleased at the public hearing to see not only the Overbrook neighborhood participate at that public hearing, but also the Lawrenceville, the Beechview, Brookline, Carrick, North Side neighborhoods in support of this legislation. I think it is an indication that all neighborhoods throughout the City of Pittsburgh would like to see this legislation implemented. One final

note. I couldn't have written this legislation without the constant assistance of Jim Brown. He has been very helpful. Dante Pellegrini has also been very helpful. The original legislation if you recall was very brief and to the point, and only included "C3" zoning districts. Mr. Brown has helped me expand upon that and make the legislation more meaningful, and I appreciate that.

(END OF MR. WAGNER'S REMARKS ON BILL NO. 1273 - 1/23/85)

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mrs. Masloff presented

Bill No. 2110

Report of the Committee on Parks and Recreation for January 23, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1993

A Resolution entitled, "Resolution providing for the filing of an application or applications by the City of Pittsburgh with the United States Department of Interior, National Park Service, for a grant in connection with the Recreation Organization Development Plan; providing for the execution of a Grant Contract or Contracts and for the filing of requisitions and other data; approving the Plan, providing for required assurances; providing for the certification of authorized signatures; providing for the execution of payment vouchers on Letter of Credit; providing for the creation of the Recreation Organization Development Trust Fund; providing for the deposit of funds into the Trust Fund; and for the payment of costs and expenses of the Recreation Organization Development Plan."

Which was read.

Also,

Bill No. 1994

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Mrs. Masloff	Mr. Stone
	(Pres't)

AYES 6 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Wagner presented

Bill No. 2111

Report of the Committee on Engineering and Construction for January 23, 1985 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2020

A Resolution entitled, "Resolution further amending Resolution No. 940 effective October 11, 1977, as amended by Resolution No. 457 effective May 11, 1978, as amended by Resolution No. 508 effective June 7, 1979, entitled, 'Providing for a Contract or Contracts with a Consultant or Consultants for Professional Services in conjunction with the inspection and/or design for the rehabilitation of various City Bridges (PW 76-23 and PW 77-15)', by increasing the total project allocation by \$11,156.49."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
	(Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

MOTIONS AND RESOLUTIONS

The Chair:

Before going on, the Chair would like to appoint the following to the Legal Advisory Review Committee; Michelle Madoff, Mr. Stone and Mr. Robinson.

Michelle Madoff:

Thank you, Mr. President. I'd like to make — May I make a comment?

The Chair:

I would hope not but go ahead.

Michelle Madoff:

If I were a male he wouldn't do that, audience out there in television land.

One of the members of Council suggested that anybody who would like to sit in on the Committee should be welcome. We should have open meetings and I don't think anyone would object to that.

The Chair:

I don't think anyone's opposed to that.

Michelle Madoff presents

No. 2112 WHEREAS, on November 19, 1984, a petition from the residents of the City of Pittsburgh was presented to the City Clerk requesting a public hearing before Council relative to the Performance Audit of the Department of Public Works Street Lighting Division; and

WHEREAS, according to Section 320(b) of the Home Rule Charter, Council shall schedule public hearings on

valid petitions within a reasonable time after the petition is received by the City Clerk; and

WHEREAS, because of Council's full schedule of Budget Hearings and other urgent matters, the above hearing could not be scheduled until January 29, 1985; and

WHEREAS, the President of Council has subsequently cancelled this hearing due to the fact that the city has not yet awarded a street lighting contract; and

WHEREAS, the President of Council has indicated that he does not plan to re-schedule this hearing until after the awarding of the street lighting contract.

NOW THEREFORE,

BE IT RESOLVED, that the Members of Pittsburgh City Council hereby urge the President of Council to re-schedule the public hearing prior to the awarding of the contract in order to avoid possible litigation against City Council for violation of Section 320(b) of the Home Rule Charter.

Michelle Madoff:

Comment. The Home Rule Charter I thought said "60 days". It does not; it says "reasonable time". To my knowledge, we have never exceeded the 60 day period, have we, Mike? Or rarely have we ever exceeded the 60 days.

Mr. Perry:

We have.

Michelle Madoff:

But not by very much time. We've never gone, say, over 90 days. Do you

know? In what instance?

Mr. Perry:

I really can't give you an honest answer.

The Chair:

It depends on what it is.

Michelle Madoff:

I think that when this was a petition requested prior to November 19th but submitted on November 19th with hundreds of signatures requesting this Council, which is mandated by the Home Rule Charter to hold a hearing within a reasonable time.

Today is January 28th. I think we have had what is known as reasonable time and that we ought to reschedule this hearing quickly. One of the main reasons why I think this hearing ought to be rescheduled immediately is that somehow or other because of weather I did not get my newspaper and I just learned from one of the media today that it is indeed true that a story appeared in the paper that said that Mr. Hayllar asked the President of Council, Mr. Hayllar is on the Mayor's staff, to cancel the hearing. I don't know whether that's true and I think it should be addressed and also as the Controller has discussed with me and I'm sure with other members of this Council, that we ought to have recommendations from a hearing before we go out again on an additional request for proposals to award another contract. There would be some recommendations as to how to do it which would come out of the hearing. It's pointless to have the hearing after we've awarded the contract to find out what we should change. Any changes should be made prior and we should have the sun shine in on public hearings and

hear what the people have to say about what has transpired. I think that no matter what, and if there is a noble intent on the part of the Administration and this Council to postpone this hearing, the perception is very very bad. It makes us look as if we're a party to being devious, that we have something to hide, and I for one speaking as a member of this Council for myself, have nothing to hide and I would hope that my colleagues would support the intent and the faith of the Home Rule Charter and would vote to have that hearing as soon as possible.

I move for adoption on that bill.

The Chair:

If I may, the hearing was not cancelled, it was postponed to another date, and the reason for the postponement was, as I understood it, that there was a bidding process on and that it would be adverse to the City of Pittsburgh's interest if that discussion were being aired at a time when bidding processes were in activity. In that light, it was only to get past that process at that moment since the Mayor, as I understand the Home Rule Charter, he and only he is the one who contracts for the City of Pittsburgh and while many people try to perform the duties of the Mayor the Home Rule Charter isn't that benevolent, it gives the responsibility and obligation to the Mayor. Anyone who feels that they would like to make some suggestions to the Mayor on how he should contract has that right; they can write to him, they can talk to him, and at that point the Mayor listens. If he thinks it's a good suggestion then he contracts with that in mind.

Michelle Madoff:

I think you've begged the issue, Mr. Stone, respectfully. The issue is not whether the Mayor has the right to be

the Mayor; let's not divert the public attention from the issue. The issue is that the Home Rule Charter mandates, mandates, that within a reasonable, reasonable, reasonable time, this Council must hold a public hearing. We have had hundreds of signatures; we must grant a public hearing.

Now, as to whether the Mayor or the Administration is holding up on the awarding of a contract because it might "affect and give information to people who are going to be bidding on the contract", everyone would have equal access to that information because it would be public information because the media will cover it. That is a very lame excuse; I am not going to be a party to this. Whether I support Mr. Flaherty's style or whether I support the Mayor in what he's doing, I think we have an obligation to immediately hold that hearing and that is my resolution and I make it as a motion and I'd like to vote on it.

The Chair:

I have no problem with holding a hearing because we never intended to cancel it. I just want that very clearly understood.

Michelle Madoff:

But you can't have it after the awarding of a contract. That's my point.

The Chair:

It was represented to me that it would be adverse to the City of Pittsburgh. With that in mind, I thought I was doing the best with the interest of the City of Pittsburgh in mind. If it is this Council's desire that it be held immediately, we'll hold it immediately.

Michelle Madoff:

I'm sure we'll be shot down but I'll ask respectfully; I would like to ask that Controller Flaherty be allowed to address this Council as to why it would be, since I believe he was involved in the petition, advantageous to hold the hearing prior to the awarding of a contract as to why it would have some input. I would like to have him step forward. Are there any objections to that?

The Chair:

I object.

Mr. O'Malley:

I object.

Mr. Woods:

I object.

Michelle Madoff:

Then I respectfully request that under the Rules of Council that we have a vote of a majority to override the Chairman's objection. We need a majority vote.

Mr. Woods:

Mr. President, if I may address that issue. The rules of Council say unanimous, not majority, unanimous.

Michelle Madoff:

No, it says majority. We looked it up. Mr. Grabowski did the research for us and he found it in the Charter. It said majority.

Mr. Woods:

I showed Mr. Grabowski where he

could find the right article and it says "unanimous".

Michelle Madoff:

Mr. Grabowski, is he correct or are you correct?

Mr. Grabowski:

Mr. Woods is accurate that we do have to have unanimous consent of Council unless two-thirds of Council agrees to override that rule.

Michelle Madoff:

That's my understanding. Two-thirds of Council agree to override. I move for a vote to see if we have two-thirds to override to let Mr. Flaherty address this Council. I can't believe, whether you agree with him or not, that you would not allow somebody to speak. That's my motion.

Mr. Robinson seconded the motion.

The Chair:

Take the roll.

Mr. Robinson:

Mr. President, I think because of the stature of our Controller that it would be appropriate to allow him to speak at this time on this important matter. I vote aye.

The Chair:

Is there any discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Michelle Madoff

Mr. Robinson

AYES 2

NOES 6

VOTING NO:

Mr. Grabowski

Mr. Wagner

Mrs. Masloff

Mr. Woods

Mr. O'Malley

Mr. Stone

(Pres't)

And a majority of the votes of Council not being in the affirmative, the motion was defeated.

Mr. Wagner:

Mr. President, on the bill itself. This issue has been thrown around so much in the media, by members of Council, by the Mayor, by the Controller, that I personally don't think that a public hearing can harm it any further. As a matter of fact, and I don't know if it's appropriate to mention this, but I have introduced a piece of legislation today that I would like to see a lot of discussion about pertaining to a study that the street lighting contract no longer exists and that's to be done in-house within the City of Pittsburgh. I think there are many advantages of that; I don't want to discuss them right now. That piece of legislation will be coming into Committee this Wednesday. I think it's healthy to have discussion. I think by us holding or delaying the public hearing on this issue all it does is create additional controversy on an issue that does not need any more controversy. I don't think anything can be said on this issue that hasn't been said.

Michelle Madoff:

May I address that, Mr. Stone? Did I understand you correctly, Mr. Wagner, that you're saying we should not

have a hearing? I didn't hear that part. You think it wouldn't be productive; is that what you're saying?

Mr. Wagner:

No. As I indicated, I think there has been so much said about this issue, by having it in the public once again at a public hearing cannot harm the bidding process. In addition, I intend to bring the issue up this Wednesday in Committee pertaining to another alternative way to address the problem of street lighting within the City of Pittsburgh.

Michelle Madoff:

I'm sorry to repeat myself and I'm sorry I didn't hear you; are you for having a hearing or against it? I didn't understand that.

Mr. Wagner:

I say have the hearing tomorrow.

Michelle Madoff:

Thank you.

Mr. Woods:

Mr. President, I agree with my colleague, Mr. Wagner. It has become in the news media almost every day when this thing first hit. It has become very political and that's why I am against, I'm using the same reason only I'm against having this public hearing until the bids, the new bids, are received. It has become a political football and I will vote no. I think it will harm the bidding process.

Michelle Madoff:

Mr. Stone, with all due respect to my colleagues, and I find it rather amusing that Mr. Woods with his labor

background, who has been involved in the bidding of many, many, many hundreds of contracts, knows better than that. He knows that our having a public hearing is the right, under the Home Rule Charter, for any citizen to have a hearing. We have to give a hearing whether we want to or not and it will not in any way —

The Chair:

I don't believe the issue is a hearing. There is going to be a hearing. The issue is when is it going to be; prior to the bidding or post.

Michelle Madoff:

That's what I would like to address. There's no purpose in having it after the fact. The purpose is in having it before the fact so people can have input as to what took place so we do not repeat whatever the errors may or may not have been.

I must tell you that I am personally very unclear as to what happened. I don't know where, if any, there is any blame. This is not the role I'm playing today. I'm not saying the Administration did anything wrong, I'm not saying the awarding of the contract was wrong or that anybody deliberately did anything that was in any way considered a malfeasance.

What I am suggesting is that under the Home Rule Charter we are mandated; that means we are by law compelled to hold a hearing and it would be pointless to hold a hearing after a contract has been awarded. Mr. Woods knows very well that it will have absolutely no effect or no bearing on information that could come up because everybody will have equal access, everybody who is interested can be at that hearing. As a matter of fact, they may even learn something. I think Mr.

Wagner's idea of holding a hearing on his suggestion will be very enlightening because people will learn what it is we want and do not want for the City or some of the pitfalls that could arise or some of the concerns that the public has. To award a contract and say we're going to have a hearing after we awarded it sounds to me that the public is going to think there's a conspiracy, there's collusion, that members of this Council have been asked not to vote on something and to postpone public enlightenment because there's something to hide. I have nothing to hide. Let's hold the hearing. Under the law we have to hold the hearing.

The Chair:

I'm going to say this for the tenth time. —

Michelle Madoff:

Before awarding the contract.

The Chair:

The issue is not whether we're going to hold the hearing. The issue is when we are going to hold it. I explained why it was postponed —

Michelle Madoff:

I disagree.

The Chair:

You have that right but at this point, the issue —

Mr. Flaherty, please, let's have some order in this room.

Controller Flaherty:

We have some order.

The Chair:

I would hope that it doesn't require me to rule you out of order at this meeting.

Controller Flaherty:

Have it after you award it to Sergeant Electric.

The Chair:

If I hear from you once more during this meeting I will have the Sergeant at Arms remove you from the room.

Relative to the issue before us, it is not a matter of whether or not we will hold the hearing; it was always intended to hold the hearing. It is within reasonable time. Anyone that comes in here for a public hearing in November and December, because of our budget hearings, knows that at that time we do not hold public hearings because the budget takes precedence.

Relative to this issue, and I'd like it very clearly understood, the Chair will abide the decision of this Council and the motion at this time is not whether we'll hold the hearing; the issue is whether or not we'll hold it prior to the completion of the —

Michelle Madoff:

Thank you for amending my resolution. I appreciate it.

The Chair:

I'm not amending it.

Michelle Madoff:

But you have and that's clarified and I thank you for doing it. I'm glad

that the President has said that he will abide by the wishes of this Council.

May I then address the amendment, and it is an amendment because I don't think it is spelled out in this resolution that it would be, and you clarified it correctly, that it is not a matter of whether we're going to hold a hearing but whether we are going to hold it prior to the awarding of another contract. I think that was my intention; I hope that that was a given, an understood. But since it was not, and I think you correctly and rightly made that correction, I would then ask my colleagues if for no other reason than the appearances of inpropriety, the appearances of collusion, the appearances of not holding a hearing within a reasonable period of time, that we vote to hold a hearing to enlighten all the people who may wish to bid, they will have equal access, and to do it prior to the time of the awarding of the contract. That is the resolution.

The Chair:

Call the question.

Michelle Madoff:

The issue is to hold a hearing on the lighting before the awarding of a contract.

Mr. Givens:

I just got in but I believe that's up to the President of Council.

Michelle Madoff:

To have it after we award it?

Mr. Givens:

The President of Council sets the hearing date.

Michelle Madoff:

You missed the discussion, Mr. Givens. The issue is —

The Chair:

Michelle, the Chair will help him.

Mr. Givens, there was a hearing and I was asked as President of Council to continue it until after the bidding process was over because it was explained that it would be adverse to the City at that time. The motion before us now is to go back and set a hearing prior to the time of the completion of the bidding. That's the issue that we're voting on now.

Mr. Givens:

I'd like to make a comment on that if I could. I feel once a hearing date has been set, to postpone it, the people who asked for that hearing should be the people who postpone it. If that's not the case then why are we postponing it? That's the question I ask you, Mr. President.

The Chair:

Unfortunately, I already explained that three times already.

Michelle Madoff:

The Mayor asked for it.

Mr. Givens:

I feel if the hearing date has been set then we should adhere to that —

The Chair:

We're past that. It's a question now of whether the hearing date is prior to the bidding or after the bidding.

Mr. Givens:

I vote aye.

Mrs. Masloff:

The President of Council should choose the date. I vote no.

Mr. Wagner:

I vote aye and I'd like to make a comment. This issue is not a life and death issue. It's a matter of money and saving money in the City of Pittsburgh. The way I view it, we don't even need a contract at the end of this month and this City can exist without a contract. The lights are going to stay on and Duquesne Light is going to bill us. We may have a couple go out and we may have an automobile that strikes a pole and Public Works can go out and correct that situation but we don't need a contract. Anything and everything should be discussed on this issue before this City goes out and spends another \$2-3-4 million on street lighting. I vote in favor.

The Chair:

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Michelle Madoff	Mr. Wagner

AYES 4 NOES 5

VOTING NO:

Mr. Grabowski
Mrs. Masloff
Mr. O'Malley

Mr. Woods
Mr. Stone
(Pres't)

And a majority of the votes of Council not being in the affirmative, the motion was defeated.

Michelle Madoff:

We need a fifth vote on Council.

Mr. Wagner:

Mr. President and members of Council, I'd like to ask Bill and Lorraine Wahl to please step forward.

Mr. Wagner presents

No. 2113 WHEREAS, William G. Wahl, a resident of the Beechview area of the City of Pittsburgh, has spent two and one-half years and continues to raise money through his own individual efforts to complete an activities center for 92 special children housed at the Bulter County Rehabilitation Home in Butler County; and

WHEREAS, the Butler County Rehabilitation Home provides comfort and care for these special children, who are totally dependent on others for their every need; and

WHEREAS, William Wahl has raised over \$25,000.00 to date, and is dedicated to the completion of this worthy project; and

WHEREAS, Mr. Wahl has received recognition for his efforts by being nominated for the Pittsburgh Post Gazette Outstanding Citizen Award; and

WHEREAS, Mr. Wahl's concern for the well being of these children, including his own special child, has enriched the lives of many and serves as

an inspiration to the citizens of Pittsburgh.

NOW THEREFORE,

BE IT RESOLVED, that the Mayor and the Members of Pittsburgh City Council hereby recognize and commend Mr. William G. Wahl for his dedication and devotion to the completion of an activities center at the Butler County Rehabilitation Home, and for his sensitivity and concern for the well being of these special children, which serves as an inspiration for us to reflect upon the dignity and preciousness of life.

Mr. Wagner moved to adopt the resolution.

Mr. Woods seconded the motion.

Which motion prevailed.

Mr. Wagner:

Mr. President and members of Council, the purpose of this resolution is two-fold. Number one is to bring some recognition to both Bill and Lorraine for the efforts that they have taken to raise the \$25,000 and second and most important, they haven't reached their goal, and it's to give some attention to them and their fund-raising efforts to reach the \$40,000 goal that they are shooting for. I'd like Bill to say a few words.

Mr. Wahl:

I'm very glad I came today; this has been a very interesting experience for me, it really has.

Michelle Madoff:

Do you vote in the City, I hope?

Mr. Wahl:

Yes, very much so.

Michelle Madoff:

We need a fifth. I don't mean of liquor; I need a vote.

Mr. Wahl:

Two weeks ago when Jack called me and told me about this award he wanted to give me, I went home and told my wife and I said that I might have to make a little speech. She said, "Don't make any speech; just go on down there and talk to the people." So, I just want to talk about my project a little bit.

Two years ago, the parents of the children of the rehabilitation center wanted to form a group and they elected me president and one of the projects that we wanted to get going was an activity center for the children. Our children come from 22 different counties and most of the parents come from a long distance and when they came to visit with their children there was just a narrow corridor where they had to visit. So, one of our most pressing needs was an activity center for the children.

One of your own, Jimmy Corteze, helped me along the way in getting me started. He got me involved with Astorini Associates, the architecture firm, and they went up and drew up the plans for me and we added a wing onto the building. I presented these plans to the Carpenters' Union and Billy Unitas over there with his apprentices not only donated their labor but they donated most of the lumber for the project.

Quite a few other people involved were Mr. Tom Donahoe, he's with Keystone Oaks; we had a basketball game over there between Channel 4 and

the faculty of Keystone Oaks. By the way, we beat Channel 4. Some of the other people that helped me were mostly from the Beechview area and I want to say a special thanks to them.

Some of the ways we've raised money were through raffle tickets and a basketball game and a baseball game and picnics and auctions; every time I walked down the street I had a book of tickets with me bumming off somebody in the neighborhood.

Michelle Madoff:

Are you going to sell us tickets?

Mr. Wahl:

I'll get around to you, Michelle.

But the people from Beechview, you hear so many negative things about some of the neighborhoods but the people from Beechview are really great and I want to say a special thanks to them.

And I want to say a special thanks to you for this award. Thank you for letting me bring my cause to the —

Michelle Madoff:

How short are you financially?

Mr. Wahl:

So far, I estimate it would cost about \$100,000 but with all the free labor and with a lot of the free work that I've gotten done through bumming, I've raised about \$25,000. I'm about \$15,000 short.

I have a floor to put down; this addition is 30' x 40' and I estimate the floor will cost about \$800. I have a bathroom and a kitchen to put in and two patios; I especially want to put the two

patios on, one for in the shade and one for in the sun, for these children.

Michelle Madoff:

How many people are from the City of Pittsburgh? How many children from the City?

Mr. Wahl:

We have 92 children there from 22 different counties; so, exactly how many I don't really know.

Michelle Madoff:

It would be interesting because I think if there were a sufficient number of City residents using the facility, perhaps the Council and Mr. Wagner could look into some options for money.

Mr. Wahl:

That would be very nice.

Mr. Givens:

Bill, I think I had the opportunity about three years ago, this time of the year, to be in your home in Beechview. That's a beautiful home you have up there; it was hard getting to it that particular night.

Mr. Wahl:

I remember. It was a Sunday night about eight or nine o'clock at night and I was wondering who was ringing my doorbell.

Mr. Givens:

It was the last stop of the evening but I was truly impressed at that particular time on your delving in to our special children that we have and I was happy to be up in the rehabilitation home

with some other people that I know who have gone through and been in that particular institution and it is one that is regional in scope and it's a beautiful setting. Your contribution has to be highlighted and I'm very happy that Jack, who lives in that particular area, would bring you to this Council and give you that type of recognition that both you, your wife, and all of your family so heartily deserve from this Council and from the City of Pittsburgh. As Jack indicated, I hope Michelle will get out her checkbook right away and write you a check.

Michelle Madoff:

You can count on it and I'd like to see my colleagues match it.

Mr. Stone, seriously, and I am serious about making a contribution before you leave, is it conceivable that if there are sufficient numbers of children from the City of Pittsburgh that some Unspecified Options monies or City monies or allocations to Council monies —

The Chair:

We'll have to look into that.

Michelle Madoff:

Could we take a look, Mr. Woods?

Mr. Givens:

It has to be within the City, Michelle.

Michelle Madoff:

It doesn't have to be within the City; it has to be with City children.

The Chair:

I think we ought to look into it.

Michelle Madoff:

Mr. Givens, we give money to the home in your area for parents who come with children from out of state. So, that is not a ruling. I think it is a very worthwhile cause; both are very worthwhile causes.

Would you look into it, Mr. Woods?

Mr. Woods:

Yes, I'll look into it.

Michelle Madoff:

Thank you. And I'll give you a check. How many of my colleagues will match my contribution?

The Chair:

Mr. Wahl, we want to commend you for past services and wish you well and hope that you meet your goal.

Mr. Wahl:

Thank you.

And on the motion of **Mr. Woods**

Council adjourned.

Municipal Record

Proceedings of the Council of the City of Pittsburgh

VOL. CXIX

Monday, February 4, 1985

No. 5

Municipal Record

ONE-HUNDRED TWENTY-THIRD COUNCIL

ROBERT RADE STONE President
MICHAEL PERRY City Clerk
LINDA M. JOHNSON ... Asst. City Clerk

Pittsburgh, PA
Monday, February 4, 1985

PRESENT:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't Pro tem)

ABSENT:

Mr. O'Malley
Mr. Stone

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

The Chair, Pro tem:

I would just like to mention that Mr. Stone is in Washington, D.C. attending a federal briefing on the

National Association of Regional Councils. That's why he's not here today.

PRESENTATIONS

Mr. Givens presented

No. 2114 Resolution amending the 1985 Budget by increasing the salary of the Deputy Director/Chief of the Bureau of Fire to equalize it with the salaries of the Emergency Medical Services Deputy Director and the Police Deputy Director/Superintendent; by increasing the Deputy Director/Chief of the Bureau of Fire from \$45,760.00 to \$51,324.00 in Code Account 1461, Bureau of Fire.

—(SPONSORED BY MR. GIVENS)

Which was read and referred to the Committee on Finance.

Mr. Givens moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Grabowski seconded the motion.

Which motion prevailed.

Also,

No. 2115 Resolution providing for the issuance of a warrant of Jendoco Construction Corporation in the amount of \$18,541.00 for extra work consisting of construction of a concrete deck for

the TV Studio and Cable Bureau Offices on the 9th Floor of the City-County Building, chargeable to and payable from the Community Communications Trust Fund (CC), Bureau of Cable Communications, Department of Public Works.

Which was read and referred to the Committee on Finance.

Also,

No. 2116 Resolution granting unto People's Natural Gas Company, their successors and assigns, the privilege and license to construct, maintain and use, at their own cost and expense, a Regulating Station Vault in the portion of the sidewalk of Wightman Street in the 14th Ward of the City of Pittsburgh.

Also,

No. 2117 Resolution vacating Stoddart Way from Anderson Street to Arbuckle Way and Arbuckle Way from Stoddart Way to Locock Street, in the 22nd Ward of the City of Pittsburgh, accepting and reserving easements for the 20-inch sewer line located in Stoddart Way and the 18th-inch sewer line located in Arbuckle Way.

Also,

No. 2118 Resolution adopting Official Sewage Facilities Plan Revision for Jacks Run Terrace Development.

Also,

No. 2119 Communication from Louis R. Gaetano, Director, Department of Public Works, requesting authorization for Brother Richard Emenecker, F.S.C., to attend the National Cable Television Association Convention in Las Vegas, Nevada from June 2-5, 1985, at a cost

not to exceed \$1,300.00, payable from Community Communications Trust Fund (CC).

Also,

No. 2120 Communication from Louis R. Gaetano, Director, Department of Public Works, requesting authorization for Joseph Hudak to attend a seminar at Duquesne University on March 4-5, 1985, at a cost not to exceed \$495.00, payable from Code Account No. 1502, Misc. Services.

Which were severally read and referred to the Committee on Public Works.

Mrs. Masloff presented

No. 2121 Resolution authorizing the issuance of a warrant in favor of Minuteman Press, in the amount of \$320.75 in payment for lay-out and printing of program schedule expenses in the Department of Parks and Recreation, chargeable to and payable from Code Account, Special Parks Program Trust Fund, Department of Parks and Recreation.

Which was read and referred to the Committee on Finance.

Also,

No. 2122 Resolution providing for the letting of a Contract or Contracts, or for the use of existing Contracts, for the furnishing and delivery of various pool pumps and equipment for the Department of Parks and Recreation, chargeable to and payable from the 1985 Pool Pump and Equipment Program (4-10-03-1354), Department of Parks and Recreation.

Which was read and referred to the Committee on General Services.

Also,

No. 2123 Resolution providing for authorization to enter into an Agreement or Agreements with various contractors for services in connection with the 1985 Visual and Performing Arts Program, at a cost not to exceed \$80,000.00, chargeable to and payable from Code Account 1838, Recreational Activities, Misc. Services, Department of Parks and Recreation.

Also,

No. 2124 Communication from Louise R. Brown, Director, Department of Parks and Recreation, requesting authorization for Craig B. Merritt to attend the Banking on Leisure Program in Chicago, Illinois, from March 10-12, 1985, at a cost not to exceed \$990.00, payable from the Special Parks Program Trust Fund, Bureau of Recreational Activities.

Also,

No. 2125 Communication from Louise R. Brown, Director, Department of Parks and Recreation, requesting authorization for Mark Miller, Hosea Holder, Judith Reese, Michael Klinger and Keith McHale to attend a Swimming Pool Operators Course at the University of Pittsburgh for ten Tuesday evenings beginning on January 29, 1985, at a cost not to exceed \$400.00, payable from Code Account No. 1801, Misc. Services. Prior approval granted by Council January 25, 1985.

Also,

No. 2126 Communication from Louise R. Brown, Director, Department of Parks and Recreation, requesting authorization for Sandra Rutkowski and Diane Roth to attend the Chautauqua Winterfest at Chautauqua, New York on

February 3, 1985, at a cost not to exceed \$50.00, payable from Code Account No. 1838, Misc. Services, Bureau of Recreational Activities. Prior approval granted by Council January 24, 1985. Permission is also requested for use of a City vehicle.

Which were severally read and referred to the Committee on Parks and Recreation.

Mrs. Masloff for Mr. O'Malley presented

No. 2127 Communication from Robert J. Coll, Jr., Superintendent, Department of Police, requesting authorization for Anthony Hilderbrand and William Joyce to attend the Pennsylvania State Police Electronic Surveillance School in Hershey, PA, on February 18, 1985, at a cost not to exceed \$625.00, payable from Code Account DPSTPP, Department of Public Safety Third Party Payer.

Also,

No. 2128 Communication from John R. Moran, Acting Chief, Department of Fire, requesting authorization for Denice A. Haas to attend the Information Management Systems at the Federal Emergency Management Agency, National Emergency Training Center, Emmitsburg, Maryland, January 27, 1985 to February 9, 1985, at a cost not to exceed \$250.00, payable from Department of Public Safety Third Party Payer, Department of Public Safety.

Which were read and referred to the Committee on Public Safety.

Mr. Robinson presented

No. 2129 Resolution amending and supplementing the Pittsburgh Code, Title Ten, Building, Article I,

Administration, by adding a new Chapter 1016, entitled, "Urban Homesteading Program", and by deleting Chapter 453, Urban Homesteading. —(SPONSORED BY MR. ROBINSON)

Which was read and referred to the Committee on Public Safety.

Also,

No. 2130 Resolution providing for the issuance of a Certificate of Appropriateness for exterior work on A. Market Square Historic District commercial structure at (1) 514 Liberty Avenue (Block and Lot 1-D-125), (2) 5 Market Place (Block and Lot 1-H-216) in the 1st Ward; B. Mexican War Streets Historic District residential structure at (1) 602 North Taylor Avenue (Block and Lot 23-J-206) in the 22nd Ward; C. Manchester Historic District residential structures at (1) 1122 Liverpool Street (Block and Lot 22-L-226), (2) 1411 West North Avenue (Block and Lot 7-B-284) in the 21st Ward.

Also,

No. 2131 Resolution providing for the issuance of Certificates of Appropriateness for exterior work on the residential structures in the A. Manchester Historic District at (1) 1323 Adams Street (Block and Lot 22-F-138), (2) 1413 Adams Street (Block and Lot 22-F-117) in the 21st Ward; B. Mexican War Streets Historic District at (1) 1206 Resaca Place (Block and Lot 23-K-94), (2) 1227 Palo Alto Street (Block and Lot 23-K-115), (3) 1212 Resaca Place (Block and Lot 23-K-90) in the 22nd Ward; and the commercial property in the C. Market Square Historic District at 518 Liberty Avenue (Block and Lot 1-D-125) in the 1st Ward.

Also,

No. 2132 Resolution providing for the issuance of Certificates of Appropriateness for exterior work in the residential structures in the A. Manchester Historic District at (1) 1425-27-29 Page Street (Block and Lot 7-B-174, 175 and 176), (2) 1419 West North Avenue (Block and Lot 7-B-292), (3) 1211 Fulton Street (Block and Lot 22-P-293), (4) 1420 Liverpool Street (Block and Lot 22-P-15) in the 21st Ward; B. Mexican War Streets Historic District at (1) 1218 Buena Vista Street (Block and Lot 23-J-312) in the 22nd Ward; and C. Market Square Historic District at (1) the commercial structure at 100 Fifth Avenue (Block and Lot 1-D-125) in the 1st Ward.

Also,

No. 2133 Resolution providing for an Agreement or Agreements with the County of Allegheny, Department of Development, for the transfer to and expenditure of funds by the City of Pittsburgh, for the County's local matching share of funds in connection with the Pittsburgh Hearing, Speech and Deaf Services, Inc. Project, at a cost not to exceed \$50,000.00, and creating a special trust fund entitled: "The P.H.S.D.S., Project Trust Fund".

Also,

No. 2134 Resolution amending Res. No. 710, eff. August 14, 1984, entitled: "Providing for an Agreement or Agreements with the Pittsburgh Hearing, Speech, and Deaf Services, Inc. of 1344 Fifth Avenue, and the Urban Redevelopment Authority, for the City's share in the rehabilitation of a building to assure permanent housing for the operations of the Agency", so as to add the County of Allegheny's local matching share to the project, at a cost not to exceed \$300,000.00.

Which were severally read and referred to the Committee on Planning, Housing and Development.

Mr. Wagner presented

No. 2135 Resolution providing for the issuance of a warrant in favor of Pittsburgh and Lake Erie Railroad, in the amount of \$90,453.92, for the partial payment of the design and construction of a railroad crossing at 18th Street in relation to the South Side Riverfront Park, payable from Code Account CDPR 78, 4-13-72-1562-78-106-78-13, South Side Riverfront Park.

Which was read and referred to the Committee on Finance.

Also,

No. 2136 Resolution amending Res. No. 1150, eff. 1/1/85 as amended, entitled: "Resolution adopting and approving the 1985 Capital Budget and the 1985 Community Development Block Grant Program; and approving the 1985 through 1990 Capital Improvement Program," by amending the prior year funds, reducing a line item and adjusting the Summary Totals. This amendment will substitute \$1,325,000.00 of New Project Allocations in the Arlington Avenue Project for Community Development Funds. These funds were previously earmarked for the Bloomfield Bridge Project (Phase IV).

Also,

No. 2137 Resolution further amending Res. No. 1385, eff. January 1, 1983, as amended, entitled: "Adopting and Approving the 1983 Capital Budget and the 1983 Community Development Block Grant Program; and approving the 1983 through 1988 Capital Improvement Program," by increasing a line item and adjusting the Summary Totals.

Also,

No. 2138 Resolution amending Res. No. 576, eff. July 29, 1983, entitled: "Providing for a Contract or Contracts for the reconstruction of the Bloomfield Bridge, Phase IV, including the intersections of Bigelow Boulevard and Liberty Avenue, work on private property and other incidental thereto; providing for a Reimbursement Agreement or Agreements with the Commonwealth of Pennsylvania, Department of Transportation, by increasing the total project allocation from \$9,325,000.00 to \$11,500,000.00, payable from PW 83-08, 4-13-05-0424-83.

Which were severally read and referred to the Committee on Engineering and Construction.

Mr. Wagner moved to suspend Rule 8 by providing for consideration of the bills only until or after the 9th calendar day following the meeting in which the bills were introduced so the bills will be on the agenda this Wednesday.

Mr. Robinson seconded the motion.

Which motion prevailed.

Also,

No. 2139 Resolution providing for the issuance of a warrant in favor of A. R. Scalise, Inc. in the amount of \$807.00 in payment of extra work, being in addition to the original contract price of \$108,800.00 on Controller's Contract No. 27041, and a warrant in favor of Coffey Construction Company in the amount of \$1,348.20 in payment for extra work, being in addition to the original contract price of \$193,503.00 on Controller's Contract No. 26987, for an aggregate amount of \$2,155.20, furnished for the benefit of the City in connection with

the renovation of the Public Safety Building Cell Block, payable from Code Account LB 83-07, 4-13-86-0070-83. Prior approval granted by Council October 15 and 30, 1984.

Also,

No. 2140 Resolution providing for the issuance of a warrant in favor of Moscatiello Construction Company in the amount of \$22,291.30 in payment for extra work, being in addition to the original contract price of \$3,460,895.69 on Controller's Contract No. 26658, furnished for the benefit of the City in connection with reconstruction of Warrington Avenue - Phase I, payable from Code Account CDPW 83, 4-13-01-0130-83-250-83-13.

Also,

No. 2141 Resolution amending Res. No. 934, eff. October 31, 1984, entitled: "Providing for the issuance of a warrant in favor of Domenic Parente Contractors, Inc., in payment for an Emergency contract for the replacement of waterlines and appurtenances on Torley Street, from Pearl Street to Friendship Avenue; and providing for the payment thereof," by increasing the total amount of the warrant from \$69,286.24 to \$70,279.92, payable from Code Account WD 84-08, 4-13-54-1055-84, Waterline Work.

Which were severally read and referred to the Committee on Finance.

Also,

No. 2142 Resolution providing for an Agreement with Northshore Associates and the Commonwealth Public School Employees' Retirement System concerning an encroachment on City property in the 22nd Ward of the City of Pittsburgh.

Also,

No. 2143 Resolution providing for an Agreement or Agreements with J. A. Morgan, Inc. (James Morgan, Principal) for architectural, engineering or other professional services in connection with the construction documents and the construction of the Pittsburgh Zoo - Phase IV; Plaza, at a cost not to exceed \$69,277.00, chargeable to and payable from Code Account PR 83-02, 4-13-60-1230-83.

Which were read and referred to the Committee on Engineering and Construction.

Also,

No. 2144 Resolution providing for a Contract or Contracts for the demolition of the Melancthon Street Footbridge over Baltimore and Ohio Railroad, including necessary work on private property, at a cost not to exceed \$48,000.00, chargeable to and payable from Code Account CDEC 84-11, 4-13-05-0450-84-301-84-13.

Which was read and referred to the Committee on General Services.

Mr. Wagner for Mr. Woods presented

No. 2145 Resolution providing for the issuance of a \$1,000.00 warrant in favor of Edythe & Floran Washington in settlement of claim for personal injury due to a fall, payable from Code Account No. 46, Judgments.

Also,

No. 2146 Resolution amending and supplementing Resolution No. 1149 of 1984, eff. January 1, 1985, as amended by Resolution No's. 4 and 5 of 1985 entitled, "Resolution fixing the number of officers and employees of the

City of Pittsburgh and the rate of compensation thereof, and setting minimum levels for designated positions, by making certain additions and corrections.

Also,

No. 2147 Resolution amending and supplementing Resolution No. 1148 of 1984, eff. January 1, 1985, as amended by Resolution No's. 4 and 5 of 1985 entitled, "Making appropriations to pay the expenses of conducting the public business of the City of Pittsburgh and for meeting the debt charges thereof for the fiscal year, beginning January 1, 1985, by making certain additions and corrections.

Also,

No. 2148 Resolution providing for an Agreement with John J. Bondi and Gloria K. Bondi, his wife, their heirs, executors, administrators and assigns, which grants an easement for a single family dwelling sanitary sewer line through property owned by the City of Pittsburgh upon certain terms and conditions.

Also,

No. 2149 Resolution providing for the conveyance of certain property in the Township of O'Hara, designated as Block and Lot 292-G-60-64, to Daniel J. McGreevy for the sum of \$18,000.00.

Also,

No. 2150 Resolution Repealing Item B of Res. No. 110, approved March 2, 1984, for the sale of vacant land in the 3rd Ward, designated as Block & Lot 2-H-328-330, to Eugene T. McCaa, for the sum of \$1,300.00. Resolution is to Repeal sale and return the hand money. City does not have a marketable Title.

Also,

No. 2151 Resolution amending Item O of Res. No. 927, approved October 27, 1984, for the sale of vacant land in the 16th Ward, on Stromberg Street, Block and Lot 30-E, Pt. 85, to James A. Fronczak, for the sum of \$2,000.00. Amendment is to correct date of acquisition which reads June 6, 1949 instead of July 5, 1949.

Also,

No. 2152 Resolution providing for the filing of a petition or petitions for the sale of certain property or properties acquired at a tax sale in accordance with Act No. 514 of 1947 as amended.

Also,

No. 2153 Communication from Michael Perry, City Clerk, requesting authorization for Jack Buckley and Peter Vaughn to attend a one day workshop on the Municipal Pension Plan Funding Standard and Recovery Act of 1984 to be held in Harrisburg, PA, February 21-22, 1985, at a cost not to exceed \$325.00, payable from Code Account 1001-1, Misc. Services, Supplies, Equipment, Etc., City Council. Permission is also requested for use of a City vehicle.

Also,

No. 2154 Communication from Thomas Flaherty, Controller, City of Pittsburgh, requesting authorization for Raymond E. Johnson, Jr. to attend the 1985 Annual Conference of the Government Finance Officers Association to be held in Chicago, Illinois from May 25-29, 1985, at a cost not to exceed \$1,400.00, payable from Code Account No. 1048, Misc. Services.

Which were severally read and referred to the Committee on Finance.

The Chair (Pro tem) presented

No. 2155 Petition from the residents of Canterbury Lane, 7th Ward, requesting a Residential Sticker Parking Program, starting from the Canterbury Lane intersection with Fifth Avenue to its end.

Which was read and referred to the Committee on Planning, Housing and Development.

REPORTS OF COMMITTEES

Mr. Woods presented

Bill No. 2156

Report of the Committee on Finance for January 30, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2052

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Moscatiello Construction Company, in the amount of Five Thousand Twenty Four Dollars and Forty Four Cents (\$5,024.44), in payment of extra work being in addition to the original contract price of Three Million Four Hundred Sixty Thousand Eight Hundred Ninety Five Dollars and Sixty Nine Cents (\$3,460,895.69), on Controller's Contract No. 26658, furnished for the benefit of the City in connection with the Reconstruction of Warrington Avenue, Phase I, and providing for the payment thereof."

Which was read.

Also,

Bill No. 2053

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Moscatiello Construction Company in the amount of \$8,159.16 in payment of extra work, being in addition to the original contract price of \$3,460,895.69 on Controller's Contract No. 26658, furnished for the benefit of the City in connection with the Reconstruction of Warrington Avenue, Phase I, and providing for the payment thereof."

Which was read.

Also,

Bill No. 2054

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Spiniello Construction Company in the amount of \$108,000.00 in payment of extra work, being in addition to the original contract price of \$281,200.00 on Controller's Contract No. 27037, furnished for the benefit of the City in connection with the installation of 50" Cement Lining - Baum to Amberson Street - Project No. 1743; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2055

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of M. DePasquale, Incorporated, in the amount of Thirty Five Thousand (\$35,000.00) Dollars, in payment of extra work, being in addition to the original contract price of Three Hundred Forty Nine Thousand One Hundred Fifty One

Dollars and Twenty Cents (\$349,151.20), on Controller's Contract No. 27078-F, furnished for the benefit of the City in connection with the Reconstruction of the Stadium Street Wall; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2059

A Resolution entitled, "Resolution providing for the issuance of a warrant to Bernard D. Marcus, in the amount of \$42,500.00 in full settlement of claim for personal injury, and providing for the payment thereof."

Which was read.

The Chair, Pro tem:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't Pro tem)

AYES 7 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 2061

A Resolution entitled, "Resolution providing for the lease of certain property on the second floor of 1700 East Carson Street, 17th Ward, from February 1, 1985, for a term of 18 months, with a one year option, at a rental of \$7,252.67 per month, to house the City's Youth Employment and Training Program, upon certain terms and conditions, and providing for the payment thereof."

Which was read.

Also,

Bill No. 2062

A Resolution entitled, "Resolution authorizing the Mayor and the Director of Finance, on behalf of the City of Pittsburgh, County of Allegheny and School District of Pittsburgh to transfer its rights, title and interest, if any, for certain Three Taxing Bodies property in the 26th Ward of the City of Pittsburgh to the Pennsylvania Department of Transportation. Deed to be in quit claim form for a total consideration of \$960.00, as indicated below."

Which was read.

Also,

Bill No. 2063

A Resolution entitled, "Resolution amending Item C of Resolution No. 1121, approved December 28, 1984, which authorized the sale of property in the 10th Ward, being a vacant lot, located on Kincaid Street, designated as Block 50-F, Lot 42, to Frank Hammond, for the sum of \$300.00."

Which was read.

Also,

Bill No. 2064

A Resolution entitled, "Resolution amending Item E of Resolution No. 1121, approved December 28, 1984, which authorized the sale of property in the 16th Ward, being vacant land on Stromberg Street and Orkney Way, designated as Block 30-E, Lots 62-65-68, to James A. Fronczak, for the sum of \$2,600.00."

Which was read.

Also,

Bill No. 2065

A Resolution entitled, "Resolution amending Item B of Resolution No. 1047, approved December 5, 1984, which approved the forfeiture of hand money and cancellation of the sale of property at 2816 Bedford Avenue, 5th Ward, to John B. Clark and Sylvia Clark, his wife."

Which was read.

Also,

Bill No. 2066

A Resolution entitled, "Resolution amending Item K of Resolution No. 1121, approved December 28, 1984, which authorized the sale of property in the 15th Ward, being a lot, located on Four Mile Run Road, designated as Block 54-J, Lot 142, to Martin S. Matvey, for the sum of \$300.00."

Which was read.

Also,

Bill No. 2067

A Resolution entitled, "Resolution amending Item F of Resolution No. 1121, approved December 28, 1984, which

authorized the sale of property in the 17th Ward, being 2 vacant lots, located on Gregory Street, designated as Block 12-N, Lots 240-241, to Francis X. Scheidel & Pauline Scheidel, his wife, for the sum of \$750.00."

Which was read.

Also,

Bill No. 2068

A Resolution entitled, "Resolution providing for the filing of a petition or petitions for the sale of certain property or properties acquired at tax sale in accordance with Act No. 514 of 1947 as amended."

Which was read.

Also,

Bill No. 2069

A Resolution entitled, "Resolution Repealing Resolutions approved on various dates, for sale of properties in various Wards of the City, in accordance with Act No. 514, and providing for the forfeiture of hand money."

Which was read.

Also,

Bill No. 2096

A Resolution entitled, "Resolution providing additional benefits to the former employees who are beneficiaries of the City of Pittsburgh Policemen's Relief and Pension Fund, Firemen's Relief and Pension Fund, and Municipal Pension Fund who retired prior to January 1, 1985."

Which was read.

The Chair, Pro tem:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't Pro tem)

AYES 7 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Givens presented

Bill No. 2157

Report of the Committee on Public Works for January 30, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2041

A Resolution entitled, "Resolution providing for a Contract or Contracts, or the use of existing Contracts, for the purchase and/or installation of various types of Fire Extinguishers, and providing for the payment of the costs thereof."

Which was read.

Also,

Bill No. 2042

A Resolution entitled, "Resolution providing for a Contract or Contracts, or the use of existing Contracts for the purchase of Litter Receptacles, and providing for the payment of the costs thereof."

Which was read.

Also,

Bill No. 2043

A Resolution entitled, "Resolution providing for a Contract or Contracts, or the use of existing Contracts, for the purchase of a Vibratory Sub-Grade Roller, and providing for the payment of the costs thereof."

Which was read.

Also,

Bill No. 2044

A Resolution entitled, "Resolution providing for a Contract or Contracts, or the use of existing Contracts, for the purchase of Miscellaneous Hand Tools and Portable Power Plants, and providing for the payment of the costs thereof."

Which was read.

Also,

Bill No. 2090

A Resolution entitled, "Resolution authorizing and directing the Director of Department of Public Works and the Chairperson of the City of Pittsburgh's Energy Task Force to conduct a feasibility study on having City of Pittsburgh personnel perform the

construction and maintenance on street lights and equipment owned by the City of Pittsburgh." (AS AMENDED IN COMMITTEE) —(SPONSORED BY MR. WAGNER)

Which was read.

Mr. Givens:

I was not here last Wednesday because of a death in my immediate family. However, in reading the notes and reviewing some of the Channel 17 playback later on that evening, I was very disturbed with one fact and the fact was not to let the Controller of the City of Pittsburgh to speak out on anything that comes before this Council. I caution this Council that I think a precedence is being set because of political overtones and it is very dangerous for the people and the good dialogue and the checks and balances of government that we must have.

The Controller's Office is a unique office. The Council as a body is a unique body. The strong Mayor form of government, the Executive Branch, is a very unique form of government. Each one of us are supposed to be looking, theoretically over one shoulder to be sure that the people of the City of Pittsburgh are given the fairest opportunity. I would have to have challenged, if I were here last Wednesday, the fact that that motion to defeat the Controller to speak on that particular bill. The Controller is here I think by our wish and like any Director of the City of Pittsburgh. No Director of the City of Pittsburgh is to be challenged to come up before the Standing Committee Meeting. On the Executive Meeting today, yes they can be challenged because this is Councilmatic, strictly debate at this particular time. But on the Wednesday session, I would have to assume that the

Controller is acting like any Director of the City of Pittsburgh would be acting; he would be liken that of the Mayor of the City of Pittsburgh. He could not be challenged and should not be challenged when he comes before our body nor should the Controller of the City of Pittsburgh ever be challenged if he wants to speak on a particular issue. That's why we have and have invited the Controller to sit in on every Wednesday session.

Mike Perry, Chief Clerk, you've been here for many years, maybe you could express to this Council because it was before my time when the Controller was here, what requires the Controller of the City of Pittsburgh to be present at our Wednesday session and even at today's session. Is there anything legally that requires him to be here or is this a practice of good procedure on days gone by?

Mr. Grabowski:

Mr. President, point of order. What bill are we debating?

Mr. Givens:

I'm discussing Bill 2090. It's in the Committee of Public Works, the bills that are before us right now.

Mr. Grabowski:

This bill has nothing to do with the City Controller.

Mr. Givens:

Excuse me, I have not relinquished the floor unless the Chairman so desires it.

The Chair, Pro tem:

If I may, Dick, I would like to

entertain your argument after we get finished with the presentation of all papers. You're not talking about the bill, Dick; you're talking about a situation.

Mr. Givens:

I want a point of clarification then. If the Controller was denied an opportunity and if he wished to speak last Wednesday, today he would need possibly the consent of Council before he could speak at this meeting today. But I think somewhere, someplace, the Controller of the City of Pittsburgh in previous years has been asked, and probably legally, has been asked to attend every Councilmatic meeting. Now, if that is the case —

The Chair, Pro tem:

Dick, we're talking about a procedure and not a bill. We are going to have a meeting, I believe February 11th, among Council to talk about procedures once again. I would please ask you to bring it up at that time.

Mr. Givens:

But it bears on the bill itself.

The Chair, Pro tem:

No, it does not.

Michelle Madoff:

Dick, I think you're confused.

Mr. Givens:

I am not confused.

The Chair, Pro tem:

Wait a minute, please. Do you have any more discussion on the bill?

Mr. Givens:

I'm talking about Bill 2090, sponsored by Jack Wagner, in the Committee of Public Works which is my committee. I feel at this time, I haven't even talked to the Controller, but I feel very strongly that because of political maneuvering by the Controller's part that this Council is setting a dangerous precedence. I say that in all fairness.

The Chair, Pro tem:

Fine. Now on the bill.

Mr. Givens:

Well, I want a discussion on this.

The Chair, Pro tem:

Not at this time. After we are done with all presentations and committee reports we'll take action and you can bring it up at the end of the meeting. I'm going to ask you to please do that one more time.

Now, on the discussion on the bills.

Mr. Givens:

Excuse me then. I'll make the motion that I want the Controller of the City of Pittsburgh to speak on behalf of Bill 2090 before we take a final vote on it and I ask my colleagues to so vote on that motion. The reason for it and the reason I asked Mike Perry or possibly our legal representative here to indicate why is this Controller up here? I don't know the reason why and I'm asking for that reason.

The Chair, Pro tem:

Is there a second?

Michelle Madoff:

I second it for discussion.

It would have saved a lot of time if you would have let me do this earlier. Councilman Givens, at the end of the meeting last week, I raised a floor motion that we honor the petition of 500 signatures to have a hearing on the lighting. At that point, the Controller was not allowed to speak; it was not on this bill. I think you're confusing two issues.

Now on the bill, may I speak?

The Chair, Pro tem:

No, Mr. Givens made a motion which you seconded to have the Controller speak. All in favor signify by saying aye.

Michelle Madoff:

If the Controller wishes to speak I have no objections.

The Chair, Pro tem:

Okay, there are two ayes. The motion fails.

Now, on the bill itself.

Michelle Madoff:

On Bill 2090, I would like to ask Councilman Wagner if he would clarify what I've been reading about in the media as to whether the statements made by Mr. Matter are accurate or whether he feels that his position is still the same, that it would be more economical to pursue having in-house care of the lights.

Mr. Wagner:

I haven't heard all of the statements made by the Administration. I know that several people have spoken; I think they have responded, to be quite frank about it, too quickly. All this legislation does is request that they look into the possibility of maintenance of the street light system on an in-house basis. I have not asked them of their opinion or whether or not it should be in-house or not in-house. The legislation, the way I read it, only asks for them to gather information that the Energy Task Force has available and information that the Department of Public Works has available, pertaining to the feasibility economically as to whether or not this can be done, not only economically but also in terms of personnel in the City of Pittsburgh.

Michelle Madoff:

Mr. Woods, the statements I'm referring to or the statement I read in the paper that what is viable in 1985 may not be viable in 1987 and that the reports that you pointed out to us in the previous meeting which supports your theory that we should do it in-house because it would be more economical, they are claiming, they meaning Mr. Matter, is claiming that it would be far more economical to farm it out, I presume the reason being that he is considering the burden of the benefits, you know, workmen's comp, unfunded pensions, and so on, and adding to that liability. I don't know. I wondered whether you had spoken with him and whether you had argued this out or discussed any of it because I see no problems with the study. None. I don't think anybody does. The problem is, if you order a study and if your mind is in a closed position, when they want our opinion they'll give it to us, and the decision has already been made not to do it, they're going to come up with an

answer that says it's not a good idea.

My suggestion might be that we have some money available to do our own studies and you might want to have a study done on our own. I'm getting the vibes back that there's no point in ordering a study that isn't going to be done and if it's done you're going to get an answer that it can't be done in-house. We have consultant money available. You might find that you might want to postpone it.

I'd like to hold it a week, give you a chance to speak to the Administration, work out the differences. If you can't work them out then come back and then perhaps do your own study at the same time. Then you'll get some results.

Mr. Wagner:

Well, my understanding of the position of this Council being a legislative body, we are legislating the Administration, we are requesting, we are ordering, under the power given to us by the Charter to perform a study. True, if they do not want to perform a study it will not be conducted. However, we do have a street light maintenance contract that is about to expire at the end of February. I would think it be only logical for this Council not to vote on allocation of any dollars towards the extension of the existing contract or a new contract until an in-house study is completed. That is if we pass this legislation today. My concern is that this legislation be passed today and that we request to them that a study be conducted and back to us within a two-week period of time. Unless that happens, I would think that this legislative body would not move forward on any legislation pertaining to street light maintenance.

Michelle Madoff:

Mr. Wagner, I don't think you have a problem with this Council but from the six and a half years that I have been on this Council, Council proposes and the Administration disposes. We can recommend until we're blue in the face that we should have more police officers, that we should have a lot of things, but if the Administration doesn't want it, you don't get it. I'm only suggesting to you in the real world because of the time frame that what you might want to do is suggest to this Council that we do an appropriation of funds available to you if the Administration doesn't do a study that you can live with. You've had enough background and experience to know whether it's a viable study, whether the results are being done, without bias, and that it would not take very long to have a consultant review the two reports that were done previously, look at our fiscal situation on the City and come up with some recommendations. I'm giving you a backup because in the real world we can propose from now until next month and if they don't want to do it it won't be done and furthermore, if it's done with people chosen, you can almost say what the results will be. I'm giving you the real world, you do what you want to do. I'll vote for it anyway, I'll support you.

Mr. Wagner:

I'm hoping to think that the real world is that a study will be conducted by the Administration if this legislation is passed.

A received a letter from Mr. Jack Wilson last Thursday which I'd like to read which pertains to your question.

Michelle Madoff:

Who is Mr. Jack Wilson?

Mr. Wagner:

He is in charge of the Energy Task Force and was and still is a consultant, I suspect, to some degree in the street light maintenance area.

The subject of the letter is "Pending Legislation Requesting the Study of In-House Street Light Construction and Maintenance".

"This is to request that the above mentioned legislation be amended to provide for the study of in-house street light maintenance only. A study of in-house street light construction would be difficult at this time because of the number of unknown variables concerning projections of the amount of street light construction to be undertaken in the near future.

Be assured that the street light construction contract currently being bid is a non-exclusive contract, meaning the City is not obligated to employ the successful bidder to perform any or all of the proposed construction work. Also, this contract does not prohibit the City from engaging another contractor to perform the work or from performing the work in-house.

Once projections of street light construction are more refined, an analysis of in-house construction can be more accurately performed.

Thank you for your consideration."

As you recall, the legislation pertains not only to construction but also to maintenance. What Mr. Wilson is suggesting is that I amend the construction out of the legislation which I am going to do when the time is appropriate.

Michelle Madoff:

May I point out to you, respectfully, that four years ago I think, the former President of Council, Mr. DePasquale, appointed me as the sub-committee on energy because of my vast knowledge and years of experience and I do consulting in that area, and I have never, never been invited, even though I've sent letters to the Task Force on Energy, letters to Mina Gerall and others saying that I would be happy to share my expertise with you.

They don't want our opinion and the thought that you're going to have a study done, we're going to vote for it, I'm only cautioning you to be alert to the fact that we do have an option available to us. We have money for a consultant of our own and you can get your own study. That's all.

Mr. Wagner:

I would like to move to amend Bill No. 2090 to exclude the word "construction" in all areas of the legislation.

Mr. Robinson seconded the motion.

Which motion prevailed.

Mr. Wagner:

I went over last week in detail what I thought was the projected cost of doing this work in-house. Since that time, I have contacted several contractors, we have researched some additional information, and the more work we do the more we find that the approximate \$1 million figure is very accurate. We were off quite a bit on the materials, the projected cost of materials, but as you recall in the area such as vehicles we were taking the lump sum figure of \$384,000 and putting that

into the cost of the first year.

In refining that information, we've factored those costs out over a three year period for the vehicles to make the numbers more realistic. The one area where I wasn't quite sure of the exact cost was the building. I inquired as to the cost of the building where the old Broadway Maintenance was located on Banksville Road. That building recently sold for \$500,000. That building, if you recall, housed the street light maintenance operation for the City of Pittsburgh for approximately 20 years. It's a very suitable building, it was also used for other purposes.

In the area of building cost, we project the cost, if we were to purchase a building, to be somewhere in that area and that cost also would be factored out over a period of time, I believe about 20 years. As I indicated earlier, another major area of cost is materials. We were somewhat low so we injected some figures in there and we think we have some very realistic cost. Also in salaries, we've injected the proper figures for the benefits of the proposed 14 employees that it would cost.

The total cost is still in the area of approximately \$1 million. That's a very interesting figure when you compare it to the \$1.4 million. The reason why I say that, as you recall in the Price-Waterhouse study they indicated that an in-house program in the City of St. Louis, Missouri, was \$25 per light. In Oakland, California, it's \$8 per light. In Philadelphia by contract it's \$25 per light. Compared to Pittsburgh which is \$35 per light.

Well, playing around with those figures a little bit, that Oakland figure is very low and we're not sure why but they must not be doing all that they should be doing with street light maintenance. So

we thought the figure of Philadelphia and St. Louis at \$25 per light was more realistic. When you consider the number of lights we have in the City of Pittsburgh, meaning 40,000, and you multiply that by \$25 per light for maintenance, quite interestingly you come up with the figure of \$1 million. That's what we're projecting the cost to be in-house, \$1 million rather than the \$1.4 million to go outside. As indicated before, that's a significant savings we feel, approximately \$400,000 a year. Price-Waterhouse feels there's a significant savings to be gained, the Controller's Office feels there's a significant savings to be gained. Everyone is suggesting that this should be considered.

I went to our budget people, Mr. Buckley, and I asked him if there's any sources of funding available for street light purposes. Mr. Buckley came back to me with an interesting piece of information. I'm sure all of you are aware of the Liquid Fuel Tax that comes back to the City of Pittsburgh through some formula, the number of vehicles, population, miles traveled in the City of Pittsburgh. That money is paid through the purchase of fuel, it goes to the state and it comes back to the City, a certain allocation each year. He found out that street lighting qualifies under the Liquid Fuel Tax use of that type of capital. We went into the budget a little bit and found out what we've had available to spend under Liquid Fuel Tax as an unencumbered balance for the last five years. It was very interesting; there's been an unencumbered balance of \$1,481,000 on an average for the last five years. The actual total Liquid Fuel Tax balance from prior years in January of '85 is \$1,539,000.

Michelle Madoff:

Excuse me, where did the money

go?

Mr. Wagner:

It can be used for various purposes. It can be used for salt, snow and ice removal; it can be used for salaries, and that is what it's used for in Public Works.

Michelle Madoff:

It's a surplus?

Mr. Wagner:

Yes. But the interesting point is that there's a significant number of dollars there right now that could be applied to street lighting. One million five hundred thirty-nine thousand dollars is sitting there as an unencumbered balance in Liquid Fuel Tax.

Mrs. Masloff:

How long has it been there?

Mr. Wagner:

It varies from year to year and from month to month, depending on the uses of Public Works.

But what I'm suggesting is that if the study proves that in-house is the proper way to go that we could take a portion of that funding and use it for up-front capital to start the program for things such as a building, if we need a building, we may be able to use our existing buildings, and for items such as materials, materials or vehicles.

So, the fact that the City of Pittsburgh has never considered in-house, the fact that there's never been a study, I think warrants the request to have a study completed prior to a contract being awarded. I've heard the comment

within the last week that this is very untimely.

Michelle Madoff:

I never said that.

Mr. Wagner:

I didn't indicate you. You indicated that.

Michelle Madoff:

You're looking at me.

Mr. Wagner:

But this is very untimely, this legislation, untimely because this contract is going out for bid. Actually, I think it's very timely. What it's saying to the contractors is if you want our contract, your bid better be competitive, competitive because we're doing an in-house study and we're going to find out what the true cost of street light maintenance is and we're going to know by looking at the true cost what your profit margin is and if you don't come in with a darn competitive bid then we're going to turn around and consider doing it in-house. That's something we should have been doing every year for the last 40 years, I feel, and I'm hoping that the study proves naturally that the proper way to go is in-house. If the figures turn out to be quite similar, there are also many other advantages, some of which I mentioned last Wednesday; the fact that we'll have better control, the fact that the people are required to live in the City, they'll pay taxes back to the City, and many other advantages. So, I'm hoping that the legislation passes today and I'm hoping that the study is performed in-house and is back to us within the next two weeks.

Michelle Madoff:

May I just point out, Mr. Wagner, that the reason I suggested that you speak to Mr. Matter about this issue is to find out what he had on his mind. Is he saying that the cost of the benefits, the major medical, pension, workmen's comp, etc., might make it uneconomical? I think that's a question that needs to be asked because maybe we're going through an exercise without a reason.

I'm going to support you because I think you make some very valid arguments. I'm only suggesting that you might want to hold it for a week so you can speak with him and say, "David, what are your objections to this?" If it's logical to us it should be logical to him. Maybe there's some glaring thing that we don't know about. I think it's unfortunate that this is being done primarily through the media, that's where I'm getting my information. I have not had a chance to talk to Mr. Matter to find out why he said what he did. It would seem to me with the two reports there's seems to be some validity for your case because obviously those two reports took into consideration the other extreme or the other end which is providing the pensions and the holidays and all the other benefits that would have to be factored in. I think there's no reason for us not to support you; I think you got a preliminary vote. Again, I'm only pointing out to you that you might need the other option.

The Chair, Pro tem:

If I may make one comment, I'm sure that the study will include pensions, hospitalization, holidays; I mean, that would be part of any study.

Mr. Givens:

I think Jack Wagner is right on target. For the last month now I have

been preaching in my campaign, whatever you want to call it, the fact that how many contracts in the City of Pittsburgh that are in fact going outside the City of Pittsburgh. We in the City are in fact giving away not just one or two million dollars as this contract might say, but upwards into hundreds of millions of dollars because of the bidding process that one must bid. It was ironic that we had a local company to bid on our PennDOT roadway and it's going to Minneapolis, Minnesota; that was the last thing that I read in the local newspapers.

We in the City of Pittsburgh must look inward to ourselves. This amendment right here, and I would have to superimpose that when the results come back that now you can do it better by contracting and you can do better by the City of Pittsburgh. That might be so, but when we have 18 percent unemployment out there, when we have 50 percent of all of our youth that are sitting out there with no jobs, I think it's about high time the City starts looking into itself. This is an excellent piece of legislation and I hope it goes forward and I hope we get favorable recommendation back from the Mayor. If not, I can assure you part of my platform in this City is to put the people of the City of Pittsburgh to work and maybe the only way we can do that, if we can't do it contractually because the lowest bidder makes it, when I go down there and checked in with the high-rise buildings in the City of Pittsburgh and found that most of the workers were from West Virginia and Ohio and none of our people are getting the work. I think it's about time this City starts looking into itself and as a result, for every dollar that we can save in this City, any economist will tell you that that dollar rotates five times around. So sure, it might be a little bit cheaper to do it by sending it out for contract because of the pensions and other compensations that we must

pay, but every dollar that that person earns circulates five times around in this City, meaning, we can tax it five different times. So, that \$1 million might be in fact worth \$5 million of taxable income and that's a hell of a lot more money in the tax hopper than just a few bucks that we're saving by giving it to outside contractors. As far as I'm concerned it's right on target and I hope we get a speedy answer back and they don't purge and sit on it and say we don't have the information.

The Chair, Pro tem:

Is there any further discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't Pro tem)

AYES 7 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Robinson presented

Bill No. 2158

Report of the Committee on Planning, Housing and Development for January 30, 1985 transmitting one ordinance and sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1641

An Ordinance entitled, "An Ordinance amending the Pittsburgh Code, Title Nine, Zoning District Map No. 11 by changing from "R5" Multiple-Family Residence District to "C3" Commercial District certain property located on the southerly side of CENTRE AVENUE between S. GRAHAM STREET and S. NEGLEY AVENUE, 7th Ward."

Which was read.

The Chair, Pro tem:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't Pro tem)

AYES 7 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also, with a **NEGATIVE** recommendation,

Bill No. 1720

A Resolution entitled, "Resolution approving a Conditional Use under Section 993.01(a)A(44) of the Pittsburgh Code, Title Nine, Zoning, Article V,

Chapter 993 as amended, for occupancy of 412 NORTH NEVILLE STREET as a Group Care Facility for 12 juvenile dependent/delinquent males with adult supervision, operated by Alternative Program Associates, 4th Ward."

Which was read.

Mr. Robinson:

Mr. Woods and members of Council, I indicated on Wednesday that the Solicitor's Office would probably be asking me to submit some substitute legislation. Unfortunately, that legislation was not available until about an hour ago.

Rather than make an attempt to make a substitution at this point and engage in a long discussion, I'd like to make a motion to recommit Council Bill 1720 and ask that the Solicitor would be present on Wednesday to give a legal clarification.

Mr. Givens seconded the motion.

Michelle Madoff:

Discussion. Mr. Robinson, I can't see any legislation that would affect this particular bill, I think meaning general legislation for people who try to do this kind of thing. But I think we ought to vote on this bill, vote it up or down, because I'm sure it's going into the courts. I think we need to resolve it. From how Council is voting, we've had a public hearing, I personally am opposed to this particular legislation. I think the alternative program people are outstandingly qualified, good people who do very excellent work to go into this house which is not in compliance with the Zoning Code and to get in and go into an area that is already overburdened with group homes instead of going to other areas. I think it's separate and

apart from any legislation that you would introduce to see that it doesn't happen again. I presume that's what your legislation is going to do.

Mr. Robinson:

Mr. Woods and members of Council, as Council is aware, on several occasions when we have taken action relative to approving or denying a group home, the result of our action has been some legal action against the City of Pittsburgh. The Solicitor in attempting to address this issue and others has been requesting that we be cognizant of the type of information and finding of facts that he needs to present the City's case. It is the City of Pittsburgh that will be going to court, not Pittsburgh City Council. The legislation that the Administration would like to offer would be legislation asking that the Conditional Use exception be denied. That is not the same legislation that we have before us. I did ask the Solicitor if he could be present at this afternoon's session but evidently he had another commitment. I feel that it would be appropriate to have our Solicitor present to not only explain the legislation that he is recommending but also to explain the legal ramifications of our actions. I think that's the responsible thing to do. Sending this bill back to Committee I think gives us an opportunity to hear from our Solicitor and Council was advised by myself last week that the Solicitor would be presenting something to us that related to our legal position if and when we would be going into court. The likelihood that we will be going into court on this matter is probably fairly great and I think we ought to do everything we can on our end to act in a responsible legal fashion and I don't see how at this point we can be responsible without the Solicitor sharing with us his concerns.

The Chair, Pro tem:

I have no problems with recommitting it; I know I voted once on it but I'm willing to hear it again on this Wednesday.

Mr. Givens:

I feel if the Chairman of this Committee would like to have it recommitted and the fact that I would like to hear some of the professional opinions of our Solicitor that I would hope that we won't deny anybody the opportunity to use the full course of their argument in order that Council is enlightened on both sides of the aspect. Had the other party come up here and wanted this same type of treatment, I would be offering that party the same type of treatment and I think this Council should feel likewise. There's nothing that's going to make or break this particular bill for another week so let's hear from our Solicitor.

The Chair, Pro tem:

All those in favor of the recommitment? Opposed?

WHICH MOTION PREVAILED.

Also, with an AFFIRMATIVE recommendation,

Bill No. 2046

A Resolution entitled, "Resolution amending Resolution No. 1150, January 7, 1985 and effective January 1, 1985, entitled: "Adopting and Approving the 1985 Capital Budget and the 1985 Community Development Block Grant Program; and approving the 1985 through 1990 Capital Improvement Program", by adding several Capital Program project numbers and including four projects

previously omitted." (AS AMENDED IN COMMITTEE)

Which was read.

Also,

Bill No. 2047

A Resolution entitled, "Resolution approving execution of a Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and the Garfield Jubilee Association, Incorporated for the sale of the various properties in the City of Pittsburgh (RESALE FOR REHABILITATION)."

Which was read.

Also,

Bill No. 2048

A Resolution entitled, "Resolution approving execution of Contracts for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and various Redevelopers for the sale of various properties in the City of Pittsburgh (URBAN HOMESTEADING REHABS)."

Which was read.

Also,

Bill No. 2049

A Resolution entitled, "Resolution approving execution of a Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and Charles and Linda C. Weis for the of Parcels 11 and 288 in the 21st Ward of the City of Pittsburgh in Redevelopment Area No. 27 (SIDEYARDS)."

Which was read.

Also,

Bill No. 2050

A Resolution entitled, "Resolution approving execution of a Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and Homer A. Gray for the sale of Block 175-C, Lot 22 in the 13th Ward of the City of Pittsburgh (SIDEYARD)."

Which was read.

Also,

Bill No. 2051

A Resolution entitled, "Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire all of the City's rights, title and interests, if any, in and to the publicly owned property in the 13th Ward of the City of Pittsburgh designated in the Deed Registry Office of Allegheny County as Block and Lot 174-N-161 under the Homewood South Cooperation Agreement."

Which was read.

Also,

Bill No. 2071

A Resolution entitled, "Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire all of the City's right, title and interests, if any, in and to the publicly owned property in the 13th Ward of the City of Pittsburgh designated in the Deed Registry Office of Allegheny County Block and Lot 174-N-161 under the Homewood South Cooperation Agreement."

Which was read.

The Chair, Pro tem:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't Pro tem)

AYES 7

NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Wagner presented

Bill No. 2159

Report of the Committee on Engineering and Construction for January 30, 1985 transmitting two resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2056

A Resolution entitled, "Resolution further amending Resolution No. 474, effective May 29, 1979, as amended, entitled: 'Providing for a Cooperation Agreement or Agreements with Buhl Planetarium, a non-profit corporation, in connection with the removal of architectural barriers,' by decreasing the

total project allocation by \$24,601.00."

Which was read.

Also,

Bill No. 2057

A Resolution entitled, "Resolution amending Resolution No. 910, effective September 22, 1982, entitled: 'Providing for a Contract or Contracts for the construction of a new No. 42 Engine Company (East North Side), and providing for the payment of the cost thereof, by reducing the project allocation by \$30,523.69.'"

Which was read.

The Chair, Pro tem:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	(Pres't Pro tem)

AYES 7

NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

Mr. Robinson:

Before we move forward, I'd like

to make a motion, and I've given each member of Council a copy of this, a motion to cablecast the February 12, 1985, 10:00 a.m. hearing on South Africa.

Michelle Madoff seconded the motion.

Which motion prevailed.

Mr. Robinson:

Also, I'd like to submit a report from my trip to Orlando, Florida on January 23rd through January 26th to attend the National Real Estate Development Center Tax-Exempt Financing Conference. I'd like to have have a copy of this report included in the Record.

(REPORT REQUESTED BY COUNCILMAN ROBINSON)

TO: President and Members
of Council
FROM: William Russell Robinson
Chairman, Planning,
Housing and Development
DATE: February 4, 1985
SUBJECT: The National Real Estate
Development Center, Tax-
Exempt Financing for
Multifamily, Commercial,
Retail, Hotel and
Industrial.

On January 23 through January 26, 1985 I attended a real estate development conference in Orlando, Florida sponsored by the National Real Estate Development Center.

The topics for discussion were:

1. IDB Arbitrate Regulations
2. Tax-Exempt Financing Options for Multifamily Housing.
3. New Credit Enhancing Techniques.
4. Explanation to Tax Exempt Bond provisions of the Deficit Reduction

Act of 1984.

The conference was geared for Bond Council, Underwriters, Developers and Issuers of Tax Exempt Bonds.

Additional information will be supplied by my office upon request.

(END OF REPORT)

Mr. Robinson:

Mr. Woods and members of Council, each year at this time I offer a resolution in honor of Africo-American History Month and this year is no different than the previous years. I would like to indicate one added feature for this year; next Monday in Council Chambers under Motions and Resolutions, the Sounds of Heritage will be here to offer two selections and I think it is fitting that they would take time from their busy schedule to share with us their appreciation for Afro-American History Month.

I'd just like to read the resolution and before I do so I would like to acknowledge some organizations that have been working on this program for this year. One organization is the Association for the Study of Afro-American Life and History, the Pittsburgh Chapter, and also Allegheny County Black History Month Coalition.

To accept the resolution, if she would come forward, is Pinkie Familoni who represents the Coalition and she will have a few words for us after the resolution hopefully is adopted.

Mr. Robinson presents

No. 2160 WHEREAS, Afro-Americans have been an integral part of this nation, this state, this country, and this City's history for more than three

hundred years; and

WHEREAS, the first week of the month of February has been traditionally designated to recognize their many deeds and accomplishments; and

WHEREAS, many distinguished Afro-Americans made history as residents of our City, such as Dr. Martin R. Delaney, Louis Woodson, George B. Vashon, Henry Ossawa Tanner, Robert L. Vann, Daisey Lampkin, Dr. Alma Illery, Honorable Homer S. Brown, Honorable Paul Jones, Percival L. Prattis, former Executive Editor of the Pittsburgh Courier; and the Honorable Louis Mason Jr., former President of Pittsburgh City Council; and

WHEREAS, in February, 1926, Dr. Carter Godwin Woodson, the Director of the Association for the Study of Negro Life and History, launched the celebration of Negro History Week; and

WHEREAS, this celebration has been expanded to a full month of recognition; and

WHEREAS, throughout the nation, distinguished and honored people of African ancestry will be honored during Afro-American History Month.

NOW THEREFORE,

BE IT RESOLVED, that the Mayor and the members of the Council of the City of Pittsburgh on behalf of the citizens of the City of Pittsburgh, shall recognize and observe the month of February as Afro-American History Month.

Mr. Robinson moved to adopt the resolution.

Michelle Madoff seconded the motion.

Which motion prevailed.

Ms. Familoni:

The Coalition for Afro-American History Month was formed in March of 1984 and this year marks our first annual observance of the Black History Month in cooperation with the 70 year old Association for the Study of Afro-American Life and History, Pittsburgh Chapter.

This year's national theme is the Afro-American Family, Historical Strength for the New Century. The Coalition has also chosen to recognize the achievements of black women. The highlights of the month include weekly presentations, an exhibit of art work by local black women artists in the Courthouse gallery, and a salute to Afro-American women where we will honor seven local black women. This event will be held on February 22nd at 5:00 p.m. at the William Pitt Ballroom, University of Pittsburgh. The guest speaker for the evening is Mrs. Jacqueline Jackson, wife of the Reverend Jesse Jackson.

At this time, I'd like to introduce two of the members of the Coalition that are present: Emma Lucas who is the President of the Association Chapter and also Vice-Chairperson of the Coalition and Miss Mary Savage who is working with us in the art exhibit.

In closing, I'd like to thank Mayor Richard Caliguiri, Bill Robinson, and City Council for issuing a proclamation for Black History Month 1985.

Also, I'd like to leave with you a calendar of events for this month's activities and I encourage you to come out and participate.

Michelle Madoff:

Are the paintings for sale?

Ms. Familoni:

Yes.

The Chair, Pro tem:

Thank you.

Michelle Madoff:

Mr. Woods, I hate to bore this Council again but I am absolutely frustrated and I am angry and when I get angry it is not good.

I am frustrated and angry because I am seeing handicapped people getting out of their wheelchairs in the front of this building, getting walkers to come into the building, because once again the back doors are not functioning. That's a disgrace.

Item two. If there was an emergency in this building other than fire and people had to get out of this building, the back elevators still are non-functioning. There is one elevator to accommodate everybody on all the floors.

I have asked respectfully that somebody do something about that. I am on the sub-committee on energy but of course as I've explained to my colleague, Mr. Wagner, what this Council does doesn't really mean anything. He doesn't believe it yet. Something has to be done.

I'd like to make a motion that a letter go from this Council, I hope it will be a unanimous vote, that the issue be addressed and an answer back to us within one working week as to what is going to happen and how quickly those doors for the handicapped will be

working and how quickly another elevator will be available for use on the Ross Street side of the building. I realize that the County is involved with this issue but there's got to be something that can be worked out. I understand they're going to hire somebody as a contractor who is going to go out — That's not good enough. And I also have asked the question from Mr. Smith's predecessor, why have we not entertained litigation? If we are, what stage is that litigation in? We should be reimbursed for not having those doors working and I want damages. I want to collect some damages for having the handicapped people —

That's my motion; will somebody second it?

Mr. Wagner seconded the motion.

Which motion prevailed.

Michelle Madoff:

Mike, that letter will go to the Energy Commission, to the County Commissioners, to the Mayor, to Mina Gerall, and to the Law Department, Danny Pellegrini.

Mr. Givens:

Michelle, on the elevators, you're going to find out that we're not even complying with the law. In case of fire, the elevators should not be used for obvious reasons; you use the enclosed stairwells. So, the elevator argument side of it is kind of rough.

These doors are locked and closed because they want the people to use the circular doors. That's fine in cold weather but they should not be locked. Put signs up, yes; but don't lock them. You're absolutely right. When I came in the front way today, not looking at the

sign, and just by habit I tried the door and the door was locked. As Michelle indicated, you'd have to break down the bloody door to get somebody out of there in a wheelchair or to get a stretcher in here. We have emergency medical people that have to have entrance to this building.

So, it's a very dangerous situation, one that should be corrected immediately. Mike, make a phone call, tell them to put the signs on the doors but not lock these doors. Otherwise, they're going to find them crashed in very quickly.

Michelle Madoff:

How about sending my request to BBI? That would be a good place to do it.

Mr. Wagner:

Mr. President and members of Council, two weeks ago we sent a letter to the Mayor's Office in regard to the status of the Economic Development Coordinator position. That is in the Minutes of January 22nd that we have in front of us today.

Have we yet, Mr. Perry, received a response to that letter?

Mr. Perry:

No response at this time.

Mr. Wagner:

I would like to make a motion that another letter be sent asking what actions have been taken or will be taken in regard to the first letter.

Michelle Madoff seconded the motion.

Which motion prevailed.

Mr. Robinson:

If I might, Council should be aware that there is a bill pending to create an Economic Development Commission as we once had in the City of Pittsburgh. I think Councilman Wagner's request directly relates to the response that the Mayor had to the bill. The bill, in creating the Commission, required the Mayor to respond to Council within 30 days by provision of the Charter. I would suggest that Councilman Wagner and other members of Council review the Mayor's response to the creating of the Commission. That bill will be back in Council, I believe, in a week or so and I think it will shed some light on Mr. Wagner's concern about a staff person in the Mayor's Office addressing economic development issues in the City of Pittsburgh.

Michelle Madoff:

Mr. Woods, as President Pro tem today, have you any word on the meeting that is taking place I believe at 9:30 on Friday with the Mayor on the \$4 million allocation? The last time I heard, Mr. Wagner said that was an inconvenient time. Have you changed your schedule? Is it still on or have we modified the meeting?

The Chair, Pro tem:

The way I understand it, it's still for Friday, February 8th at 9:30.

Michelle Madoff:

Are you going to be there?

Mr. Wagner:

I'm still not certain. I may have a Water and Sewage Authority meeting.

Michelle Madoff:

Could we possibly have the meeting on Wednesday afternoon? Could you see what you can do? I have a conflict. I was just telling Councilwoman Masloff that there's a meeting at 7:00 at the National Press Club on hazardous chemicals and the effect on cities and leading people in the country and the world are going to be there and I would very much like to fly in; I'll go in Friday afternoon if I have to. But it would be easier not to be hassled if we could do it Wednesday.

The Chair, Pro tem:

I think no matter which way we do this we're going to have some conflicts but I'll check it out.

Michelle Madoff:

Could you check it out for Wednesday or Thursday or Tuesday? How about tomorrow?

The Chair, Pro tem:

I'll check it out.

Mr. Givens:

I just wanted to get back to Rule Six, Council Rules, in the book dated 1978, I believe. In getting back to that bill, I think it was 2090, wherein the Controller did not have an opportunity to speak and he's been denied the opportunity to speak both at this session and at other sessions. In our rules in Committee, all meetings of Council and Committee shall be open to the public subject to the right of Council to establish an enclosure beyond which passage may be limited to, and that's our enclosure back here so to speak, be limited to members and officers and the staff of Council, the Mayor, the City

Controller and heads of the departments, reporters of the news media and persons assigned to duty by the President subject to the regulation of cameras, lights, flash equipment, and recording and transmitting equipment so as not to interfere with the ordinary conduct of the office.

It also states in paragraph B that all these persons I just mentioned, including the Controller, sits at our table. He's not invited to the table, he is in fact a part of that Committee Meeting.

Paragraph 2, however, says that no person shall be heard or seated at the Committee table unless invited by the Chairman of the Committee in session and with the unanimous consent of the members present subject to the above exceptions and then it goes into a lot of different exceptions.

My point is that it was always traditional and otherwise and I would like a reading from our representative from our Parliamentarian and I think we're going to have to get down to this more and more because it seems that because tempers are flaring in Council we're into an election year and I think we have to go by a certain code and that code is generally Roberts Rules of Order and our own Council's document right here that we have to live by.

If in fact we invite the City Controller to come up here as a part to solicit his wisdom and knowledge and questions that we might have asked him, it was always heretofore that no one, and this is historical that I'm speaking of now, historically, that no one could challenge at the Wednesday's Committee Meeting a Director, the Controller or the Mayor because they are in fact part of that particular enclosure that I am talking about. What happened here last

Wednesday, and I was not here or I would have brought that to the attention of my fellow Councilmembers, either we invite these people up here to not be challenged or we say that they shouldn't even come up here. To invite them here and to say that we challenge them, I think is wrong. I hope that we have a form of government here in the City of Pittsburgh where it's open and where everyone has a chance and an opportunity to participate in.

We open it to the Mayor, we open it to Council, and we open it to all the Directors. Anybody else then can be challenged by this Council. Historically, that's the way it has operated. Last Wednesday it did not operate that way and I would like a clarification from our Parliamentarian as to what we're doing here and I'd also like, Mike, if you could write a letter to our Solicitor and ask two questions; one, when does the Parliamentarian have authority to step in on a meeting of Council and to give the Roberts Rules of Order as to who is right and who is wrong so that we don't have people being fined every week up here because they feel they have a right to speak on a particular issue and they're denied. If there's an argument on parliamentarian procedure, let the Solicitor who is paid by this Council come up through our Parliamentarian who is paid through this Council as in any other legislative body that I've ever had the privilege of serving with or being a part of or a witness thereof where if there's a discussion between the Chair and an individual member that the Parliamentarian would come up and clarify those rules. That's what the Parliamentarian role is all about.

So Mike, I need a ruling from our Solicitor as to when and when not the Parliamentarian should act in this particular Council, when he should be called upon to act.

Second, I would like to know, and I think this is a Councilmatic matter, who we seat at our table. Once I seat a person or once this body seats an individual at the table on a weekly basis then I think that person has the right and opportunity to speak up at any time because in fact it's part of the Committee system. Now, if we don't want that, then I think we should rewrite our Council's rules and regulations.

The Chair, Pro tem:

Thank you, Mr. Givens. We are going to have a meeting, as I stated some time ago, on February 11th where I'm sure there's nine members of Council and we all have different interpretations of that rule book that you're referring to and I would hope that we would bring it up then.

Mr. Robinson moved to excuse Mr. O'Malley and Mr. Stone for absence from the meeting.

Michelle Madoff seconded the motion.

Which motion prevailed.

Mrs. Masloff moved to approve the Minutes of Tuesday, January 8, 1985, Monday, January 14, 1985 and Tuesday, January 22, 1985.

Mr. Robinson seconded the motion.

Which motion prevailed.

And on the motion of **Mr. Robinson**

Council adjourned.

Municipal Record

Proceedings of the Council of the City of Pittsburgh

VOL. CXIX

Monday, February 11, 1985

No. 6

Municipal Record

ONE-HUNDRED TWENTY-THIRD COUNCIL

ROBERT RADE STONE President
MICHAEL PERRY City Clerk
LINDA M. JOHNSON ... Asst. City Clerk

Pittsburgh, PA
Monday, February 11, 1985

PRESENT:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

PRESENTATIONS

Michelle Madoff presented

No. 2161 Resolution Repealing Res. No. 1119, approved October 25, 1982, effective November 5, 1982, entitled: "Providing for a Contract or

Contracts or the use of existing Contracts for the purchase and delivery of a Tractor-Loader-Backhoe, at a cost not to exceed \$40,000.00, chargeable to and payable from Code Account No. WD-82-11, Purchase of Heavy Equipment, Department of Water."

Which was read and referred to the Committee on General Services.

Mr. Woods presented

No. 2179 Resolution providing for the issuance of a \$4,239.66 warrant in favor of Atlas Waste Paper Corporation in settlement of claim for sewer line repair, payable from Code Account No. 46, Judgments.

Also,

No. 2180 Resolution providing for the filing of a petition for the exoneration of taxes and transfer of properties in accordance with the laws applicable for transfer. The cost of the proceedings are to be paid from Three Taxing Bodies Trust Fund.

Also,

No. 2181 Communication from Michael Perry, City Clerk, requesting authorization for Albert D'Alessandro and Peter Vaughn to attend the 79th Annual Conference of the Government Finance Officers Association of the United States and Canada, to be held in Chicago, Illinois, May 25-29, 1985, at a cost not to exceed \$2,600.00, payable from Code Account No. 1001-1, Misc. Services, Supplies, Equipment, Etc., City Council.

Also,

No. 2182 Communication from Melanie J. Smith, Director, Department of Personnel and Civil Service, requesting authorization for Gail Erny to attend the seminar on Examination Planning sponsored by the International Personnel Management Association and the IPMA Assessment Council in Los Angeles, California from March 25-27, 1985, at a cost not to exceed \$900.00, payable from Code Account No. 1100, Misc. Services.

Also,

No. 2183 Communication from Melanie J. Smith, Director, Department of Personnel, requesting authorization for Bernard Schneider to attend the National Public Employer Labor Relations Association Conference in San Diego, California, on March 17-20, 1985, at a cost not to exceed \$1,500.00, payable from Code Account No. 1100, Misc. Services.

Also,

No. 2184 Communication from Melanie J. Smith, Director, Department of Personnel and Civil Service, requesting authorization for Barbara Brown and David Farley to attend the

meeting of the Pennsylvania Service Delivery Area Association in Harrisburg, PA on February 21, 1985, at a cost not to exceed \$700.00, payable from the JTPA-A Trust Fund, Federal Funds.

Which were severally read and referred to the Committee on Finance.

The Chair presented

No. 2185 Communication from Michael Perry, City Clerk, requesting authorization for Linda Johnson to attend the National Forum for Black Public Administrators Annual Conference (Forum '85) in Oakland, California, from April 14-18, 1985, at a cost not to exceed \$1,500.00, payable from Code Account 1001-1, Misc. Services, Supplies, Equipment, Etc.

Also,

No. 2186 Amendments to the Rules of Council reflecting the Mayor's reorganization of all City Departments.

Which were read and referred to the Committee on Finance.

UNFINISHED BUSINESS

Mr. Wagner presents

No. 2093 Communication from Councilman Jack Wagner submitting a proposed change in Council's rules which would prohibit any member of Council to conduct discussion on a bill during voting or to explain his or her vote which would be the same as debate at such a time.

Which was read.

Mr. Wagner:

Mr. President and members of Council, I make a motion to amend that

bill to include the following statement. "Except where Councilmember abstains to explain his or her vote."

Mr. Robinson seconded the motion.

Michelle Madoff:

Discussion. I just want to point out that I have no problem with this bill whatsoever. All it is going to do, though, is expound and expand the time we spend on explaining our point of view before we take the vote. There's not going to be any saving of time. But in order to facilitate the saving of time, I've obtained a timer which I'll put on when I speak and when any other member of this Council speaks and according to Robert's Rules you have ten minutes and your time is up; twice, ten minutes on any subject. That should keep us from doing an hour on each subject.

The Chair:

So that we don't get too far afield, that's ten minutes on the subject.

Michelle Madoff:

According to the Home Rule Charter, it says —

The Chair:

Did you hear what I said?

Michelle Madoff:

I heard. On the subject. But who is to determine the subject? Sometimes you talk on another subject to make a point on the subject you're talking about. So I think you have to be a little lenient on that. What I believe it says is that no one can speak longer than ten minutes at a time without the permission of the assembly.

I think what you might want to do is amend your bill to permit a majority of Council to override when there's something important coming in. I'm not off the subject but it's akin to somebody getting some last minute evidence handed in a courtroom out of Perry Mason and somebody says, "Your Honor, I wish to introduce some new evidence", and you might want another vote. Sometimes I have seen members of Council handed a note from their aide on some information or a department head finally getting some information to Councilmembers and you say, "Well, I just got some new information", and it's in the middle of a vote. At that point I think we should be able to have a roll call vote of Council on a majority if there's something unusual. I believe that is permissible under the Robert's Rules when you say "point of order" or "personal preference".

Mr. Wagner:

Mr. President, we're voting on the amendment now, right? We will have two votes; the amendment and then the final vote.

Mr. Grabowski:

I'd like to question Councilman Wagner as to the need for this amendment.

Mr. Wagner:

The need for the amendment to the change in Council's rules is simply that I felt that there is always time to explain a vote, pro or con.

Mr. Grabowski:

I'm not questioning your motives behind the rule change. I'm questioning the motives behind the amendment to the rule change as you originally proposed

it.

Mr. Wagner:

Quite frequently a Councilmember will not become part of the debate, for or against a particular bill, if they're abstaining on that bill. All they really have to do is explain the fact that they are abstaining, for example, due to a conflict of interest. I don't think that really has merit as part of the debate or discussion as part of that bill.

Mr. Grabowski:

I think it would be just as easy thought to state that conflict of interest or whatever reason you may be abstaining during the debate, even though it may not necessarily be part of the debate but say, "I have to abstain on this matter for this reason or that reason".

Michelle Madoff:

According to Robert's Rules you do it at the time of your vote, you explain why you're abstaining.

The Chair:

I thought originally when you were putting your motion in the question would be to not participate in the discussion whether you can explain during the time of the vote. What had been heretofore the concern, I thought, was that we had much discussion and after the discussion had ended, those who had participated in the discussion would also then go into a lengthy explanation of the vote. Ordinarily it is done that if you participate in the discussion, you should not be then re-explaining it in the vote. If you did not participate in the discussion, then you could, if that is your desire, explain it at the time of your vote. But the motion you are talking

about now is to do it only on the extension.

Michelle Madoff:

On the amendment, according to Robert's Rules and the Ethics Commission, if anyone has a conflict of interest they are not even allowed to discuss the issue, which is something I've just learned, and when they vote they are to say, "I abstain from voting because of conflict of interest" but are not obliged to explain what their conflict is.

The Chair:

All in favor of the motion to amend? Opposed?

WHICH MOTION PREVAILED.

The Chair:

On the bill, as amended.

Mr. Wagner:

I'd like to respond to my colleague's earlier response. I firmly feel that this will cut the time of explanation on a particular bill due to the fact that I think quite often we become redundant, including myself, in terms of explaining why I am voting for or against a particular bill. I feel that this rule change, first of all, this rule change is simply a reflection of Robert's Rules, incorporating that into Council's rules and I think a rule change of this type will make this Council function in a more orderly procedure and the vote will be more consistent. I have seen times when we begin voting and we get back into discussion of the bill; that happened particularly on the budget for '85, and it actually took 10-15 minutes to get through a vote. This will eliminate that.

Mr. Grabowski:

I would just like to state that I intend to support Councilman Wagner's proposal; I think it's a fine idea. When I served in the State House that is exactly how it was done. You spoke during the debate portion and when the vote came all the microphones were turned off; of course, the vote was taken on an electronic machine and you had no chance to say anything further. But I just would ask that if this is incorporated, and if I can read my colleagues well it will be, I would ask that the Chair strictly enforce this rule to make sure that when the vote is called for that is the only thing that is taken at that time.

Michelle Madoff:

Conversely, I would appreciate that when we have discussion, particularly during budget hearings, that we're alerted to the fact that this is a discussion and we will not have another opportunity to vote. Very frequently we get the feeling, it's a very loose kind of — We're just addressing something and we'll get back to it later and we say, "Gee, I didn't know that was what we were discussing" because we're never informed. I think we need some training for whoever conducts the budget hearing meetings and is chairing them; and that goes for past, present and the future, whoever that person may be.

The Chair:

All those in favor of the bill Opposed?

WHICH MOTION PREVAILED.

REPORTS OF COMMITTEES

Mr. Woods presented

Bill No. 2187

Report of the Committee on Finance for February 6, 1985 transmitting sundry resolutions and ordinances to Council.

Which was read, received and filed.

Also, with an affirmative recommendation.

Bill No. 2080

A Resolution entitled, "Resolution authorizing the issuance of a warrant in favor of Allied Security, Incorporated, in the amount of \$1,134.60 in payment for guard services at the Regatta, furnished for the benefit of the City without previous authority of law; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2081

A Resolution entitled, "Resolution authorizing the issuance of a warrant in favor of Alex and Joseph Kolas in the amount of \$900.00 in payment for rental of property at 5632-40 Second Avenue, for the last six months of 1984 and the first 3 months of 1985; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2091

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of W. G. Tomko and Son,

Incorporated, in the amount of \$6,532.65, in payment for extra work, being in addition to the original contract price of \$159,330.00 on Controller's Contract No. 26905, furnished for the benefit of the City in connection with the Building Plumbing Contract at the Pittsburgh Zoo - Phase III: Savanna Exhibits."

Which was read.

Also,

Bill No. 2092

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Port Authority of Allegheny County in the amount of \$18,900.00 representing the Port Authority's share of the federal reimbursement of the Wood Street Bridge which has been received by the City of Pittsburgh; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2097

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of DMK, Incorporated, in the amount of \$3,676.50 in payment for emergency work performed at City property and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 2098

A Resolution entitled, "Resolution providing for an Agreement with Dickie, McCamey & Chilcote, P.C. for professional legal services for the City Controller."

Which was read.

Also,

Bill No. 2099

A Resolution entitled, "Resolution providing for an Agreement or Agreements with an accounting firm to provide professional auditing services as required by the Pennsylvania Department of Labor and Industry in connection with the Job Training Partnership Act (JTPA) Program and providing for the payment of costs thereof."

Which was read.

Also,

Bill No. 2100

An Ordinance entitled, "An Ordinance amending and supplementing the Pittsburgh Code, Title Two, 'Fiscal', Article I, 'Administration', Chapter 211,

'Tax Collection Suits', by deleting from Section 211.02, 'Time Limitation to Commence Suit; Exceptions', Subsection (a), a reference to a limitation on deficiency assessments, and by creating a new Section 211.03, 'Limitation on Assessment'".

Which was read.

Also,

Bill No. 2101

An Ordinance entitled, "An Ordinance amending the Pittsburgh Code, Title Two, 'Fiscal', Article I, 'Administration', Chapter 209, 'Violations, Fines, Interest and Penalties', Section 209.04, 'Interest and Penalties', by clarifying the rates of interest and penalty which are applicable to delinquent taxes generally."

Which was read.

Also,

Bill No. 2102

An Ordinance entitled, "An Ordinance amending the Pittsburgh Code, Title Two, 'Fiscal', Article VII, 'Business Related Taxes', Chapter 253, 'Parking Tax', Section 253.04, 'Records', by defining the types of records which must be maintained by operators."

Which was read.

Also,

Bill No. 2103

An Ordinance entitled, "An Ordinance amending the Pittsburgh Code, Title Two, 'Fiscal', Article VII, 'Business Related Taxes', Chapter 253.03, 'Annual License Required', by changing the title and adding a new subsection requiring the filing of a registration form."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 1986

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Alling & Cory, 2920 New Beaver Avenue, Pgh., PA 15233, in the amount of \$658.50 in payment for Purchase of Paper furnished for the benefit of the City and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Also,

Bill No. 2114

A Resolution entitled, "Resolution amending the 1985 Budget by increasing the salary of the Deputy Director/Chief of the Bureau of Fire to equalize it with the salaries of the Emergency Medical Services Deputy Director and the Police Deputy Director/Superintendent."

Which was read.

Mr. Grabowski:

I'd like to discuss Council Bill 2114. That was Councilman Givens' bill to increase the salary of the Deputy Director of Fire. The reason behind it was so that it would be consistent with the other Deputy Directors but I believe the legislation is improperly drafted. When you make such an amendment, you should show a corresponding decrease in some other portion of the budget and this one does not. Consequently, I would ask that it be recommitted. You know, Councilman Woods does have several other amendments to the budget and this is one of them but his is done properly and does reflect a corresponding decrease.

Mr. Givens:

I'd like to respond to that. I put in the Code Account of 1461, Bureau of Fire, to so indicate that right now there's 90 firemen that are not on the force; there's plenty of money for this particular code account.

The Chair:

I don't think that's what he means, Dick. What he saying is if that's where you intend to take it from you should label it from there.

Mr. Givens:

It's all in one code account. All the firemen are paid out of Code Account 1461. We don't have to make any other adjustments; it's there. In fact, there's going to be a surplus of money at the end of this year because there's 90 firemen that have yet to be hired.

Mr. Woods:

Mr. President, if I may try to explain. I did say it last Wednesday and I sent everybody a memo on the Friday prior to that that this was already included in the Mayor's changes that he sent over, the corrections in the budget. Mr. Givens wanted to present this, we entertained it. I have no problem with it; it is in the proper code account and there's nothing wrong with it. But it is included anyway and we'll just have to erase that I guess Wednesday.

The Chair:

Do I understand, Mr. Woods, that there's an amendment to the budget which includes —

Mr. Woods:

It was introduced last Monday, corrections to the budget and amendments were introduced last Monday.

The Chair:

And this is included?

Mr. Woods:

Yes it is.

The Chair:

I would strongly urge that you send this back and pick it up the other way so that we don't mess them up. What you're proposing here is an amendment to the budget. If it comes in as a correction, it's accurate. If it comes this way, we may not be able to do in the final analysis what we're trying to do. Since we all agree I don't think it will create a problem.

Mr. Givens:

May I say, Mr. President, that when the original documentation came over to this Council from the Mayor's Office that in fact I checked it out and in fact it did not have this correction in it. This correction was put in after the original document had come over and after Councilman Givens so put in this particular piece of legislation. Had I not done that, I'm sure maybe Ben Woods or some other Councilman would have done it. I think this is an appropriate resolution right here that indicates that all the people within the Police, Fire and Emergency Medical should get the same amount of money.

It is interesting to note that, and not to say who he is but the Chief of EMS was still receiving his \$42,000 and

in fact he was raised up to the Director level of the Fire Chief and the Police Chief, where in the 1985 budget he was still down in what we call that other group of directors because he only had some 200 people versus 1,000 firemen and 1,100 or so police officers within the force. To bring him up needs to be questioned.

I think this is like any resolution that comes in, the budgetary change as it addresses, the resolution amending the 1985 budget. We're still in that process right now; there's nothing wrong with introducing it the way it is. We voted on this on Wednesday and it received 100 percent favorable vote from everyone who was there. Who wants to take the credit for it, if that's what you're saying, I have no problem.

The Chair:

I don't think it's that. I think everything you say may be accurate; procedurally, however, when you're amending the budget you amend the budget and not put in a separate bill. I'm only trying to carry out what you want and I would strongly urge you to go back and have it be picked up as an amendment. You can't amend the budget other than in the proper way. Your intent is well and I think we ought to carry it out.

Mr. Givens:

If my intent is well, the resolution is well because it in fact does amend the 1985 budget. Is there any other way we can amend it? Is this incorrect? Tell me if it's incorrect.

The Chair:

I think doing it by resolution is technically incorrect; I would strongly urge you do an amendment.

Mr. Givens:

Excuse me, you have the resolution before you, Chief Clerk, I had submitted this resolution to you. Is there anything in this resolution, from your past experience, that would indicate that this would not be legal or not be binding?

Mr. Perry:

No, but in past practice we would amend the budget as a whole with all other amendments to the budget at one time.

Mr. Givens:

That's true. The reason this came in was that the original amendments that came over to the Council did not have this in it. That's why I put this resolution in.

The Chair:

The only fault with that, the only thing I'm saying is that since there is a change now, an amendment to the budget, pick it up that way.

Mr. Woods:

Mr. President, if I may, I would like to act on this. We're all going to pass it and it will come up again Wednesday and we'll pass it again Wednesday in whatever procedure. But I have one correction. I received the changes in the budget Wednesday afternoon; I went over them and called the Mayor on Thursday. I said, "What about this position?" and he said "I'll get back to you Friday morning." He go back to me, our budget staff didn't have the chance when you looked at it, Mr. Givens, to put it in but they already knew about it and Mr. Pete Vaughn is sitting back there and he'll tell you. You put your thing in, if I'm correct, at 3:30 - 4:00 in the afternoon.

I saw it, I received it in my office and I said, "Wait a minute." and I called Mike and told him to put out a memo to all my colleagues that it is already in the corrections. I want that perfectly clear that it was in the corrections. I spoke to the Mayor about it on Thursday; I talked to him Friday morning. Seven hours before you put out your resolution.

The Chair:

The only problem the Chair has with it, it's an amendment to the budget; it seems that everybody is going to vote for it anyhow. It should be done procedurally accurately so that they don't end out not getting the money. That's the only correction I'm trying to make. To delay it one week and ship it up here the right way seems to me to be giving them what they're entitled to and since nobody is against it I think you ought to do it that way.

Mr. Givens:

It is never my intent to do anything that would be not legal; I think everything that I have done in here is legal. However, based on your great wisdom, Mr. President, I will ask that this bill be recommitted and discussed this coming Wednesday with all the other budget deliberations. Who gets credit for it is immaterial for me. What I indicated when I first looked at the document that came over from the Mayor's Office I did not see this correction. However; I did see a correction in the Emergency Medical side of the ledger and that disturbed me to think that one department was raised almost a double raise, and I have some reservations on some of the input. I also question the Councilmatic thing that we're giving all kinds of raises in this new addition to the budget, merit raises and everything else, yet our own staff has been denied the same type of merit-

type raises.

What I'm trying to say, Ben, is that I'll be having a few amendments come Wednesday.

The Chair:

I have a motion to recommit this particular bill; do I have a second?

Michelle Madoff seconded the motion.

Which motion prevailed.

Also,

Bill No. 2135

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Pittsburgh and Lake Erie Railroad, in the amount of Ninety Thousand Four Hundred Fifty Three Dollars and Ninety Two Cents (\$90,453.92), for the partial payment of the design and construction of a railroad crossing at 18th Street in relation to the South Side Riverfront Park, and providing for the payment thereof."

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9

NOES none

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Mr. Givens presented

Bill No. 2188

Report of the Committee on Public Works for February 6, 1985 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation.

Bill No. 2079

A Resolution entitled, "Resolution providing for a Contract or Contracts, or the use of existing Contracts, authorizing the resurfacing of various City Street and Park Roads with bituminous materials, including asphalt milling, planing, regrading, recuring, and other work incidental thereto; and providing for the payment of the costs thereof."

Which was read.

Michelle Madoff:

I have a question that somebody might be able to help me with. There was an interim approval granted, which I signed because someone showed it to me for a change, that needed five signatures to sell salvaged asphalt to get it out of the way of the Public Works Department and there are a lot of people, a lot of industries, companies, communities, looking for this salvaged asphalt. I believe we're selling it for, what is it, Mike, \$5 a ton?

Now, what we need to do is let people know it's available because there are some places that are desperately in

need of it. It would be helping us to get rid of it, we would be getting some money from it, and I don't know whether it had any place in this bill or not, it may not although it has to do with asphalt, but I would ask that the Clerk please as Mr. Gaetano what process he would like us to use, will we introduce some legislation where we could advertise to let people know it's available to help communities who are urgently in need. Even any private citizens for driveways, whatever, if they can get rid of it for us at \$5 a ton I think it would be very productive.

Is that going to come before this Council at all for a vote? That interim approval?

The Chair:

Later it should.

Michelle Madoff:

I just wanted to know the procedure. At some point that interim will come before this Council so that the public will know that it's available.

Mr. Wagner:

I'd like to ask Councilman Givens if there has been a response to our request from last Wednesday's Committee Meeting pertaining to the tentative, not final, but tentative list of the various streets that will be milled under this piece of legislation.

Mr. Perry:

Council received it about an hour ago, Jack. It's probably in your basket.

Mr. Wagner:

Would the City Clerk please provide copies of that to all

Councilmembers?

Mr. Perry:

Yes.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Robinson presented

Bill No. 2189

Report of the Committee on Planning, Housing and Development for February 6, 1985 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation.

Bill No. 1720

A Resolution entitled, "Resolution denying a Conditional Use under Section

993.01(a)A(44) of the Pittsburgh Code, Title Nine, Zoning, Article V, Chapter 993, as amended, for authorization to occupy the existing three-story structure located at 412 NORTH NEVILLE STREET as a Group Care Facility for 12 juvenile dependent/delinquent males with adult supervision, operated by Alternative Program Associates, on property zones "R4" Multiple-Family Residence District, 4th Ward." (AS AMENDED IN COMMITTEE)

Which was read.

Michelle Madoff:

This is the bill that Mr. Dan Pellegrini introduced to cover us if we have to go to court and if we want to vote no for putting in the home we vote yes for this bill; is that correct?

Mr. Woods:

Right.

Michelle Madoff:

We vote yes on this bill which means we vote no, if anybody is listening in, that we do not want the Neville Street building. This is a supplementary bill going to the courts; it's background for the courts having documented our reasons.

The Chair:

Let me make it real clear. If you are for the bill, if you're for the building vote yes. If you're against it vote no and we'll understand technically the bill turned around.

Michelle Madoff:

I just wanted to explain for anybody listening. They may say that we said we're going to vote against the

Neville House and now we're voting for it. We want everybody to understand that this is just for the courts to have the reason why Council voted the way they did.

The Chair:

The bill technically is saying a resolution denying conditional use. But for our purposes here we'll vote up or down this group home.

Michelle Madoff:

A vote to deny is yes.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. O'Malley
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
	(Pres't)

AYES 8 NOES 1

(MR. ROBINSON VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

The Chair:

Just so everybody understands, by voting the way you voted, you voted against the group home. Is that clear? Does anyone understand it differently?

Mr. Grabowski presented

Bill No. 2190

Report of the Committee on General Services for February 6, 1985 transmitting two resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation.

Bill No. 2083

A Resolution entitled, "Resolution providing for the letting of a Contract or Contracts, or for the use of existing Contracts, for the furnishing and delivery of two (2) Tractors for the Department of Parks and Recreation and for payment thereof."

Which was read.

Also,

Bill No. 2084

A Resolution entitled, "Resolution providing for the letting of a Contract or Contracts, or for the use of existing Contracts, for the furnishing and delivery of twenty (20) Rotary Mowers for the Department of Parks and Recreation and for payment thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mrs. Masloff presented

Bill No. 2191

Report of the Committee on Parks and Recreation for February 6, 1985 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation.

Bill No. 2082

A Resolution entitled, "Resolution providing for an Agreement or Agreements for professional services in connection with programming and promotion at the Pittsburgh Zoo; and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Wagner presented

Bill No. 2192

Report of the Committee on Engineering and Construction for February 6, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation.

Bill No. 2094

A Resolution entitled, "Resolution approving the purchase of certain property, by the City of Pittsburgh for bridge and road improvements certain property for right-of-way, for the Bloomfield Bridge in the 8th Ward of the City of Pittsburgh."

Which was read.

Also,

Bill No. 2136

A Resolution entitled, "Resolution amending Resolution No. 1150, effective January 1, 1985 as amended, entitled: 'Resolution adopting and approving the 1985 Capital Budget and the 1985

Community Development Block Grant Program; and approving the 1985 through 1990 Capital Improvement Program,' by amending the prior year funds, reducing a line item and adjusting the Summary Totals."

Which was read.

Also,

Bill No. 2137

A Resolution entitled, "Resolution further amending Resolution No. 1385, effective January 1, 1983, as amended, entitled: 'Adopting and Approving the 1983 Capital Budget and the 1983 Community Development Block Grant Program; and approving the 1983 through 1988 Capital Improvement Program,' by increasing a line item and adjusting the Summary Totals."

Which was read.

Also,

Bill No. 2138

A Resolution entitled, "Resolution amending Resolution No. 576, effective July 29, 1983, entitled: 'Providing for a Contract or Contracts for the reconstruction of the Bloomfield Bridge, Phase IV, including the intersections of Bigelow Boulevard and Liberty Avenue, work on private property and other incidental thereto; providing for a Reimbursement Agreement or Agreements with the Commonwealth of Pennsylvania, Department of Transportation, and providing for the payment of the cost thereof,' by increasing the total project allocation and providing for the payment of the cost thereof from the Bloomfield Bridge Trust Fund."

Which was read.

The Chair:

The Chair needs to ask a question first, if I may. Are they talking of intersections all along both Bigelow Boulevard and Liberty Avenue or are they talking about one intersection?

Mr. Wagner:

They're talking, I believe, about more than one.

The Chair:

I was wondering where Bigelow and Liberty met that's why I asked the question. Okay.

The Chair:

Is there any further discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council beir, in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

Mrs. Masloff presents

No. 2193 WHEREAS, the United

States Department of Transportation plans to sell its 85% interest in the Consolidated Rail Corporation (CONRAIL); and

WHEREAS, the Department is currently considering bids from the private sector for purchase of the system; and

WHEREAS, CONRAIL Management and the Pennsylvania Chamber of Commerce have expressed serious concern that private ownership of CONRAIL would reduce railroad competitive services to shippers, serve short term interests of a single owner, and result in a substantial reduction of jobs in the Pittsburgh Metropolitan area; and

WHEREAS, as of March, 1984, CONRAIL has employed over 2,200 people in the Pittsburgh Metropolitan area; and

WHEREAS, CONRAIL Management and the Pennsylvania Chamber of Commerce support a public stock offering of the Government's share of CONRAIL, which they indicated would serve the best interest of this area and the nation's economy and its transportation system, of the taxpayers who have made the investment, of the shippers, and of the employees of CONRAIL.

NOW, THEREFORE,

BE IT RESOLVED, that the Council of the City of Pittsburgh hereby supports a sale by the United States Department of Transportation of its interest in CONRAIL through a financing program which would include a public offering of CONRAIL stock, and urge the Department to seriously consider this proposal, which would offer the best hope for retained competition, offer the

greatest return to the Federal Government for their investment, and would prevent the anticipated loss of jobs in the Pittsburgh Metropolitan area.

Mrs. Masloff moved to adopt the resolution.

Michelle Madoff seconded the motion.

Which motion prevailed.

Mrs. Masloff:

Mr. President, I recommend that a copy of this be sent to Elizabeth Dole, to all the members of Congress in this area and the members of the Senate.

The Chair presents

No. 2194 WHEREAS, the City of Pittsburgh has always been a national leader in Engineering, whether it be research or in actual practice, with the engineering community supporting the many building projects, subways, busways, bridges and other construction projects underway in our City; and

WHEREAS, the City of Pittsburgh wishes to recognize the over seventeen thousand engineers and scientists represented by over forty Technical Societies, such as the National Society of Professional Engineers which sponsors "Engineers' Week"; and

WHEREAS, the City of Pittsburgh recognizes the achievements of many notable engineers, such as John V. Logan, Jr. of United States Steel Corporation, winner of the Pittsburgh Chapter's PSPE 1984 President's Gold Star Award; and

WHEREAS, the City of Pittsburgh recognizes the winner of the Pittsburgh Chapter's PSPE 1984 Professional Engineers' Distinguished Service Award,

Milan Spanovich, Senior Principal Engineer of the firm of Engineering Mechanics, Incorporated; and

WHEREAS, the theme of National Engineers' Week, "ENGINEERS: TURNING IDEAS INTO REALITY" makes this year's theme an appropriate focus for this Renaissance City.

NOW THEREFORE,

BE IT RESOLVED, that the Council of the City of Pittsburgh does hereby proclaim the week of February 17th-23rd, 1985, as "Engineers' Week" throughout the City of Pittsburgh and express our appreciation for the achievements of those engineers who have done so much in bettering their communities and in contributing so extensively to the vitality and progress of the City of Pittsburgh.

Mr. Robinson moved to adopt the resolution.

Michelle Madoff seconded the motion.

Which motion prevailed.

Michelle Madoff:

I have two rather quick items. We have an ad running in the Legal Journal for counsel for Council, an attorney for Council, and my understanding from Mike Perry is that we've only received about five or six applications. The question at the time was were we getting broad enough coverage and we decided, on your suggestion Mr. Stone, that we only run it in the Journal. The question then becomes, how long does it run?

The Chair:

Two weeks I believe.

Michelle Madoff:

I think it's time to run an ad in the local newspaper.

The Chair:

Go ahead, Mike.

Michelle Madoff:

A second item, I read an article in the paper, a political article, that had a quote in it that distressed me greatly. I'd like to find out if it is true that there have been 250,000 service calls to Police headquarters as of now and nine years ago there were only 95,000. That would be — My God, it's a 250 percent increase.

I would like to know with the lowering of population and the lowering of police, if this is an accurate figure. I want to know if that's accurate or not.

The Chair:

Michelle, I think the figure may be accurate, Mr. Givens has been using it, but I think that in the past there was not as much update of the data which appears in the front page of our budget. That may not be that heavy of an increase but rather a different reporting source.

Michelle Madoff:

I'm inclined to think that a call is a call is a call and there's a record. They came up with 95,000 and they came up with 250,000. Either you're recording or you're not recording. I would like to have somebody give us an explanation because if indeed this is true, this City is in big trouble.

Mr. O'Malley:

I think it was pre EMS nine years

ago.

Michelle Madoff:

Well that would be an explanation; they were including EMS calls. That would be fine. I just want to know. I don't want to have a hearing and I don't want to have a post on it but if we could just get a letter out to Superintendent Coll and find out what its all about.

The Chair:

Okay, we have a little program to end our meeting today. What I would like to do is take Mr. Robinson's resolution and after that I'd like to adjourn the meeting after the show. In other words, we'll stay open until after the show and then the meeting would end.

Mr. Robinson:

Mr. President and members of Council, I have two things under Motions and Resolutions. First, I have a resolution that I would like to have Council entertain that relates to pension funds in the City of Pittsburgh. I would like to read this resolution and hopefully secure your concurrence. I would like to have members of Council to have this resolution in front of them and to follow it carefully so that there will be no misunderstanding about the intent of the resolution.

Mr. Robinson presents

No. 2195 WHEREAS, the City of Pittsburgh at a public hearing on February 12, 1985 will take testimony on the issue of divestment of City of Pittsburgh funds with corporate entities or individuals conducting business in or with the Republic of South Africa; and

WHEREAS, the Council, City of

Pittsburgh, has established a taskforce on Investment Policies and Business Practices to address the issue of City of Pittsburgh involvement with individuals as corporate entities operating on behalf of or in the Republic of South Africa; and

WHEREAS, the City of Pittsburgh Pension Board has passed a resolution opposing direct utilization of city pension funds in South Africa; and

WHEREAS, the Mayor and the Council of the City of Pittsburgh have established official opposition to the policy and practices of "apartheid."

NOW THEREFORE,

BE IT RESOLVED, that the Mayor and the Council of the City of Pittsburgh encourage and strongly urge the Trustees of all pension funds for all city Authorities and/or Boards to explore the merits of South Africa divestiture legislation and alternative investment strategies for pension funds under their jurisdiction, and to entertain fiscally sound investment alternatives which enhance the pension fund with full recognition of the need and desire to conduct an "impact study" prior to approval of any alternative investment strategy.

Mr. Robinson moved to adopt the resolution.

Mr. Woods seconded the motion.

Which motion prevailed.

Mr. Robinson:

Thank you, Mr. President and members of Council.

The second part of my presentation today relates to the continuing

celebration of Afro-American History Month which is the month of February. A couple of weeks ago when I introduced my annual resolution on Afro-American History Month I indicated that today I would bring to you the Sounds of Heritage so that they might share with us their outstanding music and also to share with us their appreciation for Afro-American Month.

This organization is one of the groups that we have supported in the past and they have responded as goodwill ambassadors for the City of Pittsburgh in their many trips around the country.

For those of you who have not had an opportunity to hear the Sounds of Heritage, I think you will enjoy them. Their director is Dr. Ralph Hill who is a native of our city and is the music teacher at Schenley High School. He is a graduate of Hampton Institute which has a fine tradition in music. They will be coming in and they will be presenting two songs to us and I thought this would be a fine part of our continuing effort in this Council to recognize the contributions of all ethnic groups in our City.

If the Sounds of Heritage are ready to come in, Dr. Hill would like to introduce the program. It will be short and I'm sure you will be most appreciative as well as I think you will find this an outstanding treat. All these young men and women are from the City of Pittsburgh; they do have full-time jobs but they take of their time and effort to share with the City, and really with our Country, their fine musical heritage. Dr. Hill is a noted conductor in the area and if you've never heard this group before I think you'll be very pleased. This is a first for City Council, the first time that we've had a live performance here in our Chambers and I think it will be a very positive kind of experience.

If Dr. Hill would come forward once he sets the choir up and make some opening remarks we can begin.

Dr. Hill:

Good afternoon and thank you so much for inviting us to sing for you. I'm Ralph Hill, the Director of the Sounds of Heritage and we want to thank City Council for the wonderful grant that you gave us last year. We would like to thank you in two ways; first, by showing you the quality of the work that we do with the Negro spiritual and, secondly, to make you know that because of your grant we have been able to perform and plan to continue to perform for many institutions which otherwise could not have paid our way there. Because of what the City of Pittsburgh has done for us we see to it that we bring fine quality performances of the Negro spiritual to any and all institutions that ask us to perform.

We thank you and we shall perform two selections for you; In Bright Mansions and Walk Together Children.

AT THIS TIME, SOUNDS OF HERITAGE PERFORMED TWO MUSICAL SELECTIONS ENTITLED "IN BRIGHT MANSIONS" AND "WALK TOGETHER CHILDREN".

Mr. Robinson:

If I might impose on the Sounds of Heritage to show you how good this group really is, I want them to sing a song that they didn't know in advance that I wanted them to sing. I was wondering if you could sing "Go Tell It On The Mountain" which I think would be most appropriate.

THE SOUNDS OF HERITAGE PERFORMED "GO TELL IT ON THE MOUNTAIN".

Mr. Robinson:

I would like to personally thank the Sounds of Heritage, all of whom I know, all of whom are outstanding singers in churches throughout the City from different denominations. During Afro-American History Month, the month of February, if you would like to hear some additional good singing from some of these individuals or from the Sounds of Heritage, stop at your local black church, you're always welcome. I think that you will find that the musical heritage of this City's black community is very rich and goes back many, many years. We are very proud of the Sounds of Heritage; I think they embody much of the musical talent in our community and I think the fact that these young men and women belong to so many church choirs they bring the strength of their individual churches to this choir and I think once more demonstrate that people can sing together and when they sing together they can make beautiful music.

Again, thank you very much to the Sounds of Heritage and I'd like to thank my colleagues and everyone who participated in this program this year. God bless you.

The Chair:

If the Chair might a moment, Dr. Hill, I've participated for many years in choral singing and I just want to commend your group for their fine singing and their fine attention to your fine hands of direction. I would like them as well to know that having sung under some of the best choral directors in the country that they should be fortunate to have you as their leader. I was extremely pleased in watching the eyes, the hands, and all of the gestures which they obeyed very, very well.

I close with one remark. We have

in our Serbian singing society a saying: "He who sings knows no evil."

Mr. Givens:

Mr. President, I have one subject to bring up before the meeting adjourns.

I need a post agenda on two items. One is the way the City of Pittsburgh is being paid. I've heard complaints and I'm sure my fellow Councilmembers have heard some type of complaints in regard to the payroll not getting to City employees on time, the Police, the Firemen and the municipal employees. I want someone from the Treasurer's Office and I need someone from the Controller's Office to find out where this is coming from.

Point two, I've requested from the Legal Department a letter and legal documentation supporting the election of the Solicitor by the voters. I had asked that for last year. I've seen Danny and the Director on several occasions; I don't know what he's waiting for. This came from the floor of Council.

Still in the same area of the Solicitor's Office, I asked in a letter that I sent down with urgency the very first part of last week and here we are one week later and I still have not received a reply from the Solicitor's Office.

Thirdly, I was called out of order here a couple weeks back; I was fined. I heard that fine is on hold. I asked again from the Council floor that the Solicitor give an opinion as to whether I was right or wrong. I received a copy of Robert's Rules of Order, that page coming out of that book from which our Legal Department people that are up here, to indicate whether I was right or wrong. It so indicated in that particular ruling that I was in order. So, I want some finalization to things that are dangling

right now; this Councilman's fine that he received, number one, is something of permanency. I need a letter from the Chief Clerk and from you, Mr. President, as to what my standing is on there and please review that page.

When any Councilperson asks for anything from the Legal Department, we should get a complete letter of explanation. This was not the case. I mean this was three specific cases and it tells me that something is happening down there, whether they're using this for a political ploy, I don't know. If they want to make it political, I'll make it real political. But please, Mike if we could, I want them up here this Wednesday and I want as many Councilpeople to remain here so we can get these things settled. There are people that are asking for legal opinions; we need those legal opinions and I think when a Councilperson once in a while, once or twice a year, asks for a legal opinion we should get them. I can see many documentations in here today of legal opinions that came from the Mayor stating how our legislation, that of several Councilpeople, are no good and incorrect and everything else. He gets all kind of help from the Legal Department; when does a Councilman get that type of help?

Michelle Madoff:

When we get our own solicitor.

Mrs. Masloff moved to approve the Minutes of Monday, December 24, 1984 and Monday, January 28, 1985.

Mr. Robinson seconded the motion.

Which motion prevailed.

And on the motion of **Mr. Woods**

Council adjourned.

Municipal Record

Proceedings of the Council of the City of Pittsburgh

VOL. CXIX

Monday, February 18, 1985

No. 7

Municipal Record

ONE-HUNDRED TWENTY-THIRD COUNCIL

ROBERT RADESTONE President

MICHAEL PERRY City Clerk

LINDA M. JOHNSON ... Asst. City Clerk

Pittsburgh, PA

Monday, February 18, 1985

PRESENT:

Mr. Givens

Mr. Grabowski

Mrs. Masloff

Mr. O'Malley

Mr. Robinson

Mr. Wagner

Mr. Woods

Mr. Stone
(Pres't)

ABSENT:

Michelle Madoff

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

Mr. Givens:

Mr. President, if I may for a moment. This hat that I have in my possession right now was sent down to

me by the crew of the U.S.S. Pittsburgh, called the SSN-720. I think it's in tribute to this Council to hear that when they passed the resolution about the U.S.S. Pittsburgh and what it was meant for, for the defense of our country, and I wear it in here not as a joke, as when I walked in the door, but as a tribute to the men who will be fighting on this particular vessel protecting our lives. I was very grateful that the crew, along with the dedicated police officers and the people who attended the christening of the U.S.S. Pittsburgh and sent this hat to me as one of the more vocal people on Council and I so show it to you here in this Council so that we give tribute to these men. Thank you, Mr. President.

PRESENTATIONS

Mr. Givens presented

No. 2196 An Ordinance providing for the amendment of the Pittsburgh Code, Title Six - Conduct, Article III, Subchapter 635.01, to allow the Director of the Department of Public Works to permit scenic tours by horse-drawn carriages.

Which was read and referred to the Committee on Public Works.

Which were severally read and referred to the Committee on Finance.

Also,

No. 2204 Resolution providing for authorization to enter into an Agreement or Agreements with various independent

contractors for services in connection with the 1985 Concert, Community Festival and Senior Citizens Programs, at a cost not to exceed \$30,200.00; Compensation for the services performed shall not exceed \$10,000.00 from Code Account 1833, Concerts; \$13,000.00 from Code Account 1837 City Wide Events; and \$7,200.00 from Code Account 1843 Senior Citizens Programs, Department of Parks and Recreation.

Also,

No. 2205 Communication from Louise R. Brown, Director, Department of Parks and Recreation, requesting authorization for Carl A. Mancuso in Harrisburg, PA, on February 5, 1985, at a cost not to exceed \$82.00, payable from Code Account Special Parks Program Trust Fund, Bureau of Recreational Activities, Department of Parks and Recreation. Permission is also requested for use of a City vehicle PR-4. Prior approval granted by Council February 4, 1985.

Also,

No. 2206 Communication from Louise R. Brown, Director, Department of Parks and Recreation, requesting authorization for Ford Parker and Laura Hendrickson, to conduct a cross country ski class at Hidden Valley Ski Resort in Somerset, PA, on February 16, 1985, at no cost to the City of Pittsburgh. Permission is also requested for use of a City vehicle Nature Division Van, PR-302. Prior approval granted by Council February 12, 1985.

Also,

No. 2207 Communication from Louise R. Brown, Director, Department of Parks and Recreation, requesting authorization for Thomas Erfort to attend a two day program on Improving

Warehouse Operations at Duquesne University on March 4-5, 1985, at a cost not to exceed \$505.00, payable from Code Account No. 1801, Misc. Services, Department of Parks and Recreation. Prior approval granted by Council February 7, 1985.

Also,

No. 2208 Communication from Louise R. Brown, Director, Department of Parks and Recreation, requesting authorization for Dan Dziubek and Rupert Friday to attend a meeting of the Pennsylvania Alliance for Environmental Education in Fayette County on February 23, 1985, at no cost to the City of Pittsburgh. Permission is also requested for use of a City vehicle Nature Division Van, PR-302. Prior approval granted by Council February 12, 1985.

Which were severally read and referred to the Committee on Parks and Recreation.

Mr. O'Malley presented

No. 2209 Resolution providing for an Agreement or Agreements with the Salvation Army for professional services in connection with the Public Inebriate Program, at a cost not to exceed \$50,000.00, chargeable to and payable from Code Account No. 1401, Misc. Services, Administration Branch.

Which was read and referred to the Committee on Public Safety.

Mr. O'Malley moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Robinson seconded the motion.

Which motion prevailed.

Mr. Robinson presented

No. 2210 Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire all of the City's right, title and interest, if any, in and to the publicly owned property in the 16th Ward of the City of Pittsburgh designated in the Deed Registry Office of Allegheny County as Block and Lot Nos. 12-P-163 and 12-P-190, under the Industrial Land Reserve Fund.

Also,

No. 2211 Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire those properties in the 25th Ward of the City of Pittsburgh owned by Albert K. Paul & wife and designated as Block 23-F Lot 260 and Block 23-F Lot 110 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said properties having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh.

Also,

No. 2212 Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 25th Ward of the City of Pittsburgh owned by Louise Williams, Administratrix of Estate of Amanda Lockett, deceased, and designated as Block and Lot 23F-291 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh.

Also,

No. 2213 Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 25th Ward of the City of Pittsburgh owned by Joseph and Corrine Brailsford and designated as Block and Lot 22F-262C in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh.

Also,

No. 2214 Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 25th Ward of the City of Pittsburgh owned by heirs of Theodore John Passoth, reputed decedant, and designated as Block and Lot 23F-268 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh.

Also,

No. 2215 Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 25th Ward of the City of Pittsburgh owned by Joseph B. Henchar and wife, and designated as Block and Lot 23F-269 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh.

Also,

No. 2216 Resolution authorizing

the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 22th Ward of the City of Pittsburgh owned by Alvin Clark and designated as Block and Lot 23K-380 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh.

Also,

No. 2217 Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 22th Ward of the City of Pittsburgh owned by James L. Sherer and wife, and designated as Block and Lot 23L-151 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh.

Also,

No. 2218 Communication from Robert H. Lurcott, Director, Department of City Planning, requesting authorization for Gary Erenrich and himself to attend the International Conference on Automated People Movers in Miami, Florida, from March 24-28, 1985, at a cost not to exceed \$2,000.00, payable from the 1984 CDPA funds.

Which were severally read and referred to the Committee on Planning, Housing and Development.

Mr. Wagner presented

No. 2219 Resolution amending Res. No. 24, eff. February 9, 1984, entitled: "Providing for an Agreement or Agreements, or the use of existing

Agreements for architectural, engineering or other professional services in connection with the design for implementation of the Zoo Master Plan at a cost not to exceed \$228,500.00, chargeable to and payable from Code Account PR 83-02.

Which was read and referred to the Committee on Engineering and Construction.

Mr. Wagner moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Woods seconded the motion.

Which motion prevailed.

Also,

No. 2220 Resolution providing for the issuance of a warrant in favor of Moscatiello Construction Company in the amount of \$1,923.53 in payment of extra work, being in addition to the original contract price of \$3,460,895.69 on Controller's Contract No. 26658, furnished for the benefit of the City in connection with the reconstruction of Warrington Avenue - Phase I, payable from Code Account CDPW. Prior approval granted by Council January 24, 1985.

Also,

No. 2221 Resolution providing for the issuance of a warrant in favor of Anjo Construction Company in the amount of \$4,525.22 in payment of extra work, being in addition to the original contract price of \$2,134,000.00 on Controller's Contract No. 26539, furnished for the benefit of the City in connection with the Site General

Construction for the Pittsburgh Zoo - Phase III, Savanna Exhibits, payable from Code Account PR 81-02, Prior approval granted by Council December 3, 1984.

Also,

No. 2222 Resolution providing for the issuance of a warrant in favor of 3M, in the amount of \$747.76 in payment for repairs made to the 3M Reader Printers, payable from Code Account No. 1448, Repairs.

Also,

No. 2223 Resolution providing for the issuance of a warrant in favor of Burrell Corporation in the amount of \$298.00 for the emergency repairs to the Vacuum Pump at the City of Pittsburgh's Asphalt Laboratory, payable from Code Account No. 1488, Repairs, Department of Engineering and Construction. Prior approval granted by Council December 11, 1984.

Also,

No. 2224 Resolution creating a special trust fund designated as "Strip District Development Trust Fund." — (SPONSORED BY MR. WAGNER)

Which were severally read and referred to the Committee on Finance.

Also,

No. 2225 Resolution providing for a Contract or Contracts, or use of existing Contracts, for the 1985 Tree Planting Program at various locations with the City of Pittsburgh, at a cost not to exceed \$150,000.00, chargeable to and payable from Code Account EC 85-40.

Also,

No. 2226 Resolution providing for

a Contract or Contracts for construction of the Public Plaza and related facilities at the Pittsburgh Zoo, at a cost not to exceed \$870,000.00, payable from Code Account No. PR 81-02.

Also,

Also,

No. 2228 Resolution further amending Res. No. 618, effective July 13, 1981, as amended by Resolution No. 622, effective August 1, 1983, entitled: "Providing for a Contract or Contracts for the construction of sidewalk ramps for the handicapped at various locations in the City of Pittsburgh; and providing for the payment thereof," by increasing the total project allocation from \$225,000.00 to \$274,763.56, chargeable to and payable from Code Account CDEC 84-27.

Also,

No. 2229 Resolution providing for an Agreement or Agreements with Mackin Engineering Company (Italo V. Mackin, President) for Construction Inspection Services in connection with the Bloomfield Bridge Replacement - Phase IV, at a cost not to exceed \$157,000.00, chargeable to and payable from the Bloomfield Bridge Trust Fund.

Also,

No. 2230 Resolution Repealing Res. No. 877, effective September 1, 1982, entitled: "Providing for an Agreement or Agreements with the

Borough of Greentree for the purchase of a strip of land on Redoak Drive for the widening of said Drive, at a cost not to exceed \$5,000.00, payable from Code Account PW 81-39, is hereby repealed in its entirety."

Also,

No. 2331 Resolution Repealing Res. No. 40, effective February 7, 1983, entitled: Taking, appropriating and condemning certain property of R. Jeffrey Plesset, situated in the 28th Ward, City of Pittsburgh, County of Allegheny, Commonwealth of Pennsylvania, for 48" reinforced concrete pipe sewer line and other public purposes, at a cost not to exceed \$2,000.00, payable from PW 81-39, is hereby repealed in its entirety."

Also,

No. 2232 Resolution Repealing Res. No. 141, effective February 13, 1981, effective February 24, 1981, entitled: Providing for an Agreement or Agreements for the purchase of right-of-way, design and replacement of the Duquesne Incline Pedestrian Overpass, at a cost not to exceed \$4,500.00, payable from PW 81-39, is hereby repealed in its entirety."

Which were severally read and referred to the Committee on Engineering and Construction.

Mr. Woods presented

No. 2233 Resolution authorizing the Mayor to issue and City Controller to countersign a duplicate warrant to Schreiber Dev. Co. #2, in the amount of \$529.20, to replace a warrant which was lost, stolen or inadvertently destroyed.

Also,

No. 2234 Resolution providing for the issuance of a \$1,275.66 warrant in favor of Martha E. Nelson for auto damage by a Department of Public Works vehicle, payable from Code Account No. 46, Judgments.

Also,

No. 2235 Resolution providing for the issuance of a \$907.97 warrant in favor of Robert Zellers for automobile damage by a Bureau of refuse vehicle, payable from Code Account No. 46, Judgments.

Also,

No. 2236 Communication from John Gabriel, Director Commission on Human Relations, requesting authorization for Constance E. Wellons and himself to attend the EEOC-FEP Agency Annual Conference in Orlando, Florida, March 12-15, 1985, at a cost not to exceed \$1,450.00, payable from the EEOC-706 Trust Fund.

Also,

No. 2237 Communication from Ronald C. Schmeiser, Director, Department of Finance, requesting authorization for Richard J. Murphy to attend the Northwest Center for Professional Education Seminar for Leasing of Real Estate in Washington, D.C. from March 20-22, 1985, at a cost not to exceed \$900.00, payable from Code Account Three Taxing Bodies Trust Fund.

Also,

No. 2238 Communication from Ronald C. Schmeiser, Director, Department of Finance, requesting authorization for Jerome Lynch to attend the "Right to Know" Conference at the Pittsburgh Marriott on February

28, 1985, at a cost not to exceed \$150.00, payable from Code Account No. 1067, Safety Program, Department of Finance.

Also,

No. 2239 Communication from Ronald C. Schmeiser, Director, Department of Finance, requesting authorization for Nancy Kusko and Jeffrey Leber to attend a workshop on the Municipal Pension Plan Funding Standard And Recovery Act of 1984 in Harrisburg, PA, on February 22, 1985, at a cost not to exceed \$450.00, payable from Code Account No. 1063, Misc. Services. Permission is also requested for use of a City vehicle.

Also,

No. 2240 Communication from Ronald C. Schmeiser, Director, Department of Finance, submitting a report of deposits and market value of collateral Security pledged by City Depositories to secure same as of December 31, 1984.

Which were severally read and referred to the Committee on Finance.

UNFINISHED BUSINESS

Mr. Robinson:

Mr. President and members of Council, I'd like to make a report from the Task Force on investment policies and business practices. The Task Force, as you know, met on Thursday, February 14th at 2 o'clock p.m. here in Council Chambers. Each member of Council has a copy of the official transcript which should be noted in the Record as the official report from the Task Force.

The Task Force made some

recommendations that are included in the report that I would like to share with Council and just give you an idea from where we go from here on this issue of divestments.

The Task Force is recommending that Council take action on the following bills: 1925, which deals with depositories; 1927, which deals with professional services and the purchase of goods and services; and 1929, which deals with investments. The Task Force is also recommending that all references to dictatorships and communist countries be removed from Bills 1925, 1927 and 1929. We're also recommending that 30 days after the passage of 1925, 1927 and 1929, that the Mayor of the City of Pittsburgh, the Solicitor of the City of Pittsburgh, the Director of Finance of the City of Pittsburgh and the Treasurer of the City of Pittsburgh, have prepared procedures and a process for the implementation of the three bills previously mentioned and that Council review those procedures and process.

Also, the Task Force is recommending that the City Solicitor, Mr. Pellegrini, and the technical expert hired by the Task Force, Dr. Peter Matson, prepare for inclusion in Council Bill 1927 a waiver provision for those contractors presently doing business in the City of Pittsburgh who may also have business dealings in the Republic of South Africa. Dr. Matson and Mr. Pellegrini will be at Council session this coming Wednesday, the 20th of February, to address these three bills; 1925, 1927 and 1929 and also with the appropriate language for Council to consider an amendment to 1927 which would cover the exemptions for those companies presently doing business with the City of Pittsburgh.

The Task Force also feels that it is appropriate for Mr. Pellegrini and Dr.

Matson to be available on Wednesday to answer any technical questions about the legislation and to answer any legal questions. The transcript of the meeting will reflect Mr. Pellegrini representing the Administration and indicating that the recommendations of the Task Force are not inconsistent with the Administration's position on the divestment issue.

If there are any questions, I'd be more than happy to entertain them.

The Chair:

You're going to cover it again on Wednesday, right?

Mr. Robinson:

Yes.

Mr. Givens:

Bill, you know the Task Force met, I had no input on that Task Force, but when you say that you're going to take out the communist dictator countries and that of Third World dictators, then I think that definitely weakens this whole bill because with that I think you're addressing everybody. If we're talking about the rights of people then we have to talk about the rights of people of everyone throughout the whole world. I agree South Africa is a focal point, there's no doubt about that. Anyone would have to be ludicrous not to think that South Africa is not one of the pinnacle points. But to say that the communist countries and dictatorships are not something that this country and we here in this Council should not be concerned with I think is misleading this Council, at least this Councilman anyway.

Mr. Robinson:

Mr. President, if I might respond. I believe that Mr. Givens and I believe Mrs. Madoff had expressed some urgency in addressing this issue of South Africa prior to the Democratic Party's endorsement meeting on the 24th of this month. The Task Force certainly took that into consideration that for those members of Council who felt this issue should be brought to a head before that time we ought to accommodate them. One of the reasons that we also recommended the removal of references to military dictatorships and communist countries was not because there isn't an urgency to address that, Mr. Givens, and there certainly is because I made the original motion to include communist countries and military dictatorships, but the Task Force felt that the issue of South Africa as it has been addressed over the last two years of this Council has been addressed singularly and that we should not now include other human rights violations in the particular bills before us, that if indeed members of Council feel we should address these other issues that separate legislation should be drafted for that purpose.

Also at the public hearing on February 12th, all of those speakers who spoke to the issue that you mentioned indicated that they thought it was inappropriate in the bills that we were considering to include military dictatorships and communist countries inasmuch as the issue of South Africa can stand alone and the original legislation did not include those countries.

One thing we are going to recommend also is that in addition to South Africa Bills 1925, 1927 and 1929 include references to Namibia which is also known as South-West Africa which is presently under the political control of

Our recommendations are in no way an attempt to suggest that references to communist dictatorships or military dictatorships is not a concern for this Council. I believe when I originally made the offer of amendment, there were those who felt that it was a very positive idea and I agreed with that. Unfortunately, this issue of South Africa is complicated enough by itself and the Task Force agreed to make a recommendation to Council to have it removed. As far as Council's input into the process is concerned, two members of Council serve on the Task Force; Mr. Grabowski and Mr. Woods. Certainly all Task Force meetings have been open to members of Council and the public and certainly the recommendations of the Task Force could either be accepted or rejected by Council. My report is simply a report on the recommendations of the Task Force and on Wednesday these recommendations will be put forward in the form of motions and I would assume that every member of Council will have an opportunity.

One thing should not be forgotten and that is that this issue has been lingering for two years. I agree with you that we should conclude it as quickly as possible and as far as I'm concerned trying to conclude it this Wednesday is most appropriate.

The Chair:

I think you're giving your report and we ought to accept the report as presented and then on Wednesday pick up the subject.

REPORTS OF COMMITTEES

Mr. Woods presented

Report of the Committee on Finance for February 13, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2115

A Resolution entitled, "Resolution providing for the issuance of a warrant of Jendoco Construction Corporation in the amount of Eighteen Thousand Five Hundred Forty One Dollars (\$18,541.00) for extra work consisting of construction of a concrete deck for the TV Studio and Cable Bureau Offices on the 9th Floor of the City-County Building."

Which was read.

Also,

Bill No. 2121

A Resolution entitled, "Resolution authorizing the issuance of a warrant in favor of Minuteman Press, in the amount of \$320.75 in payment for lay-out and printing of program schedule expenses in the Department of Parks and Recreation, furnished for the benefit of the City without previous authority of law, and providing for the payment thereof."

Which was read.

Also,

Bill No. 2139

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of A. R. Scalise, Incorporated in the amount of \$807.00 in payment of extra work, being in addition to the

original contract price of \$108,800.00 on Controller's Contract No. 27041, and a warrant in favor of Coffey Construction Company in the amount of \$1,348.20 in payment for extra work, being in addition to the original contract price of \$193,503.00 on Controller's Contract No. 26987, for an aggregate amount of \$2,155.20, furnished for the benefit of the City in connection with the renovation of the Public Safety Building Cell Block; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2140

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Moscatiello Construction Company in the amount of \$22,291.30 in payment for extra work, being in addition to the original contract price of \$3,460,895.69 on Controller's Contract No. 26658, furnished for the benefit of the City in connection with reconstruction of Warrington Avenue - Phase I and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner

Mrs. Masloff
Mr. O'Malley

Mr. Woods
Mr. Stone
(Pres't)
NOES none

AYES 8

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 2141

A Resolution entitled, "Resolution amending Resolution No. 934, effective October 31, 1984, entitled: 'Providing for the issuance of a warrant in favor of Domenic Parente Contractors, Incorporated the amount of \$69,286.24, in payment for an Emergency contract for the replacement of waterlines and appurtenances on Torley Street, from Pearl Street to Friendship Avenue; and providing for the payment thereof,' by increasing the total amount of the warrant by \$993.68."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone (Pres't)

AYES 8

NOES none

And a majority of the votes of

Council being in the affirmative, the bill passed finally.

Also,

Bill No. 2145

A Resolution entitled, "Resolution providing for the issuance of a \$1,000.00 warrant in favor of Edythe M. and Florian Washington in settlement of claim for personal injury and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 8 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Also,

Bill No. 2146

A Resolution entitled, "Resolution amending and supplementing Resolution No. 1149 of 1984, effective January 1, 1985, as amended by Resolution No's. 4 and 5 of 1985 entitled: 'Resolution fixing the number of officers and employees of

the City of Pittsburgh and the rate of compensation thereof, and setting minimum levels for designated positions, by making certain additions and corrections." (AS AMENDED IN COMMITTEE)

Which was read.

Also,

Bill No. 2147

A Resolution entitled, "Resolution amending and supplementing Resolution No. 1148 of 1984, effective January 1, 1985, as amended by Resolution No's. 4 and 5 of 1985 entitled, 'Making appropriations to pay the expenses of conducting the public business of the City of Pittsburgh and for meeting the debt charges thereof for the fiscal year, beginning January 1, 1985, by making certain additions and corrections.'" (AS AMENDED IN COMMITTEE)

Which was read.

Mr. O'Malley:

On Bill 2146, I believe that is the bill that increases the number of tow truck drivers by five. I'd like to make a motion to recommit Bill No. 2146 for the following reasons.

Mr. Robinson seconded the motion.

Mr. O'Malley:

My reasons are that George Jacoby in General Services is now in the process of writing a contract for the City of Pittsburgh to go out on bids to solicit services of independent tow truck companies in the City of Pittsburgh and also is taking into consideration Mr. Stone's recommendations about having a tow truck company available in different parts of the City to save time.

The reason I'd like to make a motion to recommit is to proceed this way because I think it would be fiscally the best way to proceed.

If myself along with Superintendent Coll and Lou DiNardo is right, that we actually do not need the five tow truck drivers, once we hire these individuals plus the trucks it's going to be an additional cost of \$300,000 a year to the City of Pittsburgh. If it was proven to me that we needed these trucks then I would second the motion.

What I would like to have time to do is to write the specifications for the bids to go out to have independent tow truck drivers under the new system. If that works the way we feel that it would work then indeed we would not need the five additional drivers and we'd be able to do without the \$300,000 a year. If that independent contract does not work, then I would like to go out and include in the budget the five additional drivers along with the five tow trucks.

Mr. Grabowski:

Mr. President, I don't see any need to recommit this bill. That's just one small portion and there are many amendments to the budget contained in the bill and even though Councilman O'Malley may be concerned with that particular aspect, I don't feel that sufficiently justifies the need to recommit the entire legislation and I would suggest that we do not recommit.

Mr. O'Malley:

I'm not talking about the entire — I'm just talking about this one specific bill; the one that comes under my committee.

Mr. Woods:

It's all together.

Mr. O'Malley:

I'm talking about Bill 2146.

Mr. Perry:

That's an amendment to the budget.

Mr. O'Malley:

Right. I'm talking about this one line item. If I'm correct, this does not affect the entire budget amendments that we're making now. Am I right?

Mr. Perry:

It would affect all the amendments because it's included in one bill.

Mr. O'Malley:

In other words, 2146 is included in all the bills.

Mr. Perry:

All the amendments are included in 2146.

Mr. Woods:

It's all under one bill, all the amendments.

Mr. Givens:

Mr. President, could I bring up a procedural step here?

The Chair:

One second.

Mr. O'Malley:

I'm still going to make the motion to recommit.

The Chair:

The whole bill, Jim?

Mr. O'Malley:

Yes, if that's the only way we can do it. I was under the impression that this was a line item budget and it would be a line item veto. Let me ask Mr. Perry or Mr. Stone, if that's the case, then how come the vetoes wouldn't be line items and be able to be brought back in and discussed line item by item?

Mr. Woods:

They are. You can veto line items.

Mr. O'Malley:

Then why can't we recommit just the one bill?

Mr. Woods:

This is all included in the bill. At this procedure now, it's all one bill.

Mr. O'Malley:

What's all included in 2146, Mike?

The Chair:

Every amendment to the budget as a I gather.

Mr. Perry:

There's about six amendments, six or seven amendments.

Mr. O'Malley:

I don't think that's the proper way to proceed.

Mr. Perry:

That's the proper thing to do. If you recall, Mr. Givens introduced legislation last week with only one amendment and Mr. Woods informed then that there would be about seven amendments included in one bill, which is this.

Mr. Woods:

That's why he tabled his at the time.

Mr. O'Malley:

Right, but I'm saying that I don't think it's the proper way to proceed in the future. If we're doing a line item budget then how can we include all the amendments in one piece of legislation, especially when we're dealing with different committees?

The Chair:

It's like the budget, Jim, I think. Let me try something if I may; I was thinking about Act 514 when you knock off the D or the Z or whatever the thing might be. The only difference is that we are amending the budget in one piece of legislation. If you don't amend it at the time you're amending it, and I thought Mike was getting close to it, when I stopped Mr. Givens last week he was trying by resolution to amend the budget. You can't do that. The only way you can amend the budget is this amending budgetary resolution. If there's going to be an amendment it should be done at this time.

Mr. O'Malley:

Is there another way to proceed without proceeding with all the amendments under one piece of legislation? It just doesn't seem proper to me to proceed like that.

The Chair:

I'm only taking a past thing. When you're amending the budget it all has to be in one. At least that's been my experience.

Mr. O'Malley:

What you're saying is that when we send the budget over to the Mayor's Office, he has the opportunity to veto line item by line item. But yet when he sends it back here, we don't have that same opportunity. We either have to vote for the entire package of amendments, all of them or nothing.

The Chair:

When you're amending the budget you're technically cleaning up the budget so it's in one piece of legislation.

Mr. O'Malley:

I'm still going to stay with the same motion because I think it's a waste of \$300,000 of taxpayers' money and as Chairman of Public Safety, I don't feel we need it. The Superintendent of Police again feels it's a waste of money; he doesn't want it. Lou DiNardo doesn't want it and nobody on the Mayor's Administrative staff wants it. There's no reason to hire these five individuals.

Mr. Givens:

I have some of the same reasons that Jim has. We do have a line item budget and it's true that we have done in

the past taken this particular piece of legislation and grouped it all together but I think that's unfair. I cannot vote on 2146 and 2147 because I disagree with some of the line items in that particular budget. We in this Council vote by line item budget, the Mayor vetoes by line item budget; yet we do not have the right in this piece of legislation. It says in our own Council rules that each piece of legislation that comes before this Council has to be separate and unique, each subject area. When you look here, there are probably some grammar errors, typographical errors that are being corrected, omissions, submissions, and then some extra jobs that are being added; that's where the \$306,000 worth of money comes from. As a result, I agree with some of those; I agree for example that they have equalization of all the chiefs within the City of Pittsburgh, that they all get the same amount of money. I had some reservations about the EMS chief but I'll go along with that if all of them are equal but I have some great reservations on some of the subjective matters that Jim O'Malley has just brought up. As a result, I cannot vote for this legislation and I think that is a problem within this Council, one that we must solve if not this year some other year.

Mr. President, my second thought on this, I think we have a time limitation, do we not, when this legislation can be submitted. Are we beyond that limitation? For example, the question would be if we put it back in Committee, will that then kill the whole issue until next year?

The Chair:

I'm not sure, Dick.

Mr. Givens:

I think the budget says, what?

Five weeks, Mike? The budget remains open for what?

Mr. Perry:

Five weeks.

Mr. Givens:

Do you have a calendar in front of you? Does this make it the fifth week. It seems like it would to me.

The Chair:

Pretty close.

Mr. Givens:

I'm not sure; that's why I'm asking the question. I think that hinges on what Jim is saying. If we can hold it for a week then I think he has the right to come back as the chairman of that committee and express himself along with the people. I'm hearing two different stories; one, that we need it, he makes an investigation after the fact from Wednesday to Monday, and I'm hearing from what Jim is telling me, the people that said they needed it now do not need it. So, I'm getting a conflict right here and I don't know how to vote on it.

Mr. Perry:

I don't think it would hurt if you recommit it, my personal opinion. But you're still discussing the bill —

Mr. Givens:

As long as it's before us and discussion — As long as the bill is introduced, you're saying, by the fifth week and it's in the discussion stage, it could go on and on I guess.

Okay, I second Jim's request to

recommit the bill.

The Chair:

I have a motion to recommit the entire bill. Take the roll

Mr. O'Malley:

That's Bill Nos. 2146 and 2147. Mr. Perry informed me that they're companion bills. Just those two pieces of legislation.

Mr. Robinson seconded the motion.

The Chair:

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens
Mr. O'Maley

Mr. Robinson

AYES 3

NOES 5

VOTING NO:

Mr. Grabowski
Mrs. Masloff
Mr. Wagner

Mr. Woods
Mr. Stone
(Pres't)

And a majority of the votes of Council not being in the affirmative, the motion was defeated.

The Chair:

On the bill itself?

Mr. Givens:

Mr. President, I abstain on bills 2146 and 2147 and I'd like my comments from the Wednesday session to be brought forward in regards to this bill.

Mr. O'Malley:

Can you do that? How can you abstain? You either vote for it as a package or not as a package.

Mr. Givens:

Excuse me, I can abstain on any vote I want to. I abstaining on 2146 and 2147 because I object to certain line items in that particular bill and the fact that we can't take them out. I cannot approve the bill in total.

(BEGINNING - MR. GIVENS' REMARKS ON BILL NOS. 2146 AND 2147 - WEDNESDAY, 2/13/85)

Mr. Givens:

On the Economic Development person, I think one has to really look at the total scope of the City of Pittsburgh, where we were, where we are today. Right now if you look at the tax base of the City of Pittsburgh, we're the highest in Allegheny County. Allegheny County, along with Philadelphia County, is the first, second highest in the State of Pennsylvania. The State of Pennsylvania is the third highest taxing state in the Union. How in God's creation are we going to get developers to want to come into the City of Pittsburgh to develop and use that tax base?

You mentioned, Michelle, about CMU and talking about 230 some jobs that are going to come in there, and the 230 some jobs, yet within the City of Pittsburgh we don't even look within ourselves and use our own resources. We

look day after day at contracts, contracts go out, just like Jim O'Malley pointed one simple contract out, we're going outside the City of Pittsburgh for a tow truck operator, when, in fact, we have tow truck operators in the City of Pittsburgh that we could be getting Business Privilege, Mercantile tax, Wage taxes, and all this. There is almost, as I figure, some \$120 million worth of contracts going outside the City of Pittsburgh from taxes, money that we borrow to do road constructions, sewer construction, and all this type of stuff. We must look inward to ourselves for our own development. We can do that. In doing so, surprisingly, to create 3,000 jobs out of our own tax money, we can then put that tax money of some almost \$200 million as any economist will tell you it goes around five times through five different businesses before it leaves the City of Pittsburgh, what happens? There is one almost billion dollars that is generated in new taxable income to the City of Pittsburgh. What can one do with that? One can then reduce the total amount of monies that we tax the people of the City of Pittsburgh, going back to the general hypothesis.

If you were for one time reduce taxes across the board in the City of Pittsburgh and say you're going to hold it or continue to reduce it, I guarantee you with a three million population in this major metropolitan area, the fifth largest in the country, we'd have people diving on the Strip District trying to get part of the action down there, but until we do that the only way anyone's going to build down there is probably through governmental supplements, and I think Mr. Reagan it appears that he's going to take all those UDAG Grants away from us, so as a result I can't see that until we start reducing our taxes.

Yes, Jack, we need someone to go out, an ombudsman for the City of

Pittsburgh that has no ties, no Administrative ties, so he can really sit and wine and dine. It would be a nice job for some Councilperson that's going to retire sometime later. They can go out and just shop all around and go all the way around the country. Seriously, a lot of the towns do it. When I'm looking at my own television set and seeing, you know, come to New York, come to Hawaii, come to Florida, you know, come to California, come to Phoenix, do you ever see once come to Pennsylvania?

Now, I'm referring to this document. Mr. Chairman, it refers really to Bill No. 2146 and No. 2147. If I might go down through there.

You know, when you have this major change and it's coming from the Mayor to yourself as the Chairman of Finance, proposed budget changes, City Council 1985 Operating Budget has been reviewed by the Administration, and I would like to propose that Council adopt the amendments listed below to the budget. May I indicate that there are 11 pages of changes. Some of them are omissions, some of them are errors, but there's a lot of changes totally in this particular budget, and I have to go down and justify it, because when I look at the final tally on this particular issue there's \$306,000 worth of changes in here. Now please, Mr. Chairman, if you want to handle this I'd like to get people from the various departments to come down here and justify why we need these changes.

I have no problem with the Mayor's Office, Department of Finance, a technician is needed, there's no money involved there. We go over to the second page, please, Department of Personnel and Civil Service, Code Account 1099 Salaries and Wages, Regular and Temporary Employees, we have all kind of clerical changes, they were "as needed", they were not funded. We now

have \$28,000 I guess total — is that just one — about forty some thousand, excuse me, total of changes from as needed to needed, and clerical and typists and administrators in the Department of Personnel and Civil Service. Right now they have people falling over themselves.

Right now they have people down there, \$1.1 million, \$1.3 million budget, if I can recall in the Personnel Department, we're talking about 5,000 employees with a turnover rate of about five percent per year, 240, 250 people, and we have \$1.3 - \$1.1 million just to handle those two hundred and some transfers. Most of them are very plain and simple, they're almost, half of them are labor so there's nothing great about that. The other probably two-thirds are, or the other half remaining, are Police and Fire, so again, that's Civil Service testing, very simple, very cut and dried. The rest are then, probably, clerical and various specialists as needed. I cannot see why we have to fund this amount of money to the Personnel Department right there. They are contracting services out to do their own work, even the major budget that we have given them. To me this is unjustifiable and I cannot condone spending that much money, if when they come in here when we're really into the heart of the budget, December, that is the time, November and December, that is the time to make the changes and try to justify them, and everything else. This is a backdoor approach as far as I'm concerned, and changes in the Administration from Point A to Point B, to have people come on in and fund the positions. It was "as needed", it was to come out of their total budget, now they're asking for an additional almost forty some thousand dollars.

The Chair:

Dick, the explanation is a

typographical. They didn't have it in the budget when we went over the budget and they wanted these positions funded, one at \$4,000, the other one at \$8,000 and the other one at \$28,000. It's self-explanatory.

Mr. Givens:

Inadvertently?

The Chair:

These are things that were inadvertently omitted.

Mr. Givens:

That's a con. That's a snow job.

The Chair:

All right.

Mr. Givens:

They weren't inadvertently admitted. They've been added to the budget since we finalized the budget. Everyone had two months to look at this budget. They can't come back to me — If that's the case that's what I'm saying, the Department of Personnel doesn't do their job today and they can't even do it right now, because they're admitting things that they should have been having in the budget in November and December. That's my exact point.

The Chair:

That's your position; I respect that.

Mr. Givens:

I don't know how you want to take this. I'd like to vote on each department as it is, because I think some departments deserve it, others do not.

The Chair:

That's fine. The Mayor's changes in the Mayor's Office, all in favor signify by saying aye.

WHICH MOTION PREVAILED.

The Chair:

Department of Finance, the changes in that department, signify by saying aye.

WHICH MOTION PREVAILED.

The Chair:

Department of Personnel and Civil Service we just discussed, all in favor signify by saying aye.

Mr. Givens:

No.

The Chair:

One no, Mr. Givens.

WHICH MOTION PREVAILED.

The Chair:

Department of City Planning. We already passed that.

Mr. Givens:

— Well, we've passed it but I'm still

The Chair:

As amended.

Mr. Stone:

Move for adoption.

Mr. Givens:

Excuse me, I have some discussion on the Department of City Planning. I'm seeing plus factors in here and apparently they must be merit changes. Does anyone want to address that?

The Chair:

We already passed that, Dick.

Mr. Givens:

You already passed that?

The Chair:

Yes.

Mr. Givens:

How could we pass it —

The Chair:

We passed that back when we first got on this bill. Mr. Robinson made a few amendments and we passed it.

Mr. Givens:

Okay, I was working on the amendments. I didn't think we ever even got into the budget. I knew Bill was talking something about this. What was the passage on so I might have an opportunity to vote on it now?

The Chair:

We voted for all the changes except for one and we put the six-month period on a Planner II instead of eliminating it.

WHICH MOTION PREVAILED.

The Chair:

Department of General Services, all in favor signify by saying aye.

Mr. Givens:

Excuse me, let me look at Department of General Services. Here we have a total of nine, seven, sixteen — \$16,500 error omitted, oil samples.

The Chair:

What is it? The oil samples, if you recall, each truck, vehicle, automobile they take an oil sample and they get sampled to see how long the engine is going to last and so forth.

Mr. Givens:

I know. They do a very good job.

The Chair:

And they miscalculated, it should have been \$18,000 for that service instead of nine thousand.

Mr. Givens:

You know, that's been an ongoing thing from year to year to year. It's kind of hard for me to imagine that they would omit that from their budget. It's one of the most crucial analytic tests that can be done to determine the wear and tear of a particular engine and the failure of that particular engine. Thank God they're not flying around in the air, they'd all be in the Allegheny River.

The Chair:

All in favor signify by saying aye. Opposed?

WHICH MOTION PREVAILED.

The Chair:

In the same department, Bureau of Repairs and Operation of Maintenance.

Mr. Givens:

Are you in Public Safety now?

The Chair:

Okay. Public Safety. This is the change —

Mr. Givens:

We're talking about Emergency Medical Service Branch, Code Account No. 1420, Salaries and Wages, Regular and Temporary Employees. We have a plus \$5,000. Can someone explain that? That's increasing the —

The Chair:

Yes, that's keeping all salaries equal. That is for the Director of Emergency Medical Services to come up with the \$51,000 like the Superintendent of Police and the Fire Chief.

Mr. Givens:

Well, again it was very interesting to note when the budget came out and Glenn Cannon was, by the Mayor's decree going to be the Chairman of Public Safety this position was left \$5,000 shorter than what it was, and then when the Director is Cannon, no reflection upon him directly, did not get that position then all of a sudden then this one is now elevated up. I cannot see, although I have great respect for the Emergency Medical Service Branch that they are, I think, responsible for the plus equipment of about 200 personnel. The Deputies of Police and Deputies of Fire are responsible for all kind of equipment

and over 1,000 personnel. How can we justify then all Directors being paid the same? I don't buy that. I cannot buy that. That's not responsible management. That's to say you got 200 people and you got a responsibility out there and there's other people. If that's Glenn Cannon, or to the Director, let me take Personnel, Director of Medical Services receives that amount of money then I would have to feel and justify that the Deputy Directors of Police and Fire receive additional increases.

The Chair:

All in favor signify by sayin aye. Opposed?

Mr. Givens:

No.

WHICH MOTION PREVAILED.

Mr. Givens:

Also in there we have this red circle, I don't have any red circle on my page. Incumbents are restored to merit raises perviously omitted, and I guess we're talking about Assistant Directors here. Are these all in EMS?

The Chair:

Yes.

Mr. Givens:

There's over \$6,000 for Assistant Directors. We're trying to put EMS people along with Police and Fire and that is not — they just don't have the supervisory responsibility.

The Chair:

What that takes in is the four percent automatic raise, then a merit

raise which would be approximately \$1,600 and a merit raise of \$1,500. That's how that figure comes up to that.

Mr. Givens:

Okay.

The Chair:

Okay?

Mr. Givens:

Mark me no for that, please, Mike.

The Chair:

All right.

Mr. Givens:

Okay, in the Police Branch, School Crossing Guard, I appreciate that was late coming, the contractual agreement, if I can recall. The next page, okay, it's the same thing. In the Fire branch, I have no problems with that, that's restoring what it should be, the Deputy Chiefs up to the proper amounts of money and the Assistant Director of Supervision and Prevention, are we lowering them or what?

The Chair:

No.

Mr. Givens:

I see a minus 732. What does that mean, Jack?

Mr. Buckley:

Inspector DiNardo is down to 30(d) 732(c).

Mr. Givens:

We're reducing our Assistant Directors of Suppression and Prevention under the Fire branch?

Mr. Buckley:

Read the explanation, Dick.

Mr. Givens:

I'm reading it; that's what I'm saying.

The Chair:

It permits him to get more money, Dick. That's what it permits, him to get more money, that change.

Mr. Buckley:

They'll be more flexible.

Mr. Givens:

But I have it underlined, to change 30(d) is equivalent to another Assistant Director rated 29(e) in the Department of Public Safety by putting disposition at the 30(d) rate. This will be maintained for flexibility in hiring new hires to 30(g), \$42,606.

Mr. Buckley:

That's right.

Mr. Givens:

This is the rate that would be used for incumbent Deputy Chief as selected. Failure to make this change would result in the Deputy Chief getting a pay cut if the position were excepted.

The Chair:

Right.

Mr. Givens:

But why, then, do they have a 732? I'm showing a reduction. That doesn't make sense to me.

The Chair:

That was to be added to, Dick.

Mr. Givens:

Are you following me, Jack?

Mr. Buckley:

Yes.

The Chair:

They misadded, they didn't calculate the figures correctly, and that's why it's \$732.

Mr. Givens:

It's minus \$732.

The Chair:

Right. That's exactly right, they didn't add it up right.

Mr. Givens:

Okay. Of course Firefighters, I have no problem with that. The next page, nothing in Inspection? Did you have an amendment, Jim?

MR. O'MALLEY COMMENTS

Mr. Givens:

Did you put it in yet?

MR. O'MALLEY COMMENTS

Mr. Givens:

Okay. I have nothing with the Building Inspection Department. Public Works?

The Chair:

Department of Parks and Recreation.

Mr. Givens:

That's Supplies.

The Chair:

All in favor signify by saying aye.

WHICH MOTION PREVAILED.

Mr. Givens:

Well, I guess this is on Swimming Pool and Skating Rink Division, Regular and Temporary Employees, changing from \$5.50 to \$5.00 allows for funding of up to 50 School Crossing Guards. Is that during the Summertime?

The Chair:

Right, instead of being laid-off.

Mr. Givens:

So by reducing it they can what, hire more people? Is that what their idea is here or what?

MRS. MASLOFF COMMENTS

Director Brown:

The difference in that has to do with School Guards, School Crossing Guards. That's a different contract. The resolution is the School Guards.

Mr. Givens:

Union agreement.

Director Brown:

Right.

Mr. Givens:

Okay. Thank you. Okay, let's go then to Tree Pruner as needed. Department of Personnel has recommended operating this position based on a pay and classification analysis. Can anyone give me anything on that? We're adding \$1,568. Is that a merit increase or what?

MRS. MASLOFF COMMENTS

The Chair:

They're adding one position in Program Coordinator II and they're taking one away from Program Coordinator I and you end up with the same amount of bodies and it's plus \$1,568.

Mr. Givens:

No problem. Department of Engineering I have no questions and when I come to the back page is when I see all the plusses that are minuses, and what I see and what my conclusions are all these changes that have been made, some I approve, some I disapprove, but I'm seeing almost \$175,000 in changes in this particular document right here, \$131,000 changes for Mr. Grabowski, ending up to almost \$306,000 worth of changes within the City of Pittsburgh, and I feel many of the changes that have been made in there, and I'll say it again, are very political in nature, they're very untimely, they're not discussed at our normal 1985 Budget deliberation, and it's the largest amount of changes that I

have seen, with the largest dollar figure amount that I've ever changed since I've been here on Council, and I think it is very, very political and very untimely, and very, very costly to the people of the City of Pittsburgh.

The Chair:

On Bill No. 2146 as amended, all in favor? Opposed?

Mr. Givens:

I abstain for reasons so indicated.

WHICH MOTION PREVAILED.

(END - MR. GIVENS' REMARKS ON BILL NOS. 2146 AND 2147 - WEDNESDAY, 2-13-85)

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. Robinson	Mr. Stone
	(Pres't)

AYES 6

NOES 1

(MR. O'MALLEY VOTING NO)

(MR. GIVENS ABSTAINING)

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 2148

A Resolution entitled, "Resolution providing for an Agreement with John J. Bondi and Gloria K. Bondi, his wife, their heirs, executors, administrators and assigns, which grants an easement for a single family dwelling sanitary sewer line through property owned by the City of Pittsburgh upon certain terms and conditions."

Which was read.

Also,

Bill No. 2149

A Resolution entitled, "Resolution providing for the conveyance of certain property in the Township of O'Hara, designated as Block and Lot 292-G-60-64, to Daniel J. McGreevy for the sum of \$18,000.00."

Which was read.

Also,

Bill No. 2150

A Resolution entitled, "Resolution Repealing Item B of Resolution No. 110, approved March 2, 1984, which authorized the sale of property in the 3rd Ward, being vacant land, located on Colwell Street, designated as Block 2-H, Lots 328-330, to Eugene T. McCaa, for the sum of \$1,300.00."

Which was read.

Also,

Bill No. 2151

A Resolution entitled, "Resolution amending Item O of Resolution No. 927,

approved October 27, 1984, which authorized the sale of property in the 16th Ward, being vacant land in the 16th Ward, located on Stromberg Street, designated as Block and Lot 30-E, Lot Part 85, to James A. Fronczak, for the sum of \$2,000.00."

Which was read.

Also,

Bill No. 2152

A Resolution entitled, "Resolution providing for the filing of a petition or petitions for the sale of certain property or properties acquired at a tax sale in accordance with Act No. 514 of 1947 as amended."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Givens presented

Bill No. 2242

Report of the Committee on Public Works for February 13, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2116

A Resolution entitled, "Resolution granting unto People's Natural Gas Company, their successors and assigns, the privilege and license to construct, maintain and use, at their own cost and expense, a Regulating Station Vault in the portion of the sidewalk of Wightman Street in the 14th Ward of the City of Pittsburgh."

Which was read.

Also,

Bill No. 2117

A Resolution entitled, "Resolution vacating Stoddart Way from Anderson Street to Arbuckle Way and Arbuckle Way from Stoddart Way to Locock Street, in the 22nd Ward of the City of Pittsburgh, accepting and reserving easements for the 20-inch sewer line located in Stoddart Way and the 18th-inch sewer line located in Arbuckle Way."

Which was read.

Also,

Bill No. 2118

A Resolution entitled, "Resolution adopting Official Sewage Facilities Plan

Revision for Jacks Run Terrace Development."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 8

NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Robinson presented

Bill No. 2243

Report of the Committee on Planning, Housing and Development for February 13, 1985 transmitting one ordinance and sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1719

An Ordinance entitled, "An Ordinance supplementing the Pittsburgh Code, Title One - Administrative, Article IX, Boards,

Commissions & Authorities, by adding Chapter 177, ECONOMIC DEVELOPMENT COMMISSION." —
(SPONSORED BY MR. ROBINSON)

Which was read.

Mr. Wagner:

On Bill No. 1719, the development of the Economic Development Commission, I would like to ask a question of my colleague. As proposed in the legislation, the Commission would consist of eleven members. Would there be members of Council serving on that Commission?

Mr. Robinson:

As I understand the Charter, there would have to be a member of Council serving on the Economic Development Commission. It would seem to me that with Council's approval required, that if Council indicated to the Mayor that we would like to see a member on Council he would respond in a positive fashion. The Mayor has responded positively in the past where Council has indicated that they would like to see a member of Council serve on some board or commission and I would think that he would do the same thing in this instance.

Mr. Wagner:

Due to the importance of economic development in our city, would it be permissible for more than one member of Council to serve on this Commission?

Mr. Robinson:

The legislation provides that the Mayor can pick those eleven people that he deems most worthy and I would have no objections to the Mayor picking more than one member of Council. I think it

would probably be most appropriate for him to do just that.

Mr. Wagner:

Thank you.

Also,

Bill No. 2130

A Resolution entitled, "Resolution providing for the issuance of a Certificate of Appropriateness for exterior work on A. Market Square Historic District commercial structure at (1) 514 Liberty Avenue (Block and Lot 1-D-125), (2) 5 Market Place (Block and Lot 1-H-216) in the 1st Ward; B. Mexican War Streets Historic District residential structure at (1) 602 North Taylor Avenue (Block and Lot 23-J-206) in the 22nd Ward; C. Manchester Historic District residential structures at (1) 1122 Liverpool Street (Block and Lot 22-L-226), (2) 1411 West North Avenue (Block and Lot 7-B-284) in the 21st Ward."

Which was read.

Also,

Bill No. 2131

A Resolution entitled, "Resolution providing for the issuance of Certificates of Appropriateness for exterior work on the residential structures in the A. Manchester Historic District at (1) 1323 Adams Street (Block and Lot 22-F-138), (2) 1413 Adams Street (Block and Lot 22-F-117) in the 21st Ward; B. Mexican War Streets Historic District at (1) 1206 Resaca Place (Block and Lot 23-K-94), (2) 1227 Palo Alto Street (Block and Lot 23-K-115), (3) 1212 Resaca Place (Block and Lot 23-K-90) in the 22nd Ward; and the commercial property in the C. Market Square Historic District at 518

Liberty Avenue (Block and Lot 1-D-125) in the 1st Ward."

Which was read.

Also,

Bill No. 2132

A Resolution entitled, "Resolution providing for the issuance of Certificates of Appropriateness for exterior work in the residential structures in the A. Manchester Historic District at (1) 1425-27-29 Page Street (Block and Lot 7-B-174, 175 and 176), (2) 1419 West North Avenue (Block and Lot 7-B-292), (3) 1211 Fulton Street (Block and Lot 22-P-293), (4) 1420 Liverpool Street (Block and Lot 22-P-15) in the 21st Ward; B. Mexican War Streets Historic District at (1) 1218 Buena Vista Street (Block and Lot 23-J-312) in the 22nd Ward; and C. Market Square Historic District at (1) the commercial structure at 100 Fifth Avenue (Block and Lot 1-D-125) in the 1st Ward."

Which was read.

Also,

Bill No. 2133

A Resolution entitled, "Resolution providing for an Agreement or Agreements with the County of Allegheny, Department of Development, for the transfer to and expenditure of funds by the City of Pittsburgh, for the County's local matching share of funds in connection with the Pittsburgh Hearing, Speech and Deaf Services, Incorporated Project."

Which was read.

Also,

Bill No. 2134

A Resolution entitled, "Resolution amending Resolution No. 710, effective August 14, 1984, entitled: 'Providing for an Agreement or Agreements with the Pittsburgh Hearing, Speech, and Deaf Services, Incorporated of 1344 Fifth Avenue, and the Urban Redevelopment Authority, for the City's share in the rehabilitation of a building to assure permanent housing for the operations of the Agency', so as to add the County of Allegheny's local matching share to the project."

Which was read.

AYES 8

NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

Mr. Robinson:

Mr. President and members of Council, as you are aware this is still Afro-American History Month and in keeping with that recognition I'd like to offer this resolution on behalf of the African Methodist Episcopal Church which was the first denomination of churches of African ancestry in the Americas. Their history goes back 198 years.

In 1787, Reverend Richard Allen and Reverend Jones withdrew from the Saint George Methodist Church in Philadelphia Pennsylvania because of what they deemed to be unkind treatment and restrictions placed upon worshipers of African descent. They founded the free African society which was the beginning of the African Methodist Episcopal Church.

In 1816, Richard Allen called together 16 representatives from the Bethel African Church in Philadelphia, Pennsylvania and African churches in Baltimore, Maryland; Wilmington, Delaware; Attleboro, Pennsylvania; and Salem, New Jersey to meet in Philadelphia, Pennsylvania. A church organization or connection was organized as the African Methodist Episcopal Church. Richard Allen was the founder and first bishop of the African Methodist

Episcopal Church. Bishop Allen's portrait hangs in the State Capitol along with the pictures of many other distinguished Pennsylvanians and I think our state can feel very proud to give birth to the African Methodist Episcopal Church. One hundred and ninety-eight years of church history is indeed something to be proud of.

I had the honor on yesterday evening to be at the Founders' Day celebration for the AME church which coincides with Afro-American History Month and I offered the following resolution to them and indicated that I was hopeful that my colleagues would agree today. This resolution recognizes Founders' Day.

Mr. Robinson presents

No. 2248 WHEREAS, since our nation's genesis, its founders sought to provide spiritual as well as bodily sustenance for the people, and in doing created fortresses of faith around which communities grew strong; and

WHEREAS, the African Methodist Episcopal Church was founded in Philadelphia, in our Commonwealth of Pennsylvania, in 1787, and has, for 198 faithful years, espoused its creed—"God our Father, Christ our Redeemer, Man our Brother;" and

WHEREAS, the Greater Ministerial Alliance of the Pittsburgh Conference of the A.M.E. Church is marking Founders Day on Sunday, February 17, 1985, at St. James A.M.E. Church, 444 Lincoln Avenue, Pittsburgh, Pennsylvania with the Reverend Samson M. Cooper, President, and the Reverend Floyd W. Alexander, host pastor, and the Reverend Fred M. Hughey, as Marshall;

NOW, THEREFORE, BE IT RESOLVED, that the Mayor and the

Council, City of Pittsburgh, does hereby welcome the Honorable Bishop Richard Allen Hilderbrand, who was named after Richard Allen, founder of the A.M.E. Church, and newly assigned to the Third Episcopal District, comprising West Virginia, Western Pennsylvania and Ohio, and Chairman of the Board of Trustees of Wilberforce University in Wilberforce, Ohio, as guest preacher for this auspicious occasion.

Mr. Robinson moved to adopt the resolution.

Mr. Wagner seconded the motion.

Which motion prevailed.

Mr. Robinson:

One last closing note. Wilberforce University is the home of Paine Theological Seminary which has produced the vast majority of the AME ministers in our City and across the country. Wilberforce is one of the outstanding black universities of our country and its fine heritage and religious tradition has done us all well and proud.

Again, thank you for participating in another portion of Afro-American History Month.

Mr. Wagner:

In accordance with Section 322 of the Home Rule Charter, Publication Effective Date of Legislation, I move that the effective date on Bill No. 2090 shall be February 14, 1985.

This is the resolution on a feasibility study on having City personnel perform the maintenance of street lights and equipment owned by the City of Pittsburgh. We passed that bill in Council February 4, 1985.

Mr. Robinson seconded the motion.

Which motion prevailed.

Mr. Grabowski:

Mr. President, with respect to Bill No. 2146 which we passed earlier dealing with the budgetary amendments. Last Wednesday during our Committee session, a considerable amount of debate took place relative to the tow truck drivers that Councilman O'Malley was concerned with. At that time, I made reference to a memo that Superintendent Coll sent to Councilman O'Malley, a copy of which I received. I'd like this memo inserted into the Record for official publication.

(MEMO REQUESTED BY COUNCILMAN GRABOWSKI)

TO: Councilman Jim O'Malley
FROM: Robert J. Coll, Jr., Supt.
DATE: December 28, 1984
SUBJECT: Towing Service

A tow truck deployment study was prepared by my office on November 18, 1981. I believe this study is still valid and is an appropriate and accurate representation of the Police Department's towing needs.

Based on this study, I would recommend that a combination of road service drivers and private towing contracts be employed. Road service drivers would give the Police Department the flexibility and priority of service necessary to meet our various needs. These needs range from obstruction and boot towing to maneuvering vehicles in the tow pound.

Since tow requests have measurable peak periods as indicated in the 1981 study, it would not be cost effective to staff for peaks. However,

these peak needs could easily be met with supplemental contracts with private owners.

I would further suggest that any towing service provided by the Police Department be accompanied with the creation of a towing trust fund account. This account would receive revenue from towing fees of \$60.00, tow pound storage fees of \$4.00 per day and boot fees of \$35.00. Expenditures should be limited to tow pound related costs. This trust fund would establish a cost benefit measure as well as ensure quality towing services.

RJC:klm

cc: Councilman Steve Grabowski
George Jacoby
Louis DiNardo

(END OF MEMO)

Mr. O'Malley:

I'd like my comments brought forward regarding the discussion of the tow trucks, in regards specifically to the memo.

(MR. O'MALLEY'S COMMENTS REGARDING MEMO - WEDNESDAY, 2/13/85)

Mr. O'Malley:

One, I find it very gratifying that Councilman Grabowski feels we need five tow truck drivers. I thought that Superintendent Coll was in charge of the Police Department; he doesn't feel that we need five tow truck drivers. I talked to Mayor Caliguiri and his Administration and he doesn't feel that we need five tow truck drivers. I talked to Lou DiNardo who is Bob Coll's Administrative Assistant, he doesn't feel that we need five tow truck drivers, and

I'm Chairman of Public Safety and I don't feel that we need five tow truck drivers.

I also find it very offensive that Councilman Grabowski would try to eliminate any protocol and procedure that we have left on this Council by going over the head of the Chairman in charge of that Committee. There are some of us on this Council that are trying to reinstitute the respect for each Councilman's Committee. My personal feelings are that if Councilman Grabowski's in charge of a committee, I certainly should have the respect for him to go to him and sit down with any major change in that Committee, and trying to add five tow truck drivers and trying to add five tow trucks to my department, when nobody in my department wants them, including the Superintendent, I think it's completely out of line.

The statistics on the five tow truck drivers, the five tow truck operators, would cost the City almost \$300,000 a year. I think Mr. Grabowski also forgets that the Police Department works 24 hours a day. If we would take those five drivers and five tow trucks and divide them seven days a week, 24 hours a day, if we would include the pass days and holidays for the employees, we may have one driver on per shift out of those five drivers. The recommendations by the Superintendent of Police, and the study that is now being conducted by General Services, it would be much more productive if the City would go out on contract to one, two, or three independent tow truck drivers; one, it would save \$300,000 a year, it would save the fringe benefits and compensation that many times we have to pay employees. During the rush hours when the Police Department actually needs the tow truck drivers, between the hours of three o'clock in the afternoon until six o'clock in the evening during rush hour, Monday through Friday, some days we

may need four trucks, some days we may need ten trucks. Under Mr. Grabowski's plan there would only be one truck. It would be much more productive and cost efficient for the City of Pittsburgh to draw up a contract and enter into a private contract with tow truck drivers whether it's two or whether it's four.

In fact there are some tow truck companies in the City of Pittsburgh that have their buildings here and maintain a fleet of six and seven trucks. We're now in the process of discussing a contract with them. The City of Pittsburgh now charges \$60.00 per tow. These companies would tow for as little as \$20.00 and \$25.00, with the extra funds going to the City Treasury, so the City would also make money on that end of it.

So, I strongly object to this, one, because nobody outside of Mr. Grabowski wants it; two, it's going to cost \$300,000 a year; and, three, it's my Committee and I don't feel we need it.

MR. GRABOWSKI COMMENTS

Mr. O'Malley:

Wait a minute. Where did you get this? Say that again.

MR. GRABOWSKI COMMENTS

Mr. O'Malley:

Are you Chairman of General Services?

MR. GRABOWSKI COMMENTS

Mr. O'Malley:

Oh, you are, then you understand that the General Services provide tow trucks to the Police Department.

MR. GRABOWSKI COMMENTS

Mr. O'Malley:

Okay. So that's what we're talking about. We're talking about the complement that's provided by General Services, plus now we need the addition to go out and hire independent drivers. We need the complement from your people when we only need one or two trucks, if they're available. We need the complement of private tow truck drivers to go out when we need six or eight or ten trucks at one time. That is what that memo is referring to.

MR. GRABOWSKI COMMENTS

Mr. O'Malley:

Let me make the suggestion that might solve all these problems. My department does not want the five tow trucks, that's why we're a Police Department, we don't want to be responsible for maintenance and tow truck drivers. If you want the five tow truck drivers you put them in General Services, and then when we need them we'll call on them. As Chairman of my Committee my department does not need them and if you insist on them you put them in the Department of General Services.

MR. GRABOWSKI COMMENTS

Mr. O'Malley:

I think if Mr. Grabowski would clear up some of the problems in General Services we might not have these problems in the Public Safety, and I understand what prompted Mr. Grabowski's request for five tow truck drivers is that he had to wait a couple hours for a tow truck to tow a car out of the way so he could get his own vehicle out.

I talked to Mr. Jacoby about the

problem that I am having in my Committee that Superintendent Coll is having, that we cannot get an adequate number of tow trucks. It so happens we do have a contract, if I'm correct, with a tow truck company that is out in Hampton Township, am I correct? What's his name?

Superintendent Coll:

It's a different type of contract.

Mr. O'Malley:

Heavy vehicle contract.

Superintendent Coll:

And it's emergency only and it's worded different rather than a towing service contract. It's just for emergencies only.

Mr. O'Malley:

Right. The contract that we do have is with a man out in Hampton Township. I have a number of people that own tow trucks and garages in the City of Pittsburgh. I went so far as to set up a lunch with Mr. George Jacoby, had a lunch with these tow truck operators so that they could sit down and describe to Mr. Jacoby what services are available to the City of Pittsburgh and at what cost. Now these tow truck drivers can come in under the cost that we are now paying the man in Hampton Township. Three months ago, four months ago, I asked George Jacoby to write up a contract for independent tow truck drivers, the criteria that they would have to fit into, insurance, number of trucks, hours they'd have to operate, three or four months ago in General Services, and to this day I don't have that contract, so I would suggest that we talk to Mr. Jacoby, we ask Mr. Jacoby to come up at a post agenda and inform us

why he hasn't written the contract and specifications so we can go out on bid to alleviate much of this problem.

(END - MR. O'MALLEY'S COMMENTS - 2/13/85)

Mr. Wagner:

Another item, but also in regard to Bill No. 2146, budgetary amendments. As all of you remember, last week we changed the name of Economic Development Coordinator in that budget to Marketing Coordinator.

I would like to request again that the City Clerk write a letter to the Mayor requesting that that position be filled and I would like along in that letter a copy of the article or just a couple paragraphs from an article that appeared yesterday in the Pittsburgh Press entitled, "Mayor's Upbeat Campaign Promises New City Image".

I just want to read a couple paragraphs in the article that Mr. Shirley Uhl wrote in interviewing the Mayor.

"Our living standards are good, our quality of life is good, the engineers are here, skilled workers are here. We have the universities, the health facilities, the resources. And now we've got to go out and sell this City and sell it aggressively, innovatively, and imaginatively. I think we can get rid of the perception of Pittsburgh as a smoky city from the '40s.

Speaking of site location teams, whether they represent business or science, the Mayor said, 'Once we get them here, we've got them.' So, we've got to go out and practically hand-carry people to our City."

I think those two paragraphs stated quite well from the Mayor

indicate the need to fill the position of Marketing Coordinator of the City of Pittsburgh. So, I would appreciate if the City Clerk would again write a letter to the Mayor and ask if that position will be filled in the immediate future.

Mr. O'Malley moved to excuse Michelle Madoff for absence from the meeting.

Mr. Wagner seconded the motion.

Which motion prevailed.

Mrs. Masloff moved to approve the Minutes of Monday, February 4, 1985.

Mr. O'Malley seconded the motion.

Which motion prevailed.

And on the motion of **Mrs. Masloff**

Council adjourned.

Municipal Record

Proceedings of the Council of the City of Pittsburgh

VOL. CXIX

Monday, February 25, 1985

No. 8

Municipal Record

ONE-HUNDRED TWENTY-THIRD COUNCIL

ROBERT RADE STONE President
MICHAEL PERRY City Clerk
LINDA M. JOHNSON Asst. City Clerk

Pittsburgh, PA
Monday, February 25, 1985

PRESENT:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

PRESENTATIONS

Mr. Givens presented

No. 2249 Resolution providing for a Contract or Contracts, or the use of existing Contracts, for the purchase of gas indicator instruments for monitoring

combustible gas and oxygen concentrations in various sewers throughout the City, at a cost not to exceed \$10,000.00, chargeable to and payable from the Liquid Fuels Tax Trust Fund.

Which was read and referred to the Committee on Public Works.

Mr. Givens moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Grabowski seconded the motion.

Which motion prevailed.

Also,

No. 2250 Resolution granting unto Anthony and Arlene Grguras, their successors and assigns, the privilege and license to construct, maintain and use at their own cost and expense, a gas line easement in a portion of the roadway of No Name Way and Festoria Way in the 27th Ward of the City of Pittsburgh.

Also,

No. 2251 Resolution vacating Galveston Avenue from Behan Street to a point 319.23 centerline feet north westerly and Paxton Way from a point 460 feet east of the easterly line of Allegheny Avenue to its easterly terminus in the 22nd Ward of the City of Pittsburgh, excepting and reserving

easements for any sewer or water lines located therein.

Which were read and referred to the Committee on Public Works.

Michelle Madoff presented

No. 2252 Resolution authorizing and directing the appropriate City Department Heads to implement security and identification measures on all City owned movable property, equipment, and tools. —(SPONSORED BY MICHELLE MADOFF)

Which was read and referred to the Committee on General Services.

Also,

No. 2253 An Ordinance supplementing the Pittsburgh Code, Title Six - Conduct, Article I, Regulated Rights and Actions, Chapter 601, Public Order, Section 601.09, Smoking On Public Conveyances, in Retail Stores, or Elevators, by prohibiting any lit objects in any elevator, and by requiring the warning sign to be made of metal and non-removable. —(SPONSORED BY MICHELLE MADOFF)

Which was read and referred to the Committee on Public Safety.

Mr. O'Malley presented

No. 2254 Communication from Glenn M. Cannon, Deputy Director, Department of Public Safety, requesting authorization for himself and Douglas Garretson to attend the National Fire and Rescue Instructors Conference in Cincinnati, Ohio, on March 17-21, 1985, at a cost not to exceed \$1,250.00, payable from the Emergency Medical Services Non-Resident Trust Fund.

Also,

No. 2255 Communication from Robert J. Coll, Jr., Superintendent/Deputy Director, Department of Public Safety, requesting authorization for James McCarthy and Terrance O'Leary to attend a Homicide Investigation Seminar at the Pittsburgh Marriott Inn-Greentree on March 21-22, 1985, at a cost not to exceed \$250.00, payable from the Department of Public Safety Third Party Payers.

Which were read and referred to the Committee on Public Safety.

Mr. Robinson presented

No. 2256 Resolution amending Res. No. 746, effective September 6, 1983, entitled: "Providing for an Agreement or Agreements with South Oakland Citizens Council, Inc., to revitalize its Community Printing Project," so as to provide assistance to South Oakland Citizens Council in the operation of its neighborhood programs, at a cost not to exceed \$28,460.00, chargeable to and payable from the 1983 Community Development Block Grant "Emergency Jobs Bill Program, Unspecified Local Options", (CC-83-01).

Also,

No. 2257 Resolution providing for the payment of expenses for a comprehensive Riverfront Study, providing for the execution of Agreement(s) and for filing other data, creating a Special Trust Fund in connection with the project; and providing for the deposit of funds in a bank account and providing for payment of expenses from the Special Trust Fund.

Also,

No. 2258 Resolution providing for an Agreement(s) with Consultant(s) to prepare a Comprehensive Riverfront

Plan for the Department of City Planning, at a cost not to exceed \$105,000.00, chargeable to and payable from Special Trust Fund "RP Trust Fund".

Also,

No. 2259 Resolution providing for an Agreement(s) with consultant(s) to perform a location and feasibility study for a downtown public use heliport for the Department of City Planning, at a cost not to exceed \$75,000.00, funded by grants from the U.S. and Commonwealth of Pennsylvania Airport Aid Programs, payable from the Special Trust Fund "DHS Trust Fund."

Also,

No. 2260 Resolution providing for the filing of an application(s) for financial assistance by the City of Pittsburgh with the Federal Aviation Administration and State Bureau of Aviation for grants in connection with the Airport Improvement Programs and providing for certain related actions and by providing for the transfer of an amount not to exceed \$7,500.00 for the local share from the CDBGRTF to the DHS Trust Fund.

Also,

No. 2261 Resolution providing for the issuance of Certificates of Appropriateness for exterior work on residential structures in the A. MANCHESTER HISTORIC DISTRICT at 1. 1109 Liverpool Street (Block and Lot 22-L-296) in the 21st Ward and the B. SCHENLEY FARMS HISTORIC DISTRICT at 1. 201 Tennyson Avenue (Block and Lot 27-L-70) in the 4th Ward. Also providing for the issuance of Certificates of Appropriateness for exterior work on the commercial structure in the C. MARKET SQUARE

HISTORIC DISTRICT at 1. 2 Market Place (Block and Lot 1-H-223) in the 1st Ward.

Also,

No. 2262 An Ordinance amending the Pittsburgh Code, Title Nine, Zoning District Map No. 8 by changing: From "R4" Multiple-Family Residence District to "S" Special and "R1" One-Family Residence District certain property bounded by: Pioneer Avenue; the Port Authority Transit (bus) Patway; Timberland Avenue and Moore Park, 19th Ward.

Which were severally read and referred to the Committee on Planning, Housing and Development.

Mr. Wagner presented

No. 2263 Resolution authorizing and directing the City Treasurer to transfer all interest from the City of Pittsburgh Windfall Funds into the Strip District Development Trust Fund. **(SPONSORED BY MR. WAGNER)**

Which was read and referred to the Committee on Finance.

Mr. Wagner moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Woods seconded the motion.

Which motion prevailed.

Also,

No. 2264 Resolution providing for an Agreement or Agreements with a Consultant or Consultants, for Architectural and Engineering Services

in connection with the Design of West Penn Pool and Recreation Center, at a cost not to exceed \$80,000.00, chargeable to and payable from Code Account CDPR 83-07 - \$40,000.00 and Code Account CDEC 84-48 - \$40,000.00.

Also,

No. 2265 Resolution providing for a Contract or Contracts for the Demolition of the Castor Street Footbridge, including necessary work on private property, at a cost not to exceed \$55,000.00, chargeable to and payable from Code Account EC 85-14.

Also,

No. 2266 Resolution providing for a Contract or Contracts, or use of existing Contracts, for the Construction of Emergency Medical Service Station No. 1, Hamilton and Dallas Avenue, East End, at a cost not to exceed \$220,000.00, chargeable to and payable from Code Account LB 83-06 - \$100,000.00, Code Account EC 85-49 - \$75,000.00, and Code Account EC 85-58 - \$45,000.00.

Which were severally read and referred to the Committee on Engineering and Construction.

Mr. Woods presented

No. 2267 Resolution authorizing and directing the Mayor to issue and the City Controller to countersign a warrant in the amount of \$1,044.63 to the Commonwealth of Pennsylvania representing payment required for unclaimed funds for the year 1977 pursuant to the provisions of Depositing of Abandoned and Unclaimed Property Act, Act of August 9, 1971, P.L. 74, payable from Warrants Outstanding General Fund, Warrants Outstanding Special Funds, Warrants Outstanding Capital Projects Fund, and Checks

Outstanding Special Trust Fund.

Also,

No. 2268 Resolution authorizing the issuance from time to time of a warrant or warrants in favor of the Commonwealth of Pennsylvania Department of Labor and Industry, to return any Job Training Partnership Act excess cash in an amount determined by the Pennsylvania Department of Labor and Industry.

Also,

No. 2269 Resolution providing for the City of Pittsburgh to execute and to deliver to Harry Davis & Company, a Pennsylvania partnership, a quitclaim deed, conveying certain property in the 15th Ward, for the sum of \$7,000.00.

Also,

No. 2270 Resolution providing for the City of Pittsburgh to execute and to deliver to the Baltimore and Ohio Railroad Company a quitclaim deed, conveying certain property in the 15th Ward for the sum of \$1.00.

Also,

No. 2271 Resolution amending Item J of Res. 901, approved October 18, 1984, for the sale of 61 Melrose Street, 25th Ward, Block and Lot 45-S-161 to Howard L. Jackson, for the sum of \$1,000.00. Amendment is to reduce price as the house had to be razed.

Also,

No. 2272 Resolution Repealing Item D of Res. No. 901, approved October 18, 1984, for sale of a 2 Sty. Hse., 12th Ward, 1542 Westmoreland Street, Block and Lot 173-F-161, to Aubrey Bruce & Lethea Mae Bruce, for

the sum of \$1,000.00. Resolution is to repeal sale and return hand money.

Also,

No. 2273 Resolution Repealing Resolutions, approved on various dates, for sale of properties in various Wards of the City, in accordance with Act No. 514, and providing for the forfeiture of hand money.

Also,

No. 2274 Resolution providing for the filing of a petition or petitions for the sale of certain property or properties acquired at tax sale in accordance with Act No. 514 of 1947 as amended.

Also,

No. 2275 Communication from Edward A. Walkowski, Manager, City Information Systems, requesting authorization for John Good and Paul Krall to attend the Honeywell Computer System Course in Atlanta, Georgia from March 18-22, 1985, at a cost not to exceed \$1,920.00, payable from Code Account No. 1043, Misc. Services.

Also,

No. 2276 Communication from Melanie J. Smith, Director, Department of Personnel, requesting authorization for David Farley and Jim Klein to attend a training workshop conducted by the Bureau of Job Training Partnership, Pennsylvania Department of Labor and Industry in Harrisburg, PA, on February 29, 1985, at a cost not to exceed \$700.00, payable from JTPA-1 Trust Fund, federal funds. Prior approval granted by Council February 15, 1985.

Also,

No. 2277 Communication from

Dante Pellegrini, City Solicitor, Department of Law, submitting a report summarizing settlement claims not exceeding \$750.00 for the Fourth Quarter of 1984, payable from Code Account No. 1081, Petty Claims. Also, submitting a report summarizing settlement claims in excess of \$750.00 for the Fourth Quarter of 1984, payable from Code Account No. 46, Judgments.

Also,

No. 2278 Communication from Ronald C. Schmeiser, Director, Department of Finance, submitting a report of deposits and market value of collateral Security pledged by City Depositories to secure same as of January 31, 1985.

Which were severally read and referred to the Committee on Finance.

The Chair presented

No. 2279 Resolution providing for the issuance of a warrant in favor of Graphics Plus Associations in the amount of \$322.50 for the purchase of 350 sets of tabs used for the 1985 Budget, chargeable to and payable from Code Account 1001-1, Misc. Services, Supplies and Equipment.

Also,

No. 2280 Resolution providing for the issuance of a warrant in favor of Jacobson Frame and Gallery in the amount of \$391.95 for the purchase of a picture and frame, chargeable to and payable from Code Account 1001-1, Misc. Services, Supplies & Equipment.

Also,

No. 2281 Resolution providing for the issuance of a warrant in favor of TCR & Associates in the amount of

\$500.00 for the purchase of Diablo-Hy-Type II Ribbons for Word Processors in the City Clerk's Office, chargeable to and payable from Code Account 1005-Supplies.

Also,

No. 2282 Resolution providing for the issuance of a warrant in favor of Davson Company in the amount of \$272.18 for the purchase of an enclosed bulletin board used for the posting of City Council notices in the City-County Building lobby, chargeable to and payable from Code Account 1006-Equipment.

Also,

No. 2283 Resolution providing for the issuance of a warrant in favor of Standard Printing and Litho, Inc., in the amount of \$388.00 for the purchase of Covers and Backs for the 1985 Pittsburgh City Council Budget, chargeable to and payable from Code Account 1001-1, Misc. Services, Supplies & Equipment.

Which were severally read and referred to the Committee on Finance.

Mr. Woods moved to suspend Rule 8 by providing for consideration of the bills only until or after the 9th calendar day following the meeting in which the bills were introduced so the bills will be on the agenda this Wednesday.

Mr. Wagner seconded the motion.

Which motion prevailed.

Also,

No. 2284 Petition from the residents of the City of Pittsburgh, requesting a public hearing to consider the City of Pittsburgh joining with other municipalities of the Monongahela and Turtle Creek Valleys of Allegheny

County in order to form a public Steel Authority, and that the City of Pittsburgh appropriate further monies to expand the current feasibility study of steel facilities in Duquesne to include the Pittsburgh works of LTV in the South Side and Hazelwood sections of Pittsburgh. This petition is valid in accordance with Section 320 of the Home Rule Charter.

Which was read and referred to the Committee on Finance.

Michelle Madoff:

Could we get some information prior to the scheduling of this hearing as to the status of the proposal by the Mayor of an economic development project, the one the Commissioners Foerster, etc. have planned one, the one that Mr. Wagner has suggested, so that we don't sit down and re-invent the wheel and duplicate and have duplication of funds.

The Chair:

Linda, take care of that.

In case everyone has not heard, let me just mention at this moment that our City Clerk, Mike Perry, was admitted to the hospital last night. We don't know his condition; they're trying to find out and we should be hearing. We wish him good health.

Michelle Madoff:

What hospital?

Mrs. Johnson:

Saint Francis Hospital.

The Chair:

We extend to him our best wishes.

REPORTS OF COMMITTEES

Mr. Woods presented

Bill No. 2285

Report of the Committee on Finance for February 20, 1985 transmitting three ordinances and sundry resolutions to Council.

Which was read, recieved and filed.

Also, with an affirmative recommendation,

Bill No. 1925

An Ordinance entitled, "An Ordinance supplementing the Pittsburgh Code, Title Two, Fiscal, Article III, Depositories, Chapter 221, Contracts, by adding to the requirements for the qualification of banks and lending institutions which desire to qualify as depositories of City moneys." —(SPONSORED BY MR. ROBINSON) (AS AMENDED IN COMMITTEE)

Which was read.

Also,

Bill No. 1927

An Ordinance entitled, "An Ordinance supplementing the Pittsburgh Code, Title Six, Conduct, Article V, Discrimination, Chapter 657, City Contracts, by adding definitions and Section 657.03, SOUTH AFRICA NAMIBIA (SOUTH WEST AFRICA) PROHIBITIONS." (SPONSORED BY MR. ROBINSON) (AS AMENDED IN COMMITTEE)

Which was read.

Also,

Bill No. 1929

An Ordinance entitled, "An Ordinance providing for the divestment and the prohibition of future investment of City money in companies actually operating in the Republic of South Africa Namibia (South West Africa)." (SPONSORED BY MR. ROBINSON) (AS AMENDED IN COMMITTEE)

Which was read.

Mr. Robinson:

Mr. President, on Council Bill 1929, I'd like offer an amendment to Section 3. This amendment is being offered because Dr. Peter Matson of Carlow College who has been working with our Task Force on investment policies and business practices did some additional research and discovered that the specific report that is referred to in Section 3 is no longer issued but there is a similar report that is available.

So, I would like to amend Section 3. On the third line, I would like to remove the following words: "most recent annual report of the American Consulate General of Johannesburg titled 'American Firms Subdivisions and Affiliates - South Africa or Namimbia (Southwest Africa)'. And I would like to include in the place of those words, the following words: "directory of U.S. corporations in South Africa compiled by the Investor Responsibility Research Center". The rest of Section 3 and the rest of the bill should remain the same.

Michelle Madoff seconded the motion.

Which motion prevailed.

Mr. Givens:

On Bills 1925, 1927 and 1929, I'd like my remarks to be brought forward

from Wednesday's Committee discussion.

(MR. GIVENS' REMARKS ON BILL NOS. 1925, 1927, AND 1929 - WEDNESDAY, 2/20/85)

Mr. Givens:

People wonder why I abstain and the only person that abstained when these bills were tabled. And Bill Robinson just said it right now, and that is the fact that we are picking the three weakest bills — not the three weakest, but the three that are up before us right now. The ones that have been tabled, I felt, really give emphasis to what we are really trying to do here, and if you want a second to untable, I'll untable all of them because I think all of them should be considered, and all of them are strong. I felt the Task Force when they submitted this to Council and the fact just took three bills and not all the bills, and I think all of the bills together — you're talking about the communist countries.

I mean, what are we doing in this world of ours today? We're trying to contain communism. South Africa is under one domination. You take communism, that's a whole world under itself, and there hasn't been a communist country that has been taken in this world yet that has gone back to any independence. Not one.

Secondly we're talking about dictatorships. When you get a dictatorship, there are two types. There is a benevolent one, and there is the other type. And all of the dictators that I have ever seen in my lifetime, and I've seen many of them, and none of them are benevolent, believe me. They are benevolent only to themselves. To the people, they crush them with no democracy whatsoever. And we in this Country are to say that we are to lead

this world or equality in all nations in showing us an example of our own democracy right here, and yes, I think candidates must speak out. Not only candidates that are running for this next election, I think every Councilperson right here must speak out on this particular issue because it's so vital. It's the heart of our own democracy. It's why we had a revolution in this Country.

Where do we come from? What did we do 150 years ago to the blacks that came here and the slavery? What did we have a Civil War for? Exactly for the rights of people and to say that this South Africa is the only nation that is affected, I think, is wrong. There are many nations out there in this world of ours that are being affected, many people that are being persecuted, and laying down their lives so that their people can be independent one day.

For 21 years I had the opportunity to uphold that principle by serving in the U.S. military, and it's on that I've seen many of my friends give their lives and as a result, I'm very sensitive to this issue and I'm very dedicated and I think we should untable these bills that have been tabled, and vote them all. If something is wrong with them, then there is something wrong with this Country and what we have been doing for the last 200 years.

(END - MR. GIVENS' REMARKS - 2/20/85)

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 2175

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Moscatiello Construction Company in the amount of \$4,270.25 in payment for extra work, being in addition to the original contract price of \$3,460,895.69 on Controller's Contract No. 2665B, furnished for the benefit of the City in connection with the reconstruction of Warrington Avenue - Phase I; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2176

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Moscatiello Construction Company in the amount of \$4,615.09 in payment for extra work, being in addition to the original contract price of \$3,460,895.69 on Controller's Contract No. 26658, furnished for the benefit of the City in connection with the reconstruction of Warrington Avenue - Phase I, and providing for the payment thereof."

Which was read.

Also,

Bill No. 2179

A Resolution entitled, "Resolution providing for the issuance of a \$4,239.66 warrant in favor of Atlas Waste Paper Corporation in settlement of claim for sewer line repair and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 2180

A Resolution entitled, "Resolution providing for the filing of a petition for the exoneration of taxes and transfer of properties in accordance with the laws applicable for transfer."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

The Chair:

At this time, it's imperative that I attend a meeting. We're trying to set up something to help with transit and other problems in the region and I must be in Greentree. Mr. Woods will preside for the balance of the meeting.

Mr. Robinson presented

Bill No. 2286

Report of the Committee on Planning, Housing and Development for February 20, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2166

A Resolution entitled, "Resolution authorizing and directing the Urban Redevelopment Authority of Pittsburgh to transfer and deposit \$400,000.00 of loan repayment funds from the Giant Eagle Urban Development Action Grant Project Administered by the Urban Development Authority of Pittsburgh to the Economic Development Trust Fund, City of Pittsburgh." --(SPONSORED BY MR. ROBINSON)

Which was read.

Mr. Wagner:

On Bill No. 2166, I'd like a clarification of the wording. As it sits before me, it's not the same as the City Clerk read it. First of all, there's an error in the dollar value as printed here and also it was indicated in the reading that the dollars were going towards the Economic Development Trust Fund but it's indicated on this piece of legislation in front of me as the Community Development Investment Fund. Which is it?

Mrs. Johnson:

Economic Development Trust Fund.

Mr. Wagner:

So, is there an error in the printing here?

Mrs. Johnson:

Yes, there is. In the Files.

Mr. Wagner:

And the dollar figure is not \$40,000; it's \$400,000?

Mrs. Johnson:

Yes, \$400,000.

Mr. Wagner:

Fine.

Also,

Bill No. 2169

A Resolution entitled, "Resolution approving a Conditional Use under Section 993.01(a)A-10 of the Pittsburgh Code, Title Nine, Zoning, Article V, Chapter 993 as amended, for authorization to use the existing building located at 2112 SIDNEY STREET, the former St. Joseph's Nurses Residence, as an Institutional Facility, to be a Congregate Care Facility for the elderly, 16th Ward."

Which was read.

Also,

Bill No. 2170

A Resolution entitled, "Resolution approving a Conditional Use under Section 993.01(a)A-9 of the Pittsburgh Code, Title Nine, Zoning, Article V, Chapter 993 as amended, for authorization to construct a five story medical research building, plaza, pedestrian tunnel and on-site bridge piers; also, to construct a parking deck over a portion of the old cemetery parking lot on property located in the vicinity of Pitt Stadium, 4th Ward."

Which was read.

Also,

Bill No. 2171

A Resolution entitled, "Resolution

authorizing a First Amendatory Giant Eagle Urban Development Action Grant Cooperation Agreement with the Urban Redevelopment Authority of Pittsburgh to conform to the provisions of the amended Grant Agreement between the City of Pittsburgh and the U. S. Department of Housing and Urban Development."

Which was read.

Also,

Bill No. 2172

A Resolution entitled, "Resolution amending Section 11 of Resolution 1228, effective December 31, 1979, as previously amended by Resolution Nos. 504, 635 and 1065 of 1980; and by Resolution Nos. 316, 797, 1201, and 1419 of 1981; and by Resolution No. 416 of 1982; and by Resolution Nos. 889 and 1134 of 1983; and by Resolution 150 of 1984, entitled 'Providing for the filing of an application by the City of Pittsburgh with the United States Department of Housing and Urban Development for a grant in connection with the 1980 Community Development Block Grant Program,' so as to decrease several line items and create new project line items to utilize the funds."

Which was read.

Also,

Bill No. 2173

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a consultant or consultants for 'accounting and auditing services related to the Community Development Block Grant Program.'"

Which was read.

The Chair, Pro tem:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	(Pres't Pro tem)

AYES 7 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Grabowski presented

Bill No. 2287

Report of the Committee on General Services for February 20, 1985 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation.

Bill No. 2161

A Resolution entitled, "Resolution repealing Resolution No. 1119, approved October 25, 1982, effective November 5, 1982, entitled: 'Providing for a contract or the use of existing contracts for the purchase and delivery of a Tractor-Loader-Backhoe and providing for the payment of the costs thereof.'"

Which was read.

Michelle Madoff:

Does that say for a new or used backhoe?

The Chair, Pro tem:

It does not say.

Michelle Madoff:

It's supposed to say, under law, new or used. Please resubmit the bill.

I spoke to the Purchasing Director and he said it can be amended but he hasn't done it yet so I'd like to hold it.

Mr. Wagner:

Mr. President, this bill, 2161, pertains to repealing the legislation, not purchasing.

Michelle Madoff:

My mistake. Sorry. The reason I made a mistake is that there's another bill being introduced where it is to be paid for by the Water Authority. I brought this up before and the bill will appear before us again.

The Chair, Pro tem:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	(Pres't Pro tem)

AYES 7 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. O'Malley presented

Bill No. 2288

Report of the Committee on Public Safety for February 20, 1985 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2209

A Resolution entitled, "Resolution providing for an Agreement or Agreements with The Salvation Army for professional services in connection with The Public Inebriate Program; and providing for the cost thereof."

Which was read.

The Chair, Pro tem:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	(Pres't Pro tem)

AYES 7 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Wagner presented

Bill No. 2289

Report of the Committee on Engineering and Construction for February 20, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2177

A Resolution entitled, "Resolution providing for a Contract or Contracts, or use of existing Contracts for construction in connection with the renovations of various public buildings; and providing for the payment of the costs thereof."

Which was read.

Also,

Bill No. 2178

A Resolution entitled, "Resolution providing for a Contract or Contracts, or use of existing Contracts, for construction in connection with the renovation of various park facilities; and providing for the payment of the costs thereof."

Which was read.

Mr. Wagner:

Mr. President and members of Council, I move to recommit Bill No. 2178 back into Committee.

Mr. Robinson seconded the motion.

Michelle Madoff:

What is the reason?

Mr. Wagner:

The reason is that some information was provided as to the various park facilities where some work is to be done this year in a couple locations where a request from this Council have been made are not part of that.

Michelle Madoff:

Okay.

WHICH MOTION PREVAILED.

Also,

Bill No. 2219

A Resolution entitled, "Resolution amending Resolution No. 24, effective February 9, 1984, entitled: 'Providing for an Agreement or Agreements, or the use of existing Agreements for architectural, engineering or other professional services in connection with the design for implementation of the Zoo Master Plan; and providing for the cost thereof,' by providing for a Supplemental Agreement or Agreements by increasing the total project allocations by \$78,500.00."

Which was read.

Also,

Bill No. 1828

A Resolution entitled, "Resolution providing for a Contract or Contracts, or use of existing Contracts, for construction of New Planter Boxes in

front of the City County Building; and providing for the payment of the cost thereof."

Which was read.

Mr. Grabowski:

On Bill 1828, it's a bill to provide \$25,000 for planter boxes in front of the City County Building. Wednesday I opposed that legislation; today I intend to oppose it again. I think the City could be spending \$25,000 in a more prudent fashion than purchasing planter boxes. I think it's a frivolous way to spend some money. In addition, if we do purchase these boxes, there is going to be some City personnel charged with maintaining them. I'm sure there are better uses for City personnel than pulling weeds out of planter boxes. So, as I stated before, I am opposing this legislation.

Michelle Madoff:

I'm going to change my vote from the other day where I supported the bill and support Councilman Grabowski for the reasons that this building is a pigsty; I've been here six and a half years and I have yet to have my blinds cleaned or my room vacuumed thoroughly and not because the help isn't willing to do it but because you can't Xerox six people.

After the Monday massacre where Mayor Flaherty fired all the little old cleaning people, there were more people then than there are today. It is unfair. When people use this facility, we are a terrible example of filth, and I think that the \$25,000 could be better spent to set an example for the City that we want to see our City kept clean by keeping our own house clean.

I think that one of the foundations interested in building this City and all

the construction going on would be more than happy to contribute the planter boxes and have their little plaque on them saying, "Contributed By" and I will vote with Mr. Grabowski.

Mr. O'Malley:

On the same bill that Councilman Grabowski is concerned about. I'm going to make a motion to recommit the bill for four weeks.

Mr. Robinson seconded the motion.

Mr. O'Malley:

I've talked to somebody else, I've talked to a number of other people on expenditures, \$25,000 for planter boxes, and I talked to the firm that did the fabrication of the planter boxes for the PPG Building. He explained to me that he could custom make planter boxes for \$800 a piece. I would like to have General Services have the opportunity to contact him and give him the opportunity to bid on this also.

Mr. Wagner:

I'll go along with the recommitment but I would like to urge my colleagues that a lot of thought has gone into this piece of legislation by the Engineering and Construction Department and the Mayor and his Office.

I know I indicated last Wednesday that a considerable number of dollars are going into the reconstruction of Grant Street. When it's all over it's probably going to be about a \$15 million project. There are various foundations and corporate entities that are investing four, five and ten times this much to beautify Grant Street along the sidewalk and also in the center of Grant Street. I think it would be outrageous if the City of Pittsburgh didn't make their minor

contribution to that beautification with some planter boxes also.

But I will go along with the recommitment if my colleagues would like to find out some additional information.

Michelle Madoff:

I would like to respond to that please; I would like to respond to my colleague. I think his point is well-taken when he says that we ought to perhaps do a little contribution of our own to show that we are in partnership with the community. But may I point out to my esteemed colleague that when it comes to cleaning up the c-r-a-p that is left on the streets, it is the City taxpayer who is putting out the money all the time. When we have fire protection and police protection, it is the City taxpayer who is paying the debt service. And the suburbanite that's coming in here, if we want to have a tag-day one day I'll be happy to chair it, organize it, and stand outside and get a buck apiece from the people that come into our fair city who work here and don't give us the fair share to support the City and then we can pay for these marvelous planters. But I concur with my colleague, Mr. Grabowski. I don't think we should be paying that money.

Mr. Wagner:

Just one further comment. We can't tie this issue in with every other issue. It stands purely and only on its own merit. If my colleagues want to support it, fine. If they don't, that's fine also.

WHICH MOTION PREVAILED.

The Chair, Pro tem:

Is there any further discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	(Pres't Pro tem)

AYES 7 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

Mr. Robinson:

Mr. Woods and members of Council, as we are all aware this is the last week of Afro-American History Month and during this month I have taken the opportunity of trying to share with you as members of Council and certainly those who view us every week some of the richness of the Afro-American experience. As a last part of that effort, I would like to offer a resolution that speaks to the real heart of the issue of Afro-American History and that is to the motherland of Africa.

If Mr. Pat Burns would come forward and also Barbara Murock. Mr. Burns is the Regional Director for Western Pennsylvania and West Virginia for Church World Service and Miss Murock is with the Hunger Action Coalition.

The resolution that I'm going to read is a resolution relative to Africa Awareness Week and these two individuals will give you some more

specifics.

Mr. Robinson presents

No. 2290 WHEREAS, The United Nations reports that more than 35 million people living in all parts of drought-ravaged Africa are desperately hungry, and their plight is the "worst human disaster in the recent history" of the continent; and

WHEREAS, recent publicity has sparked awareness of the problem in the U.S. and people and organizations in Pittsburgh have responded with relief aid; and

WHEREAS, responding with emergency food relief by itself is inadequate without simultaneously addressing the long-term development needs in Africa, and addressing this development in a way that recognizes Africans as co-partners for their own nations' needs; and

WHEREAS, there is a need for broader awareness in the Pittsburgh community of the nations of Africa and their hunger and development problems, and many activities to broaden community awareness and involvement will take place February 25 through March 3, 1985.

THEREFORE, BE IT RESOLVED that the Mayor and City Council of the City of Pittsburgh, on behalf of the citizens of Pittsburgh does recognize February 25 - March 3, 1985 as "Africa Awareness Week".

Mr. Robinson moved to adopt the resolution.

Michelle Madoff seconded the motion.

Which motion prevailed.

Mr. Robinson:

First I'd like to present these resolutions to Mr. Burns and Miss Murock and they will have some comments for you.

Mr. Burns:

Thank you. First I guess I'd just like to say that this is an effort that is taking place in Pittsburgh and Pittsburgh only. There are efforts like this taking place around the country but the focus on one day of letter-writing to Congress. It was groups in this community, specifically Church World Service, Hunger Action Coalition, Bread For The World, the Diocese of Pittsburgh Mission Office, the United Methodist Church, and a couple of others, that have raised this concern that we look beyond the immediate media reports of the famine in Africa and look at the deep roots of the problem. In getting to understand those roots we understand the deep need that there will be for rebuilding and for broad-based efforts in this country to respond to the long-term needs of the continent of Africa.

We really appreciate the support of Council in letting people become aware of this effort and hope that folks will attend some of the programs that will take place this week that will include programs on six or seven college campuses and one major community event which will be next Sunday afternoon at 2:30 there will be a community worship service at Bethel AME Church in the Hill District and we invite all of you to come join us that afternoon.

Miss Murock:

I'd like to thank everyone on behalf of Hunger Action Coalition which has long enjoyed the support of the City of

Pittsburgh, especially our friend in Councilman Robinson and many other members on Council and the Mayor.

People might wonder why Hunger Action Coalition which deals with local hunger and local needs is involved in an effort such as Africa Awareness Week and it's because we strongly see the link and we hope everyone does between why people are hungry in Pittsburgh and why they're hungry in other places in world, and that's because of powerlessness. We need to work against that and work on building a world where people do have the means to provide for themselves and to build self-sufficiency and build self-sustaining lives. Thank you.

The Chair, Pro tem:

Thank you.

Mr. Wagner:

I'd like to ask various representatives, Mr. Connie Milroth and various people from the Greater Pittsburgh Dairy Association and the Dairy Industry of Western Pennsylvania to please step forward.

While they're coming forward, I'm sure everyone sees the milk cartons that are in front of them from various suppliers of this product and the photos that appear on them, which is the purpose of this resolution. I'd like to state further that the milk inside is dry milk.

Mr. Wagner presents

No. 2291 WHEREAS, the epidemic of missing children is becoming a major concern in our society, with over 1.8 million children, including runaways, reported missing every year; and

WHEREAS, photographs and

biographies of missing children, along with a national missing children hotline phone number are being printed on milk cartons throughout the country; and

WHEREAS, pictures and information are being provided by an Abducted Children Directory published and distributed by the National Child Safety Council every three months to police authorities; and

WHEREAS, the National Child Safety Council reports a 33 percent increase in phone calls from people with information about missing children since the milk industry started the program; and

WHEREAS, the Pittsburgh Dairy Industry Association have decided to join the program and the Dairy Industry Association of Western Pennsylvania, has announced that the district's five major suppliers - Colteryahn, Schneider, Turner, Taylor, and Marburger - were unanimous in their desire to participate in the program.

NOW THEREFORE,

BE IT RESOLVED, that the Mayor and the Members of Pittsburgh City Council, hereby recognize and commend the Greater Pittsburgh Dairy Industry Association, the Dairy Industry Association of Western Pennsylvania, and all others involved, for their participation in the printing of photographs and biographies of missing children on milk cartons, which demonstrates their extreme sensitivity and heartfelt concern for the difficult plight of these children and their families.

Mr. Wagner moved to adopt the resolution.

Mr. Robinson seconded the motion.

Which motion prevailed.

Mr. Wagner:

Before introducing Mr. Milroth here I'd just like to mention that, as you know, my office has been working on various programs pertaining to children; not only recognizing the accomplishments such as athletic teams that have won championships, but also a recent resolution pertaining to the Butler County Rehabilitation Home, bringing some recognition to that and handicapped children. I have also been working very closely with my brother who is the District Magistrate of the 19th Ward, Peter Wagner, on a child photo identification system where we have actually photographed in excess of 2,000 children in that ward, a photograph that has identification of a child on it and we're hoping that in the future we can expand that program citywide.

We're also working on some other projects and I spoke just this morning with Brother Richard about the possibility of putting this information on our government communication system and he thinks that's possible and it could possibly be accomplished in the future.

We're very honored to have these people doing what they're doing. This has been extremely effective and it has helped tremendously in finding missing children. I'd like Mr. Milroth to introduce the group that's with him today and to say a few words. Thank you.

Mr. Milroth:

Thank you first of all, Mr. Wagner, for presenting the resolution that the Dairy Industry itself will make the most of in the days ahead.

As some of you may remember, early in January our directors voted

unanimously to proceed as rapidly as possible with this program. The first of these cartons are before you and, while I'm at it, you'll notice that one of them carries the picture of the little Brenner girl who was picked up at a Giant Eagle store here some time back. By the time this public service is in full swing there will be millions of cartons carrying the pictures of missing children and these cartons of course will be distributed all over the Pittsburgh marketing area. We pray that these efforts will help return some of these children to their families. But even more importantly, we hope that this kind of program will deter kidnappers or molesters.

Our industry as you may know has made use of their milk cartons for public service efforts, for charitable efforts for some time. This one is the one that has gotten the most warm-hearted response and right now, of course, and for the indefinite future it becomes our priority effort. As some of you may have seen in the print media, some of these children have already been located by virtue of this national program. The tragedy of a missing child is something that everyone understands.

With me today are seven of our people in the industry who have joined in this program and I'll introduce them to you; I want to introduce the most attractive one of the group first. Diane Petcash of Taylor Milk in Public Relations and her escort Don Scott who is Sales Manager of Taylor Milk. Then we have Jim Turner next who is the General Manager of Turner Dairy Farms; Carl Colteryahn who is the President of Colteryahn Dairy; Martin Marburger, the President of Marburger Dairy; Bill Schneider who is President of Schneider Dairy. These are incidentally and significantly the survivors; they're all family operations, survivors of the exodus of the Dairy Industry of Western

Pennsylvania. I don't know whether that means a great deal to you or not.

A final word, let me thank all of you members of City Council for your interest and as a by-product of the Missing Children's Campaign you may find ways to use it in enhancing the image of the City of Pittsburgh and the rest of the Country. Thank you again.

Michelle Madoff:

I'd like to inform our honored guests today that Sophie Masloff has also been working on this project of finding missing children and has a program for fingerprinting children. I'm sure that you support her efforts and this Council supports your efforts and we're all working together as a team.

The Chair, Pro tem:

Thank you.

Michelle Madoff:

I know that everybody in this room is familiar with the problem at the corner of Hampton and Negley, the major water leak that took place over this weekend. I would share with you that I am very, very distressed. My answering service which I pay for and run 24 hours a day, 7 days a week, received more than 200 phone calls; with call waiting we just couldn't get back to everybody and we tried to get back to as many people as we could. And it got to a point where I had to ask the media if they would please tell people on the air not to call me, that I was out at the site trying to do what I could.

When I left there at 6:30 last night there was a main artery that was leaking, had a leak next to it, and they anticipated with the weight that was put on it it would hold until water could be

supplied to some 25,000 homes of which half had low water pressure and half did not have any water, but that water would be supplied just long enough to fill up the tank reservoir and then they would be shutting off the water again, alerting people to fill their bathtubs and make provisos for stand-by water and then fix the other leak.

The issue before us today and the thing that I'm upset about is not the leak. None of us have x-ray eyes, none of us can predict when a pipe, whether it's a 20 inch line or an 8 inch line, is going to break. What I'm very disturbed about is the unprofessionalism of what I perceive to be the operation of the Water Department.

If we find it important enough to go out and find a Safety Director and search the whole country or do a national search for the right caliber of person, I feel that it is just as important to have somebody of that caliber handling our Water Department.

I want to share with this Council that before the previous director, not Cosentino but the previous director before him, left here because of terrible morale, when Mr. Brukin and people of his ilk who really were the best people and are the best people in this City left, and I begged him to come back and the Mayor begged him to come back, I went to see the Mayor and said, "Dick, we could have a serious problem of contamination of our water." The Mayor said, "It's never happened in the history of the City." And it happened; we had it in Beechview. So, never say never.

I wanted to share with you what I watched yesterday at the site. First of all, with all the calls I was getting I tried to get some information. It was almost impossible for me as head of the Water Committee to get information. The

Director has taken it upon himself to make decisions that exclude the representative of this Council, and that's myself. I've asked him as I have Director Cosentino and Director Miller to call me at any time of the day or night when there's a major break. I don't care if it's four in the morning, six in the morning, Sunday, at any time; I have an answering service. If I can't be reached, my aide knows where I can be reached at any time and I'm always in communication with what's happening. He has never called me on leaks. Subsequently, I have had a number of people in the Water Department want to meet with me to brief me on the morale and the problems that exist in the Water Department.

Let me tell you some of the things that exist. The valve foreman who has written books and manuals on how to operate valves situations, had a fight with the assistant to the Water Department and he was demoted so he's now in the Meter Department. The Fire Department in the area was not notified until very late that there was a problem. The young woman who I spoke to who answered the telephone who is going to be my Woman of the Month and is going to get an award from this Council, said to the Assistant Director, "Is it alright with you if I order water tanks?" and he said, "Be my guest." That's how informed and how knowledgeable he is. She is being made a liar of and so am I by the Administration saying, "That's not what happened." But I know that's what happened and I'll tell you how I know. For sixteen years as an environmentalist, I know that if you want to get water buffaloes, and those are the big tankers, and we have one or two in the City that have to be cleaned up, you have to go to the core of engineers and the Army Reserve and she went through with me the litany of the steps she had to take to locate those entities.

I'm disturbed. I'm disturbed that two months ago, when I spoke to the Director and said to him — and it was in this Council, you can go back and get the transcript — I said, "Mr. Smith, don't you think it would be a good idea if we had consultants like Charles DiNardo available when we run into a sticky situation?" Why did I pick Charles DiNardo? I have no particular relationship with him except that six months after I was on this Council we had a major break in the Shadyside area. We shut off a 30 inch line which supplied all the water to the east end of the City because we didn't know where our lines were. We didn't know the schematics. They're old lines; nobody knew where they were. Mr. DiNardo came in and knew exactly where the line was and water was restored to the community.

That has not been done. And every time I ask why hasn't something been done, the answer I get is, "Now that we have a Water Authority we're going to look into that: we're going to plan to do it." Well, I think it's a little late in the day. I had been warned that something major could happen.

What happened out at the leak at Hampton and Negley was that nobody knew what they were doing and who was in charge. There's an old Irish expression and you can make it French or Jewish; when a fish stinks it stinks from the head. No one bothered to call in a consultant six or eight hours after that leak was a major leak. I know what they were trying to do; they were trying to keep it together just long enough to get water into the tank. But engineering friends of mine who work with the Air Pollution Bureau that live in that area walked by and giggled and said, "That isn't going to work." But the men on the job who worked herotically, and kudos belong to the men who worked, and the

women but I don't think there were any women, who worked for the Water Department did not have the authority to call in a second opinion.

Let me tell you what I personally witnessed. I watched Tom Bruecken who had no sleep who is the last vestige of the real experienced people who have memorized our waterlines with a hand mike and standing with a water hydrant where they were turning the pressure on, talking to a man in a cab and to another man who is a long-time worker in the City, directing the valve turn-off, it was like by-pass surgery, by-passing the major break, turning off the 12 inch leak and bringing water back into the system. Our two Directors, our Director and Assistant Director, stood over here while these three people were running the show. And they were running the show because they knew how to run the show.

I'm going to suggest, I'm going to bring some legislation before this Council — You know I didn't vote for the Water Authority; my feelings were if you're going to raise money, pay to fix the lines, you don't need to have a Water Authority and the debt that's going to incur. But I lost that one. Now that we have a Water Authority, I called Mr. Roddey the other day and I said, "Jim, you're lucky I'm not giving those 200 people your phone number." I saw the Mayor at the election and I said, "Dick, you ought to thank me because I didn't give them your number. If you were getting them at home, you'd be over at the leak, not here; you're going to get your votes anyway."

I'm going to recommend that we take politics out of the Water Department or take the Water Department out of politics, any way you want to phrase it, and we turn the Water Department over to the Water Authority

and we hire based on merit and we have, as Mr. Wagner has asked, job descriptions and not just somebody who is a manager. I objected and I did not vote for the Director of our Water Department and I said at the time that he may be a wonderfully competent person who has expertise in management but we don't need just a manager; we need a manager who understands water, that understands our water system and our water lines, and he does not. And we need an assistant that hasn't been bounced from one department to the other who is new and doesn't know what he is doing, not because he can't learn and not because he's not qualified or has some engineering background, but because we don't have the best and the brightest. These are political appointments; there's no one in this room that will deny that, and it's time there is no politics in water.

There are schools closed and the latest communication in my office, and we have not had the phone stop ringing, is that water truck which is the Stanton Heights Shopping Center, there are two large hills from Stanton Heights Shopping Center, the Garfield Housing Project must get water; they're hysterical. The schools don't have any water. I talked to people who have colitis who have not had water in which to take care of personal hygiene. The children do not have water; I don't know if the schools are open today.

True, you cannot control acts of God; you cannot control things where you have a thaw or a break. But let me tell you what we can control. When they finally called in an expert, they had to go to South Hills Water to get the right kind of material and that means the clamps that were put on a new pipe that was fitted into a cement liner. Had we gotten someone earlier, some of the people who had done work for the City

came to observe, other contractors, and they had that equipment in their own supply places, their own warehouses. The length of time that it took was unconscionable because people were floundering because they didn't have the authority or didn't have the smarts to say, "Why don't we call in somebody to help us out."

This is just the tip of the iceberg. The morale in the Water Department is horrendous. People come over to me privately and say, "I wish I were in your position where you can't get fired." I would like to be able to speak out. I've been asked to let this matter rest by the people who are head of the department and just get on with solving the problem. "How could someone who looks so nice be so mean?" was one of the lines I got repeatedly. Well, I don't care what I look like and I don't care what they think about me and I wasn't elected by those people; they are political appointees. I want to see, and I've asked Mike Perry — I called him at home on Saturday, I hope I didn't give him the heart attack — we scheduled a post agenda for Wednesday. Linda Johnson, would you please see, and Mr. Smith, Mr. McNamara, the young woman who answered the telephone, I think her last name is Sheets, and the other woman who is answering the phone, the people who are the key people on the job are here so that we can find out what happens so this never happens again. One of the things that I want to see happen is any time, any time — I want Mr. Casciato here please — we shut off valves because we're cleaning out Highland 1, Highland 2, or doing a tank, that people are notified by the media and the media has told me that they are only too willing to go on the air constantly with bulletins alerting people to fill up their bathtubs, alerting people to fill up bottles of water, kettles of water, so that at least they have some provisos to

take care of their immediate needs. And if nothing happens, all the better. But if we have a break at least people have some opportunity to take care of the problem.

This was the most botched, insane -- I can't say enough about how badly handled this matter was and everybody is going to say, "They're heroic; they stayed there all these hours." floundering. Not the people who did the work but the head of the fish and I think you know what I'm saying.

I want to confer with my colleagues at our meeting that we have on policy, open to the media, or our Wednesday meeting, to talk about either turning the department over to the Authority and at the very least going out to find the most qualified people. Do you know that if Mr. Bruecken and two or three other people whose names I can't remember, if they leave the Water Department, we don't know where our water lines are. They are not on schematics; they're not on permanent records. One of the leaks that took place, the second leak, they didn't know where it was. They isolated it by turning on and off valves. Where was the expert in the field, Mr. Casciato? Just because of some personal fighting between an administrator and the person who knows the best for the City, we can't afford to lose that kind of talent, not until we have a number of people aboard that are trained and we have all this on record.

Incidentally, I was there until 12:30 last night. For people who think that Council doesn't work, if they're out there in television land, we work and when we're needed all my colleagues go. I know that Ben worked on the cheese distribution, he himself got on the truck; I know that every member of this Council gets to work above and beyond the hours that you think we should be

here. When we're not here we're generally attending to some other business. I was out there at six; I was out there at midnight. I spent five hours on that sight. I was there quickly today and I've got swollen glands.

Mr. O'Malley:

I agree with Michelle; I think there are some serious problems the Water Department has to deal with. Since Michelle called the post agenda, I'd like to have some additional information, I'd like to request some additional information. One, a few months back there was the accusation that there was some corruption in the Water Department about the new customers that were paying and the water usage, like for PPG, was not being reported to the City of Pittsburgh. I'd like to have an update on that.

Also, there seems to be a two year delay from the time a resident requires a new tap in from the street to the resident's line. We're talking about a two year delay from the time that I would request a new tap in, whether it would be for my own private residence or for an apartment building, to increase my water pressure. There doesn't seem to be any excuse for this and I've been getting a lot of calls and a lot of complaints.

So, I'd like to have information on those two items.

Michelle Madoff:

I'm glad you raised that question, Mr. O'Malley. As you know, I had already requested and stated in this Council that I wanted to do an overhaul of the entire Water Department because some are back where you still used quills. If some builder was going to build a house, and Ben would be familiar with this, he knows what block and lot

number. Do you know the card doesn't even ask for the block and lot number? There's no place to put it. It doesn't say if its commercial or residential or an industrial site. If we correct that card, the next thing is that we don't know whether they're going to get a tap in and after they get a tap in there's another place where they get billed or they get a meter. And then, when there's an abatement, there's a third place. It is the most irresponsible, slipshod, disorganized operation that I have ever seen that must be brought into the 20th Century.

Mr. O'Malley:

If I could throw one more log in the fire, I'm on the board of Alcosan and Alcosan used to depend on the Water Department to send us a list of new customers that requested tap ins. What happened was that the Water Department go so far behind and missed so many new customers Alcosan now goes out, once we have building permits, and actually checks and sees and asks, through our own files, when they were tapped into the City water line and now we supply that information to the City Water Department. Actually it works in reverse because Alcosan was losing so much money because of the ineptness in the Water Department.

Mr. Wagner:

I think this is a glaring example of the seriousness of the situation within the infrastructure in the Water Department in the City of Pittsburgh. We all know these things have not happened overnight; it's taken a period of years in order for these problems to develop, these weaknesses in the lines. That was the intention of the creation of the Water and Sewage Authority, to correct these problems. It's been in existence now approximately nine

months and I think it is providing good direction to the Water Department. I think the management change in the Water Department recently with Daryl Smith was a very good change; I think he has shown some very good direction recently; there is no way that individual could have prevented this problem from occurring. He has been working under the direction of the Water and Sewage Authority and he will continue to. The Water Department has had many, many problems, not just the infrastructure and the operation of it. I think under the direction of the Authority and the Administration and the changes that have been made in the Water Department that a lot of those problems are now being addressed which have not been addressed for a number of years and the City of Pittsburgh is going to see progress. Unfortunately, an emergency situation like this exists and it's difficult to explain that to those people in East Liberty and I feel very sympathetic and I'm getting the phone calls also. I'm hoping that this condition can be corrected by tomorrow morning and water will be flowing. There are ways in which we can improve it and I'm hoping that with the collective ideas of this Council and the Water and Sewage Authority we can improve it.

Michelle Madoff:

I am afraid that — I hope we can disagree without being disagreeable but I think you're badly misinformed. Let me tell you that I spoke Mr. Roddey, the head of the Water and Sewer Authority, and told him, I said, "I wish I had given out your numbers." I said to him, "Remember, Jim, I called you a couple of months ago when I almost took a job that would have turned out to be a conflict of interest and I didn't take the job because of the Sewer Authority and I almost took that job because you informed me that the Water Authority, as did the Law

Department, was an autonomous body." So, I took that to mean that the only reason the Water Department, the Public Works Department, and the Engineering and Construction Department fell under the Water Authority was because of the pension situation and that they have the authority to fire at will. It turns out that is not the case. They are leased departments, they are leased construction and work departments to the Water Authority. The Water Authority has absolutely no control over them. And when I spoke to Mr. Roddey the other day and said to him that I'm going to introduce a bill to take Water out of politics and into the Water Authority and he said to me, "You mean we would have the right then to hire and fire?" I said, "That's right, Jim. That's the only way this is going to function." I also said that we've got to protect our workers by buying out their pension plans and creating a new pension plan so that the people don't lose all the years they've been in the City. That can be taken care of; there are ways of doing that; you buy out a pension plan. The Water Authority, Lord knows, has enough money.

And don't sit there and tell me that it's only been nine months. It would take me nine hours if I could ever get Mr. Smith together and get him where he would respond to go through the department and just design a card and see that things were organized. I remember things that have happened here for many years that have not been corrected.

Mr. Smith wants to run it the way Mr. Smith does. That's alright if the Administration wants to go along with him but if they want to support him, I'm not supporting this Administration in any way, shape or form. He may be a great administrator; put him administering something else. But I want somebody who understands water like Mr.

Cosentino and I want somebody who can be a manager but be with someone who understands the Water Department. And I want somebody you can hire and fire and somebody who knows that they're hiring people who have the right job description. Sound familiar, Mr. Wager? Job descriptions. And I don't want to hear how great Mr. Smith is because I watched him watching the people who have been here for years saving our proverbials that we're sitting on because this could have been a lot worse.

Mr. Givens:

Thank you, Mr. President. I would like also to make some comments. Very obviously the break was somewhere, at least detected and the water was shut off at 4 o'clock on Friday afternoon. On Saturday, and the Water Department did try some inventive ways to try to stop that particular water leak. If one was out there and looked at the break, it was an unusual break in the fact that it was a little bit of a dog leg in the pipe itself so the standard sleeves that they normally put over a break like this did not work. They tried about three or four different types; in fact, they even went back into the old time system where they used a sleeve that had lead fitting around it. We thought that might be the one that would really do it. Had that not worked, then they had to go and just dig up more of the street and replace a whole large section of the line. That's the course they had to take Sunday.

The thing that disturbs me, the people in the Water Department and they'll tell you right on the job, they do not have the equipment within the City of Pittsburgh as Michelle has probably indicating to you here; I've been gone for the last couple of minutes. But they do not have the equipment to do necessary repairs on our own water system and that

is something that must change within the City of Pittsburgh.

I commend those people who were working out there. Mr. Bruecken was out there I think non-stop with the exception of about three hours of sleep, the Assistant Director of the Water Department and the poor guy looked like he was about to collapse. But, it was a dangerous situation, it was a fire situation. The Fire Department did know about it, Michelle, because the Fire Department was on the same system. Stanton Heights knew that they did not have any water immediately; I was concerned about that. The Fire Department was up there with the Water Department; they had a complete plan laid out of how to get water in. We had two fires in the area, in the effected area, and both of them were put under control very quickly with the coordination of the Fire Department and the Water Department. So, that was in fact happening and I was very happy to find out about it.

The ironic thing was that there was nobody in the City of Pittsburgh that took command and control of the situation. There was a Police Sergeant and I talking on the telephone Saturday to finally alert the Guard to bring out the guard. You wonder where my Army experience comes in; well, here's where it comes in. Between the good Sergeant and the No. 5 Police Station and the Sergeant in the No. 3 Police Station we go the Army Guard that had water tanks up in the Highland Drive Reservoir. They brought them down and the City turned them back. They ended up with one water truck with one line to service 30,000 people who were without water. Can you image that? The Mayor did not even know about it until 27 hours after the incident had happened. There was no command post set up; it was almost like a total media block out. I couldn't

understand why no one was on the scene even from the media. The people themselves did not know where even to go to get water.

Today, as I sit here, fellow Councilmembers, it's a very serious problem. There are elderly people there in some of those homes in the Garfield and Stanton Heights area that nobody even knows about. Elderly. They can go three days without water. I submit on Channel 17 to all you people that are listening to it, all the reporters who are here, to please go and check on their next door neighbors and start a door by door search of the area for elderly people who cannot get out, who do not have a telephone, especially in the Garfield area up on top of that hill. We had a disaster situation happen where an 80 year old elderly got beaten up and burned and tortured. Again in our own City. I talk about law and order in this race for Mayor and they talk about not having any problems in the City. We have great problems in this City. There was no command control, there's no radios on the scene and that to me is a very dangerous type situation. Please, for the elderly people that are still up there, for the residents in that community, it has to be organized through the Salvation Army. They have to go door to door or we're going to read about it in tomorrow's paper that some elderly person was up there and for the lack of water has died. You can go about three days without water. People are using water out of their hot water tanks to show you how serious it is. With one hose and about 200 people in line down there at nighttime in a dark area where people are even afraid to come in to because of what can happen to them.

It's a very serious situation and it's still serious and they had to go to contractors again to just get a water supply up there on Sunday and put it at

four or five different locations. That's unbelievable that here we are a city of almost half a million people and we can't even supply water to our own people in case of an emergency. These waterlines as Michelle has indicated are going to continue; if you put them on a scale there's going to be more breaks as we go along. Not fewer and fewer. Each year there's more and more and more and as a result it's going to get more serious. We have to cope with the situation. We should have water trucks that can handle the situation at any one time. No one even thought of cross-feeding into the system. Now, I'm not stupid but there are hydrants up there that are close by the reservoir that to me they could hook onto one hydrant, put in a defective hydrant, shut off the water link someplace along the line right there and cross-feed back into the system. Nobody did that at all. From Highland Park Reservoir almost to Fort Pitt Tower where the water tower is there's not a cross-feed going into that particular water system itself, into the 24 main. There is not a water cross-feed going into it which means that if that water thing breaks from the reservoir, all the way to the water tank serving the whole Garfield Hill and Stanton Heights, there's no water supply. When it was put in it was wrong. It should have had cross-feeds into it. The whole City of Pittsburgh, when they originally planned it, has one of the best cross-feed systems probably in the country. You get a water break anyplace and they can divert water back and there's only a block or two blocks that are affected. If you can remember out in Oakland when they had that huge water main break out there, within a matter of couple hours they had that water shut off. When they found the shut-off valve which is another thing incidental to this break, they had to go into the asphalt some three or four inches before they could find out where the manholes were to go in to shut off

the water.

Ben, what I'm trying to say, you're up there acting as President right now, please take the bull by the horns. You're supposed to be the leader, you go over to that hall across the way and you can talk to that Mayor; I can't. But tell him there are tragedies that are going to happen out there in the Stanton Heights and Garfield area and please do something about it. Organize the people, get an effort, go door to door.

Mr. Wagner:

I just want to bring out a point of clarification. I sit on the Water and Sewage Authority; the Water Department in the City of Pittsburgh, the Engineering Department in the City of Pittsburgh, and the Public Works Sewer Division in the City of Pittsburgh is under contract with the Water and Sewage Authority for their operations. We do not direct the operations of those departments. All we do is fund the operations, just as this Council funds the Administration in the various departments within the Administration.

Councilwoman Madoff, you are the Committee Chairperson of the Water Department in the City of Pittsburgh and you have been that Chairperson for how long?

Michelle Madoff:

Since I got here I've been in hot water. Six and a half years.

Mr. Wagner:

Six and a half years, okay. If there are problems within the Water Department, this legislative body right here under your direction, let me clarify that, under your direction, and if there have been problems for six years you

should bring legislation to this table to get the equipment that they don't have, to get the personnel that they don't have, to get the materials that they don't have. That is under your authority and I want to make that clear, very clear. It's not under the Water and Sewage Authority. We are funding a department but we need your direction. If there's flaws in that department and if there have been flaws in that department for a number of years, don't look at me or at the Water and Sewage Authority.

I will support you if you say we need three backhoes in the Water Department, three new backhoes. I will support your legislation if the Water Department doesn't have the capability to react to those problems. I am hoping that if we don't have an identification system of the waterlines in this City, as you indicate we don't have, I would like to see you command that department to make sure within six months that there is an identification system of the waterlines. This Council will support you and I want to make that very clear.

Michelle Madoff:

Where were you when I needed you?

Mr. Wagner:

I'm right here and I'll vote for it. But we need direction from within that department and that's the only way it can be corrected.

Michelle Madoff:

May I respond?

The Chair, Pro tem:

Yes, you can respond, but let me remind everybody that Michelle has called for a post agenda on Wednesday to

discuss many of these problems and get some answers.

Michelle Madoff:

With all due respect, I will repeat where were you when I needed you. You weren't elected yet but unfortunately that's a fact of life. When Mr. Stone and I were not speaking to one another for many years, he made sure that bill didn't pass until Mr. O'Malley introduced it and an example of that is the paramedics for non-City residents.

Unfortunately, I came before this Council year after year after year after year at budget time and you can go back and check with the media people; the only one I see here who has been here for a long time will verify this and every year I ask for and one year in particular \$1 million for supplies for the Water Department — Dick voted with me — because they didn't have backhoes, they didn't have shovels that weren't broken, they didn't have pumps, they didn't have anything. And the monkey will be laid on the back of the previous Director and the truth of the matter is that the previous Director had four people and the Administration would take two people away from him because it's called planned obsolescence. If we can run the Water Department into the ground, if Michelle Madoff's map on the wall which she shared with Dick Caliguiri shows 11,000 leaks, Dick says, "Great, we need a Water Authority." Madoff proved the point as opposed to raising the rates and fixing the problem as opposed to have an Authority and raising the rates.

You voted against the Authority; now you are on the Authority and you're going to do the best job you know how and I have confidence in you because it's an after the fact thing. But I want to point out to you that I did come to this Council year after year and ask for

money for equipment. I met with the Supervisors of the Departments and what happened? The best I could do was one year Mr. Stone gave me \$50,000 for the Water Department. It was a bone. I met with him in the office as Finance Chairman and he said, "Look, I'd like to give you \$50,000." Do you know what you can do with \$50,000 when you need \$1 million? Do you know when you have a backhoe that's 17 years old and we're repairing it every year and we go out and we rent backhoes, that I was screaming from the rooftops and this Council wasn't voting to support that kind of action. And do you know why they weren't supporting it, Mr. Wagner? You're not stupid; you're very politically astute. We can say anything about you that we want but you're a political animal and that's not a bad word. You know why we don't get anything; because they wanted a Water Authority. And they got a Water Authority and people are getting the shaft.

Mr. Wagner:

Let me respond. Have you ever introduced legislation to increase the water rates so that the funding was available to purchase not used equipment? I don't want used equipment in the Water Department; I want new equipment. I want equipment that works.

Michelle Madoff:

Why not? I'll take anything. I don't want the man scratching with his nails.

Let me just wind up by saying that we're all in the same line together; let's do something.

Mr. Wagner moved to approve the Minutes of Monday, February 11, 1985.

Mrs. Masloff seconded the motion.

Which motion prevailed.

And on the motion of **Mr. O'Malley**

Council adjourned.

Municipal Record

Proceedings of the Council of the City of Pittsburgh

VOL. CXIX

Monday, March 4, 1985

No. 9

Municipal Record

ONE-HUNDRED TWENTY-THIRD COUNCIL

ROBERT RADE STONE President
MICHAEL PERRY City Clerk
LINDA M. JOHNSON ... Asst. City Clerk

Pittsburgh, PA
Monday, March 4, 1985

PRESENT:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

PRESENTATIONS

Mr. Givens presented

No. 2292 Resolution amending Res. No. 202, approved March 22, 1984, eff. April 3, 1984, entitled: "Providing for an Agreement or Agreements with

the Borough of Greentree and/or Louis Viglione for the purchase of a Twenty-Five (25) Foot Section of Hale Park Land to effect a Fifty (50) Foot wide extension of Red Oak Drive, and for the improvements of the drive. Also, to create a trust fund labeled or entitled "Red Oak Drive Widening Trust Fund." Funds for the purchase of the property for widening to be made by Louis Viglione to the City and deposited into said Trust Fund for the payment by the City to the Borough of Greentree," by indicating the amount of \$5,000.00 be paid, and indicating the account from which it will be taken. At a cost not to exceed \$5,000.00, chargeable to and payable from the Red Oak Drive Widening Trust Fund.

Which was read and referred to the Committee on Public Works.

Mr. Givens moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Grabowski seconded the motion.

Which motion prevailed.

Also,

No. 2293 Resolution providing for a Contract or Contracts, or the use of existing Contracts, for concrete slab replacement at various locations within the City of Pittsburgh, at a cost not to exceed \$550,000.00, chargeable to and

payable from Code Account PW 85-02, Concrete Street-Slab Replacement Program.

Also,

No. 2294 Resolution providing for a Contract or Contracts, or the use of existing Contracts for traffic signal installation at various locations within the City of Pittsburgh, at a cost not to exceed \$150,000.00, chargeable to and payable from Code Account PW 85-03, 4-01-10-0001-85, Signals at Various Intersections.

Also,

No. 2295 Resolution providing for the filing of an application by the City of Pittsburgh with the Department of Environmental Resources of the Commonwealth of Pennsylvania for a grant in connection with the 1985 Rodent Source Elimination and Cleanup Project and the requisite transactions related to the filing of such an application.

Also,

No. 2296 Resolution granting unto East Mall Association their successors and assigns, the privilege and license to construct, maintain and use at their own cost and expense, a Canopy over a portion of the sidewalk of Penn Circle West in the 8th Ward of the City of Pittsburgh.

Also,

No. 2297 Resolution granting unto John and Vivian Petticord, their successors and assigns, the privilege and license to construct, maintain and use at their own cost and expense, a Sewer Easement in a portion of the right-of-way of Dathy Drive in the 28th Ward of the City of Pittsburgh.

Also,

No. 2298 Communication from Louis R. Gaetano, Director, Department of Public Works, requesting authorization for Lawrence Staab, Jim Lenkner & David Beasley to examine Videotape Playback Equipment at an Exhibit in Washington, D.C., February 4, 1985, at a cost not to exceed \$200.00, payable from the Community Communications Trust Fund. Permission is also requested for use of a City vehicle. Prior approval granted by Council January 30, 1985.

Which were severally read and referred to the Committee on Public Works.

Michelle Madoff presented

No. 2299 Resolution providing for the issuance of a warrant in favor of Davison Sand & Gravel Company, P.O. Box 5, Parnassus Station, New Kensington, PA 15068 in the amount of \$995.40 in payment for the delivery of sand furnished for the benefit of the City, chargeable to and payable from Code Account No. 1937, Materials.

Also,

No. 2300 Resolution providing for the issuance of a warrant in favor of J.B. Kreider Company, Inc., P.O. Box 4284, Pgh., PA 15203 in the amount of \$266.00 in payment for Doorknob Water Meter Reading Cards, chargeable to and payable from Code Account No. 1933, Supplies.

Also,

No. 2301 Resolution providing for the issuance of a warrant in favor of Pitt Chemical & Sanitary Supply Company, 2537 Penn Avenue, Pittsburgh, PA 15222 in the amount of \$308.00 in payment for steam cleaning fluid, chargeable to and payable from Code Account No. 1933,

Supplies.

Also,

No. 2302 Resolution providing for the issuance of a warrant in favor of Beaver Valley Builders Supply Inc., 906 Glenwood Avenue, P.O.Box 250, Ambridge, PA 15005-0250 in the amount of \$450.00, chargeable to and payable from Code Account No. 1937, Materials.

Also,

No. 2303 Resolution providing for the issuance of a warrant in favor of Pascoe Equipment Co., R.D. #2, Route 22-30, Oakdale, PA 15071, in the amount of \$438.05, for repair of a Back-Hoe Loader Heater, payable from Code Account No. 1934.

Which were severally read and referred to the Committee on Finance.

Also,

No. 2304 Resolution Repealing Res. No. 1096, approved October 29, 1981, eff. November 12, 1981, entitled: "Providing for a Contract or Contracts for the furnishing and delivery of water meters of various sizes, less trade-ins, for the requirements of the Department of Water, and providing for the payment thereof."

Also,

No. 2305 Resolution providing for a Contract or Contracts for Leak Detection Services, at a cost not to exceed \$40,000.00, chargeable to and payable from Code Account No. 1930 Miscellaneous Services.

Which were read and referred to the Committee on Water.

Mr. O'Malley presented

No. 2306 Resolution providing for authorization of an Agreement or Agreements with a Consultant or Consultants for the development of computer software relating to the Department of Public Safety, Bureau of Emergency Medical Services operations, at a cost not to exceed \$20,000.00, chargeable to and payable from Code Account DPSTPP, Department of Public Safety Third Party Payer Trust Fund.

Also,

No. 2307 Resolution providing for authorization for an Agreement or Agreements with a Consultant or Consultants for a study to determine optimum Emergency Medical Services vehicle deployment for the Department of Public Safety, Bureau of Emergency Medical Services, at a cost not to exceed \$36,000.00, chargeable to and payable from Code Account DPSTPP, Department of Public Safety Third Party Payer Trust Fund.

Also,

No. 2308 Resolution providing for the letting of a Contract or Contracts or for the use of existing Contracts for the purchase and delivery of Monitor/Defibrillators for the Department of Public Safety, Bureau of Emergency Medical Services, at a cost not to exceed \$41,283.00, chargeable to and payable from Code Account EMNEAS, Emergency Medical Services Non-Resident Emergency Ambulance Trust Fund.

Also,

No. 2309 An Ordinance amending the Pittsburgh Code, Title Eight, Fire Prevention, Chapter 803, Amendments, Section 803.01. Changes specified by

amending Section F1702.2 to permit self-service dispensing devices with conditions and deleting the prohibition of such stations. —(SPONSORED BY MR. O'MALLEY)

Which were severally read and referred to the Committee on Public Safety.

Mr. Robinson presented

No. 2310 An Ordinance requesting Pittsburgh City Council pursuant to the Home Rule Charter, City of Pittsburgh, Article III, Section 302, requesting the Commissioners, Allegheny County, to place a referendum question on the November 1985 General Election Ballot. —(SPONSORED BY MR. ROBINSON)

Which was read and referred to the Committee on Finance.

Also,

No. 2311 Resolution authorizing the submission of Enterprise Development applications with the Commonwealth of Pennsylvania Department of Community Affairs for financial assistance and area designation.

Also,

No. 2312 Resolution providing for a Cooperation Agreement with the Urban Redevelopment Authority of Pittsburgh in connection with the Administration of the Allegheny International/Stanley Theatre Renovation Urban Development Action Grant Project, at a cost not to exceed \$17,000,000.00, chargeable to and payable from Allegheny International - Urban Investment Development Project UDAG Trust Fund.

Also,

No. 2313 Resolution authorizing

the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 13th Ward of the City of Pittsburgh owned by Mrs. Kenneth G. DeHonney, Widow of Kenneth G. DeHonney, and designated as Block and Lot 175-C-22 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh.

Also,

No. 2314 Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 10th Ward of the City of Pittsburgh owned by Ronald L. Gilmore and wife and designated as Block and Lot 50-L-183 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh.

Also,

No. 2315 Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 10th Ward of the City of Pittsburgh owned by Joseph Seabrooke, trading and doing business as Pittsburgh Factors, and designated as Block and Lot 50-K-309 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certified as blighted by the Vacant Property Review Committee on the Planning Commission of the City of Pittsburgh.

Also,

No. 2316 Resolution authorizing

the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 25th Ward of the City of Pittsburgh owned by Charles James Burke and wife and designated as Block and Lot 23-J-141 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh.

Also,

No. 2317 Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 25th Ward of the City of Pittsburgh owned by Michael and Bridget Stanton, husband and wife, and designated as Block and Lot 23-F-386 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh.

Which was read and referred to the Committee on Planning, Housing and Development.

Mr. Wagner presented

No. 2318 Resolution providing for the issuance of a warrant in favor of Moscatiello Construction Company in the amount of \$450.00 in payment for extra work, being in addition to the original contract price of \$213,825.40 on Controller's Contract No. 26658, furnished for the benefit of the City in connection with the Warrington Avenue Water Line Relay, payable from Code Account WD. Prior approval granted by Council February 8, 1985.

Also,

No. 2319 Resolution providing for the issuance of a warrant in favor of Sciulli Brothers in the amount of \$287.00 in payment of extra work, being in addition to the original contract price of \$256,617.00 on Controller's Contract No. 26885, furnished for the benefit of the City in connection with Waterline Installation, Various Locations - #1744, payable from Code Account WD 83-08.

Also,

No. 2320 Resolution providing for the issuance of a warrant in favor of Ace Demolition, Incorporated in the amount of \$3,500.00 in payment of extra work, being in addition to the original contract price of \$18,130.00 on Controller's Contract No. 27095, furnished for the benefit of the City in connection with the Demolition of Holding Cells, No. 5 Police Station - East Liberty, payable from Code Account LB 83-08.

Also,

No. 2321 Resolution providing for the issuance of a warrant in favor of Mosites Construction Company in the amount of \$3,497.82 in payment of extra work, being in addition to the original contract price of \$1,176,223.00 on Controller's Contract No. 26909, furnished for the benefit of the City in connection with the Building General Construction Contract at the Pittsburgh Zoo - Phase III - Savanna Exhibits, payable from Code Account PR 81-02 - \$3,000.00 and Code Account PR 83-01 - \$497.82.

Which were severally read and referred to the Committee on Finance.

Also,

No. 2322 Resolution amending Res. No. 767, eff. August 24, 1984, entitled: "Providing for an Agreement or

Agreements with Ackenheil and Associates, Geo Systems, Inc. (Dr. Alfred C. Ackenheil, President), for Geo Technical Soil Engineering Services at various sites, including but not limited to Norte Way, Kilbuck Road (Riverview Park), Marietta Street, Springarden Ballfield and Stanton Avenue Distressed Slope (Highland Park); and providing for the payment of the costs thereof," by providing for a Supplemental Agreement or Agreements, for an additional site at the Salt Storage Facility in the Highland Park area and by increasing the total project allocation from \$37,000.00 to \$40,120.00, chargeable to and payable from Code Account No. PW 84-46. Prior approval granted by Council February 8, 1985.

Also,

No. 2323 Resolution amending Res. No. 23, eff. February 9, 1984, entitled: "Providing for an Agreement or Agreements, or the use of existing Agreements, for architectural, engineering or other professional services in connection with the design and rehabilitation of Eleanor Street Playground; and providing for the cost thereof," by providing for a Supplemental Agreement or Agreements, and by increasing the total project allocation from \$10,000.00 to \$14,000.00, chargeable to and payable from Code Account CDPR 83-14 - \$10,000.00 and Code Account CDEC 84-50 - \$4,000.00.

Also,

No. 2324 Resolution providing for an Agreement or Agreements with a Consultant or Consultants in connection with asbestos and environmental quality assessment and analysis at various City facilities, at a cost not to exceed \$20,000.00, chargeable to and payable from Code Account EC 85-61.

Also,

No. 2325 Resolution providing for a Contract or Contracts for the Reconstruction of Penn Avenue from Beatty Square to Penn Circle East/South including Street Lighting, Traffic Signalization, Intersection Improvements, work on private property, and other work incidental thereto, at a cost not to exceed \$325,000.00, chargeable to and payable from the Community Development Block Grant Reimbursement Trust Fund (CDBG TF).

Also,

No. 2326 Resolution providing for a Contract or Contracts, or use of existing Contracts, for the design and installation of a sprinkler system and fire door for the Eazor Garage Paint Shop, at a cost not to exceed \$3,500.00, chargeable to and payable from Code Account EC 85-66.

Which were severally read and referred to the Committee on Engineering and Construction.

Mr. Woods presented

No. 2327 Resolution providing for an Agreement or Agreements with William M. Mercer-Meidinger (Principal - Richard A. Chadwick) for actuarial services in connection with the Municipal Pension Fund, the Policemen's Relief and Pension Fund and the Firemen's Relief and Pension Fund, at a cost not to exceed \$71,850.00.

Which was read and referred to the Committee on Finance.

Mr. Woods moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the

agenda this Wednesday.

Mr. Wagner seconded the motion.

Which motion prevailed.

Also,

No. 2328 Resolution amending Res. No. 58, approved February 4, 1985 entitled: "Providing for the issuance of a warrant or warrants in favor of various professional journals and periodicals, in the amount of \$10,000.00, in payment for advertising furnished for the benefit of the City in connection with the recruitment for the positions in the Department of Public Safety; and providing for the payment thereof," by adding "organizations" and by increasing its aggregate amount from \$10,000.00 to \$15,000.00, chargeable to and payable from Code Account 1100, Misc. Services, Department of Personnel and Civil Service Commission.

Also,

No. 2329 Resolution providing for the issuance of warrants in the aggregate amount not to exceed \$15,000.00 to pay for the expenses associated with the interviewing and recruitment of Public Safety candidates, including lodging, travel, meals, ground transportation, etc., in connection with the interviewing of candidates for the position of Public Safety Director, chargeable to and payable from Code Account No. 1100, Misc. Services, Department of Personnel and Civil Service Commission.

Also,

No. 2330 Resolution providing for the issuance of a warrant in favor of Metz & Lautner Plumbing in the amount of \$238.70 in payment of extra work being in addition to the original contract price of \$32,170.00 on Controller's

Contract No. 27218, and a warrant in favor of Able-Hess Associates, Inc., in the amount of \$785.00 in payment of E.W., being in addition to the original contract price of \$247,432.00 on Controller's Contract No. 27217, furnished for the benefit of the City in connection with the Rehabilitation of Fire Station No. 16, payable from Code Account LB 84-01.

Also,

No. 2331 Resolution providing for the issuance of a warrant to Lucille F. Rose, c/o Christine A. Ward, Esquire, Dickie, McCamey and Chilcote, 3180 United States Steel Building, 600 Grant Street, Pittsburgh, PA 15219, in the amount of \$3,000.00 in full settlement of claim for property damage, payable from Code Account No. 46, Judgments.

Also,

No. 2332 Resolution providing for an Agreement or Agreements with a qualified Management Consulting Firm for professional services in the development of an indirect cost allocation plan for the City of Pittsburgh, at a cost not to exceed \$25,000.00, chargeable to and payable from Code Account 1063, Misc. Services, Department of Finance.

Also,

No. 2333 Resolution providing for an Agreement or Agreements with a qualified Employee Safety Training Firm for professional services in the implementation of the Employee Safety Training Program, at a cost not to exceed \$30,000.00, chargeable to and payable from Code Account 1067, Safety Program, Department of Finance.

Also,

No. 2334 Resolution providing for an Agreement or Agreements with a professional Medical Claims Audit Firm for professional services to review the claims processing practices of the City's various medical insurance contractors, at a cost not to exceed \$40,000.00, chargeable to and payable from Code Account 45, Health Insurance - Municipal Employees.

Also,

No. 2335 Resolution providing for an Agreement or Agreements with a qualified Management Consulting Firm for professional services for review of the current cash management techniques of the City of Pittsburgh, at a cost not to exceed \$35,000.00, chargeable to and payable from Code Account No. 1063, Misc. Services, Department of Finance.

Also,

No. 2336 Resolution authorizing the Director of Finance and the Deputy Director of Finance/City Treasurer to endorse for transfer certificates representing shares of common stock in Citicorp.

Also,

No. 2337 An Ordinance amending the Pittsburgh Code by extending its period of effect for four (4) additional months concerning the City's Local Economic Revitalization Tax Act (LERTA) Program.

Which were severally read and referred to the Committee on Finance.

REPORTS OF COMMITTEES

Mr. Woods presented

Bill No. 2338

Report of the Committee on Finance for February 27, 1985 transmitting one ordinance and sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1904

A Resolution entitled, "Resolution authorizing and directing the City Controller to conduct a fiscal and performance audit of the Urban Redevelopment Authority of the City of Pittsburgh, during the calendar year 1985, pursuant to Section 404(c) of the Home Rule Charter." —(SPONSORED BY MR. ROBINSON)

Which was read.

Mr. Grabowski:

I'd like to discuss, or make some comments, on Bill No. 1904. That is the first bill on our calendar here that Councilman Robinson introduced, requiring the City Controller's Office to conduct an audit of the URA, and I voted against that bill in Committee and I am going to vote against it today.

By virtue of the Home Rule Charter, our City Controller is mandated to conduct an audit at least once every four years of all agencies of government, including URA, so at some point he should be auditing this agency. Right now I don't see any immediate need to audit URA, and I feel that the Controller should proceed at his own discretion in performing his audits as he sees fit, and that's why I'm voting no.

Mr. Robinson:

Mr. President, if I might. I appreciate Councilman Grabowski's concern, and certainly I take him seriously. The Home Rule Charter also gives to Council and the Mayor the authorization to direct and authorize the Controller to do a specific audit, and my legislation, No. 1904, is being presented pursuant to Section 404(c) of the Home Rule Charter.

I did discuss this matter with the Controller several weeks ago relative to his capability in performing this audit, and it is my understanding that he does have the staff and the capability to perform the audit. Also, I'd like to take issue with Councilman Grabowski's statements that he sees no reason to audit the URA. If half of what we have read in the newspaper about the management of the URA is true, it would seem to me that it is in the public interest and it is very responsible for us to ask for some accountability of public monies from the agencies of government to which City Council gave the money in the first place. There are several UDAG programs, there are several other programs that are funded with Community Development Block Grant funds, which the URA itself is auditing and monitoring.

The URA has indicated on several occasions, through their representatives, that they do not have a yearly audit of our program funds, much less any other funds, that they receive. I just think that it is prudent and wise for us not to wait for problems to develop to ask for some accountability. I had asked that the Controller's Office would have taken the initiative several months ago to direct its resources toward the URA; unfortunately, that did not occur. I think now if Council and the Mayor are willing to support No. 1904 that the Controller

will be able to direct his resources to that agency of government that has the major responsibility for spending money to revitalize the City, both in areas of economic development and housing development, and I would be more than willing to share with Councilman Grabowski whatever information I have as Chairman of Planning, Housing and Development on URA, and substantiate for him not only the need for an audit by the City of Pittsburgh's Controller on URA, but the necessity and that necessity prior to us providing to the URA one more dollar of public money.

Michelle Madoff:

In the Charter, under Section 404(c) this starts, the Controller should have the following powers and duties: (c) to conduct performance audits of all agencies, trusts, Council — he can also audit Council — I want to repeat that — and units of government whenever the Controller decides it is necessary or is directed to conduct such an audit either by the Mayor or by Council, but, in any event, not less than once every four years. So, Council does have the authority to direct the Controller to do an audit of the Urban Redevelopment Authority.

Mr. Wagner:

In regard to the same bill, I would just like to state I think it is important to honor our colleague's request in regard to an audit of this Authority, keeping in mind that an audit may not necessarily determine that things are going wrong within that Authority. In other words, what I'm saying is, the Urban Redevelopment Authority manages several very important projects in this City, the J&L site, Herr's Island, we've talked about the Strip District, we've talked about the North Shore, plus all the various other loan programs and

economic development programs within that Authority. We may find out that they don't have the number of people working with the Authority to properly manage and coordinate all those activities, and so an audit can actually benefit, if done properly, a particular department or an Authority, and hopefully, that is what will happen with this audit.

Can we vote on No. 1904 first?

Michelle Madoff:

I have a comment on the bill.

The Chair:

Which one?

Michelle Madoff:

No. 1921. I want to make a point of order.

The Chair:

Michelle, we just said we'd take No. 1904 first.

Michelle Madoff:

I had my hand up before he asked for that.

The Chair:

I am ruling you out of order and going back to No. 1904, that is the matter of doing an audit with URA. Call the roll

Mr. Givens:

I think it should be done immediately. I vote aye.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 8

NOES 1

(MR. GRABOWSKI VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Michelle Madoff:

May I make my comment now?

The Chair:

On which bill?

Michelle Madoff:

Very quickly; point of correction.

The Chair:

Which bill?

Michelle Madoff:

I said that we voted not to audit Council. What I was referring to was we voted against putting Council member employees under the Comprehensive Merit-Based System which, in effect, is

the same thing as watching what Council is doing. I think we all understood what I meant.

Also, with a **NEGATIVE** recommendation,

Bill No. 1921

An Ordinance entitled, "An Ordinance amending and supplementing the Pittsburgh Code, Title One, Administrative, Article XI, Personnel Chapter 180, Personnel Administration, by including the Office of Council in the Comprehensive Merit Based Personnel System for the City of Pittsburgh." — (SPONSORED BY MR. O'MALLEY)

Which was read.

Mr. O'Malley:

I would just like to have my colleagues rethink their position on No. 1921. All that is is a bill that would require that all City Council employees be protected under Civil Service laws. It would give our employees the same protection that the other 6,000 employees of the City of Pittsburgh have and it would, basically, take them out of politics. What it would do would be to give them protection from being fired because of a disagreement or personality clash with any member of Council, and if a member of Council's staff was to be fired, if this bill went through, they would have to be given just cause and just reason why they are fired.

As of now, any employee that works for City Council can be fired for any reason, without any explanation, and I certainly don't think that is fair to a number of employees that have dedicated their lives to this Council, and I think they deserve the same consideration that the rest of the City

employees deserve.

Michelle Madoff:

We also might stop our City Clerk from having a second heart attack. It is very difficult when people he hires are patronage people, beholden to the nine members of Council, and probably one or two people who are their patrons or sponsors and go on to other jobs that they have no training for, don't even go out into the field. We need to take jobs generally out of the political arena. We should have some integrity and set an example of what we are trying to do in the Controller's Office. You can't vote not to do the right thing ethically and morally in City Council by eliminating patronage, by having to go through Civil Service, and if you have to certainly give them protection, and Councilman O'Malley has pointed out, not to be fired because somebody doesn't like the way they interact, or want their own person hired. You can't really separate the two issues, because if you vote against this bill then you vote to support having an audit of the Controller's Office, without that of City Council or the Mayor's Office. This is the most flagrant example of gutter politics I have ever seen.

The Chair:

In order to simplify the bill we will vote on the bill yes or no.

Mr. Woods:

I'm against this piece of legislation, as I stated from the very beginning, because I don't believe the Mayor's Office, his immediate staff, or the Controller's Office and Council, the three segments of government in the City of Pittsburgh — we have to remember we have 24 people that work for City Council, and if you check the

other staffs of the other two individuals, they have many, many more people than we do. When they do that then Council should follow. And, secondly, we don't have 6,000 employees in the City of Pittsburgh, and Jim, it was probably just a misphrase or something, we have 5,000 employees in the City of Pittsburgh, and not all 5,000 employees are covered under Civil Service or unions, especially the immediate staffs of all three governments, segments of government.

The Mayor, the Council and the Controller have all hired the way we hire.

Mr. O'Malley:

I held this piece of legislation three weeks because it was my understanding there were some members of Council that also wanted to include the Mayor's Office and wanted to include the Controller's Office in this piece of legislation. After holding the bill three weeks there were no amendments made to the bill so I ran with this bill here. I don't think we should mix apples and oranges. I think this Council should set an example for the rest of the City of Pittsburgh to follow, and all that example is is giving our employees protection under Civil Service. If this bill goes down to defeat on Monday I will introduce another bill that will include all three units of government.

Michelle Madoff:

And it will fail again.

Mr. O'Malley:

At least no one will have any objections why they won't vote for it, but I'm going to send it down to the Law Department and have a legal opinion on it.

Michelle Madoff:

I think something needs to be clarified. When we talk about the staff of City Council we are not, I repeat, not talking about the personal aides to City Council members. My Administrative Assistant would not fall under this jurisdiction so the public should not be confused. What we are talking about is the staff of the Clerk, the support system for the Councilmembers, not our Administrative Assistants. No one should say we shouldn't have the right of confidentiality between ourselves and our Aides. That's a given. We all agree with that. We are talking about we want the Controller's Office audited, want other people in the City under the Home Rule Charter to have merit service and get what protection they are offered there, and know at least they have minimum requirements. We don't have that in Council. I think that's a disgrace, and I think the people are not fooled. They are going to know about it. I strongly suggest you vote to support the bill.

The Chair:

We will call the question. If you are in favor of the bill vote yes; if you are opposed to the bill vote no. Call the roll.

Mr. Givens:

I abstain and elect to give my reason for abstaining.

Mr. Woods:

Mr. President, when we vote we passed a rule from Council when you vote you just vote yes, no or abstain and no reason.

Mr. Givens:

Mr. President, if I can recall on an abstention you can explain your vote.

The Chair:

Only when there's a conflict of interest.

Mr. Givens:

Only on abstaining you can give the reason why.

The Chair:

If there's a conflict of interest.

Mr. Givens:

Conflict of interest. I've got a lot of conflict of interest. I've got to approve these people or disapprove them. Don't you think that's conflict of interest?

Michelle Madoff:

Don't be muzzled, Dick.

The Chair:

Dick, that's the way everybody voted here.

Mr. Givens:

I abstain.

Michelle Madoff:

A very loud and firm yes.

Mrs. Masloff:

No very loud.

Michelle Madoff:

You're both politicians and the electors are listening.

The Chair:

Just vote; no comments.

Mr. O'Malley:

A moderate yes.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Michelle Madoff Mr. Robinson
Mr. O'Malley

AYES 3 NOES 5

VOTING NO:

Mr. Grabowski Mr. Woods
Mrs. Masloff Mr. Stone
Mr. Wagner (Pres't)

(MR. GIVENS ABSTAINING)

And a majority of the votes of Council not being in the affirmative, the bill was defeated.

Also, with an affirmative recommendation,

Bill No. 2060

A Resolution entitled, "Resolution authorizing the Mayor and Director of

the Department of Finance to enter into an Agreement or Agreements with a professional services consultant to conduct a performance audit of the City Controller's Office, at a cost not to exceed fifty thousand dollars (\$50,000.00), chargeable to and payable from Code Account 1063, Miscellaneous Services, Department of Finance."

Which was read.

Mr. O'Malley:

Since we are discussing audits, I think I'd like to mention Bill No. 2060 and Bill No. 2060 states, the Mayor and Director of Finance are hereby directed and authorized to enter into an Agreement or Agreements with a professional services consultant to conduct a performance audit of the City Controller's Office. I think this one issue here has been clouded by politics. I think there has been a lot of politicking over the weekend and I just want to say my support on Bill No. 2060 is not political, it is accountability, and I think this Council, the Controller and Mayor's Office certainly have the right to be accountable to the public.

The Controller's Office has a budget of \$2.5 million a year. I believe they employ around 105 employees. The idea of the audit is to evaluate the efficiency and productivity of a unit of government, in this case the Controller's Office, it is to make sure the tax dollars are spent effectively and efficiently, and I find it hard to believe why there is any opposition to this particular audit when this Council has continually encouraged audits of all units of government. Myself, I basically feel Mr. Flaherty has nothing to hide, that he would welcome this audit, he would welcome a chance to show that his office is working as efficiently and productively as possible.

The idea of an audit is to make sure that the Controller's Office is efficiently working to the best interest of all the taxpayers, and I think the Pittsburgh Press put it in proper perspective when it said Mr. Flaherty runs a public office, his own performance and that of his subordinates should be open to public scrutiny and measurement, and not only on terms decreed by him. For myself and the rest of my colleagues, we are responsible for allocating money to the Controller's Office for its operation, and I think it is important that we have this audit for accountability to justify the expenditures of tax dollars.

Michelle Madoff:

Whose bill are you referring to, URA or the Controller's Office?

The Chair:

He identified it, No. 2060.

Michelle Madoff:

We skipped around and never finished URA, that's why we're a little confused.

Mr. O'Malley:

While we're discussing, everybody agrees the URA should be audited. There is some disagreement as to whether the Controller's Office should be audited. My personal feelings is all units of government should be audited, all units should be accountable, including this Council, including the Mayor's Office.

Michelle Madoff:

I agree with my colleague. I think when there are large sums of money, stories hitting the newspaper, the buck

stops with this Council. We line item the budget. The URA, one of our colleagues is asking us to audit. He must have a reason, I'm sure he is not doing it idly and it goes to the issue of Council. The fact remains it is a unit of government, has a budget over one million dollars and we just voted not to audit it, which is a disgrace.

When you get to No. 2060, I don't single out the Controller's Office, I think you audit the Mayor's Office, Controller's Office and Council's Office, all major management.

Mr. Woods:

Point of order, Mr. President. We did not just defeat a bill to audit City Council. We did not just defeat a bill to audit City Council. I wish my learned colleague would read her legislation.

Michelle Madoff:

Younz really know how to say that properly.

Mr. Woods:

Younz are right.

Michelle Madoff:

We just voted.

The Chair:

We did not vote against an audit for Council, Michelle; he's right. You said we voted down an audit of City Council; we did not.

Michelle Madoff:

What was the roll call vote?

Mr. Givens:

I was not here Wednesday, I stepped down when the vote was taken. I was just under the impression there was a motion put before Council last Wednesday to have all three branches of government audited. Is that not true, Jack?

Michelle Madoff:

That's right. It failed.

Mr. Givens:

And that was defeated and I feel personally that I am not going to vote on this particular piece of legislation for the mere reason we are talking about the Controller's Office, some 103 people down there, \$1.3 million budget, and we are spending \$50,000 of taxpayers' money to go down there and audit that particular department.

I say this, to any reasonable person, \$50,000 cannot do the job. Secondly, I say to any reasonable person that when the Auditor has to get an audit on the audit we're going too far. We're spending \$50,000 of taxpayers' money for — I don't think it is going to gain anything but political innuendoes for both the Mayor's Office and Controller's Office. Now this Council is being dragged in on that fight. I would have no part of spending \$50,000 of taxpayers' money that can be used elsewhere and used very well elsewhere within this government.

Mr. Wagner:

Are we going to vote on all these together?

The Chair:

We can but if you want to separate it we can.

Mr. Wagner:

I would like to comment on No. 2060 —

Michelle Madoff:

I would welcome a bill auditing Council.

Mr. Wagner:

I voted against the bill, and that is really in contradiction to the statement I made earlier that I feel any department of City government or Authority should be audited. If you recall, last Wednesday at the meeting I made a motion on the floor to add to this audit both the Mayor's Office and City Council. That motion failed. If it were permissible, I would put that same motion on the floor again right now, but legally that is not permissible; therefore, I will not do that. However, I will say that I felt and still do feel that that was the only proper way to go with this piece of legislation and I think that this Council, this legislative body keeps getting involved in a political battle between the Controller's Office and the Mayor's Office, and the only fair way to deal with both branches of government is equally. If one is to be audited the other should be audited and I feel that the proposal last week to throw in Council even made it much more fair in that we would be scrutinized ourselves with an audit. That motion has failed.

Now the only point I want to make and because I am in favor of auditing I am going to vote in favor of this. I would think that it is only proper for this Council and the Mayor to somehow in the future make sure that they are audited and that they are scrutinized just as the Controller is being scrutinized with an audit. If the Controller has too many people, or he may have too few people,

we don't know that. The same situation may exist with the Mayor and the same situation may exist with this Council, but the important point I want to make is I feel this Council continually gets caught between a battle between the two offices, and I feel we should not be put in that position, and, unfortunately, I feel that is the case with this piece of legislation.

Mr. Robinson:

Mr. President and members of Council, last Wednesday in our discussion on this particular bill, No. 2060, I raised the issue of an audit of both the Council and the Mayor's Office in conjunction with the audit of the Controller's Office. Like Councilman Wagner, I believe that that is the appropriate thing to do. I did support Councilman Wagner's motion to that effect on Wednesday, and, as he stated, it failed.

Like Councilman Wagner, if there was a legal means of bringing that motion back on the floor I would certainly support it again today. I think that one of the things we have to remember is, approximately two years ago this Council agreed to have the Controller audit City Council. The Controller has yet to do that, so we already recognized the need to address our internal operation. I think that recognition is simply a reflection of our sense of responsibility that we do believe in good, efficient government. I can see no sound reason why the Mayor's Office and Council would not want to be audited any more so than I could see any sound reason that the Controller's Office would not want to be audited.

Now, both the Controller and our Finance Director have indicated that their activities are non-political, and that their concerns about Council Bill No. 2060 are not political. Since we are

all in a non-political status why don't we simply start from square one and audit all three offices, and then go forward together to provide good government and put the politics where it belongs, outside, outside of these Council Chambers.

Like Councilman Wagner, I am a little concerned that every time the Mayor's Office and Controller's Office has a disagreement this Council is brought in as a referee, and the only thing that happens to us is the same thing that happens to anybody that tries to be a peacemaker, they get beat up, and that's what is happening to us, we're getting beat up while the Controller and the Mayor fight their battle, and I suspect when they finish fighting they are going to shake hands and make up and they are both going to be mad at us. I think we ought to put an end to it now, because they want us to be the referee. Let's call this a draw and let's go forward together as three branches of government.

Mr. Woods:

I agree with both my colleagues that all three units of government should be audited, but under the Home Rule Charter the Controller audits. I believe the Controller should audit City Council. As Mr. Robinson stated, two years ago we put in a resolution indicating we wanted audited, and I believe Mr. Robinson initiated that resolution. I welcome the Controller's Office auditing City Council. I hope the Controller will audit the Mayor's Office. But, we do need an outside firm to audit the Controller's Office. All of us, as honest as we are, I don't think can audit ourselves. I wouldn't want to audit myself and have it accepted as credible. I think the Controller should welcome this audit, and I hope my colleagues uphold this, and I urge the Controller's Office to audit City Council

and the Mayor's Office, but he should be audited by another firm other than himself.

Mr. O'Malley:

I agree with my colleague, Councilman Woods. I think the Controller's Office auditing itself would be like putting the fox in charge of the chicken coop, and a week later asking him how many chickens are there. I think we are mixing apples and oranges. It is not that anybody on this Council was against auditing Council or the Mayor's Office. What happens here is a piece of legislation was introduced to audit the Controller's Office, that's the piece of legislation we should be dealing with at this time. Mr. Robinson, Mr. Wagner, myself and Michelle all agree that Council should be audited, that the Mayor's Office should be audited, then Mr. Robinson, any one of my colleagues, could introduce a piece of legislation, just like Mr. Robinson introduced to audit the URA, and I would be glad to cosponsor that legislation and introduce it Monday.

The Chair:

It is my understanding Mr. Robinson has already put one in and it was approved by Council, to audit Council.

Mr. O'Malley:

Then maybe one should be put in to audit the Mayor's Office.

Michelle Madoff:

I need the Parliamentarian's opinion. Is it proper to have a floor motion that addresses the concerns of Councilman Woods that he has no objection to the Mayor's Office and Council being audited, and of course,

that would exclude the employees of Council that we just voted against today under the Merit Civil Service, but it comes under the business of Council to have Council move to order the request of the Controller, audit the Mayor's Office and Council as a floor motion?

The Chair:

If the Chair understood Mr. Woods correctly, he said that power is there already and he should go ahead with it.

Michelle Madoff:

He can do it when he wants to. He might find Fire and Police more important. It says we have the clout, or is directed to conduct such an audit either by the Mayor or Council, so if I were to make a floor motion today that the Controller was to immediately start to audit the Mayor's Office and City Council, then we would know whether we really mean business or whether this is a political issue, just singling out one entity of government. I would not vote on one until I knew the other, so I would have to abstain. I didn't get an answer. Could the Parliamentarian answer?

The Chair:

You are not making an amendment to this bill, you want to make a floor motion?

Michelle Madoff:

Can I do it as an amendment?

Mr. Woods:

No.

Michelle Madoff:

If I abstain on this bill until I see — my vote, can I ask to hold my vote and

come back and vote? As long as we don't leave the room, isn't that correct?

Parliamentarian:

You could pass until the end of the voting, but you have to vote at the end.

Michelle Madoff:

That presents a problem, because to me and the public they are both tied together. You don't audit one entity of government without the other two, because what we are doing then in playing politics. How do we resolve that problem? Why don't we hold the bill today and come back with a bill —

Mr. O'Malley:

Introduce a bill Monday.

Michelle Madoff:

You were going to do it.

Mr. Woods:

I'll introduce the bill.

The Chair:

Hold it. Dick has the floor.

Mr. Givens:

The Controller, \$2.6 million is in his budget, plus some other miscellaneous accounts, which would be close to \$2.28 million. When you look at the Controller — you are not going to do just the Controller's Office, you have to get into the Sinking Fund Commission, you have to get into the Pension Fund, you have to get into the School Board, because we have a Deputy Controller, School Board. You have \$50,000. I say to you, Council, if we are going to do it let's do it right. If we are going to do it

let's do all three branches. I submit to you again, looking at this particular document right here, our Budget for 1985, it says the City Controller, Mayor and City Council is responsible to the electorate. It doesn't say we are supposed to be auditing one another. Each of the three branches of government are supposed to be auditing one another. Each of the three branches of government are supposed to be doing their own job. The electorate audits us, whether or not they put us into office three or four years later, do we perform or not perform our duties. For us to spend money looking over one another's shoulders —

The Chair:

Let's have some order in the place here.

Mr. Givens:

I think for us to be looking over one another's shoulder is a discredit to the people who put us into this office, because they did so with the knowledge that we would perform actively in our position, if not they can vote us out.

Mr. Woods:

One more thing about passing a floor resolution to audit City Council, I believe Mr. Robinson stated it, I remember the issue, I remember the piece of legislation, the resolution this Council had voted two years ago to audit City Council. I will vote for the floor motion, believe me, when it comes up after we pass the regular order of business, but it has already been passed, and this Council already voted to audit this City Council. If there is a floor motion I will vote for it, but there is no need for it. It has already been passed and directed to do it. The Controller has the power to do it. He must do it every

four years, not only this department but every department in City government. He must do it under the Home Rule Charter. Call the question, Mr. President.

The Chair:

On Bill No. 2060, call the roll. Those in favor vote aye; those opposed vote no.

Mr. Givens:

I abstain for reasons so given.

Michelle Madoff:

I'm going to abstain because I cannot vote for one without the other.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone
Mr. Robinson	(Pres't)

AYES 7 NOES none

(MR. GIVENS AND MICHELLE MADOFF ABSTAINING)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 2199

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of General Electric Company, P.O. Box L032P, Pittsburgh, Pennsylvania in the amount of \$1,051.99 in payment for test and inspection of No. 4 Pump at the Brilliant Pumping Station furnished for the benefit of the City and providing for the payment thereof."

Which was read.

Also,

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

Michelle Madoff:

Floor motion. I move that this Council mandate an audit of the Mayor's Office and that of City Council to be done by the Controller's Office, to commence within 60 days of today's date, be started within 60 days. That gives them two months to get it started. Mr. Woods left. He said he would vote for the bill.

The Chair:

I have a suggestion for you. Why don't you take time out and let him do it, since he is doing it.

Michelle Madoff:

I'm afraid Mr. Woods just left the room, but he pointed out that the Controller's Office was ordered to do an audit on City Council two years ago and hasn't done it, so then it is appropriate to say it should start within a given period of time. Mr. Woods said he would vote for it. I'd be happy to wait awhile until somebody gets him since he said he would vote for it.

The Chair:

I suggest you address my question. I would suggest you leave the time out.

Mr. O'Malley:

That was my suggestion. I think Controller Tom Flaherty is quite capable of running his own office and setting up his own time schedule to start an audit of the City Council or Mayor's Office. I don't think this Council has a right to dictate to him that he should do it within any time frame.

The Chair:

Wait a minute. Before you do it, I asked you a question. I was trying to get a comment to it.

Mr. Woods:

I have a comment. Mr. Woods did not run out of the room because he did not want to vote.

Michelle Madoff:

We just asked to wait for you.

Mr. Woods:

Or because I didn't want City Council to be audited. Mr. Woods voted two years ago, when Mr. Robinson put the resolution in, to vote to have City Council be audited. Mr. Woods, if my colleague would pay attention, stated less than 15 minutes ago that he welcomes an audit of City Council and the Mayor's Office by the City Controller, so this personal reference to me is uncalled for and I'll vote now that City Council and the Mayor's Office be audited by the City Controller. Do I make myself clear to all eight of my colleagues?

Mr. O'Malley:

Would you repeat that please?

Mr. Woods:

I said it once ten minutes ago, I said it two years ago, and I say it again to my learned colleague, please listen and read your legislation.

Michelle Madoff:

I didn't finish. That is only part of my motion; there's another part to the motion. The motion was it start within 60 days.

Mr. Wagner:

Mr. President, point of order. Is it not practice if this motion is to be put in front of this Council it should be in the form of a written resolution?

Michelle Madoff:

Not if it's a floor motion.

Mr. Wagner:

Just as any other audit this Council

requests, shouldn't it be written and shouldn't it go through the normal legislative procedure?

The Chair:

There was no complaint in the past.

Michelle Madoff:

The point is, it has been brought to the attention of this Council that previously Council voted for an audit of Council's Office and it was not done. This Council has the authority —

The Chair:

Michelle, let's address the point of order. The point of order is that it is not coming up as a written motion.

Michelle Madoff:

It is a floor motion. It's perfectly legal.

The Chair:

I'm not so sure of that when you have an objection to it.

Parliamentarian:

You can make it in the form of a motion when somebody objects to the form it is presented.

The Chair:

Now we have an objection, which means you have to go back to a written request.

Michelle Madoff:

I will withdraw my motion. I will let Councilman O'Malley introduce his bill on Monday and I will support it. I just want to point out a performance

audit includes comprehensive merit-based personnel system automatically.

Mrs. Masloff moved to approve the Minutes of Monday, February 18, 1985.

Mr. O'Malley seconded the motion.

Which motion prevailed.

And on the motion of **Mr. Robinson**

Council adjourned.

Municipal Record

Proceedings of the Council of the City of Pittsburgh

VOL. CXIX

Monday, March 11, 1985

No. 10

Municipal Record

ONE-HUNDRED TWENTY-THIRD COUNCIL

ROBERT RADESTONE President
MICHAEL PERRY City Clerk
LINDA M. JOHNSON Asst. City Clerk

Pittsburgh, PA
Monday, March 11, 1985

PRESENT:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

PRESENTATIONS

Mr. Givens presented

No. 2345 Resolution providing for a Contract or Contracts, or the use of existing Contracts, for the rental and repair of equipment in connection with

the City of Pittsburgh's Capital Construction Division, at a cost not to exceed \$95,000.00, chargeable to and payable from Code Account PW 85-14.

Also,

No. 2346 Resolution requesting the extension of the City's Street Light Construction (#25732) and the Maintenance (#25734) Contracts with Sargent Electric Company for five (5) months to May 31, 1985, at the current terms, conditions, and prices, at a cost not to exceed \$560,000.00, (\$200,000.00 for construction and \$360,000.00 for maintenance).

Which were read and referred to the Committee on Public Works.

Mr. Givens moved to suspend Rule 8 by providing for consideration of the bills only until or after the 9th calendar day following the meeting in which the bills were introduced so the bills will be on the agenda this Wednesday.

Mr. Grabowski seconded the motion.

Which motion prevailed.

Also,

No. 2347 Resolution granting unto Dennis Urban his successors and assigns, the privilege and license to construct, maintain and use at his own cost and expense, a Porch and Step in a portion of the sidewalk of Muriel Street in the 17th Ward of the City of Pittsburgh.

Also,

Moran and Jack Faulkner to attend the 1985 Fire Instructors' Conference in Cincinnati, Ohio on March 16-21, 1985, at a cost not to exceed \$1,000.00, payable from the Department of Public Safety Third Party Payer Trust Fund, DPSTPP. Prior approval granted by Council March 6, 1985.

Which were read and referred to the Committee on Public Safety.

Mr. Robinson presented

No. 2366 Resolution approving Contracts by and between the Urban Redevelopment Authority and various Redevelopers for the sale of properties in the City of Pittsburgh — Property Management and Maintenance Program and Residential Land Reserve Fund.

Also,

No. 2367 Resolution approving the sale of Block 12-P Lots 163 and 190 (Josephine & Greeley Streets) in the 16th Ward of the City of Pittsburgh by and between the Urban Redevelopment Authority and the South Side Hospital of Pittsburgh for \$22,625.00 — Industrial Land Reserve Fund.

Also,

No. 2368 Resolution approving Contracts by and between the Urban Redevelopment Authority and various Redevelopers for the sale of properties in the City of Pittsburgh — Property Management and Maintenance Program and Residential Land Reserve Fund.

Also,

No. 2369 Resolution approving the sale of Block 174-L Lot 155 (7642-46 Frankstown Avenue) in the 13th Ward of the City of Pittsburgh by and between the Urban Redevelopment Authority and Romelino and Lucretia Dourado for \$1,500.00 — Industrial Land Reserve Fund.

Also,

No. 2370 Resolution approving execution of Contracts by and between the Urban Redevelopment Authority and various Redevelopers for the sale of properties in the 5th, 13th, 23rd, and 25th Wards — Residential Land Reserve

Fund.

Also,

No. 2371 Resolution approving execution of Contracts by and between the Urban Redevelopment Authority and various Redevelopers for the sale of proerties in the 21st Ward — Redevelopment Area No. 27.

Also,

No. 2372 Resolution approving the sale of Parcel 44 (1714-20 Chateau Street) in the 21st Ward of the City of Pittsburgh by and between the Urban Redevelopment Authority and Varnell L. Lewis and Henry Jones, Jr. for \$4,000.00 — Redevelopment Area No. 27.

Which were severally read and referred to the Committee on Planning, Housing and Development.

Mr. Wagner presented

No. 2373 Resolution further amending Res. No. 474, eff. July 2, 1976, as amended, entitled: "Authorizing the Urban Redevelopment Authority of Pittsburgh to act as the agent of the City of Pittsburgh in matters of property acquisition and relocation required for street rights-of-way which are federally assisted," by increasing the total allocation from \$5,600,000.00 to \$5,606,000.00, chargeable to and payable from the following:

Also,

No. 2374 Resolution amending Section No. 2 of Res. No. 255, approved March 24, 1984, effective April 10, 1984, entitled, "Taking, Appropriating and Condemning, by the City of Pittsburgh, for Highway purposes, certain property in the 25th Ward of the City of Pittsburgh," by providing for a warrant in

the amount of \$814.00 in favor of the aforesaid Grantors to cover the cost of purchasing the property and cost related thereto, chargeable to and payable from Code Account No. PW 83-38.

Also,

No. 2375 Resolution amending Section 2 of Res. No. 60, approved February 6, 1984, effective February 16, 1984, entitled: "Taking, Appropriating and Condemning by the City of Pittsburgh for highway purposes certain property in the 25th Ward, City of Pittsburgh," by providing for a warrant in the amount of \$1,400.00 to cover the cost of purchasing the property and cost related thereto, chargeable to and payable from Code Account PW 83-38.

Also,

No. 2376 Resolution amending Section 2 of Res. No. 1204 approved December 27, 1983 effective December 31, 1983, entitled: "Taking, Appropriating and Condemning by the City of Pittsburgh for highway purposes certain property in the 27th Ward of the City of Pittsburgh," by increasing the total cost from \$5,000.00 to \$51,000.00, chargeable to and payable from Code Account PW 83-38.

Also,

No. 2377 Resolution amending Section 2 of Res. No. 737, approved August 6, 1984, effective August 21, 1984, entitled: "Taking, Appropriating and Condemning by the City of Pittsburgh, for highway purposes certain property in the 25th Ward of the City of Pittsburgh," by increasing the cost from \$2,000.00 to \$10,000.00, chargeable to and payable from Code Account PW 83-38.

Also,

No. 2378 Resolution further amending Res. No. 553, effective July 15, 1983, as amended by Res. No. 16, effective February 6, 1985, entitled, "Providing for a Contract or Contracts for the Widening and Reconstruction of the Pennsylvania Avenue Bridge over the Conrail Railroad and Roadway from Brighton Road to Allegheny Avenue, including work on private property and other work incidental thereto; and providing for a Reimbursement Agreement or Agreements with the Commonwealth of Pennsylvania, Department of Transportation, and providing for the payment of the cost thereof," by correcting a total in Section 3, a cost not to exceed \$2,920,000.00, chargeable to and payable from Code Account PW 83-11 - \$1,380,000.00 and Code Account PW 79-15 - \$1,540,000.00.

Which were severally read and referred to the Committee on Engineering and Construction.

Mr. Wagner moved to suspend Rule 8 by providing for consideration of the bills only until or after the 9th calendar day following the meeting in which the bills were introduced so the bills will be on the agenda this Wednesday.

Mr. Woods seconded the motion.

Which motion prevailed.

Also,

No. 2379 Resolution providing for the issuance of a warrant in favor of Specialty Pool Systems, Inc., in the amount of \$25,000.00 for Extra Work, being in addition to the original contract price of \$315,190.00 on Controller's Contract No. 27334, furnished for the benefit of the City in connection with the Burgwin Swimming Pool Renovation, payable from Code Account CDPR 80-09.

Which was read and referred to the Committee on Finance.

Also,

No. 2380 Resolution further amending Res. No. 802, eff. July 27, '978, as amended, entitled: "Providing for an Agreement or Agreements for Professional Services in connection with the South Side Riverfront Park; and providing for the payment of the cost thereof," by reducing the total project allocation from \$117,450.00 to \$112,023.93, chargeable to and payable from CDPR 78-10 - \$87,023.93 and LB 84-02 - \$25,000.00.

Also,

No. 2381 Resolution amending Res. No. 244, eff. April 11, 1980, entitled, "Providing for an Agreement or Agreements for professional services in connection with the South Side Riverfront Park, and providing for the payment of the cost thereof," by reducing the total project allocation from \$20,000.00 to \$14,265.20, chargeable to and payable from CDPR 78-10.

Also,

No. 2382 Resolution providing for an Agreement or Agreements with a Consultant or Consultants for Architectural/Engineering Services in connection with the Design and Rehabilitation of Roofs on the Public Safety Building and the Department of Public Works Traffic Shop Building, at a cost not to exceed \$11,000.00, chargeable to and payable from EC 85-63 - \$6,000.00 and EC 85-59 - \$5,000.00.

Also,

No. 2383 Resolution providing for an Agreement or Agreements with a

Consultant or Consultants to perform professional services on various City facilities on an "as needed" basis, in response to the Capital Budget Program, at a cost not to exceed \$30,000.00, chargeable to and payable from EC 85-67.

Also,

No. 2384 Resolution providing for an Agreement or Agreements with a Consultant or Consultants for professional architectural and engineering services in connection with the Design and Construction of the Bureau of Police New Administrative Offices and the Design and Construction of the Renovations to the present No. 1 Police Station, at a cost not to exceed \$60,000.00, chargeable to and payable from EC 85-54 Station 1 Renovation - \$25,000.00 and EC 85-71 Renovation for the Public Safety Department Offices - \$35,000.00.

Also,

No. 2385 Resolution amending Res. No. 1150, eff. January 1, 1985, as amended, entitled: "Resolution adopting and approving the 1985 Capital Budget and the 1985 Community Development Block Grant Program; and approving the 1985 through 1990 Capital Improvement Program," by adding a new line item, transferring one (1) line item, and adjusting the Summary Totals.

Also,

No. 2386 Resolution taking, appropriating, condemning, by the City of Pittsburgh for public highway purposes, certain property of the Los Conquistador Incorporated, located at Block and Lot No. 23-J-180 in the 25th Ward of the City of Pittsburgh, in the sum of \$10,000.00, chargeable to and payable from Code Account PW 83-38.

Also,

No. 2387 Communication from Paul J. McDermott, Director, Department of Engineering and Construction, requesting authorization for Alex Sciulli to attend the Construction Claims Seminar in Monroeville, PA, April 25-26, 1985, at a cost not to exceed \$525.00, payable from Code Account No. 1482, Misc. Services.

Which were severally read and referred to the Committee on Engineering and Construction.

Mr. Woods presented

No. 2388 Resolution authorizing the Mayor to issue and the City Controller to countersign a duplicate warrant to Carriage House Children's Center, for \$785.54 to replace the warrant which was lost, stolen or inadvertently destroyed.

Also,

No. 2389 Resolution carrying over balances or portions thereof remaining in certain code accounts for the year 1984 to the same or to other code accounts for the year 1985.

Also,

No. 2390 Resolution further amending Res. No. 285, approved March 31, 1982, and effective April 5, 1982, as previously amended by Res. No. 160, approved February 28, 1983 and effective March 7, 1983, and further amended by Res. No. 241, approved April 4, 1984, and effective April 10, 1984, entitled: "Resolution providing for an Agreement or Agreements for professional services in connection with the Clean Community System Program of Keep America Beautiful, Inc. and providing for the payment of the cost

thereof," by providing for an increase in the appropriation therefor from \$105,000.00 to \$175,000.00, chargeable to and payable from the Mayor's Miscellaneous Services Account, Code Account No. 1017.

Also,

No. 2391 Resolution providing for the City Controller and the Director of General Services to enter into a Contract or Contracts, or for the use of existing Contracts to purchase and install work stations and accessories for the Contract Section, at a cost not to exceed \$16,000.00, chargeable to and payable from Code Account 1051, Controller's Equipment Account.

Also,

No. 2392 An Ordinance amending the Pittsburgh Code, Title Two, "Fiscal", Article I, "Administration", Chapter 203, "Payment and Refunds", Section 203.03, "Refund Procedure; Certification, Time Limit and Approval", by providing for the procedure for refunds of taxes to which the City of Pittsburgh is not legally entitled.

Also,

No. 2393 Resolution Repealing Item F of Res. No. 38, approved February 6, 1985, for the sale of a 3 Sty. Brk. house at 7317 Monticello Street, 13th Ward, Block and Lot 174-F-114, to Shirley A. Mims, for the sum of \$16,000.00. Resolution is to repeal sale and return the hand money. The reason for the above Repealing Resolution is that it has been disclosed that the City of Pittsburgh took the property in error, as payments for the taxes had been paid in April and October, 1983.

Also,

No. 2394 Resolution amending Item J of Res. No. 38, approved February 6, 1985 for the sale of vacant land on New York Street, 20th Ward, Block 18-H Lots 29 thru 44, to Anthony E. Ciotti, for the sum of \$3,100.00. Amendment is to correct the size of the lot in Plan Lot No. 57.

Also,

No. 2395 Resolution providing for the filing of a petition or petitions for the sale of certain property or properties acquired at tax sale in accordance with Act No. 514 of 1947 as amended.

Also,

No. 2396 Communication from Ronald C. Schmeiser, Director, Department of Finance, requesting authorization for himself to attend Government Finance Officers Association's Committee on Accounting, Auditing and Financial Reporting Task Force Meeting on Basis of Accounting, in Chicago, Illinois on March 11-12, 1985, at a cost not to exceed \$600.00, payable from Code Account No. 1063, Misc. Services, Department of Finance. Prior approval granted by Council February 26, 1985.

Also,

No. 2397 Communication from Ronald C. Schmeiser, Director, Department of Finance, requesting authorization for James Turner and John Knox to attend the National Conference of the American Society of Public Administration in Indianapolis, Indiana, from March 22- 27, 1985, at a cost not to exceed \$1,300.00, payable from Code Account No. 1063, Misc. Services.

Also,

No. 2398 Communication from

Melanie J. Smith, Director Department of Personnel, requesting authorization for Terry Woodcock and Barbara Brown to visit the Luzerne County Human Resources office on March 4-5, 1985, at a cost not to exceed \$264.00, payable from JTPA-1 Trust Fund, Federal Funds. Permission is also requested for use of a City vehicle. Prior approval granted by Council February 28, 1985.

Also,

No. 2399 Communication from Thomas Flaherty, City Controller, submitting a Fiscal Audit of Social Security Refunds, Department of Finance, calculated by Computer Technology Associates Ltd. for the years ending December 31, 1981, 1980 and 1979.

Which were severally read and referred to the Committee on Finance.

REPORTS OF COMMITTEES

Mr. Woods presented

Bill No. 2400

Report of the Committee on Finance for March 6, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2267

A Resolution entitled, "Resolution authorizing and directing the Mayor to issue and the City Controller to countersign a warrant in the amount of one thousand forty-four dollars and sixty-three cents (\$1,044.63) to the Commonwealth of Pennsylvania

representing payment required for unclaimed funds for the year 1977 pursuant to the provisions of Depositing of Abandoned and Unclaimed Property Act, Act of August 9, 1971, P.L. 74."

Which was read.

Also,

Bill No. 2268

A Resolution entitled, "Resolution authorizing the issuance from time to time of a warrant or warrants in favor of the Commonwealth of Pennsylvania Department of Labor and Industry, to return any Job Training Partnership Act excess cash in an amount determined by the Pennsylvania Department of Labor and Industry."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9

NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 2269

A Resolution entitled, "Resolution providing for the City of Pittsburgh to execute and to deliver to Harry Davis & Company, a Pennsylvania partnership, a quitclaim deed, conveying certain property in the 15th Ward, for the sum of Seven Thousand Dollars (\$7,000.00)."

Which was read.

Also,

Bill No. 2270

A Resolution entitled, "Resolution providing for the City of Pittsburgh to execute and to deliver to the Baltimore and Ohio Railroad Company a quitclaim deed, conveying certain property in the 15th Ward for the sum of (\$1.00) Dollar."

Which was read.

Also,

Bill No. 2271

A Resolution entitled, "Resolution amending Item J of Resolution 901, approved October 18, 1984, which authorized the sale of property in the 25th Ward, being a 2 Story, Brick M house, located at 61 Melrose Street, designated as Block 45-S-161, to Howard I. Jackson, for the sum of \$1,000.00."

Which was read.

Also,

Bill No. 2272

A Resolution entitled, "Resolution Repealing Item D of Resolution No. 901, approved October 18, 1984, for sale of property in the 12th Ward, being a 2

Story, Frame house, located at 1542 Westmoreland Street, designated as Block 173-F, Lot 161, to Aubrey Bruce & Lethea Mae Bruce, his wife, for the sum of \$1,000.00."

Which was read.

Also,

Bill No. 2273

A Resolution entitled, "Resolution Repealing Resolutions, approved on various dates, for sale of properties in various Wards of the City, in accordance with Act No. 514, and providing for the forfeiture of hand money."

Which was read.

Also,

Bill No. 2274

A Resolution entitled, "Resolution providing for the filing of a petition or petitions for the sale of certain property or properties acquired at tax sale in accordance with Act No. 514 of 1947 as amended." (AS AMENDED IN COMMITTEE)

Which was read.

Also,

Bill No. 2327

A Resolution entitled, "Resolution providing for an Agreement or Agreements with William M. Mercer-Meidinger for actuarial services in connection with the Municipal Pension Fund, the Policemen's Relief and Pension Fund and the Firemen's Relief and Pension Fund, and providing for the payment of the cost thereof."

Which was read.

Mr. Givens:

On Bill No. 2327, a resolution providing for the agreement or agreements with William Mercer in connection with the Municipal Pension and Policemen's Relief Pension Fund, I've never received that. Has anybody else? It was asked for on Wednesday.

Mr. Woods:

I don't recall, Mr. Chairman, any report being asked for. I don't recall anybody asking for a report on anything.

Mr. Givens:

Yes. Are they going to give us a report in early April?

Mr. Woods:

Oh, I understand. Right, once the study is done we will get the report. We have legislation to that effect, Dick.

Mr. Givens:

Okay, thank you.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens
Mr. Grabowski
Michelle Madoff
Mrs. Masloff
Mr. O'Malley

Mr. Robinson
Mr. Wagner
Mr. Woods
Mr. Stone
(Pres't)

AYES 9

NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Givens:

I just received a report on the problems I had with the invoices last Wednesday. I'd like the remarks that I had made in those invoices to be brought forward especially that of the taxes on our income.

As reported in the local newspapers, they didn't bring out the actual fact why I was questioning. The fact that I did have the Pittsburgh Form 40 was one thing. I ask that corrections be made. I didn't want to look at anybody's form; I so indicated that on Wednesday. I think there's a serious breach of the Pittsburgh Code which I will further look up. If one would want to pursue the issue, there are people that are criminally involved in the protection of that information and I think it stems right in the Finance Department. Come this Wednesday, we're going to see some other earned income statements come before us. I don't want to see that Pittsburgh Form 40. I better not because if I do then I'm going to pass for criminal charges and be waged against certain people in the Finance Department, not our Finance Department, I'm talking about the City Finance Department. And I want to see work sheets that are such that when they come to us they have explanations on it.

I would like, Mr. President, for my remarks and that of Mr. Schmeiser's to be brought forward for the Municipal Record so that it will be here as a permanent record.

The Chair:

Mr. Givens, the only problem with what you're doing is that we're on Public Works.

Mr. Givens:

I agree but this is an exception to the rule, Mr. President. I ask that those remarks and the invoices which is part of the Finance Department be brought forward to the Municipal Record.

The Chair:

If you don't mind, we'll list that in the Minutes as coming up when we have Motions and Resolutions.

Mr. Givens:

Okay.

Mr. Givens presented

Bill No. 2401

Report of the Committee on Public Works for March 6, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2250

A Resolution entitled, "Resolution granting unto Anthony and Arlene Grguras, their successors and assigns, the privilege and license to construct, maintain and use at their own cost and expense, a gas line easement in a portion of the roadway of No Name Way and Festoria Way in the 27th Ward of the City of Pittsburgh."

Which was read.

Also,

Bill No. 2251

A Resolution entitled, "Resolution vacating Galveston Avenue from Behan Street to a point 319.23 centerline feet north westerly and Paxton Way from a point 460 feet east of the easterly line of Allegheny Avenue to its easterly terminus in the 22nd Ward of the City of Pittsburgh, excepting and reserving easements for any sewer or water lines located therein."

Which was read.

Also,

Bill No. 2292

A Resolution entitled, "Resolution amending Resolution No. 202, approved March 22, 1984, effective April 3, 1984, entitled: 'Providing for an Agreement or Agreements with the Borough of Greentree and/or Louis Viglione for the purchase of a Twenty-Five (25) Foot Section of Hale Park Land to effect a Fifty (50) Foot wide extension of Red Oak Drive, and for the improvements of the drive. Also, to create a trust fund labeled or entitled 'Red Oak Drive Widening Trust Fund.' Funds for the purchase of the property for widening to be made by Louis Viglione to the City and deposited into said Trust Fund for the payment by the City to the Borough of Greentree,' by indicating the amount to be paid and the account from which it will be taken."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Robinson presented

Bill No. 2402

Report of the Committee on Planning, Housing and Development for March 6, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with a **NEGATIVE** recommendation,

Bill No. 1933

A Resolution entitled, "Resolution approving a Conditional Use under Section 993.01(a)A(43) of the Pittsburgh Code, Title Nine, Zoning, Article V, Chapter 993 as amended, for use of 3238 BEECHWOOD BOULEVARD by Lutheran Youth and Family Services as a Group Residence Facility for eight (8) dependent/delinquent female juveniles, 14th Ward."

Which was read.

Mr. Robinson:

Mr. President and members of Council, on Council Bill 1933, on the advice of the Solicitor and pursuant to previous actions that we have taken relative to requests for Conditional Uses on group homes which have been denied by this Council, I would like to offer a substitute bill, a copy of which each member of Council has before them.

The substitute bill is exactly the same as the original bill except it is a bill to deny the Conditional Use. By approving this bill we would be confirming our actions from last Wednesday and taking the appropriate legal steps that our Solicitor, Mr. Pellegrini, deems necessary.

Michelle Madoff:

Are you moving to substitute, Mr. Robinson?

Mr. Robinson:

Yes, I am.

Michelle Madoff seconded the motion.

Which motion prevailed.

The Chair:

Okay, now on this bill.

Mr. Robinson:

I move for approval.

Mr. Woods seconded the motion.

The Chair:

Any discussion on the bill?

Michelle Madoff:

Clarification. Aye means to deny

The Chair:

The way the bill is, it is to deny. In view of that, if you wish to deny you will vote yes. If you do not wish to deny, your vote will be no.

Michelle Madoff:

Discussion. I'm a little bit disturbed that the comment that was made by Mr. Woods was not picked up and given equal time and that is that if the 129 communities that feed off the spoke of this City would take one of those homes, we wouldn't have a problem. The editorials are saying we're all saying not in our back yard and I don't think that's fair and I certainly hope that Mr. Woods will pursue his line of reasoning.

Mr. O'Malley:

I'm just curious. Where does this bill differ from the original bill? This denies? I'm not sure, how can the Solicitor deny? Based on Paragraph E of the resolution?

Mr. Robinson:

The bill in the heading is a bill for denial. Had the Planning Commission originally sent us a recommendation to deny we literally would have had in front of us that bill that we're considering now. Because of previous legal actions taken based on the actions of this Council to deny Conditional Use applications for group homes, the Solicitor, in preparing for potential legal action, feels that what we should do if we deny any group home is to consider a substitute bill which actually says that

we deny the request. This puts him in a legal position to better defend the City's position if and when we have to go to court. This procedure was used recently when we denied another group home application on North Neville Avenue and the Solicitor came before Council and explained to us his rationale for taking this particular approach.

On several occasions in the past when Solicitors had to go to court, the court has indicated that the Solicitor had to give more substantive information and more factual information as to why we denied the request. The Solicitor now feels that by using this substitute bill procedure that this gives him firmer footing when he goes into court to explain the actions of the City, the actions of this Council.

Mr. O'Malley:

I agree with that. I think that's they type of explanation we should have from the City Solicitor on all conditional uses.

This piece of legislation in front of us lists reasons why we should deny, legal reasons why we should deny because the property just does not come up to the standards set by this Council and set by the Zoning Board.

Mr. Wagner:

Mr. President, just one comment prior to voting. I'd like my comments brought forward from the public hearing and from that bill when it was in Committee.

(BEGINNING - MR. WAGNER'S
REMARKS ON BILL NO. 1933 -
TUESDAY, 2/26/85)

Mr. Wagner:

I have a few questions.

What was the vote on the Planning Commission? I know it was in favor, but what was the exact numbers?

Director Lurcott:

Do you have that, Mr. Rush?

Mr. Rush:

It was five to one.

Mr. Wagner:

Five to one. All right. What is presently in the home right now?

Director Lurcott:

I believe it's vacant.

Mr. Wagner:

Vacant. What was previously in the home?

Director Lurcott:

It was a residence.

Mr. Wagner:

A residence. A family residence?

Director Lurcott:

I believe so.

Mr. Wagner:

Under the proposal, what type of occupants — I know the age group of 16, 17, 18 has been mentioned —

Director Lurcott:

Under 18 is what they have set up.

Mr. Wagner:

— that have been convicted of a juvenile crime. What types of crimes?

Director Lurcott:

Well, I think it was a broad range of that possibility, within the delinquent category. I think the representatives of the provider can speak to that with greater clarity than I.

Mr. Wagner:

Well, you're on the Planning Commission, correct?

Director Lurcott:

Yes.

Mr. Wagner:

You voted on this.

Director Lurcott:

No, I'm not on the Planning Commission. I'm staff to the Planning Commission. I didn't vote on it. We recommended favorable action.

Mr. Wagner:

Did they ask the question of the types of crimes —

Director Lurcott:

Yes. That was discussed. And the point is that it can be a broad range of crimes, but within the juvenile category. And I can't give you much beyond that. But the providers are fully aware of the kind of delinquents that

appear for this kind of activity, and I think they could give you a better reading on it than I.

Mr. Wagner:

Could it be assault and battery, could it be burglary, could it be robbery, could it be rape?

Director Lurcott:

I don't believe so.

Mr. Wagner:

Oh, is it all female offenders?

Director Lurcott:

It's all females.

Mr. Wagner:

I thought this was a coed type facility.

Director Lurcott:

They have committed to restrict it to eight females and to not admit anyone who was 18 years of age or older. Which meets the requirements. They made that restriction and commitment by letter.

Mr. Wagner:

It's a comment on all my colleagues, what they referred to was the number of facilities, and I'm pleased to see this map, where there's 54 facilities in the City. In the county, in the suburbs, outside the City, how many similar facilities do we have?

Director Lurcott:

There is a substantial number and it is growing. Fred, do you have the

latest number on that that you know of?

Mr. Rush:

Yeah. Not in terms of numbers but in the Mental Health and Retardation facilities would be about 70 in numbers, which is greater than ours. But in terms of the juvenile dependent/delinquent category, we would have more houses within the city than the county. The overall balance would be about equal at this time, but with greater categories for mentally retarded or mentally ill being in the county than in the City, the juveniles and adult offenders being heavily more in the City than in the county.

Mr. Wagner:

Well, Fred, do you have any ratio of — obviously the major concern to this Council is not for the mentally retarded and the handicap homes in the city; as a matter, I think we welcome them with open arms. What is the ratio for the delinquents between the suburbs and the City? Out of this 54, how many are delinquents?

Mr. Rush:

Twenty. Twenty houses are set for juvenile dependents or delinquents. In that category. We do have a study that we could submit to you that the county did last year and it lists all their group homes in terms of the categories that we have broken our down. And you can see from that study exactly how many there are in the county and how many in the City.

Mr. Wagner:

How many would you say just offhand do the suburbs have in the county?

Mr. Rush:

In terms of the juvenile --

Mr. Wagner:

Juveniles.

Mr. Rush:

-- delinquent, about eight.

Mr. Wagner:

About eight. Okay.

There's a population in the City of about 400,000, and the county, including the City, is about 1.6 million. Just a fast figure. To me the ratios are out of balance. We're talking about this City carrying 20 for juvenile delinquents and the suburbs carrying eight. I would think if the ratio was proper, this City should be carrying about seven, or eight and the county should be carrying the other 20 or 21.

I respectfully disagree with my colleague that these should be in the South Hills portion of the City of Pittsburgh. They should be not in the City of Pittsburgh, they should be in the suburbs. If this City is going to be fair, if it's going to be a livable City, we have to make our neighborhoods livable. And for some reason we're not getting that message across to the Planning Commission. That this Council is just not going to accept a ratio greater than the suburbs. And obviously, that is the case here. And I know we sit, and we've had three or four of these hearings in the last two or three months, and this Council hasn't accepted one of these facilities, and I don't think it's going to until the suburbs begins to carry its load.

I have one further question: Isn't it true that a residence of this type

would house a family that was earning an income, that would be paying a substantial number of taxes back to the City?

Director Lurcott:

Presumably, if it were used for residential purposes, it would provide tax revenues, yes.

Mr. Wagner:

Well, we're constantly in this Council, and I'm hoping that this message gets back to the Planning Commission, we are carrying a financial burden in this City that the suburbs are not carrying. Our wage tax is significantly higher, because we have to do more things in this City than the suburbs have to do, to make it a livable city. I can't see us taking a residential home, a livable home, and taking a taxpayer that's earning a significant wage, especially in an area such as this, and taking a taxpayer, a wage earner, out of that facility. And what we're doing, essentially, is putting more of a financial burden on the residents that remain in the City, and we're saying to the county, "We're giving you an advantage because you don't have to do that with as many homes as we have to do it." And I'm hoping that the Planning Commission begins to realize how this Council feels. That the ratio is so far out of balance here. And I know I for one, until that ratio becomes more in balance, I can't be in favor of these facilities.

THE CHAIR COMMENTS

Mr. Wagner:

I have one question, Mr. Stone.

What are the types of crimes that people --

Mrs. Perry:

The crimes are of lesser nature. We've had kids, you know, from primarily with shoplifting, and really the lesser crimes. We don't take — even in our main campus, where we have the intensive treatment units, we don't take serious offenders, like armed robbery or murder or rape, we don't take those kind of kids, into even our main facility.

Mr. Wagner:

Under your standards, your guidelines, what is the worst crime that a person housed at this facility could commit?

Mrs. Perry:

Probably some type of retail theft.

Mr. Wagner:

That is spelled out in your standards.

Mrs. Perry:

No, no.

Mr. Wagner:

So, it's a subjective opinion of a group of people?

Mrs. Perry:

Yes. It's dependent. Now you can have a kid get into a fight in school and come out of it with assault charges. Okay, so that's not — you know, now, if it was assault with some kind of weapon, that would be different. So, you have to look at each kind individually. You know, what comes out of the court order is not necessarily indicative that the kid — the serious nature of the crime. And I

think the other thing that you need to realize is that everybody focuses on delinquent, there's a dependent part component of this as well. Sixty-five percent of our population is dependent, thirty-five percent is delinquent.

Mr. Wagner:

Could a person convicted of an assault charge on a senior citizen live in that home?

Mrs. Perry:

I've never had a resident convicted of an assault charge on a senior citizen. And I've been in the field ten years.

Mr. Wagner:

Could a person convicted of an assault charge live in that home, on a senior citizen?

Mrs. Perry:

I would not think so. You know, but like I said, I've never had that referral.

Mr. Wagner:

There are no guidelines that indicate that that could not be the case?

Mrs. Perry:

Would that make this more acceptable if we were willing to commit ourselves to that?

Mr. Wagner:

No, no, it's not my position to set your guidelines, that's your position.

Mrs. Perry:

What I'm saying is, if that would make it more acceptable we would — you know, we're negotiable on those kinds of things, we were negotiable on the male/female population. So, we — you know, we're in agreement to make it all female. We came into agreement with the — keep the kids under 18. So, what I'm saying is, you know, we're willing to take a look at that.

Mr. Wagner:

Okay. Thank you.

THE CHAIR COMMENTS

Mr. Wagner:

One question, Mr. Stone.

Doctor, you stated a figure of the number or percent that are city residents, what was that, again? Forty? Sixty?

Dr. Elsass:

Forty to sixty percent of our residents — because it will be a variable, so I can't give you an overall for the year. But on any given day, 40 to 60 percent of our residents are from Allegheny County, 90 percent of those are from Pittsburgh.

Mr. Wagner:

At all of your facilities?

Dr. Elsass:

I'm sorry?

Mr. Wagner:

At which facility?

Dr. Elsass:

Oh, at Lutheran Youth and Family Services, which is located in Zelienople.

Mr. Wagner:

— Ninety percent are city residents

Dr. Elsass:

No, no.

Mr. Wagner:

— in Zelienople?

Dr. Elsass:

Forty to sixty percent of the 102 residents are from Allegheny County, 90 percent of those 40 and 60 percent are from Pittsburgh.

Mr. Wagner:

Well, how about the facilities, how many other facilities do you have in the City of Pittsburgh?

Dr. Elsass:

At this point, we have a department in Shadyside. We had geared that for a Group Home and ran into some difficulties, so we can only provide for two residents, at this particular time, in that area. We have had no problems in Shadyside but because it's in the location that falls, what, within ten inches or two feet of the half mile radius we could not get the zoning.

Mr. Wagner:

Well, I think what we need to do is develop some figures as to what the percent of people that are in these homes are city residents throughout

Allegheny County, and I don't know if anyone has that figure. Now, the reason why I state that is, I think this City is prepared to carry its fair share of burden, but not a figure above and beyond its fair share, and the general consensus opinion is that we are carrying more than our fair share.

Dr. Elsass:

I hear that, I hear that.

Are you saying if that this petition fails that is we come back with another petition that we should come armed with the statistics that you're referring to or related to it, and that the Council's going to give a fair hearing based on that where it's located, how many kids it's going to serve, and are they really kids of Pittsburgh?

Mr. Wagner:

Well, yes — no, not if they're kids of Pittsburgh. Looking at all the homes throughout Allegheny County, there needs to be a better communication between county government, suburbs, and the City of Pittsburgh, so that all governmental entities begin to carry their fair share, and the gut feeling here at this table is that Pittsburgh's carrying more than its fair share and that has never been proven differently to us.

(END - MR. WAGNER'S REMARKS ON BILL NO. 1933 - TUESDAY, 2/26/85)

Michelle Madoff:

One quick comment. When Council finally gets its own Solicitor, that is the kind of advice we would have had. We would know that we need a bill that says why we are denying so that when we go to court that protects our interest and our integrity.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9

NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also, with an affirmative recommendation,

Bill No. 2256

A Resolution entitled, "Resolution amending Resolution No. 746, effective 6 September 1983, entitled: 'Providing for an Agreement or Agreements with South Oakland Citizens Council, Incorporated to revitalize its Community Printing Project,' so as to provide assistance to South Oakland Citizens Council in the operation of its neighborhood programs."

Which was read.

Also,

Bill No. 2257

A Resolution entitled, "Resolution providing for the payment of expenses for a comprehensive Riverfront Study,

providing for the execution of Agreement(s) and for filing other data, creating a Speical Trust Fund in connection with the project, and providing for the deposit of funds in a bank account and providing for payment of expenses from the Special Trust Fund."

Which was read.

Also,

Bill No. 2258

A Resolution entitled, "Resolution providing for an Agreement or Agreements with Consultant(s) to prepare a Comprehensive Riverfront Plan for the Department of City Planning." (AS AMENDED IN COMMITTEE)

Which was read.

Michelle Madoff:

On Bill 2257 and 2258, I believe they're companion bills, and I would like to suggest strongly that this Council send a very strong letter to Urban Redevelopment or whoever is going to be handling this study, the Mayor's Office, whoever is going to take responsibility for it, that it is not leaked before all Councilmembers have access to the interim meetings.

I had a paper presented to me and I shared it with some of my colleagues, those who wanted to see it, of some of the parameters that were established that distressed me. It was almost locking the door before we even did the study. I want to be updated; I think this is a key issue that is going to create jobs in this community and I don't want to wait until the report is all done and the study is all done. I would like to see some of those reports shared with the

legislative body of this Council and I would hope that my colleagues would support that and that we get those reports in a timely fashion, not at the end of five months, not when the \$135,000 is spent, but I would like to say every thirty days, it's five months on the one study that's being done in conjunction with the Buncher Company and I would like a report every month to this Council, the President of Council, to share with Council, updated reports.

Mr. Robinson:

I'd just like to make a couple comments on Mrs. Madoff's concern. Several months ago I introduced a bill into Council which was passed by this Council and signed by the Mayor which assures us of receiving copies of all reports and all evaluations that we authorize upon completion. Those reports will be filed with the City Clerk's Office.

Specifically to Mrs. Madoff's concern, I think that it is appropriate for me as Chairman of Planning, Housing and Development, to indicate that for some time I have been pushing for the exact type of procedure that Mrs. Madoff has suggested and in many instances I have amended bills to require those reports. I would hope that it would not be necessary to amend these bills, that the Urban Redevelopment Authority would be cooperative enough with us that we could make some arrangements through Mr. Brophy and Mr. Lurcott in the Planning Department to have the briefing session on the study that are essential to keep this Council appraised of the progress and also to assure our continued support. I percieve from what Mrs. Madoff has said and from what other members of Council have said that we would like to indeed be aware in an orderly fashion and an appropriate fashion to those developments in this

City that we might have to give our approval prior to all of the questions being asked and all the decisions being made. I certainly will relay your concerns, Mrs. Madoff, to Mr. Brophy and to Mr. Lurcott and I will see if we can't arrange some timely and appropriate review by members of Council that might address your concern and the concerns of other members of Council.

Michelle Madoff:

What I am really concerned about, Bill, what you've just said is a concern we share and you've done an excellent job on. What I'm now concerned about is I don't want to be slipped a note where parameters have been laid out that really diffuse and really almost make moot what this Council is trying to do and they circumvent us and someone slips me a one-page note. And I don't want to get it surreptitiously; I want to know when they meet and what was said. In other words, there should be minutes of those meetings taken and I want to see those minutes. Maybe that's the way we ought to change it. Like Sophie has on the Cable Communication; there are minutes taken and we get copies of the minutes, right Sophie? There are no secrets. I want to see those minutes. Can you arrange that?

Mr. Robinson:

I will talk to Mr. Brophy and Mr. Lurcott.

Michelle Madoff:

Will you report back to us to see whether we need to pass legislation that says that we want those minutes?

Mr. Robinson:

Yes I will.

Mr. Wagner:

Mr. President and members of Council, Bill Nos. 2257 and 2258, there are no provisions as part of this legislation for the parameters of the study to determine whether or not portions of our 35 miles of riverfront can be utilized for transportation purposes. Seeing that the funding for these two studies comes from the Heinz endowment, the City of Pittsburgh and the Port Authority, I think it's proper for this Council to request that as part of the parameters and conditions of this study that the study determine what areas of our riverfront are most suitable for mass transportation from various portions of the City to other portions of the City, seeing that that form of transportation is becoming more and more possible with modern forms of transportation.

Mr. Givens:

I echo Mr. Wagner's concern and also on 2257 and 2258, number one, we're talking about 36 miles of City riverbanks that we're going to look at and if you look at our contributions it's only \$35,000. That's about \$1,000 per running mile and if you think of riverfront property and what can be done with it and we spend over \$100,000 some for a study just on about a half a mile, that area adjacent to the Stadium, you get the impact that it's too little too late.

Also my great concern is the fact that there are three other agencies looking into this and I don't think the City of Pittsburgh per se is going to get a pure City of Pittsburgh interest out of this particular study as I look at it and I'd like my remarks from Wednesday to be brought forward on those two bills.

**(BEGINNING - MR. GIVENS' REMARKS
ON BILL NOS. 2257 AND 2258 -
WEDNESDAY, 4/6/85)**

Mr. Givens:

Discussion on the amendment. I have strong objections. I think anytime — first of all, could I have the Director up here, Director Lurcott? I don't know if there's, you know, a breakdown of communications between the Planning Department and that of the Urban Redevelopment Authority, but the fact that I sat on that Urban Redevelopment Authority for many, many years, it was very concrete as to what the Urban Redevelopment Authority wanted to do with our riverfronts, that was number one, trying to wrangle them off of the railways that we have throughout the City of Pittsburgh. The Mayor has attempted to do that and has been given a stonewall, so, first of all, have you coordinated with the Urban Redevelopment Authority in requesting this amount of money, because I know what the Urban Redevelopment Authority wanted to do, at least the Board members over there, so indicated that we wanted to turn the rivers back to the people of the City of Pittsburgh. Now examples, South Side Riverfront Park, example Clemente Park, example, North Shore continuation of the Clemente Park out to where the Mellon-Stuart thing is, example, Herrs Island. All around the bottom of Herrs Island is going to be a free area, free zone for people to walk in, take their bicycles, etc., a green area. It was the intent of the Urban Redevelopment Authority that all of our rivers should eventually be returned back to the people of the City of Pittsburgh and they should be open to the public in general. If not, then the least we can do is like they do in the oceanfronts, every so many miles, or quarter of a mile, or half a mile along the riverfronts that we give public

access to the riverfronts.

What I'm concerned about now is that we're going to develop and try to, either commercially or otherwise, buy this land from the railways companies, and etc., and in doing so turn it over to private developers who, in fact, will develop it right to the waterline, thus denying the people the opportunity of having the fruits and benefits of our rivers. If in fact, along all of our rivers, 90 percent of all the people live within one and a half mile of the riverfront, which means from the riverfront on backwards there is a lot of population, lot of density of population. Are we to have any room then for our people to come back down and enjoy the riverfronts adjacent to their homes and adjacent to their communities? That's my first question.

And, second, in fact URA has a master plan already, to my knowledge, conceived or otherwise, that all the riverfronts be turned over to the — it was, and how we got money for Herrs Island, how we got money for Clemente Park, the continuation of Clemente Park, and I don't know about the South Side Riverfront Park, and that was through the Historical Landmark, through the Parks, through the Department of Interior, the Department of Interior had funded some of our money if not most of our money for our parks that we have done. Example, the Point State Park, Point State Park, it's a State Park. I think that was in the process of being turned over again to the Department of Interior to open this up. The money that it's going to take to develop, it was just to purchase from the railway companies is going to be in the multi-billions of dollars, but that was the master plan. Now we're coming in with a little \$35,000 grant here to the City of Pittsburgh, and even with the Port Authority and Heinz's, now there's, you

know, special interests that I can see for the Port Authority, special interest in the Heinz Foundation wanting to develop the riverfront according to their needs. I want it to be developed according to our needs, the City of Pittsburgh, first, last and always. Port Authority, yes, if we can find some type of a port that we'd want to use within the City confines I think there's areas where we could put a port area, but could you explain to me why after all the studies that have gone into it by the Urban Redevelopment Authority, the common denominator, what to do with our riverfront property, why we need to study it and why Heinz and the Port Authority need to kick in for it.

Director Lurcott:

The work of the Redevelopment Authority has been in conjunction with the work of the Planning Department in attempting to reclaim sections of the City's riverfronts for public amenities. In fact, the South Side riverfront study, of which the Birmingham or South Side Park is the first stage, was carried out by the Parks and Recreation Department and the Planning Department and funded, as you say, through Federal and State Grants. It's not a renewal area, so there's a broad consensus that we want to reuse our riverfronts properly and to maximize the opportunity for public access.

We have not had, however, although we have looked at the south side of the Monongahela, and Herra Island, and other pieces, we have not looked at the total of 35 miles of the riverfront in a comprehensive fashion for some years, and we have not looked at it in the context also of the fact that the riverfront lands, the railroad lands, the industrial lands are those pieces of land that have the greatest potential for development as well, and what this study

is trying to do is to look at both of those issues and marry them in an appropriate fashion to maximize the opportunity for public amenity wherever we can do that, but to recognize we also need to have development in the city and to try to make sure those two things can happen at the same time.

We are proposing modifications to the Zoning Code, for instance, that will mean that no one can build within 50 feet of a riverfront to assure that there is the opportunity for connections along major pieces of development wherever they occur. We would like to have the maximum amount of public parks. On the other hand, I don't believe the City can afford to build or maintain 35 miles of public park. You know from your work on the Board of the Redevelopment Authority it is very expensive to build that one segment of Allegheny Landing. You multiply that by the entire length of the riverfronts here and we would be bankrupt very quickly. It is possible because the riverfronts are developable and they are very good places for private investment to take place, to get development and assure public access as well, and that would be done by careful zoning and a full approval process, and perhaps rezoning certain areas and putting provisions in to assure public access. That's what we're trying to do with this study. Heinz' endowment and the Port Authority —

Mr. Givens:

Well, I would like the City of Pittsburgh to put up the money because when I see Port Authority, when I see Heinz Foundation, and I see special interest for using our rivers for their purpose rather than for our purpose.

Director Lurcott:

Well, I mean that's certainly

Council's privilege if they wish, but the endowment and the Port Authority agreed to the study I just outlined and agreed to the City undertaking that study, with all of the intents that you've expressed being included, that is looking at this from the City's perspective and the City's interest and the people of the City.

Mr. Givens:

We only have one-third of that study and as a result if I were —

Director Lurcott:

You're carrying it out.

Mr. Givens:

If I were the consultant doing this I would have to know where the money's coming from. I know where the money's coming from and I'm going to ask these people how do you feel about this and they're going to give me their input and we're going to have a plan before us, that's only a hundred and some thousand dollars, and we're talking about the, as you indicated, to only spend \$105,000, and I say only because we know developable land —

MICHELLE MADOFF COMMENTS

Mr. Givens:

I wasn't speaking; you were.

MICHELLE MADOFF COMMENTS

Mr. Givens:

Well, he was speaking, I wasn't speaking.

MICHELLE MADOFF COMMENTS

Mr. Givens:

Don't worry about me, Michelle, you should have clocked yourself all day today.

MICHELLE MADOFF COMMENTS

Mr. Givens:

You'd have been happy. I'd like to have a ruling from the Chair. Either we're going to go by this thing all day long or we're not going to go by it at all. I don't like to be here two hours after we've been in deliberation and start using the 10-minute clock, okay? Either we do it or we don't.

THE CHAIR COMMENTS

Mr. Givens:

No. I'm asking for a ruling from the floor.

THE CHAIR COMMENTS

MICHELLE MADOFF COMMENTS

THE CHAIR COMMENTS

Mr. Givens:

Thank you. I don't like to be interrupted, then, by a ding of a clock. Either we adopt it or we get rid of it.

MICHELLE MADOFF COMMENTS

Mr. Givens:

They are particularly my thing. For \$105,000 I appreciate that's a considerable sum of money, but I have problems with going to other agencies and asking for that money, because strings are going to be attached to it. I'd rather the City of Pittsburgh do this on our own and we do it for what we want it

for, not for what Heinz wants it for and not what the Port Authority wants it for.

I'm opposed.

MR. ROBINSON COMMENTS

Director Lurcott:

I don't think a contribution to this study indicates that at all. They are involved in community development, as you indicated. Community development. They're supporting community-based organizations through the neighborhood fund, through the Pittsburgh Partnership, through CETAC. All of those things are community development oriented, and I think they view this, and I believe it is part of that section of their endowment that they have funded this study, general community development and public use.

MR. ROBINSON COMMENTS

Mr. Givens:

Well, in all the years that I have been on this Council to say that we're going to put \$105,000 and the City's going to put \$35,000 up, and as the Director just so indicated we have 35 miles, 35 miles of riverfront property and that's saying we're going to use, you know, almost just \$1,000 per mile of riverfront property.

MICHELLE MADOFF COMMENTS

Mr. Givens:

It's \$35,000 our contribution. \$105,000 is not going to do it, and I share the same concerns that Bill Robinson shares. Mr. Chairman, I have a lot of questions to ask on this and to dig into it specifically, could we not hold these two bills, No. 2257 and No. 2258, for at least one week?

WHICH MOTION PREVAILED.

(END - MR. GIVENS' REMARKS ON BILL NOS. 2257 AND 2258 - WEDNESDAY, 4/6/85)

Mr. Robinson:

Mr. President and members of Council, on the two bills that relate to the riverfront study, I'd just like to reiterate very briefly my concern from Wednesday relative to the involvement of the Heinz Foundation in this study. I think that we need to have more information as to what it is that the Heinz Foundation will be expecting from the City relative to any results of this study. The Foundation has not in the past been involved in developments except the Allegheny International Stanley Theater Project where they have a substantial involvement and perhaps their interest is much more identifiable. The Foundation itself has not in the past really gotten involved in economic development ventures, certainly not to the projected scale of the results of any riverfront study. If indeed the Heinz Foundation is getting involved in the development field and economic development, then I think we should have a clear understanding of private entities that are willing to help study public issues who themselves may become developers later on down the line.

I raise this concern not to question the credibility of the Foundation or even their civic spirit but it is somewhat unorthodox for us to have this kind of relationship and I think we need more clarification as to what they anticipate and what they expect from the study and what role they are going to play in shaping the direction of the study and its ultimate results.

Michelle Madoff:

I wasn't going to get into this issue but I think it becomes pertinent. If we get minutes of the meetings, the issue that Mr. Wagner has raised about waterfront and being able to use water transportation, the concerns that Mr. Robinson has will automatically come to us because we'll know what they're discussing and we'll say, well, why aren't you discussing other aspects.

The reason I'm disturbed is not only that there was a memo circulated that really almost shut off and could have killed the whole issue of the riverside study pertaining to the Strip District but it also came back to me from three different sources that there was a public meeting and I believe it was, and please don't hold me to it because I haven't checked it, with Bowma and there was a presentation of the various areas of our City that can and need to be developed; Herr's Island, the North Shore and the Strip District. It was stated the Strip District is one area and showed one slide of a parking lot which took about two seconds, and for 25 minutes they talked about the North Shore Development and went on to say, "But we can't develop that for five to ten years."

Well, if we can't develop the North Shore for five to ten years, where are the jobs going to come from? And that's the kind of thing that this Council needs to be briefed on and not kept in the dark. I repeat; we can't be like mushrooms, kept in the dark and fed horse manure.

Also,

Bill No. 2259

A Resolution entitled, "Resolution providing for an Agreement(s) with

consultant(s) to perform a location and feasibility study for a downtown public use heliport for the Department of City Planning." (AS AMENDED IN COMMITTEE)

Which was read.

Also,

Bill No. 2260

A Resolution entitled, "Resolution providing for the filing of an application(s) for financial assistance by the City of Pittsburgh with the Federal Aviation Administration and State Bureau of Aviation for grants in connection with the Airport Improvement Programs; providing for the execution of Grant Contracts and for the filing of other data; to perform a location and feasibility study for a downtown public-use heliport; creating a Special Trust Fund(s) in connection with the Project; providing for the deposit of the funds in a bank account and providing for the payment of expenses from the Special Trust Fund."

Which was read.

Mr. Givens:

On Bills 2259 and 2260, I'd like my remarks from Wednesday to be brought forward. For ten years this Councilman has been asking the Planning Department and two Administrations to put a Downtown public heliport. It's about time the Administration has sent legislation over to this Council requesting some funds for this particular entity. We have lost out ten years in have a public heliport within the Downtown area. It's very dangerous. Some of the other heliports that this City has approved in other areas of the City, dangerous to our health, dangerous to our welfare, dangerous to the people

who are in some of our hospitals and landing on top of the U.S. Steel Building, etc. It might be done in some other cities but I can sit here and tell you it's a dangerous practice.

**BEGINNING - MR. GIVENS' REMARKS
ON BILL NOS. 2259 AND 2260 -
WEDNESDAY, 4/6/85)**

Mr. Givens:

Director, how long have you been here as the Director of City Planning?

Director Lurcott:

Eight years.

The Chair:

How long ago was it I approached you and asked you for a heliport, downtown heliport?

Director Lurcott:

Several times.

Mr. Givens:

Several years ago, like about eight.

Director Lurcott:

Several times, yes.

Mr. Givens:

In fact, I even went and picked out a site for you and I told you the most desirable location, desirable in the fact of the approach, the egress, getting in and getting out of a particular heliport down here, and to my amazement, where we have some heliports within the City of Pittsburgh scared the living daylights out of me. I saw the one up at Mercy Hospital and I tell you from experience it

scares me. Okay? The one in West Penn, when they built —

THE CHAIR COMMENTS

Mr. Givens:

At any rate, I'm very happy that the City now feels it wants to move forward in this particular development. And we're paying \$75,000, I don't know, to go out and do a study —

THE CHAIR COMMENTS

Mr. Givens:

Seventy-five thousand. I'm looking at.

Director Lurcott:

The whole study is \$75,000.

Mr. Givens:

Seventy-five hundred is the City. It would be ten percent, but \$75,000 to conduct the study. You know there's certain expertise I think in this Council and this City. There's only a few places you can really have this place. Believe me, I studied it.

THE CHAIR COMMENTS

Mr. Givens:

I can save the Commonwealth \$75,000, but you go ahead and get your study and everything else.

**(END - MR. GIVENS' REMARKS ON
BILL NOS. 2259 AND 2260 -
WEDNESDAY, 4/6/85)**

Also,

Bill No. 2261

A Resolution entitled, "Resolution providing for the issuance of Certificates of Appropriateness for exterior work on residential structures in the A. MANCHESTER HISTORIC DISTRICT at 1. 1109 Liverpool Street (Block and Lot 22-L-296) in the 21st Ward and the B. SCHENLEY FARMS HISTORIC DISTRICT at 1. 201 Tennyson Avenue (Block and Lot 27-L-70) in the 4th Ward. Also providing for the issuance of Certificates of Appropriateness for exterior work on the commercial structure in the C. MARKET SQUARE HISTORIC DISTRICT at 1. 2 Market Place (Block and Lot 1-H-223) in the 1st Ward."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. O'Malley
Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Stone
	(Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Grabowski presented

Bill No. 2403

Report of the Committee on General Services for March 6, 1985 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2252

A Resolution entitled, "Resolution authorizing and directing the appropriate City Department Heads to implement security and identification measures on all City owned movable property, equipment, and tools, whenever possible." —(SPONSORED BY MICHELLE MADOFF) (AS AMENDED IN COMMITTEE)

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. O'Malley
Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Stone
	(Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. O'Malley presented

Bill No. 2404

Report of the Committee on Public Safety for March 6, 1985 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2253

An Ordinance entitled, "An Ordinance supplementing the Pittsburgh Code, Title Six - Conduct, Article I, Regulated Rights and Actions, Chapter 601, Public Order, Section 601.09, Smoking On Public Conveyances, in Retail Stores, or Elevators, by prohibiting any lit objects in any elevator, and by requiring the warning sign to be made of metal and non-removable." —(SPONSORED BY MICHELLE MADOFF) (AS AMENDED IN COMMITTEE)

Which was read.

Michelle Madoff:

I have an amendment to the bill. The bill will have I guess Section 2 which will read that elevator inspectors, when checking the safety of elevators, will check to see that the sign saying no carrying of lighted materials is in the elevators. That will be done by Building Inspection. It was their suggestion incidentally.

Mr. O'Malley:

Will you repeat that, Michelle, please?

Michelle Madoff:

BBI, when they are checking an

elevator for safety, which they do I believe every year or two, they are now going to look to see that the sign is in the elevator.

Mr. O'Malley seconded the motion.

Which motion prevailed.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. O'Malley
Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Stone
	(Pres't)

AYES 8

NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Wagner presented

Bill No. 2405

Report of the Committee on Engineering and Construction for March 6, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1828

A Resolution entitled, "Resolution providing for a Contract or Contracts, or use of existing Contracts, for construction of New Planter Boxes in front of the City-County Building; and providing for the payment of the cost thereof."

Which was read.

Mr. O'Malley:

Discussion on 1828. I still think \$25,000 is a little exorbitant for planter boxes in front of the City County Building. I think we're all interested in having the proper appearance but I just think that's a lot of money and I'm going to abstain on 1828.

Mr. Grabowski:

Mr. President, on 1828 as well. I'm not sure that it's proper that we're voting on this bill today. As I review the Minutes from Monday, February 25th, Councilman O'Malley made a motion to recommit the bill for four weeks and you can find that on page 255. So, if we're to honor his motion, I don't think we can consider this bill or we shouldn't have considered the bill in Committee until the 27th of March.

The Chair:

Yes, but if you want to move it in front of that period you can, which is what we did on Wednesday. I don't know the reason for holding it for four weeks.

Mr. Grabowski:

That was the motion that was put forth on this floor and the motion that this Council agreed to.

Mr. O'Malley:

The idea was to have General Services go back out and see if we can come up with something suitable that doesn't cost \$25,000. I know PPG has planters, large planters, in front of their buildings for \$1,200 apiece and they're very attractive and they're very appropriate.

Mr. Robinson:

Mr. President and members of Council, on Council Bill 1828 for future reference, at the Robert Morris parking lot where some of us park, there are approximately one dozen cement planters that are about three and a half feet high. Unfortunately, right now they're serving as garbage receptacles. There may be some use that the City can put these planters to that is very productive. They've been sitting there for at least three years; I've never seen any flowers in them. They are cement; I don't know if they would serve the purposes for which this bill is designed but it seems to me somewhere in the City we could use those planters and use them effectively and I would encourage General Services or Parks and Recreation to go up to the Robert Morris parking lot, or a representative of those departments, to look at those planters and see if we could use them somewhere in the City.

The Chair:

Mr. O'Malley, to get back to you. What was the purpose for holding for four weeks?

Mr. O'Malley:

The purpose of the holding which, as I read the Minutes, came up for a vote and was sustained, was to have General Services go back out and see if they can

come up with something that is suitable that's not going to cost the taxpayers \$25,000. I think that's a tremendous amount of money to plant some trees and flowers.

The Chair:

If it's your desire then that it wait for the four weeks, I'll entertain a motion to recommit.

Mr. Grabowski:

So moved.

Michelle Madoff seconded the motion.

Mr. Wagner:

Discussion. Has there been a request made of General Services by this Council for information that Mr. O'Malley requested?

Mr. O'Malley:

Yes. I sent a letter to General Services with the name of a firm that does fiberglass fabrication, the same firm that did the planter boxes for PPG, asking them to look into it to see if they could do some work for the City of Pittsburgh and at what cost.

I also like Mr. Robinson's recommendation. We certainly don't need planter boxes in front of Robert Morris being used as waste paper receptacles. They're attractive planters; I'm sure if some trees or flowers were put into them they would be much more attractive than they are now as garbage cans. I think they might be suitable for out front.

What I'm trying to say is that I think my colleagues and myself agree that we have a lot better uses for \$25,000.

The Chair:

The Chair would like now to get back to the question of whether we're going to recommit in view of the past motion and that will be the issue now. Do you want to renew your motion to recommit?

Mr. O'Malley:

Yes I do.

Michelle Madoff seconded the motion.

Mr. Wagner:

Discussion on the recommittal. Since the request was made for four weeks, to recommit for four weeks, I think it should be granted. It's only been two weeks and hopefully in two weeks we'll have sufficient information to vote on this piece of legislation.

Michelle Madoff:

Mr. Stone, point of rather importance. I've had cement planters and when they get water in them and they crack on the bottom, the fiberglass —

The Chair:

The issue now is not what we're going to plant; the issue is whether or not we send it back to committee.

Michelle Madoff:

But I just want to mention to look into fiberglass as opposed to cement because cement cracks.

The Chair:

The issue is not the kind of box; the issue is whether it goes back to Committee.

Michelle Madoff:

Fine.

Mr. Robinson:

Mr. President, could we instruct the General Services Department to inspect the planters at the Robert Morris parking lot and report to us prior to taking any final action on this bill whether or not those planters can be used for the puposes identified in Council Bill 1828 and/or some other purpose to beautify this City?

Mr. O'Malley:

Add on to that what other avenues or sources have they looked into.

Michelle Madoff:

Why was I out of order and they're both on subject matter that's out of order?

The Chair:

If you give me a chance I'm about to say that.

Michelle Madoff:

I realize I'm female and that's a problem.

The Chair:

She's right. All it is is a matter — You made a motion to recommit. Now, do you want to recommit or don't you?

Mr. O'Malley:

Call for the vote.

The Chair:

All those in favor? Opposed?

WHICH MOTION PREVAILED.

Also,

Bill No. 2264

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a Consultant or Consultants, for Architectural and Engineering Services in connection with the Design of West Penn Pool and Recreation Center; and providing for the payment of the cost thereof."

Which was read.

Mr. Givens:

Discussion on Bill 2264. I indicated no on that because I feel that some \$80,000 for a Consultant or Consultants for Architectural and Engineering — We have our own engineers; we have some 40 of them down there if I can recall. How many, Jack?

Mr. Wagner:

The Engineering Department has approximately 140 people.

Mr. Givens:

And most of them, at least half of them, have to be engineers or engineer-qualified. Why we have to go out for \$80,000 to design a simple thing like a swimming pool when we probably have more swimming pools in the City of Pittsburgh than anybody else, we probably have designed more than anybody else, and I don't know why we have to send out work out. I want to put my remarks on the table for 2264 and I vote no for that reason.

Also,

Bill No. 2266

A Resolution entitled, "Resolution providing for a Contract or Contracts, or use of existing Contracts, for the Construction of Emergency Medical Service Station No. 1, Hamilton and Dallas Avenue, East End; and providing for the payment of the costs thereof."

Which was read.

Mr. Givens:

On Bill 2266, we're spending \$220,000 for the construction of an emergency medical station in the old asphalt plant. I have to say that there's fire houses with people who have been trying to live in these fire houses for many, many years on a 24 hour, seven day a week basis. Where are the priorities in this City? If you've been in a condition that some of these firemen have been living in in these homes throughout the City of Pittsburgh who then should have priority and we're also trying to do some things with our police stations and for some reason they seem to be forgotten angels out there. Here is \$220,000 to be spent to upgrade the asphalt plant building down there to house Emergency Medical. I think this money can be used in other areas to upgrade the Fire Department and Police Department. Are we going to start getting in the City of Pittsburgh of each Medical Service having their own station and our own fire houses and our police stations? I think it's part upon Municipal Government that when we build a building that we house all three departments because all three are functioning in the particular area of public safety. So here we go again building something just for a particular group of people and they're fine people but I think the money can be used in some other locations within Pittsburgh where the conditions where both

firemen, policemen and in some cases emergency medical have been living under the same roof. Let's fix those places up first before we fix up the asphalt plant. That's why I'm voting no on that particular bill, 2266.

Michelle Madoff:

May I respectfully request of my colleague that when that kind of item concerns him that perhaps he has a short post agenda or meets with the people and gets some of the facts. I don't know them but I do know that we had a swimming pool built in Oakland and I think it cost us about three times what it would have cost us and it was built in-house, designed in-house, because we didn't know that there was a sewer that collapsed, we didn't know that there was garbage in the sewer. It was putting raw sewage over the hillside; it was an absolute and utter disaster. Maybe somebody who had done some soil sampling who had liability, who had posted a bond, would not have put us in that position. And that's a good question, that maybe we ought to ask Mr. McDermott and say, "Which way should we be going, do we have enough in-house engineers and do we occasionally have to go out?" I don't think it's the kind of thing we should sit here and say, "I'm not going to vote for it because we have enough people in-house." I don't know that we do or we don't.

Mr. Wagner:

Mr. President and members of Council, since this is my committee I'd just like to comment on both pieces of legislation.

The engineering and architectural work that is being done by outside contractors or outside consultants, if we were to do all that work in-house that department alone would need anywhere

from 400 to 500 people working within the department which is good on the surface when you think about it. However, that department has peaks and valleys in terms of the work that they do and possibly every two years or every three year they would be forced to lay large numbers of people off. Where we can predict the type of work and the number of people that are doing the work much better I personally believe it's good to have those people working in-house and not to sidetrack but I think something like a street lighting maintenance contract where you know you're always going to be maintaining street lights from now until the year 2000, you can employ a predictable number of people. The problem is in engineering and architectural work you cannot. Therefore, that's the reason why Mr. McDermott has chosen to go outside with a considerable amount of this work.

The Chair:

Is there any further discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 7 NOES 1

(MR. GIVENS VOTING NO)

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 2225

A Resolution entitled, "Resolution providing for a Contract or Contracts, or use of existing Contracts, for the 1985 Tree Planting Program at Various Locations within the City of Pittsburgh; and providing for the payment of the costs thereof."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. O'Malley
Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Stone
	(Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

MOTIONS AND RESOLUTIONS

Mr. O'Malley:

Mr. President, at this time I'd like to have Miles Fitzhenry who is representing the Irish Centre of Pittsburgh and Jim Toomey who is representing the Knights of Equity come up to receive the resolutions, please.

I think everyone is aware that this is what we call Irish Week in the City of Pittsburgh. March 17th is St. Patrick's Day and the St. Patrick's Day Parade will be held next Saturday.

I'm sorry I forgot Dick Cosentino but we tried to figure out how Mr. Cosentino got in on an Irish resolution and we found out that Dick is on the Board of Governors of the Irish Centre and we're glad to have him here today.

Michelle Madoff:

Jim, the Mayor of Dublin once was Jewish. Remember that.

Mr. O'Malley:

Right but he's not here either, Michelle.

Mr. O'Malley presents (Co-sponsored by Mr. Givens and Mr. Wagner)

No. 2406 WHEREAS, Irish Americans have played an important part in the growth and strength of the City of Pittsburgh; and

WHEREAS, Irish Americans have made numerous contributions to music, the arts, literature, and architecture of the City of Pittsburgh; and

WHEREAS, the Irish American continues to be an integral part in the success and progress of the City of Pittsburgh; and

WHEREAS, Jim Toomey, President of the Knights of Equity, Ed Fay, President of the Ancient Order of Hibernians, John Nee, President of the All Ireland Athletic Club, and Pete Mulkerrin, President of the Irish Centre, have through their respective organizations, furthered the involvement of Irish Americans in the City of

Pittsburgh; and

WHEREAS, the month of March is known all over the world as the month of the Irish and Irish American; and

NOW THEREFORE,

BE IT RESOLVED, that the Mayor and the Members of City Council hereby recognize and commend Jim Toomey, Ed Fay, John Nee, Pete Mulkerrin, and all Irish Americans for their dedication, devotion, and service to the residents of the City of Pittsburgh, and extend our sincere gratitude to them for their past, present, and future contributions in making Pittsburgh the number one place in which to reside.

Mr. O'Malley moved to adopt the resolution.

Mr. Robinson seconded the motion.

Which motion prevailed.

Mr. Robinson:

Mr. President and members of Council, I'd like to congratulate these gentlemen and the organizations they represent. I think certainly their attempts to make this a better place are conducted in the finest traditions of ethnic heritage and they should feel proud of their heritage as should all the other people in the City who belong to various heritage groups. I certainly congratulate you for carrying yourself in a high fashion and always looking out for Pittsburgh first. Congratulations.

Mr. Toomey:

On behalf of the Knights of Equity and our Ladies Auxilliary, the Daughters of Erin, I'd like to thank members of City Council for this resolution. It is deeply appreciated, especially being a resident

of the City of Pittsburgh myself. All I can say is thank you very much.

Mr. Fitzhenry:

On behalf of the Irish Centre of Pittsburgh I'd like to thank you all for this resolution; we are very proud to receive it. Thank you.

Mr. Cosentino:

Even though I cannot claim any Irish ancestry, I am certainly proud to be a member of the Board of Governors of the Irish Centre and I too would like to express our sincere gratitude to City Council for this very timely and significant recognition. Thank you.

Mr. Wagner:

Rich, can you arrange to have green water for Sunday?

Mr. Cosentino:

We'll try our best and it will be potable too.

Michelle Madoff:

If not, can we have holy water?

Mr. Cosentino:

Some of that too.

The Chair:

Some people may say, "Can we have water?"

Michelle Madoff:

Twenty-five thousand families asked that question.

Mr. Givens:

Mr. President, I would be remiss if I didn't say a few words about our distinguished gentlemen that are up here today and the fact that I am a participating member in two of the four Irish ethnic groups that have been mentioned here.

I think what Jim is trying to say is that although it is Irish I think it's the spirit of what the Irish ethnic background brings and the fact that it does include the Italians and the Polish and the Jewish community. It includes everyone because of the culture and the music and everything else, including our political contribution that the Irish Catholics have made to the City of Pittsburgh and the surrounding area right here I think is something because they do include all the groups and all the organizations and that the contributions that they have made that so many of us in our various neighborhoods like Oakland. If you look at Oakland and if you look at some of the other areas of the City of Pittsburgh where the Irish have been brought up, the teachings, the teachers who have taught were in our parochial school system especially, and the discipline that they have given us during this Catholic teaching is something that I think is spread over everyone and the underlining tone of what Irish means to me and I think the rest of the community is love; love for our fellow people, love for our church, love for our community, and I think that's what Irish heritage really means. Thank you, Mr. President.

The Chair:

Thank you.

Mr. Robinson:

Mr. President and members of Council, I have two resolutions today.

The first one honors and recognizes a gentleman who could not be with us due to health. That is the Reverend J.A. Williams who is the Pastor of Baptist Temple Church. Reverend Williams has the distinction of having served in his pulpit for 40 years which in itself is I think is a tremendous accomplishment. We were honored two years ago by his presence on his 38th anniversary and again we have been requested to so honor him by way of resolution.

Mr. Robinson presents

No. 2407 WHEREAS, the Reverend J. A. Williams, Pastor of the Baptist Temple Church of Pittsburgh, Pennsylvania has dedicated more than most to the service of God; and

WHEREAS, his outstanding contributions to the National Association for the Advancement of Colored People, Young Men's Christian Association and active participation in numerous community endeavors have brought honor to his service and to Baptist Temple Church; and

WHEREAS, he is now one of the "Senior Pastors" in the Pittsburgh Community and in the local, state and national religious associations he has served; and

WHEREAS, the City of Pittsburgh is proud and honored, as are his family, friends and associates, that he has devoted nearly a half century to our community.

NOW, THEREFORE,

BE IT RESOLVED, that the Mayor and the Council of the City of Pittsburgh on behalf its citizens do recognize and honor the Reverend J. A. Williams on the occasion of his Fortieth Anniversary of his pastorate of Baptist Temple Church,

Homewood-Brushton, City of Pittsburgh and wish him continued good health, peace of mind and God's Blessing.

Mr. Robinson moved to adopt the resolution.

Mr. Wagner seconded the motion.

Which motion prevailed.

Mr. Robinson:

Thank you, Mr. President and members of Council. I had the honor of presenting this resolution to Reverend Williams yesterday. Yesterday was the first day he was back in the pulpit since early in January and certainly his heart was warm that we would take time out from our busy schedules to honor him for 40 years of service to God and to his Church.

The second resolution I have to offer also is one that gives me a great deal of pleasure to do. As you know, there are many outstanding people in our community that we honor from time to time and they're all deserving of it.

This gentleman who I would like to have come forward is sort of like an institution in our community. Unfortunately, he will be leaving the No. 1 City and going to some other city but we certainly have enjoyed him and he has helped to make this City No. 1.

If Mr. Art Pallan would come forward please, along with his daughters Andrea Welsh and Anne Olescyski. Mr. Pallan as you know recently retired from KDKA radio; he has been an outstanding radio personality in this community for a lot of years. In fact, Mr. Pallan was on the radio for as long as I've been alive for 43 years and that's quite an accomplishment for both of us.

Mr. Robinson presents

No. 2408 WHEREAS, Art Pallan is a native of the City of Pittsburgh; and

WHEREAS, he has served the Pittsburgh community with distinction, as well as being a devoted husband, father and grandfather; and

WHEREAS, he is known as "Your Pal Pallan" to his listening family; and

WHEREAS, he began his broadcasting career in 1942 at Pittsburgh's WWSW and has been at KDKA Radio since 1956 where he brightened countless days; and

WHEREAS, he has been an active participant in the annual Children's Hospital Campaign and Telethon; and

WHEREAS, he has been a Board Member of the Myasthenia Gravis Association of Western Pennsylvania and was honored by the organization with the Art Pallan Humanitarian Award, an award established in his name for his contributions to the community; and

WHEREAS, he serves with his wife, Shirley, on the National Board of the Theos Foundation; and

WHEREAS, he is an honorary member of the Rich-Mar Rotary; and

WHEREAS, he has distinguished himself, his family, and friends, as well as the citizens of our City, through his work and contributions to the community.

NOW, THEREFORE, BE IT RESOLVED, that the Mayor and the Council of the City of Pittsburgh, on behalf of its citizens does recognize and honor Art Pallan on the occasion of his retirement and wish him and his family success and God's blessings as he

continues in service to others and the enjoyment of his retiring years.

Mr. Robinson moved to adopt the resolution.

Mr. O'Malley seconded the motion.

Which motion prevailed.

Michelle Madoff:

Discussion. I just want one question. Can I have a few pointers? I only have 13 weeks to prove myself. Did you say I could have that?

Mr. Pallan:

I bequeath to you the Rainbow Machine, the Incredible Rainbow Machine; treat it kindly. By the way, you can park it anywhere you want and get away with it.

Michelle, I wish you the best of good fortune; I know that it is a frightening career to get into.

Michelle Madoff:

I'm not scared.

Mr. Pallan:

I was the first day too. Best of luck on your show and continued success to you.

I want to thank Council very much for this honor; I am very humbled. I am blessed in that I have been in the business that I love so much; I am blessed that I was at the No. 1 radio station not only in Pittsburgh but all over the country; and I am blessed that I had all this to do in the No. 1 City in the nation. If I had it to do over again I'd do it exactly the same way and right here.

Thank you and God bless you.

The Chair:

Thank you.

Mr. Wagner:

Mr. President and members of Council, you know that I put into the budget for 1985 the position of marketing coordinator within City government. The position is an individual that would report directly to the Mayor. The purpose of the position is to have someone coordinate the various activities that go on within the City of Pittsburgh in terms of marketing this City and attracting new business, conventions, tourism, and in short bringing more people, money, and hopefully, jobs to the City of Pittsburgh.

We have not been successful in filling that position. Therefore, I am going to make a motion on the floor that somewhat relates to that position or a movement towards the position. Mr. President and members of Council, the motion is to establish a marketing sub-committee on Council consisting of several Councilmembers and representatives of various organizations concerned about promoting and selling Pittsburgh.

The purpose of the sub-committee is to insure a well-coordinated approach to get maximum return on not only selling our City but our recent rating of being No. 1. I think it ties into it quite well. Pittsburgh cannot afford a splintered or disorganized marketing plan. We must utilize this No. 1 rating to attract new business, conventions, tourism, and promote our cultural activities, educational programs, health services, sports teams, etc.

As I indicated, the bottom line is

to bring investment and to bring in jobs. I believe Pittsburgh is a package and its got to be promoted and sold aggressively in a well-coordinated fashion.

I know also that I sound like a broken record because I brought this up here on the floor repeatedly since the passage of our budget and I will continue to do that. My motion to create a sub-committee and to include some very important groups such as representatives of the Greater Pittsburgh Chamber of Commerce, the Golden Triangle Association, the Visitors and Convention Bureau, the Convention Center, possibly Penn Southwest, possibly any group that is concerned about marketing Pittsburgh including the media. The media plays an extremely important part here. Already within two weeks since we've had the No. 1 rating we see various groups going off in their own direction, in their own way, to market that No. 1 rating. I personally don't feel that's the manner in which we should be approaching this. It should be a well-organized plan to sell this City. We have a once in a lifetime, I believe, opportunity to get a return on that rating that has been given to us.

For that reason, I am making the motion to create a sub-committee and I am hoping you will support that motion.

Mr. Givens seconded the motion.

Mr. Robinson:

Mr. President and members of Council, I think Councilman Wagner should be commended for continuing his crusade on behalf of not only our City but on behalf of some sort of coordinated approach. As this Council is aware, both the Convention Center and the Convention Bureau are in the process of trying to find possibly one person to head up both organizations to coordinate the kind of effort that Councilman Wagner is

speaking to and I would encourage this Council through its President to find out exactly what the status of that process is. Both organizations have search committees but there are some serious discussions about hiring one person who could indeed coordinate the effort to not only sell the City but to sell the utilization of our Convention Center.

Secondly, I think it's important for us to remember that this Council approved the creation of an Economic Development Commission. Part of the role of that Commission would be indeed to set the economic game plan for this area and in doing so certainly that becomes a selling tool, a selling mechanism. I think we should press the Administration, the Mayor specifically, to appoint eleven distinguished Pittsburghers to that Economic Development Commission; possibly some of the same groups that Councilman Wagner mentioned could be represented.

Third, I think that it is important for the Council to be involved in any efforts that relate to the promotion of our City, if for no other reason we as legislators set the rules and regulations as to how people do business in our City, and we do approve major projects for the development of our City.

On several occasions I had made reference to the budget that the Mayor of Washington, D.C. has which is \$1 million to promote the Capitol City. I'm certainly not suggesting that we give to Mayor Caliguri \$1 million to promote Pittsburgh but I am suggesting that we join with him and encourage him to work with us in promoting this City. I think Councilman Wagner's idea of a sub-committee on this Council may indeed show our continued commitment to do this and if there's anything I can do to help Councilman Wagner in this regard I certainly pledge myself to do so.

Michelle Madoff:

I'd like to share with my colleagues that next Friday morning I will be in Boston. Boston is upset that Pittsburgh is No. 1 as the most livable city and they want to debate the issue and I will have a tee shirt that says, "It's hard to be humble when you're from Pittsburgh" but by Monday I will have tee shirts for all of us, maybe we ought to wear them one day, and also for the news media who to have little black and gold trucks, who do sell ads and hopefully do very well to pay their salaries because this is a great City to live and work in and have jobs.

I think that Mr. Wagner's point is very well taken. Perhaps if we would have had a person in that job already I wouldn't have been asked to go, that person would have been asked to go, and that would be nice too.

Mr. Wagner:

May I comment once more prior to voting? I appreciate totally what Councilwoman Madoff is saying in that she has a slogan on a tee shirt describing Pittsburgh. The problem is that we have 20 slogans describing Pittsburgh. Pittsburgh, the City with the Smile; Pittsburgh - No. 1; It's hard to be humble when you're from Pittsburgh; plus a dozen others. And that's exactly the problem. The rest of this country needs to know this City by one slogan and the only way we can come up with one slogan is to get the proper people together and have a well-coordinated marketing plan.

We have a golden opportunity for a golden city because we're rated No. 1. What I'm suggesting is that this Council should take the forefront, set the direction, set the pace, be aggressive, bring all the people together, and let's create the slogan, let's create the plan,

and let's market the plan and let's get the return that is due as a result of this No. 1 rating. And the return basically can only help the residents of this City by bringing additional revenue and hopefully additional jobs back to Pittsburgh.

Mr. Givens:

I'd just like to make one quick comment, if I might, Mr. President, and that is the fact that when you go into some states in this nation of ours you'll find that 50 percent, 70 percent, of their total income is derived from tourist trade. I think it's about time that we in the northeastern areas and especially the No. 1 City of the country designate the City of Pittsburgh.

It's interesting to note that today as we sit here there are two different movies being made within the City of Pittsburgh. We have I think that type of architecture that lends itself from the mid-1850's to the present date. We have the hills and the valleys and the snow and the mountains and the rivers and the foliage that lends to making anything that the movie industry would like and I think why do people move to California and it's because many of the movies were shot out in California. Why did people move to Florida? Why are people moving to Hawaii? It's because of the movies that are being shot out there showing the beauty of that particular surrounding community.

One other thing, Jack, I'd advocate to please get with out Finance Chairman; he can't do anything without money.

The Chair:

All in favor? Opposed?

WHICH MOTION PREVAILED.

Michelle Madoff:

Last item, to share some information. I sent letters to the appropriate department heads, namely Mr. McDermott and Mr. Smith, to request some information on the following; with reference to introducing legislation on whatever is needed to make our Water Department function efficiently so that we don't have a repetition of the disaster we had a few weeks ago; a water tanker ordered immediately, preferable two, they can be old milk trucks repossessed used for hospitals for years; review all forms of applications for waterline meters and tap-ins and the billing process; updating the worthless maps that show waterlines before placing new apparatus; meter readers, send cards to cut back on expenses but do this through attrition, no firings; list the supplies immediately, back hoes, water tankers, pumps, stand-by clamps, pipes, et al; lighted barricades must be ordered, at the episode with the 25,000 people without water the barricades were not lit and it was a rainy, dark night and it was practically a swimming pool; we need a stock control system; we need job descriptions and qualifications of personnel in sensitive areas, those with experience and proper jobs; make sure that water trucks are made available for any leak that is projected to take at least three hours to repair; set up a mechanism to inform the Fire Department as soon as possible, we were late in doing that; inform public through media and the government station will carry updates on any public disaster, particularly on a water leak, notifying the papers and commercial stations, TV and radio, on a regular basis; arrange for a procedure to have a core of engineers and the reserve have water buffaloes available when needed; make sure our water taners are in tip-top shape which they were not; and last but not least,

Michelle Madoff, as head of the Water Committee, is to be notified of every substantive leak as soon as possible at her home or office, no matter what time of day or night.

This is for Mr. Wagner. This is not the first time; it's the 29 hundredth time. Send it to the appropriate agencies; let's see if we get a request. If we don't I don't know what we do.

Mr. Givens:

Mr. President, I was interrupted when I indicated on the earned income tax that that discussion that I had Wednesday be brought forward and our invoices and that corrective action be taken there and that the remarks that I had indicated previously here be brought forward.

(BEGINNING - MR. GIVENS' REMARKS - WEDNESDAY, 4/6/85)

Mr. Givens:

My question has to deal with the earned income tax and here we are again, you know, another 30, 40 days after I brought up the discrepancies within these forms. And looking at them right now I can't see how our Finance Department can even make a payment on this one. I can't read it. It's so blurred out. And here's the net return, local income tax, you can see the final figures over here, I can't read who it belongs to or anything else. Again, this is the Pittsburgh Form #40, which is the income tax of that particular individual.

Now, Director, I feel that there are certain privileged information on this document right here. Yes, Council has to approve it, but I can't even discuss it openly because if I would do so and used the person's name — I would hate to see my income tax, or I think any of you

Councilpeople would hate to see your income tax come right down here and for anybody to just browse all over it, anybody in our Finance Department or anything else. What I'm saying here, and I said it before, there has to be some worksheet that you supply this Council, and even your own people down there. It has to be privileged information when a person gives a tax form within the City of Pittsburgh, even if this Council has to approve it. We should not be looking at the actual document. And looking at the actual document itself it's just horrendous. I see lines scratched right through and figures put there with not even an initial, you know, and I've seen some forms where if Dick Givens had signed this form right here, and I'm under oath, and I'm sworn to this, that what I put in here are my figures, and for somebody to come — and then I have a tax fight with say the State or Federal government and have to go back and pick up my City Form #40 for my tax form, and take that into any, and take me into any court, any legal proceedings where my tax form has been zeroed out and some other amounts of money put in there, either it be a refund, which is fine, or one that I might even owe the City more money. I don't want anybody messing with my forms.

Someplace, somewhere, this Administration, Director, has to get some type of a form or worksheet where they can work with or copy of and send it on up to us where it looks reasonable. No one should be able to touch, alter, line through, or anything else, my tax form, and that's what they're doing right now down your department. Can you please address that?

THE CHAIR COMMENTS

Mr. Givens:

This is part of our invoices that

we are approving today.

THE CHAIR COMMENTS

Mr. Givens:

I have to approve this right today. You're approving this, Ben.

THE CHAIR COMMENTS

Mr. Givens:

I can look at any invoice that comes up and ask any question I dare ask.

THE CHAIR COMMENTS

Mr. Givens:

Any question I dare ask. This is an invoice that nine of us are going to approve here today. I have to look at that invoice.

THE CHAIR COMMENTS

Mr. Givens:

We have a problem. I don't have a problem, I think the Director has a problem, and I think nobody should be crossing through people's Pittsburgh Form #40. Now could the Director respond?

Director Schmeiser:

I'd be glad to respond. First of all, I am very concerned that you have a copy of that return. This is confidential information.

Mr. Givens:

I don't have a copy of it. Excuse me, this copy is right in this pile I'm approving right now.

Director Schmeiser:

Well, you're approving the total. Your Budget Office has checked that and has indicated it is correct.

Mr. Givens:

What authority do you have to alter that form, anybody's form?

Director Schmeiser:

We absolutely have authority to alter the form. The Internal Revenue Service alters forms.

Mr. Givens:

To do what?

Director Schmeiser:

To correct it, to correct the form.

Mr. Givens:

To zip through a line and add to and subtract from without even initials?

Director Schmeiser:

That's right. The Internal Revenue Service does the same thing. We know who does the work. We have control over who works on what returns. But you —

Mr. Givens:

Okay. Good.

Director Schmeiser:

But you should not have a copy or access to copy of somebody's tax return.

Mr. Givens:

I agree, totally. How can I

approve —

Director Schmeiser:

It's very upsetting to me.

Mr. Givens:

— something if I don't look at it?

Director Schmeiser:

You're not supposed to approve it. Your Budget Office has looked at it, now you have to rely on the Budget Office. We can't make these tax returns available to everybody. It's confidential information.

Mr. Givens:

Absolutely. Did I divulge any confidential —

Director Schmeiser:

You're looking at it. You shouldn't even look at it.

Mr. Givens:

No, no.

Director Schmeiser:

I don't know, maybe it's on television.

Mr. Givens:

Are you telling me not to look at it, Director, when I have to approve it? What do you think I am, an ass?

Director Schmeiser:

I'm not going to answer that.

Mr. Givens:

That I'm going to approve something — no, I'm asking you. Maybe the question should be asked to you. Do you think that this Council, this Councilman or any other Councilman is going to approve something, approve something that I don't thoroughly review? Do you think I don't review these documents as they come through? And you don't think I have the right to look at the background information on these documents?

Director Schmeiser:

Well then we are going to have to have some other procedure, that's right, because we cannot make available tax returns to Councilpeople.

Mr. Givens:

It's just not the Councilpeople.

Director Schmeiser:

Or anybody.

Mr. Givens:

It's to our staff. I have to appreciate our staff might be looking at them too.

Director Schmeiser:

Your staff, yes, but it has to be a limited number of people who look at it.

THE CHAIR COMMENTS

Mr. Givens:

And I have a problem. I have a problem with that, Mr. Chairman, in the fact that I don't want my forms to be altered, and I don't think anybody else within the City of Pittsburgh —

THE CHAIR COMMENTS

Mr. Givens:

Hold it. The Director was giving us a reply. I'd like to hear totally his reply.

Director Schmeiser:

Once those returns are received by us they're no longer the taxpayers' returns, they're our returns and we can alter them to correct them, which we do.

Mr. Givens:

You alter someone's notarized forms?

Director Schmeiser:

Yes, to correct them. That's right, we do that.

Mr. Givens:

That's the way we do it, that's the way everyone else does it, huh?

Director Schmeiser:

That's the way the Internal Revenue Service does it. I've seen my return in the hands of the Internal Revenue Service with alterations, yes.

Mr. Givens:

I would like to see someone alter my forms I sent down there. I would love to see someone do that, scratch through.

Director Schmeiser:

To correct them.

Mr. Givens:

Who is to know who has altered

that particular form? I send in a form, I make a correction because I have an error, or I line through it and put my initials. Generally that's the way you do it in the financial institution, you put your initials. I don't even see one initial beside any of these crossthroughs.

Now there's a dispute between the taxpayer and the City of Pittsburgh, holy heck, the forms are altered like crazy. I think you better clean up your act down there.

I'm not just finished right now. I want to know what the Director is going to do to stop this type of nonsense.

Director Schmeiser:

Well, I'd like to stop sending tax returns up to Council, yes.

Mr. Givens:

Oh, then how the hell am I going to approve them. Good. Are you going to put a worksheet?

Director Schmeiser:

Because I don't want you holding it up on television, somebody's tax return. It's that simple.

Mr. Givens:

I don't want to hold it up either. But that's the document that you're sending up here. Are you saying you have a problem within your department? I say you have a problem.

Director Schmeiser:

I don't think we have a problem.

Mr. Givens:

That's why I asked you to come to

this table. What are you going to do to keep this form from coming up to me?

Director Schmeiser:

Well, we're going to have to work it out with your Budget Office as to what's necessary.

Mr. Givens:

You're going to have to send up a worksheet.

Director Schmeiser:

Are you going to be satisfied with a worksheet, Mr. Buckley?

Mr. Buckley:

Well, we can get together on that.

Mr. Givens:

I think the worksheets would be appropriate.

Director Schmeiser:

Then we'll send a worksheet.

Mr. Givens:

And no markings should be made on anybody's return.

Director Schmeiser:

Well, we're going to continue to make markings. They're only corrections. Those corrections are checked by the Budget Office and by the Controller's Office before a refund is made.

Mr. Givens:

Well, I looked at some 1983 documents that came before this Council

and I mean to tell you, and I so indicated up here, that I want to look into that because some of the lines and some of the — there's no justification. Sometimes I can't even find out why we're making the refund. There's no justification behind it, just a lot of things that are lined off in the person's Pittsburgh Form #40.

Director Schmeiser:

Anything that's lined off is only corrections.

Mr. Givens:

And a refund thing on the front of it saying this guy's getting, you know, is to get a refund. For what reason? For what reason, that's all I want to know, for what reason is he getting a refund. Here's the thing right here, it doesn't even say why the person is getting a refund. I'm looking at a worksheet.

Director Schmeiser:

That's not a worksheet, that the signoff.

Mr. Givens:

It shows no reason why that person is getting a refund. Does that mean to me then how can I be assured that someone's not doing a little hanky panky work down there in the Finance Department by just a good friend comes in, he just goes boom, boom, boom, and the guy —

THE CHAIR COMMENTS

Mr. Givens:

Wait a minute. Hear me out. And it says "refund" on this and I don't have any documentation to back me up. Sure, maybe the person moved out of the City

of Pittsburgh and rather than hitting them for 12 months he was only, say, hit for three months. Okay, there's no problem with that, but I want some type of a statement as to why I'm making this refund, because it's this Council that's making the refund. We have to approve it. Only this body can approve a refund, and the documents I'm looking at, very disgraceful.

THE CHAIR COMMENTS

Mr. Givens:

Don't tell me I shouldn't be looking at them.

Mr. Finance Chairman, you better get on the stick and get some type of a document to me or I'm not going to approve any one from now on in. I submit to my fellow Councilmembers, take a look at them. Take a look at them. See the worksheet. There's no worksheet, there's no documentation coming forward indicating what the refund is for. Then I look at a person's Pittsburgh Form #40 and that's the worksheet. That is, in fact, the worksheet. Get a worksheet up here ad explain to us, because otherwise I'm not going to approve any of the bills and all the earned income on today's bills mark me down as not voting. No. And I'll continue to vote no until I see a change. And when I ask for the background documentation —

THE CHAIR COMMENTS

Mr. Givens:

Hold it. You're telling me something, don't show him the Pittsburgh income tax forms. Then I want to see a good worksheet, okay?

THE CHAIR COMMENTS

Mr. Givens:

I stated that? Maybe I didn't state it emphatic enough because I stated it 40 some days ago and I'm still getting the same response.

(END - MR. GIVENS' REMARKS - WEDNESDAY, 4/6/85)

Mr. Givens:

Secondly, Jim O'Malley I think you would be interested to note that legislation was introduced into your Committee, Committee on Public Safety, Bill 2254 which was a communication from Glenn Cannon, Deputy Director of the Department of Public Safety. He is, I believe, the Deputy Director of Emergency Medical Services.

The legislation so indicated to attend the National Fire and Rescue Instructors Conference. I wondered about that. It has nothing to do with rescue per se. It is the 1985 Fire Department Instructors Conference but yet this legislation is saying that it's the National Fire and Rescue Instructors Conference. They are two different entities, they're misleading in scope, and I would hope that Jim O'Malley would look at his legislation, see what type of event these people are going to.

Actually, I see an undercurrent right now with the Department of Public Safety. Here we have an EMS person going to really a conference on firefighters, Fire Department, 1985. And I don't think we should be sending somebody to an area where he's going to be lecturing at for some reason where in fact it's not part of his on-line duties. I think we should take consideration and the fact that this is coming up this particular week, that we reconsider that bill, 2254, and either get legislation in

that depicts what the person is going to go out there for or cancel this bill, 2254.

The Chair:

Is this a bill that's coming up?

Mr. Givens:

The bill has already been voted on by this Council but it was inappropriate. The language of the bill itself did not reflect the purpose of what the person was going out there for and I think therefore the bill is in error and it should be pulled and that this Council should not pay for it because this bill will come up again for payment and if it comes up under that Fire and Rescue then I have deep concern that that was not what the person was going out there for. I think he's going out there for his own entity, to expand, if he wants to, in his own Emergency Medical Service. There's an undertone here, Mr. President, that deals in with the old Public Safety thing, something that I felt very strongly about in the budget session of last year. I felt very concerned about it when Council finally adopted that over my objections, and now I see undercurrent, that here is a person in Emergency Medical getting into the baliwick of which is predominantly that of the Fire Department of the City of Pittsburgh. I think this Council, it's incumbent upon this Council to take appropriate measures when it comes down to financing certain things here that we have division and separation of authority within the City of Pittsburgh. Right now I can't see that happening. We're going to have both Emergency Medical people out there and I know we have people from the Fire Department that are going to be out there at that particular instructor's course.

Now, who is instructing in Fire? Is it the Fire Department or is it EMS? I

think we should answer that question.

The Chair:

I'll entertain a motion on the Minutes.

Mr. Givens:

Mr. President, I asked for clarification right here and you're adjourning the meeting. I was hoping that I would get some comment from you as to your looking into this and find out --

The Chair:

If the Chair heard you correctly, you wanted to hear from the Chairman of Public Safety. Since he's not here I can't ask him.

Mr. Givens:

Then as the President of this Council I'd ask you to get in contact with him and ask our finance section within Council to review this bill, 2254, which we passed on and find out if in fact the nomenclature of the National Fire and Rescue Instructors Conference has nothing to do with what I feel the subject will be going out there to be discussed on. As a result, I don't think that this City should pay for trips when it's dealing in with somebody else's authority.

The Chair:

Dick, I think you made that point four times.

Mr. Givens:

I made it four times; I'll make it five times. What I'm asking this body to do is look into -- Will you look into this legislation for me? Because it's going to

come up for payment, Mr. President, and I'm going to refuse to pay it.

The Chair:

Dick if it bothers you that much, why don't you go to the Chairman of that Committee and ask him?

Mr. Givens:

The Chairman of that Committee got up and walked out while I was discussing the bill. And I ask you, Mr. President, as our President, to do something about this.

The Chair:

You give us the information and we'll hand it --

Mr. Givens:

I've just given you the information right now. I just told you that the description that was given to this Councilman, the description that's in Bill 2254, is not applicable to the --

The Chair:

Mr. Givens, the Chair is not intending to argue with you. If you will present to me something that indicates what your concern is, I will then since you have difficulty doing it, communicate it over to Mr. O'Malley and we'll get an answer for you. If I don't receive it from you I will not communicate it.

Mr. Givens:

Why do I have to give it to you in writing when I just gave it to you verbally? It's in the Municipal Record.

The Chair:

Linda, get the information from him and give it to Mr. O'Malley.

Mr. Wagner moved to approve the Minutes of Monday, February 25, 1985.

Mr. Givens seconded the motion.

Which motion prevailed.

And on the motion of **Mr. Wagner**

Council adjourned.

Municipal Record

Proceedings of the Council of the City of Pittsburgh

VOL. CXIX

Monday, March 18, 1985

No. 11

Municipal Record

ONE-HUNDRED TWENTY-THIRD COUNCIL

ROBERT RADE STONE President
MICHAEL PERRY City Clerk
LINDA M. JOHNSON ... Asst. City Clerk

Pittsburgh, PA
Monday, March 18, 1985

PRESENT:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

PRESENTATIONS

Mr. Givens presented

No. 2409 Resolution providing for the issuance of a warrant in favor of Jendoco Construction Corporation in the amount of \$3,062.73, for shift

differential payments in connection with the TV Production Facilities/Cable Bureau Offices, 9th Floor Renovation Project, chargeable to and payable from Code Account CC, Department of Public Works, Bureau of Cable Communications.

Which was read and referred to the Committee on Finance.

Mr. Givens moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Grabowski seconded the motion.

Which motion prevailed.

Also,

No. 2410 Resolution providing for an Agreement or Agreements, or the use of existing Agreements, between the City of Pittsburgh and the Commonwealth of Pennsylvania for the paving of Carson Street from South 10th Street to South 18th Street, at a cost not to exceed \$67,500.00, payable to the City of Pittsburgh's Asphalt Reimbursement Trust Fund.

Which was read and referred to the Committee on Public Works.

Mr. Givens moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the

agenda this Wednesday.

Mr. Grabowski seconded the motion.

Which motion prevailed.

Michelle Madoff presented

No. 2411 Resolution providing for a Contract or the use of existing Contracts for the installation of a One Call System at the Department of Water Meter Shop, including payment of monthly service charges, at a cost not to exceed \$3,000.00, chargeable to and payable from Code Account No. 1930, Miscellaneous Services.

Which was read and referred to the Committee on Water.

Mr. O'Malley presented

No. 2412 Communication from John Harpur, Acting Chief, Bureau of Public Safety, requesting authorization for Paul J. Imhoff to attend the Executive Board Meeting of the Association of Major City Building Officials in San Francisco, CA, from April 17-19, 1985, at a cost not to exceed \$450.00, payable from Code Account No. 1476, Misc. Services; and also to attend the Annual Meeting of the Council of American Building Officials at the Sheraton Waikola Hotel in Hawaii, April 20-25, 1985, at no cost to the City.

Which was read and referred to the Committee on Public Safety.

Mr. Robinson presented

No. 2413 Resolution providing for the implementation of a Residential Permit Parking Program in the Wallingford Street area of Shadyside pursuant to Pittsburgh Code, Chapter 549.

Which was read and referred to the Committee on Planning, Housing and Development.

Mr. Wagner presented

No. 2414 Resolution further amending Res. No. 1210, eff. January 1, 1984, as amended, entitled, "Resolution adopting and approving the 1984 Capital Budget and the 1984 Community Development Block Grant Program, and approving the 1984 through 1988 Capital Improvement Program," by increasing and retitling a line item and adjusting the Summary Totals.

Also,

No. 2415 Resolution amending Res. No. 342, eff. May 1, 1984, entitled, "Providing for a Contract or Contracts for the Demolition and Reconstruction of the Baum Boulevard Bridge over Conrail and the East Busway, including the necessary work on private property and other work incidental thereto; providing for a Reimbursement Agreement or Agreements with the Commonwealth of Pennsylvania, Department of Transportation; and providing for the payment of the cost thereof," by increasing the total project allocation from \$3,177,000.00 to \$3,600,000.00, chargeable to and payable from the Baum Boulevard Bridge Trust Fund.

Which were read and referred to the Committee on Engineering and Construction.

Mr. Wagner moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Woods seconded the motion.

Which motion prevailed.

Mr. Woods presented

No. 2416 Resolution providing for the issuance of a warrant in favor of Virginia Pease services rendered in connection with preparation of transcript of hearing "Brown V. Flaherty", at a cost not to exceed \$1,150.00, chargeable to and payable from Code Account 1048, Misc. Services. Prior approval granted by Council March 8, 1985.

Also,

No. 2417 Resolution providing for the issuance of a warrant in the aggregate amount of \$12,500.00 in full settlement of a claim for personal injuries by Danielle Glass, a minor, payable from Code Account No. 46, Judgments.

Also,

No. 2418 Resolution providing for the issuance of a \$990.93 warrant in favor of Lawrence Murphy for automobile damage by a Bureau of Fire vehicle, payable from Code Account No. 46, Judgments.

Also,

No. 2419 Resolution providing for an Agreement or Agreements between the City of Pittsburgh alone and/or with the School District of Pittsburgh and/or with the County of Allegheny and Real Estate Appraiser or Appraisers for professional and consulting services in connection with the City's sale or acquisition of real estate and real estate tax assessment matters, at a cost not to exceed \$50,000.00, chargeable to and payable from Code Account No. 1075, Misc. Services, Department of Law.

Also,

No. 2420 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, requesting authorization for David M. Matter to attend the 1985 Spring Meeting of the Urban Land Institute in Toronto, Canada from May 1-5, 1985, at a cost not to exceed \$1,500.00, payable from Code Account No. 1017, Misc. Services, Mayor's Office.

Also,

No. 2421 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, requesting authorization for George R. Whitmer to attend the Pennsylvania League of Cities Board Meeting in Harrisburg, PA on April 11, 1985, at a cost not to exceed \$350.00, payable from Code Account No. 1017, Misc. Services, Mayor's Office.

Also,

No. 2422 Communication from Dante R. Pellegrini, City Solicitor, requesting authorization for Richard Joyce and Patrick Cusick to attend the Pennsylvania League of Cities Seminar in Harrisburg, PA on April 3, 1985, at a cost not to exceed \$400.00, payable from Code Account No. 1075, Misc. Services, Department of Law.

Which were severally read and referred to the Committee on Finance.

REPORTS OF COMMITTEES

Mr. Woods presented

Bill No. 2423

Report of the Committee on Finance for March 13, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2299

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Davison Sand & Gravel Company, P.O. Box 5, Parnassus Station, New Kensington, PA 15068, in the amount of \$995.40 in payment for the delivery of sand furnished for the benefit of the City and providing for the payment thereof."

Which was read.

Also,

Bill No. 2300

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of J.B. Kreider Company, Incorporated, P.O. Box 4284, Pittsburgh, PA 15203 in the amount of \$266.00 in payment for Doorknob Water Meter Reading Cards, furnished for the benefit of the City and providing for the payment thereof."

Which was read.

Also,

Bill No. 2301

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Pitt Chemical & Sanitary Supply Company, 2537 Penn Avenue, Pittsburgh, PA 15222, in the amount of \$308.00 in payment for steam cleaning fluid, furnished for the benefit of the City and providing for the payment thereof."

Which was read.

Also,

Bill No. 2302

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Beaver Valley Builders Supply, Incorporated, 906 Glenwood Avenue, P.O. Box 250, Ambridge, PA 15005-0250 in the amount of \$450.00 in payment for the purchase of Sand furnished for the benefit of the City and providing for the payment thereof."

Which was read.

Also,

Bill No. 2303

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Pascoe Equipment Co., R.D. #2, Route 22-30, Oakdale, PA 15071, in the amount of \$438.35, in payment of Repair of a Back-Hoe Loader Heater, furnished for the benefit of the City and providing for the payment thereof."

Which was read.

Also,

Bill No. 2318

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Moscatiello Construction Company in the amount of \$450.00 in payment for extra work, being in addition to the original contract price of \$213,825.40 on Controller's Contract No. 26658, furnished for the benefit of the City in connection with the Warrington Avenue Water Line Relay; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2319

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Sciulli Brothers in the amount of \$287.00 in payment of extra work, being in addition to the original contract price of \$256,617.00 on Controller's Contract No. 26885, furnished for the benefit of the City in connection with Waterline Installation, Various Locations - #1744; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2320

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Ace Demolition, Incorporated in the amount of \$3,500.00 in payment of extra work, being in addition to the original contract price of \$18,130.00 on Controller's Contract No. 27095, furnished for the benefit of the City in connection with the Demolition of Holding Cells, No. 5 Police Station - East Liberty; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2321

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Mosites Construction Company in the amount of \$3,497.82 in payment of extra work, being in addition to the original contract price of \$1,176,223.00 on Controller's Contract No. 26909, furnished for the benefit of the City in connection with the Building General Construction Contract at the Pittsburgh Zoo - Phase III; and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 2328

A Resolution entitled, "Resolution amending Resolution No. 58, approved February 4, 1985 entitled: 'Providing for the issuance of a warrant or warrants in favor of various professional journals and periodicals, in the amount of \$10,000.00, in payment for advertising furnished for the benefit of the City in connection with the recruitment for the positions in the Department of Public Safety; and providing for the payment thereof,' by adding 'organizations' and by increasing its aggregate amount to \$15,000.00."

Which was read.

Mr. Givens:

Mr. President, I have some discussion on Bill 2328, it's for

advertisement in professional journals and periodicals and also enlarging that to include organizations for the recruitment for the position of the Department of Public Safety.

I have argued in this Council many times, Mr. President you have been on record that we should hire our own people. Why within the Police Department, the Fire Department and Emergency Medical Department do we have to leave the City of Pittsburgh and go national and spend \$15,000 of the public's money to advertise for about 22 positions, new created positions, that are mostly administrative in nature that won't add anything to our Police Department, our Fire Department or EMS? We have all this capability in-house as well as education. People come from far away to look at the City of Pittsburgh's three various departments. We have people that are reknown in Police, Fire and EMS, that are instructors at some of the most prestigious organizations of these three bodies throughout our nation. We are a model city in many indications. Why then do we have to advertise to bring people from outside the City of Pittsburgh into the City of Pittsburgh? The Mayor is talking about creating a 100 man all volunteer police detachment that will go out and fight crime within the City of Pittsburgh. He would well use that money if he would hire the 100 some policemen that we have that we appropriated money for in the 1985 budget. And he has not hired up to this date. If he would hire those 100 extra policemen we could do something about resolving crime within the City of Pittsburgh. Our Fire Department, if he would buy the equipment that they need, some of the old hook and ladders we'd have problems with.

I can't conceive nor can I condone adding another \$5,000 to an already

\$10,000 allocation to advertise to hire people outside the City of Pittsburgh when we in fact have an 18 percent unemployment out there, when in fact we have the most qualified people in our own departments.

So, my vote has to be no on Bill 2328.

Michelle Madoff:

With reference to Bill 2328, if you read the bill carefully, \$10,000 is for advertising furnished for the benefit in connection with recruitment of a Director in the Department of Public. Now, we've already voted on that and I've voted in favor of that. Now we're voting and providing for the payment thereof by adding organization and increasing its aggregate amount by \$15,000; is that correct, Mr. Stone? We're voting on an additional \$15,000?

The Chair:

Additional monies, yes.

Michelle Madoff:

Alright. I am voting no because I believe we have to go out and search nationwide for a Public Safety Director but we agreed in this Council that person would be the person hiring the people who would head the director of the Fire Department and the Police Department and Paramedic service. I believe people like Fire Chief Harper are the best; we don't need to go anywhere else and we don't have to lower the morale of the people working and I'm going to vote against that \$15,000 because we have people right here.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone
Mr. Robinson	(Pres't)

AYES 7 NOES 2

(MR. GIVENS AND MICHELLE MADOFF VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 2329

A Resolution entitled, "Resolution providing for the issuance of warrants in the aggregate amount not to exceed \$15,000.00 to pay for the expenses associated with the interviewing and recruitment of Public Safety candidates, including lodging, travel, meals, ground transportation, etc., in connection with the interviewing of candidates for the position of Public Safety Director and providing for payments thereof."

Which was read.

Mr. Givens:

On Bill 2329, we are again appropriating that \$15,000 for the recruitment of these positions via that of the Civil Service. We have a Civil Service Department down there that we're paying some \$1.3 million to to seek out and find the most qualified people. Should we not look in-house first to see

if we can find these people; then, if we cannot find them in a particular position, then go out to the whole world to bring somebody in here that's qualified in a certain position. I cannot see this within our local three uniformed branches of the Police, Fire and EMS.

So, for 2329, I have to vote no also.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 8 NOES 1

(MR. GIVENS VOTING NO)

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Also,

Bill No. 2330

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Metz and Lautner Plumbing in the amount of \$238.70 in payment of extra work being in addition to the original contract price of \$32,170.00 on Controller's Contract No. 27218, and a warrant in favor of Able-Hess Associates, Incorporated in the amount

of \$785.00 in payment of extra work being in addition to the original contract price of \$247,432.00 on Controller's Contract No. 27217, furnished for the benefit of the City in connection with the Rehabilitation of Fire Station No. 16; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2331

A Resolution entitled, "Resolution providing for the issuance of a warrant to Lucille F. Rose, c/o Christine A. Ward, Esquire, Dickie, McCamey and Chilcote, 3180 United States Steel Building, 600 Grant Street, Pittsburgh, PA 15219, in the amount of \$3,000.00 in full settlement of claim for property damage, and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 2332

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a qualified Management Consulting Firm for professional services in the development of an indirect cost allocation plan for the City of Pittsburgh and providing for the payment of the cost thereof not to exceed twenty-five thousand dollars (\$25,000.00), chargeable to and payable from Code Account 1063, Misc. Services, Index Code 106302, Department of Finance."

Which was read.

Mr. Givens:

On Bill 2332, the Water Authority itself, they want to bring in a qualified management consultant for professional service in the development of indirect cost allocation plan for the City of Pittsburgh at a cost not to exceed \$25,000.

This Council created over my objections and many others in this Council, a new Water Authority. They went out on bond fund money for over \$90 some million last year. They have not spent but I think a couple thousand dollars of that money; the rest of it is sitting in the bank, they have interest at five-six percent, it's sitting in the bank drawing probably ten percent interest right now which is very, very great. We're in violation of albatross and the federal government regulations. Besides that, we have qualified people within the Water Department and the Water Authority was created with a Board. We have people in-house; we don't need a management consulting firm to tell us what to do and direct and indirect cost. We are paying people \$50,000 some as a

Director of that Department, that Authority, to come up and do this type of work. I'm going here next year, if this stuff continues on as it is, I'm going to reduce the payment of all of our major managers in the City of Pittsburgh from \$50,000 some down to \$30,000 some, if we have to go out and get consultants because if we have to get consultants apparently we're not doing our job.

That's why I'm voting no on 2332.

Mr. Wagner:

Mr. President and members of Council, Wednesday at our Committee Meeting I requested information in regard to 2332 from Director Schmeiser as to what the indirect cost allocation was at the present time within the various departments in the City of Pittsburgh. It was indicated at that time that that information would be provided by Monday. I have not yet received that; I do not want to hold the bill but I would like the City Clerk to please, in writing, reiterate that request and hopefully that information will be forthcoming.

Also,

Bill No. 2333

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a qualified Employee Safety Training Firm for professional services in the implementation of the Employee Safety Training Program and providing for the payment of the cost thereof not to exceed thirty thousand dollars (\$30,000.00), chargeable to and payable from Code Account 1067, Safety Program, Index Code 106708, Department of Finance."

Which was read.

Mr. Givens:

On 2333, it's another agreement with a qualified Employee Safety Training Program for professional service implementing the employee safety training program and it's going to cost some \$30,000. We appropriate here in the 1985 budget over many years, this Councilman and others, urging that this Administration, the Caliguiri Administration, do something in regards to safety of our work areas, the safety habits of our people, etc. Finally, after many years of probing, they put on a safety director of the General Services. We had major directors and major department heads here last Wednesday that did not know who the safety person was in their particular department, one was Ron Schmeiser from the Finance Department, did not know who the safety director was or the safety person responsible in his department.

This is the crux of it. There is no safety program as I envision it and know it in other businesses that I've been related with, via that of the City of Pittsburgh. We just don't have a safety program. We approve week after week after week, claim after claims after claims, for people who are involved in accidents in the City of Pittsburgh, and nothing happens. There's nothing truly organized. The departments still do not have anything yet we have appropriated almost \$30,000 for a person that had those qualifications. He is now or should be now hired and in place in the department of General Services. That individual has the responsibility to create for the first time, after ten years of probing, an employee safety training program. He should be totally qualified, totally knowledgeable, educated and experienced in this particular area. Who is that person? Why then do we have to send out and ask for some consulting firm to come in here and tell us how to

set up our employee safety program? It tells me one thing; we don't have one, and we haven't had one. And as a result, the taxpayers have had to pay hundreds of thousands of dollars because of this ignorance that the present Administration has shown and the ignorance that this present Administration has ignored this Council and this Councilman in regards to this particular entity.

No, we do not need an agency to come in here; we should have in-house now the appropriate staffing that we need. If they want more, then they should get more.

I'll correct myself, that's a Safety Director; he's making \$38,000. I hope he has experience to set up a program here within the City of Pittsburgh.

Michelle Madoff:

On Bill 2333, may I remind my colleague, Councilman Givens, that we did have a safety director when we went to the City fleet because of the tremendous numbers of accidents that were happening with the new vehicles that were highly sophisticated pieces of equipment on the refuse trucks and it was a very successful program and the reason I raise the issue is that this Councilperson did not wish to accept the filing of the claims under 750 and over until we had the information up to date and my question is, is it now up to date, did the letter go out, Linda? On this particular bill, on Bill 2333, we're raising the issue of safety, it's raising the issue of claims.

The Chair:

Yes, but I think you're going into a collateral issue.

Michelle Madoff:

I just want to know if the letter went because we agreed not to accept the claims under 750 and over until we had a running, up to date —

Linda Johnson:

Yes, that letter did go out.

Michelle Madoff:

Would you share that letter with all Councilmembers? That was the point I wanted to make and I do want to point out that something was done in that area.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 2334

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a professional Medical

Claims Audit Firm for professional services to review the claims processing practices of the City's various medical insurance contractors and providing for the payment thereof not to exceed forty thousand dollars (\$40,000.00), chargeable to and payable from Code Account 45, Health Insurance - Municipal Employees, Index Code 004507."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 2335

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a qualified Management Consulting Firm for professional services for review of the current cash management techniques of the City of Pittsburgh and providing for the payment of the cost thereof not to exceed thirty-five thousand dollars (\$35,000.00), chargeable to and payable

from Code Account No. 1063, Misc. Services, Index Code 106302, Department of Finance."

Which was read.

Mr. Givens:

I vote no on 2335. Another agreement with a qualified Management Consulting Firm for professional services to review the current cash management techniques of the City of Pittsburgh at a cost of \$35,000 to our citizens. Isn't that lovely? We have a person that's making some \$50,000 as our new Director of Finance. We took from the Treasury Department and created a new Finance Department and staffed that department. We've increased the Treasury and Finance Department total manpower and resources probably by one-third. Hundreds of thousands of dollars we put in there so that we had the expertise to do internally our own studies. Here we're going out and asking a consultant to come in and tell us how current cash management techniques of how we deposit money in the banks. It's so simple I wonder where we are. What are we paying these high caliber managers for if in fact they're not doing their job? I cannot vote for 2335.

Thank you, Mr. President.

The Chair:

Is there any further discussion on the bill?

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Robinson
---------------	--------------

Michelle Madoff Mr. Wagner
Mrs. Masloff Mr. Woods
Mr. O'Malley Mr. Stone
 (Pres't)

AYES 8 NOES 1

(MR. GIVENS VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 2336

A Resolution entitled, "Resolution authorizing the Director of Finance and the Deputy Director of Finance/City Treasurer to endorse for transfer certificates representing shares of common stock in Citicorp."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens Mr. Robinson
Mr. Grabowski Mr. Wagner
Michelle Madoff Mr. Woods
Mrs. Masloff Mr. Stone
Mr. O'Malley (Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Givens presented

Bill No. 2424

Report of the Committee on Public Works for March 13, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2293

A Resolution entitled, "Resolution providing for a Contract or Contracts, or the use of existing Contracts, for concrete slab replacement at various locations within the City of Pittsburgh, and providing for the payment of the cost thereof."

Which was read.

Mr. Givens:

On Bill No. 2293, we're going out on a very simple thing, replacing concrete slab that the average backyard construction-type person that we have in the City of Pittsburgh can do. To replace a concrete slab, it's a very simple, basic thing to do; yet we're contracting out a half a million dollars for the purpose of doing this work. To me it's ironic. We sit here with an 18 percent unemployment rate in the City of Pittsburgh; we sit here with 25 percent unemployment in some of our neighborhoods; 50 percent among certain youth and ethnic groups and black groups within the City of Pittsburgh and yet we contract this out.

I've told this Council and I'm going to tell them continuously, now until the policy of this present Administration changes, until the policy of this Council changes, there are \$1.4 billion in capital

expenditures that are going to be spent from this City and most of that, fellow Councilpeople, is going outside the City of Pittsburgh. My reason for voting against this particular little bill is the fact that how easy can we get minorities to participate, how easy could it be to get people that have worked in the concrete business someplace along the line, to bring them in here that are presently unemployed in this City, in their own neighborhoods and ask them, by contract if need be, but to it locally some way and if you go on contract you have to go the whole world over again. So, the only way you can get around that that I know of, that this poor soul knows about, is to hire people within our own City government — the money is there; it's not increasing the taxes at all, not one iota — and put our own people to work. What is so wrong with that?

I plead to you, to this Council, to begin to think this way. It's not Dick Givens running for Mayor of the City of Pittsburgh; I talked four years ago to the present Mayor and asked him to take some changes and no one has made these changes. Now, I can come and I can go, it makes no difference; but we have people that are committing suicide, we have people whose families are being broken up, we have families that people are moving out. Did you read the 1983 census, the last update we had? Ten thousand people are leaving the City each year, ten thousand, because they don't have the work because of their public safety.

If you think it's a laughing matter, it is not. It is real and true. Go to our hospitals where the mental health people are being treated and see what's happening out there. I ask you newspaper people and the media people who are in here to do that. Why doesn't someone go to the hospitals and check and find out the new patients that are

coming in there from the broken up families. It's a true tragedy that's happening within our community, within the City of Pittsburgh today. It's happening right under our own eyes and yet we sit here in government with the authority invested in this Council to say no to this bill, turn it back to the Administration, and say do it in-house and hire the people. We have put in almost all of our departments laborers as needed, secretarial people as needed, engineers as needed; anything you can.

Please, I have to beg of the Council to look at these particular bills that I'm discussing right here and to do something with them. Yes, it's a small bill; it's only \$550,000 but it's so simple for somebody to do and to put our own people and our youth and other people that have been devastated by the withdrawal of the major manufacturing industries here and put them in a workforce that will give them at least some livable type income and not a McDonalds' hamburgers or a Wendy's type of income. If that doesn't make sense to you then I don't think any of us should be here.

Also,

Bill No. 2294

A Resolution entitled, "Resolution providing for a Contract or Contracts, or the use of existing Contracts for traffic signal installation at various locations within the City of Pittsburgh; and providing for the payment of the cost thereof."

Which was read.

Mr. Givens:

The same thing on Bill 2294. Here's another contract to go out for traffic signal installation at various locations. We have the in-house

capability yet we're farming out to some contractor \$150,000 some. On those two bills, I cannot, absolutely, vote on them.

The Chair:

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone (Pres't)

AYES 8 NOES 1

(MR. GIVENS VOTING NO)

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 2295

A Resolution entitled, "Resolution providing for the filing of an application by the City of Pittsburgh with the Department of Environmental Resources of the Commonwealth of Pennsylvania for a grant in connection with the 1985 Rodent Source Elimination and Cleanup Project; providing for the execution of a Grant Contract and for the filing of requisitions and other data; approving the 1985 Rodent Source Elimination and Cleanup Project; providing for required assurances; providing for execution of payment vouchers on Letter of Credit and for certification of authorized

signatures; permitting the continued use of the Rodent Control Trust Fund; and providing for the deposit of the funds in a bank account."

Which was read.

Also,

Bill No. 2296

A Resolution entitled, "Resolution granting unto East Mall Association their successors and assigns, the privilege and license to construct, maintain and use at their own cost and expense, a Canopy over a portion of the sidewalk of Penn Circle West in the 8th Ward of the City of Pittsburgh."

Which was read.

Also,

Bill No. 2297

A Resolution entitled, "Resolution granting unto John and Vivian Petticord their successors and assigns, the privilege and license to construct, maintain and use at their own cost and expense, a Sewer Easement in a portion of the right-of-way of Kathy Drive in the 28th Ward of the City of Pittsburgh."

Which was read.

Also,

Bill No. 2345

A Resolution entitled, "Resolution providing for a Contract or Contracts, or the use of existing Contracts, for the rental and repair of equipment in connection with the City of Pittsburgh's Capital Construction Division; and providing for the payment of the cost thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 2346

A Resolution entitled, "Resolution requesting the extension of the City's Street Light Construction (#25732) and the Maintenance (#25734) Contracts with Sargent Electric Company for five (5) months to May 31, 1985, at the current terms, conditions, and prices, at a cost not to exceed Five Hundred Sixty Thousand (\$560,000.00) Dollars - (\$200,000.00 for construction and \$360,000.00 for maintenance)."

Which was read.

Mr. Givens:

On Bill 2346, I'd like my remarks from last Wednesday to be brought forward for the Record.

**(BEGINNING - MR. GIVENS' REMARKS
ON BILL NO. 2346 - WEDNESDAY,
4/13/85)**

Mr. Givens:

When does this contract run out, Lou?

Director Gaetano:

The actual contract ran out December 31.

Mr. Givens:

We kept on renewing, when was the —

Director Gaetano:

May 31.

Mr. Givens:

That's extend to May 31 isn't it?

Director Gaetano:

I want to extend the existing contract of last year's to May 31 of this year.

Mr. Givens:

That's what I'm saying. Has that contract run out?

Director Gaetano:

Technically it ran out December 31.

Mr. Givens:

What do you mean, technically?

Director Gaetano:

The contract was a three year

contract that ended then, okay. I had then asked for prior approval from Council to extend it for two months.

Mr. Givens:

What did that take us up to?

Director Gaetano:

The end of February. And then I asked for prior approval again which was granted by City Council to take it up to May 31.

Mr. Givens:

See, here is an issue where prior approval was granted. No discussion was ever made before this Council table before now. I did not sign that prior approval, and for obvious reasons.

Jack, can I have your attention for a minute? You had asked the Administration to make a study on this particular street maintenance contract.

THE CHAIR COMMENTS

Mr. Givens:

Well, it was running out, that's why.

MRS. MASLOFF COMMENTS

Mr. Givens:

This is back in November of 1984, and that was extended how long?

Director Gaetano:

Two months. And the second letter is under it.

Mr. Givens:

The second letter does not have my

signature to it. I extended it the first time because that's when we were right up in the box, and we couldn't go anyplace. Now, we had sufficient time to look into all the aspects of it.

The Mayor sent his response back, did you receive a copy of it, Jack? And I'm looking at the Controller's response, to the Mayor's response, to Sargent Electric's response, which is an ongoing contract. I'm perplexed. Someplace between the Mayor's contract and Controller's Office is almost \$1 million difference.

Now, I'm not going to approve anything and even give an existing contract to go forward, if I'm reading properly what the Controller's sent up to us, what the existing contracts really are versus outside versus in-house for a \$1 million contract right now. I can't see if we do it in-house how it jumps up to a \$1.8 million contract.

So, as a result I have serious reservations. I have two bodies of government, one of that of the Mayor and one of the Controller of the City of Pittsburgh telling this Council that we have great differences of opinion and this actual cost involved, and I've read through the Controller's Report and it seems logical to me. Sometimes I wonder why we don't do things more in-house which is a very simple task by trying to put our own people to work and I'm not saying that this will affect the unions out there. I feel that if the union is doing it for Sargent Electric, that the union should do it within the City of Pittsburgh also. That they should be IBEW-5 union out there doing this type of work but I think they can do it in-house and we're putting the people from the City of Pittsburgh back to work again. That's my consensus right here, so I can't, in all seriousness approve this particular entity at what's happening

within the Council of the City of Pittsburgh, if we have one, we must have had about eight or ten prior approval pieces of legislation that will come before us and some of them are ones that they know that are going to be controversial and they like to do it with the five signatures that the Mayor might ask our fellow Councilmembers to do and this to me is not doing the public business in such a way that the public knows what is happening. Prior approval is done and it's already issued. Now here's a major contract that has to be renewed and yet, how many Councilpeople signed that?

THE CHAIR COMMENTS

Mr. Givens:

There's five people who signed this particular document and I'm the Chairman of this committee and I refuse to sign this document because why? Because I wanted to discuss something that this might save the City of Pittsburgh almost \$1 million. Now if that sounds unreasonable and this request was signed on the 14th of February of 1985, knowingly that the Mayor was supposed to submit a report via Jack Wagner's request, can we do it in-house? Jack came out with some of his own figures, the Controller initiated one report of problems that the one particular company was having with the City of Pittsburgh.

Then that the Controller come out with an additional report verifying and validating what Jack Wagner has so indicated to this Council. Now, this vote is up before this Council right now for approval of this particular piece of legislation but it was already given prior approval. And we sit here with six Councilpeople — I know the hour is late but there's still six Councilpeople who have to approve this particular transfer

and I'll relinquish my time right now to open it up for discussion. I'd like to finalize.

MR. WAGNER COMMENTS

Mr. Givens:

If I can, in looking at this it was a very conservative figure. I'm talking the existing contract — the latest contract versus that of the Controller's input for the next three years. If I look at the Mayor's Task Force and what he is indicating — I said \$1 million. That was the difference primarily between the Controller's recommendation on what he feels and he is the person that has to pay the bills of the City of Pittsburgh and he's supposed to be a watchdog for the City of Pittsburgh in financial matters. We appropriate but he has to be sure that what we appropriate is fair and equal and the difference is almost \$1 million a year so we're talking about \$3 million in savings. This is not \$500,000; it's \$500,000 if you look at the existing contract. Well, that's just coming in at just a little over \$1 million and we know with the new contract with reduced maintenance is coming in at about \$1.2, \$1.3 million, so I think just on that alone that will jump even up the Controller's figure from one-half million that he indicated, using the existing contract which is completely out versus that of what the Mayor is. It's so lopsided and Jim, I agree with you that it might take longer, but this contract ran out on December 31, 1984 and it was a major contract, it's a three-year contract primarily?

Director Gaetano:

Yes.

Mr. Givens:

And the new one is going to be for

how long?

Director Gaetano:

The same.

Mr. Givens:

And the Administration knew about this and they came up at the last minute to try to renew this contract and the contract was — you read about it and you heard about what happened in the original negotiations on this particular contract. I don't have to go over all of that, but we have some very serious reservations. I think if Jack and our Finance Department is working on this to sift through the Mayor's report and Council's — or the Administration and the Controller's Report be it that of the existing contract, etc., then Jack, I have to ask you the question, how long do you feel this will take?

MR. WAGNER COMMENTS

Mr. Givens:

Then I would suggest then that we have a piece of legislation before us that renews it for a five-month time period. I would think that that should be amended to continue the contract but only until April 1st. That will then give all of us the opportunity to look over and see what's going on. The company will still receive the money and it will give time — I haven't — has the new contract come in yet, Jack?

Mr. Flaherty:

Yes.

Mr. Givens:

The new contract has come in but we have not seen it but it is somewhere around \$1.2 million. Can you address

that issue, Director?

Director Gaetano:

The contract has not been awarded yet and I haven't even seen the tabulation sheet yet.

Mr. Givens:

I mean, have they opened up the contract?

Director Gaetano:

Oh, yes.

Mr. Givens:

What is the lowest bid?

Director Gaetano:

I think it's \$1.1 million. I don't have the figures with me. Let me explain. If you would make that April and say you decide to go to the private contractor okay and the way the contract reads, it's May 31st. Let's say that I go back to Sargent and say, "Will you extend it again?" Where am I if Sargent says no? I have nobody to maintain the lights in the City of Pittsburgh. You're putting me in a Catch 22 is what you're doing.

Mr. Givens:

Lou, I'm saying that we'll extend this for another 30 days beyond this period right now to include the 1 April date. By that time we'll have the information that I feel this Councilman needs and others in here to explore the various revenue flow charts on this particular contract. We're getting very conflicting information right here and I have to say if the contract was \$1.97 million for what they were doing, then the newest contract is even going to be

as far as maintenance of the system, how often do they go out and clean the globes and everything else is even going to be reduced. We know that the sodium vapor lights that they are putting in have a longer life and so as a result you don't have to replace them. We know for a fact that the City of Pittsburgh very seldom does any of us ever see a light out. I mean, if one thinks they have been providing a service. When you look at \$6 million for a street lighting contract and I'm talking about the wages, salaries, the replacement and the new lights that go in that are somewhere — total maintenance equipment, replacement, removal —

Director Gaetano:

I don't know, it's \$1.2 million.

Mr. Givens:

We have the Controller here and he's here for that purpose.

THE CHAIR COMMENTS

Mr. Givens:

Ben, we're talking about the bill —

THE CHAIR COMMENTS

Mr. Givens:

-- the alternatives to this bill. I asked the Controller to come up and explain it.

THE CHAIR COMMENTS

Mr. Givens:

I'm right on target. It has come before this Council even though it had prior approval but it must have approval of the full body.

THE CHAIR COMMENTS

MR. O'MALLEY COMMENTS

Mr. Givens:

I absolutely agree with that Jim. We have not come to that particular milestone as of this point. Right now I am not saying anything but to wait for the conclusion from our own finance staff and from Jack Wagner who is very involved in this particular thing and the fact that it's my committee I'm very involved. I was waiting for the Mayor to come back with a response and I was hopeful that Jack had reviewed that and he has because he initiated the action on this. I agree with the concept because the concept again is we're putting our own people back to work within the City of Pittsburgh and that's what I'm looking for and I think we can do it and I think we can do it in-house. When you have a real 18 percent and 25 percent unemployment in some of our neighborhoods out there, it's incumbent upon government to do something to make sure these people are hired and put to work and if any of you say no, then I don't think you should be a Councilperson. That's how strong I feel on this particular issue. I think we can do this month by month until we get to the problem. I don't want to extend it all the way out. We had one extension and then we have a second extension.

MR. O'MALLEY COMMENTS

THE CHAIR COMMENTS

Mr. Givens:

I appreciate that but this legislation could have been before us a long time ago. Sometimes I wonder how we legislate in this Council that we're getting more prior approvals on everything that is a little bit rocky.

Have I talked to you on this Mr. Chairman?

THE CHAIR COMMENTS

Director Gaetano:

You haven't talked to me.

Mr. Givens:

Why? Because the legislation is before us today to discuss it today and I'm here discussing it. We have problems.

MRS. MASLOFF COMMENTS

Mr. Givens:

I'm not finished yet. I have a report here and a report is the Analysis of the Economy on the In-House Street Lighting Maintenance. At our request we asked that the Controller review the Mayor's Energy Task Force and release a similar study on February 28th. The Controller's Office was shocked by the superficial analysis of the Administration that they had presented to Council. It is the intention of the Controller's Office to provide Council with a realistic, accurate study of in-house maintenance costs. The Administration was against in-house maintenance even before the feasibility study was actually performed. Numerous statements were made to the media against in-house maintenance before Council even passed a resolution authorizing the Energy Task Force to study it. Now the Controller went about and followed the same format that the Energy Task Force reported. This study is based on the following assumptions: (reads letter)

A five year conversion program in order to make our report comparable to the Controller's report will also make the same assumption.

Level of maintenance and service identical to the new street lighting contract specifications, three nighttime patrols every day of the year and daylight cleaning programs, cleaning one-third of the lighting units each year.

I've been in this City for about 11 years now after my military duties and I can assure you that I have never seen with the exception of about a month or two ago, a street light lamp being cleaned, and I'm out sometimes, 24 hours a day, so I've been around.

I've seen the vehicles running around wasting time. I think that's a waste of time and energy. We talk about time and energy, that is a waste of time and energy. We have police officers, we have emergency medical people, we have people in the water department, we have all kinds of City employees. We have community organizations. If there is a streetlight out, just call it into the Mayor's Service Center, and it will be serviced. Why should we go into a contract to run trucks up and down the Pittsburgh streets. I think that's assinine. I think that should be reported in and we can do away with the whole bloody thing. When a street light is out, our crews can go out and replace it within a 24 hour period, or at least 48 hours. If it's a dangerous intersection, even sooner, and I think we can do this and even cut off even more.

The Controller is using the exact portfolio that was put out in the bid proceedings. Through this report, we state a source of our documentation. All outside City governments, although the Administration will most likely criticize this report, the Controller identified this documentation source so that any interested party can verify the information. We have spoken to utility companies, vendors, street lighting supply houses and other city street

lighting administrators and the real estate brokers. It is the Controller's hope that Council will give careful study and thought to this issue before it permits the Administration to enter into another street lighting contract. This analysis indicates that over three-year in-house maintenance will save from the existing contract, some \$500,000.

The many changes in the street lighting technology such as solid state photo cell and sodium lamps, maintenance cost can be expected to decline in the future. I think all of us knew that. By performing maintenance in-house, the City can take advantage of these cost reducing technologies and maintain the quality and system at the most economic cost.

I just injected this one thing. Why send a vehicle out there to patrol the City and look for a light that is out and try to replace it. I'm assuring the cost is astronomical to have one electrician and have one vehicle and do nothing but cruise the City from sundown to sunup. I say it's a foolish way to do a business.

When a street light is out, it's encumbent upon the residents in that particular community to call it in. It's encumbent upon all City workers to call it in. How many times do all of us drive back and forth to work and see something that is not proper? You call it to the attention of the appropriate director. I do it almost weekly. I get very good response which indicates that we do have an in-house system that can function and operate.

Now, we're going out on a contract that is going to cost the taxpayers \$1.2 million, and I think if we look at it realistically and do it in-house that it can be done cheaper than by contracting it out, and at the same time, we can hire our local residents to perform the task.

We have the in-house capability to put up any street light, remove any street light existing right now. All we have to know where the money is coming from, there's already \$1 million allocated to this particular fund. It's already there. There is no more taxing of the people out there. The money is there for us to use and appropriate.

We have in the Department of Public Works, we have laborers as needed. We have almost every technical skill throughout the City Administration as needed, and if I have to tickle your minds a little bit, if you remember when the Mayor come in with about a five page addition to the Council City of Pittsburgh, there were many many positions that were as needed, meaning that the money is there, and we can hire these people. Let's hire them.

MR. WAGNER COMMENTS

DIRECTOR GAETANO COMMENTS

MR. WAGNER COMMENTS

Mr. Givens:

Jack, can I make one comment there. We had already approved the 1985 budget wherein we gave the Administration the prerogative to out and enter into a contract. The next time we see anything is going to be -- when the bill is presented to us, after the work has already been done.

THE CHAIR COMMENTS

Mr. Givens:

I am not opposed.

(END OF MR. GIVENS' REMARKS ON
BILL NO. 2346 - WEDNESDAY, 4/13/85)

Mr. Givens:

I won't belabor the point but we're asking to continue this street lighting contract with the City of Pittsburgh at its present level which isn't too bad but when you go into the studies of it, Jack Wagner has made a study and the report will come into this Council. I asked last Wednesday that this bill be held and they said the street lighting contract must go on. We have people in-house that can make any damage repairs to any poles, etc. There's a few street lights out there, God bless us; I think our own people can take care of them that when you look at the bottom line and the amount of money that this Council can save the people of the City of Pittsburgh, it's just astronomical that we want to continue on with this particular program and we've asked for a comparison between the Controller's report on this street lighting contract, the latest contract that we have and the Mayor's Task Force. When the Mayor came out with his in-house capability, I almost had to laugh at it. I mean, we're looking at saving the taxpayers about \$1.3 million in three years by doing it in-house, by hiring our own people from the City of Pittsburgh. Yet we sit here month after month after and month and give extension after extension after extension on this street lighting contract. It's some \$6 million when you look at it for total replacement of bulbs, the conversion from the old mercury lamps out there. We should be doing this in-house; it says that we can do it in-house and for a very reasonable price. Why don't we go in-house?

You know, we have a couple bills that we just passed on here that were for rental that the Chief Clerk just read that asked for rental of equipment. Now, if we're so worried about it, all we have to do is go out and rent some trucks that have the same capability and do this job

ourselves. But that's saving at today's rate almost \$1.3 million. If we don't want to deal with this then I think something's wrong with us. I think there's something wrong with a Mayor when he has to go out and contract everything out that we do. Yet the employment level in this City went from 4600 to 5200 under his administration. We have more people working in government but they're doing less in government and I think somewhere the taxpayers are going to have a revolt out there and I hope they have a revolt because I think we or somebody need it to happen to us.

I'm asking to bring out these major points and that's the reason I cannot vote on these particular bills.

Michelle Madoff:

I promise not to take thirteen minutes.

Mr. Givens:

I had four different bills, Michelle. We love you; I know you just came back from Boston with your big crab.

Michelle Madoff:

It's for you, Dick; I'm about to present it to you. We need a little levity today.

I'd like to point out to my colleagues, and I think many of us have caucused and feel that on the three bills that Mr. Givens is objecting to and feel that it should be done in-house the problem remains that there is pensions, workmen's compensation, and fringe benefits which would make it virtually impossible for us to lower our bond rating or raise our bond rating in the appropriate direction and it is just not a

workable practical way to go. However, Mr. Robinson, Mr. O'Malley and I were discussing that other cities such as Boston have mandated companies that we do contract out to having a percentage of the people hired a large percent and must be city residents. That would make, I think, a lot more sense than our taking on the responsibility and adding to the \$1 billion debt the City already has as a burden and perhaps we ought to look in that direction. Mr. Stone is preparing a letter, we've been held up on our hiring of a City Solicitor or Solicitor for Council because of the forms not being exactly what we were looking for and Sophie has come up with two good ideas today. If everybody will respond and get the letter to Mr. Stone and we get the letter out, perhaps the Solicitor for City Council could follow through for us, get in touch with Boston, other cities, and find out how we too can have legislation passed that would make it mandatory to hire City residents without adding additional burden to the City taxpayers already.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 8 NOES 1

(MR. GIVENS VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Robinson presented

Bill No. 2425

Report of the Committee on Planning, Housing and Development for March 13, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2311

A Resolution entitled, "Resolution authorizing the submission of Enterprise Development applications with the Commonwealth of Pennsylvania Department of Community Affairs for financial assistance and area designation."

Which was read.

Also,

Bill No. 2313

A Resolution entitled, "Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 13th Ward of the City of Pittsburgh owned by Mrs. Kenneth G. DeHonney, Widow of Kenneth G. DeHonney, and designated as Block and Lot 175-C-22 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certifeid as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh."

Which was read.

Also,

Bill No. 2314

A Resolution entitled, "Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 10th Ward of the City of Pittsburgh owned by Ronald L. Gilmore and wife and designated as Block and Lot 50-L-183 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh."

Which was read.

Also,

Bill No. 2315

A Resolution entitled, "Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 10th Ward of the City of Pittsburgh owned by Joseph Seabrooke, trading and doing business as Pittsburgh Factors, and designated as Block and Lot 50-K-309 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certified as blighted by the Vacant Property Review Committee on the Planning Commission of the City of Pittsburgh."

Which was read.

Also,

Bill No. 2316

A Resolution entitled, "Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire that

property in the 25th Ward of the City of Pittsburgh owned by Charles James Burke and wife and designated as Block and Lot 23-J-141 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh."

Which was read.

Also,

Bill No. 2317

A Resolution entitled, "Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire that property in the 25th Ward of the City of Pittsburgh owned by Michael and Bridget Stanton, husband and wife, and designated as Block and Lot 23-F-386 in the Deed Registry Office of Allegheny County, under the Residential Land Reserve Fund, said property having been certified as blighted by the Vacant Property Review Committee and the Planning Commission of the City of Pittsburgh."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone

Mr. O'Malley (Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Bill No. 2426

Report of the Committee on Water for March 13, 1985 transmitting two resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2304

A Resolution entitled, "Resolution Repealing Resolution No. 1096, approved October 29, 1981, eff. November 12, 1981, entitled: 'Providing for a Contract or Contracts for the furnishing and delivery of water meters of various sizes, less trade-ins, for the requirements of the Department of Water, and providing for the payment thereof.'"

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens Mr. Robinson

Mr. Grabowski Mr. Wagner
Michelle Madoff Mr. Woods
Mrs. Masloff Mr. Stone
Mr. O'Malley (Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 2305

A Resolution entitled, "Resolution providing for a Contract or Contracts for Leak Detection Services, and providing for the payment thereof."

Which was read.

Mr. Givens:

Mr. President, on Bill 2305 which is for a contract for leak detection service, I was somewhat convinced from the Director of the Water Department that we should get this contractor in here but I have second reservations on it and the fact that we're supposed to buy this equipment sometime downstream and I thought in his argument to having this come in here was the fact that our people could learn as this particular contractor did the work and somewhere downstream we would buy this equipment from the contractor or from this contracting firm and do it ourselves. I feel that it's the state of the art type of equipment, that we've been using similar type of equipment, that we have people in-house that have been qualified in leak detection equipment; I think what we have to do is buy the equipment first and then if they want to negotiate a contractor to come in here and show us how to use that equipment, I think that's fine. I think we're getting the cart before the horse; we're getting a unit, a

contractor to come in here and show us how the equipment works and then we're going to buy the equipment later and I'm afraid what's going to happen is that the contractor will do 90 to 100 percent of the work and our people probably won't do anything and like anything else, a piece of equipment, if you don't work it yourself and know what's happening.

So, I feel on this particular one that we should get the equipment and then go out for a contract and show us how to use it. Without doing that, I'm afraid we're just going to have another contract on a contract.

Michelle Madoff:

Since it's my department may I point out that we are having severe water breaks, putting people without water for four and five days at a time, and we can't wait to go out and detect where the water leaks are, where the more severe ones are. We've got to get on with that right away.

Your point about perhaps having some equipment purchased as part of the water authority and training people to do it is well taken. Again, we get back to would they be working as a subcontractor, a sub-lease contract with the Water Department, Public Works, and the Engineering and Construction Division where we again carry the liabilities of pensions and workmen's comp and that's something that once we have our own solicitor aboard we can look into. I think it's a point we ought to look at but for now I don't think we can wait 20 minutes because on the last study I did there were 1100 leaks in 18 months and that was four years ago.

So, please everybody, vote for the bill.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 8

NOES 1

(MR. GIVENS VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. O'Malley presented

Bill No. 2427

Report of the Committee on Public Safety for March 13, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2306

A Resolution entitled, "Resolution providing for authorization of an Agreement or Agreements with a Consultant or Consultants for the development of computer software relating to the Department of Public Safety, Bureau of Emergency Medical

Services operations and for payment thereof."

Which was read.

Mr. Givens:

On Bill No. 2306, many of you last week had left before this particular bill was discussed because we were very late, about the fourth hour of Wednesday afternoon. But this bill, the Emergency Medical people are trying to streamline their payroll and they're asking a consultant to come in and set up a payroll type of computer printout that will save them a lot of money. I suggested at the Wednesday session that I think this is a great idea. In fact, I indicated to Director Schmeiser that he should look into how to pay the City of Pittsburgh's workers more efficiently than what has been done; that is hand delivery of their checks. This is another follow through of trying to mechanize each paying procedure which will save a lot of time that's applicable to one department right now.

I suggest that they hold this, study the issue and try to make it. It's a good suggestion and I think they should make it applicable to the whole City, not just one little department. For that reason, I don't want to go out and spend \$20,000 where in fact maybe for \$30,000 we might be able to do the whole City, thus saving a lot of clerical time that was indicated by the Director. I complimented him on his efforts but I think it's one department reaching out.

For that reason, I'm going to abstain on Bill No. 2306.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 8 NOES none

(MR. GIVENS ABSTAINING)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 2307

A Resolution entitled, "Resolution providing for authorization of an Agreement or Agreements with a Consultant or Consultants for a study to determine optimum Emergency Medical Services vehicle deployment for the Department of Public Safety, Bureau of Emergency Medical Services and for payment thereof."

Which was read.

Mr. Givens:

Mr. President, I would like my remarks on Bill No. 2307 from last Wednesday's session to be brought forward and put into the Record.

(BEGINNING - MR. GIVENS' REMARKS ON BILL NO. 2307 - WEDNESDAY, 3/13/85)

Mr. Givens:

Director, can you explain what you're doing here, please?

Director Cannon:

We are going to study the existing locations of EMS vehicles as well as any future locations of vehicles and staffing patterns of those vehicles.

Where the vehicles are located now, if you are familiar with the history of the location, we came in as a service added to the City about ten years ago, and they were placed where there was room, not necessarily where they should be, and we are doing a study to evaluate the locations and strategies for those vehicles, both advance life support, basic and advance life support, and the new use of first responders. We will also develop software that will print that out on a map so that anybody can look at it and evaluate it.

Mr. Givens:

Director, I have great problems in hiring a consultant to do work that I think should be done by your directorship, that of Emergency Medical Services. You've had a tremendous increase in your salary, and you've gotten all of the personnel that you have wanted over the years and all of the equipment that you have come to this Council for, and I think this is something that is inherent to your operation.

Director Cannon:

I do not have the computer resources to do this in the City at this time.

Mr. Givens:

I'm still talking. Why do you need a

consultant to come in and tell you where your vehicles should be placed at. I happen to be in this business myself. I had to move vehicles from point A to point B. I had service calls and etc. You just plot it down on a map, and you see where most of your service calls are coming in by, by the time, by the district, by the hour and etc. It doesn't take a genius then to tell you where to place your vehicles, and I'm not going to get into a situation where I'm going to build nine emergency medical houses throughout the City of Pittsburgh.

My concept of government is that when we build something, it's going to house both the police, the fire, and the emergency medical. It's all going to be in one, and hopefully — anything that is government related should be put in this one building. That's the way it should be done. This should be something that you should be doing on an ongoing basis, and I think you are Director, and if you're not, then you are putting me in a position to say that you are not doing your work. And I don't think that's the case. I think you are too good of an administrator to leave something like this pass by, and I really seriously don't feel that you need a consultant to come in here and tell you where to put your vehicles. Mark my vote for being no. I feel it's an in-house responsibility.

(END - MR. GIVENS' REMARKS ON
BILL NO. 2307 - WEDNESDAY, 3/13/85)

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 8 NOES 1

(MR. GIVENS VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 2308

A Resolution entitled, "Resolution providing for the letting of a Contract or Contracts or for the use of existing Contracts for the purchase and delivery of Monitor/Defibrillators for the Department of Public Safety, Bureau of Emergency Medical Services and for payment thereof."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Wagner presented

Bill No. 2428

Report of the Committee on Engineering and Construction for March 13, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2322

A Resolution entitled, "Resolution amending Resolution No. 767, effective August 24, 1984, entitled: 'Providing for an Agreement or Agreements with Ackenheim and Associates, Geo Systems, Inc. (Dr. Alfred C. Ackenheim, President), for Geo Technical Soil Engineering Services at various sites, including but not limited to Norte Way, Kilbuck Road (Riverview Park), Marietta Street, Springarden Ballfield and Stanton Avenue Distressed Slope (Highland Park); and providing for the payment of the costs thereof,' by providing for a Supplemental Agreement or Agreements, for an additional site at the Salt Storage Facility in the Highland Park area and by increasing the total project allocation by \$3,120.00."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 2323

A Resolution entitled, "Resolution amending Resolution No. 23, effective February 9, 1984, entitled: 'Providing for an Agreement or Agreements, or the use of existing Agreements, for architectural, engineering or other professional services in connection with the design and rehabilitation of Eleanor Street Playground; and providing for the cost thereof,' by providing for a Supplemental Agreement or Agreements, and by increasing the total project allocation by \$4,000.00."

Which was read.

Mr. Givens:

On Bill No. 2323, you know, I had the Director here last Wednesday when we spoke to him and I said, "Do we not have an Engineering Department?" and he said, "Yes, we do." "How many engineers do we have?" "Forty."

This is a simple project in our own neighborhood of \$14,000 to redesign and rehabilitate the little playground out on Eleanor Street. It used to be that the

Department of Public Works or the Department of Parks and Recreation had their own engineers. They designed all the City work when I first got into this Council. And now I find out that a little simple project only costing \$14,000, that we don't have an engineer in the City Committee on Engineering and Construction to design this simple project. This is how far on the spectrum we have gone out of tilt in our Engineering Department as well as other departments, that we have to go out and contract out, again denying the people of the City of Pittsburgh work and tax dollars and money that we collect off of them that should be paid back to themselves.

The Director said, "Well, if you want us to do all this type of work, we'll have to hire, have a force of 475 engineers." I said, "Fine." We have a \$1.4 billion Capital Budget out there, why not hire 475 people?

Now, if any of the Councilmembers here today were out to hear Dr. Cyert from Carnegie Mellon University speak to us for some two hours this last Friday, he told us what he was doing to his university to try to keep those wonderful students that graduate from Carnegie Mellon University to keep them here in Pittsburgh. Studies have been done by the University and they said we're losing our talent. We're losing it. The University of Pittsburgh has one of the best engineering schools in the country. Our young people go to the school of engineering, we're marked No. 1 in the rating across our land because of our universities. But, oh my God, what happens when our children go to our major universities in the City of Pittsburgh? They must leave here and go to work. They're sought after all over the country, but yet here we have the ability in this Council to appropriate and hire in almost 430 new engineers. Our

sons, our daughters, who are graduating from our major universities, one of the things that made us No. 1. And yet we're leaving this talent out of the City of Pittsburgh.

Wouldn't it be lovely if they could get their start as a young engineer, and most of us know it's very difficult to get work even as an engineer. They want you to be qualified. Here we could have a beautiful training program of our own people within the City of Pittsburgh and we could employ them in the City of Pittsburgh. Sure there's going to be a turnover rate to a certain degree but we could have our own people and hopefully some of that brainpower that we are losing would stay here in the City of Pittsburgh.

You know what it takes to pick up and move your roots, your church, your religion, your friends, etc., from one area to another area. Why can't we do it here? It's so simple; it's right in front of us. But no, this Council is going to go down, I'm going to vote no, everyone else is going to vote yes, and say, "Oh, that's Councilman Givens out there rattling on again." Well, ladies and gentlemen, I'll tell you, the bacon is going to come home to this City sometime and it's going to do it very quickly because we cannot sit here and tolerate what this Administration is forcing down our throats. I regurgitate it up.

You can smile because you're all working in here. You're all working. There are people who are not working. Think about it. Go down and write some stories about them and you'll see where I'm coming from.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 8

NOES 1

(MR. GIVENS VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 2324

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a Consultant or Consultants in connection with asbestos and environmental quality assessment and analysis at various City facilities and providing for the payment of the cost thereof."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
------------	--------------

Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 2325

A Resolution entitled, "Resolution providing for a Contract or Contracts for the Reconstruction of Penn Avenue from Beatty Square to Penn Circle East/South including Street Lighting, Traffic Signalization, Intersection Improvements, work on private property, and other work incidental thereto; and providing for the payment thereof."

Which was read.

Mr. Givens:

On Bill No. 2325, I would like my remarks to be brought forward from Wednesday.

(BEGINNING - MR. GIVENS' REMARKS ON BILL NO. 2325 - WEDNESDAY, 3/13/85)

Mr. Givens:

Discussion. This includes street lighting, and we have in-house capability on all of this, we have it we're not using it. We're spending \$325,000. I feel that the City of Pittsburgh people should be doing this work.

And there are two bills before us that added up and that we approved today almost 700 and some thousand; three quarters of a million we approved

today. This work could be done in-house and we could put our people to work. Now, if that sounds foolish, then maybe I should not be on this Council floor. And that is not foolish.

Time after time, year after year, I have seen these contracts. We only had a couple a year and then it went to 10 and 50 and 100 and now we are coming in by the thousands, and yet our people sit here unemployed. If I have to be like a broken clock or wheel, I'm going to be because I think this is so basic that our own people paying the taxes are paying for this work to be done. The people in East Liberty have payed a lot of money to get this widening and resurfacing and yet they come by and look at it and see people from outside the City, and not just outside the City, outside the State of Pennsylvania, doing the work and to me this is unforgivable on the part of this Administration and unforgivable for Council that sits here and lets it happen and I will not let it happen any more.

(END - MR. GIVENS' REMARKS ON BILL NO. 2325 - WEDNESDAY, 3/13/85)

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 8 NOES 1

(MR. GIVENS VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 2326

A Resolution entitled, "Resolution providing for a Contract or Contracts, or use of existing Contracts, for the design and installation of a sprinkler system and fire door for the Eazor Garage Paint Shop; and providing for the payment of the costs thereof."

Which was read.

Also,

Bill No. 2373

A Resolution entitled, "Resolution further amending Resolution No. 474, effective July 2, 1976, as amended, entitled: 'Authorizing the Urban Redevelopment Authority of Pittsburgh to act as the agent of the City of Pittsburgh in matters of property acquisition and relocation required for street rights-of-way which are federally assisted,' by increasing the total allocation by \$6,000.00."

Which was read.

Also,

Bill No. 2374

A Resolution entitled, "Resolution amending Section No. 2 of Resolution No. 255, approved March 24, 1984, effective April 10, 1984, entitled, 'Taking, Appropriating and Condemning, by the City of Pittsburgh, for Highway purposes, certain property in the 25th Ward of the City of Pittsburgh,' by

providing for a warrant in the amount of \$814.00."

Which was read.

Also,

Bill No. 2375

A Resolution entitled, "Resolution amending Section 2 of Resolution No. 60, approved February 6, 1984, effective February 16, 1984, entitled: 'Taking, Appropriating and Condemning by the City of Pittsburgh for highway purposes certain property in the 25th Ward, City of Pittsburgh,' by providing for a \$1,400.00 warrant."

Which was read.

Also,

Bill No. 2376

A Resolution entitled, "Resolution amending Section 2 of Resolution No. 1204 approved December 27, 1983 effective December 31, 1983, entitled: 'Taking, Appropriating and Condemning by the City of Pittsburgh for highway purposes certain property in the 27th Ward of the City of Pittsburgh,' by increasing the total amount of the warrant by \$46,000.00."

Which was read.

Also,

Bill No. 2377

A Resolution entitled, "Resolution amending Section 2 of Resolution No. 737, approved August 6, 1984, effective August 21, 1984, entitled: 'Taking, Appropriating and Condemning by the City of Pittsburgh, for highway purposes certain property in the 25th Ward of the City of Pittsburgh,' by increasing the

amount of the warrant by \$8,000.00."

Which was read.

Also,

Bill No. 2378

A Resolution entitled, "Resolution further amending Resolution No. 553, effective July 15, 1983, as amended by Resolution No. 16, effective February 6, 1985, entitled, 'Providing for a Contract or Contracts for the Widening and Reconstruction of the Pennsylvania Avenue Bridge over the Conrail Railroad and Roadway from Brighton Road to Allegheny Avenue, including work on private property and other work incidental thereto; and providing for a Reimbursement Agreement or Agreements with the Commonwealth of Pennsylvania, Department of Transportation, and providing for the payment of the cost thereof,' by correcting a total in Section 3."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And a majority of the votes of

Council being in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

Mrs. Masloff presents

No. 2429 WHEREAS, it has always been the policy of the City of Pittsburgh to condemn discrimination on the basis of race, creed, color, national origin, acenstiy, sex, age, marital status, or disability; and

WHEREAS, it is the desire of Pittsburgh City Council to extend this policy to private facilities and social clubs which do not allow use or full membership rights and privileges to individuals because of these biases.

WHEREAS, it appears that if members of minorities cannot obtain membership in such social clubs, they are limited in their ability to progress to the higher levels of large corporations.

WHEREAS, such "shadow" discrimination is abhorrent to the American Way of Life.

NOW THEREFORE,

BE IT RESOLVED, that the Council of the City of Pittsburgh hereby expresses its opposition to private facilities and social clubs which does not afford full membership rights and privileges or accord the use of dining and recreational facilities to any person because of race, creed, color, national origin, sex, age, marital status or disability, and this Council strongly urges these organizations to put an end to these practices which threaten the liberty and equal rights of the citizens of Pittsburgh.

Mrs. Masloff moved to adopt the resolution.

Michelle Madoff seconded the motion.

Which motion prevailed.

Mrs. Masloff:

I want to add that these resolution reflect the City's affirmative status against discrimination and while we have no indication that the City of Pittsburgh does use clubs which discriminate resolutions such as the one I have just introduced is extremely positive both in terms of publicity and practice.

I have the communication from the Anti-Defamation League of B'nai Brith indication that this resolution has been introduced and passed in other cities and urge that we pass it in Pittsburgh.

Michelle Madoff:

May I please ask for Mrs. Jean Wojie to come forward? I think Mrs. Jean Wojie has a number of friends here today.

Michelle Madoff presents

No. 2430 WHEREAS, the role of women in society needs to be expanded; and

WHEREAS, the accomplishments and achievements, both professionally and personally, of women in our society have largely been underrated; and

WHEREAS, from 1973 to 1975 Mrs. Jean Wojie had been instrumental in the formation of the Perry South Senior Center, overcoming such problems as lack of funding, location, and adequate space; and

WHEREAS, for the past 10 years,

Mrs. Wojie has donated her time, five days a week, sustaining the Perry South Senior Center program, identifying seniors in need, organizing activities, and enriching the lives of those seniors who have had the pleasure of meeting Mrs. Wojie; and

WHEREAS, Mrs. Wojie has volunteered her time and efforts organizing activities such as congregate meals, socialization, recreation, information and referral, individual counseling, volunteer coordination, outreach and education coordination advocacy; and

WHEREAS, because of Mrs. Wojie's efforts, the Perry South Senior Center has become an important part of the community of Perry South and the City of Pittsburgh.

NOW, THEREFORE,

BE IT RESOLVED, that the Mayor and the Members of the Council of the City of Pittsburgh do hereby recognize Mrs. Jean Wojie as "Woman of the Month" in recognition of her years of service to the Perry South Senior Center and to the citizens of the City of Pittsburgh because any society is often judged by how well it cares for its elderly.

Michelle Madoff moved to adopt the resolution.

Mr. Woods seconded the motion.

Which motion prevailed.

Mrs. Jean Wojie:

I think I'm speechless for the first time in my life. I'm very proud to get this award and I want to thank my senior citizens, and they are mine, that made this possible because without them I

couldn't have done my job and my family who had to put up with me all these years. I'm truly grateful to Mike Sanko, Louise and Carl, and members of Council; I've come before them many times and they know me. I just want to say thank you from the bottom of my heart. I'm very, very proud to get this award and to share it with everybody who comes to my center that is my senior citizen and my family. Thank you.

Michelle Madoff:

I've invited Louise Brown to speak for herself and for the Administration.

Director Brown:

What a wonderful day, Jean. I would just like to add a few words. Jean has been a very dear friend of mine for many, many years and I don't think that there is another example when you talk about volunteerism that is better met in anyone but Jean Wojie. She has dedicated her life to the senior citizens of Perry South and we are so fortunate to have Jean as part of our team in City parks and the Department of Parks and Recreation.

Congratulations, Jean. I'm not surprised; you're very, very deserving.

Mr. Woods presents

No. 2431 WHEREAS, The most important trend in municipal government in recent years has been the transformation of community organizations from advocacy groups to partners in municipal planning and governance;

The North Side Leadership Conference is a forerunner in this trend and remains one of the most productive and successful community organizations in Pittsburgh.

This consortium of neighborhood organizations on the North Side has played a leading role in bringing Renaissance to our community.

The Leadership Conference has overseen the creation of an area economic development strategy and will soon duplicate this planning effort with a North Side housing strategy.

The Conference has worked with PennDOT to reduce the inconvenience of the construction of the East Street Valley Expressway for those living nearby.

Finally, the Leadership Conference has become a partner with the City in the planning and construction of the Three Rivers Stadium Development, North Shore and Herr's Island. This partnership serves to benefit both the North Side and the City at large.

NOW THEREFORE,

BE IT RESOLVED, that the Week of March 25, 1985 be declared, by the Council of the City of Pittsburgh, as North Side Leadership Conference Week in the City of Pittsburgh.

Mr. Woods moved to adopt the resolution.

Mr. Wagner seconded the motion.

Which motion prevailed.

Michelle Madoff:

I have an award to make, Mr. Stone.

Last Friday at 10 o'clock, I was asked to represent Pittsburgh for a local radio station and to go to Boston where we did a live show because it appears that people in Boston are very distressed

that Pittsburgh has been rated as the No. 1 livable city in the country. They're No. 2 and they plan to descend on us in the near future as try to take the title away from us and of course we're not going to let them do that.

I hope I did a credible job of trying to defend why Pittsburgh is the best place to live and that we deserve the title being the most livable city in the country. But they gave me this lobster and asked me to present it to the most deserving person in the City and I can think of none other than Mr. Givens.

Mr. Givens:

Oh, thank you, Michelle. The only trouble is that I can't eat this bloody thing. I love lobster but they tell me they're high in cholesterol.

Michelle Madoff:

You're a good sport. Put it in the bathtub; instead of having a rubber ducky put it in the bathtub.

Mr. Givens:

I'll give this to one of my nine grandchildren and I'm sure they'll have a lot of fun with it. Thank you very much.

Mr. Wagner:

Mr. President and members of Council, I've had several people mention to me the problem of overcrowding at the jail and some potential way of alleviating the problem due to the fact that many of the people that are turned away are actually people that are back out on the streets and have committed a crime and potentially can commit another crime, the potential use of City facilities to help alleviate that problem and also gain some additional revenue for the City of Pittsburgh.

Therefore, due to the request by several people to at least look into the potential of using our own facilities, I'd like to put a motion on the floor requesting that the Departments of General Services and the Police Department investigate the potential use of jail cells at our district police stations.

Mr. Grabowski seconded the motion.

Mr. Woods:

Discussion, Mr. President. Jack and I discussed this and I can't go along with this thing. I think many of these people come in and part of the overcrowding is caused because the other 129 municipalities in this county do not house their people. They bring them in here to our Public Safety Building where we process them along with the county officials and then send them to the County Jail. If they keep their people that they arrest in their facilities then the other 129 municipalities I don't believe will have a problem. I don't think the City should be overburdened in our local nine stations throughout this City housing other people's criminals.

I ask my colleagues to vote against this resolution. All it would cost us is money with turnkeys cleaning our facilities and our nine stations; I don't know if we could charge the county enough to do that.

Mr. Wagner:

Mr. President, Mr. Woods, some of his comments I agree with; however, this motion would pertain only to City residents. In other words, I am not suggesting that we in any way house people that are not City residents. As a matter of fact, I'm not even suggesting that we do it. What I'm suggesting is that we have several district police

stations of which have cells within the stations. What I'm suggesting is that potentially we can utilize some of those facilities, the ones that are suitable for use, and also get a return on the use from the county, as the county is doing in other instances outside of the City of Pittsburgh.

So, basically what I'm saying is to keep criminals off the street within the City and have a return come to the City financially along with it.

Mr. Woods:

One more comment. We already have the County Jail here and we are putting in an auxiliary County Jail right across the street from this building. Once these people enter the criminal system, judicial system, they are no longer a City resident or a suburban resident; they are a county problem and that's where it should be left at, with the county. Now, if Jack proposes a study with the City of Pittsburgh and another 129 municipalities to see if we can spread this out county-wide, fine, I can vote in favor of that; but not the City alone. Once they hit that system it's a county system; it is the county's problem. I don't believe that the county officials have been doing enough to relieve that problem.

We have the same thing with the Salvation Army over in the South Side this past summer, the North Side, the ARC House, where they just broke every law that we have in this City and started sending criminals to these facilities.

I am totally against it, not in our neighborhoods. Downtown Pittsburgh is bad enough but not using our neighborhoods for this problem.

Mr. Wagner:

In response to that, the facilities that are within the City of Pittsburgh were constructed for a purpose or else we should never have built them. I am not in any way suggesting that we house criminals in our neighborhoods in that that is a good procedure; I think the worst procedure is that we let criminals out on the street in our neighborhoods. I would rather see them temporarily housed in a cell block rather than be out on the street and also utilize the facilities rather than the facilities sitting there and not being utilized. I believe there are several district police stations in the City that could potentially be used for this purpose and I'd just like to state again that my motion is only requesting that we investigate the potential of utilizing those facilities for that purpose.

The Chair:

I was going to ask you if you state it for the reason that I think coming up like this we should tell people in advance what they're going to —

Mr. Woods:

And I'd like to state again, Mr. President, that I am asking Mr. Wagner to include in his motion, and I'm only requesting, that the suburban temporary holding facilities is what our police stations are, temporary holding facilities, be included, and I can name them and I can show you them, that are just as well equipped or more so than our holding facilities in our nine stations here in the City of Pittsburgh.

I'm going to state this again; it is not a City problem, it is a county problem and we should not assume that burden. I would ask my colleagues to vote against that motion.

Mr. O'Malley:

This is not a new idea. A year ago when we were aware of the problem of overcrowding in the County Jail I brought this idea to the County Commissioners and I think it was my estimation we have over 100 cells throughout the City of Pittsburgh and our precinct and I mentioned this to the County Commissioners that this might be used as an alternative and at that time they showed little interest in the idea; one, I think, because of the tremendous cost involved. Some of these cells haven't been used in over 20 years, all the locks would have to be replaced, none of the toilets are working in the cells, that section of our precinct mainly has been boarded off and there's no heating and no air conditioning available now. Besides the problem of rehabilitation you would have the problem of three meals a day, you'd have the problem of 24-hour a day supervision.

This is much more complicated a problem than it appears to be on the surface and I think it would take a great deal of study. But I think the study and the request has to come from the County Commissioners; they are aware of the problem, they are aware that we do have the jail facilities. And since I mentioned it to them over a year ago I haven't had a response from them. I think it would take a tremendous amount of money and I don't think it's a burden that should be placed on the City of Pittsburgh.

Michelle Madoff:

You know, I don't ever want to take the responsibility or the burden for all the debt for the whole community for the suburbanites and I really support in principle and in theory what Councilman Woods has said but I think the issue is really a very pressing one that Mr. Wagner is touching on. I don't really

think we have time to wait for a study.

There are things that could be done if you would amend your bill just slightly. For example, why couldn't we put drunken drivers who are taking up space in our jails in some holding facility thereby making space available for people who are known criminals who are out on bail? Perhaps we could get minor first offenders who have problems in the home, who are victims of problems in their homes, who go to jail really not because they're criminals but there's nowhere to put the child. Take the lesser crimes, even crimes of prostitution that don't really — I guess indirectly they do have some affects in the population but it's more a benign kind of crime.

I would like to see the people who are known criminals, who are rapists, who are muggers, who are out on bail not out on bail, under any circumstances. And if the City has to take that responsibility then we ought to be speaking out and I commend you for speaking out. I don't think we can wait for a study when the County Commissioners don't even bother to answer Councilman O'Malley for a year. We just can't sit here and watch our citizens be brutalized. Something can be done by shifting people around and I support your resolution. Would you amend it, Mr. Wagner, to say such as putting drunken drivers in even a housing facility to make room in the jails?

Mr. Wagner:

I would certainly include in the motion for the use of housing City residents only and I want that to be clear. As to the purpose, I would not want to get into determining the exact purpose; I would like the investigation done by the Police Department and General Services as to what purpose the

facilities are suitable for.

Michelle Madoff:

I have to respond to that. I don't think that when we get mugged or when somebody gets attacked on the streets we would bother to find out whether that person is from the City or whether they're from the suburbs. The issue is a pressing issue that has to be addressed and it's obvious the City is going to have to lead the way because the county isn't taking the lead in this. Something has to be done even if we have to institute a lawsuit against the county; but something has to happen, now.

Mr. Givens:

I think Jack Wagner strikes on a very pertinent issue that's happening in our penal institutions throughout the land of ours. The erection of a new wing or new section for incarcerating our prisoners in Allegheny County, that of the Annex as we call it, is not going to solve totally the problems that we have of arrest within the City of Pittsburgh, for that matter within Allegheny County. I think it should be studied for this reason; I don't think any of us want our children to end up in the County Jail or even its Annex and the Annex is being designed for less hardened criminals, criminals with minor offenses that are not major crimes as we know them. The fact that we can study this issue is something that we should do. The fact that we do have a 100 cell capacity out there has been brought out. The fact that they sit there right now and if any of you have walked into our police stations within the last couple of years, you'll hold your nose as you walk back into those cell areas. There's a lot of reconstruction that must go on to bring them up to standard but I can assure you that as we sit here today that Annex is going to fill up.

If drugs in this country are not legalized, and I don't think it will be legalized, and if they're going to crack down on drugs the way I think they're going to crack down and I hope they're going to crack down and this Councilman is advocating that they crack down, and that drugs is 85 percent of all crime, drug and drug-related is 85 percent of all the crime that happens in this City, then I have to say that our jails are going to be overbulging if in fact the judicial segment of our government fulfills their obligation of incarcerating people who violate the law. I think that is the swing right now. If not for anything, to house our people and keep them out of the County Jail would be in itself worthwhile and especially our juveniles wherein the parents in many cases have to come down.

If any one of you have been through the Public Safety Building, even with the modernization and upgrading that we're doing down there and just seeing the security within that particular facility, the hangings that we have had when the person is arrested. We're talking about drugs, we're talking about all kinds of drugs. We're talking about drunk driving. If drunkards are supposed to be arrested if they drive a vehicle under the influence, they have to be incarcerated. Where are they going to be incarcerated at? That goes for the 130 municipalities. They're bringing them right now down to our Public Safety Building and eventually into our County Jail and we're releasing and everyone knows what's going on out there. I happen to have in my lifetime experience of running a correctional institution.

I think what Jack is saying is something that should be looked into and I don't, and I advocate it very strongly right here today, they're talking about building jails that are going to be run by a company. Absolutely not. If we put

our prisoners into a jail that is run by a company because it is economically fine, then we're going to put this society of ours into the worst situation that we have ever gotten into in our history because I guarantee you that if they get into some company-run jail, an infraction of the law will be such --

The Chair:

Mr. Givens --

Mr. Givens:

Hear me out, Mr. President. Let me give a little background on this please.

The Chair:

Now, wait. The motion before us is to investigate --

Mr. Givens:

I am giving you some of the background of why this should --

The Chair:

The motion is relative to investigating --

Mr. Givens:

Absolutely. I heard the motion loud and clear.

The Chair:

If you heard it then stay with that issue.

Mr. Givens:

I will stay with that issue. We're talking about expanding or having the capability of using our existing facilities that are not being used today and I'm

telling you what's going to happen downstream from now. I think someplace in this Council we have to have a little vision. I think the Councilman that introduced the particular resolution has a little bit of vision. As a result, I think we must look that way in this Council.

We have an overflowing condition in our county jails and we're going to continue to have that overflowing condition if in fact the judicial system carries out their mandate of incarcerating violators of the law. If drugs are in fact 85 percent of the violations of the law and we're not incarcerating one fraction of those people, what are we then to do? What is the expense going to be to this county? We pay county taxes just like everyone else does. If we have existing facilities that can be up-graded at a minimum then we should look into that. That's all Jack is asking for, to look into it. I say at this stage of the game, let's look into it.

Mr. Woods:

One more comment. I think everyone just hit the nail on the head. The County Jail, the county system; that's what it is. It's not the burden, the burden should not be put on the City of Pittsburgh like it is on the group homes. Every other issue is dumped here in the City. We have these kinds of facilities being built here; you don't see them being built in Wexford or Mt. Lebanon or Elizabeth or anywhere else. Right Downtown in the City of Pittsburgh and now not in our neighborhoods.

I ask my colleagues once again to vote no.

Mr. O'Malley:

I personally have no problem with the study and I have no problem using our

local precincts as a holding cell but I think we're putting the cart before the horse. I think what we ought to do, Jack, I think we ought to send a letter to the County Commissioners, at least to Barbara Hafer who is the one on the Prison Board, and ask them if they are interested first, before we conduct a study. And then if a study is conducted, I think it should be undertaken and it should be financed by the county who, as Councilman Woods says, is responsible. Thirdly, I think if it is done it should be done only on a temporary basis.

Mr. Givens:

I'd like to respond. Yes, it's a county responsibility and right now we have two major points of concern to me, as a Councilman and as a citizen of the City of Pittsburgh. We have the county in fact saying it's a state responsibility. The county does not want to pay for the judges; they're saying that's a state-run governmental judicial system, that of the Commonwealth court. That was created by the state, not the county, by the state. The state funds it. Now the County Commissioners are saying that they should fund all of the judicial system. The county funds the jail but they get appropriations from the state, they get appropriations from the federal government.

So, it is all of our problems. Yes, I would like to see them hold people out in 130 municipalities of Allegheny County; yes, I would not like to see any criminals ever come into the City of Pittsburgh. But that's not real life. It's happening.

The alternative to your solution, Ben Woods, is to let prisoners who have committed serious crimes leave the County Jail into our streets of the City of Pittsburgh. I say no to that. Let's look for alternatives. That's all we're doing.

Mr. Woods:

Dick, that never came out of my mouth.

Mr. Givens:

It came out of my mouth.

Mr. Woods:

Right. Don't say my alternative is to let people walk the street.

Mr. Givens:

That's what you're saying; it's plain and simple. The jails are overflowing, the federal courts say you can't hold them because you have to have so much room for them. They're walking the streets today.

Mr. Woods:

And you're saying to hell with the neighborhoods; dump them in our neighborhoods.

Mr. Givens:

I'll tell you what I'd do if I were Mayor of this City in charge of this Police Department, when someone came out of the County Jail, I'd be like back in the Old West, I hate to tell you I would. If they would release a criminal out of the County Jail in the City of Pittsburgh I would at least escort them to the City line and drop them off and say, "Bye, fellows" or ladies, whichever the case might be.

We're leaving, they come right out of that Allegheny County Jail on Ross Street in the City of Pittsburgh and they're released right into our own Downtown neighborhood. If you don't know what is happening in this Downtown right today, in ten years I've seen the

Downtown nightlife and night activity go almost to zilch. If you talk to any of the people who have businesses down here at nighttime they'll tell you very quickly.

Between the taxation and the criminals that are running our streets, we're hurting. It's the biggest issue there is; public safety. And I don't want to see any of them let out. I scorn the judges for saying we should do what we should do; that is, release them because of federal mandates. Sure, I would say if you want to incarcerate them you're saying it's a state system and the federal government is giving us this money and everything else. I have some beautiful military bases out there in Texas and Arizona and New Mexico, it would be a lovely place to put them but you can't do that.

Mr. Wagner:

May I make one last comment? I would just like to state that I personally feel that these buildings were designed for a purpose and these cells were designed for a purpose. The bottom line is that we're not using them for whatever purpose that was. I don't think it will cost this City, as a matter of fact, I would not vote for the allocation of any dollars to take a look at this. All I'm asking is for the Department of General Services, the Department of Building Inspection and the Department of Police to investigate the potential of whether or not these can be used as temporary holding facilities. What we don't want to do is house someone that is going to be out on the street. I personally feel that if it's drug pushers or drunken drivers — at the moment it is a question of whether or not we want to evaluate whether this person is on the street or in a jail. I think that these facilities should certainly only be used temporarily for City residents.

Finally, all I am asking from all of you is that we investigate the potential of doing that in the future.

Mr. Woods:

I have one more thing. The Warden at the County Jail has to follow a court order. Now they're letting out drug pushers, raists and other criminals and there are so many of them that are out on the streets and the burden falls on them and that is wrong.

Another thing. This is the County's problem and we do pay County taxes so why should we burden the City of Pittsburgh with all of this influxion of people from all over the County and perhaps the state — especially in our neighborhoods. Call the vote.

The Chair:

I have listened to all of you and I would like to make a closing comment.

First of all, I think relative to the County Jail situation, it is a most unusual situation for all of us. The federal judge had issued an order and the local communities have to put up the money whether they like it or not.

The Chair is aware that the County Commissioners have a major decision to make in trying to take care of the needs relative to the County. The Chair is likewise aware that there are efforts being made to try and place some of these people into some of our institutions in the City of Pittsburgh which is in violation of the laws.

I voted against it then and I will vote against them at all times, however, until the new auxiliary facility is available, there is a problem for everyone and while the courts and the Warden at the County Jail and the

Commissioners are operating on a temporary basis, that individual who is charged with a lesser crime is the one that should be released first according to the degree of severity.

We have a situation here where some people are indicating that we should accept City residents only. Well, that does create a problem. I think that this whole problem, in my opinion, is one that is misdirected and I think it's time for a meeting between the Mayor, this Council and the County Commissioners as to what we can do to take care of the problem temporarily. It seems that everyone is running in different directions and the problem is not getting closer to being solved.

This is my feeling and I think we're all saying the same thing. If anyone is opposed to that means that they actually want to have the criminal on the street, but I do think that the County Commissioners and the Mayor and City Council ought to meet on the issue. This has been around too long and we really can't blame anyone directly and certainly not the County because they are being caught between two floors and they're only asking for a way out and sometimes we do what we think is the best thing under the circumstances. Nevertheless, it places a problem on other sources and I think we ought to get a meeting together with the parties involved.

If the City has to pick up some responsibility I think we ought to be doing it with a total understanding on the whole level as to where the responsibility lies.

Mr. Wagner:

I think we should follow through on your suggestion and notify the proper parties.

Mr. Woods moved to approve the Minutes of Monday, March 4, 1985.

Mr. Wagner seconded the motion.

Which motion prevailed.

And on the motion of **Mr. Woods**

Council adjourned.

Municipal Record

Proceedings of the Council of the City of Pittsburgh

VOL. CXIX

Monday, March 25 1985

No. 12

Municipal Record

ONE-HUNDRED TWENTY-THIRD COUNCIL

ROBERT RADE STONE President
MICHAEL PERRY City Clerk
LINDA M. JOHNSON ... Asst. City Clerk

Pittsburgh, PA
Monday, March 25, 1985

PRESENT:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

PRESENTATIONS

Mr. Givens presented

No. 2432 Resolution providing for a Contract or Contracts, or the use of existing Contracts, for the furnishing and installing and/or reinstalling steel

guiderails and facilities related thereto at various locations within the City of Pittsburgh, and other work incidental thereto, at a cost not to exceed \$50,000.00, chargeable to and payable from Code Account PW 85-12, Flexible Beam Guiderails.

Also,

No. 2433 Communication from James N. Walker, Director, Department of Environmental Services, requesting authorization for Robert Lewis and Barry McMeekin to attend the HSUS Workshop in Point Pleasant, New Jersey, May 2-4, 1985, at a cost not to exceed \$700.00, payable from A.C.A.W., Animal & Welfare.

Which was read and referred to the Committee on Public Works.

Mr. Grabowski presented

No. 2434 Communication from George W. Jacoby, Director, Department of General Services, requesting authorization for Robin Smith and Ron Schuler to attend the Fire Service Instructors Conference in Cincinnati, Ohio, March 17-18, 1985, at a cost not to exceed \$430.00, payable from Code Account No. 1128, Misc. Services. Prior approval granted by Council March 13, 1985. Permission is also requested for use of a City vehicle.

Also,

No. 2435 Communication from George W. Jacoby, Director, Department

of General Services, requesting authorization for Barbara Burger to attend the National Safety Council's Conference on Safety Training Methods in Monroeville, PA, March 18-22, 1985, at a cost not to exceed \$550.00, payable from Code Account No. 1128, Misc. Services. Prior approval granted by Council March 12, 1985.

Which were read and referred to the Committee on General Services.

Mrs. Masloff presented

No. 2436 Resolution providing for an Agreement or Agreements for professional services at the Botany Hall annex of Phipps Conservatory, at a cost not to exceed \$6,400.00, chargeable to and payable from Phipps Conservatory Trust Fund, Department of Parks and Recreation.

Which was read and referred to the Committee on Parks and Recreation.

Mrs. Masloff moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Givens seconded the motion.

Which motion prevailed.

Also,

No. 2437 Resolution authorizing the issuance of a warrant in favor of International Animal Exchange in the amount of \$10,000.00 in payment of four (4) Chilean Rockhopper Penguins provided for the benefit of the City of Pittsburgh, chargeable to and payable from Pittsburgh Zoo Membership Trust Fund (PZMTF), Department of Parks and Recreation.

Which was read and referred to the Committee on Finance.

Also,

No. 2438 Resolution amending Res. No. 151, eff. February 28, 1985, entitled: "Providing for authorization to enter into an Agreement or Agreements with various contractors for services in connection with the 1985 Visual and Performing Arts Program," by increasing the total amount from \$80,000.00 to \$90,200.00, chargeable to and payable from Code Account 1838, Recreational Activities, Misc. Services, Department of Parks and Recreation.

Also,

No. 2439 Resolution providing for an Agreement or Agreements with the Garden Club of Allegheny County for the restoration of outdoor gardens at Phipps Conservatory, at no cost to the City.

Also,

No. 2440 Resolution providing for an Agreement or Agreements with Allegheny County Institutional District in connection with the Federal Area Plan for Program on Aging providing for payment and reimbursements to the City by Allegheny County Institutional District for expenditures in connection with the Senior Citizens Program; providing for the payment of the City's share of the cost; providing for the deposit of funds.

Also,

No. 2441 Resolution providing for an Agreement or Agreements with the University of Pittsburgh for professional services in connection with the 1985 Shakespeare Festival for the benefit of the residents of the City of Pittsburgh, at a cost not to exceed \$5,000.00,

chargeable to and payable from Code Account 1838, Recreational Activities, Misc. Services, Department of Parks and Recreation.

Also,

No. 2442 Resolution providing for authorization to enter into an Agreement or Agreements with various contractors for the repair of the Robert Burns Statue, at a cost not to exceed \$14,000.00, chargeable to and payable from Code Account SPPTF, Special Parks Program Trust Fund, Department of Parks and Recreation.

Also,

No. 2443 Resolution providing for an Agreement or Agreements with the Bloomfield Garfield Corporation for Professional Services in connection with the Stanton Heights Summer Baseball Program, at a cost not to exceed \$1,000.00, chargeable to and payable from Code Account 1838, Misc. Services, Department of Parks and Recreation.
—(SPONSORED BY MRS. MASLOFF)

Also,

No. 2444 Communication from Louise R. Brown, Director, Department of Parks and Recreation, requesting authorization for Regina Grebb and Deborah McGuire to travel to Indianapolis, Indiana for the purpose of transporting a lion from the Indianapolis Zoo to the Pittsburgh Zoo on March 20-21, 1985, at a cost not to exceed \$200.00, payable from Code Account No. 1852. Prior approval granted by Council March 15, 1985.

Which were severally read and referred to the Committee on Parks and Recreation.

Mr. Robinson presented

No. 2445 Resolution providing for the issuance of a warrant in favor of Carlow College Center for Business, Society and Ethics in the amount of \$947.16 for professional services rendered to the Council Task Force on investment policies and business practices for January and February, 1985, chargeable to and payable from Code Account No. 1001-2, Services and Salaries of Council, As Needed. —
(SPONSORED BY MR. ROBINSON)

Which was read and referred to the Committee on Finance.

Also,

No. 2446 Resolution providing for an Agreement or Agreements for professional auditing services in connection with the 1983 and 1984 CDBGF Years and the CDBGF - Third Party Contracts, at a cost not to exceed \$50,000.00, chargeable to and payable from the 1984 Community Development Block Grant Program, Department of City Planning, Administrative Account (CDPA).

Also,

No. 2447 Resolution providing for the issuance of Certificates of Appropriateness for exterior work on certain residential structures in the Mexican War Streets Historic District and an individual Historic Landmark at 201 Winebiddle Street.

Also,

No. 2448 Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to acquire all of the City's right, title and interest, if any, in and to the publicly owned property in the 29th and 32nd Wards of the City of Pittsburgh

designated in the Deed Registry Office of Allegheny County as Block and Lots: 61-H-384, 61-H-385, 61-H-386, 61-H-389, 61-H-391, 61-H-392, 61-H-384A, 61-H-388, 61-H-389A, 61-H-391A and 61-H-392A, under the Industrial Land Reserve Fund, in the 29th & 32nd Wards.

Also,

No. 2449 Resolution approving the sale of Parcel 4A (805 N. Homewood Avenue) in the 13th Ward of the City of Pittsburgh by and between the Urban Redevelopment Authority and Homewood Brushton Revitalization and Development Corporation (Neil H. Dorsey, President; Novice Miller, Vice President; and Mulugetta Birru, Executive Director) for \$7,500.00 — Redevelopment Area No. 34, 13th Ward of the City of Pittsburgh.

Also,

No. 2450 Resolution approving execution of a Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and Steve Catranel Construction Company, Inc., (Stephen A. Catarinella, President and Treasurer; Donna L. Catarinella, Vice President) for the sale of Block 50-G, Lot 76 (5133-35 Rosetta) in the 10th Ward of the City of Pittsburgh, for the sum of \$1,000.00 (SINGLE-FAMILY HOUSE).

Also,

No. 2451 Resolution approving and Agreement by and between Urban Redevelopment Authority of Pittsburgh and Steve Catranel Construction Company, Inc., (Stephen A. Catarinella, President and Treasurer; Donna L. Catarinella, Vice President) in which Urban Redevelopment Authority of Pittsburgh will provide financial assistance to the purchasers of houses to

be constructed in the 10th Ward of the City of Pittsburgh under the terms and conditions of the Neighborhood Housing Program.

Also,

No. 2452 Resolution approving execution of a Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and Solar, Inc., (David J. Murray, President; and Patricia E. Murray, Secretary) for the sale of Block 50-H Lots 207, 208, 209, 210, 211, and 212, in the 10th Ward of the City of Pittsburgh (SINGLE-FAMILY HOUSE).

Also,

No. 2453 Resolution approving and Agreement by and between the Urban Redevelopment Authority of Pittsburgh and Solar, Inc., (David J. Murray, President; and Patricia E. Murray, Secretary) in which Urban Redevelopment Authority of Pittsburgh will provide financial assistance to the purchasers of houses to be constructed in the 10th Ward of the City of Pittsburgh under the terms and conditions of the Neighborhood Housing Program.

Also,

No. 2454 Resolution approving a Conditional Use under Section 993.01(a)A-10 of the Pittsburgh Code, Title Nine, Zoning, Article V, Chapter 993 for authorization to continue to use the existing structure located at 800 EAST OHIO STREET as an Institutional Facility limited to 25 adult male recovering alcoholics with twenty-four hour supervision. The property is zoned "C3" Commercial District and is identified as Lot No. 142, Block 24-N in the Allegheny County Block and Lot System, 23rd Ward.

Also,

No. 2455 Communication from Robert H. Lurcott, Director, Department of City Planning, requesting authorization for Paul Farmer and himself to attend the American Planning Association's 1985 International Planning Conference in Montreal, Canada, April 18-24, 1985, at a cost not to exceed \$2,400.00, payable from the 1984 CDPA funds.

Which were severally read and referred to the Committee on Planning, Housing and Development.

Mr. Wagner presented

No. 2456 Resolution providing for the issuance of a warrant in favor of GJM Contractors, Inc., in the amount of \$35,282.32, in payment for extra work, being in addition to the original contract price of \$245,179.00 on Controller's Contract No. 26920, furnished for the benefit of the City in connection with South Craig Street Sewer-Waterline Reconstruction, payable from Code Account PW 83-17.

Also,

No. 2457 Resolution providing for the issuance of a warrant in favor of Pittsburgh and Lake Erie Railroad, in the amount of \$57,445.15 for the final payment of the design and construction of a railroad crossing at 18th Street in relation to the South Side Riverfront Park, payable from CDPR 78-10 - \$45,912.75; and South Side Riverfront Trust Fund - \$11,532.40.

Also,

No. 2458 Resolution providing for the issuance of a warrant in favor of Coffey Construction Company in the amount of \$1,223.60 in payment of extra

work, being in addition to the original contract price of \$193,503.00 on Controller's Contract No. 26987, furnished for the benefit of the City in connection with the Public Safety Building Cell Block Renovation, payable from Code Account LB 83-07.

Which were severally read and referred to the Committee on Finance.

Also,

No. 2459 Resolution amending Res. No. 1045, eff. October 29, 1981, entitled: "Providing for an Agreement or Agreements with a Consultant or Consultants for Professional Engineering Services in connection with the investigation of the Bridge Inspection Truck (HS 701) Accident; and providing for the payment of the cost thereof," by providing for a Supplemental Agreement or Agreements and by increasing the total project to total project allocation from \$25,000.00 to \$40,000.00, payable from PW 81-16 - \$25,000.00; and EC 85-06 - \$15,000.00.

Also,

No. 2460 Resolution amending Res. No. 307, eff. April 25, 1980, entitled: "Providing for an Agreement or Agreements with Green International for Consultant Services in connection with the Design of the Swindell Bridge; and providing for the payment of costs thereof," by providing for a Supplemental Agreement or Agreements and by increasing the total project allocation from \$125,000.00 to \$232,000.00, chargeable to and payable from PW 80-19 - \$125,000.00; and EC 85-08 - \$107,000.00.

Also,

No. 2461 Resolution providing for an Agreement or Agreements with a

Consultant or Consultants for Professional Services in connection with the preparation of a photographic inventory of all City Bridges, at a cost not to exceed \$9,000.00, chargeable to and payable from Code Account EC 85-25.

Also,

No. 2462 Resolution providing for an Agreement or Agreements with a Consultant or Consultants for architectural/engineering services in connection with the design of No. 3 Police Station and No. 6 Emergency Medical Services, at a cost not to exceed \$80,000.00, chargeable to and payable from Code Account LB 84-05.

Also,

No. 2463 Resolution providing for a Contract or Contracts for the construction of Mountain Road Extension, at a cost not to exceed \$100,000.00, chargeable to and payable from Code Account PW 84-38, Miscellaneous Repairs to Streets and Structures.

Also,

No. 2464 Resolution Repealing Res. No. 122, eff. February 21, 1985, entitled: "Purchase of certain property, by the City of Pittsburgh for bridge and road improvements certain property for right-of-way, for the Bloomfield Bridge in the 8th Ward of the City of Pittsburgh, at a cost not to exceed \$6,000.00, chargeable to and payable from PW 80-17," is hereby repealed in its entirety.

Which were severally read and referred to the Committee on Engineering and Construction.

Mr. Woods presented

No. 2465 Resolution authorizing the transfer of \$63,688.63 from the Social Security Fund, Code Account 57, to Code Account 1100, Miscellaneous Services, Department of Personnel and Civil Service Commission; and authorizing the Mayor and the City Controller to countersign a warrant in favor of the U.S. Department of Labor in the amount of \$63,688.63 in payment of disallowed costs in the City CETA Program during fiscal years 1977, 1978 and 1979, chargeable to and payable from Code Account 1100, Miscellaneous Services, Department of Personnel and Civil Service Commission.

Which was read and referred to the Committee on Finance.

Mr. Woods moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Wagner seconded the motion.

Which motion prevailed.

Also,

No. 2466 Resolution providing for the issuance of a warrant to Walter J. Saranetz and Catherine O. Saranetz, his wife, c/o David B. Mulvihill, Esquire, Two Chatham Center, 15th Floor, Pgh., PA 15219, in the amount of \$2,000.00 in full settlement of a claim for property damage, when a water main became blocked causing water to back up in the basement of property known as 1749 Moffat Street, Pgh., PA, payable from Code Account No. 46, Judgments.

Also,

No. 2467 Resolution providing for an Agreement or Agreements with various agencies, for the implementation of the City of Pittsburgh's Job Training Partnership Act Summer Youth Employment Program, at a cost not to exceed \$1,750,000.00, chargeable to and payable from the JTPA-2 Trust Fund, Federal Funds.

Also,

No. 2468 Resolution providing for the filing of an application or applications by the City of Pittsburgh with the Commonwealth of Pennsylvania for a grant or grants in connection with the Job Training Partnership Act; providing for the execution of Grant Contracts and for the filing of requisitions and other data, at a total cost not to exceed \$2,507,000.00, chargeable to and payable from the various JTPA Trust Funds, Federal Funds.

Also,

No. 2469 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, requesting authorization for George Whitmer to attend a National League of Cities Meeting and U.S. Conference of Mayor's Meeting in Washington, D.C., March 25-26, 1985, at a cost not to exceed \$500.00, payable from Code Account No. 1017-09, Misc. Services, Mayor's Office. Prior approval granted by Council March 18, 1985.

Also,

No. 2470 Communication from Ronald C. Schmeiser, Director, Department of Finance, requesting authorization for Henry Sciortino to attend the 7th Annual Government Cash Managers Conference in Arlington, Virginia, April 1-3, 1985, at a cost not to exceed \$1,200.00, payable from Code

Account No. 1063.

Which were severally read and referred to the Committee on Finance.

REPORTS OF COMMITTEES

Mr. Woods presented

Bill No. 2471

Report of the Committee on Finance for March 20, 1985 transmitting two ordinances and sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2337

An Ordinance entitled, "An Ordinance amending the Pittsburgh Code by extending its period of effect for four (4) additional months concerning the City's Local Economic Revitalization Tax Act (LERTA) Program."

Which was read.

Mr. Wagner:

Mr. President, I'd like to ask the City Clerk, have we ever received a letter from the Finance Department on the first bill, 2337, indicating the various areas of the City that have taken advantage of the Economic Revitalization Tax Act? I made that request at the previous Wednesday's meeting.

Linda Johnson:

Rather than request that the bill be held, could we please alert them in writing that that information was

requested and I would appreciate if they would provide it?

Linda Johnson:

Yes.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 8

NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 2352

A Resolution entitled, "Resolution authorizing the issuance of a warrant in favor of Kenneth C. Fletcher, D.V.M., in the amount of \$400.00 in payment for the surgical sexing of birds at the Pittsburgh Aviary, furnished for the benefit of the City without previous authority of law; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2360

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Electrix Incorporated, 110 Whitaker Street, Whitaker, Pennsylvania 15120, in the amount of \$2,978.50, in payment for services furnished for the benefit of the City; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2361

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of the International Business Machines Corporation, P.O. Box 3025, Pittsburgh, Pennsylvania 15230, in the amount of \$3,732.00, in payment for rental of equipment furnished for the benefit of the City; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2362

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Supersonic Car Wash in the amount of Nine Thousand, Forty Seven Dollars and Fifty Cents (\$9,047.50) for the Washing of Police Cars."

Which was read.

Also,

Bill No. 2363

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Eagle Air Systems, P.O. Box 458, 700 Hunt Road, Pleasant Garden,

North Carolina, 27313, in the amount of \$3,295.00, in payment for repairs to the air compressor for the Department of Public Safety, Bureau of Fire, without previous authority of law."

Which was read.

Also,

Bill No. 2379

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Specialty Pool Systems, Incorporated, in the amount of \$25,000.00, in payment for Extra Work, being in addition to the original contract price of \$315,190.00 on Controller's Contract No. 27334, furnished for the benefit of the City in connection with the Burgwin Swimming Pool Renovation, and providing for the payment thereof."

Which was read.

Mr. Givens:

I would like my remarks brought forward for the Record.

(BEGINNING - MR. GIVENS' REMARKS ON BILL NO. 2379 - WEDNESDAY, 3/20/85)

Mr. Givens:

What was the extra work?

**Paul J. McDermott, Director
Department of Engineering
and Construction:**

When the bids were opened, it had two conditions — a base bid and an alternate. When the bids were opened, when you added the base bid and the alternate together it exceeds the allocations that were in the resolution to complete the project. So, in order not to

delay it, the award was made based on the base bid minus the alternate.

This resolution is for adding the alternate back in. We found the funds so that we can proceed with the entire project.

Mr. Givens:

There was a bid and you had an alternate —

Director McDermott:

Deduct alternate.

Mr. Givens:

Right in with the actual bidding —

Director McDermott:

— yes.

Mr. Givens:

Everyone knew about the alternate?

Director McDermott:

That is right.

Mr. Givens:

This is the first time that I have seen that. If it was a regular bid and they put an alternate into it, why wouldn't the alternate be fitted into the regular bid?

Director McDermott:

The estimate was low for the total construction including the alternate so when the bids came in the overall cost of the project exceeded the amount that was in the resolution authorizing the bidding. So in order not to delay it, the

award was made based on the alternate being deducted.

Mr. Givens:

That brings up a good point. When you have your engineers make estimate of what the work would cost down there and then all of the bids come in over top of that, that should indicate something happened in the system; either your people underestimated it or they weren't on target or something happened.

Was there an error then found within your engineering staff that concluded by all of those who had the reviewing process? Did they leave something out or they did not estimate something that should have been estimated? What was the significant thing that brought this thing up higher? Generally they have been coming in lower.

Director McDermott:

I think there was a unit price used in the estimate that was somewhat low.

Mr. Givens:

Generally when that happens do you not go out and re-bid?

Director McDermott:

That's an alternative but that normally adds about a four to six-month delay in the project and you don't know what kind of bids you're going to get on the second time around. It's a throw of the dice and the decision was made that it was in the City's best interests to have it in this fashion.

MICHELLE MADOFF COMMENTS

Mr. Givens:

I have the bill before me right here and this work will be phased into three distinct operations each to be designated as follows, and they have "demolition", "construction" and "fence" creating the landscaping. Extra work, \$25,000 and that's what I'm looking at in my brief right here but I'm also looking at extra work, construction, that was for demolition. Extra work for construction and extra work for fence, finishing, grading and landscaping. Now the one that we're looking at today, is that just demolition?

Director McDermott:

No, this is for alternate, Number One, \$25,000.

Mr. Givens:

Within the cover letter I'm seeing extra work --

MICHELLE MADOFF COMMENTS

Mr. Givens:

I'm looking at my brief right here and it says "\$25,000 only". It doesn't say \$65,000; I'm looking at the cover sheet that says "\$25,000 for demolition, extra work". Then the construction, extra work, \$30,000. Then on the fencing, finishing, grading and landscaping, extra work, \$10,000 for a total extra work on this project of \$65,445.

Director McDermott:

It's not extra work because the project hasn't started. We're trying to implement this contract and by the alternate, this is the work that's being added into the base contract.

Mr. Givens:

Fine, then you're going to come in then -- from looking at this letter here dated January 15th, signed by yourself --

Director McDermott:

The \$25,000 takes us to an amount of money to provide this entire alternate which you're reading on that accompanying letter to be performed.

Mr. Givens:

The letter doesn't say that. It says "the total cost of extra work in One, Two, Three, shall be \$65,000".

MICHELLE MADOFF COMMENTS

Director McDermott:

It has to be extra work because it's --

Mr. Givens:

With the original contract of \$315,000; is that right, Mr. McDermott?

Director McDermott:

That's right. The definition is proper, it is for extra work to the base contract that was awarded.

Mr. Givens:

Would the base contract of \$315,000 and we're coming in with extra work for \$25,000, what then does the \$65,000 extra work mean? Are you going to come in with additional legislation?

Director McDermott:

No. The \$25,000 we're asking by this legislation provides the adequate money to do the basic contract plus the

addition of the alternate work that was bid which is outlined in those three items you have just defined: demolition, excavation and hauling; construction of new retaining wall and finish, grading and landscaping for a total of \$65,445.

Mr. Givens:

If in fact there was only \$315,00 -- that was the total amount that was originally appropriated?

Director McDermott:

Yes.

Mr. Givens:

Is that what the bid came in for?

Director McDermott:

The original legislation was for \$315,190.

Mr. Givens:

Was that the bid?

Director McDermott:

That was the resolution that we're amending. I'm sorry, the contract price was \$315,000.

Mr. Givens:

What was the original money that the City had set aside for this particular contract?

Director McDermott:

It's not defined in the amendment.

Mr. Givens:

I'm looking at a piece of correspondence that indicates extra work

in three different phases for a total extra work and that seems to be over and above what the original contract was authorized for.

Director McDermott:

But we only needed \$25,000 —

Mr. Givens:

It says it right there, but I'm seeing extra work and two other phases totalling \$65,000 extra work which means to me that someone underestimated this thing by \$25,000 or you increased the scope of work by \$65,000.

MICHELLE MADOFF COMMENTS

Mr. Givens:

I'm not talking to you, Michelle.

Director McDermott:

We're increasing the scope of work by the addition of the alternate bid and we're accomplishing that addition of the alternate work. Defined in my letter of January 15th, there's G-1, G-2 and G-3 by adding —

Mr. Givens:

Could you explain G-1, G-2 and G-3?

Director McDermott:

Demolition, excavation —

Mr. Givens:

Hold it, how much money?

Director McDermott:

Twenty-five thousand dollars.

Mr. Givens:

That \$25,000 and this —

Director McDermott:

Don't relate the two of them, please. Extra work order, G-2, Construction of new retaining walls which is the retaining wall required in alternate 1. Work order, G-3, Fence, Finish Grading and Landscaping required by the addition of alternate 1 for a total cost of \$65,445.

Mr. Givens:

Extra from the original scope of work.

Director McDermott:

Adding the \$65,000 to the bid price of the base bid less the alternate, we are short in funding the total project by \$25,000 and by this letter today of March 6th, asking to amend the resolution for the \$25,000 to accomplish the entire project.

Mr. Givens:

Overall on that particular project reading your particular letter there was \$65,000 of extra work on a \$315,000 contract; that's not acceptable. Someone let the sand get through the crack on that one.

(END - MR. GIVENS' REMARKS ON BILL NO. 2379 - WEDNESDAY, 3/20/85)

Also,

Bill No. 2388

A Resolution entitled, "Resolution authorizing the Mayor to issue and the City Controller to countersign a duplicate warrant to the same payee and

in the same amount to replace the following warrant which was lost, stolen or inadvertently destroyed."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Mrs. Masloff	Mr. Wood's
Mr. O'Malley	Mr. Stone (Pres't)

AYES 8 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 2389

A Resolution entitled, "Resolution carrying over balances or portions thereof remaining in certain code accounts for the year 1984 to the same or to other code accounts for the year 1985." (AS AMENDED IN COMMITTEE)

Which was read.

Also,

Bill No. 2390

A Resolution entitled, "Resolution further amending Resolution No. 285,

approved March 31, 1982, and effective April 5, 1982, as previously amended by Resolution No. 160, approved February 28, 1983 and effective March 7, 1983, and further amended by Resolution No. 241, approved April 4, 1984, and effective April 10, 1984, entitled: 'Resolution providing for an Agreement or Agreements for professional services in connection with the Clean Community System Program of Keep America Beautiful, Inc. and providing for the payment of the cost thereof,' by providing for an increase in the appropriation therefor from One Hundred Five Thousand (\$105,000.00) Dollars to One Hundred Seventy-Five Thousand (\$175,000.00) Dollars."

Which was read.

Also,

Bill No. 2391

A Resolution entitled, "Resolution providing for the City Controller and the Director of General Services to enter into a Contract or Contracts, or for the use of existing Contracts to purchase and install work stations and accessories for the Contract Section."

Which was read.

Also,

Bill No. 2392

An Ordinance entitled, "An Ordinance amending the Pittsburgh Code, Title Two, "Fiscal", Article I, "Administration", Chapter 203, "Payment and Refunds", Section 203.03, "Refund Procedure; Certification, Time Limit and Approval", by providing for the procedure for refunds of taxes to which the City of Pittsburgh is not legally entitled."

Which was read.

Also,

Bill No. 2393

A Resolution entitled, "Resolution Repealing Item F of Resolution No. 38, approved February 6, 1985, which authorized the sale of property in the 13th Ward, being a 3 Story Brick Apartment house, located at 7317 Monticello Street, designated as Block 174-F, Lot 114, to Shirley A. Mims, for the sum of \$16,000.00."

Which was read.

Also,

Bill No. 2394

A Resolution entitled, "Resolution amending Item J of Resolution No. 38, approved February 6, 1985, which authorized the sale of property in the 20th Ward, being vacant land (8 lots) on New York Street, designated as Block 18-H, Lots 29 thru 44, to Anthony E. Ciotti, for the sum of \$3,100.00."

Which was read.

Also,

Bill No. 2395

A Resolution entitled, "Resolution providing for the filing of a petition or petitions for the sale of certain property or properties acquired at tax sale in accordance with Act No. 514 of 1947 as amended."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 8

NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 2409

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Jendoco Construction Corporation in the amount of Three Thousand Sixty Two Dollars and Seventy Three Cents (\$3,062.73), for shift differential payments in connection with the TV Production Facilities/Cable Bureau Offices, 9th Floor Renovation Project and providing for the payment of the cost thereof."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 8 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Mr. Givens presented

Bill No. 2472

Report of the Committee on Public Works for March 20, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2347

A Resolution entitled, "Resolution granting unto Dennis Urban his successors and assigns, the privilege and license to construct, maintain and use at his own cost and expense, a Porch and Step in a portion of the sidewalk of Muriel Street in the 17th Ward of the City of Pittsburgh."

Which was read.

Also,

Bill No. 2348

A Resolution entitled, "Resolution granting unto McDonalds Corporation their successors and assigns, the privilege and license to construct, maintain and use at their own cost and

expense, a landscaped area and three flag poles on a portion of the sidewalk of 1630 Penn Avenue in the 2nd Ward of the City of Pittsburgh."

Which was read.

Also,

Bill No. 2410

A Resolution entitled, "Resolution providing for an Agreement or Agreements, or the use of existing Agreements, between the City of Pittsburgh and the Commonwealth of Pennsylvania for the paving of Carson Street from South 10th Street to South 18th Street."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Robinson presented

Bill No. 2473

Report of the Committee on Planning, Housing and Development for March 20, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2312

A Resolution entitled, "Resolution providing for a Cooperation Agreement with the Urban Redevelopment Authority of Pittsburgh in connection with the Administration of the Allegheny International/Stanley Theatre Renovation Urban Development Action Grant Project and providing for the payment of the cost thereof."

Which was read.

Mr. Robinson:

Mr. President and members of Council, on 2312, on Wednesday I raised some concerns about this bill and other projects that are referred to us through the URA. I'd like to know if the Assistant City Clerk has received from either Mr. Garrity or Mr. Brophy at the URA written documentation verifying the date when all evidentiary materials relative to the Allegheny International Stanley Theatre Project must be officially filed with the U.S. Department of Housing and Urban Development.

Linda Johnson:

No, we haven't.

Mr. Robinson:

Mr. President, my inclination is to continue my dialogue relative to the relationship between the URA and the City of Pittsburgh. This is probably not an appropriate time to go into a full discussion but I am concerned that the basic question has not been addressed by the legal counsel for the URA or the City Solicitor relative to whether or not the City of Pittsburgh and the City Controller have any authorization to address the internal operations of the URA. I think until that question is resolved either by way of a legal opinion as substantiated with case law or tested in the court of law, that it's going to be somewhat difficult for this Council to continue to authorize the Urban Redevelopment Authority to carry out public projects with public money with this lingering question, a question which both the Solicitor for the City of Pittsburgh and the general counsel for the URA have answered in terms of the City of Pittsburgh does not have any authorization pursuant to the Home Rule Charter at least, to be involved with the operations of the Urban Redevelopment Authority.

As Chairman of Council's committee on Planning, Housing and Development, to say the least I disagree with them; I think the fact that Council Bill 2312 is in front of us is evidence that we do have authorization. The fact that this Council, not this Council per se but the Council of the City of Pittsburgh and the Mayor, pursuant to state law, authorized the creation of the Urban Redevelopment Authority that indeed there is a basic fundamental philosophical difference and as Chairman of this Committee I would hope that we could answer that question before we continue.

I am troubled not only about the

response of our Solicitor and the general counsel from URA, I am troubled that neither the Executive Director of the URA or the general counsel was courteous enough to respond to my request to give us documented evidence that Council Bill 2312 should be passed prior to March 30th. It's my understanding that only a verbal assurance was given to Mr. Garrity, the general counsel of the URA, by an employee in Washington, D.C., that deals with the UDAG program. That is not, I think, the manner in which we ought to be conducting business and I certainly don't think that we should sit idly by and allow the URA to misrepresent the facts, either intentionally or unintentionally.

I have some other questions about Council Bill 2312 and other projects that the URA is administering for us. Unless there is a March 30th deadline that can be verified in writing and verified by HUD, I'd like to have 2312 referred back to Committee and maybe we can get to some of these basic and fundamental questions as well as find out what is the actual date that this evidentiary material must be at HUD.

Mr. Givens:

I think that some of the concerns that Councilman Robinson is bringing up are concerns that I have also and I can relate it to a project that I fought for very hard; in fact I was the only Councilman that voted to retain and that is the Grant Liberty Development of our new convention hotel site as we think it's some \$150 some million of which this Council appropriated many millions of dollars through the Urban Redevelopment Authority to create certain environments of working environments down there that will include the people from the City of Pittsburgh, companies from the City of Pittsburgh and surrounding areas.

To my amazement, when I went down and looked at the new construction site, the new hotel site, the major construction firm is from Cincinnati yet we here in this Council have appropriated millions of dollars for that Grant Liberty Development to go forward. Without our help and financing that would never have happened. But yet somewhere, someplace, this Council must protect the investments of the tax dollar that's being returned to this City in the form of UDAG grants, Urban Development Action Grants, to make sure that we get a little piece of that pie. Yes, it creates temporary jobs and it creates permanent jobs but someplace during the constructional phase where the \$150 some million is going to be spent, should we not have some of that action? Should not our construction firms, some nationally reknown, within our particular area not be involved in the construction of that site if in fact we are using our City taxpayers' dollars?

If we're to represent the people of the City of Pittsburgh, then we must delve into this question. It's been before us before, I've been very pronounced on it here within the last several months and the last several years. I have questioned the practice and I think this is another example before us. If we pass this bill, 2312, forever and ever, the City of Pittsburgh, Council representing the people of the City of Pittsburgh where we're going to lose, I feel, the legal entities to concert our philosophy and our thoughts on the employment of the people within the City of Pittsburgh as well as other interests that Councilman Robinson has brought up. And I submit that if there is no deadline that this Council should review this.

The Chair:

If I may for a moment, I think the concerns that Councilman Robinson

speaks to relative to the Stanley Theatre Allegheny International, now Benedem Trees, Project, I think is one of the most innovative concepts the City has ever entered into relative to a UDAG grant where we're able to first get a new building; we're able second to create a new cultural entity; we're able thirdly to create a cultural district.

Relative to the concerns Mr. Robinson has I have no problem with that and I think he's aware of it.

Relative to paragraphs 20 and 21 I think it does provide in the agreement those conditions which he asks for. For us to hold up the project of \$17 million relative to whether someone is represented to us that the deadline is the 30th or whether we have the actual document here, it would appear to me that we ought to go through with this project and get on with it with no restraints on Mr. Robinson getting the information which he desires. He as indicated and it's my understanding from serving on that Board that relative to this project there was a declaration that they would comply with the minorities program and it's my understanding having heard it a few times at the Board Meetings that they intended to comply.

I don't think we should hold this project up but at the same time in fairness to Mr. Robinson, I don't think that he should be limited in acquiring the information which he desires. It was indicated that a document would be here; I'd like to see it. But I think that this project must go on. Originally it was expected to be \$21 million; it fell short and sent the whole Committee out scurrying to find other funds to make the difference or to make those cuts. I think it would be tragic if we were to thwart this project since it has an opportunity to change that whole north of the Triangle and there's more to be gained by going

forward than there is to thwart its development and its quick action.

Mr. Robinson:

Mr. President and members of Council, the issue is not the worthiness of the project. I'm on record as being in favor of the project. I don't think there's any doubt that any improvement that we can make along Liberty Avenue most people in this City would support and I certainly support that.

I think the issue is much more fundamental. This is not the first time that the Urban Redevelopment Authority has misrepresented to this Council the facts. If March 30, 1985 is the date by which they must have all evidentiary materials to the U.S. Department of Housing and Urban Development, then why hasn't this Council been officially informed that that is the date? There must be a reason why that was represented to us as the date. We asked last Wednesday that we get some verification for that; we have yet to receive it. So, I don't think that we know that March 30, 1985 is the date. That's one thing.

The other thing is that if indeed the Solicitor for the City of Pittsburgh and the general counsel for the URA believe in fact this Council has no authorization to be involved in the operations of the URA and the Controller has no authority to audit the URA, it seems to me that that is reason to hold up this project and any others until we get that resolved. It's not as though we are not going to be interacting with the URA; we have bills that were introduced today that deal with the URA.

Its obvious to me that the law of the Commonwealth of Pennsylvania which establishes the authority of a City

like Pittsburgh to create an Urban Redevelopment Authority gives to us authorization to be involved with the operations of the URA. Inasmuch as this is the major authority that we interact with, I don't think this matter should be taken lightly. There are millions and millions of dollars, taxpayers' dollars, that we pass on to the URA, not because we legally are entitled to or they're entitled to it, but because we have confidence in their operation. I'm suggesting to you that there's a basic question that our own Solicitor doesn't seem to be clear on and neither have our Solicitor or the general counsel for the URA ever provided to this Council any case law that supports their position that the City Controller has no authorization to audit the URA and that the Council and the Mayor of the City of Pittsburgh have no authorization to be involved in the internal operations for the URA.

I think if anything, it's an insult to the intelligence of this Council to suggest that we as elected officials who approve the Directors of the URA, and approve a portion of their budget, have no authorization for our own Solicitor to advance that position. It's close to ludicrous. And as Chairman of this particular Committee, I don't plan to go one step further until I get some clarification from our Solicitor and the general counsel for the URA what our relationship is. This is something that I've been trying to work on with them and the Mayor's Office for several months, to no avail. The issue of not having the verification for what the date is I think is just another glaring example of the type of arrogance that the URA shows towards this Council and evidently must feel kind of confident that no matter what they do the show will go on.

The Chair:

Mr. Robinson, if I may, I want to

go back and respect your request and write to obtain information. Having been in Washington, D.C. in February of this year and having seen the traumatic exchanges that are happening relative to UDAG, being aware that the President, President Regan is represented in his package, that UDAG be eliminated, being fully aware that some cities were promised money for three years and the budget cuts at the present time are intended to cut some of them in two years leaving them with some way to find the balance of the federal monies as well as their own monies in the third years, I think at this point we do not lose the opportunity for you to get your information relative to any legal aspects or whether or not the Controller does or does not have the right to audit. I think however in view of the fact that UDAG as it is right now is a target for elimination and in view of the fact that whether this date pleases us or not or whether or not it is accurate, it would appear to me that the date if not yesterday should have been the important date in view of the present circumstances relative to the fiscal constraints in Washington, D.C.

I can say to you, having met with most of the Senators, having met with OMB in Washington, D.C. with the National Association of Regional Councils, all I can say to you is anyone that has a UDAG grant in Washington better get it quick before it ends.

I'm also faced with this proposition that if by chance we are cut from the \$17 million it will cause an effect on that area that we cannot tolerate. In view of that, I have no choice but to go forward.

Mr. Robinson:

Mr. President, if I might. This matter is extremely serious. I'm willing

to meet with the appropriate people to resolve this issue prior to Council making a final decision to resolve the issue of the legal standing of the URA, the Controller's Office and this Council, the date that the evidentiary materials must be submitted and even with or not there's any evidence that these documents before us are not to HUD by March 30th we'll lose \$17 million. I believe this UDAG is committed and I said several months ago, and I still believe, that this is a new project. This is a new project; this is not the original project that we approved almost two years ago, and because it's a new project it has new requirements. There were new requirements from HUD; there were probably new requirements from the URA.

I can't understand why the urgency to pass this bill without getting verification that what was represented to us by the URA is indeed fact. I'll go back to the records for those who would like me to and pull out for you numerous instances where the URA has misrepresented to us dates that material had to be submitted. In one instance we submitted material based on the URA's recommendation without any evidentiary material at all. And that was for the Enterprise Development Program two years ago. The Record will so reflect that Councilman Robinson objected.

I've been objecting to this Allegheny International Project procedure almost from day one and I've been objecting as Chairman of Planning, Housing and Development. But I've also been trying to move the project along. I don't understand why all of a sudden, because President Regan decides he wants to chop the UDAG program, that the Council of the City of Pittsburgh finds some need to rush on. This money is in the bank. If there's somebody here who believes that this money will not be

there after March 30th, then why can't we produce the documentation, the evidence? Why is it that we don't want the evidence from URA?

I'll wait here as long as it takes, it's almost quarter of three, for Mr. Brophy and Mr. Garrity to come here. They're not even here today. They're not here to answer any question or any concern but evidently there's some need to move forward on this project without evidentiary material. On lesser projects we ask more questions. We scrutinize the purchase of shoes for our refuse workers to the point of absurdity and then finally went on with a procedure that we knew wasn't right. We knew it wasn't right but we went on with it anyway. Why? To accommodate the refuse workers.

Well, I'm asking you to accommodate me as Chairman of Planning, Housing and Development to send this bill back to Committee and ask the URA to provide to us the information that we are rightfully due. Not tomorrow, Mr. Stone, but today. Why tomorrow? Today. It's not as though our UDAG programs at the URA are working smoothly; you and I both know they are not. That program is under constant scrutiny and constant examination by HUD. So what do we do? We want to give URA \$17 million more. Because it's a worthy project? No, I don't think that's good enough. I think there has to be some better basis in the City to make decisions.

One last comment. All of us here say that we're concerned about jobs for Pittsburghers. We push for it; we talk about it. This project guarantees no jobs for Pittsburghers. And when the Director of Development for the URA was here last Wednesday she said that this is not going to be subject to current laws in the City of Pittsburgh that deal

with giving Pittsburghers the first opportunity to apply and be considered for jobs because this project was, in effect, prior to that. That's not true; it's obviously not true. She also made no comments whatsoever to even suggest that we do anything to guarantee Pittsburghers a chance to work in this project. I think that we ought to just stop and ask ourselves what are the benefits of this project and any of these other economic development projects to Pittsburghers instead of just assuming that because it's going to improve an area in the City that all of a sudden some benefits are going to flow.

With all due respect to Mr. Stone as a member of that Pittsburgh Cultural Trust, I think that we need to ask the people who have the responsibility to answer the questions, not those of us who serve in some capacity where's it's obvious that we have a vested interest. I'm not here speaking as the Treasurer of the Public Auditorium Authority which put \$7.5 million in this project; I'm just speaking as Chairman of Planning, Housing and Development, the Committee that is seeing this project all the way through, the Committee that interfaces almost daily with the Urban Redevelopment Authority, the Committee that keeps the records on the misrepresentations of the Urban Redevelopment Authority to this Council.

Bring Mr. Brophy here and let him say that March 30th is the date and let Mr. Brophy verify it. Bring him here; I'll stay here as long as it takes. He was here Wednesday; he's been pushing the project through. Mr. Garrity was here; he's their lawyer; he wrote up the co-op agreement. Bring them here and get the verification. And Mr. Stone, if they're not here today, I will be here tomorrow and you will have to make the same statement about every single URA

project that comes across my desk, and that is that it's in the best interest of the City and we must move forward regardless of the procedures that are followed by the URA.

The Chair:

Mr. Robinson, I'm going to call it short between you and I in this exchange and I'll only tell you one thing. There is \$17 million which was originally to be \$21 million. It's \$17 million now that we have and it is a major investment in an area that has long been overdue in its development. I can see only but a bright future in that particular area, particularly since this brings out of town visitors to that area between the Convention Center and the new hotel and the Hilton Hotel and the streets there involved in hopes that it will be redeveloped to eliminate what has been an eyesore for too long in this City of Pittsburgh.

I'm also faced with the consequence that if we lose this \$17 million we won't get the other \$17 million for any other projects. All I can say to you is, that's the kind of risk that I'm not prepared to make as a Councilman.

Mr. Robinson:

In one week, Mr. Stone? You certainly aren't going to try to convince the people of the City of Pittsburgh that one week is going to make a difference in \$17 million, and if you are then I would like to see you produce the evidence.

I believe I'm as close to this project, if not moreso, than yourself and I wouldn't be challenging you today if I didn't believe I'm absolutely, positively right. I'm asking you to have Mr. Brophy and Mr. Lurcott and Mr. Garrity and the

people from the Planning Department come here.

The Chair:

As I've indicated, I won't exchange any further. I think we've talked enough about this.

Mr. Woods:

If I may, Mr. Robinson asked for some information, they guaranteed it would be here today; Mr. Wagner asked for some information and they guaranteed it would be here today; I've asked for information in the past and it was guaranteed it would be here today; all of my colleagues have. If I could — Bill, if you would want, instead of recommitting, could we recess at the end of this meeting, recess this meeting on this one particular bill until Wednesday and if they don't have the information, we can pick it up before the Committee Meeting on Wednesday, and if they don't have that information then just vote it down or recommit it then. But I'm tired of all of us asking for information and it's promised on a Monday and it doesn't come. We have to stop and I totally agree. Would that be alright, Bill?

Mr. Robinson:

That's fine because I'll tell Council what I'm going to do and I hate to have to always do this. I seem to be the only Chairman of a Committee on this Council that has to always ask the President to respect his prerogatives.

If this bill passes without that information, then I'm going to have to see you in court, Mr. Stone. If this bill passes without that information, no legislation is going to be entertained by my Committee from the Urban Redevelopment Authority. And then you, as President of Council, hopefully

will understand the seriousness of this problem. I ask you to arrange a meeting with the Mayor and the Chairman of the Urban Redevelopment Authority, yourself and myself, to resolve these basic problems because you're going to have to seriously talk about what's in the best interest of the City because I'm going to exercise my prerogatives under the law of the City of Pittsburgh not to entertain any more legislation for the Urban Redevelopment Authority.

As I said, I'm sorry that I'm the only Chairman of a Committee on this Council that has to ask to have his prerogatives respected over and over and over again and the Chair insists on not enforcing my prerogatives.

Michelle Madoff:

With all due respect, Mr. Robinson, you're 1000 percent correct but you're not the only Councilperson who heads a Committee that doesn't get respect. I will tell you that I've asked the head of the Water Department repeatedly to let me know when there are major leaks at any hour of the day or night, two in the morning, four in the morning, let me know what's going on, talk to me about materials that have to be ordered. I've been here six and a half years; the orders come from —

Mr. Grabowski:

Point of order, Mr. Chairman. Are we discussing Allegheny International or the Water Department?

Michelle Madoff:

Point of order. I'm discussing the bill before us. Mr. Robinson raise an issue with reference to the bill before with reference to the fact that he's a Committee person who doesn't get responses. In light of that, Mr. Woods

raised the same issue and pointed to Councilman Wagner; the point being that this Council has been treated as window dressing. I repeat, we're kept like mushrooms in the dark and often fed horse manure.

It is time that we took a very firm stand; I think that is what Mr. Robinson is saying. On the other hand there's no doubt in my mind having just come one hour ago from the League of Cities meeting, I've got my button on, that revenue sharing is going to be cut, that we're in big trouble, we can't hold up the project.

But this happens to us all the time, Mr. Robinson, you're absolutely right. We have to vote in three minutes. It's brought down to the wire so that we are always the scapegoats. It's one of the services that Councilmembers offer, scapegoating for the Administration.

At the last meeting I wispered across the table, could they please give us the information Mr. Robinson wanted as to the time frame of March 30th. They said yes. As soon as I leave I will call Washington immediately and I will get that in writing.

My suggestion is, could you hold this bill while somebody on our staff calls the appropriate person and brings the letter to us and finds out if the letter is in the mail. I think that might be very productive because if indeed the 30th is the due date — What is the date today?

The Chair:

The 25th.

Michelle Madoff:

That brings us to the 27th. That gives us three days and I would suggest

that we go on with our business, have somebody go get the appropriate person with the letter that was being requested that day and should be in the mail to us now. And arrange to have Mr. Robinson, if we hold ten minutes, on the phone to the appropriate agency getting confirmation if that letter is indeed enroute.

The point that I'm making to my esteemed colleague, Mr. Grabowski, is that it's time that somebody started supporting the rest of us who are taking a stand on not getting information. And when we ask for a meeting with the Mayor we never get it.

Mr. Wagner:

I second Mr. Woods' motion to hold this bill until prior to the Committee Meeting on Wednesday morning.

The Chair:

Might I suggest then that we recess this meeting if that's the feeling until 9:50 a.m. Wednesday. Only this bill.

WHICH MOTION PREVAILED.

Also,

Bill No. 2366

A Resolution entitled, "Resolution approving Contracts for Disposition of Land by and between the Urban Redevelopment Authority and the below-listed Redevelopers for the sale of the following properties for \$100.00 per lot as per the Property Management and Maintenance Program (PMMP SIDEYARD SALE)."

Which was read.

Also,

Bill No. 2367

A Resolution entitled, "Resolution approving execution of a Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and the South Side Hospital of Pittsburgh for the sale of Block 12-P Lots 163 and 190 in the 16th Ward of the City of Pittsburgh (PARKING LOT)."

Which was read.

Also,

Bill No. 2368

A Resolution entitled, "Resolution approving Contracts for Disposition of Land by and between the Urban Redevelopment Authority and the below-listed Redevelopers for the sale of the following properties for \$1.00 per lot as per the Property Management and Maintenance Program (PMMP SIDEYARD SALE)."

Which was read.

Also,

Bill No. 2369

A Resolution entitled, "Resolution approving execution of a Contract for Disposition of Land by and between the Urban Redevelopment Authority and Romelino and Lucretia Dourado for the sale of Block 174-L Lot 155 in the 13th Ward of the City of Pittsburgh (PHARMACY/CONVENIENCE STORE)."

Which was read.

Also,

Bill No. 2370

A Resolution entitled, "Resolution approving execution of Contracts for Disposition of Land by and between the Urban Redevelopment Authority and the below-listed Redevelopers for the sale of the following properties in the City of Pittsburgh (URBAN HOMESTEADING REHABS)."

Which was read.

Also,

Bill No. 2371

A Resolution entitled, "Resolution approving execution of Contracts for Disposition of Land by and between the Urban Redevelopment Authority and the below-listed Redevelopers for the sale of the following properties in the 21st Ward of the City of Pittsburgh in Redevelopment Area No. 27 (SIDEYARDS)."

Which was read.

Also,

Bill No. 2372

A Resolution entitled, "Resolution approving execution of a Contract for Disposition of Land by and between the Urban Redevelopment Authority and Varnell L. Lewis and Henry Jones, Jr., for the sale of Parcel 44 in the 21st Ward of the City of Pittsburgh in Redevelopment Area No. 27 (COMMERCIAL)."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mrs. Masloff presented

Bill No. 2474

Report of the Committee on Parks and Recreation for March 20, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2353

A Resolution entitled, "Resolution amending Resolution No. 59, effective February 15, 1985, entitled: 'Providing for an Agreement or Agreements with the Pittsburgh Symphony to provide free concerts in Point State Park this summer, for the benefit of the residents of the City of Pittsburgh during 1985, and providing for the payment of the cost which is not to exceed \$123,750.00; \$100,000.00 from Code Account 1833 (183301) Concerts, and \$23,750.00 from Code Account 1837 (183707) Recreation

Activities, City Wide Events in the Department of Parks and Recreation,' by increasing the amount."

Which was read.

Also,

Bill No. 2354

A Resolution entitled, "Resolution providing for authorization to enter into an Agreement or Agreements with various contractors for professional services in conjunction with the Department of Parks and Recreation, Special Events and Cultural Affairs Summer Program and providing for the cost thereof, at a cost not to exceed the amount of Thirty Thousand Dollars (\$30,000.00) from the Special Parks Program Trust Fund, Index Code 254359, in the Department of Parks and Recreation."

Which was read.

Also,

Bill No. 2355

A Resolution entitled, "Resolution authorizing City of Pittsburgh to enter into an Agreement or Agreements with Northshore Association, a limited partnership whereby Northshore Associates undertake at no expense to the City of Pittsburgh, sole responsibility for general maintenance of property owned by City of Pittsburgh located on the north bank of the Allegheny River between Federal and Sandusky Streets, and known as Allegheny Plaza."

Which was read.

Also,

Bill No. 2356

A Resolution entitled, "Resolution providing for a Lease or Leases and/or License or Licenses for the use of certain property for Community Recreation Centers for a term of one year with option to renew at a yearly rental of \$1.00, payable from Code Account 1801, Miscellaneous Services, Index Code 180109, Department of Parks and Recreation."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner

MOTIONS AND RESOLUTIONS

Mr. Grabowski:

Mr. President and members of Council, before I get into the heart of this introduction, I feel compelled to apologize to the radio celebrities that we have in the audience that I invited here this afternoon. I originally intended to introduce them facetiously as O'Brien and Garry but after pondering the thoughts of such a devious introduction, I was afraid that I might affect the upward spiral of the ratings of Banana Don and Jim Quinn.

In invited Banana Don and Jim Quinn and there are some other celebrities from the station here — Why don't you just come up to the microphone.

They're here this afternoon in conjunction with their efforts last Thursday regarding the incident that happened at the Pittsburgh Zoo. I think you're all familiar with the tragic incident involving a flamingo at the Zoo. That incident outraged these gentlemen and I happened to be listening to the show that morning and I was very moved because they each donated \$200 of their own money and other people at the station offered additional money to generate a reward. Shortly after that announcement was made, calls began pouring into the station and at some point later that day an arrest or arrests were made relative to the incident. I was just so moved that I decided that I would ask these individuals to come down to Council and accept this award.

Let me read the resolution that I have prepared for them.

Mr. Grabowski presents

No. 2476 WHEREAS, on

Wednesday, March 20, 1985, officials at the Pittsburgh Zoo reported that a group of youths entered the Highland Park Zoo and fatally mutilated an African Great Flamingo; and

WHEREAS, this type of cruelty to these defenseless creatures is viewed as a senseless act by this Council, in addition to it being a gross offense against the Citizens of Pittsburgh whose tax dollars fund the Zoo; and

WHEREAS, this incident evoked personal outrage by Radio Station B94 FM (WBZZ) disc jockeys Jim Quinn and "Banana Don" Jefferson, to the point that they donated \$200.00 each, and newswoman Chris Shirer and other employees at the station also offered their own money as a reward to anyone providing information leading to the arrest and conviction of the perpetrator of this crime; and in fact, after this generous reward was offered, telephone calls began to pour into the Radio Station and suspects were arrested; and

WHEREAS, B94 General Manager Tex Meyer was so moved by this incident that he took the necessary steps to have the Radio Station donate the sum of \$1,200.00 to the Pittsburgh Zoo to cover the cost of buying a new flamingo.

NOW THEREFORE,

BE IT RESOLVED, that the Mayor and the Members of Pittsburgh City Council hereby recognize and commend Radio Station B94 FM (WBZZ) General Manager Tex Meyer, disc jockeys Jim Quinn and "Banana Don" Jefferson, newswoman Chris Shirer, and the employees at the station for their sensitivity and concern relative to this outrageous act.

Mr. Grabowski moved to adopt the resolution.

Mr. Woods seconded the motion.

Which motion prevailed.

Mr. Grabowski:

Before I go any further and Michelle takes offense, I want to mention that KDKA also offered \$1200 to the Zoo to replace the flamingo.

Michelle Madoff:

I would just like to ask a question. Could we get the sex of the flamingo that you're going to purchase so we can get the opposite sex at KDKA and maybe get lots of little flamingos?

Chris Shirer:

We can't get them anymore. They are unable to replace it.

Michelle Madoff:

That's sad. Well, let's get two exotic birds, not from this Council or not from any of the stations, and perhaps we can mate them and get lots of interesting little extinct or rare birds.

Jim Quinn:

I'm kind of at a loss for words. I never expected anything like this and it really is an honor to address City Council and I'm sure that Don and Chris feel the same way.

It was one of those mornings we opened up the newspaper at the beginning of the show to see what was going on and the first thing I was hit with was a story in USA Today about Bob Guccione's latest magazine called New Look featuring in its first issue women in bondage and speared animals, which is just what our society needs. Let's make it slick, let's make it look like fun.

The next thing I saw was a 13 year old rape victim who didn't get a chance to plead her case because a judge had decided that she was 15 minutes late. Thank you Timenees for that cartoon this morning. Those of you who didn't see it check out the Post Gazette.

And then we were hit with this. I don't know if we could do anything about Bob Guccione and I don't know that we could do anything about the Judge, but at least we could do something about this. I think the thing that outrages me personally, I don't know if Chris and Don agree with me, but the thing that outrages me is these kids who did this are a symptom of something that's wrong; they're not really the problem. Before we turn and vent all of our rage on these individuals and make examples of them, maybe we should remember this.

There's something about our society that our religions and our philosophies have failed us in a respect because they give us the overall impression by the way they teach us about the world when we're very young that there's the earth and plants and animals and then there's us, and we're somehow separate and removed from all of this, put here to use or abuse, in any way we see fit, this system. We're not the top rung on the evolutionary ladder; we're merely one of the branches of the tree. And when you lash out at any other form of life in this system, you lash out at yourself. It's kind of like cancer, it's like the body going after itself.

One of the reasons I think that this sort of thing happens in our society is because children — take a look at our television programs today and see how many times guns are produced and fired. Take a look at our magazines. Take a look at our movies. You and I, we're adults; we can sit and watch

television at night and we can see people being shot at and killed and we can remove ourselves from that because we grew up in a time when there wasn't a whole lot of television and we knew this wasn't what the society was about. But imagine a four or five or six year old child emerging into consciousness, his geographic world is still very, very small; it's centered around his family and his house. Who's the story teller? Who tells this child what his society is about? The television does. I think we've been a little remiss in taking a close look at what it is that our children see and I think that it may be in part responsible for the kind of thing that happened at the Zoo.

When you consider yourself to be separate from the rest of the world around you, that false premise provides a platform to do almost anything that you want to anything that isn't "human".

The last thing that I would like to say is congratulations, Michelle, on your show at KDKA. Take it from me, I've been in the business 20 years; don't make any dates on the request line. The better the voice sounds, the fatter they are.

Thank you very much.

Mr. Robinson:

Mr. President and members of Council, about a month ago we passed three Council Bills dealing with the issue of divestment in South Africa. Those bills are now Ordinances No. 13, 14, and 15 of 1985. There was a provision that within 30 days of passage of those ordinances the Mayor, the Solicitor, the Finance Director and the Treasurer, would prepare a process and procedure for implementation. I believe each member of Council did receive those processes and procedures dated March 22, 1985 and I'd like to have a copy

entered into the Municipal Record.

(LETTER REQUESTED BY
COUNCILMAN ROBINSON)

March 22, 1985

Honorable President and Members
City Council
CITY OF PITTSBURGH

Dear Mr. President and Members:

Ordinance Nos. 13, 14 and 15 of 1985 require that a report be given to Council as to the implementation of the provisions of those ordinances. The City intends to implement these ordinances in the following manner:

1. Ordinance No. 13

The depository contracts will have a provision that no depository of the City shall be engaged in the granting of loans to or be engaged in any other form of investment to the government of the Republic of South Africa Namibia (South West Africa), to a national corporation of the Republic of South Africa, to any other corporation organized under the laws of the Republic of South Africa or to any United States business entity actually operating in the Republic of South Africa. The contracts will also contain a provision that the depository shall file annually with the Treasurer a sworn statement that its lending and investment practices are in compliance with the provisions of Section 221.03(d) of the Pittsburgh Code.

2. Ordinance No. 14

In both City bid proposals and contracts, there will be a provision that no one doing business with the

City shall be engaged in any activity set forth in Section 657.03 of the Code. Appropriate checks will be made against the latest list in the U.S. Consulate Report concerning companies doing business in South Africa. We have asked Dr. Madsen for the latest issue of that report.

3. Ordinance No. 15

While the City has very few investments, the City intends to include in all contracts for those investments a prohibition for the City to invest in any entity as set forth in this ordinance.

Very truly yours,

D.R. Pellegrini
City Solicitor

DRP:rms

cc: Honorable Richard S. Caliguiri
Mayor
David Matter
Executive Secretary to the Mayor
Ronald Schmeiser, Director
Department of Finance
Stephen Schillo
Treasurer
George Jacoby, Director
Department of General Services

(END OF LETTER)

Mr. Givens:

I have three very quick points. One I think alluded to one of the bills that I refused to vote on for today and that is trying to actively engage our own corporations within the City of Pittsburgh gainfully to be employed within the City of Pittsburgh that we should take some effort. I think all of us have received a letter, including that of

the Mayor of the City of Pittsburgh, dated March 21st from the Milfred Company, chemical sanitation specialists dealing with a lot of things.

I would like to read this letter for the Record and have some discussion on it.

(LETTER REQUESTED BY MR. GIVENS)

March 21, 1985

Richard S. Caliguiri, Mayor
Members - Pittsburgh City Council
City County Building
Grant Street
Pittsburgh, PA 15219

RE: Purchase of sixty-five (65)
Litter Receptacles

The following information pertains to the proposed purchase of sixty five (65) litter receptacles which are being opened for bid quotations by the General Services Department, March 22, 1985.

Previously members of Pittsburgh City Council through the request of the Public Works Department enacted a resolution to allocate the sum of Twenty-Five Thousand Dollars (\$25,000.00) to purchase litter receptacles that will line our City streets and be placed in various neighborhoods.

The General Services Department through the use of strict and exact specifications for litter receptacles (refer to Proposal 172-85) has seen fit to narrow the field of possible vendors for litter receptacles to only one manufacturer that can meet their specifications, that being a California based manufacturer.

Currently our streets are lined

with litter receptacles weighing nine hundred pounds (900) and comprising mostly the composition of concrete and their cost per receptacle is approximately Four Hundred Fifty Dollars (\$450.00).

These litter receptacles were previously purchased by the Pittsburgh Clean City Committee after a fair trial period was given to myself as well as other vendors.

Allow me to say that I personally find nothing wrong with current litter receptacles throughout the City of Pittsburgh, however, there is a vital concern that I have and will share this with you.

- A) General Services Department is requesting a bid quotation on a specific litter receptacle and not affording other vendors an opportunity to submit an equal litter receptacle.
- B) The manufacturer of the current litter receptacles in the City of Pittsburgh is from the State of California.
- C) The cost of litter receptacles being considered for purchase in connection with Proposal 172-85, would be considerably more expensive.
- D) Due to the continuation of high unemployment in Pittsburgh, Allegheny County and the Commonwealth of Pennsylvania, litter receptacles as well as other goods should be purchased locally if possible.
- E) The litter receptacle (literature enclosed) that I am submitting a bid quotation on is manufactured in Pennsylvania and comprises the

composition of steel, which is manufactured by both United States Steel Corporation and Bethlehem Steel.

It is not my intention to create waves, but realistically when I am fully aware that the Administration and members of Pittsburgh City Council have on many occasions expressed their desire to purchase supplies locally if possible in order to generate our economy, then I say that this is a clear opportunity to show the taxpayers in the City of Pittsburgh that actions speak louder than words.

Your attention to this matter is very much appreciated.

Very truly yours,

Gene Scheck

(END OF LETTER)

Mr. Givens:

This letter has gone to all Councilpeople. I'd ask our Chairman of that Committee to please look into this and see if there's some way or another that we could stop the transaction from California.

He gives a beautiful portrayal of the receptacles that can be used. In looking at them I can see these in a lot of the areas around here and a lot of communities around the City of Pittsburgh. Why can't we use our own local people?

He mentions that in the Clean City Committee a year or so ago when they went out and put out for bid the receptacles that we presently have right now that weigh some 900 pounds, made out of concrete and probably reinforced steel of some type, that this new

receptacle will be a little bit more lighter and it could serve more areas of the City than the present receptacles. But when that receptacle was bid and we used our own City money to bring in Clean City and start that whole action, there was an open bid process. They went out for everyone, this is what the City wanted. For some reason, all of a sudden the California based firm comes up.

Steve, I don't know if you've looked into this or not; I'd appreciate if you would for this Council and possibly, just on this one specific item, make some type of a report. I think someplace, somewhere, this Council must put its foot down to do something in regards to trying to get local companies to do local business. That's all I'm asking. I think it's an ongoing process that has crept into our Purchasing Department within the City of Pittsburgh and now that we've centralized, everything goes through one general department where before each department had their own purchasing agents and at that particular time much of the purchasing was done on a local basis. But now that we've centralized our purchasing we're going out to the whole world. I think that's a wrong direction to take.

Mrs. Masloff:

Mr. Givens, I talked to the young man when he brought that in and I have already been in touch with Mr. Jacoby and he's to get back to us on that same thing. I happen to know Mr. Scheck; he was a candidate for City Council four years ago. So, I talked to him personally about that matter. I agree he's justified and he's right, and I talked to Mr. Jacoby that very day and he's to give us a report on that matter, probably today or tomorrow.

The problem seems to be, as I

understand, that the Supplies Department insisted on this particular item and they didn't want to deviate anyway, even though this company in Pittsburgh is building a very, very similar item. They didn't want the similar item; they wanted one exactly — I don't know why and they're to get back to us in a day or so because I talked to them about it.

Mr. Givens:

I think therein lies the problem. I think our General Services people must be sensitive to the contractors in our own particular area. I for one want to see that come about.

The Chair:

You've asked him to look into it and he has agreed.

Mr. Givens:

Yes, and I'll ask him to report back to the Council either in writing or verbally.

Secondly, I think we have a very serious problem before this Council that has not been addressed by this Council, it has not been addressed by the Mayor of the City of Pittsburgh. I'm referring to a vacancy that exists primarily right now on the Urban Redevelopment Authority, Mr. President. Section 222 of the Home Rule Charter provides that if the Mayor fails to fill a vacancy in the Authority, Board or Commission within 60 days, this Council must then appoint someone to that Authority, Board or Commission.

I have sent a letter to the Mayor and I did address it to the President and members of Council, also the URA Board and the Executive Director. In my resignation of the 28th of December, it was the effective date of my resignation

from the Urban Redevelopment Authority Board, in that letter I asked and suggested that an appointment of Councilman William Robinson to the URA Board in my place. As Chairman of Council's Planning, Housing and Development Committee he would be the logical choice among my colleagues on Council in order to consolidate the corresponding committee's chair with the URA Board appointments. Possibly you may wish to consider Michelle Madoff who at present is the only member of Council not to sit on any Board or Authority during her reign within this Council. I think that is something that should be addressed.

Very seriously, I think this Council has a mandate to fulfill by the Charter, by Article 222 of that Charter. I feel, Mr. President, its upon you or someone within this Council to put forward a name and I suggest by next Monday that that name should be put forward. I have made my recommendations in writing to you as the President, and to members of Council, as well as to the Mayor of the City of Pittsburgh. We cannot go on any further in this Council and not have a member of this Council be on what I feel is one of the most prestigious Boards, if not the most prestigious one, where most of the money from this Council is appropriated other than the general budget. Most of the money appropriated goes to the Urban Redevelopment Authority.

The Chair:

Might I make a suggestion because I think we did it this way the last time. Might I suggest that you make a motion for this Council to send a letter to the Mayor and give him two weeks to appoint or this Council will take action on it.

Mr. Givens:

I think I've already done that on the 28th of December, Mr. President, and I feel that that was the triggering mechanism which should have involved the Mayor to make a process wherein he would simply submit a name to this Council for our approval.

(LETTER REQUESTED BY MR. GIVENS)

December 28, 1984

Richard S. Caliguiri, Mayor
City of Pittsburgh

Dear Mayor Caliguiri:

I am resigning from the Urban Redevelopment Authority Board with the expiration of my current term on December 31, 1984.

My years on the URA have been challenging and I have learned much while being actively involved in the major redevelopment projects in Pittsburgh. I come away with particular esteem for the vision and abilities of Chairman Jack Robin. I also have great respect for the expertise and creativity of Executive Director Paul Brophy, and the administrative talent of former Director, Steven George. But I was disheartened when Board Member Chris Copetas was not re-appointed earlier this year. I also enjoyed a good working relationship with members Will Shiner and Dr. David Epperson.

I would suggest the appointment of Councilman William Robinson to the URA Board in my place. As Chairman of Council's Planning, Housing and Development Committee he would be the logical choice among my colleagues in order to consolidate the corresponding Committee Chair with the URA Board appointment. Or possibly, you may wish

to consider Michelle Madoff who, at present, is the only member of Council not to sit on the Board of an Authority.

Thank you for the honor of serving on the URA Board and for the opportunity of being directly involved in so many exciting redevelopment projects over the past few years.

Sincerely,

Richard E. Givens
Member of Council

REG/mbd

cc: President and Members of Council
Chairman and Members, URA
Board
Executive Director, URA

(END OF LETTER)

The Chair:

I personally thought you were coming back after a while, and I think maybe he did too.

Mr. Givens:

I think this has not been done and that's why I ask one more week to consider this but by next Monday if I don't receive a letter from you or from other people within this Council submitting someone's name, if I don't receive one from the Mayor's Office, and I think the Mayor has been well aware of this, even Councilman Robinson last week brought up to all of our attention again by saying the conflict that he's having. As a member of that Board, when I served with him, I knew there was not a conflict but I knew as a member of that Board and when I was assigned to the Board is when we created the Department of Planning, Housing and then Economic Development. Economic

Development has moved over to the Urban Redevelopment Authority. Housing has moved over to the Urban Redevelopment Authority; it used to be in the City of Pittsburgh. The Home Rule Charter cautions this Council that we should restrain, if not reverse, the Authorities that we have within City government because the authorities when created under state laws and other laws do not have elected officials, generally speaking, running those particular authorities. As a result, the people are going before these Boards, Commissions and Authorities. The Charter, when it was reviewed back in '73 or '74, and you were a part-time member of that particular Board at that time, Mr. President, encouraged the voters of the City of Pittsburgh and this Council and this government to relook at all authorities and to dissolve where we can dissolve. I think some questions were brought before us today on the accountability that this Council should have on the monies that we appropriate and I think we should very quickly do something at least to put our own member on that particular Board and do it as quickly as possible.

The Chair:

I would like to repeat the suggestion I made to you that I would suggest you make a motion now in line with what we've done in the past, writing to the Mayor and requesting that he do it within two weeks or we would appoint. We've done it exactly this way in the past.

Michelle Madoff:

I'll make that motion.

Mrs. Masloff seconded the motion.

Which motion prevailed.

Michelle Madoff:

On the same subject, does the Home Rule Charter mandate that a member can only sit on one Board or Commission?

Mr. Givens:

Yes.

Michelle Madoff:

Is there anybody here that is not sitting on a Board or Commission other than Michelle Madoff?

Mr. Givens:

Dick Givens right now.

Michelle Madoff:

But you resigned; you don't want it. Is there anybody else other than myself that's not on a Board or Commission? You may be stuck with me. I recommend Bill Robinson.

Mr. Givens:

The third subject in regards to the payment of paychecks to our City employees, especially that of Police and Fire and again our municipal employees. We all received a letter dated March 20, 1985 from the City Controller to Ron Schmeiser and copies went to Bernie Burns and also Pat McNamara that are involved because of how the checks for our Police and Fire are distributed through the fire houses or the police stations. Then they have to go to the Director. You know, the Policemen and Firemen have to come back to their station when sometimes they're off on vacation leave or just not working that particular day when the paychecks come in.

But the serious point is that the Controller, according to his letter, and I brought this up before, I tried to have the Controller up here, we're going to have people in the City of Pittsburgh that are not going to be paid in a timely fashion.

We in this Council appropriate the money for everyone to be paid in this City. It's incumbent upon this Council then to make sure that everyone is paid in a timely fashion. There's a breakdown apparently in the Department of Finance that they cannot get the necessary paperwork over to the Controller in such a timely fashion that we can pay the people that work for the City of Pittsburgh.

The Controller so states that "I find myself caught between two opposing powerful forces; either I release paychecks that are not properly covered by a bank deposit or withhold payment to nearly 1,000 uniformed City employees. In order not to jeopardize the livelihood of these hard-working employees, I have decided to release these checks to the Payroll Office today and process the warrant tomorrow.

This is not an isolated instance. In almost every pay period the Controller says he faces the problem in relation to Police and Municipal as well as Fire payroll. I want to take this opportunity to notify the Finance Department and this Council that this behavior cannot continue in the future. Payroll registers must be delivered no later than two days in advance on the issue date of a paycheck. The Controller said he's willing to cooperate and everything else.

I feel again that I must request a post agenda on this item for this coming Wednesday and I'll ask the Controller of the City of Pittsburgh to be here and I'll ask the Finance Director of the City of

Pittsburgh to be here and if possible the two people that seem to be most affected by this delay is that of the Fraternal Order of Police, Pat McNamara and the Firefighters Local No. 1, Bernie Burns, if they could be so notified to be here.

I also suggested a couple weeks ago and I've asked privately many times before that we mechanise and streamline the operation of our payroll within the City of Pittsburgh and nothing has been done on that. I'm talking about mechanising it by those people desiring that we send it directly to the financial institution that we do business with if they have a checking system in that financial institution. If we can do that that will make one check, we go forward to say seven or eight or ten major financial institutions within the local area right here thus saving some 5,200 checks going out every two weeks. Think about it.

Michelle Madoff:

The only thing I'd like to share with this Council is that at the League of Cities in the little groups that formed of people that discuss issues of similar cities something was brought to my attention and I have the card of the gentleman, I remember the state has a maple leaf and he's not from Canada; I just talked to him because I thought he was Canadian.

The feeling seems to be amongst the people representing communities that with the revenue sharing being cut off the concern is that when you give your money to the state you'll generally get about 68 cents back on your dollar from some of the communities but you only get about 8 cents back on the dollar from the federal government. What they're looking towards is changing some kind of taxation system so that you pay

your taxes to state, increase your state taxes and lower your federal taxes, which will give us some control over whether we want as many MXs as are planned, whether we want to have as much star wars kind of programs. Since the taxes will come out of the same pocket there seems to be a real movement to have those taxes go to local states and not to the federal government and I just wanted to share that with you.

Mr. Wagner:

Mr. President and members of Council, I just wanted to share a couple quick items. I indicated that there would be a report based on the evaluation of the feasibility study of in-house streetlight maintenance today. That report is in its final stages and will be available this Wednesday for sure.

Secondly, I'd like to mention that tomorrow there is a tour scheduled of the Public Safety Building at 2:00. I will be meeting in Mr. McDermott's office; any of you that would like to join us, you're certainly welcome.

The purpose of the tour is to evaluate the present condition of the Public Safety Building. As you know, we've been nickled and dimed to death with legislation for engineering contracts in that building. I have further investigated and we anticipate to spend, and this is a startling figure, \$2.5 million in renovations of that building within the next five years. In addition to that, we anticipate to put a \$10 million communication system into that building. I think we should take an in-depth look at the building and determine its value, its long-term value, and whether or not we should be investing those kinds of dollars in it.

So, I welcome all of you to join us

in the tour. We're holding some legislation pertaining to that building and there will also be a post agenda on Wednesday at 1 o'clock p.m. Thank you.

Mr. Givens:

I just had one more thing that crossed my mind. We had a garbage truck go over the hill coming down Sycamore Street.

Secondly, there was a garbage truck within the last couple weeks that was apparently left at one of the landfill areas and while it was there the garbage truck burned up.

Now, something's wrong here someplace when we can't retrieve our City equipment from wherever it's broken down at. That's two trucks. These trucks are valued at \$77,000 dollars apiece. That's too valuable of equipment. We work too hard here in this Council to update and bring that fleet up to a modern fleet so it could collect the garbage within the City of Pittsburgh in a very good fashion. We had 20-25 of these broken down.

I don't know what's happening out there but I think this Councilman needs a report on one, the accident that happened on Sycamore Street; two, I need a report from both the Department of General Services as well as the Environmental Services as to what's happened in those two instances. Let's make it a post agenda; let's have them come up here this Wednesday and they can give us these facts quick.

Mr. Woods:

I move to recess this meeting until 9:50 A.M. on Wednesday, March 27, 1985.

Michelle Madoff seconded the motion.

And on the motion of **Mr. Woods**

Council recessed.

Pittsburgh, PA
Wednesday, March 27, 1985

And the hour of 9:50 o'clock, A.M. having arrived and the time of recess having expired, Council reconvened and there were present:

PRESENT:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

The Chair:

This recess meeting is cover one subject and that is Reports of Committees, Mr. Robinson, Planning, Housing and Development.

REPORT OF COMMITTEE

Mr. Robinson presented

Bill No. 2473

Report of the Committee on Planning, Housing and Development for March 27, 1985 transmitting sundry resolutions to

Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2312

A Resolution entitled, "Resolution providing for a Cooperation Agreement with the Urban Redevelopment Authority of Pittsburgh in connection with the Administration of the Allegheny International/Stanley Theatre Renovation Urban Development Action Grant Project and providing for the payment of the cost thereof."

Which was read.

Mr. Givens:

Mr. President, I think there's two very important letters that came over while we're waiting for Councilman Robinson to come in that were addressed to him and to the Councilmembers. It's from Paul Brophy, Executive Director of the Urban Redevelopment Authority and it says:

"Dear Bill,

Attached to the letter from the U.S. Department of Housing and Urban Development verifying that evidentiary material on the Allegheny International Stanley Theatre UDAG are due on March 31, 1985 as I reported to you and members of Council last Wednesday, March 20.

Unfortunately, when I left Council Chambers last week after you moved and voted for the passage of Bill 2312, I did not leave with the impression that your continuing support of the resolution was conditioned on your receiving the attached letter or any other further

information. I regret this miscommunication between us.

Please be assured, however, that it was only a miscommunication. I have done and will continue to do my best to supply you and other members of Council with all the information you request to permit you to make an informed judgment about all the votes related to the URA."

Attached to that then was from the U.S. Department of Housing and Urban Development, Washington, D.C., dated 25 March 1985, a letter that was sent to Paul Brophy in reference to the Allegheny International Stanley Theatre UDAG Grant:

"Dear Mr. Brophy:

This is to confirm my telephone conversation with Beth Cannon on February 27, 1985 that a deadline for submission of the legally binding commitment for the above captioned project is March 31, 1985.

Very truly yours,
Marcie Cohen"

That was given to me this morning when I came in and this letter was given to me just prior to coming into Council.

Bill, what I've just done is read the two letters, in awaiting your arrival, from Paul Brophy to you and to the Council and from the U.S. Department of Housing and Urban Development.

Mr. Robinson:

Mr. President and members of Council, there are some additional concerns that I have but first let me deal with the issue of the letter. I'm appreciative that a letter has been forwarded; I'm sorry it was not forwarded in the timely fashion that we

requested and I still stand on my statement that what is occurring in this situation is just another example of the URA's reluctance to be accountable until it appears that the City itself is in jeopardy of not receiving HUD funding.

Also, I think that one of the unresolved issues at this point relates back to something that I've raised with Council before and I raised it specifically in reference to our HODAG application, and that is that the Minority Business Enterprise Review Committee is not operating in a fashion that lends credibility to our public policy relative to including minorities and women.

I would like to submit to this Council that the three new members of that committee, and hopefully there will be someone here today to answer these concerns, the Reverend Roy Holmes and Mrs. Cheryl Craig, Esq., were approved at the same time that Mr. Charles Rhodes was approved. The resolution was submitted to Council on January 22, 1985. To my knowledge, neither Reverend Holmes nor Mrs. Craig has been sworn in but Mr. Rhodes has been sworn in. My concern is one that perhaps should not be discussed in public at this point but I think it raises the issue of whether or not this Administration is committed to seeing to it that one, the law of the City of Pittsburgh is enforced; and two, that the intent of that law is enforced.

We asked that Mr. Rhodes, Mrs. Craig and Reverend Holmes all be sworn in at the same time, all be given an opportunity to participate at the same time. It would appear that for whatever reason, two of these individuals have not had an opportunity to participate in the deliberations of the Women's and Minority Business Enterprise Review Committee. I guess only the Mayor or someone on his staff can answer the

question why and why it is that this project was passed through without them having an opportunity to participate. I thought it was clear that this Council intended for eleven members to serve on that Committee and for eleven people to have the opportunity to review those project coming before them. I think it would be helpful, and I have asked the Assistant City Clerk to secure certain information for me, I don't know whether she's had the chance to do it or not, but I think we need to get the records of the meetings of the Minority Business Enterprise Review Committee that relate specifically to the Allegheny International Stanley Theatre Project to determine who are the members of the Committee who are in attendance, whether they had a quorum, and also to determine what information, if any, did they forward to the Urban Redevelopment Authority relative to this specific project.

I question whether or not the Administration is indeed fully supportive of minorities and women having a fair opportunity to participate in the growth of this City. I've raised this question before and I'll raise it again because I would venture to say that when we examine those records that we'll get more information on whether this information is or is not supported, not only in words but in deeds, relative to this issue.

I'd just like to also share with Council the appointment of Mr. Rhodes and the appointment of Mrs. Craig and Reverend Holmes. Council Bill 1201 confirms the appointment of Mr. Rhodes; Council Bill 1914 confirms the appointment of Reverend Holmes; and Council Bill 2038 confirms the appointment of Mrs. Craig. What we do not have at this point is any explanation as to why these two individuals were not sworn in. They're appointments were

back in February and January.

I think if you look at the records for the Allegheny International Project you will see that this project was considered at least on two occasions when these individuals were not sworn in, but Mr. Rhodes was sworn in. I'd like to have somebody from the Administration, who is qualified to answer that question, come forward and answer the question. This is a recurring problem, this Minority Enterprise Review Committee, and I think it's even more serious because the Mayor, in vetoing some legislation last year, did put in writing that he did not think it was in the best interest of the City of Pittsburgh to have minority business programs and women's business programs in proposals submitted to him, the URA or the Planning Commission. That's a direct contradiction to the Mayor's spoken words that he's committed to providing opportunities for minorities and women. I think if you add that situation to the procedural dilemma that we are always facing with these UDAG projects, that we should not be rushing through with these projects, that it is more than a question of getting the money and moving on with the project. If we're going to do it then I think we ought to do it right and I think we ought to ask the URA to do it right and I think we ought to ask the Mayor's Office to do it right. I think they have an obligation to us.

The documents that were submitted by Mr. Brophy, if I just might deviate for one second, indicate that there's at least three new proposals that somewhere along the line are either being considered by the City or are in the hands of City officials. One is the Jenkins Empire Building which I was under the impression was going to have City support and City involvement. Mr. Brophy indicates that the URA is not involved in this project and they don't

have any proposal.

On the Mellon Center Project he indicates that they're not involved in this project and they don't have any proposal.

But these proposals are being represented as a part of Renaissance II and a part of the growth of this City and they are being represented that City dollars and City support are going into them. If that is the case, the law very specifically indicates that they have to have minority business and women's business proposals in the front when they're submitted.

The third proposal is the renovation of the Penn Station where there is a proposal submitted by the Buncher Company and Historic Landmarks for Living. Mr. Brophy was kind enough to forward that proposal. That proposal makes no reference to MBE or WBE and the law clearly applies.

I think, Mr. Chairman, that there's a bigger problem here than just the Allegheny International Project. And another thing that I should mention about Allegheny International, I'd like to know if the Solicitor is aware of the involvement of Allegheny International in the Republic of South Africa and to what extent they're involved and whether or not that involvement in any way is contradictory to the laws we have on our books about doing business with companies that are involved in South Africa. Allegheny International was very vigorous when they came in and raised some questions about my concerns about them taking on a new partner.

The last concern is that the trust fund that's identified in the co-op agreement cannot be the trust fund into which we place money for this project. It relates to another project that doesn't exist now. The Solicitor has suggested

that it didn't make any difference what we called the trust fund; I think the Solicitor is incorrect. If he believes that it doesn't make any difference what we call a trust fund, I'd like to see the case law to support that.

Until there's somebody here from the Administration to answer some of these concerns, Mr. Chairman, I would hope that Council will see fit to hold this bill. Certainly the information has been requested; I don't know if the Assistant City Clerk has gotten any information we have requested from any of the parties but I have not seen it except the material that was submitted to me and to every member of Council from Mr. Brophy.

Mr. O'Malley:

I apologize for being late. The only question I have is, is it verified that the deadline was March 31?

The Chair:

Yes, in a letter Mr. Givens just read.

Mr. O'Malley:

Are the consequences of that deadline being the possibility of losing a UDAG grant?

The Chair:

That's the deadline and presently in Washington they're trying to wipe out the UDAG so it's get it now or lose it.

Mr. O'Malley:

Thank you.

Mr. Robinson:

Mr. President, do we have any

verifications that if we don't submit this material by the 31st that we will lose UDAG? You've alluded to this on at least two occasions.

The Chair:

He has read the deadline letter, Mr. Robinson.

Mr. Robinson:

No, no. I'm making reference to your comments today and last Monday that if we don't get this \$17 million now that we will lose it and somehow our process here relates to the process in Congress to wipe out UDAG. As I understand it, if the UDAG program is wiped out it won't be until 1986. This is 1985.

The Chair:

If President Regan has his way some of those programs will be out in September of '85.

Mr. Robinson:

Do you know whether or not the Allegheny International — Do you know whether or not this project — See, what I can't understand is, why is it that we can't get people from the URA and the Mayor's Office to come forward and address these concerns that I'm raising? I don't understand the urgency to move forward in the face of possible City policy and law being violated. I don't understand that.

The Chair:

Mr. Robinson, to finish the answer to the question you asked, I attended the federal briefing in Washington, D.C. the first week of February and as well they just had the National League of Cities and it's my understanding that they both,

it was a clear message that relative to revenue sharing and UDAG grants that they were number one cuts in the new budget.

The next question was whether or not they accelerate the effective date from September of '86, which would be at the end of the budget period, to September of '85. Now, that is a problem and it's obvious to anyone watching the Washington scene they know that there's going to be cuts.

As I indicated Wednesday, without repeating everything, it appears to me relative to this particular item I do not want to remove from you the ability or right to get additional information. I do not at the same time want to lose \$17 million that applies to the Allegheny International Building which applies to the Stanley, now Benedum Trees Building, which has some offshoots into the Fulton Theater which ties together with Heinz Hall which ties together to develop the Liberty Avenue, Penn Avenue Center. It is the catalyst for major redevelopment in that area and it's just a kind of risk that we can't afford to take.

Mr. Robinson:

Mr. President, then I submit to this Council that the process and procedures utilized to approve this project are in violation of City law and I'd like to have the Solicitor give us his opinion and evaluation before we move forward for us to avoid any future complications. I believe that the fact that Mrs. Craig and Reverend Holmes were denied an opportunity to review this work and vote on it is indeed a violation of City law and I think we need to find out why it was that only those two individuals were denied an opportunity to be sworn in and to participate in this program after this

Council approved the appointments of three people, one of whom was sworn in and two who weren't and that this project is being rushed through, being pushed through without due regard to the law which indicates what the procedure should be.

If Mr. Brophy or the Mayor or Reverend Simms, all of whom have some of these answers, are available, then I think we owe it to ourselves to hear from them. These questions have been raised; they have not yet been answered. If we push this project through, Mr. Chairman, I can guarantee you that it will come up again and again and again as long as we have to deal with the fact that the law in the City of Pittsburgh is very clear. We have a proposal that has been submitted to the Urban Redevelopment Authority that is in violation of the law. It's as though we don't want to address this issue, as though it's not important, that the only important thing is get the money. I need to know, are we or are we not going to have the Solicitor give us the clarifications? Are we or are we not going to ask and have answered the question why it is two people who were appointed to carry out a public responsibility were not given that opportunity and why they did not have an opportunity to review a major project in the City which, by your own admission, is very important to the people of the City of Pittsburgh? If it's important to them, it's important enough to the people we approve and the Mayor recommended those individuals but the Mayor has yet to swear them in; he has yet to give them an opportunity to perform their public duties. Why? Is it that the Mayor does not want them to review this particular project. I think it's not unusual, and I have to say this, that both Mrs. Craig and Reverend Holmes happen to be black and Mr. Rhodes happens to be white. Mr. Rhodes is sworn in; Mrs. Craig and Reverend Holmes were not

sworn in.

Mr. Givens:

Mr. President, if I might just indicate that this Council had great concerns in the Grant Liberty Development and we held that until the Grant Liberty people made some concessions. This Council is on record that when the procedure is not followed that we will hold our line and we jeopardized that particular project also, if you can recall. When you look at the Grant Liberty and you see who the developer is down there, you wonder where the Urban Redevelopment Authority is, you wonder who the people entered into contract, that of the Mayor of the City of Pittsburgh.

This Council cannot enter into contract; all we do is give the funding necessary and the approval, period. The contractual agreement is done by the Administration. The fact that I had submitted, and I don't think this problem would be coming up this late had we had an active member from this Council sitting on the Urban Redevelopment Authority.

I resigned on the 28th of December on that Board. I sat in one meeting in the year 1984 on that particular Board and because there was no Councilperson in there bird-dogging some of these events, that's why I feel we're here today in the last hour. I think Bill Robinson is absolutely right when he talks about minority participation because in any review of the federal quarterly reports that we must send to Washington, D.C. each quarter on minority participation within this government as well as some of the authorities, etc., that we have in the City of Pittsburgh. We, the Administration and this Council, are not following out the mandates of the

federal courts, our own mandates and our own moral obligation to see that people in this City that are disadvantaged have an opportunity to work and this legislation is going forward without a complete review of this and with the people that have not been put on this Board even though this Council had already approved them back in January.

And yet yesterday I read in the newspaper when I asked and this Council asked the Mayor this Monday to position somebody on the Urban Redevelopment Authority Board, Ben Hayllar who is sitting here made a quote in yesterday's paper; there's nobody going to sit on that Urban Redevelopment Authority Board until after the election 21 May.

Well, I think we have a problem in this particular Council right here. I think we have a problem with this particular bill and I think we have a problem with the Urban Redevelopment Authority and I think we have a problem with the present Administration, the Caliguiri Administration. And I think someplace, somewhere, we must bite the bullet. This Council bit the bullet on the Grant Liberty Development.

I think what the Councilman is asking if this meeting has to be recessed until the last hour of the 30th of March, then I think it should be recessed until Councilman Robinson gets his answers and I get my answers because I am cognizant with Bill Robinson on this right now. I feel that these questions must be answered, these people must be seated immediately, and they must review this particular project that we have before us. We're expending some \$17 million of taxpayers' money. UDAG, that's our money being returned to us from the federal government. It's no handout from any President. It's our money being returned to us and how it's going to be spent here.

And I want to further see that Pittsburgh people get the jobs, that Pittsburgh contractors get the jobs. I don't like to see contractors coming in from out of state when we're using our UDAG money, as it happened in the Giant Eagle affair when we advanced them some \$4 million and found out that they used that in order to leverage themselves financially and buy a company out in Ohio and cutting out people out of work here in the Pittsburgh area. I am finished with that right now. I will not go any further on this bill until we get some answers.

Mr. Wagner:

Mr. President and members of Council, rather than continue to delay and recess this meeting, I move that we just bring the appropriate parties forward to answer the concerns that have been raised.

Michelle Madoff seconded the motion.

Mr. Grabowski:

Opposed.

Which motion prevailed

The Chair:

In that case, we'll have to recess this meeting again, go into the Finance Meeting, and then come back here. The Finance Meeting has to start within the half hour.

And on the motion of **Mr. Woods**

Council recessed.

And the time of recess having expired, Council reconvened.

The Chair:

Okay, Mr. Robinson, who do you want up here?

Mr. Robinson:

I'd like to have the Mayor of the City of Pittsburgh.

Michelle Madoff:

So would everybody.

Mr. O'Malley:

Point of order. I don't know if the Mayor of the City of Pittsburgh is the proper person to answer Mr. Robinson's concerns. If we're dealing with URA I think Mr. Brophy would be the proper person. I'd like to have President Regan here but I'm not sure that's quite legal. You have to have a reason for calling an individual in front of Council.

Mr. Robinson:

I'd like to have the Mayor of the City of Pittsburgh, Councilman O'Malley, because we're talking about policies which the Mayor helped to develop. I don't think that Mr. Brophy can answer policy questions for the Mayor's Office or for URA.

I would also like to have an opportunity to speak to Mr. Robbin who is the Chairman of the Board of the URA.

I would not be asking for the Mayor if I didn't feel it was a policy question. If the policy question cannot be answered, perhaps there's no need to talk to Mr. Brophy or anyone else.

Mr. O'Malley:

I asked for an explanation; Mr. Robinson gave the explanation and now I think it's up to the Council President to make that decision.

Michelle Madoff:

Or a vote of Council.

The Chair:

As I understand, the Mayor is in a conference and is not right now available. Do you want to take anyone else until we see whether or not we get him?

Mr. Robinson:

I think that it is appropriate to have the Mayor of the City of Pittsburgh come forward on this policy matter. If he would like us to wait until his conference is finished, I'm more than willing to do that.

Linda Johnson:

The conference is not in his office so he's not in his office at all.

Michelle Madoff:

Where is it? In the City?

Linda Johnson:

It's here in the City but I don't know where.

Michelle Madoff:

Mr. Robinson, did you notify the Mayor that you wanted him here?

Mr. Robinson:

No, I made my request here in

Council.

The Chair:

About ten minutes ago.

Michelle Madoff:

So, if the Mayor isn't here because he isn't here we can't really blame him for not showing up. Could we start with somebody representing him and then if you're not satisfied with the answers then just postpone it until we get hold of him?

Mr. Robinson:

No, I don't want to do that. I don't want to delay this project any more so then it's already been delayed. The basic issues are policy issues. One policy issue is where the Mayor of this City stands, publicly and in writing, on some very important public policy issues.

It's also important for us to find out about what is the accountability of the Urban Redevelopment Authority to the City of Pittsburgh. The Mayor as a chief policy maker in this City, the chief Administrator of this City, I believe should answer those questions.

Mr. Brophy said last Wednesday that the Mayor of this City is in favor of minority business development. I need the Mayor to say that publicly. His written word is now inconsistent with his spoken word. I don't believe Mr. Brophy can answer for the Mayor any more so than I can. This issue of whether or not the URA is accountable to this Council and to the City is unresolved. Mr. Pellegrini said it's an unresolved question of long standing.

I think we need to have those people who make the policy in this City begin to address these concerns as

opposed to those who are assigned to carry out the policy. I think it is unfortunate that the kind of information at least that I am requesting come forward in the 12th hour and come forward in a fashion that those who are supposed to provide us with the information apologize for miscommunications.

As I said before, this issue around Allegheny International is just one example of an ongoing problem between this City and the URA. The issue of people being appointed to the Minority Business Enterprise Review Committee goes back to the inception of the Committee where for almost one year the Mayor of this City would not appoint any members to that Committee and it was only after this Council forced the issue on the sale of Parcel A where the Mellon Bank Building now sits that the Mayor consented to appoint those individuals.

We recently, in 1984, late Fall, has another crisis around that same Committee and finally the Mayor agreed to appoint members. The Mayor also vetoed two pieces of legislation that dealt specifically with providing opportunities for minorities and women in this City and one of those vetoes contained the words "not in the best interest of the City of Pittsburgh". Those are the Mayor's words; he signed the letter.

I would like to talk to the Mayor. I don't think it's going to be necessary to talk to Mr. Brophy or Mr. Pellegrini or Mr. Garrity if the Mayor is unavailable or unwilling to address this issue in public.

The Chair:

The reason we recessed and came back here was to talk to individuals. The

Chair asked Mr. Robinson who he wanted; he indicated he wanted the Mayor, he wanted Brophy, he wanted Pellegrini, he wanted Garrity. I see right now Mr. Brophy, I see Mr. Pellegrini, I see Mr. Garrity. I think you asked for Ben Hayllar as well and he's here. So, four out of five are here.

It's my understanding, if the Chair understands, Councilman Robinson doesn't want to speak to any of those; he wants the Mayor, am I correct?

Mr. Robinson:

Unless there is someone here who can speak to why two members of the Minority Business Enterprise Review Committee were not sworn in prior to the Allegheny International Project being considered by that Committee. If there is someone here who can speak in an authoritative fashion in that regard they should come forward, but it should be someone who has the power to appoint people to that Committee and I believe the only person that can do that is the Mayor of the City of Pittsburgh.

The Chair:

That is my understanding. If you put that limitation on it, the only one you want is the Mayor.

Michelle Madoff:

I sympathize with Mr. Robinson because this Council is very frustrated at not having received information. There is no way this Councilman or I believe any other member of this Council, I believe, even if Mr. Robinson — I shouldn't speak for him — nobody wants the project to go sour because we don't meet a deadline. I was given to understand a call was made immediately, the letter was on the way, it would be in writing, that we had to meet the March

30 deadline.

The Chair:

We have a letter now.

Michelle Madoff:

That's what I want to find out, is there a letter?

The Chair:

Yes, Mr. Givens read it.

Michelle Madoff:

I'm sorry, I apologize for that. I understood there was to be a letter. I knew that several days ago, and it was enroute. The issues Mr. Robinson have raised aren't going to go away, and we can't be stampeded, as we always are, until it is two minutes before we've got to have this project saved or we're going to lose the project, which happens on everything, whether it's keeping the Steelers or Pirates or cable, or whatever it is, it's always you've got 20 minutes to make up your mind, and we could go through a litany.

That issue has to be addressed but I don't think we can use the vehicle of holding up a project that's going to reflect very badly on every member of this Council because we offer one of the services when we get elected is scapegoating. And it's scapegoating for the Administration.

Now, Mr. Brophy is here, Mr. Garrity, Mr. Pellegrini, Mr. Hayllar and Mr. Simms. They are appointed by the Mayor and they serve at his discretion. He pays them; he fires them; he hires them. So in essence, indirectly since the Mayor was not requested to be here and isn't here and we can't hold up the project, I for one would be willing to let

them respond but I agree with Mr. Robinson that we don't let this thing go. Mr. Woods has said the same thing; we don't get answers. Mr. Wagner has said it; we don't get answers. Lord knows I don't get answers; I'm head of the Water Committee and I don't find out there's a water break until two days later. I'm saying Mr. Robinson is right; let's get on with it.

The Chair:

Alright, where we were on the position, those individuals were asked for, the Mayor was only requested some ten or fifteen minutes ago and as I understand it he's not in the building, he's in a conference someplace.

As I understand, Councilman Robinson does not want to hear from the others who are available. The Chair has no recourse but to move forward unless I get a motion otherwise.

Mr. Robinson:

I'd like to have a prerogative as Chairman of Planning, Housing and Development. I'd like to request in writing that the Assistant City Clerk write to the Mayor and ask him if he can be present in Council next Monday.

Secondly, there is one question perhaps that will lead to some other questions that can be asked first of our City Solicitor and then perhaps of Mr. Garrity relative to the co-op agreement. That's what we're voting on, the co-op agreement. We're not voting on the project; we're voting on the agreement between the City of Pittsburgh and the Urban Redevelopment Authority to administer \$17 million in UDA monies and there's couple questions that I have that I would like to ask Mr. Garrity and Mr. Pellegrini if the Chair will so allow.

The Chair:

You now want to hear from them?

Mr. Robinson:

Yes, please.

The Chair:

Who do you want to hear from?

Mr. Robinson:

Mr. Pellegrini first, please.

My first concern relates to the \$17 million. When the \$17 million is transmitted from HUD to the City of Pittsburgh, is that \$17 million the property of the City of Pittsburgh?

Mr. Pellegrini:

The \$17 million passes through the City of Pittsburgh to the Urban Redevelopment Authority and is really in effect the property of the project. We cannot use it. If it's the property of the City we could use it for general fund purposes. It is not the property of the City or the URA; it's the project's specific property under the grant agreements that we have with the Department of Housing and Urban Development.

So, in a sense, it's money that comes to the City for a project specific.

Mr. Robinson:

Could that money have been assigned directly to the Urban Redevelopment Authority by HUD?

Mr. Pellegrini:

My understanding is that the City is the applicant and the money has to

come through the City to go to the URA.

Mr. Robinson:

Is the City obligated to contract with the Urban Redevelopment Authority for the administration of that money?

Mr. Pellegrini:

We would be obligated for the Administration to contract with another governmental — or to do it ourselves, to contract with another governmental body. The Urban Redevelopment Authority under the reorganization approved several years ago is the entity established to handle those types of functions.

Mr. Robinson:

But the City of Pittsburgh could do it themselves?

Mr. Pellegrini:

Generally in UDAG, not this project now because the way the grant application was set up.

Mr. Robinson:

The grant application was set up in cooperation between the City and the URA with the anticipation that URA would administer the funds.

Mr. Pellegrini:

That's correct.

Mr. Robinson:

Okay. Any monies that come back to the URA from the project, are those monies the property of the URA, are they the property of HUD, are they the property of the City of Pittsburgh?

Mr. Pellegrini:

The project funds that come back are set out — really they can come back several ways. They can come back to the City, they can come back to any purpose that HUD deems appropriate. I think these are set forth in the grant agreement, where they go, and I don't recall exactly where they go right now.

Mr. Robinson:

No, I'm not talking about where they go, I'm talking about whose money is it? Whose money is that when it comes —

Mr. Pellegrini:

What I'm saying is, the money that comes back from the project is whoever is set forth in the agreement approved by HUD. In this particular grant —

The Chair:

It's under the Cultural Trust —

Mr. Pellegrini:

Yes, it goes back to the Cultural Trust.

Mr. Robinson:

In other words, the money does not belong to the City of Pittsburgh; it belongs to Cultural Trust.

Mr. Pellegrini:

The paybacks; you're talking about the paybacks.

Mr. Robinson:

Yes.

Mr. Pellegrini:

It goes back to the Cultural Trust.

Mr. Robinson:

So for the next 82 years the money coming out of this project belongs to the Cultural Trust; it does not belong to the City of Pittsburgh.

Mr. Pellegrini:

I don't know the exact specifics but yes, essentially the money goes back to the Cultural Trust.

Mr. Robinson:

But this is with the agreement of the City?

Mr. Pellegrini:

This is with the agreement of the City and it was presented in the agreement of Council. This is what was presented at the presentation before City Council.

Mr. Robinson:

But the money originally was given to the City of Pittsburgh.

Mr. Pellegrini:

The money was given to the City of Pittsburgh for a grant agreement to build the A-I Project with a payback to the Cultural Trust. There's no change in the project itself.

Mr. Robinson:

Okay, if Council had not approved that agreement, then it would not be taking place now; I mean it would not be in the process of being consummated.

Mr. Pellegrini:

If Council hadn't approved the authorization for the City and the URA to apply for the grant, we would not have applied for the grant.

Mr. Robinson:

Okay, why did you have to get the approval of Council to apply for the grant?

Mr. Pellegrini:

Because, as a result of that grant, the Department of Housing and Urban Development want to know that you're indeed going to carry through with the project. And that's essentially what that grant said. To apply for the grant you are making an offer to the Department of Housing and Urban Development that if you give us the money we will carry out the project.

Mr. Robinson:

Could the Urban Redevelopment Authority have applied for the money without the approval of the City of Pittsburgh?

Mr. Pellegrini:

I don't believe so.

Mr. Robinson:

Does that mean, therefore, that the URA is accountable to the City of Pittsburgh?

Mr. Pellegrini:

The URA is accountable to the City of Pittsburgh under the terms and conditions of the grant agreement.

Mr. Robinson:

Is the URA accountable to the City of Pittsburgh without the terms of the grant agreement?

Mr. Pellegrini:

I think this gets back to a question that we have discussed a couple thousand times.

Mr. Robinson:

No, not a couple thousand times but we may end up discussing it a couple thousand times.

Mr. Pellegrini:

Let me just tell you what the courts say and what the Urban Redevelopment Act says. Court cases can't be any clearer. The Urban Redevelopment Authority is an independent entity of the Commonwealth, even though created by the City or any municipality. That's general authority law. There is a legion of cases on that and our relationship and our control over the URA comes through our grant agreements.

Mr. Robinson:

Why is it that the URA has to come to this Council periodically to have legislation approved?

Mr. Pellegrini:

Under the grant agreements and under state statutes, some state statutes.

Mr. Robinson:

Therefore the Urban Redevelopment Authority is accountable to the City of Pittsburgh.

Mr. Pellegrini:

It's accountable under the grant agreements that were set forth in the statute.

You know, what you're asking me to do is you want an answer that is in direct contradiction to both the state statutes and to opinions rendered under the state statutes.

Mr. Robinson:

No, all I want is an opinion from the City Solicitor. A court of law, Danny, will probably have to resolve it. You cannot resolve it. I'm simply asking for your opinion, that's all.

Mr. Pellegrini:

What I'm saying is that it's really not an opinion. I'm telling you what courts of law have said. You asked me several weeks ago whether or not a matter was a holding a thinking of the court. That is the holding of the court. Courts can't be any more explicit than they have been.

Mr. Robinson:

Can you give to this Council, I think you said legion, of case —

Mr. Pellegrini:

I'll give you one right now, Herman versus Manducci —

Mr. Robinson:

No, no, no. If we request a legal opinion from you, can you put a legal opinion together to explain to us in legal terms what the legal relationship is between the Urban Redevelopment Authority and the City of Pittsburgh so that we have a clear understanding of

this accountability issue?

Mr. Pellegrini:

Sure.

Mr. Robinson:

Okay, that would be helpful. I'll ask the City Clerk to send you a formal letter making that kind of request and then maybe we can discuss it in that context.

Just one other question, if I might. The documents that were submitted by the URA relative to Allegheny International, did your office review all the documents that were forwarded to the URA from the City and eventually to HUD relative to this project?

Mr. Pellegrini:

I wouldn't say we reviewed every piece of information that went from URA to HUD but we reviewed the basic UDAG grant applications and we're required to sign off when they go under — I think the initial application goes under the City signature.

Mr. Robinson:

Okay. The reason I raised that question is that if indeed you believe that our accountability relative to the URA is through grant agreements, what have you, it seems to me that you would have reviewed every document that obligated the City of Pittsburgh either to HUD or to the URA. The fact that you didn't —

Mr. Pellegrini:

I don't think that was the answer that I provided. You asked me if I reviewed every slip of paper that the

URA provided to HUD. I don't review every slip of paper that any agencies of the City send out. What I reviewed was the legal arrangement between the City and HUD and the City and the URA. There has been numerous negotiations concerning this project with the people over at the URA with HUD. I don't get involved in those negotiations.

Mr. Robinson:

Just one last question. Those negotiations that are engaged in between HUD and the URA, are they being engaged in on behalf of the City of Pittsburgh or is URA engaging in those negotiations on their own behalf?

Mr. Pellegrini:

No, they're engaging in those under the grant agreement. When Council passed the grant agreement, when the original ordinance was introduced into Council asking for Council's approval as to the way this project was going to proceed, that was all laid out. We said that this is the way that the project was going to be carried out. The URA was going to make the application, the URA was going to negotiate with HUD as to the scope of the grant agreement. We told you where the money was going to go to.

As for the MBE and WBE, we provided to you that the project has been approved by the MBE Committee. You and I and Rebecca Lee met and we gave you a full series of methods by which the URA was going to monitor the MBE and WBE program with the City.

This project could not be in any more compliance if everybody was looking to cross every "t" and dot every "i". This is an important project to the City; a lot of effort was going into it. We made extra sure that everything about

this project was in accord with all state, City and federal laws and regulations.

Mr. Robinson:

Since you made reference to a private meeting that you and I attended, I think you should also have the Record reflect that I disagree with the procedures that were put forward and that was not the purpose for which the meeting was called.

Mr. Pellegrini:

No, we provided those procedures to Council as required by an ordinance.

Mr. Robinson:

No, I'm just referring to the fact that you wanted to discuss a private meeting. I think we ought to clarify that that was not the purpose for which I was called to the meeting, okay, to discuss that issue. That issue was discussed but that was not the reason I was called to that meeting.

It's not a question here about the worthiness of the project. My concern is whether or not the legal relationship between the URA and the City of Pittsburgh is such that they are accountable to us and whether or not in the co-op agreement we have any ability to hold them accountable. For example, can we at some later date rescind the conditions under that co-op agreement? Can this Council by Councilmatic action rescind the conditions under which that co-op agreement is operating?

Mr. Pellegrini:

Part of the problem is the three-way agreement. What you have is a grant agreement with the Department of Housing and Urban Development and you'd have to look at the relationship

that you created. It may be possible but it would be very difficult to unravel.

You know, the problem that we have with this whole project is that this project is no different than the 10-12-15 other UDAG projects that came before Council. It was processed in the same manner. In fact, Council was given briefings on this, everyone was told how this was going to occur. It went to the MBE Committee, Council was told how we were going to monitor the MBE Committee. Everything in this project is in accord with all laws. You raised other concerns today that don't really deal with this project. I think that's the issue. On this project we are in accordance with all laws of the City.

Mr. Robinson:

Are you familiar with the appointment process for the MBE Review Committee.

Mr. Pellegrini:

Yes.

Mr. Robinson:

Can you explain to us why two member of that Committee have not yet been sworn in?

Mr. Pellegrini:

No, I can't.

Mr. Robinson:

Fine. Now if I could speak to Mr. Garrity, please.

Mr. Pellegrini has given an opinion as to what he perceives to be the relationship, the legal relationship, between the URA and Council. I don't want to put words in your mouth but

what is your understanding of the accountability of the URA to the City of Pittsburgh, the legal accountability?

Mr. Garrity:

It would depend on the nature of the question, Councilman. As to this particular agreement, the URA's contractual relationship is pursuant to the cooperation agreement that we proposed to enter into with the City. Under those, we have certain obligations that we must obligate ourselves to continue with and that's what our accountability is.

Mr. Robinson:

Is it your understanding that if this cooperation agreement is approved by Council and the Mayor, that Council has no ability to rescind the conditions of the cooperation agreement? That we're locked in?

Mr. Garrity:

I agree with Mr. Pellegrini that it would be a very difficult situation because of the fact that this cooperation agreement is a condition of the grant agreement, provides the mechanism for the monies out to both the Allegheny International and Benedem Trees and it would be a very difficult situation if an attempt was made to rescind it.

Mr. Robinson:

Okay, have you reviewed all the documents submitted by the City to URA to go to HUD, or your staff?

Mr. Garrity:

Basically the documents that we're referring to, Councilman, is the proposed grant agreement, that is the basic legal vehicle. The grant agreement

is prepared by the Department of Housing and Urban Development and submitted to the City and to the URA for review. What we attempt to do is to negotiate with them to come up with the grant agreement that in fact can be complied with by both the City, the URA, and the developers.

To that extent, yes, I've reviewed it very intimately.

Mr. Robinson:

Okay, as far as the issue of the money, the money that's provided to the URA through the City, what is your understanding as to who that money legally belongs to once it comes to the City by way of a grant agreement?

Mr. Garrity:

The grant agreement between HUD and the City is exactly that between HUD and the City. The letter of credit of the City of Pittsburgh is increased by the amount of the grant. The Urban Redevelopment Authority is simply a vehicle under which that money is then transferred and ultimately loaned out to both A-1 and to the Benedem Trees people.

Mr. Robinson:

Is it your understanding that the City is obligated to utilize the Urban Redevelopment Authority for this project?

Mr. Garrity:

Under the terms of the grant agreement that is exactly correct.

Mr. Robinson:

Okay, is the City of Pittsburgh obligated to utilize the URA to carry out

City projects?

Mr. Garrity:

It would depend on the nature of the project and what the capacity of the City would be as opposed to what the legal ability of the Authority is, sir.

Mr. Robinson:

Okay, Mr. Pellegrini made reference to case law relative to the position of the City of Pittsburgh to the URA. Are you familiar with the case law that he made reference to?

Mr. Garrity:

Yes, sir.

Mr. Robinson:

Is your opinion the same as his, that basically the URA is an independent agency?

Mr. Garrity:

On a statutory basis is an independent agency; the relationship between the URA and the City is more complex in that we have a number of cooperation agreements with the City with specific projects. We're accountable to the City relating to those projects. When we convey property out that we've purchased that are located within certified areas, the statute requires us to come to City Council for Council's approval to dispose of the property.

Mr. Robinson:

So there is some accountability rooted in the law, not in agreement but in the law, of the Commonwealth of Pennsylvania?

Mr. Garrity:

The law specifically requires us to come back to Council in order to convey property within certified areas as far as that goes.

Mr. Robinson:

So, what we might call the legal accountability, legislative accountability, and contractual accountability on the part of the URA to the City of Pittsburgh and vice versa.

Mr. Garrity:

That's correct.

Mr. Robinson:

Okay.

One other question that relates to this MBE issue. Did your office review any documents submitted to you relative to the actions of the MBE review Committee in the City of Pittsburgh for this particular project, Allegheny International Stanley Theatre?

Mr. Garrity:

Yes, I was familiar with the transmittal that indicated that it had been approved.

Mr. Robinson:

Did you receive any information relative to any conditions under which the approval was made?

Mr. Garrity:

I frankly don't recall; I just remember the transmittal letter coming through and the way our contracts are set up with both A-I and Benedem Trees, it's their contractual obligation to

comply with the MBE plan as approved by the MBE Committee.

Mr. Robinson:

Okay, that's all. Thank you.

Mr. President, thank you for your indulgence. My basic concerns around policy still exist; my basic concerns around the operation of the MBE Review Committee still exist. I think Mrs. Madoff was correct; this issue is not going to go away. It comes up every time we have a major project.

I think the fact that two people who were asked to serve on the MBE Review Committee have not yet been sworn in and the questions surrounding that have not yet been answered, I certainly do not want to make any statements or any allegations. I'm sure there are many circumstances that dictate that but I think it just adds one more page to the unfortunate history of that Committee and that is that it does not, in my opinion, have the support of the Mayor of the City of Pittsburgh. He is the person who identified these people to serve; he has chosen not to confirm their serving, and I have not heard or read anything from the Mayor which indicates that he supports the efforts of this Committee. I think until the Mayor is willing to come forward publicly before this Council and discuss this issue that we will continue to have this public policy difference.

Certainly I have been supportive of this project but I have been supportive with reservations all the way through the project. I still have reservations about it and I think those reservations are well founded. There will be other projects that URA will be submitting to the City and I think that there still needs to be that meeting that I requested you to set up between yourself, myself, the Mayor and the Chairman of the Urban

Redevelopment Authority Board because whether this project goes forward or not the proof is going to be in the pudding. They Mayor's policy is going to be tested. We're the No. 1 City in America and a lot of people are watching us because they want to know No. 1 for who.

The URA has a contractual obligation to see to it that everyone is treated fairly and I think when we begin to get the statistics and the facts those of us who are still here are going to have to bear the burden. It may not appear to be a major problem or a major concern for some today but I think it is something that we cannot take lightly and that is how we are going to interface with the URA in the future.

Mr. Givens:

I'd just like to follow on that, if I might, Mr. President, and the fact that I said previously that I felt some of this could have been averted had we had somebody on the Urban Development Authority. I did not like the response that I read in the newspapers last night. I think it's incumbent upon this Council to submit a name if the Mayor in fact has not done so within 60 days.

The Chair:

We sent a letter and asked the Mayor to do it within two weeks.

Mr. Givens:

I think we received our reply via the newspapers last night where it was stated by one of the Mayor's chief executives, Ben Hayllar, that it won't happen until after 21 May. This Councilman cannot tolerate that type of a news release from the Chief Administrator of this City.

I think what we have to do, if the Mayor has lost his prerogative via the state law after 60 days, if he does not appoint. It's too critical an authority; too much money flows through it, too many bills come before this Council.

As I indicated last Monday, I was assigned to that particular authority when I was the Chairman of Planning, Housing and Economic Development. I think we have to streamline the operation of this Council so we do not have the breakdown of communication that we have on this particular bill before us.

There is still great concern upon this Councilman's mind that the minorities and women within this City are still not getting their just dues as far as work within City government. Even more importantly where there's more jobs concerned, and that is in the field itself and the money that we are generating for projects within the City. Many millions of dollars are being spent without the participation of our minorities and women in that process. And I think that is something that this Council must come to a grip with and very shortly. I have concerns here.

I just read over some of the information that was passed down to us via the Urban Redevelopment Authority. It was on the Penn Central issue. They talk about price, they talk about good faith, they talk about the purpose of the use of the grounds and everything else. We have the possible new hotel site next to the U.S. Steel building which was again City land that we dedicated.

I'll tell you what just happened two days ago —

The Chair:

Please don't. Let's stay on this bill.

Mr. Givens:

I'm telling you what's happening in the Urban Redevelopment Authority who owns property right now up in Bloomfield recreation facility, the old Don Allen property up there, which the neighborhood was considering for future development of that park. It has been torn down. This Council received no input into that. None whatsoever. Zero. It was an action that happened upon the Urban Redevelopment Authority.

I'm bringing examples as to why we need somebody over there and need someone there very quickly. And if the Mayor doesn't do it between now and Monday, I think it's incumbent upon this Council at the 2:00 session, if we do not have a name, that we suggest a name and vote upon that name.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9

NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

And on the motion of Mr. Woods

Council adjourned.

Monday, April 1, 1985

No. 13

Municipal Record

ONE-HUNDRED TWENTY-THIRD COUNCIL

ROBERT RADESTONE President

MICHAEL PERRY City Clerk

LINDA M. JOHNSON ... Asst. City Clerk

Pittsburgh, PA

Monday, April 1, 1985

PRESENT:

Mr. Givens

Mr. Grabowski

Michelle Madoff

Mrs. Masloff

Mr. O'Malley

Mr. Robinson

Mr. Wagner

Mr. Woods

Mr. Stone

(Pres't)

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

Michelle Madoff:

Point of Order. Have I been recognized?

The Chair:

Yes.

Michelle Madoff:

I truly do this with a heavy heart; I said earlier that I don't really like to kick anybody when they're down. I was away for a few days this weekend and came back and was up until two o'clock last night reading the articles in the paper and in light of what I have read, and discounting the fact that sometimes things are taken out of context, I feel I have to make a statement.

Mr. Woods:

Mr. Chairman, Point of Order.

Michelle Madoff:

I'm sorry; you're interrupting me. I have a Point of Order and I have been recognized.

Mr. Woods:

Point of Order.

Michelle Madoff:

Sorry, I have been recognized, Mr. Woods.

The Chair:

Hold on a minute, Michelle. Let me find out —

Mr. Woods:

Mr. Chairman, if we are not going to discuss Council business then this should not be discussed at this floor.

Michelle Madoff:

This is Council business. It is most Council business.

In light of the overwhelming accusations involving the CTA scandal --

Mr. Woods:

Mr. Chairman, I make the motion that we adjourn.

The Chair:

I have a motion to adjourn.

Mr. Wagner:

Mr. Chairman, may I comment? Point of Order. If any Councilmember wants to discuss something it should be at the end of the Council meeting.

Michelle Madoff:

This has to be before the Council meeting.

Mr. Wagner:

I believe we have legislation in front of us that we should be moving on.

Michelle Madoff:

I'm sorry; it has to be before Council because if I'm going to ask the President of Council to step down he shouldn't be presiding today. I'm sorry; that's my prerogative.

The Chair:

Well, let me help you then. As I indicate earlier to you, I will not step down.

Michelle Madoff:

I would like to make my statement then you can say what you want to say.

Mr. Woods:

This is completely out of order, Mr. Chairman.

Michelle Madoff:

It is Council business; it is primary Council business. My statement will take two minutes; I ask to be heard.

Mr. Woods:

I made a motion to adjourn and that motion is always in order no matter where we are in this meeting.

Michelle Madoff:

Remember, if Mr. Woods becomes President of this Council every time anybody wants to speak we'll be ruled out of order and he'll adjourn the meeting because that will take precedence over everything.

Mr. O'Malley:

I agree with my colleague, Mr. Wagner. This should be conducted under Old Business or New Business.

Michelle Madoff:

It can't be because if I'm going to ask him to step down he should not preside today.

What are the wishes of this Council? I wish to make a two-minute statement.

The Chair:

Let me do this if I may. You've indicated you've asked me to step down

Michelle Madoff:

I would like to read my statement. It's two minutes; I want to be specific.

The Chair:

Let me finish.

I've indicated —

Michelle Madoff:

You haven't heard what I have to say yet. You can't respond to me until you hear what I have to say.

Mr. Woods:

I made a motion to adjourn.

The Chair:

I have a motion to adjourn. Do I have a second?

Mr. Grabowski seconded the motion.

Michelle Madoff:

I'm going to do the same thing when we come back so I don't know why we're adjourning.

Mr. Wagner:

I am in violation of the rules in commenting but I am going to comment anyway.

I personally feel that any comment made here at this table by any colleague prior to us moving on this

legislation which is the agenda for Council is out of order. My colleague Michelle Madoff is out of order and therefore there should not even be a vote.

Michelle Madoff:

Mr. Wagner, I'm going to comment as well. You can't address something after the fact.

The Chair:

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. O'Malley
Mr. Grabowski	Mr. Woods
Mrs. Masloff	Mr. Stone (Pres't)

AYES 6 NOES 2

(MICHELLE MADOFF AND MR. ROBINSON VOTING NO)

(MR. WAGNER ABSTAINING)

And a majority of the votes of Council being in the affirmative, the motion passed finally.

And on the motion of **Mr. Woods**

Council adjourned.

Municipal Record

ONE-HUNDRED TWENTY-THIRD COUNCIL

ROBERT RADE STONE President
MICHAEL PERRY City Clerk
LINDA M. JOHNSON ... Asst. City Clerk

Pittsburgh, PA
Monday, April 8, 1985

PRESENT:

Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone (Pres't)

ABSENT:

Mr. Givens

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

PRESENTATIONS

Mr. Givens presented

No. 2478 Communication from Louis R. Gaetano, Director, Department of Public Works, requesting authorization for himself and Ralph J. Kraszewski to attend the Annual Show Conference in Madison, Wisconsin, April 14-17, 1985, at a cost not to exceed \$1,920.00, payable from Code Account No. 1502, Misc. Services.

Which was read and referred to the Committee on Public Works.

Mr. Grabowski presented

No. 2479 Resolution providing for the issuance of a warrant in favor of Marchase Refrigeration Service, for emergency repair of compressors at the City's Skating Rinks, in the amount of \$476.80, payable from Code Account 1138, Repairs, Department of General Services.

Also,

No. 2480 Resolution providing for the issuance of a warrant in the amount of \$666.89, in favor of Pittsburgh Cycle Center for parts for three-wheel motorcycles, not covered under contract as previous contract had expired and a new one was not yet in place, payable from Code Account 1148, Automotive Parts, Department of General Services.

Also,

No. 2481 Resolution providing for the issuance of a warrant in favor of

Morris Paper Company, in the amount of \$767.70 for payment of three-part carbonless paper, which was double-shipped by the vendor and inadvertently accepted by the City, payable from Code Account 1129, Supplies, Department of General Services.

Also,

No. 2482 Resolution providing for the issuance of a warrant in favor of Anderson Sales & Services, in the amount of \$3,966.25, for specialized towing services due to the breakdown of City equipment for towing during special events, chargeable to and payable from Code Account 1150, Outside Repairs, Department of General Services.

Also,

No. 2483 Resolution providing for the issuance of a warrant in favor of Welsh Equipment Company, in the amount of \$2,150.90 in payment of specialized parts for the City's refuse trucks for necessary repairs, payable from Code Account 1148, Automotive Parts, Department of General Services.

Which were severally read and referred to the Committee on Finance.

Also,

No. 2484 Resolution providing for an Agreement or Agreements with a Consultant or Consultants for the Certification of Business Firms as Minority Owned or Women Owned for the City, at a cost not to exceed \$12,000.00, chargeable to and payable from Code Account 1128, Misc. Services, Department of General Services.

Also,

No. 2485 Resolution providing for the letting of a Contract or Contracts,

or for the use of existing Contracts for the furnishing and installation of overhead doors for the Department of General Services, at a cost not to exceed \$6,600.00, chargeable to and payable from Code Account 1138, Repairs, Department of General Services.

Also,

No. 2486 Resolution providing for the letting of a Contract or Contracts, or for the use of existing Contracts for the purchase and delivery of Base Stations, Control Cabinets and Two-Way Portable Radios for the Department of General Services, at a cost not to exceed \$65,000.00, chargeable to and payable from Misc. Equipment, Various City Departments, Department of General Services.

Which were severally read and referred to the Committee on General Services.

Michelle Madoff presented

No. 2487 Resolution providing for a Contract or Contracts for Reservoir Security Services, at a cost not to exceed \$50,000.00, chargeable to and payable from Code Account 1930, Misc. Services, Department of Water.

Which was read and referred to the Committee on Water.

Also,

No. 2488 Resolution authorizing and directing Pittsburgh City Council to hire a Fiscal Consultant for the purpose of reviewing Council Bills 979, 1543, 1598, 1639, 1786, and 1787, relative to tax changes in the City of Pittsburgh, chargeable to and payable from Code Account 1001-2, Salaries, Wages and Services of Council As Needed - Professional Consultant, As Needed. ==
(SPONSORED BY MICHELLE MADOFF)

Which was read and referred to the Committee on Finance.

Mrs. Masloff presented

No. 2489 Resolution authorizing the issuance of a warrant in favor of Fairview Floral Shop, in the amount of \$1,027.00 in payment for the purchase of plants and florists' supplies, chargeable to and payable from Phipps Conservatory Trust Fund Account, Department of Parks and Recreation.

Also,

No. 2490 Resolution authorizing the issuance of a warrant in favor of Edward Simon and Company, in the amount of \$1,137.50 in payment for sound equipment rental and services for concert and cinema in the Park Programs, chargeable to and payable from the Special Parks Program Trust Fund, Department of Parks and Recreation.

Also,

No. 2491 Resolution authorizing the issuance of a warrant in favor of Allen and Company, in the amount of \$1,896.82 in payment for the purchase of locks for Parks facilities, chargeable to and payable from Code Account 1806, Department of Parks and Recreation.

Which were severally read and referred to the Committee on Finance.

Also,

No. 2492 Resolution providing for the letting of a Contract or Contracts, or the use of existing Contracts for the furnishing and delivery of various play equipment for the Department of Parks and Recreation, at a cost not to exceed \$25,000.00, chargeable to and payable from Play Equipment, Department of

Parks and Recreation.

Also,

No. 2493 Resolution providing for the filing of an application by the City of Pittsburgh with the Pennsylvania Commonwealth, Department of Education for a grant in connection with the SPECIAL SUMMER FOOD SERVICE PROGRAM PROJECT; providing for the execution of Grant Contracts and for the filing of requisitions and other data; approving the Project; providing for required assurances; providing for execution of payment vouchers or Letter of Credit and for certification of authorized signatures, and providing for the deposit of the funds in Special Summer Food Service Program account.

Also,

No. 2494 Communication from Louise R. Brown, Director, Department of Parks and Recreation, requesting herself to attend the Urban Park & Recreation Alliance Conference in Seattle, Washington, May 9-13, 1985, at a cost not to exceed \$750.00, payable from Code Account No. 1801, Misc. Services.

Also,

No. 2495 Communication from Louise R. Brown, Director, Department of Parks and Recreation, requesting authorization for Howard R. Hays to attend the Northeastern Regional Conference of the American Association of Zoological Parks & Aquariums in Boston, Massachusetts, April 28-30, 1985, at a cost not to exceed \$520.00, payable from Code Account No. 1801, Misc. Services.

Also,

No. 2496 Communication from

Louise R. Brown, Director, Department of Parks and Recreation, requesting authorization for Thomas B. Walsh and Randolph Goodlett to attend the A.A.Z.P.A. Northeastern Regional Conference in Boston, Massachusetts, April 28 - May 1, 1985, at a cost not to exceed \$1,300.00, payable from Code Account 1852, Misc. Services, Department of Parks and Recreation.

Also,

No. 2497 Communication from Louise R. Brown, Director, Department of Parks and Recreation, requesting authorization for Lindsay Clack and Paula Strasser to attend the A.A.Z.P.A. Northeastern Regional Conference in Boston, Massachusetts, April 28 - May 1, 1985, at a cost not to exceed \$1,300.00, payable from the Aviary Trust Fund, Misc. Services, Department of Parks and Recreation.

Also,

No. 2498 Communication from Louise R. Brown, Director, Department of Parks and Recreation, requesting authorization for Carl A. Mancuso, Ross J. Rotunda, Alexis W. Merritt, Susan Davis, Susan Reed, Craig B. Merritt, Sandra Rutkowski and Howard Watts to attend the Pennsylvania Recreation and Parks Society Annual Conference at the Monroeville Marriott, April 19-22, 1985, at a cost not to exceed \$944.00, payable from Code Account No. 1838, Expert & Professional, Bureau of Recreational Activities, Department of Parks and Recreation. Permission is also requested for use of City vehicles.

Also,

No. 2499 Communication from Louise R. Brown, Director, Department of Parks and Recreation, requesting authorization for Diane N. Roth and

Karen L. Jewett to attend the "Cultural Tourism In The 80's" conference in Philadelphia, PA, March 21-22, 1985, at a cost not to exceed \$237.00, payable from the Special Parks Program Trust Fund.

Which were severally read and referred to the Committee on Parks and Recreation.

Mr. O'Malley presented

No. 2500 Resolution providing for an Agreement or Agreements with a qualified consulting firm for professional services to conduct a Flexible Benefits Study for the City of Pittsburgh, at a cost not to exceed \$24,000.00, chargeable to and payable from Code Account 1063, Misc. Services, Department of Finance. ---
(SPONSORED BY MR. O'MALLEY)

Also,

No. 2501 An Ordinance amending and supplementing the Pittsburgh Code, Title One, Administrative, Article IX, Personnel, Chapter 180, Personnel Administration, by including the Office of the City Controller and the Office of Council in the Comprehensive Merit Based Personnel System for the City of Pittsburgh.
---(SPONSORED BY MR. O'MALLEY)

Which were read and referred to the Committee on Finance.

Also,

No. 2502 Communication from Councilman Jim O'Malley, requesting authorization for various employees from various departments to attend seminar's on various dates and locations to examine operations of existing computer-aided dispatch systems, at a cost not to exceed \$15,000.00, payable

from the Department of Public Safety Third Party Payers Trust Fund. Permission is also requested for use of City vehicles for the trip to Maryland.

Also,

No. 2503 Communication from Robert J. Coll, Jr., Superintendent, Bureau of Police, John Moran, Chief, Bureau of Fire and Glenn Cannon, Director, Bureau of Emergency Medical Services, Department of Public Safety, requesting authorization for themselves and for John Harpur, Lou DiNardo, Robert Kennedy, Jayme Burgman, Carolyn Marks, John Marotto, Tom Bruecken and James McNamara to attend a national conference entitled, "Demex 85—World Congress and Exposition for Disaster and Emergency Management, Indianapolis, Indiana, April 28 - May 1, 1985, payable from the Department of Public Safety Third Party Payers Trust Fund. Permission is also requested for use of City vehicles.

Which were read and referred to the Committee on Public Safety.

Mr. Robinson presented

No. 2504 Resolution providing for an Agreement or Agreements with the North Side Civic Development Council and the East Allegheny Revitalization Corporation so as to hire a Consultant or Consultants to act as the East Ohio Street/Federal Street Business District Manager, at a cost not to exceed \$20,000.00, chargeable to and payable from the 1981 Community Development Block Grant Program, Department of City Planning, Code Account CP-81-03, "Neighborhood Commercial Revitalization Analysis and Support".

Which was read and referred to the Committee on Planning, Housing and Development.

Mr. Wagner presented

No. 2505 Resolution providing for the issuance of a warrant in favor of Niando Construction, Inc., in the amount of \$1,296.55 in payment of extra work, being in addition to the original contract price of \$241,000.80 on Controller's Contract No. 26953-F, furnished for the benefit of the City in connection with the Widening and Improving of Lanark Street from Catoma Street to Rising Main Avenue, payable from the North Side Urban Development Action Grant Trust Fund.

Also,

No. 2506 Resolution providing for the issuance of a warrant in favor of Mosites Construction Company in the amount of \$5,889.51, in payment for extra work, being in addition to the original contract price of \$1,176,223.00 on Controller's Contract No. 26909, furnished for the benefit of the City in connection with the Building General Contract for Phase III; Savanna Exhibits at the Pittsburgh Zoo, payable from Code Account PR 83-01.

Which were read and referred to the Committee on Finance.

Also,

No. 2507 Resolution providing for a Contract or Contracts, or use of existing Contracts, for the purchase of equipment and furnishings for the South Side Riverfront Park, at a cost not to exceed \$20,000.00, chargeable to and payable from the South Side Riverfront Trust Fund (SRPTF).

Which was read and referred to the Committee on Engineering and Construction.

Also,

No. 2508 Resolution providing for the issuance of a warrant in favor of GJM Contractors, Inc., in the amount of \$627.20 in payment of extra work, being in addition to the original contract price of \$245,179.00 on Controller's Contract No. 26920, furnished for the benefit of the City in connection with the South Craig Street Reconstruction, payable from Code Account PW 83-17, Sanitary Sewers in Various Locations.

Also,

No. 2509 Resolution providing for the issuance of a warrant in favor of Trumbull Corporation, in the amount of \$556.61, in payment for extra work, being in addition to the original contract price of \$4,083,511.40 on Controller's Contract No. 26925, furnished for the benefit of the City in connection with the Reconstruction of Grant Street - Phase I, payable from the Grant Street Trust Fund.

Which were read and referred to the Committee on Finance.

Also,

No. 2510 Resolution amending Res. No. 570, eff. June 26, 1981, entitled: "Providing for an Agreement or Agreements with a Consultant Engineer for soils and geotechnical services for the reconstruction of streets in Pittsburgh's North Side in connection with the UDAG Program, at a cost not to exceed \$20,000.00, chargeable to and payable from Code Account North Side UDAG Program," by decreasing the project allocation from \$20,000.00 to \$11,222.12.

Also,

No. 2511 Resolution further amending Res. No. 921, eff. September 26, 1980, as amended by Res. No. 879,

eff. August 31, 1981, entitled: "Providing for an Agreement or Agreements for architectural, engineering or other professional services in connection with Ormsby Pool; and providing for the payment of the cost thereof," by decreasing the total project allocation from \$46,400.00 to \$45,899.85, chargeable to and payable from Code Account CDPR 80-08.

Also,

No. 2512 Resolution providing for an Agreement or Agreements, or Contract or Contracts, for engineering and construction services in connection with the Design and Construction of the Main Salt Storage Dome, at a cost not to exceed \$350,000.00, chargeable to and payable from Code Account EC 85-23.

Also,

No. 2513 Resolution providing for a Agreement or Agreements with a Consultant or Consultants for professional geotechnical services on an "as needed" basis, at a cost not to exceed \$50,000.00, chargeable to and payable from Code Account EC 85-25.

Also,

No. 2514 Resolution providing for a Cooperation Agreement or Agreements with Carnegie Institute in connection with Miscellaneous Renovations at Carnegie Institute, at a cost not to exceed \$75,000.00, chargeable to and payable from Code Account EC 85-57.

Also,

No. 2515 Resolution providing for an Agreement or Agreements with a Consultant or Consultants for architectural/engineering services in connection with the Rehabilitation of No. 5 Police Station and No. 8 Fire

Station, at a cost not to exceed \$30,000.00, chargeable to and payable from Code Account EC-85-52.

Also,

No. 2516 Resolution providing for a Cooperation Agreement or Agreements with Carnegie Library of Pittsburgh in connection with Miscellaneous Renovations at the Central Branch Library, at a cost not to exceed \$200,000.00, chargeable to and payable from Code Account EC 85-56.

Also,

No. 2517 Resolution further amending Res. No. 279, eff. March 26, 1981, as amended, entitled: "Providing for a Contract or Contracts for the Reconstruction of Streets, Lighting and Waterline for various areas of Pittsburgh's North Side in connection with the UDAG Program," by reducing the total project from \$706,288.50 to \$537,145.31, chargeable to and payable from North Side UDAG Program.

Also,

No. 2518 Resolution providing for a Contract or Contracts, or use of existing Contracts, for Environmental Improvements at various City facilities, at a cost not to exceed \$100,000.00, chargeable to and payable from Code Account EC 85-61.

Also,

No. 2519 Resolution providing for a Contract or Contracts, or use of existing Contracts, for Safety Code Compliance at various City facilities, at a cost not to exceed \$46,500.00, chargeable to and payable from Code Account EC 85-66.

Also,

No. 2520 Resolution providing for a Contract or Contracts, or use of existing Contracts, for the furnishing and installation of two (2) fitness courses, one able-bodied and one wheelchair sports, for disabled persons, at a cost not to exceed \$15,000.00, chargeable to and payable from Code Account CDEC 84-68.

Also,

No. 2521 Resolution providing for a Contract or Contracts, or use of existing Contracts for repairs at various park facilities, at a cost not to exceed \$50,000.00, chargeable to and payable from Code Account EC 85-41.

Also,

No. 2522 Resolution providing for a Contract or Contracts, or use of existing Contracts, for lighting installation or replacement at various park facilities, at a cost not to exceed \$50,000.00, chargeable to and payable from Code Account EC 85-43, Lighting, New or Replacement Fixtures.

Which were severally read and referred to the Committee on Engineering and Construction

Mr. Woods presented

No. 2523 Resolution providing for the issuance of a warrant in the amount of \$2,500.00 in full settlement of a claim, arising from a negligent maintenance operation inspection and repair of the Gardner Ballfield, located in the vicinity of Mr. Koch's dwelling, causing damage to the Plaintiff's real property, payable from Code Account No. 46, Judgments.

Also,

No. 2524 Resolution providing for

the issuance of a \$1,190.69 warrant in favor of Karen Fawcett for automobile damage by a Department of Engineering and Construction vehicle, payable from Code Account No. 46, Judgments.

Also,

No. 2525 Resolution providing for the issuance of a \$1,000.00 warrant in favor of Harry K. Saltzman for property damage by a Bureau of Refuse vehicle, payable from Code Account No. 46, Judgments.

Also,

No. 2526 Resolution providing for the issuance of a warrant to Clinton Brown, c/o Michael R. Kelly, Esquire, Renshaw Building, Pgh., PA 15222, in the amount of \$5,500.00, in full settlement of a claim for alleged employment discrimination in December, 1978, payable from Code Account No. 46, Judgments.

Also,

No. 2527 Resolution providing for an Agreement or Agreements with the Pennsylvania Economy League for professional services on various management improvement projects, at a cost not to exceed \$30,000.00, chargeable to and payable from Code Account No. 1063, Misc. Services, Department of Finance.

Also,

No. 2528 Resolution providing for an Agreement or Agreements with a competent provider of a business writing course for staff and Commissioners of the Commission on Human Relations, at a cost not to exceed \$1,500.00, chargeable to and payable from the EEOC-706 Trust Fund.

Also,

No. 2529 Resolution providing for a Professional Services Agreement or Agreements for the administration of the City's Workers' Compensation Program for a period of three years beginning July 1, 1985 to June 30, 1988, and providing for the payment of the cost thereof, subject to annual appropriations, at an annual cost not to exceed \$550,000.00, chargeable to and payable from Code Account 44, Workmen's Compensation Fund, Department of Finance.

Also,

No. 2530 Resolution Repealing Item D of Res. No. 289, approved April 3, 1979, for the sale of a vacant lot at 5-6 Buffington Avenue, designated as Block 15-R, Lot 42, to George E. White and Geraldine A. White, for the sum of \$200.00. The reason for the above Repealing Resolution is that the City of Pittsburgh did not have a marketable title for the property.

Also,

No. 2531 Resolution amending Item C of Res. No. 119, approved February 21, 1985 for the sale of a 2 Sty. Hse. at 4518 Wirtz Way, 8th Ward, designated as Block 26-H, Lot 366, to David G. Onorato, Daniel A. Onorato & Geno A. Onorato, for the sum of \$1,500.00. The reason for the above Amendment is to correct the date of acquisition from the 3rd to the 5th.

Also,

No. 2532 Resolution amending Item E of Res. No. 38, approved February 6, 1985, for the sale of a lot at 614 Lowell Street, 12th Ward, designated as Block 124-P, Lot 164, to Ellinor L. Polk, for the sum of \$1,000.00. The reason for the above Amendment is to

correct the lot number which was inadvertently listed on the Resolution as 164 instead of 264.

Also,

No. 2533 Resolution amending Item G of Res. No. 110, approved March 2, 1984, for the sale of a house at 1243 Album Street, 12th Ward, designated as Block 124-H, Lot 26, to Louis Sebastian, for the sum of \$6,000.00. Amendment is to reduce price from \$6,000.00 to \$3,000.00. The property has been damaged by vandals, which has greatly reduced the value of the property.

Also,

No. 2534 Resolution amending Item I of Res. No. 119, approved February 21, 1985, for the sale of vacant land on Rutland Street, 26th Ward, designated as Block 163-N, Lots 142 & 150, to William J. Ladesic, for the sum of \$1,600.00. The reason for the above amendment is to correct the lot size in parcel 163-N-150 from 238.9 to 238.59.

Also,

No. 2535 Resolution amending Item G of Res. No. 119, approved February 21, 1985, which authorized the sale of property in the 25th Ward, being vacant land, located on Jefferson Street, designated as Block 23-F, Lots 75-76-77, to Roger L. Humphries & Regina L. Humphries, his wife, for the sum of \$1,200.00. The reason for the above Amendment is to correct the lot size in parcel 23-F-75.

Also,

No. 2536 Resolution Repealing certain Resolutions, approved on various Wards, in accordance with Act No. 514. Resolution is to cancel sales and forfeit the hand money.

Also,

No. 2537 Resolution providing for the filing of a petition or petitions for the sale of certain property or properties acquired at a tax sale in accordance with Act No. 514 of 1947 as amended.

Also,

No. 2538 Communication from Melanie J. Smith, Director, Department of Personnel, requesting authorization for Bernard M. Schneider to attend a briefing sponsored by the Pennsylvania League of Cities in Harrisburg, PA, April 3, 1985, at a cost not to exceed \$280.00, payable from Code Account No. 1100, Misc. Services.

Also,

No. 2539 Communication from Melanie J. Smith, Director, Department of Personnel, requesting authorization for Dave Farley to attend a labor market information workshop in Harrisburg, PA, April 23-25, 1985, at a cost not to exceed \$500.00, payable from the JTPA-1 Trust Fund, Federal Funds.

Also,

No. 2540 Communication from Edward A. Walkowski, Manager, City Information Systems, requesting authorization for all City Elected Officials, Department/Agency Heads and their Deputies, and selected data processing liaison staff to attend a one-day executive seminar on current and future developments in the computer industry at the Pittsburgh Hyatt on April 11, 1985, at a cost not to exceed \$900.00, payable from Code Account No. 1043.

Also,

No. 2541 Communication from

Ronald C. Schmeiser, Director, Department of Finance, requesting authorization to make payment of \$1,835.33 for an overrun of 15,700 tax forms-1984, City of Pittsburgh and School District of Pittsburgh Individual Earned Income Tax Instruction Booklet with Two Pittsburgh 40 Income Tax Return Forms, payable from Code Account No. 1064, Supplies & Materials, Department of Finance.

Also,

No. 2542 Communication from Ronald C. Schmeiser, Director, Department of Finance, requesting authorization for Henry Sciortino to attend the Repurchase Agreements and Investment Losses Seminar in Chicago, Illinois, May 24, 1985, at a cost not to exceed \$525.00, payable from code Account No. 1063, Misc. Services, Department of Finance.

Also,

No. 2543 Communication from Ronald C. Schmeiser, Director, Department of Finance, submitting a report of deposits and market value of collateral security pledged by City Depositories to secure same as of February 28, 1985.

Also,

No. 2544 Communication from Thomas Flaherty, City Controller, submitting a Performance Audit of Warehouse Operations Department of Public Works and the inventory systems within its six maintenance divisions March 1985.

Which were severally read and referred to the Committee on Finance.

The Chair presented

No. 2545 Resolution to give notice of the scheduling of a public hearing to be held on a date concerning the adoption of a Resolution signifying the desire and intention of the City of Pittsburgh to create and organize a Steel Valley Authority pursuant to the Municipal Authorities Act of 1945.

Also,

No. 2546 Resolution to signify the desire and intention of the City of Pittsburgh to create and organize an Authority under the Municipality Authorities Act of 1945, setting forth the proposed articles of incorporation of the Steel Valley Authority, authorizing the proper officers of the City of Pittsburgh to execute said articles of incorporation for and on behalf of said City of Pittsburgh and Repealing all Resolutions or parts of Resolutions inconsistent herewith.

Also,

No. 2547 Petition from the residents of the City of Pittsburgh, requesting a public hearing before City Council prior to the voting on the Conditional Use Application for ARC House, located at 800 East Ohio Street, City of Pittsburgh. This petition is invalid in accordance with Section 320 of the Home Rule Charter.

Which were severally read and referred to the Committee on Finance.

Mr. Woods moved to suspend Rule 8 by providing for consideration of all the bills that were to be presented April 1, 1985 only until or after the 9th calendar day following the meeting in which the bills were introduced so the bills will be on the agenda this Wednesday.

Mr. Wagner seconded the motion.

Which motion prevailed.

UNFINISHED BUSINESS

Michelle Madoff:

Discussion. There's a letter from the Bloomfield-Garfield Corporation to the President of Council dated March 26th and it refers to two weeks ago we sent a notice to the Mayor about filling the position of Mr. Givens when he resigned from the URA.

The Chair:

That was last week and we gave two weeks.

Michelle Madoff:

I spoke with some of my colleagues and they said the two weeks were up. It was two weeks as of today.

The Chair:

It could be.

Michelle Madoff:

If it isn't, I would like to make a motion to nominate someone today so I need to know.

The Chair:

I would think that if this is the day, the day is not over yet. That's the point I'm making.

Michelle Madoff:

I don't think it was today, sir. I think it was --

The Chair:

We either did it on a Wednesday or a Monday so it will be two weeks on today or it would be on a Wednesday.

Michelle Madoff:

How do we find out?

Mr. Wagner:

It was two weeks today, Mr. President.

The Chair:

Today? Well then we have today to finish.

Michelle Madoff:

May I suggest that I would like to recommend someone today -- I can't do it on Wednesday, can I?

The Chair:

No, but we can wait until the day is out.

Michelle Madoff:

When is the day considered out?

The Chair:

Today at 4:30.

Michelle Madoff:

Well I don't think that's very fair because I can't do it on Wednesday because it's not appropriate at Wednesday's meeting and I can't do it next Monday because that makes three weeks and I don't want it to go three weeks. This Council has the right -- If you said two weeks I would assume it meant last night. Two weeks would end

last evening. Today would be two weeks and a day. Am I correct? Parliamentarian, if it was two weeks ago Monday, wouldn't it be over last night? That would be two weeks; today would be two weeks and a day. That's the way the calendar works.

The Chair:

It wouldn't end with a Sunday; it would end with Monday, one day after the weekend.

Michelle Madoff:

But the point is that two weeks is two weeks is fourteen days and I would like to move that Mr. Robinson be appointed to the Committee by this Council.

Either we're going to say we want the Mayor to move on a bill — I mean, we gave him two weeks, he didn't fulfill that obligation. I'm willing to hold until the end of the meeting and send a messenger back to the Mayor to see if he has an appointment. If he doesn't, the two weeks are up, and if they're up I would like to move that Mr. Robinson be appointed to the URA Board.

The Chair:

That's going to prompt him to get off the Boards he has right now if I understand correctly.

Michelle Madoff:

Is that correct, Mr. Robinson?

Mr. Robinson:

I'm not sure about the legal ramifications.

Michelle Madoff:

One can only serve on one Board; what Board are you on now?

Mr. Robinson:

I'm saying that I don't think there's clarification that there are members of Council who serve on more than one Board.

Michelle Madoff:

Who are members of this Council that serve on more than one Board? I've asked the question and have been told there is nobody. Is there anybody here that serves on more than one Board?

Mr. O'Malley:

There's a difference between Boards and Authorities.

Michelle Madoff:

No one can serve on a Board or a Commission, more than one.

Mr. O'Malley:

You cannot serve on more than one authority.

Michelle Madoff:

I have never served on anything because I'm so dangerous; I might investigate it.

Aside from that fact, I've only been here seven years in another two months. I would like to see that that particular job is filled; it is tantamount to the success and survival of the City. All the development is going on under that Board and I again move to put Mr. Robinson on that Board.

Could we again have someone send a message back to the Mayor to see who he is appointing? The day was up last week. This Council moved for two weeks and two weeks are up.

Mr. Woods:

Mr. President, do we notify the Administration, the Mayor, in writing and he was to respond within two weeks?

Linda Johnson:

Yes we did.

Mr. Woods:

I thought that was what the motion was.

Michelle Madoff:

This Council has the right, under the Home Rule Charter, to fill any vacancies that the Administration doesn't move. The Administration has not moved for months so we decided that we would be gracious and give the Mayor and the Administration two weeks. The two weeks are up as of last night. I am making a motion that we appoint Mr. Robinson.

What are we doing? Are we playing little games here? Are we going to send a note to the Mayor and ask if he's got an appointment? Are we going to appoint today? What is the pleasure of the President of Council?

The Chair:

I have a suggestion from you to nominate Mr. Robinson for that position.

Mr. Wagner seconded the motion.

Mr. O'Malley:

If we might, I'd like to hear Mr. Robinson's views on that. Mr. Robinson already sits on one Authority; I'm sure he should have a say-so in whatever decision this Council makes that pertains to him and what Authority he sits on.

Mr. Robinson:

Mr. President and members of Council, certainly this is an awkward position for myself. As Chairman of Planning, Housing and Development, I certainly have raised enough concerns about URA that I wouldn't want anyone to feel that my interest in the URA is motivated by personal advancement.

By the same token, I think it is important that that particular position be filled along with several others that are now vacant. There are 11 positions vacant on the City's Economic Development Commission. There is a vacancy on the Planning Commission and I see all these vacancies in the same category; that is that at the appropriate time Council does have the prerogative to select someone if the Administration has not done so.

In the case of the URA, the Administration has chosen to date not to recommend anyone. If this Council were to approve my serving on the URA Board, I certainly would be very honored and would do so.

As far as the issue of serving on more than one Board or one Commission, I think that's the question that the Solicitor would have to answer because there are members on this Council who serve on more than one Board or Commission. I don't know whether or not all those Boards and Commissions would be considered similar from a legal standpoint or not but that last question, I

think, would have to be answered at least in part by the Solicitor.

Michelle Madoff:

Would it be in order to have Mrs. Johnson ask Mr. Pellegrini to come down and answer the question? I think it's incumbent upon this Council that has stated publicly for a public consumption that today is the day we were going to fill that position, that we have a ruling and we know what we're doing instead of just standing here and making a lot of noises.

The Chair:

Well, now that we've heard from him it's a matter of voting and --

Michelle Madoff:

We need to know the ruling and I think Mr. Robinson has raised a good question; can he serve on two Boards?

Mr. O'Malley:

I think Mr. Robinson raised a number of legal questions and I think we should get a clarification from the Solicitor before we proceed. What is it, 90 days, that the Mayor has to appoint somebody?

Mr. Robinson:

Sixty.

Mr. O'Malley:

Sixty days.

The second question I have, if we do appoint Mr. Robinson, does that appointment have to be confirmed by the Mayor or does he automatically --

The Chair:

It's automatic from here.

Mr. O'Malley:

With just the majority of Councilmembers?

Michelle Madoff:

It's the first time we'll have flexed our muscles in the history of this Council.

Mr. O'Malley:

I would like to have a written legal opinion on that.

The third question Mr. Robinson raised, if there are more than one member of Council that does sit on a Board or an Authority, I'm not aware of it. I'd like to have a clarification, one, if it's legal, and if there's a difference between a Board, a Commission and an Authority, and the legal terminology for each one. Mr. Robinson may or may not be able to sit on both Authorities. I need a clarification on that and I don't think he can accept the position until we get that clarification because if it's not true then he's going to have to resign from his other Board and other Authorities. I think we need a legal opinion on this.

Mr. Woods:

Mr. Chairman, I was going to say could we hold this off until the end of the meeting but since Mr. Pellegrini is here then we can ask him to give us a legal opinion now.

The Chair:

Danny, would you come forward a minute?

Mr. Grabowski:

Mr. President, I object to the Solicitor speaking.

Michelle Madoff:

I move to overrule the objection with the majority of Council.

Mr. Wagner seconded the motion.

Mr. Grabowski:

Mr. President, you know, members of this Council know the issues they're going to bring up before this Council, before they come in here, and I wish they'd do a little homework so that they don't tie up the legislative business of this Council session and do their homework before they come here and get the answers so that we can proceed.

The Chair:

I have a motion and a second to challenge the objection.

Michelle Madoff:

I moved to challenge it and that means a majority of Council would have to vote —

The Chair:

I already acknowledged that and I have a second from Mr. Wagner.

Mr. Woods:

Point of order. I thought we understood here a month or a month and a half ago that at the Legislative Meeting, when one member objects that's it. It was only at the Committee Meetings where you have to override the objector.

The Chair:

I think you might be accurate.

Michelle Madoff:

Under the Home Rule Charter and under Rules of Council it says that the majority of Council can overrule an objection to have anyone not come to the table at any time because someone could object to the Mayor coming to our meeting and we decided that a majority of Council would supersede that.

The Chair:

Michelle, if my memory serves me correctly, that legal opinion — it's my understanding there's a difference between the Committee Meeting on Wednesday —

Michelle Madoff:

Excuse me. My esteemed colleague says I'm right. He's the one that found it. I am correct; it's in the Rules of Council. I'm sorry, it's in the Rules of Council.

The Chair:

Hold it, Michelle. You do not have the floor at the moment.

Michelle Madoff:

We have a problem, Mr. President. We're reading from two different sections of the Home Rule. One says it's unanimous; Mr. Grabowski says it's the wrong place. Can we find it?

Mr. Woods:

It's unanimous consent. We discussed it, we talked about it here in Council and we agreed as a body that the only time we would overrule by two-

thirds would be at Committee Meetings but not Legislative Meetings. We discussed this a month and a half ago here and in the back room.

The Chair:

That is my present recollection and I tried to get some information from the Solicitor because he wrote that opinion. As I understand, it was based on some action we took which would seem to make the distinction between the Committee Meetings and here.

Michelle Madoff:

In the Home Rule Charter, page four, Section H: "No rules shall be suspended except by an affirmative vote of two-thirds of the members elected and such vote shall be taken without debate." The rule that I'm asking to negate is by a two-thirds vote. So I'm asking for two-thirds to overrule Mr. Grabowski's objection to Mr. Pellegrini coming to the table.

Mr. Woods:

Mr. President, if I may just say one more thing. If everybody here recalls, a short time ago, just a matter of a few weeks ago, I believe Mrs. Madoff asked Mr. Flaherty to come up and speak before this Council. I objected. Someone wanted to make a motion to overrule me. This Council held that one person objected at this Legislative Meeting and Mr. Flaherty could not speak at this meeting.

Michelle Madoff:

I'm sorry, I object, we couldn't get two-thirds vote to let him speak. We took it to a vote and I couldn't get two-thirds.

Mr. Woods:

That was at a Committee Meeting, Michelle, two weeks ago.

Michelle Madoff:

Well two wrongs don't make a right. Unfortunately, according to the Home Rule Charter, Section H, no rules shall be suspended except by an affirmative vote of two-thirds of the members elected and such vote shall be taken without debate.

And anything we talk about in the back room where there are no minutes kept, no records kept, I do not think are binding on this Council simply because Mr. O'Malley understood that he could come to this table with some resolution that would cover the employees of this Council under the hiring procedures and we said, "Well, we talked about it in the back room." So, I'm really not interested in back room meetings anymore. I don't plan to attend any more because obviously they're really not binding and they're manipulated at this Council.

And I'm going to hold to the Home Rule Charter, Section H, and that means that we now need a vote of a majority unless Mr. Grabowski would withdraw his objection.

Mr. Woods:

If I may, Mr. President, that is not the Home Rule Charter my learned colleague is reading from; that is the Rules of Council.

Michelle Madoff:

I apologize; I'm referring to Rules of Council. I stand corrected. That's even more emphasis and more reason why we should proceed.

There's an objection from Mr. Grabowski; I'm suggesting that under Section H we need a two-thirds vote to sustain Mr. Grabowski or to override Mr. Grabowski's objection to Mr. Pellegrini coming to the table.

The Chair:

The Chair has a problem. I'm aware of the ability to override a speaker. It is my recollection, however, in the sense of consistency, that I think Mr. Woods is accurate that we made a distinction between the Committee Meeting and the Legislative Meeting and I would not like to be creating two rules in such a short time. It's my understanding that was within the month that that was done.

Michelle Madoff:

Excuse me, Mr. President, with due respect. I believe we put it to a vote and there was not enough people who would vote to come to the table. We lost it by a a vote. It was put to a vote. It was put to a vote and there were people who voted to have him come to the table but there were not enough votes to let him come to the table. I can tell you who voted with me. I lost it by the vote; I did not get a two-third vote.

And two wrongs don't make a right. You can't say we set a wrong precedent, therefore we're going to have another wrong precedent. The rules of Council are very clear.

The Chair:

Might the Chair make a suggestion. If we get past this issue we have the next one which is also a matter of legal interpretation. May I suggest that we delay the whole topic for one week and at that time clearly the two weeks would have passed, clearly we'll

have the opportunity, it's on the floor as to who the individual is and thirdly, we'll have it cleared up legally so we're not creating one rule in March and one in April.

Michelle Madoff:

May I respond? I am a little tired of this Council and those members of this Council who don't want to see, who are adamant about our obeying the rules, that when a member of Council does obey the rules and follows the law and consults with four attorneys in following the rules is superseded by one order of business and that is the order of business to adjourn. Feinman did that as Speaker of the House for six months.

When I made a motion last week -- I'm not going to make the motion again --

The Chair:

We are talking here at this point and I don't want to go afield of the issues before us.

Michelle Madoff:

I'm talking about rules of Council. I do not think that rules that apply to Michelle Madoff should be any different than the rules that apply to Ben Woods or Mr. Stone or to Mr. Wagner or anybody else. The Rules of Council are very explicit and very correct.

In the issue of Mr. Flaherty's vote coming to Council I lost the vote because I didn't have enough people to override the objection to his coming to the table. Even if it had gone the other way, which it did not because one person objected and we didn't let the person come to Council.

The Rule of Council are explicit.

I resent having the rules changed because I am raising an issue. I was not out of order last time. I've consulted with four attorneys and I'm not out of order this time.

I'm addressing the issue of having our City Solicitor address a question. Rules of Council say that it is in order provided two-thirds of the members of Council will vote to override the objection of Mr. Grabowski. I would like to put it to a vote. If I lose I lose, but at least we're going by the rules; the same for everybody.

The Chair:

As long as it's understood that I'm not setting precedent, the Chair's going to entertain a motion.

Michelle Madoff:

The precedent has been set by the Rules of Council.

The Chair:

You have spoken, let me speak now.

I'm going to entertain the motion and second at this time with the understanding that I still think that it's differently but I just want to get the thing moving.

Mr. O'Malley:

Clarification on the motion. What exactly is the reason we are bringing Mr. Pellegrini to the podium?

Michelle Madoff:

To answer the questions you raised.

Mr. O'Malley:

To answer the questions that I raised. Okay.

Mr. Wagner:

Mr. President and members of Council, I think the goal here is if we proceed with the vote for it to be a logical vote and an educated vote. There appears to be two areas that are in question; number one, whether or not the Mayor has determined if he has a choice to fill that position, which we have not yet decided; and number two, whether or not there are some legal questions that can be answered.

If we don't have answers to both, I see no reason why we couldn't recess for five minutes, get the answers and come back and vote.

Michelle Madoff:

I move to adjourn for five minutes. Do I have a second?

The Chair:

The Chair didn't hear for a second.

Michelle Madoff:

I'm asking for a second.

The Chair:

You're not supposed to ask for a second.

Michelle Madoff:

Why not?

The Chair:

You're supposed to make the

motion and let the person —

Michelle Madoff:

Mr. Wagner said why don't we take a five minutes recess; I'm only taking him up on his thought.

The Chair:

He did not make a motion.

Michelle Madoff:

Are you making a motion, Mr. Wagner?

Mr. Wagner:

I only threw out an opinion which I thought could be entertained by all members of Council and I only threw it out as a suggestion if we're going to proceed with the vote.

Michelle Madoff:

I will move to adjourn if you want five minutes.

Mr. Robinson seconded the motion

Mr. Woods:

To recess.

The Chair:

To recess.

Michelle Madoff:

That's what I said. For five minutes.

Mr. Grabowski:

The motion was to adjourn.

Michelle Madoff:

I said for five minutes. I was very explicit. I said five minutes.

The Chair:

You did use the word adjourn; the Chair, however, when you said five minutes assumed that you meant recess.

I have a motion and a second to recess for five minutes. Take the roll.

The Chair:

Is there any discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Michelle Madoff
Mr. Robinson

Mr. Wagner

AYES 3

NOES 5

VOTING NO:

Mr. Grabowski
Mrs. Masloff
Mr. O'Malley

Mr. Woods
Mr. Stone
(Pres't)

And a majority of the votes of Council not being in the affirmative, the motion was defeated.

Michelle Madoff:

Zoo time. The circus is back in action.

The Chair:

I'm going to call the question on

the matter of overriding the objection.

The Chair:

Is there any discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Michelle Madoff	Mr. Robinson
Mr. O'Malley	Mr. Wagner

AYES 4	NOES 4
--------	--------

VOTING NO:

Mr. Grabowski	Mr. Woods
Mrs. Masloff	Mr. Stone (Pres't)

And a majority of the votes of Council not being in the affirmative, the motion was defeated.

The Chair:

The override fails. We go back and we have an objection at this point to any speaker at this time and relative to your motion of nomination and Mr. Robinson has indicated what his thoughts are. We'll take that issue only at this time and that's the nomination of Mr. Robinson for the Urban Redevelopment Authority.

Michelle Madoff:

I will be magnanimous and I will wait one week provided that this Council understands that within one week his eminence, the Mayor, will give us a name, consider Mr. Robinson, and we'll also have an opinion from the Law

Department.

Mrs. Masloff seconded the motion.

Mr. Robinson:

Question on the motion. Mr. President and members of Council, I believe that the prerogatives of the Mayor are now precluded. The law is very clear that after 60 days the prerogative is with this Council. While I have no objections to the Mayor being involved in the process of selecting someone to serve on the URA Board, I think it is important for us to clarify the prerogatives in question and how they relate to the law. The Charter is very clear that after 60 days after someone resigns from a Board or Commission that this Council has the sole power to appoint. It is my position at the present time that the Mayor of the City of Pittsburgh does not have the power to appoint and for us to consider anyone that he recommends to us, any powers that he had prior to that 60 days is moot. It has nothing to do with whether its me or any other person on this Council. I don't believe that the Mayor now has the power to appoint someone to replace Councilman Givens on the URA Board and I think any legal opinions that we are securing certainly ought to address that issue.

In the past, we have allowed the Mayor to recommend someone after the 60 day period and we've accepted that recommendation. I think the sensitivity of the URA position dictates that this Council make sure that we are not giving up a prerogative and certainly that we're not doing anything that's in violation of the law. The Mayor does not have, in my opinion, any power at this point to replace anyone to fill Mr. Givens' vacancy which was created by a resignation. The Mayor has given up that right; 60 days have passed.

The Chair:

Mr. Robinson, if I may. As I read the Charter I would say that after the 60 days that the jurisdiction, the power of appointment is concurrent, whoever does it. The matter of Council getting an ability to do it is to thwart any unusual delays after the Council could do it but I think the jurisdiction is concurrent.

Michelle Madoff:

For the record, it is apparent that there are members of this Council that do not wish to be in the bad graces of the Mayor and would like to give him the extra time to do it. I don't care as long as it's done by next week but it's time this Council started to assert itself and be a body.

The Chair:

I have a motion and a second to continue this matter until next Monday. All in favor? Opposed?

Mr. Wagner:

Opposed.

Mr. Robinson:

Opposed.

The Chair:

Okay, I have two opposed. It's continued next Monday.

REPORTS OF COMMITTEES

Mr. Woods presented

Bill No. 2548

Report of the Committee on Finance for March 27, 1985 transmitting sundry

resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2416

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Virginia Pease for services rendered in connection with preparation of transcript of hearing 'Brown V. Flaherty' without previous authority of law."

Which was read.

Also,

Bill No. 2417

A Resolution entitled, "Resolution providing for the issuance of a warrants in the aggregate amount of \$12,500.00 in full settlement of a claim for personal injuries by Danielle Glass, a minor, and providing for the payment thereof."

Which was read.

Also,

Bill No. 2418

A Resolution entitled, "Resolution providing for the issuance of a \$990.93 warrant in favor of Lawrence Murphy in settlement of claim for automobile damage and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 8 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 2419

A Resolution entitled, "Resolution providing for an Agreement or Agreements between the City of Pittsburgh alone and/or with the School District of Pittsburgh and/or with the County of Allegheny and Real Estate Appraiser or Appraisers for professional and consulting services in connection with the City's sale or acquisition of real estate and real estate tax assessment matters involving real estate in the City, and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 2465

A Resolution entitled, "Resolution authorizing the transfer of \$63,688.63 from the Social Security Fund, Code Account 57, Index Code 005702 to Code Account 1100, Miscellaneous Services, Department of Personnel and Civil

Service Commission, Index Code 110007 and authorizing the issuance of a warrant in favor of the U.S. Department of Labor in the amount of \$63,688.63 in payment of disallowed costs in the City CETA Program during fiscal years 1977, 1978 and 1979."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 2549

Report of the Committee on Finance for April 3, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2437

A Resolution entitled, "Resolution authorizing the issuance in favor of International Animal Exchange in the amount of \$10,000.00 in payment of four (4) Chilean Rockhopper Penguins provided for the benefit of the City of Pittsburgh without previous authority of law, and providing for the payment thereof."

Which was read.

Also,

Bill No. 2445

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Carlow College Center for Business, Society and Ethics in the amount of \$947.16 for professional services rendered to the Council Task Force on investment policies and business practices for January and February, 1985, payable from Code Account No. 1001-2, Services and Salaries of Council, As Needed, (Index Code 100123)." —(SPONSORED BY MR. ROBINSON)

Which was read.

Also,

Bill No. 2456

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of GJM Contractors, Inc., in the amount of \$35,282.32, in payment for extra work, being in addition to the original contract price of \$245,179.00 on Controller's Contract No. 26920, furnished for the benefit of the City in connection with South Craig Street Sewer-Waterline Reconstruction; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2457

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Pittsburgh and Lake Erie Railroad, in the amount of \$57,445.15, for the final payment of the design and construction of a railroad crossing at 18th Street in relation to the South Side Riverfront Park; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2458

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Coffey Construction Company in the amount of \$1,223.60 in payment of extra work, being in addition to the original contract price of \$193,503.00 on Controller's Contract No. 26987, furnished for the benefit of the City in connection with the Public Safety Building Cell Block Renovation; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2466

A Resolution entitled, "Resolution providing for the issuance of a warrant to Walter J. Saranetz and Catherine O. Saranetz, his wife, c/o David B. Mulvihill, Esquire, Two Chatham Center, 15th Floor, Pgh., PA 15219, in the amount of \$2,000.00 in full settlement of a claim for property damage and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 8 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 2467

A Resolution entitled, "Resolution providing for an Agreement or Agreements with various agencies, for the implementation of the City of Pittsburgh's Job Training Partnership Act Summer Youth Employment Program and providing for the payment of the costs thereof."

Which was read.

Also,

Bill No. 2468

A Resolution entitled, "Resolution providing for the filing of an application or applications by the City of Pittsburgh with the Commonwealth of Pennsylvania

for a grant or grants in connection with the Job Training Partnership Act; providing for the execution of Grant Contracts and for the filing of requisitions and other data, providing for the appointment of the Private Industry Council and authorization for the Private Industry Council and the City of Pittsburgh to enter into Agreements authorized by the Job Training Partnership Act; providing for required assurances; providing for execution of payment vouchers and for certification of authorized signature; providing for a Contract or Contracts with the Private Industry Council and various agencies/employers for services and programs related to training and employment for the Job Training Partnership Act Projects; and providing for the deposit of funds into a bank account."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Givens presented

Bill No. 2559

Report of the Committee on Public Works for April 3, 1985 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2432

A Resolution entitled, "Resolution providing for a Contract or Contracts, or the use of existing Contracts, for the furnishing and installing and/or reinstalling steel guiderails and facilities related thereto at various locations within the City of Pittsburgh, and other work incidental thereto, and providing for the payment of the cost thereof."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Robinson presented

Bill No. 2551

Report of the Committee on Planning, Housing and Development for April 3, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2446

A Resolution entitled, "Resolution providing for an Agreement or Agreements for professional auditing services in connection with the 1983 and 1984 Community Development Block Grant Program Years and the Community Development Block Grant Program - Third Party Contracts."

Which was read.

Also,

Bill No. 2447

A Resolution entitled, "Resolution providing for the issuance of Certificates of Appropriateness for exterior work on A. MEXICAN WAR STREETS HISTORIC DISTRICT residential structures at (1) 308 N. Taylor Avenue (Block and Lot 23-K-058) and (2) 1221 Palo Alto Street (Block and Lot 23-K-110) and (3) 1111 Palo Alto Street (Block and Lot 23-P-028) in the 22nd Ward; and B. INDIVIDUAL HISTORIC LANDMARK at 201 Winebiddle Street (Block and Lot 50-P-183)."

Which was read.

Also,

Bill No. 2449

A Resolution entitled, "Resolution approving execution of a Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and Homewood Brushton Revitalization and Development Corporation for the sale of Parcel 4A in the 13th Ward of the City of Pittsburgh in Redevelopment Area No. 34 (COMMERCIAL REHABILITATION)."

Which was read.

Also,

Bill No. 2450

A Resolution entitled, "Resolution approving execution of a Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and Steve Catranel Construction Company, Inc. for the sale of Block 50-G Lot 76 in the 10th Ward of the City of Pittsburgh (SINGLE-FAMILY HOUSE)."

Which was read.

Also,

Bill No. 2451

A Resolution entitled, "Resolution approving and Agreement by and between Urban Redevelopment Authority of Pittsburgh and Steve Catranel Construction Company, Inc., in which Urban Redevelopment Authority of Pittsburgh will provide financial assistance to the purchasers of houses to be constructed in the 10th Ward of the City of Pittsburgh under the terms and conditions of the Neighborhood Housing Program."

Which was read.

Also,

Bill No. 2452

A Resolution entitled, "Resolution approving execution of a Contract for Disposition of Land by and between the Urban Redevelopment Authority of Pittsburgh and Solar, Inc., for the sale of Block 50-H Lots 207, 208, 209, 210, 211, and 212, in the 10th Ward of the City of Pittsburgh (SINGLE-FAMILY HOUSE)."

Which was read.

Also,

Bill No. 2453

A Resolution entitled, "Resolution approving and Agreement by and between the Urban Redevelopment Authority of Pittsburgh and Solar, Inc. in which Urban Redevelopment Authority of Pittsburgh will provide financial assistance to the purchasers of houses to be constructed in the 10th Ward of the City of Pittsburgh under the terms and conditions of the Neighborhood Housing Program."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski
Michelle Madoff
Mrs. Masloff

Mr. O'Malley
Mr. Wagner
Mr. Stone
(Pres't)

AYES 6

NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also, with a **NEGATIVE** recommendation,

Bill No. 2454

A Resolution entitled, "Resolution approving a Conditional Use under Section 993.01(a)A-10 of the Pittsburgh Code, Title Nine, Zoning, Article V, Chapter 993 for authorization to continue to use the existing structure located at 800 EAST OHIO STREET as an Institutional Facility limited to 25 adult male recovering alcoholics with twenty-four hour supervision. The property is zoned "C3" Commercial District and is identified as Lot No. 142, Block 24-N in the Allegheny County Block and Lot System, 23rd Ward."

Which was read.

Mr. Woods:

Mr. President, with the full knowledge and agreement of the Chairman of the Planning, Housing and Development Committee, Mr. Robinson, I'd like to make a motion to recommit so that we can have a hearing.

Michelle Madoff seconded the motion.

Which motion prevailed.

Mr. Robinson:

I'd just like to make a comment if I might on 2454 which is the bill in question. Hopefully as this bill is recommitment, this Council and the Administration will take serious my recommendation of a couple of weeks

ago and that is that we make some attempt to see if our Commissioners in Allegheny County would be willing to arrange a meeting with us to seriously begin to explore this whole issue of group homes and group care facilities in our county. It's rather obvious that the circumstances surrounding ARC House and a number of other facilities goes far beyond the worthiness of their purpose or the worthiness of the people they're attempting to serve.

If we are indeed going to live up to the mandates of the law that we passed, the model legislation relative to group care facilities and group homes, then I think we also have an obligation to work with other elected officials who are confronted with the same set of circumstances. There are approximately another 130 municipalities in our county who are facing similar problems; some of them have chosen not to accept any facilities like ARC House. If indeed we are going to continue to try to serve that client population and organizations that are working with them, we're going to have to have the cooperation of at least our County Commissioners. I know Commissioner Foerster in the past has established a task force to address this issue. I don't know the findings of that task force or what direction they're going now but we need help from our Commissioners.

I would hope that the President of this Council and the Mayor would take some positive action to arrange that type of meeting so that we can see if there's any way that we can work cooperatively with the county in the resolution of issues surrounding group care facilities.

The Chair:

Mr. Robinson, I've already begun to speak to Commissioner Foerster and also the Mayor relative to the matter of

overcrowding and it may be just as well to enlarge it to cover the other matter.

Mr. Wagner:

Mr. President, may I make one point? I would just like to reassure the other 87 neighborhoods of this City, particularly Bloomfield, that as of this date this Council has no request to relocate that facility in any other neighborhood. It appears as if that's not well-known based on the number of phone calls we've all had and the letters that are coming in.

Michelle Madoff presented

Bill No. 2552

Report of the Committee on Water for March 27, 1985 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2411

A Resolution entitled, "Resolution providing for a Contract or the use of existing Contracts for the installation of a One Call System at the Department of Water Meter Shop, including payment of monthly service charges and providing for the payment of the cost thereof."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken

agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. O'Malley
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Stone
	(Pres't)

AYES 6

NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mrs. Masloff presented

Bill No. 2553

Report of the Committee on Parks and Recreation for March 27, 1985 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2436

A Resolution entitled, "Resolution providing for an Agreement or Agreements for professional services at the Botany Hall annex of Phipps Conservatory and providing for the payment of the cost thereof."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. O'Malley
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Stone (Pres't)

AYES 6 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 2554

Report of the Committee on Parks and Recreation for April 3, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2438

A Resolution entitled, "Resolution amending Resolution No. 151, effective February 28, 1985, entitled: 'Providing for authorization to enter into an Agreement or Agreements with various contractors for services in connection with the 1985 Visual and Performing Arts Program, and providing for the payment of the cost which shall not exceed Eighty Thousand (\$80,000.00) Dollars and is chargeable to and payable from Code Account 1838 (183806), Recreational Activities, Miscellaneous Services, in the Department of Parks and Recreation,' by increasing the amount."

Which was read.

Michelle Madoff:

I want to know why we're going from \$80,000 to \$90,000 on Bill 2438.

Visual performing arts.

Mrs. Masloff:

They needed more contractors. They got more contractors than they had originally counted on.

Michelle Madoff:

Where's the money coming from?

Mrs. Masloff:

From Code Account 1838, Recreational Activities, Miscellaneous Services. They expanded the program.

The Chair:

It's the same fund apparently.

Michelle Madoff:

I was just wondering what it was for, what incurred the \$10,000. I was just curious.

Mrs. Masloff:

They expanded the program.

Michelle Madoff:

Okay.

Also,

Bill No. 2439

A Resolution entitled, "Resolution providing for an Agreement or Agreements with the Garden Club of Allegheny County for the restoration of outdoor gardens at Phipps Conservatory, at no cost to the City."

Which was read.

Also,

Bill No. 2440

A Resolution entitled, "Resolution providing for an Agreement or Agreements with Allegheny County Institutional District in connection with the Federal Area Plan for Program on Aging providing for payment and reimbursements to the City by Allegheny County Institutional District for expenditures in connection with the Senior Citizens Program; providing for the payment of the City's share of the cost; providing for the deposit of funds."

Which was read.

Also,

Bill No. 2441

A Resolution entitled, "Resolution providing for an Agreement or Agreements with the University of Pittsburgh for professional services in connection with the 1985 Shakespeare Festival for the benefit of the residents of the City of Pittsburgh, at a cost not to exceed \$5,000.00, chargeable to and payable from Code Account 1838, (183806) Recreational Activities, Miscellaneous Services, in the Department of Parks and Recreation."

Which was read.

Also,

Bill No. 2442

A Resolution entitled, "Resolution providing for authorization to enter into an Agreement or Agreements with various contractors for the repair of the Robert Burns Statue and providing for the payment of the cost which shall not exceed Fourteen Thousand (\$14,000.00) Dollars and is chargeable to and payable from Code Account SPPTF (254359), Special Parks Program Trust Fund, in the

Department of Parks and Recreation."

Which was read.

Also,

Bill No. 2443

A Resolution entitled, "Resolution providing for an Agreement or Agreements with the Bloomfield Garfield Corporation for Professional Services in connection with the Stanton Heights Summer Baseball Program, at a cost not to exceed \$1,000.00, chargeable to and payable from Code Account 1838, Miscellaneous Services, Index Code 183806, Department of Parks and Recreation." --(SPONSORED BY MRS. MASLOFF)

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. O'Malley
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Stone
	(Pres't)

AYES 6

NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Wagner presented

Bill No. 2555

Report of the Committee on Engineering and Construction for April 3, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1828

A Resolution entitled, "Resolution providing for a Contract or Contracts, or use of existing Contracts, for construction of New Planter Boxes in front of the City-County Building; and providing for the payment of the cost thereof."

Which was read.

Mr. Grabowski:

Mr. President, on Bill 1828, that's the bill dealing with the planter boxes. I guess this is the sixth or the seventh time now that I'm opposing this legislation. As I recall the testimony relative to this bill, this is part of the whole beautification of Grant Street, the City, at least it's the City's intent, the Department of Engineering and Construction's intent, to spend this \$25,000 in conjunction with other money that the corporate community has agreed to put forth for planter boxes along Grant Street. I think that's well and good; I think the corporate community is to be commended for wanting to beautify Grant Street and I don't know how many thousands of dollars they've committed; the more the better, that's great.

But the City is already spending a lot of money beautifying Grant Street.

In fact, I believe we are spending \$16.7 million to beautify Grant Street. I don't see the need to spend any more money on Grant Street for planter boxes. If you want to see flowers, we also spend approximately \$1 million a year in operating costs at Phipps Conservatory. Also in this document which I'm sure you're all familiar with, it's our annual budget, you'll notice that there's a capital expenditure for Phipps Conservatory of \$4.9 million.

So, we're spending an awful lot of money on flowers and an awful lot of money to beautify Grant Street. I don't see the need for this legislation; let's not spend any more.

Michelle Madoff:

I have no problem with putting the planters up. I think the cost is excessive. I have used large cement planter boxes; they're a few hundred dollars at most. If you put 10 out at \$2,000 you're talking about a little less than they're asking. I don't think we got the best price that we can get and that's buying retail at the most expensive price.

Someone here had suggested, I think it was Mr. O'Malley, that there was somebody who had them at a lot less. What happened with looking into that business?

Mr. O'Malley:

I never received an answer on that, Michelle.

Michelle Madoff:

Since we never received an answer let's move to hold the bill. A Councilmember is entitled to an answer.

Mr. Wagner:

Mr. President, I chair the committee this piece of legislation is coming out of and we have been sitting on this legislation now for a good six weeks or two months. Any information that's necessary, any member of this Council can obtain that information pertaining whether it be wooden planter boxes, fiberglass planter boxes, or what is proposed which is granite planter boxes, and basically that's the reason why the cost, and this is a maximum figure that's indicated in the legislation, is what it is. This is a very small amount in comparison to what other buildings are spending along the entire length of Grant Street.

For that reason, I suggest that we do not hold the legislation, that we move forward with it and vote it up or down.

Mr. Grabowski:

I concur with Councilman Wagner. I don't feel that we should hold this; I feel that we should vote it up or down.

Michelle Madoff:

I would like to point out that in another month and three weeks I will have been here seven years. In seven years I have never seen any beautification of this inner building. As a matter of fact, it's kept like a pigsty. The walls are cracked, we even re-did our Chambers, the entrance to the City Council offices we now have a make-shift kind of wood gate with cracks behind in the milk-glass walls.

I think we ought to set an example by keeping our own house clean before we start beautifying outside our doors. It would be nice if we took that \$25,000 and we hired a firm to come in and clean

this building because there are very few people left in the building who are here to clean — it's not that they're not doing a good job — hose down the building two or three times a day, sweep down the lobby two or three times a day, particularly when it's rainy and snowy and muddy, and I think the money would be better spent on cleanliness than on having a dirty filthy building and putting some flowers outside.

I think that is something we ought to be discussing with the Administration.

Mr. Wagner:

One last comment, Mr. President. I propose that we give a name to these planter boxes and that be Grabowski's Planter Boxes.

Mr. Woods:

I second that.

The Chair:

Mr. Wagner you can correct me, but it's my understanding that under the proposed revitalization of Grant Street the curbing is marble as well and this is designed to match in material and likeness and kind what's involved there.

I think Mr. Grabowski makes a point in the sense that spending a lot of money is something you have to caution but after spending the kind of monies that you have indicated have been spent, it would appear to me that spending less than this kind of money to complete the beautification might be in contradiction to the total amount of money which was spent.

Since it matches the curbing, and I had the opportunity one time to see it, it's a marble curbing which also carries a name in it and it would be wrong not to

carry out that same flavor throughout Grant Street frankly.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone
Mr. Wagner	(Pres't)

AYES 5 NOES 2

(MR. GRABOWSKI AND MICHELLE MADOFF VOTING NO)

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 2384

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a Consultant or Consultants for professional architectural and engineering services in connection with the Design and Construction of the Bureau of Police New Administrative Offices and the Design and Construction of the Renovations to the present No. 1 Police Station; and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 2385

A Resolution entitled, "Resolution further amending Resolution No. 1150, effective January 1, 1985, as amended, entitled: 'Resolution adopting and approving the 1985 Capital Budget and the 1985 Community Development Block Grant Program; and approving the 1985 through 1990 Capital Improvement Program,' by adding a new line item, transferring one (1) line item, and adjusting the Summary Totals."

Which was read.

Also,

Bill No. 2459

A Resolution entitled, "Resolution amending Resolution No. 1045, effective October 29, 1981, entitled: 'Providing for an Agreement or Agreements with a Consultant or Consultants for Professional Engineering Services in connection with the investigation of the Bridge Inspection Truck (HS 701) Accident; and providing for the payment of the cost thereof,' by providing for a Supplemental Agreement or Agreements and by increasing the total project to total project allocation by \$15,000.00."

Which was read.

Also,

Bill No. 2460

A Resolution entitled, "Resolution amending Resolution No. 307, effective April 25, 1980, entitled: 'Providing for an Agreement or Agreements with Green International for Consultant Services in connection with the Design of the Swindell Bridge; and providing for the payment of costs thereof,' by providing for a Supplemental Agreement or Agreements and by increasing the total

project allocation by \$107,000.00."

Which was read.

Also,

Bill No. 2461

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a Consultant or Consultants for Professional Services in connection with the preparation of a photographic inventory of all City Bridges, and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 2462

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a Consultant or Consultants for architectural/engineering services in connection with the design of No. 3 Police Station and No. 6 Emergency Medical Service, and providing for the payment of the costs thereof."

Which was read.

Also,

Bill No. 2463

A Resolution entitled, "Resolution providing for a Contract or Contracts for the construction of Mountain Road Extension; and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 2464

A Resolution entitled, "Resolution Repealing Resolution No. 122, effective February 21, 1985, entitled: 'Purchase of certain property, by the City of Pittsburgh for bridge and road improvements certain property for right-of-way, for the Bloomfield Bridge in the 8th Ward of the City of Pittsburgh.'"

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 7 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

Mr. Wagner:

Mr. President, I don't know if we have any other resolutions today because mine takes a little bit of time. I just wanted to clear that first.

The Chair:

Can I make a suggestion if yours

is the last? Can I make the suggestion that we approve the Minutes of March 11 and March 18 of 1985 and excuse the absent member?

Mr. Woods moved to excuse Mr. Givens for absence from the meeting.

Mrs. Masloff seconded the motion.

Which motion prevailed.

Mr. Woods moved to approve the Minutes of Monday, March 11, 1985 and Monday, March 18, 1985.

Mrs. Masloff seconded the motion.

Which motion prevailed.

The Chair:

Can I make the suggestion that we close the meeting after your presentation? I'll entertain the motion on the adjournment. Right after your presentation, this motion stands adjourned.

Mr. Woods:

So moved.

Mr. Wagner:

Mr. President, question. Does that mean everyone is going to leave the room?

The Chair:

No.

Michelle Madoff:

Anybody can leave who wishes to leave.

The Chair:

We're going to take your presentation right now. You're on.

Mr. Wagner:

Mr. President and members of Council, back in January we approved Resolution No. 121 which directed the Department of Public Works and the Energy Task Force to conduct a feasibility study of having the City of Pittsburgh personnel perform maintenance of street lights and equipment in-house. Since that report was completed and provided to each one of us, we have analyzed that report and what you have in front of you is not only the report that was completed by the Energy Task Force but also a report that was completed by my office with the help of my assistant, Ed Kessler, and our Operating Budget Controller, Mr. Jack Buckley.

What we have done is, we have evaluated that report to determine its accuracy. I think it's important to state in evaluating that report that I relied tremendously on my assistant, Mr. Kessler, who actually performed that type of work while he was employed with Duquesne Light Company a number of years. Also, the financial data within the report comes from our Operating Budget Controller, Mr. Buckley, and his experience in that field.

The information that has been provided in the feasibility study which was completed by the Energy Task Force cannot be compared to any past studies. That's a very important point. This is the first in-house street light maintenance study ever performed in the history of the City of Pittsburgh. In addition, the City has never attempted in-house maintenance with City Personnel. Therefore, evaluation of the

Energy Task Force report is based on cost projections of the present low bidder on the contract, AM Electric, and our own cost analysis.

The feasibility analysis report completed by the Energy Task Force is broken into four sections. I don't know if you've had time to read it. There's an introduction, there's a feasibility analysis which breaks down the labor costs, materials costs, equipment, facilities and overhead, and the final portion of the report is conclusions. Our report is broken up into the same sections so that it can be easily followed in reference to the Energy Task Force report and it has one additional section which is alternative recommendations which I will get to.

I'd like to briefly refer to their report in the first section which is the introduction of the report. The Energy Task Force report indicates that an outside contractor is more capable of managing and performing street light maintenance at a reduced cost. As a matter of fact, they indicate that the cost for in-house maintenance done by the City is approximately \$750,000 more per year in comparison to a contract with a private contractor, in this case AM Electric.

We firmly believe that the strongest reason for in-house maintenance is that direct management and control of the service would fall under the Administration. That's one of the things indicated in the introduction section of the Energy Task Force report meaning that that is not a significant reason to go in-house. Direct management of anything is the best control you can have. It's better than contract monitoring. Other cities, as we have indicated in the past, Philadelphia and St. Louis, have proven that they can save significant amounts of money by

performing this service in-house.

The Energy Task Force report also indicates that this contract is a perfect candidate for contracting because their service is easily quantifiable, therefore insuring quality and quantity of service. We totally disagree with that point primarily because this is a manageable-type service. It's very predictable as to the tasks that are performed by those that perform this service and the frequency of that task. Therefore, it qualifies for the type of work that is capable within the confines of the service provided by government. Certainly if we provide a service today in Public Works of traffic control and monitoring, which is very specialized, we are also capable of providing street light maintenance. But our obvious disagreement with that report is that you must have confidence in the management system within the City if we are to perform that work in-house.

Back about two months ago I had a street light in here and I showed how simple it is to maintain a street light. Basically you open it and you replace a bulb or you replace another component item of that street light. It's not a difficult task. We have people that work within the City that can perform that task.

Moving along in comparing their report to the feasibility analysis section, and you all have copies of these reports in front of you, I'd just like to touch on that briefly under labor costs. The Energy Task Force has determined that a total of 39,600 man-hours per year are necessary to meet the requirements of a maintenance contract. In that report they clearly indicate that for those number of man-hours to perform that service in-house it would take 22 City employees. They don't compare that with what a private contractor needs but

through our analysis we feel that a private contractor would need 20 employees. The average cost per hour for City in-house, based on their cost projections, is \$12 an hour. A contractor pays slightly more, approximately \$13 an hour. That's a minor estimate.

In our report that you have in front of you, under feasibility analysis labor cost, the Energy Task Force indicates that the in-house labor cost projections for direct salaries would be \$511,000 per year. Well, let's compare. If it's going to cost us \$511,000 a year, what will it cost a contractor? That's how we determined that this report is not accurate; it's not a factual report, the report that was provided by the Energy Task Force. If it costs us \$510,000, we have projected a cost of \$552,000 for a contractor. That's just for the direct salaries. If you include the total benefits along with the direct salaries the total labor cost in-house as projected by that report is \$693,000. Going by those numbers of man-hours and those numbers of employees, if they are utilized within a contract, the street light maintenance contract, it will cost a contractor a bare minimum of \$663,000 a year, no matter what the low bid on the contract is.

Moving along to the material section of the report. The Energy Task Force has indicated that the cost of materials to the City to provide in-house maintenance would be \$550,000. Well if it's going to cost the City \$550,000, what's it going to cost a contractor? \$550,000. It's ver simple. Compare the two. And that's exactly what we've done in looking at the report.

We've gone to equipment and they have said what is the cost of equipment for the City of Pittsburgh? It's going to cost the City of Pittsburgh \$324,000 to purchase equipment that we would

utilize to provide in-house street light maintenance. Well it it's going to cost the City \$324,000, what's it going to cost a new company, AM Electric? It's going to cost them \$325,000 because they need the same amount of equipment that we would need. And we're comparing a report.

We move on to the cost of a facility. They indicate that the total cost of a facility is \$168,000. What's it going to cost a new company, AM Electric? \$168,000. So we're comparing the figures. We go right through the report and compare the report to the Energy Task Force report. We also do it with the last item under feasibility analysis, overhead cost.

What does all this mean? First of all, I think it's very important that we have a handle on all this because we allocate the funds for street light maintenance within the City of Pittsburgh. Even though the Administration has proceeded with a contract and signing a contract, that contract is void at the end of each year if we do not fund that contract. That contract is a 2-1/2 year contract with a low bidder and that low bidder today is AM Electric.

Well, what we are doing is basically looking at the Energy Task Force report initially to compare their cost with what we think the cost should be. And that's exactly what we've done and that's on this chart here. I just want to stay on that topic before we get to trying to determine what the cost would be in-house based on our analysis. Just going over some of the things I stated, the Energy Task Force indicated this many man-hours, 39,600 would be needed; the same with a private contractor. How many employees for the City be required? Twenty-two. How many for a contractor to work that many

man-hours? Twenty, because they don't have vacation, they don't have sick days like governmental employees do. So they would require less employees.

Let's start comparing the cost. The Energy Task Force cost projections for labor, \$693,000. A contractor, because it's only 20 employees, \$663,000. Materials, the same. The Energy Task Force says this is what it's going to cost. Same with a contractor. Equipment, this is what it is going to cost, same with a contractor. Facilities, \$168,000; same with a contractor. Overhead, \$34,000; there's a little less overhead with a contractor, \$25,000.

What's all that add up to? Well the Energy Task Force in the City of Pittsburgh, in their report provided to Council, said it will cost \$1,823,000. Well if it's going to cost us that based on their report, what's it going to cost a contractor? \$1,784,000. Why have we made the comparison? The reason why we made the comparison is that the report is not accurate, basically. If it cost us that much for materials, you know it's going to cost someone else that much if they're using that many materials. The Energy Task Force report of this cost projection is in error. It's not factual; it's excessive.

What are the real cost projections to do in-house street light maintenance in comparison to the Energy Task Force report, what it will cost a contractor, and what we feel it will cost? They indicated it takes 22 employees. We disagree. It takes 16 employees. We already have four employees working within Public Works, full-time, four employees on street light maintenance. In addition to that, we have the Energy Task Force that has at least two employees working on street light maintenance. So we say it will cost us \$530,000 for 16 employees, plus what we

have in-house which will add up to the 20 or 22, however many you think you need.

How about materials? They say \$546,000. That's their projection. How can they prove that? Have we ever done it in-house? How do we know how many materials a contractor uses? How many lights, how many bulbs are replaced? No one in this City knows. Our cost projections are based on the life of a bulb, the life of the equipment. It's \$250,000 a year.

Let's move down to equipment. They say it will cost \$379,000. The same for a contractor, if that's true. Our cost projections are \$260,000. We know equipment can be purchased less than what is indicated in that report. We have factual data to prove that.

Facilities. The cost of facilities is \$168,000 a year; that's at \$6.75 per square foot per year. That figure is excessive; it's significantly high. We have checked it out with real estate companies of which the City deals with and it's approximately \$4.50. The amount of space that they've indicated, 25,000 square feet, is excessive also. We know what Broadway Maintenance used for a year; they used a facility with 12,500 square feet. We're projecting 20,000 square feet. What's the cost of the facility? \$90,000. That's if we have to go out and rent a facility. What if we use our own facility? That could even be less.

Overhead cost. We project this figure to be less than this figure because this figure is less than this figure.

Our total analysis is, the Energy Task Force report indicates that it would cost \$1,823,000 to provide street light maintenance in-house. Our analysis is, it will cost \$1,156,000 to provide that service in-house.

What does all that mean? I think it's pretty accurate. The low bid on the contract was AM Electric. Their low bid is \$1,247,000. Our cost projections of what it will cost is \$1,156,00. That's a difference of \$91,700. Well, a contractor has to make a profit or they're not in business. And there is no way on this earth that this contractor spends \$546,000 on equipment. There's no way because they can't operate and make a profit. There's no way that a new company coming in here and getting that contract is going to spend this much on equipment and this much on facilities and this much on labor. It's not realistic to believe it.

We're being fooled, this City. We're not getting what they're saying we should have to perform street light maintenance. This is a more realistic figure; it's more realistic to assume that 16 employees are being utilized rather than 22 employees and it's more realistic to assume that the equipment cost is one-half of what they're projecting it to be. Remember, the only materials the contractor has to provide is materials that keep the street lights going. There's no minimum quantity. They can re-use materials out of other street lights. That's one way of saving money. This is a very realistic figure of what it would cost to do in-house, not \$1,800,000.

Why is all this important? Going back to our report and conclusions, again we feel that we have taken the position of simply comparing their in-house maintenance cost projections to what it would cost a contractor. It's not accurate. There's no way that can be done. We feel it can be accomplished with less employees and it can be done in-house. Remembering the fact that it's never been tried within this City, we will never truly know what it costs to provide in-house street light maintenance until we do it ourselves. This is 1985. If we

only try it for the simple reason to determine what the real costs are for one year so that we can have a better understanding of what it's costing the contractor and whether or not the low bids are accurate, we would be much better off in the future. And it warrants leading to four alternative recommendations that I have in this report that I would like to just briefly go over with all of you because even though the Administration has proceeded to sign a contract with AM Electric, we, this Council, must fund that contract. We have already funded them for 1985 but not for 1986 and not for 1987. We should have a better handle, a more educated understanding, of whether or not we want to continue to fund these contracts at the end of 1985.

The four alternative recommendations are:

1) Begin an in-house street light maintenance program with City personnel as of June 1, 1985. Obviously that recommendation is void right now because the Administration has proceeded, has taken the initial steps in signing a contract.

2) Re-bid the contract with revisions in the contract and bidding procedures, eliminate the provision of cleaning street lights every three years because it is seldom done, to be quite frank about it. We are paying to have our street lights cleaned; we were in the past, every year, every street light, under the contract, was cleaned once a year. They're proposing in the new contract that every street light is cleaned every three years. I can tell you factually it's not done and we're paying for it. This would eliminate two employees as is proposed. Reduce the number of night patrols to further cut labor and equipment cost. We have three night patrols right now every evening in the City of Pittsburgh.

Under the former contract, or actually the existing contract because we're into an extension of the former contract, they have six night patrols and what those night patrols do is, they go around this City and look for street lights that are not working. They drive to different sections of the City. Under the new contract they're proposing three people do that every night. What we're saying is, you don't need it. We're eliminating three more people here and the cost of three more. We have police cars that tour every street in this City every night, or we hope they do. We have paramedic vehicles out there, we have Public Works vehicles out there. We have a radio communication system in this City that reports back and can easily record if a street light is burned out. Why are we paying for three vehicles every evening to tour this City? What we're saying is under alternative recommendation B, let's rebid the contract with revisions in the contract because things aren't being done. They're being done as projected in the Energy Task Force report but has any member of this Council ever seen a street light clean? I have never seen one. Also improve contract monitoring provisions and penalties for non-compliance.

3) Begin in-house maintenance at the end of the up-coming contract, request that a conversion plan be drawn up and completed by the end of this contract so that after 2-1/2 years we would have our street lights converted from mercury vapor to sodium and there would be less maintenance required, we would have a new system, we could do the work in-house with even less people than 16, probably 8 or 10, with significant savings. The most significant savings of considering No. 3 is that if we get into an aggressive conversion program, under a conversion program we can reduce the cost of electricity significantly in this

City with sodium rather than mercury vapor. As a matter of fact, if we were to reconvert the entire City and have it completed by the end of the year, we would save close to \$1 million a year in electricity cost because there's less electricity used with sodium in comparison to mercury vapor.

4) Award the contract to the current low bidder without additional requirements and comments.

They are the four alternative recommendations and the reason why I wanted to go into detail in explaining this, Mr. President, I feel that it's appropriate that this Council make a suggestion to the Administration as to which one of these four recommendations they should adhere to, even though they're not required to for 1985. I'm sure they realize that come budget time at the end of this year, whatever they do must be funded by this Council and therefore we should not put this issue to sleep for 2-1/2 years. We should provide our input today and we should monitor our input and whether or not it's being followed. I respectfully request any of your ideas and prior to us adjourning I think one of these four recommendations should be put forth as a motion and suggested to the Administration and I for one have my ideas on which one it should be.

The Chair:

Why don't you just send the whole report?

Mr. Wagner:

They have received it. They've received the entire report.

The Chair:

Then ask for comments. I think

you're better that way than to ask for one of the four. We're predetermining. This way you give them the alternatives you have and see what they say.

Mr. Wagner:

Well, they obviously disagree that we believe the cost is significantly lower than what they are suggesting in the report. But what I challenge them to do is, if they're signing a contract with AM or whomever, you go out and prove to me that they spend \$550,000 on equipment.

The Chair:

Jack, this is my point. My point is that out of the four, which one would I personally take? I personally don't know any more than what you just told us now. It would appear to me that I'd give them it all and let them take the best of everything if that suggestion is to be honored.

Michelle Madoff:

Let me ask a question, please. In order to make an intelligent recommendation, there are some unanswered questions. The Administration's position in my discussion with them have been that the reason they're doing it by contract rather than in-house, and it sounds to me like a valid reason and I would like to know what Councilman Wagner has to say because he has probably researched this matter more than anyone else, is that the benefits, the workmen's compensation, Blue Cross, Blue Shield, etc. etc., would be far more costly than contracting it out. What is your position on that and then I have another question after that.

Mr. Wagner:

Well, a contractor also provides

benefits and if you look towards —

Michelle Madoff:

I didn't ask you that. If we do it in-house would we be exceeding, it would be far more costly for us to do it in-house, I believe Mr. Matter has told me that, because of the cost of the workmen's comp, etc.

Mr. Wagner:

Our cost projects are based on direct labor cost. Thirty-six percent of direct labor cost would be for benefits. We are slightly higher than a contractor; a contractor is approximately 20-25 percent. A contractor must provide workmen's compensation to employees. Under union contracts they generally have eye, medical, dental, just as the City employees do. There are certain things, certain benefits that they don't have that we have but we have indicated that in our cost projections. In-house, 36 percent of direct salaries would go towards benefits. A contractor, 20-25 percent. Significantly lower for a contractor in terms of benefits. And we agree with that but that is the only area where their cost projections in this entire proposal are less. What that amounts to is, to be quite frank, is approximately \$100,000 - \$120,000 difference per year for the benefits. But that is not how the Energy Task Force determines cost; it's determined by man-hours.

Michelle Madoff:

I think you misunderstood my question; may I rephrase it? If we had somebody working for the City in-house and they are hurt, we may be carrying them for 30 years on workmen's comp, is that not correct, Mr. Stone, if they're totally incapacitated?

The Chair:

We carry them on their comp for what they're entitled to.

Michelle Madoff:

And our workmen's comp is one of the things that's burning the City into the ground and the reason why we have a billion dollar debt. It would seem to me that the Administration would be correct in contracting it out for that reason because one person alone could cost us a million dollars. Am I out of line in my figuring, Mr. Stone?

Mr. Wagner:

Mr. Stone, may I please comment? That is part of the total labor cost. A contractor must build into their contract those same anticipated losses and that is exactly what has been done with these various companies that have bid on it. Mr. Matter has indicated that, you're right. And Mina Gerall has indicated that, you're right. If that is the case, if it's cheaper to go outside, are they suggesting that the entire City workforce be contracted out?

Michelle Madoff:

I think if they had their choice they would except that they need the workforce to get votes and get elected.

Mr. Wagner:

What I am saying is, this is an elementary task, street light maintenance, and it deserves consideration for in-house. It is a controllable labor cost. There are some things that we do in this City that are very hazardous with our employees.

Michelle Madoff:

Falling off a pole, an electric light, is very hazardous.

Mr. Wagner:

My position is that whatever the costs are for a contractor for benefits, the City is slightly higher. But labor costs for a contractor are significantly higher.

Michelle Madoff:

May I suggest that we send the proposal that Mr. Wagner has researched thoroughly to our workmen's comp body. What would that be, Mr. Stone? Who's in charge of looking at workmen's comp?

The Chair:

I think it's Volpe-Rogal.

Michelle Madoff:

I repeat, the reason why we even have work forces in the City, we don't contract it all out, is that you need some control to get re-elected and as someone said tongue in cheek but it was really on target, to sell tickets so you can get elected. I don't know why you keep saying Ben Woods but I was there when Mr. Woods said to somebody in Public Works, "Do you have the money for the 200 tickets?" I said I wish I hadn't heard it.

I have another question. I would suggest that we send it to someone like Mr. Schmeiser; I'd like it to go to both people, Mr. Schmeiser and to Volpe-Rogal to ask whether somebody falling off a ladder cleaning a light or putting in a new light, whether if we do it in-house that, say two people are to enter into a contract, whether the debt service

burden on the City because of the workmen's comp factor could be in the hundreds of thousands over a lifetime would exceed the benefit of subcontracting. That would be my one question.

The other question which is much more pertinent; is it not true that AM Electric is really Sergeant Electric? Isn't it the two Vice-Presidents of Sergeant Electric? And if that's true, my recollection in being in court when Crown Wrecking was trying to bid on the Bloomfield Bridge was that they were declared by the court as a non-responsible bidder. A non-responsible bidder cannot bid on a contract. AM Electrical Company who are now being assigned according to the papers and a big big story one day in the Post Gazette, City Administration Awards Contract to AM Electric, that was the night edition. In the morning edition was the paragraph, one inch, that said tentatively awards.

Well, if my recollection is correct, and I don't think I'm that senile yet, the facts remain that the court ruled in the case of City versus Crown on the episode of the \$88,000 on the backfilling of the underground, subterranean caverns, that they were a non-responsible bidder. If the two gentlemen who are vice-presidents of Sergeant Electric are now being awarded the contract, I suggest they are also non-responsible bidders and should not be getting the contract because this City could be held liable by other contractors who will sue us and justifiably and I would encourage them to sue us. I would be an amicus to their lawsuit.

Mr. Wagner:

All I can state in regards to that question is, AM Electric is, as has been indicated, a new company.

Michelle Madoff:

They are a new company with the two vice-presidents of a company that has been declared to be non-responsible bidders. It's like you going out and committing a crime and forming a new company with you son is now the new company they've been working with you in the old company. Come on, are we kidding ourselves?

One of the other members of one of the other departments has stated, I presume he did his homework, that that was one of the largest contributors to the Administration's campaign. I don't care about that. All I care about is that contract should not be awarded to those people.

Mr. Wagner:

What I would recommend, Mr. President and members of Council, is that we suggest to the Administration that under alternative recommendations that No. 3 be implemented. Begin in-house maintenance at the end of the upcoming contract, request that a conversion plan be drawn up and completed; this City reconverted within the next 2-1/2 years.

Now, how do we check that? There are 28,000 lights out there that need to be converted. We strongly recommend to the Administration that they actively pursue and accelerate the conversion program and at the end of each year, each budget year, we monitor their progress and we want to know basically in December 1985 what percent or what number of those 28,000 mercury vapor lights have been converted to sodium because if they are accelerating that program we are moving closer to doing the work in-house and reducing the cost, and more important than that, we are already reducing the cost of

electricity to light our lights.^{a)} It's one-half, the cost is one-half less for sodium versus mercury vapor.

So, I feel this Council should take a strong position and say to the Administration, "Go ahead, you want to sign the contract and you have initiated that, that's all well and good, that's fine. But while you're doing that, let's utilize our four people in Public Works, let's utilize our two people in the Energy Task Force working for the Mayor, and implement a conversion program. And we want to see it accomplished completely throughout the entire City within a 2-1/2 year period."

Michelle Madoff:

Question. When they go to award the contract, does it come before Council for a vote?

The Chair:

It did initially but they discontinued it, as he's indicated.

Michelle Madoff:

But will it come back to us for a final vote?

The Chair:

For renewal.

Michelle Madoff:

I'm talking about A & M. Will that come to us?

The Chair:

As Jack has indicated, it will come back for renewal.

Michelle Madoff:

Well I'm going to vote no because they're non-responsible bidders.

Mr. Grabowski:

Mr. President, I have one question for Councilman Wagner. I was following you pretty diligently as you were going through your presentation, on this schedule here you showed that A & M was the low bid, at one point \$2 million. On the piece of paper before that, didn't you indicate that A & M had estimated that it would cost \$1.7 million?

Mr. Woods:

That's what the Task Force said.

Mr. Grabowski:

No, the Task Force said \$1.8.

Mr. Wagner:

These are our cost projections based on the Energy Task Force requirements for the contract. They indicate that you need this much for materials and we say if you need that for in-house City, so does the contractor.

The Chair:

Jack, his question is that apparently on this side you list \$1.7 and on the other side you're \$1.2.

Mr. Wagner:

Well down here it's \$1.2; it's \$1.1, excuse me, for us, our cost projection. Basically, Steve, what we're trying to do, what we have done is disprove the accuracy of the Energy Task Force report by comparing their report and their requirements to what the contractors would require. What we're

saying in conclusion is quite simply that the contractor isn't doing what they're suggesting should be done under the contract. Therefore, let me go one step further, if the contractor isn't doing it, it's not necessary.

Mr. Grabowski:

Okay. The way you presented it, you know, maybe I just misinterpreted it. I thought you had A & M's actual, the breakdown there as you indicated in that center column and it came out to \$1.7 and I just wondered how could their estimate be \$1.7 and they bid \$1.2. Okay, I see what you're saying.

Mr. Wagner:

They bid \$1.2 but according to the requirements it should be \$1.7. And these requirements are not adhered to because every street light isn't cleaned and every one isn't looked at all the time. Therefore, costs are less than this.

Mr. President, based on your suggestion which I think is a good idea, we should provide this report to the Energy Task Force, ask for their opinion, and in one or two weeks, shoot for two weeks, find out what they think and based on that we'll make the recommendation. There's no urgency here because they have already proceeded with the signing of the contract and there's nothing we can do about that. But we still fund it and we will fund it at the end of the year if we want to.

The Chair:

All in favor?

WHICH MOTION PREVAILED.

Michelle Madoff:

May I make a request on this? Can we also have a letter to the Mayor asking for a legal opinion as to whether the two gentlemen who are vice-presidents of Sergeant Electric are not by legal definition non-responsible bidders any longer by the courts?

The Chair:

Okay.

And on the motion of **Mr. Woods**

Council adjourned.

Municipal Record

Proceedings of the Council of the City of Pittsburgh

VOL. CXIX

Monday, April 15, 1985

No. 15

Municipal Record

ONE-HUNDRED TWENTY-THIRD COUNCIL

ROBERT RADESTONE President
MICHAEL PERRY City Clerk
LINDA M. JOHNSON Asst. City Clerk

Pittsburgh, PA

Monday, April 15, 1985

PRESENT:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

PRESENTATIONS

Mr. Givens presented

No. 2556 Resolution providing for the issuance of a warrant in favor of Budget Rent-A-Car of Pittsburgh, in the amount of \$2,365.50 in payment for the

rental of two vehicles for the period of January thru March 11, 1985, chargeable to and payable from Code Account CC.

Which was read and referred to the Committee on Finance.

Mr. Givens moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Grabowski seconded the motion.

Which motion prevailed.

Also,

No. 2557 Resolution providing for a Contract or Contracts, or the use of existing Contracts, for the purchase and installation of poles and street lights at various locations within the City of Pittsburgh, at a cost not to exceed \$50,000.00, chargeable to and payable from Code Account PW 85-06, Central Business District Street Lighting.

Also,

No. 2558 Resolution providing for a Contract or Contracts or the use of existing Contracts for furnishings for the Bureau of Cable Communications 9th Floor Renovation Project, at a cost not to exceed \$18,000.00, chargeable to and payable from the Community Communications Trust Fund (CC).

Also,

No. 2559 Resolution providing for a Contract or Contracts, or the use of existing Contracts, for Street Lighting Transfers at various locations throughout the City, at a cost not to exceed \$50,000.00, chargeable to and payable from Code Account PW 85-07, Street Lights Transfer.

Also,

No. 2560 Communication from Louis R. Gaetano, Director, Department of Public Works, requesting authorization for himself and Regis Recker to attend a General Electric Seminar in Hendersonville, North Carolina from May 1-3, 1985, at a cost not to exceed \$1,380.00, payable from Code Account No. 1502, Misc. Services. Prior approval granted by Council April 10, 1985.

Also,

No. 2561 Communication from Louis R. Gaetano, Director, Department of Public Works, requesting authorization for Brother Richard Emenecker, F.S.C., to participate in a seminar entitled, "Municipal Administration of Cable Television", in Madison, Wisconsin on June 17-18, 1985, at no cost to the City of Pittsburgh.

Also,

No. 2562 Communication from Louis R. Gaetano, Director, Department of Public Works, requesting authorization for David Beasley to attend the National Association of Broadcasters Convention in Las Vegas, Nevada from April 14-17, 1985, at a cost not to exceed \$1,237.50, payable from the Community Communications Trust Fund. Prior approval granted by Council April 1, 1985.

Which were severally read and referred to the Committee on Public Works.

Mr. Grabowski presented

No. 2563 An Ordinance amending the Pittsburgh Code, Title Five - Traffic, Article VII - Parking, Chapter 549 - Residential Parking Permit Program, Section 549.13 - Parking Permit Fees, by providing for a duplicate in the event of trade-in. **—(SPONSORED BY MR. GRABOWSKI)**

Which was read and referred to the Committee on Planning, Housing and Development.

Michelle Madoff presented

No. 2564 Resolution providing for the issuance of a warrant in favor of Rebecca M. Degrazia, in the amount of \$500.00 for consultation fees regarding review of financial reports as per the request of Michelle Madoff, chargeable to and payable from Code Account No. 1001-2, Salaries, Wages and Services of Council. **—(SPONSORED BY MICHELLE MADOFF)**

Which was read and referred to the Committee on Finance.

Mr. Robinson presented

No. 2565 Communication from Robert H. Lurcott, Director, Department of City Planning, requesting authorization for James Brown and Fred Just to attend the Effective Zoning Administration Techniques Conference in Madison, Wisconsin from 1-3, 1985, at a cost not to exceed \$1,300.00, payable from Code Account No. 1103, Misc. Services.

Which was read and referred to the Committee on Planning, Housing and Development.

Mr. Wagner presented

No. 2566 Resolution providing for the issuance of a warrant in favor of Trumbull Corporation, in the amount of \$1,798.18, in payment for extra work, being in addition to the original contract price of \$4,083,511.40 on Controller's Contract No. 26925, furnished for the benefit of the City in connection with the Reconstruction of Grant Street - Phase I, payable from the Grant Street Trust Fund.

Also,

No. 2567 Resolution providing for the issuance of a warrant in favor of Romol Construction Company, in the amount of \$236.44, in payment for extra work, being in addition to the original contract price of \$64,617.50 on Controller's Contract No. 26646-F, furnished for the benefit of the City in connection with the Construction of Sidewalk Ramps for the Handicapped at Various Locations - Contract No. 2, payable from Code Account CDEC 84-27.

Also,

No. 2568 Resolution providing for the issuance of a warrant in favor of Welte Roofing, in the amount of \$1,940.00, in payment for extra work, being in addition to the original contract price of \$194,051.75 on Controller's Contract No. 26970, furnished for the benefit of the City in connection with Roof Rehabilitation at Various Police and Fire Stations, payable from Code Account LB 84-11.

Which were severally read and referred to the Committee on Finance.

Mr. Wagner moved to suspend Rule 8 by providing for consideration of the bills only until or after the 9th calendar day

following the meeting in which the bills were introduced so the bills will be on the agenda this Wednesday.

Mr. Woods seconded the motion.

Which motion prevailed.

Also,

No. 2569 Resolution providing for the issuance of a warrant in favor of G.W.S.M. Landscape Architects in the amount of \$400.60 in payment for work performed in connection with the Design of the Northview Heights Recreation Area, payable from the Northview Heights Trust Fund.

Which was read and referred to the Committee on Finance.

Mr. Woods presented

No. 2570 Resolution providing for the issuance of a warrant in favor of NBI in the amount of \$7,524.00 for the purchase of Word Processing Equipment for the Office of the City Clerk, chargeable to and payable from Code Account No. 1006, Equipment, City Clerk's Office.

Also,

No. 2571 Resolution providing for the issuance of a warrant in favor of Corporate Computer Center in the amount of \$2,000.00 for the purchase of pre-punched paper and binding strips for the binding of the 1985 City Council Budget, chargeable to and payable from Code Account No. 1001-1, Miscellaneous Services, Supplies, Equipment, etc., City Council.

Which were read and referred to the Committee on Finance.

Mr. Woods moved to suspend Rule 8 by providing for consideration of the bills only until or after the 9th calendar day following the meeting in which the bills were introduced so the bills will be on the agenda this Wednesday.

Mr. Wagner seconded the motion.

Which motion prevailed.

Also,

No. 2572 Resolution transferring \$7,500.00 from Code Account No. 49, Reserve Fund-Sewage Service Charges-Allegheny County Sanitary Authority, Department of Finance to the Employee's Travel Expense Advance Trust Fund, Department of Finance.

Michelle Madoff:

What was that?

Linda Johnson:

Okay, it's a resolution transferring \$7,500 from Code Account 49, Reserve Fund, Sewage Service Charges, Allegheny County Sanitary Authority, Department of Finance, to employees' travel expense, Advance Trust Funds.

Mrs. Masloff:

It's Mr. Schmeiser who is asking for the transfer because they had money put aside in a fund, they gather together funds, and at the end of the year they have to guarantee Alcosan a certain amount of money in case they have to make any refunds. Since they didn't use the money, they're transferring that money that was originally in the account for Alcosan into the Finance Department to use for travel expenses.

Michelle Madoff:

That's what I want to know, the travel expenses —

The Chair:

Wait, both of you. This is only Presentation of Papers.

Michelle Madoff:

Okay, I'll get that on Wednesday.

Also,

No. 2573 Resolution authorizing the Mayor and the Council of the City of Pittsburgh to obligate itself to pay the benefits required by section 1711 of the Vehicle Code (75 Pa. C.S. 1711) (P.L. 53, No. 12).

Also,

No. 2574 Resolution providing for a license to Duquesne Light Company to install, use, operate, maintain, repair, renew and finally remove an underground electrical system in connection with electrical service to Pittsburgh Center For Arts building on certain City property in the 14th Ward, designated as Block 85-D, Lot 50.

Also,

No. 2575 Resolution providing for a license to Duquesne Light Company to install, use, operate, maintain, repair, renew and finally remove two (2) poles, together with cables and wires, two (2) anchors, guys and other necessary appurtenances thereto belonging on City property fronting on Washington Boulevard, 12th Ward, designated as Block 82-H-, Lot 1.

Also,

No. 2576 Communication from John Gabriel, Director, Commission on Human Relations, requesting authorization for Donna M. DiLeonardo to attend the HUD-Sponsored Fair Housing Assistance Program training module in Atlantic City, NJ, from May 27-31, 1985, at a cost not to exceed \$700.00, payable from the HUD-FHP Trust Fund.

Also,

No. 2577 Communication from Ronald C. Schmeiser, Director, Department of Finance, requesting authorization for Jeffrey T. Leber to attend the Public Technology, Inc. Annual Conference in San Diego, California from June 3-8, 1985, at a cost not to exceed \$1,350.00, payable from Code Account No. 1063, Misc. Services.

Also,

No. 2578 Communication from Stephen Schillo, Treasurer, Department of Finance, submitting the Defense Spending Analysis for 1984.

Which were severally read and referred to the Committee on Finance.

UNFINISHED BUSINESS

Michelle Madoff:

When are we taking the URA appointment?

The Chair:

Right now. I think I saw something here. Yes, the Mayor has made an appointment.

Michelle Madoff:

Who is the appointment?

The Chair:

Stephen S. Grabowski.

Mr. Robinson:

Point of Order. I know the Chair is going to introduce Mr. Grabowski's name; I'd like to offer an objection to the Chair introducing any name submitted by the Administration. One, let me refer to the Urban Redevelopment Law Act of 1945, Public Law 991, No. 385, Section 6 reads in part, and this relates specifically to the tenure and compensation of members who serve on the Urban Redevelopment Authority, "Vacancies for unexpired terms shall be promptly filled by the appointing power." The Mayor has not promptly filled the vacancy; the vacancy has existed for well over 60 days. I believe Mr. Givens resigned before the end of 1984; I believe it was December 28, 1984.

My point is that the Charter, our Charter, very specifically provides for a replacement process. I believe that the Mayor's prerogative in regards to filling the vacancy on the URA Board has passed and that now it is the prerogative of this Council pursuant to Section 222.

One other thing I might want to mention because I will make a motion to ask the Chair to withdraw or to refrain from introducing Mr. Grabowski's name until some issues are resolved, there is a legal opinion which Council may or may not be aware of from Mr. Pellegrini dated April 10, 1985. This legal opinion relates specifically to the following, and Mr. Pellegrini sent this to the President of Council and all members: "You have requested an opinion as to whether Council has the power under Section 222 of the Home Rule Charter to nominate an individual to serve as a member of the Urban Redevelopment Authority Board

since there has been a vacancy on that Board since Councilman Givens' resignation which occurred more than 60 days ago." Then he relates specifically to Section 222.

Let me read the last paragraph of Mr. Pellegrini's legal opinion. He says, "Accordingly, it is the opinion of this Department that Council does not have the power under Section 222 of the Home Rule Charter to fill vacancies where the Mayor does not make reappointment within 60 days because such a provision is inconsistent with the Redevelopment Law of Pennsylvania which provides that only the Mayor can make such appointment. Moreover, Section 221 which deals with the removal of Authority Board members which the Charter provides can be made at will rather than for just cause as provided in the Urban Redevelopment Authority Law. And Section 220 which deals with the composition of the Authority Boards are also illegal as applied to the Urban Redevelopment Authority, City of Pittsburgh."

My concern is that Mr. Pellegrini's opinion leaves us in somewhat of a quandry. The quandry is not relative to Mr. Grabowski; the quandry is, what is the accountability of the URA to the City of Pittsburgh. Mr. Pellegrini is still in the process of preparing for us a legal opinion addressing that question. He's also in the process of preparing a legal opinion for us relative to the issue of whether or not money forwarded to the URA by this Council legally belong to this Council and should not be acted upon by the URA until they're authorized by this Council.

He's also alluding to some things in the basic law of the City of Pittsburgh which are illegal. This is not the first time that our Solicitor has suggested that prerogatives that this Council has

relative to the URA are illegal. If there's a question about the basic law of Pittsburgh, the Charter, it seems to me that we ought to secure additional legal assistance to work along with Mr. Pellegrini to get these issues resolved prior to appointing anyone.

I don't know what the Mayor's justification is for selecting anyone to serve on that Board but I think that his attempts at this late hour to make an appointment is certainly an intrusion upon our prerogatives as members of Council and something that I'd like to see this Council address prior to having one of our colleague's reputation, credibility and background scrutinized.

I am asking that the Chair withdraw submission of the Mayor's request until we can secure the assistance of outside legal counsel.

As Chairman of Planning, Housing and Development I have another concern and I've expressed it over and over again. That is, it would appear from what is going on now that the Urban Redevelopment Authority will basically operate without any accountability to this Council and if it's accountable to anybody its accountable to the Mayor. I don't believe we ought to run government by executive fiat and I don't believe that the Solicitor of the City of Pittsburgh, if he has some serious question about the legality of our Charter, should wait until we ask for a legal opinion. At least in four instances in the last three months Mr. Pellegrini has raised questions about the legality of certain portions of the Charter. If we're going to continue to function and operate on behalf of the public and ask the URA to be accountable, then I think we have an obligation to also be accountable ourselves and ask our Solicitor to be accountable.

I would hope that this Council would give me as Chairman of Planning, Housing and Development, authorization to hire outside legal counsel to try to resolve these issues with Mr. Pellegrini and that this Council would also defer any action on the Mayor's recommendation of Councilman Grabowski to serve on the URA Board.

Beyond that, there's some other concerns that I have but hopefully if we can address these procedural matters we could spare ourselves I think going through a situation which right now the legal ramifications are uncertain.

Michelle Madoff:

If I understand my colleague, Mr. Robinson, what he is saying is that it's not even addressing the issue of who is appointed but the fact that this Council is run rough shod by the Administration frequently by virtue of legal opinion that is granted by a person hired and paid by the Mayor, and fired if he chooses and that the clarification should not just be on this one appointment but on all the rights that this Council has. In such, I would have to support him because it's not an issue of who is appointed; as a matter of fact, I did recommend that Mr. Robinson be the person to serve on the URA Board because he's done more research and is probably more knowledgeable other than perhaps Mr. Givens who has resigned that post.

I want to apologize to this body for thinking that I knew something that obviously I was incorrect about and I apologize to Mr. Stone, and that is that when I was told that this Council would not be able to get somebody to work as legal counsel for 40 hours a week for \$40,000 I believe, that it would, I think Mr. Stone cautioned me that it would be difficult to do. I want to bring Council up to date because it relates directly

with what Mr. Robinson is talking about. We voted to get our own legal counsel; if we had legal counsel aboard perhaps we wouldn't be in this bind right now. A lot of things that come up, we would not be waiting until it comes to a head, we'd be dealing with it on an ongoing basis.

It turns out that we got, Linda could you help me; how many responses did we get originally?

The Chair:

Michelle, in fairness --

Michelle Madoff:

I want to stay with this issue; I'm on this issue.

The Chair:

Yes, but if we're going to go with that side issue --

Michelle Madoff:

I'm not going to deal with the side issue; I'm going to introduce a bill to deal with the side issue. I just want to explain what Mr. Robinson is addressing and I want to address it.

Initially we got 30 responses. It turns out we used a standard form from the City which didn't give us information that we wanted. A subsequent letter went out with comments by Sophie Masloff, Mr. Stone, amending the letter. We've only had two responses. I think today is the last day so if we don't get any more by today we're locked into two responses. Mr. Stone is obviously correct; we may have to go to a part-time attorney or raise the ante and obviously we're not going to do that.

I think it is imperative that we as

this body have our own legal input and if it can't be 40 hours a week I'll settle for 20 and I'll settle for amending the bill with some help from someone here, a resolution next week, to make that a part-time counsel.

But that's what the issue is today. We're getting an opinion from the Administration, frequently we're in conflict of interest, it's not separation of powers and this Council must have its own legal counsel. And for today's issue, I will second Mr. Robinson's motion that — We do have a kitty available for hiring consultants, do we not, Mr. Woods? I would like to support as a second to the motion that we hire a person until we can get a Solicitor aboard for this Council, whether its part-time or full-time —

The Chair:

I don't know that he's made a motion yet. He said he'd like to have something —

Michelle Madoff:

Yes he did. He said he wants to hire someone. It's got to be a vote of this Council.

The Chair:

Let me get it cleared up then.

Mr. Robinson:

I'm making a motion as Chairman of Planning, Housing and Development that Council authorize me to hire legal assistance to address the issues that Mr. Pellegrini has been raising over the last three or four months and to resolve any outstanding conflicts that exist now between this Council and the Urban Redevelopment Authority.

Michelle Madoff:

And I second his motion.

The Chair:

Let me just straighten the record out. I now have a motion which is now seconded.

Mr. Wagner:

Discussion. First of all, I am not clear precisely what the motion is. However, I do want to state that I think it would be very embarrassing for this Council to be put into a position to choose between two of our colleagues. I think it's absolutely necessary that we do have our own independent legal source determine the accuracy of the opinion that has been rendered by our Law Department first.

The Chair:

Mr. Woods, Mr. Given, Mr. O'Malley then Mr. Robinson.

Mr. Woods:

I have no problem with hiring somebody for any specific issue and that's what I tried to stress at budget time, that instead of taking this \$40,000 or \$50,000 that we hire on a case by case basis and we wouldn't be in this predicament now. We would have had somebody on this case if Mr. Robinson wants it; now we have \$40,000 in this account and we have \$50,000 in another account for financial assistance, that's what we were going to use it for but not for legal advice.

I just wanted to make that remark. If everyone recalls, I fought like anything just to have it on a per case basis.

Michelle Madoff:

May I respond to that?

The Chair:

No. I announced the order in which everybody was to speak.

Mr. Givens:

Mr. President, I would just like to bring a little semblance of order. In fact, as I indicated a couple weeks ago when I submitted and put names forward for this Council to select, I felt that the Urban Redevelopment Authority with the some hundred million dollars plus that it handles for the City of Pittsburgh that we must in fact have somebody sitting on that Board. I made my simple recommendations when I had left. It was ironic that two Administrations ago when I came on this Council some ten years ago, in fact the Home Rule Charter was adopted but yet we went almost a year, six months anyway, without then Mayor Pete Flaherty trying to put any of the Councilpeople on any authorities. Now the Home Rule Charter is very explicit in saying that if the Mayor doesn't do it that this Council then must do it because a citizen, some in this Council Chambers today, know the importance of the Urban Redevelopment Authority, know how it impacts on their neighborhood. There's ongoing requests probably for somewhere in the neighborhood of always 2-1; otherwise, the neighborhoods want two times more money than what we actually have.

So, we have to get someone from this Council onto that Board. Ironically, no one was put on that Board at that particular time until this Councilman, Dick Givens, sat on that Board. I sat on that Board finally when the now present Administration got into office, I was assigned that particular authority.

Why? The reason why is the fact that that new department or committee was created and the Council of the City of Pittsburgh called it Planning, Housing and Economic Development Committee. It was then parallel that if you're to sit on that committee then you should logically then have the authority that deals with that because in my ensuing years on the Authority Board there was a lot of misinformation that went between Councilmembers. I had the information, some other Councilpeople did not have that information, and it fell into somebody else's committee, primarily Bill Robinson's committee. That's why I recommended Bill Robinson at that particular time and still do, because of the continuity of effort that it is probably the most important authority that we have in the City of Pittsburgh, if for no other reason for the amount of money that goes through their hands, the amount of projects that are conducted. The Authority and the fact that they have the power of eminent domain is a very serious one and one that will be contended within the next few years if we are to develop our riverfront areas within the City of Pittsburgh. I advocate that yes, we should get a legal opinion because I felt back ten years ago that Council had the prerogative, I feel that now, and I feel that we have to move very quickly on this matter, that we cannot leave that seat stay vacant until after 21 May, as Ben Hayllar the Mayor's aide so sarcastically indicated to myself and the media because apparently there's a race going on out there. I don't think that has anything to do with it. The people's business, I hope, in this Council and the Caliguiri Administration should come first.

Mr. O'Malley:

At this time, it seems like Mr. Robinson is taking a shotgun approach. I

can't support the motion as it was made to hire an attorney to look over Mr. Pellegrini's legal opinions for the past three or four months. I think if we're discussing the URA it would be helpful if Mr. Robinson would be more specific and that if we're going to hire a solicitor, hire a solicitor to deal with a specific subject, the subject of the URA, and let's take one issue at a time. If Mr. Robinson could clarify what issue needs clarifying with the URA, then I may be able to support that.

Mr. Robinson:

Mr. President and members of Council, I appreciate Councilman O'Malley's concern; I was going to make reference to that issue. One, if Council would review Mr. Pellegrini's recent decision of April 10, 1985, you will see that the case law that he refers to is case law that does not directly relate to a Council or a municipal legislature operating to fill a vacancy pursuant to a Charter provision. The case law that he cites relates to a municipal legislative body taking action to fill a vacancy pursuant to a resolution or an ordinance. So, the opinion itself, while it might be correct, is on the wrong issue.

I am not attempting to secure legal help to dispute Mr. Pellegrini. Mr. Pellegrini has offered his opinion. We're under no obligation to accept his opinion; we have to respect it but we're under no obligation to take action based on his opinion. I'm looking for legal assistance to resolve outstanding issues with the URA to which I believe Mr. Pellegrini and Mr. Garrity at the URA can be of some assistance in that regard. I'm making my request as Chairman of Planning, Housing and Development. Council's rules state very specifically what the responsibilities and obligations are of a Committee Chairperson. Rule 9, Section 3 on page 5 states very

specifically that the Chairman of every committee has complete jurisdiction over legislation pertaining to his committee. I think before we appoint somebody to the URA Board that's going to have to work with me that we might want to resolve some of these other outstanding issue. I think that it is unfortunate that the Mayor of this City would recommend another member of this Council in the face of these outstanding issue, but evidently the Mayor and his staff believe they still have the prerogative. I don't believe they have the prerogative but I'm certainly willing to work that out.

Pursuant to Rule 9, Section 3 of our rules, Council's rules, I have requested that the Urban Redevelopment Authority not forward any legislation to my Committee for consideration. I'm willing to stand on that and I'm asking the Chair, as the President of this Council, as the presiding officer, to enforce Rule 9, Section 3, relative to my Committee. I'm taking this very serious action with a great deal of concern and that concern is that it would appear that the Solicitor has put himself in the position of one posturing and speaking for the Mayor, writing for the Mayor, and representing the Administration. I believe the Mayor is quite capable of indicating what the Administration's position is relative to the URA but the Mayor has been unwilling to come forward other than recommending Councilman Grabowski.

Councilman Givens is correct, and this is no reflection on Councilman Grabowski, when Councilman Givens was appointed to serve on the URA Board the Mayor, in writing, indicated one reason he picked Councilman Givens was because he served as Chairman of Planning, Housing and Development. It's very consistent legislatively, practically and politically to have the Chairman of

the Housing or Economic Development Committee serve on the Urban Redevelopment Authority. Councilman Grabowski serves on another Committee, the Equipment Leasing Authority, if I'm correct.

All I'm saying is that I don't think this Council should allow the Administration to make a decision as to where our colleagues serve when there's still no clarification that the Administration has that prerogative. I don't know what the Chair's position is in this regard, and inasmuch as the Mayor and no one on his staff can submit a bill I can only assume that the Chair, the President of this Council, is nominating Councilman Grabowski. I'm asking the Chair to withdraw that nomination until we resolve some of these other issues and we find out where this Administration stands on the issue of accountability to this Council and why it is that the Mayor, at this late date, wants to recommend a member of this Council to serve on the Urban Redevelopment Authority where heretofore he had made no recommendation whatsoever.

The Chair:

If the Chair may, I would like to repeat what I advised you last week which was that it is my understanding that the Home Rule Charter provides for the Mayor to make appointments and if he does not do so within 60 days then City Council has a right of appointment. I informed you last week and I think that is still accurate that after 60 days there is concurrent power. The Mayor has a right to appoint and City Council has a right to appoint.

The City Solicitor's opinion of April 10 is something that I must admit I didn't read enough about to know whether or not, and some of you may

recall, relative to some of these authorities as they are created by the state we don't even have the power of approval. All it is is informing us that the Mayor has made that appointment. What Mr. Pellegrini has said in paragraph 3, as I'm reading it, this portion is accurate as far as the law is concerned but I'm not that well-versed in the law relative to the Authority. He says that because the Home Rule Charter specifically contains this provision, Council would have the power to make such an appointment if the Charter is not in violation of either the Home Rule Charter, and under Act 64 of which the Home Rule Charter was created we were given specific powers and we were not permitted to exceed those. Any other is the optional plans law which sets forth the parameters of what is permissible for a Home Rule Charter to contain the redevelopment law of Pennsylvania.

The Redevelopment Authority was created by the state with specific powers and at that point I'm going to stop but I just wanted to indicate that I gave you some information last week. I think that was correct but it didn't go quite far enough.

The last one is, I have not presented the appointment because we're not at that point in our agenda.

Michelle Madoff:

We were under Old Business, Mr. President. We were going to resolve that specific issue today.

Mr. Robinson:

I'd just like to make a couple other points if I might.

There are at least two other instances where this Council is involved in the issue of reappointment; one is in

the case of a vacancy on the Planning Commission. If we go by Mr. Pellegrini's opinion of April 10, then this Council has no power to appoint anyone to that vacancy on the Planning Commission. That is an instance where someone is serving a term where this Council recommended that person be removed from the Planning Commission and they are continuing to serve. There's still a question of whether or not they can serve. That needs to be resolved. There is also the issue of a member of Council serving on another Planning Commission where that term of office has expired.

We have a very serious situation here. I think that if we simply gloss over this and allow the Administration to recommend Councilman Grabowski and to approve him and to have him serve, that we are going to be finding ourselves in the future locked in to a City that's run by executive fiat by the Administration and that the Solicitor will be issuing opinions that parts of the basic law are illegal and we simply will proceed. I think it's too important an issue for us to drop or to important an issue for us to cast in terms of one colleague competing with another. My name was recommended by a member of Council; Councilman Grabowski's name was recommended by the Mayor. I'm saying as Chairman of Planning, Housing and Development, at this point I want the Chair to let me know whether or not Rule 9, Section 3, will be enforced relative to my committee. If it is, then there will not be any legislation introduced into my committee coming from the Urban Redevelopment Authority. That's what I want at this point because it would appear that regardless of what this Council attempts to do or what clarification we attempt to get, that there are forces that would have us simply bow to the wishes of the Administration irrespective of the rules and regulations and as Chairman of this

committee I refuse to do so unless the Chair, unless the President, so indicates that the rules are suspended and my prerogatives are suspended.

The Chair:

If the Chair were to exercise that decision, the Chair would be out of order. Right now we're in a discussion and the presentation is not on the floor as it is right now; it's not even at that moment.

Michelle Madoff:

I wanted to respond to Mr. Woods with reference to his prerogative to support the position that we only hire a consultant, be it on fiscal or legal matters, from the funds set aside which is \$50,000 for consultants and now \$40,000 for an attorney when he says, "Well, we can hire as needed."

If we went along with this premise, let me tell you off the top of my head two minutes what I've come up with. I would need an attorney as a consultant to review Rule 9 —

The Chair:

Wait, wait. I let you go a little bit too far on that —

Michelle Madoff:

No, I'm dealing with the issue of Bill Robinson's resolution.

The Chair:

Hold on. The issue before us —

Michelle Madoff:

You let Mr. Woods talk; I'd like to respond to him. I'd like equal time.

The Chair:

Hold on. The issue before us is whether or not there's going to be a request for a solicitor to interpret --

Michelle Madoff:

That's what I'm addressing; that's exactly what I'm addressing.

Mr. Woods raised the issue that we didn't need to have anybody, part-time or full-time, that he opposed it on the basis that right now when we have an issue, and I just listed the issue which is the one Mr. Robinson just mentioned, Rule 9, Section 3. Mr. Robinson is asking for an outside consultant, be it legal, to address that.

I would like someone to address the appointments for Safety Director. I'd like someone to tell me why the Water Department Head never tells me when there's a major water leak. I want my legal rights to that as head of my committee. I want to know why reports on the garage and reports on claims have never been answered. I want to know why department heads never honor this Council's request. I want a consultant on every one of those things, Mr. Woods.

The Chair:

Are you aware of the motion that you seconded?

Michelle Madoff:

Yes I am and I'm answering Mr. Woods. Since you let him speak I'm responding to him.

The Chair:

Would you kindly repeat it for me, the motion that was made?

Michelle Madoff:

If you doubt that I understand it, if that is your problem, sir, do not feel for one moment that I did not understand. You gave Mr. Woods the prerogative to address another issue. I am answering Mr. Woods; I took my prerogative.

The Chair:

I tried to stop you and I didn't succeed.

Michelle Madoff:

You didn't stop him either, did you? You never stop Mr. Woods because he'd punch you out; I just don't weigh enough.

The Chair:

Are you finished?

Michelle Madoff:

I'm finished.

The Chair:

To all of you, the motion is whether or not we have legal counsel and that's the only thing we're going to talk about. That is the issue. I have a motion and a second.

Michelle Madoff:

Do you understand his resolution? He wants it only for URA; do you understand that?

The Chair:

That's the motion he made and that takes precedence over anything anyone has on their mind.

Michelle Madoff:

And I seconded that only for URA.

The Chair:

Correct.

Mr. O'Malley:

Well, I would still like to have clarification on exactly what Mr. Robinson would like to have the legal opinion on.

Mr. Robinson:

Mr. President and members of Council, I'm not seeking a legal opinion; we have a legal opinion from Mr. Pellegrini. What I'm looking for is some assistance in resolving what are some legal problems; one, the legal relationship between the Urban Redevelopment Authority and the City of Pittsburgh, which I believe is not resolved; two, some legal advice as to how to proceed around the issue of accountability of the Urban Redevelopment Authority to the City of Pittsburgh; three, the issue of appointments in the filling of vacancies on the Urban Redevelopment Authority as it relates to Pittsburgh City Council; and four, some legal assistance as Chairman of Planning, Housing and Development as I attempt to interact with the Urban Redevelopment Authority. That's based on what I perceive to be three or four years of difficulty, to be very honest, in finding some way to address the concerns of the URA as Chairman of Planning, Housing and Development. Mr. Pellegrini, as I mentioned, on several occasions has issued opinions to suggest that either I or this Council, with reference to URA; he's even gone so far as to say that the Controller of the City of Pittsburgh doesn't have authorization to audit them.

I just think that we ought to resolve these issues now prior to giving millions of taxpayers' dollars to the Urban Redevelopment Authority and having no assurances that they're going to be accountable for that money.

Mr. O'Malley:

I agree with my colleague that one, I would like to know if this Council has the right or the Controller has the right to audit URA because I think all units of government should be audited, especially since this Council allocates millions of dollars to URA.

I would also like to have a clarification on the appointments and also as Chairman of Planning and Housing, if Mr. Robinson does have the prerogative to hold up legislation from URA.

I think he's brought up some very good points here.

Mr. Grabowski:

Mr. President, with respect to this whole controversy surrounding the URA, I thought that it was generated by the fact that everyone felt that the Mayor had waited an excessive period of time to make an appointment. The Mayor and I have discussed this and I have agreed to serve and I really don't see why we should delay this, whether it be the Mayor sending over a resolution appointing me or whether a member of this Council wants to appoint me. If it's going to come down to a vote between myself and another colleague, let us make that vote. But I don't feel we should delay and that is the issue.

Michelle Madoff:

Mr. Chairman, I move that that was out of order; that was not the

motion that was put before us. The motion before us that I seconded was just to address the issue of legal counsel to review the URA; it is not the issue of who should be appointed. Am I correct?

Mr. Givens:

Mr. President, when I gave my resignation back in December of 1984, I so alerted both the Urban Redevelopment Authority Executive Board and I also notified the Mayor and the President of Council that there was going to be a vacancy. It's been since that period of time that there has been nobody sitting on the Urban Redevelopment Authority Board. That's a grave mismanagement of our resources, the taxpayers of the City of Pittsburgh. We must get somebody on that Board; I made my recommendations. However, I feel that this Council now is in the position, not the Mayor. The Mayor had almost since last December to make his approval. We are now in the middle of April. The taxes are due today, it's due with this Council, and I think if we have a vote that we should recess this meeting to discuss it privately among ourselves before we have it in an open quorum if in fact this Council is to make a vote on this. I so made that recommendation last December, I made it several weeks ago, and I'll make that recommendation here again today. Again, I repeat, the Mayor has passed his time to make this appointment; the appointment now rests in the hands of this Council body.

Michelle Madoff:

Mr. President, I raise the issue under Old Business. The issue that I raised before anybody raised the issue was the appointment to the URA Board. I was prepared to wait until you were going to nominate or Mr. Robinson raised the issue of accountability between the

URA and this Council. They are two separate and apart issues. Would you agree? One is a review of what Mr. Robinson feels are prerogatives, our interaction with URA with the millions of dollars they get. He made a motion to have Council review that; I seconded that motion. It has nothing to do with whether we are going to vote for Mr. Robinson or Mr. Grabowski or even Michelle Madoff which is about as likely as Zeus coming down from the building.

I think we should take them separately. We ought to vote on the one motion that's before us now. I'll hold on the issue that I raised under Old Business until either you decide whether to submit or not to submit Mr. Grabowski's name as Mr. Robinson has asked you to do which is a separate and apart issue. The issue before us right now is should we hire legal counsel for Mr. Robinson as head of his department to find out what is happening bogging us down or the problems we're having with URA as a body. I suggest we vote on that first of all; then we take up the issue of what we're going to do about who is appointed.

The Chair:

If you hadn't spoken that's the way I would have done it.

Mr. Wagner:

Mr. President and members of Council, I think the imperative issue in front of this Council is whether or not this Council is represented on the URA Board. I know a motion has been made on the floor and it's a very genuine motion and it concerns four items, one of which is the representation of a Councilmember to sit on that Board.

I personally feel that that is the issue that we should be dealing with right now and how we resolve that is up to all

of us. However, if we deal with all four of those issues, we may in fact delay having one of us sitting on that Board. I would hate to see us go out and hire a consultant or a legal advisor to advise on all of those and to be sitting without representation four months from now on the URA when we very clearly could get an opinion from another legal source within the next week as to whether or not we should appoint or the Mayor should recommend and we should confirm, and after that is finalized we can then move on the other three issues.

That is the manner in which I would like to go primarily because we would at least have someone sitting there, we would have that fifth person sitting there since Mr. Givens is no longer sitting on the Board and resigned back in December and has been discussing this since December.

Councilwoman Madoff, two weeks ago, her motion pertained to that and the Old Business pertained to that. I think personally that that is precisely and only what we should be dealing with.

The Chair:

Mr. Robinson, let me ask you as maker of the motion, do you have any objections to separating the time frame on the return of those legal opinions?

Mr. Robinson:

Yes. I respect Councilman Wagner's concern and certainly he echoes my concern, but I had that concern three months ago when Mr. Givens first resigned. Mr. Givens made some recommendations at that time which were not addressed by the Administration or this Council. Sixty days have passed; I don't believe the Mayor has a prerogative so I don't think it's a question of whether it's me or Mr.

Grabowski. The Mayor has no prerogative at this point.

The other thing is, I think it should be mentioned since Mr. Grabowski mentioned that he did talk to the Mayor about this matter and as I understood him, he was accommodating the Mayor. I also talked to the Mayor about this matter and for want of breaching any confidentiality or in any way saying anything that might be embarrassing to his Honor. It would seem to me that perhaps the appropriate thing would be to withdraw Councilman Grabowski's name from consideration and if it is necessary for the Mayor, Councilman Grabowski, myself and you to sit down and sort of thrash through this, I would be willing to do that. But I think to proceed the way Councilman Wagner is suggesting is to confirm that the Mayor does have a prerogative; it also puts Councilman Grabowski in a very unenviable position because then he becomes the issue and I would hope that I would not have to vote against Councilman Grabowski.

The Chair:

Does the Chair understand your suggestion now that this be held for a meeting for the three of us at least to start with —

Mr. Robinson:

First I would like to have Councilman Grabowski's name withdrawn by the Mayor.

The Chair:

I can't do that because it hasn't been presented yet.

Mr. Robinson:

No, no, by the Mayor. I believe

there was a document --

The Chair:

It hasn't been presented yet.

Mr. Robinson:

That's true but I still would like to have the Mayor withdraw the document by whatever form or means he forwarded it, first of all. Second of all, I think your suggestion that we might meet I think would be most appropriate.

Michelle Madoff:

My turn. I am not worried about the indelicate feelings of what will be repeated so I'm going to tell you what I heard and what I said when I also talked to the Mayor about this subject.

Mr. Robinson, you're being a little more concerned about feelings than I am. I went to the Mayor when the position became available and said, "Dick, don't you think I'd be great to serve on the URA? You've never appointed me to any Board or Commission; we're getting along fine, what do you say?" Do you know what he said? "I've already promised it to Steve Grabowski." I said, "Why would you do that?" He said, "Because he's a good friend of mine." And I just confirmed it with Mr. Grabowski.

Mr. Grabowski:

It's nice to have friends.

Michelle Madoff:

It sure is, especially when he can get what he wants done for a friend on the URA and that's exactly what Mr. Robinson is concerned about and I'm not afraid of hurting anybody's delicate feelings.

Mr. Woods:

I don't know where we're at now with this motion but if we are going to vote on it or if we're not or if he's going to bring it up, I would make a recommendation that we do not hire any legal advisor for Councilman Robinson and his, for lack of a better word, fight with the URA, that we hire, we, this Council, hire a legal advisor to get Council legal opinions on the various subjects that were mentioned.

Michelle Madoff:

Now you're agreeing with me; I can't stand it.

The Chair:

You're out of order.

If the Chair may, and I'm going to deviate somewhat in hopes to try to resolve it, Mr. Robinson has made a suggestion and if I can help him a bit, as I told you, I can't withdraw what has not been presented. But in line with that, if there's the possibility of some discussion and particularly since it affects a couple members of this Council, the Chair thinks that has some merit. Relative to that particular time when it comes on the agenda, I may not present it.

Mr. Robinson:

Just two comments if I might. One, very quickly, on Councilman Woods' concern, the motion still stands, the motion that I made still stands. I made it very clear that my concerns are as Chairman of Planning, Housing and Development, the Committee on this Council that has direct responsibility for the Planning Commission and Urban Redevelopment Authority. So I am in no way attempting to get any legal opinion for myself and I believe the law prohibits

any member of Council from making a personal request for a legal opinion.

Second of all, as far as the issue of the appointments, I think it is very important that any written documentation that has been forwarded by the Mayor to this Council making any recommendation whether it has been introduced or not, that the Mayor be requested to withdraw that recommendation in the same fashion that he made it; that is, in writing. I say this for a very specific reason. The Mayor and his staff are suggesting that they still have a prerogative. I don't believe they have that prerogative and I don't want to give any credence to their presumption. If there is a document that now exists that is in the hands of our City Clerk or our President that could be introduced that was forwarded by the Mayor based on his presumption that he has the right to appoint Councilman Grabowski, I'd like a letter to go to the Mayor asking him respectfully to withdraw that until this issue can be resolved.

The Chair:

I don't know that I can get that now; I have to get away from the original motion and second. Are we withdrawing that thing at this point and then asking the Mayor to withdraw?

Mr. Robinson:

No. I need a letter to go to him asking to withdraw it.

The Chair:

As I said to you before, I can't get that in two seconds so how do you want me to handle it?

Mr. Robinson:

It was my understanding that since nothing was going to be presented but that something might be available to present that we certainly could send a written communication to the Mayor asking him to respectfully —

The Chair:

Alright, assuming we resolve that issue, what do I do with your original motion? Are we withdrawing that?

Mr. Robinson:

Oh, no. My original motion still stands because as I said, pursuant to my prerogatives as Chairman of this Committee, I've asked the URA not to submit any additional legislation.

The Chair:

No, no. The matter of the legal counsel.

Mr. Robinson:

Oh, I still want that. There's no doubt in my mind that I need that as Chairman of this Committee. I think there's some unresolved issues that just have to be addressed and since the Solicitor seems to be representing the Administration, then I think I need some legal assistance, I think this Council needs some legal assistance.

The Chair:

Then I would like to have you make your motion for one thing and I think it may make some sense when we're done. I think the suggestion from Mr. Wagner may be a valid one.

The Mayor is submitting an appointment, as I gather from the legal

opinion of the Solicitor of April 10 indicating that he has the power to appoint and we do not. So he is consistent with his legal opinion in his belief. I think we ought to resolve that issue and still give you the opportunity to get the balance of the information. Can I suggest that to you?

Mr. Robinson:

Not if that means that Councilman Grabowski's name is going to be submitted to this Council pursuant to some power that the Solicitor says the Mayor has to make appointments. No, I will not accept that.

The Chair:

Well, what I'm trying to do is get you that legal opinion prior to any appointments.

Mr. Robinson:

I'm not looking for a legal opinion; I have a legal opinion from Mr. Pellegrini. All I'm saying is that Mr. Pellegrini and his legal opinion, as I understand it, is taking a position of representing the Mayor's position, the Administration's position, and also suggesting that there are portions of the basic law which are illegal and that therefore this Council doesn't have the prerogative to appoint.

It's interesting that on the 10th of April Mr. Pellegrini gives us one opinion and then on the 15th of April the Mayor nominates Councilman Grabowski. I spoke to the Mayor about this URA appointment almost within 20 days of Mr. Givens resigning; in fact, I spoke to the Mayor about it twice, I spoke to people on his staff twice. The only way I found out that Mr. Grabowski was going to be recommended is one of the gentlemen of the Press happened to call

me with a rumor that he thought —

The Chair:

I don't think you're catching my point.

Mr. Robinson:

I don't think that perhaps the Chair is appreciating my position. I'm not interested in proceeding based on any presumption that the Mayor has any prerogative to appoint anybody, whether it be Mr. Grabowski or myself. At this point, I don't think it's in his hands.

The Chair:

If the Solicitor is correct, he has more than the right to do it. We don't even have a right to appoint.

Mr. Robinson:

I don't believe the Solicitor is correct. Why can't we hear from the Mayor? On several occasions we've asked the Mayor to meet with us to resolve issues like this and he sends the Solicitor each time with a legal opinion and the Solicitor is suggesting that things are illegal. I get nervous when the Solicitor suggests that we're doing things that are illegal.

Michelle Madoff:

I just conferred with the Solicitor on the letter that you quoted from which in essence he is not using his own language but using the language of the law which says that the authorities cannot ever be appointed by — we can appoint boards and commission people but never an authority. A thing that I found amusing, Mr. Robinson, and you should have a chuckle over is that the reason that is the case is that the Home Rule Charter is illegal, the section of the

Home Rule Charter that says that if the Mayor doesn't appoint in 60 days this Council has the right, that's illegal.

The Chair:

No.

Michelle Madoff:

He just told me so.

The Chair:

Well you didn't understand what he's saying.

Michelle Madoff:

Can we hear from Mr. Pellegini to confirm that? He just told me that from his own rosy lips.

Mr. Woods:

Mr. President, could we take a ten minute recess?

Mr. Wagner seconded the motion.

And on the motion of **Mr. Woods**

Council recessed.

And the time of recess having expired, Council reconvened.

The Chair:

During the recess, there was a discussion and a suggestion which was accepted by Mr. Robinson which was that this whole subject, at the point that it now exists, would be tabled for one week and efforts be made to try to resolve it by next week and if not we would pick it up where it is as of this moment.

Mr. Robinson:

With one caveat; that the Chair enforces Councilman Robinson's prerogatives under Rule 9, Section 3, of the Rules of Council.

The Chair:

I don't know what that means at this point.

Mr. Robinson:

It means that all legislation in my committee is under my control. That's the same rule that applies to all members of Council who chair committees. I'm not asking for anything that any other member of this Council doesn't have.

The Chair:

What I'd like to do, as the Chair has indicated, be status-quo until next week. Okay?

All in favor? Opposed?

WHICH MOTION PREVAILED.

REPORTS OF COMMITTEES

Mr. Woods presented

Bill No. 2579

Report of the Committee on Finance for April 10, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2479

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Marchase Refrigeration Service in the amount of \$476.80 for emergency repair of Compressors at the City's Skating Rinks."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Also,

Bill No. 2505

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Niando Construction, Incorporated in the amount of \$1,296.55 in payment of extra work, being in addition to the original contract price of \$241,000.80 on Controller's Contract No. 26953-F, furnished for the benefit of the City in connection with the Widening and Improving of Lanark Street from Catoma Street to Rising Main Avenue."

Which was read.

Also,

Bill No. 2506

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Mosites Construction Company, in the amount of \$5,889.51, in payment for extra work, being in addition to the original contract price of \$1,176,223.00 on Controller's Contract No. 26909, furnished for the benefit of the City in connection with the Building General Contract for Phase III; Savanna Exhibits at the Pittsburgh Zoo."

Which was read.

Also,

Bill No. 2508

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of GJM Contractors, Incorporated in the amount of \$627.20 in payment of extra work, being in addition to the original contract price of \$245,179.00 on Controller's Contract No. 26920, furnished for the benefit of the City in connection with the South Craig Street Reconstruction; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2509

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Trumbull Corporation, in the amount of \$556.61, in payment for extra work, being in addition to the original contract price of \$4,083,511.40 on Controller's Contract No. 26925, furnished for the benefit of the City in

connection with the Reconstruction of Grant Street - Phase I; and providing for the payment thereof."

Which was read.

Mr. Givens:

Mr. President, I have a couple discussions. We have four extra work things here for various major contracts, some small projects, but they keep on coming in extra work, extra work, extra work. This is to the tune of some \$8,000 right here and it just keeps on adding up.

To me, if you bid a contract it should be bid. If there's extra work to be done they should cumulate it and have somebody and bid it again. If it's a small bid, fine, just make it a telephone bid but have other people be considered in that bidding process because it's the extra work when you add them all up come up to five percent or eight percent of every contract that we do in the City of Pittsburgh and that's unacceptable as far as I'm concerned.

I would like to voice opposition against those extra work bills, Bill Nos. 2505, 2506, 2508 and 2509.

The Chair:

Is there any further discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski
Michelle Madoff
Mrs. Masloff
Mr. O'Malley

Mr. Robinson
Mr. Wagner
Mr. Woods
Mr. Stone

(Pres't)

AYES 8

NOES 1

(MR. GIVENS VOTING NO)

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 2523

A Resolution entitled, "Resolution providing for the issuance of a warrant in the amount of \$2,500.00 in full settlement of a claim of trespass by Karl G. Kogh, an individual, and providing for the payment thereof."

Which was read.

Also,

Bill No. 2524

A Resolution entitled, "Resolution providing for the issuance of a \$1,190.69 warrant in settlement of claim for automobile damage and providing for the payment thereof."

Which was read.

Also,

Bill No. 2525

A Resolution entitled, "Resolution providing for the issuance of a \$1,000.00 warrant in favor of Harry K. Saltzman in settlement of claim for property damage and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the

bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 2528

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a competent provider of a business writing course for staff and Commissioners of the Commission on Human Relations, and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 2530

A Resolution entitled, "Resolution Repealing Item D of Resolution No. 289, approved April 3, 1979, which authorized the sale of property in the 18th Ward, being a vacant lot, located at 5-6 Buffington Avenue, designated as Block 15-R, Lot 42, to George E. White and Geraldine A. White, for the sum of \$200.00."

Which was read.

Also,

Bill No. 2531

A Resolution entitled, "Resolution amending Item C of Resolution No. 119, approved February 21, 1985, which authorized the sale of property in the 8th Ward, being a 2 Sty. Insel-Brick house, located at 4518 Wirtz Way, designated as Block 26-H, Lot 366, to David G. Onorato, Daniel A. Onorato & Geno A. Onorato, for the sum of \$1,500.00."

Which was read.

Also,

Bill No. 2532

A Resolution entitled, "Resolution amending Item E of Resolution No. 38, approved February 6, 1985, which authorized the sale of property in the 12th Ward, being a vacant lot located at 614 Lowell Street, designated as Block 124-P, Lot 164, to Ellinor L. Polk, for the sum of \$1,000.00."

Which was read.

Also,

Bill No. 2533

A Resolution entitled, "Resolution amending Item G of Resolution No. 110, approved March 2, 1984, which authorized the sale of property in the 12th Ward, being a 2-1/2 Story, Brick house, located at 1243 Album Street, designated as Block 124-H, Lot 26, to Louis Sebastian, for the sum of \$6,000.00."

Which was read.

Also,

Bill No. 2534

A Resolution entitled, "Resolution amending Item I of Resolution No. 119, approved February 21, 1985, which authorized the sale of property in the 26th Ward, being vacant land, located on Rutland Street, designated as Block 163-N, Lot 150, 142 to William J. Ladesic for the sum of \$1,600.00."

Which was read.

Also,

Bill No. 2535

A Resolution entitled, "Resolution amending Item G of Resolution No. 119, approved February 21, 1985, which authorized the sale of property in the 25th Ward, being vacant land, located on Jefferson Street, designated as Block 23-F, Lots 75-76-77, to Roger L. Humphries & Regina L. Humphries, his wife, for the sum of \$1,200.00."

Which was read.

Also,

Bill No. 2536

A Resolution entitled, "Resolution Repealing certain Resolutions, approved on various dates, authorizing the sale of properties in various Wards of the City of Pittsburgh, in accordance with Act No 514, as amended, and providing for the forfeiture of hand money."

Which was read.

Also,

Bill No. 2537

A Resolution entitled, "Resolution providing for the filing of a petition or petitions for the sale of certain property

or properties acquired at a tax sale in accordance with Act No. 514 of 1947 as amended."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9

NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Robinson presented

Bill No. 2580

Report of the Committee on Planning, Housing and Development for April 10, 1985 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2504

A Resolution entitled, "Resolution providing for an Agreement or

Agreements with the North Side Civic Development Council and the East Allegheny Revitalization Corporation so as to hire a Consultant or Consultants to act as the East Ohio Street/Federal Street Business District Manager, at a cost not to exceed \$20,000.00."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Grabowski presented

Bill No. 2581

Report of the Committee on General Services for April 10, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2484

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a Consultant or Consultants for the Certification of Business Firms as Minority Owned or Women Owned for the City, at a cost not to exceed Twelve Thousand Dollars (\$12,000.00) chargeable to and payable from Code Account 1128, Index Code 112805, Miscellaneous Services, Department of General Services."

Which was read.

Mr. Robinson:

Mr. President and members of Council, on Council Bill 2484, if I might I'd like to make a couple comments and then I have some questions that perhaps Councilman Grabowski could answer.

My concern relates to some published reports relative to members of this Council supporting or not supporting minority business efforts and supporting or not supporting issues that would be beneficial to the minority community of this City. Council Bil 2484 specifically speaks to that issue and to my knowledge, other than myself, in the last eight years only Councilman Grabowski has introduced any legislation that speaks specifically to the issue of assisting minorities and particularly minority businesses.

The reason I find it necessary to bring this issue up at this point is that certainly I have been an advocate of minority and women's business development for some time. There seems to be some confusion as to whether or not Mr. Jacoby in General Services or Councilman Grabowski introduced a piece of legislation that related to creating or possibly creating a minority set aside program. That

legislation was introduced by Councilman Grabowski on January 9, 1984. Subsequent to that, sometime I believe before the primary election, I requested Councilman Grabowski to table that legislation in order that I might have some discussion specifically with leaders of the black community. That meeting did occur as well as a meeting with the President of Council on this issue.

The bill was tabled with Councilman Grabowski's consent with the proviso that that bill would be brought up again in November and that the issue would be placed on the ballot. To my knowledge, that bill has not been brought off the table, was not brought off the table in November of 1984, and is still under the control of Councilman Grabowski and his committee on General Services. Councilman Robinson is still in support of that bill and is still in support of the minority set aside program in the City of Pittsburgh. I think any time a member of Council's public record is challenged in an irresponsible and baseless fashion that it's necessary to correct the record.

I'm particularly concerned because now Councilman Grabowski is introducing another bill, 2484, which Councilman Robinson supported, and I wouldn't want the Record to reflect that I didn't support it when I did. I certainly take umbrage with anyone who would suggest that as long as I've served on this Council I have not served my own people. And anyone who would publicly say that, I challenge them to come to this Council and in a public forum say that.

Now as I might, and I thank the Chair for the indulgence, if I might ask some questions specifically about 2484 perhaps Councilman Grabowski can answer those questions for me.

My first concern is whether or not Council will have access to the RFP and the scope of services that would be made available to those firms that might compete for the contract.

Mr. Grabowski:

Before I answer those questions, Councilman, if I can clear the record on the legislation that you initially referred to, in fact it was a bill that I introduced to permit a certain percentage to be set aside for minorities and at your request it was tabled so that you could receive input from, as you indicated, the black leaders. We did take it off the table, however, I believe it was in August, in order that it might go on the ballot for November. At that Committee Meeting, this Council could not decide; we were constantly trying to amend it. The issue of veterans was brought up by Councilman Givens, I think Councilman Wagner also had interest in veterans, and I don't think that we could reach a consensus on the language of that legislation and it was subsequently tabled again and it still is on the table and I assume it will just remain there because this Council cannot come to a consensus as to the specific language of that proposal.

As far as this bill, 2484, the request for proposal, I believe all the requests for proposals are always public records and Council could certainly obtain it simply by asking Mr. Jacoby to make a copy available.

Mr. Robinson

If the Assistant City Clerk would be kind enough to contact the appropriate parties in General Services to see if Council can have a copy of the RFP scope of services, under those conditions that would not jeopardize any parties who are competing.

My second concern relates to the issue of conflict of interest. I am concerned that those people who help us put together particularly this minority and women's enterprise program not be in conflict; that is, not be in conflict as providers of service to us and then also beneficiaries of our efforts. This is a situation that has occurred elsewhere in the country. I don't know if it is presently occurring now but if we're going to hire someone to certify that firms are minority and women owned firms, we need also some provisions to make sure that those who are engaged in the certification process are protected relative to the potential of conflict of interest. I don't know if that presently exists or not but I would hope that that could be addressed. Do you know whether or not that issue has been addressed or is being addressed?

Mr. Grabowski:

I really don't know in fact if that's going to be addressed or not but this is going to be a pretty sure, a competitive bid process. Of course it only goes to the responsible bidder and I believe at that point we can select whoever we deem is responsible.

The Chair:

That may be declared in the RFP.

Mr. Robinson:

Do you know whether or not the Office of the Mayor is in support of Council Bill 2484?

Mr. Grabowski:

I'm sure the Office of the Mayor is in support or Director Jacoby would never have provided me with this legislation.

Mr. Robinson:

Without trying to be snide, that's the same kind of response I got from Director Jacoby a couple years ago about whether or not the Mayor was in support of minority business development. I think his comment was something to the effect that he wouldn't be here unless the Mayor was in support.

Let me reiterate for those who don't know, the Mayor of this City has opposed every piece of legislation introduced to assist minorities and women. That's not a personal attack on Dick Caliguiri; that's a fact that is substantiated by the public record. So, I don't ask this question simply to be cavalier about it. I'd like to know if the Office of the Mayor is in support of Council Bill 2484 and whether or not there's any written verification of where the Mayor stands on this whole issue of minority and women's business development.

Mr. Grabowski:

If you're addressing that to me, I don't have any written verification that the Mayor is in support of this but if you want to hold it in order to request a letter like that from the Mayor I'm sure that we could make that request and I feel confident that he would respond.

Mr. Robinson:

Well, two weeks ago the assistant City Clerk sent a letter to the Mayor respectfully asking him to come to Council to address this Administration's policy relative to business opportunities for minorities and women. To my recollection, the Mayor did not respond verbally or in writing to that request. I'm willing to try again if as Chairman of this Committee you are willing to put the bill back into Committee and maybe

we can get a response from the Mayor of the City of Pittsburgh. Certainly I will make that motion at the appropriate time and hopefully I can have your support.

Just one other question. Do you know whether or not other agencies of City government will have access to the work of this consultant other than General Services? For example, would the URA, Planning Department, Engineering and Construction, have access to any process that the City might initiate to certify that firms are owned by women and minorities?

Mr. Grabowski:

I only have to assume yes but if we are in fact going to recommit this I'm sure that Director Jacoby could verify your concerns.

Mr. Robinson:

Let me tell you why I raise that issue and I won't belabor it. I said all along that I don't believe that this City's minority business effort belongs in General Services. I believe it belongs in the Office of the Mayor and until the Mayor of this City comes forward and says he's in favor of minority business development and that it will occur, that we'll have the problems that we have now and that is trying to make it work. I'm also concerned that if the URA and other units of government are going to have utilization of this work, that maybe the Mayor's Office would have been the appropriate place for this.

The Mayor stands behind the Task Force; the Mayor has no trepidations in indicating that women ought to be involved in the growth of Renaissance II. I'm concerned that the minority effort is buried in the Department of General Services.

I will make the motion to recommit Bill No. 2484 and ask the Assistant City Clerk if she will send another letter to the Mayor asking will he be kind enough to be here in Council next Monday to address the concerns in the original letter that this Council forwarded to him.

Michelle Madoff seconded the motion.

Mr. Grabowski:

Could we have some discussion on the motion before we vote on it?

The Chair:

On the motion to recommit.

Mr. Grabowski:

Well, the motion was to have the City Clerk send a letter to the Mayor and ask him to physically come to Council and address Council verbally on this issue and I'm sure if the Mayor were to agree I know that at least one Councilmember would object to him speaking at this Legislative Meeting.

Michelle Madoff:

Who?

Mr. Grabowski:

Councilman Grabowski. But perhaps getting this answer in writing may be sufficient.

The Chair:

I have a motion to recommit.

Michelle Madoff:

And you have a second.

The Chair:

All those in favor? Opposed?

WHICH MOTION PREVAILED.

Mr. Robinson:

Perhaps the Chair could give me some clarification. Is it appropriate at this time to ask the Assistant City Clerk to follow up on the original request of the Mayor to appear at a Monday session of Council on the issue of minority women's business?

The Chair:

Monday's Legislative session?

Mr. Robinson:

Yes.

Michelle Madoff:

And I seconded that.

Mr. Robinson:

That's a separate motion from the recommittal.

The Chair:

I have a motion and a second.

Michelle Madoff:

Discussion before we vote on it.

I think it's long overdue for the Mayor of this City to have some dialogue with this Council. It doesn't have to be argumentative, it doesn't have to be combative; it can just be discussion and I think it's long overdue and I think the Mayor should have the good grace to respond to Mr. Robinson's invitation and to be here.

Mr. Robinson:

Mr. President and members of Council, I don't take lightly this issue of minority and women's business development and I certainly appreciate everything my colleagues have done to be cooperative and understanding and supportive and certainly no legislation I introduced would have been passed without the support of those of you who are here and I'm not unmindful of that. But I've raised the questions before about the actions of this Administration on this issue and I've also asked the Mayor if he would be kind enough to respond to this Council's concerns as well as my own. It is my understanding that the Administration has entered into an agreement, a voluntary agreement, obligating this City to do certain things relative to women and minority business development with the U.S. Department of Housing and Urban Development. I raise that question some time ago about where this Administration stood on that issue and what they were going to do. Now, that was done in the face of we already have laws on the books and while Mr. Pellegrini has been very diligent in explaining to this Council what prerogatives it doesn't have, he hasn't been very diligent in sharing with us his role in putting that memorandum of understanding together and explaining to us based on what authority the City Solicitor drafted up that agreement and on what authority did the Mayor sign it and what are the obligations of the City of Pittsburgh under the agreement.

This issue is very important; for one, it would appear to me that that agreement simply confirms the Regan Administration's posture on developing opportunities for minorities and women. I don't know if this Council is in supportive of the Regal Administration on any issue but if we are going to be put in the position of supporting the

President's position on minorities and women, we may be put in the position of supporting the President of the United States position on the cuts in revenue sharing, UDAGs, EDA. And I'd like to know where the Mayor stands and where the Solicitor stands on that memorandum of understanding and whether or not it has been signed and what obligations we have.

This is the reason, Mr. Grabowski, that simply something in writing from the Mayor would be totally inadequate.

Mr. Woods:

Mr. President, correct me if I'm wrong. I don't believe that we can demand or vote the Mayor to appear before us. I could be wrong.

Michelle Madoff:

Ask him.

The Chair:

Michelle, you're out of order.

Mr. Woods:

Am I correct?

The Chair:

I think what he is asking for, not he but this Council requests that he come here.

Mr. Givens:

I would say to reply to Ben, we cannot order him but we can subpoena him if he will not come of his own free will. This body does have that power.

The Chair:

If you have the power to

subpoena, you have the power to order.

Mr. O'Malley:

Im I might, it's my understanding that requesting the Mayor of the City of Pittsburgh to appear in front of this Council is not to address this particular piece of legislation, 2484, for \$12,000 for the certification of business firms, but for the Mayor to explain his general position as it pertains to minorities and women. Am I correct, Mr. Robinson?

Mr. Robinson:

That's correct. The Assistant City Clerk did send a letter to the Mayor pursuant to a motion of this Council to ask the Mayor to be here not last Monday but the previous Monday. To my knowledge, there was no response to our request, either verbally or in writing. I'm simply asking this Council to ask the City Clerk again to write a letter to the Mayor to respectfully request that he come to this Council and address the concerns in the original letter.

The Chair:

What Mr. O'Malley has done is indicate that we're off the agenda.

Mr. O'Malley:

Exactly. So we're not really asking the Mayor to appear in front of this Council to address any particular piece of legislation but a whole array of accusations or innuendoes on his position on any matter, and that I am opposed to.

The Chair:

In view of what Mr. Robinson has said, it would appear to me that it ought to come under Motions and Resolutions.

Mr. O'Malley:

Alright. And I don't see any reason for holding Bill 2484. I mean it's not in my Committee; it's Mr. Grabowski's wish and Mr. Robinson's wish. But personally I don't see any reason why we held this bill in the first place.

The Chair:

Okay, let me see if we can dispose of this thing now. Mr. Robinson, do you agree with my interpretation here? Since you're not asking about a piece of legislation that's now before us then it has to come up under Motions and Resolutions?

Mr. Robinson:

That's fine.

The Chair:

I have a motion and a second to recommit.

All those in favor? Opposed?

WHICH MOTION PREVAILED.

Also,

Bill No. 2485

A Resolution entitled, "Resolution providing for the letting of a Contract or Contracts, or for the use of existing Contracts for the furnishing and installation of overhead doors for the Department of General Services, Code Account 1138, Repairs, Index Code 113803, for payment thereof."

Which was read.

Mr. Givens:

On Bill 2485, it's for the furnishing and installation of overhead doors. You know, we have craftsmen in the City of Pittsburgh; we can go out and buy any door we want and hang it anyplace we want to. So, I have great reservations with that and I'll be voting no on it. I think it can be done in-house.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Robinson
Michelle Madoff	Mr. Wagner
Mrs. Masloff	Mr. Woods
Mr. O'Malley	Mr. Stone
	(Pres't)

AYES 8

NOES 1

(MR. GIVENS VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 2486

A Resolution entitled, "Resolution providing for the letting of a Contract or Contracts, or for the use of existing Contracts for the purchase and delivery of Base Stations, Control Cabinets and Two-Way Portable Radios for the Department of General Services, Code Account 4-30-01-0001-85, Index Code

379312, Miscellaneous Equipment, for payment thereof."

Which was read.

Mr. Givens:

On Bill 2486, I have great concerns and I don't know if I would ask the Chairman to put it back in Committee but it's for the purchase and delivery of base stations and control cabinets and two-way portable radios, walkie-talkies, and also to deliver a base station and control cabinets. I mean, I have to appreciate a walkie-talkie radio I think costs somewhere around \$1,800. I don't know what we're going to do with \$65,000 if we're talking about putting the base station.

I would like someone to tell me how much that base station is going to cost; I think it costs a lot more than \$65,000 or are they just putting one station in there, two stations. I have to know the overall communications of the City of Pittsburgh as to what we're going to do for our total two-way communication within the City and I have great concerns and I hear it every day and I'm sure all Councilpeople hear it every day that we do not have enough two-way portable radios within our Police Department and other divisions within the City. That's my problem.

Mr. Grabowski:

Mr. President, if I could enlighten Councilman Givens. It's not for one base station, I believe it's for three and about 25 or 30 walkie-talkies. That's what the \$65,000 will be spent for.

Mr. Givens:

Base stations are then just receiving stations apparently. When you say base station to me, that means that

is home port. There's only one base station. There can be satellite stations out there that might feed into the base station but the fact that I've been in communication for 20 some years, I think I know what I'm talking about in that ballgame. So, apparently I'm looking at that as satellite stations, they have to be, they can't be anything else but, and the purchase of two-way walkie talkies, which brings us to the greater picture of what is this Council, what is the Administration doing in regards to the total communication package that the Mayor so represented and that one piece of legislation of some \$4.4 million where he wanted to put some \$2 some million, if I can recall, into communications. How does that dovetail or tie into this?

What I'm trying to say is, I don't want to piecemeal something and later on come in and tear everything out and come in with a totally new type of two-way communication for the City of Pittsburgh.

Mr. Grabowski:

To further clarify, the communication system that the Mayor had originally intended to use that \$2 million for was for the Public Safety Department. This legislation is referring to communications for Public Works, Parks and Recreation, departments other than the Department of Public Safety.

Mr. Givens:

Okay, Mr. Chairman and fellow Councilmembers, this is why I have great reservations. Where do we need the walkie-talkies the most in the City? It's in our Public Safety sector. The policemen do not have sufficient walkie-talkies working, workable walkie-talkie radios in the City of Pittsburgh. I see beatmen after beatmen walking the streets, in many cases without functional

walkie-talkie radios. The Fire Department needs walkie-talkie radios; they do not have them.

Here's a piece of legislation that's going for other than Public Safety. I cannot vote on that until we take care of our Public Safety because they're taking it all out of the same pot.

I'm asking, Mr. President, I'll put a motion on the floor, and ask that Bill 2486 dealing with two-way portable radios be put back into Committee until I get the larger picture as to what are we doing with our Public Safety side of the coin.

Mr. Grabowski seconded the motion.

Mr. Givens:

If we're going to buy them let's buy them for the Police and Firemen first.

Mr. O'Malley:

Could you restate that motion, please?

Mr. Grabowski:

We're recommitting the bill.

Mr. O'Malley:

Which bill is that, Steve?

Mr. Givens:

That's 2486 which deals with satellite communications and two-way portable radios. If we're going to put money someplace, let's put it where it's supposed to be, where we have the most number one urgency, and that is our Public Safety area. They don't have them today. Please, let's give them to them and then, sure, Public Works needs

them and sure Parks and Recreation needs them. But as Chairman of Public Works, I'm saying put it in Public Safety.

I just ask that the bill be recommitted for consideration this Wednesday and hopefully we can resolve as to what we're doing in the Public Safety area. If they can say what we're doing in that area to correct that deficiency then maybe this bill --

The Chair:

I'm going to call the question on the recommitment. All in favor? Opposed?

WHICH MOTION PREVAILED.

Michelle Madoff presented

Bill No. 2582

Report of the Committee on Water for April 10, 1985 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2487

A Resolution entitled, "Resolution providing for a Contract or Contracts for Reservoir Security Services, and providing for the payment of the cost thereof."

Which was read.

Michelle Madoff:

Mr. President, this is a landmark bill for this City. This is with reference to the reservoirs where we've had adults and children swimming in the

summertime. We're put a cover over it; they slit the cover. Somebody could drown; we are self-insured. We have ecoli in the water; it is very dangerous, we could get contamination. And finally, we are going to have guards, because they've taken - "they" who are swimming - who have violated the law, have actually taken the fences, knocked them down, taken the gates and thrown them in the water. I think that I want to thank Mr. Wagner who is a member of the Water and Sewer Authority and Mr. Roddey personally for going forward with my recommendation that we have guards at the reservoirs and I think this is really a high point, something productive this Council is doing.

The Chair:

Clerk, call the roll.

Michelle Madoff:

Excuse me, Point of Order. Mr. Grabowski informs me that it is not for guards. Mr. Roddey said it was.

Mr. Grabowski:

Do you want to know what it's for?

Michelle Madoff:

Yes, I do.

Mr. Grabowski:

They're going to install some sort of sound detector on the premises.

Mr. Wagner:

It's a motion detection system.

Michelle Madoff:

My information was that it was

going to be bodies, like we have in the garages.

The Chair:

In view of the information that's new and disclosing, how do you vote?

Michelle Madoff:

I vote to hold the bill.

The Chair:

We're passed that; we're in the vote.

Michelle Madoff:

Let me tell you why I would like to ask to withhold the vote and hold the bill. I talked to them about putting in something that would notify the Police or putting electrical devices in and they said no. Now I smell a rat because I know who is on the Board who has equipment and I want to know whose equipment is going in there. I want to hold this bill for a week. I thought it was bodies; I accepted what I was told. It says "security services"; security services to me means that if someone tells me it's a body I'm going to accept that it's a body. I want to hold the bill for a week.

The Chair:

We started to vote and that's where we are.

Michelle Madoff:

Do you know what it is, Mr. Wagner? Did you know?

Mr. Wagner:

If I may comment, I may be out of order.

Mr. Woods:

That's exactly right.

The Chair:

Before I do that and aggravate what I already have, at this particular point we've begun the voting --

Michelle Madoff:

And I'm asking to rule to let people take their votes back, there are only two or three people who have voted, and to recommit the bill until I can find out what the technology is. It's a very serious matter; it's our drinking water.

The Chair:

It's my understanding that when we were voting there's no discussion while voting. I didn't make that rule.

Michelle Madoff:

Well I think something this serious, since you do make Parliamentary rulings and you change things when it's serious for other people, this is the drinking water of this City and I ask to have it recommitted for a week.

The Chair:

The Chair is going to wipe out all the votes and go back to discussion and once I close discussion we're going to close. It's about time some people get over the self-persecution problems.

Michelle Madoff:

Just because I'm paranoid doesn't mean it isn't really happening.

The Chair:

Then you ought to get over your

paranoia.

Michelle Madoff:

If it stopped happening I'd get over it.

Mr. Woods:

Mr. President, may I comment? This bill was in Committee this past Wednesday. Mr. Smith, the Director of the Water Department, was there and there were no questions asked of the man.

Michelle Madoff:

Because I got information from someone else.

Mr. Woods:

Oh, I did, he was asked, and we were told that it was a surveillance system.

Mr. Wagner:

Mr. President, the fee of \$50,000, if you want to put that in perspective, for a reservoir to be physically stationed by people 24 hours a day, \$50,000 would not be sufficient for one reservoir year-round. Therefore, the money is going to be used for a motion detection system at the reservoirs. However, it still requires that a person monitor those systems to determine if anyone is in fact in the reservoirs. So, it is a cheaper way of addressing the problem.

Mr. Grabowski:

Mr. President, the only reason I made comment to Michelle was because she made an inaccurate statement about the legislation, but I still feel it is a needed piece of legislation. As Councilman Wagner indicated, \$50,000 is

↓ rather cheap way to get around protecting our reservoirs and I think that we should vote on this; I think we ought to support it. But I just wanted to clarify for the record the intent of the legislation.

Michelle Madoff:

In the six and a half years that I've been trying to get this reservoir protected, the idea of electronic devices has come up previously and we've been told they would not work. That's number one.

Number two, I was informed that it was a guard a minimum wage and although it would not be a bad idea to have it all year round the concept was to do it only in the summer months when they were swimming, particularly the Brashear Reservoir. It was for the summer at minimum wage and that's what I assumed the \$50,000 was when they said it was a guard. That's the reason I assumed it was correct information.

Since it's in my department, I would like to hold the bill and find out who is putting in the controls, whose system it is, whether it will work, and then vote on it next week. I ask to hold the bill.

Mr. Wagner seconded the motion.

Which motion prevailed.

Mr. O'Malley presented

Bill No. 2583

Report of the Committee on Public Safety for April 10, 1985 transmitting two ordinances to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2309

An Ordinance entitled, "An Ordinance amending the Pittsburgh Code, Title Eight, Fire Prevention, Chapter 803, Amendments, Section 803.01. Changes specified by amending Section F1702.2 to permit self-service dispensing devices with conditions and deleting the prohibition of such stations." (AS AMENDED IN COMMITTEE) ==
(SPONSORED BY MR. O'MALLEY)

Which was read.

Michelle Madoff:

On Bill 2309, my understanding is that Section 14 which deals with the handicapped persons, an attendant must be available between the hours of nine and five, I have been working, as has Mr. Stone I know, with the handicapped very very closely and I have worked with them to get many, many problems resolved but in this particular instance, since it is an unconstitutional thing to do, I understand that we cannot enforce this, I don't want the bill held up and stop people from putting in self-service stations under the guise that we're trying to do something meaningful for the handicapped. It would seem to me, and maybe I'm incorrect because I'm not an expert, I'm not a handicap that I know of, I say that because there might be other people who might disagree with that in this Council, I would imagine someone driving an automobile is not going to get out of their car to pump their own gas, I believe they would probably use a full-service station, and if it is going to negate the fact that a minority of this Council, 4-5 vote, supported self-service stations and although the editorials are saying Council voted against self-service stations, it was a 4-5 vote, four of us

wanted them, I was one of the people that supported self-service stations as did Councilman O'Malley, and I was the person who met with the owners in my office when they didn't know what to do and suggested that they go to court and I would be an amicus to their law suit. They didn't need me as an amicus, they won the lawsuit, and now I don't want to put another obstacle in their way by saying you can't open self-service stations unless you meet item 14. I think that would be self-serving and saying we really care about people. Let's fix some of the curbs where people can't get in. Let's fix the back door where the handicapped can't get in the building because they don't work. We have handicapped people walking in the front stairs on walkers with somebody lifting their legs. Let's do something for the handicapped; let's not do a f-ke show that we cannot do legally.

Mrs. Masloff:

Mr. President, this was requested by the handicapped people that this be put in and that's why we put it in.

Michelle Madoff:

I know that but I'm just telling you that we have found out that it is unconstitutional; we can't do it because it would negate the bill. Now what do you want to do with it?

Mr. Woods:

Mr. President, that ruling came from our City Solicitor who we just beat up here and told him we didn't believe in his ruling on how to appoint authority members and about different other articles concerning the URA and this Council. It's the same Solicitor that a few years ago told us that it was illegal to pass plant closing legislation but we went ahead and did that also, and a

number of other issues that he told us was illegal. I don't believe this is illegal just like we didn't believe he was legal on some other stuff and that's why I am for this amendment. I am for this amendment because this is one area where I don't believe our City Solicitor's interpretation.

Michelle Madoff:

I would love to keep the item 14 in the bill. I don't think there's a member of this Council that would not support you, Mr. Woods, and support the handicapped recommendation. It would be wonderful to keep it in. But if it's going to stop the bill, if it's going to stop us from going to self-service gas stations, I would not want to use that as an excuse not to allow self-service stations. Where we proceed from here I don't know.

Also,

Bill No. 1862

An Ordinance entitled, "An Ordinance amending and supplementing the Pittsburgh Code, Title Eight - Fire Prevention and Title Ten - Building by adopting a new Title Eight - Fire Prevention, 1984 Edition and a new Title Ten - Building, 1984 Edition."

Which was read.

The Chair:

Is there any further discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Wagner presented

Bill No. 2584

Report of the Committee on Engineering and Construction for April 10, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2382

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a Consultant or Consultants for Architectural/Engineering Services in connection with the Design and Rehabilitation of Roofs on the Public Safety Building and the Department of Public Works Traffic Shop Building; and providing for the payment of the cost thereof."

Which was read.

Mr. Givens:

On Bill 2382, the roofing job for the Public Safety Building, just to put a new roof up there I can't see what we

have to spend \$11,000 for to put a roof on when we have roofers that are here to do that type of job.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
	(Pres't)

AYES 6 NOES 1

(MR. GIVENS VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 2507

A Resolution entitled, "Resolution providing for a Contract or Contracts, or use of existing Contracts, for the purchase of equipment and furnishings for the South Side Riverfront Park; and providing for the payment of the costs thereof."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Wagner
Mr. Grabowski	Mr. Woods
Michelle Madoff	Mr. Stone
Mrs. Masloff	(Pres't)

AYES 7 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 2512

A Resolution entitled, "Resolution providing for an Agreement or Agreements, or Contract or Contracts, for engineering and construction services in connection with the Design and Construction of the Main Salt Storage Dome; and providing for the payment of the costs thereof."

Which was read.

Mr. Givens:

Mr. President, right here we have six bills here in this one committee, totally there's twelve bills on construction. Some of those bills, I have to take each one of them on their own merit and if I feel that they can be done in-house then I vote to have them done in-house.

The twelve bills that came to us today for construction, for contractors, and most of those contractors are outside the City of Pittsburgh; \$350,000. You know, it's almost unbelievable. I don't know if they ever thought of just bringing a good barge up with salt because that's how it's normally

mined by salt areas, but we do it by train and by truck which raises the price about 100 fold probably by the time we get it. I don't know why we just don't get a barge and bring it up the Allegheny River right by our asphalt plant and load it right up there, have our storage facility right along with our other docks centrally located within the City to go many different directions. I will not cause the taxpayers to pay \$350,000 to store salt. I appreciate that the salt that we should get should be on an on-going basis, it shouldn't be there very long, we should use it and have other salt enroute coming in to have a small storage area. We should not be having salt and storage over the whole summertime period, rain does dilute the capability of the sodium materials that we buy.

So, my idea on Bill 2512 is that there's other ways that can be done and should have been thought of rather than doing it this particular way. It's great for the Pennsylvania Turnpike, it's great for many roads. We sit right on the edge of three rivers; let's put the three rivers to use, let's bring the barge right up, park it, and within a couple weeks it will be gone and another barge will be coming on in. It's a very simple way of doing it and saving the taxpayers many many dollars.

Also,

Bill No. 2513

A Resolution entitled, "Resolution providing for a Agreement or Agreements with a Consultant or Consultants for professional geotechnical services on an "as needed" basis; and providing for the costs thereof."

Which was read.

Mr. Givens:

On Bill 2513, no way am I going to spend \$50,000 of taxpayers' money on some geotechnical surveys who come in on an as needed basis. I want to know when they're coming in, I want to know what contracts are being done, where the geotechnical services are being done, because I want that to be done prior to any contracts and negotiations being administered by the City of Pittsburgh. I cannot condone giving a blanket thing to bring some geotechnical service.

I know what projects we have in our Capital Budget. Each one of these I feel should rightfully so, in most cases, get the geotechnical type of work that we need done but to give a blanket consultant \$50,000, we might or might not use it for that particular year. I want to know what projects you're using and what is the cost on that particular project and I'm not going to give \$50,000 out to anybody on that particular one.

Also,

Bill No. 2517

A Resolution entitled, "Resolution further amending Resolution No. 279, effective March 26, 1981, as amended, entitled: 'Providing for a Contract or Contracts for the Reconstruction of Streets, Lighting and Waterline for various areas of Pittsburgh's North Side in connection with the UDAG Program,' by reducing the total project allocation by \$169,143.19."

Which was read.

Mr. Givens:

On 2517, you might be able to answer this, Jack, why are they cutting the UDAG back from the North Side reconstruction of streets, lighting and

waterline for various areas of Pittsburgh's North Side? We put out a Capital Budget and say what we're going to do with that Capital Budget and now we have a reduction of almost \$200,000 out of \$706,000. Maybe I didn't pick that up Wednesday; you departed very quickly and I think these bills went over very fast. Can you give me an answer on that? That one did not have an explanation last Wednesday.

Mr. Wagner:

Bill 2517, all the funds that were originally allocated were not needed to complete the project.

Mr. Givens:

I can't buy that. If they allocated the funds and then they weren't needed, either they didn't complete the projects or the cut the projects short and the people on the North Side then were cut short. This Council has given the grace for the Administration, the Caliguiri Administration, to do work in our neighborhoods and he doesn't have the money. This Council doesn't have the money. We're telling people in our neighborhoods that you're going to get this thing done and here it is in the Capital Budget and then we allocate the monies in this particular project and they cut it short by \$200,000. They cut something out of it. And if they didn't cut anything out of it then someone misjudged projects in the North Side by the tune of almost 30 percent. That is unacceptable.

So, I would like this bill to be put back in Committee, if I might, Mr. Chairman and Jack Wagner, so I can discuss it a little bit more at length possibly with the Director.

Mr. Wagner:

I know we're always complaining about cost overrun —

The Chair:

Let me get a second first if I'm going to get it.

Do I have a second? Failing to receive a second, the motion fails.

Mr. Givens:

Well I'll get an answer on that question. I'm sure the people on the North Side are very interested why \$200,000 of their good UDAG monies was not spent. That's a UDAG North Side program so that's money that we have lost forever and ever apparently. It's too bad we can't recycle it.

Also,

Bill No. 2518

A Resolution entitled, "Resolution providing for a Contract or Contracts, or use of existing Contracts, for Environmental Improvements at various City facilities; and providing for the payment of the costs thereof."

Which was read.

Mr. Givens:

Bill 2518 has nothing attached to it; it's one page. It doesn't tell me what location in the City of Pittsburgh and if we're to allocate \$100,000 for environmental changes again on contract or contracts. It's not specific enough, it doesn't give me enough information. I cannot vote on the merits of the bill itself and there's nothing attached to the bill saying where these locations are located at. That's given a ticket and I

can't give reasonable control to give \$100,000 when I don't know what work they're going to do. There's no way for this Councilman here to verify that this work will even be done.

Also, .

Bill No. 2519

A Resolution entitled, "Resolution providing for a Contract or Contracts, or use of existing Contracts, for Safety Code Compliance at various City facilities; and providing for the payment of the costs thereof."

Which was read.

The Chair:

Is there any further discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski
Michelle Madoff
Mrs. Masloff

Mr. Wagner
Mr. Woods
Mr. Stone
(Pres't)

AYES 6

NOES 1

(MR. GIVENS VOTING NO)

And a majority of the votes of Council being in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

Mr. Givens:

Rather than the Chief Clerk, I'd like to read the Resolution at my desk here and then make some comments on it.

This resolution is for Navy Captain Michael Estocin, a former resident of Turtle Creek. He has been the only person in Allegheny County to have received the Medal of Honor while serving in Viet Nam. If you wonder why I single out one individual, he is the only Congressional Medal of Honor winner in the City of Pittsburgh. Captain Estocin of the U.S. Navy landed an aircraft back on August 26, 1967. That aircraft was so shot up that when he landed upon the aircraft carrier immediately it was destroyed, exploded. That was his last mission on his third tour of Viet Nam. He was shot down over North Viet Nam and for that reason how he conducted that meeting he was given the Medal of Honor. To my knowledge, Captain Estocin was the only Medal of Honor winner known to be a living POW in Viet Nam kept in captivity.

Mr. Givens presents

No. 2585 WHEREAS, Navy Captain Michael Estocin, a former resident of Turtle Creek, Pennsylvania, was shot down with his plane on April 26, 1967 during his third tour of duty in the Vietnam War and subsequently declared Missing in Action, (M.I.A.); and

WHEREAS, in July of that year, Captain Estocin was seen in a North Vietnamese prison camp and officially declared a Prisoner of War, (P.O.W.); and

WHEREAS, Captain Estocin was the only resident of Allegheny County to receive the Congressional Medal of

Honor for service in Vietnam, and was also honored with the Distinguished Flying Cross and the Purple Heart, as well as having a naval frigate, the U.S.S. Estocin
F.F.G-15, named after him; and

WHEREAS, his wife Marie, three daughters, and his entire family have never ceased hoping and praying for Captain Estocin's safe return and refuse to accept the designation of Presumptive Finding of Death, (PFOD), declared ten years after he was shot down.

NOW THEREFORE,

BE IT RESOLVED, that the Council of the City of Pittsburgh on behalf of the citizens of the City of Pittsburgh, join with the family of Captain Michael Estocin in their heartfelt longing for their beloved hero and enlist our prayers for his hoped for return.

Mr. Givens moved to adopt the resolution.

Mr. Wagner seconded the motion.

Which motion prevailed.

The Chair presents

No. 2613 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, reappointing David Epperson of 115 Murtland Street, Pittsburgh, PA 15208 as member of the Urban Redevelopment Authority for a term to expire December, 1989.

Which was read.

Also,

No. 2614 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, appointing Ronald C.

Schmeiser of 5612 Aylesboro Road, Pittsburgh, PA 15217 as member of the Public Parking Authority for a term to expire December, 1989.

Which was read.

Also,

No. 2615 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, reappointing Eugene Scanlon of 1431 Termon Avenue, Pittsburgh, PA 15212 as member of the Stadium Authority Board for a term to expire January, 1990.

Which was read.

Also,

No. 2616 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, appointing Stephen S. Grabowski of 466 42nd Street, Pittsburgh, PA 15201 as member of the Urban Redevelopment Authority for a term to expire December, 1989.

Which was read.

Also,

No. 2617 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, reappointing Edward Walkowski of 221 South Evaline Street, Pittsburgh, PA 15224 as member of the Board of Adjustment for a term to expire January, 1987.

Which was read.

Also,

No. 2619 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, reappointing Gerald Fox of 7124 Apple Avenue, Pittsburgh, PA 15206 as member of the Board of

Adjustment for a term to expire January, 1986.

Which was read.

Also,

No. 2621 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, reappointing Joseph Mistick of 89 Pius Street, Pittsburgh, PA 15203 as member of the Board of Adjustment for a term to expire January, 1988.

Which was read.

Also,

No. 2623 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, reappointing Nicholas Musulin of 429 Forbes Avenue, Pittsburgh, PA 15219 as member of the Board of Code Review for a term to expire 1987.

Which was read.

Also,

No. 2625 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, reappointing Frank Schroeder of 515 South Aiken Avenue, Pittsburgh, PA 15232 as member of the Board of Code Review for a term to expire 1987.

Which was read.

Also,

No. 2627 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, reappointing Samuel Zionts of 1316 Pinewood Drive, Pittsburgh, PA 15243 as member of the Board of Code Review for a term to expire 1987.

Which was read.

Also,

No. 2629 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, appointing Lela Hill Burgwin of 5700 Fair Oaks Street, Pittsburgh, PA 15217 as member of the Historic Review Commission for a term to expire December, 1987.

Which was read.

Also,

No. 2631 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, appointing Diane Samuels of 330 Sampsonia Way, Pittsburgh, PA 15212 as member of the Art Commission for a term to expire January, 1986.

Which was read.

Also,

No. 2633 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, appointing Ms. Pamela Peterson Johnson of 2432 Maple Avenue, Pittsburgh, PA 15214 as member of the Human Relations Commission for a term to expire March, 1988.

Which was read.

Also,

No. 2635 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, reappointing Ms. Alma Fox of 7124 Apple Avenue, Pittsburgh, PA 15206, as member of the Human Relations Commission for a term to expire July, 1988.

Which was read.

Also,

No. 2637 Communication from

Richard S. Caliguiri, Mayor, City of Pittsburgh, appointing Mr. Edgar W. Michaels of 1196 Beechwood Boulevard, Pittsburgh, PA 15206 as member of the City Planning Commission for a term to expire January, 1990.

Which was read.

Mr. Robinson:

I'd like to know whether or not any of the appointments that were read by the Assistant City Clerk refer to vacancies that have existed for more than 60 days; that is, vacancies that have existed for more than 60 days since the term of the previous incumbent expired.

Linda Johnson:

I don't know that right offhand.

Mr. Robinson:

I would suggest we get that information. It would seem to me some of these appointments might fall into the same categories as appointment to the URA. I don't know how many are reappointments or new appointments but the issue is the same; they are people who are serving out terms where their original appointment has expired, and the Mayor may now be trying to reappoint them beyond the 60-day point. If he is, my motion is the same. The Mayor doesn't have the prerogative to do that once the 60 days have passed, and I hope we get some clarification on that, some written, legal, confirmed clarification before this Council takes any action to review these recommendations from the Mayor.

Mr. Wagner:

Would you put that in the form of a motion?

Mr. Robinson:

So moved.

Mr. Givens seconded the motion.

The Chair:

Can I make a suggestion here? Why don't we just hold these and let them go through the process, and at that point you get your information and vote them up or down.

Mr. Robinson:

No, because, Mr. Chairman, if we accept these recommendations from the Mayor without determining whether or not they are legal, then I think that we are proceeding on an incorrect presumption. I am not presuming that these appointments are, indeed, meeting the mandates of the law, and if any of them fall into the category where 60 days have passed since the incumbent's term ended I would submit the Mayor does not have the power to appoint a replacement, that that power rests with City Council.

Mr. Woods:

Mr. President, from now until the two-week period when they would appear before Council, I am sure we would have that information.

The Chair:

That's what I suggested but he doesn't want it to go that way. It can go to Wednesday and hold it until you get that result.

Mr. Robinson:

I don't understand the urgency to accept these recommendations today.

The Chair:

I don't think anyone —

Mr. Robinson:

I mean even allow them to be introduced, why we even allow them to be introduced, unless we can confirm, as the Assistant City Clerk can confirm, there is no one in the category I just mentioned, then I am willing to support their introduction, but if we can't confirm that, it would seem to me we need to know in advance whether or not the Mayor is proceeding in a legal fashion.

The Chair:

Do you have a legal interpretation that says the appointment power is not concurrent after 60 days?

Mr. Robinson:

It is not a question of whether I have that information, the question is whether it can be certified by the Assistant City Clerk or Mayor's Office.

The Chair:

I'm not trying to put you on the spot, but I feel strongly that after that it is concurrent and it would be in order, but —

Mr. Robinson:

I don't understand it to be concurrent. I think we need to get some legal clarification on where we stand, because every time I raise this issue of vacancies on boards and commissions it appears to me that the Administration sends over 30 or 40 appointments. I don't know what the motivation is or whether what the procedure is.

The Chair:

Linda, put them all back until next week. Next week give him the information and I will present them.

WHICH MOTION PREVAILED.

Mr. Wagner:

I have one question in regard to all those names. If you did not choose to put them back until next week, what Councilmatic procedure would bring for confirming those appointments, would it be today, or must they come in front of us in Committee?

The Chair:

They will be presented next Monday, and, depending on what information you have, I will entertain some action before this body.

Mr. Wagner:

Would it be final action next Monday?

The Chair:

It could be, if that's what you want, since most are reappointments. Ordinarily, if they are new we hold two weeks and bring them to the table.

Mr. Wagner:

The procedure is, just to clarify, if it is a new appointment those people would appear in front of Council at Committee. If it is a reappointment —

The Chair:

You could do it next week or ask them to come forward, with a reappointment. There has been no hard and fast rule.

Mr. Wagner:

Would that need support of the majority of Council.

The Chair:

Yes.

Mr. Wagner:

So, in other words, the names that were introduced today could be voted on today?

The Chair:

No, we held it back.

Mr. Wagner:

But I am under the impression — as a matter of fact, I recall in the past we have done that. A name is introduced and —

The Chair:

On the day they are introduced, if it is Council's wish they can approve them that day.

Mr. Wagner:

Which leads to my next question. When did the City Clerk's Office receive those names from the Administration?

Linda Johnson:

Today.

Mr. Wagner:

So, consequently, the Councilmembers that are here today, that's the first time we knew about any of those names, at the time you read them.

Linda Johnson:

Yes. Of course, all Councilmembers have received copies of all the appointments and communications by mail.

The Chair:

Yes, but today.

Mr. Wagner:

This Councilmember hasn't received anything as of yet, and I think it is very premature that we are put on a spot to vote on something that is thrown at us through the reading of that proposal, rather than us having time to research whether or not we want to vote on that and the quality of the individuals for the positions, very key positions.

The Chair:

I think that's right. As soon as we get them, send them out to everybody, who the appointments are.

Linda Johnson:

You have a two-week waiting period.

The Chair:

Still, tell them in advance there's going to be some presentation. That's been a rule all along.

Mr. Wagner:

We have a procedure here on Council that we should have something in writing 24 hours in advance prior to voting on it, and it appears to me as if that same procedure is not applying to the Administration with these names, and I think that is very unfair that we hold that procedure to guide ourselves,

but we don't hold our procedure to guide the Administration.

The Chair:

Jack, that's why I pulled it back. Everybody will know; we can control it from here on out. If you don't get it to the Councilmembers in advance, then we hold it.

Mr. Givens:

I have some other discussion, Mr. President.

It was very disturbing to me this last Wednesday that there was dedication of the McArdle Roadway when most of the Councilmembers could not attend. I think it is disgusting that that happened that particular way.

On the other side of that coin, I was very disgusted that it took five years for the City of Pittsburgh to finish the various phases of the McArdle Roadway. Can you imagine any business person that has an on-again-off-again type business, as they have with McArdle Roadway?

Do you know what is happening in the Bloomfield area of the City for eight years? For eight years we have been without a major artery, the Bloomfield Bridge, that at the time of closing serviced 28,000 vehicles. Now they are going through Polish Hill, Shadyside, East Liberty areas of the City of Pittsburgh, Lawrenceville, via all the back streets and neighborhoods.

Our Downtown area was torn up for almost a three-year period. It's a wonder that we have any business people left within the City of Pittsburgh. Why can't we do a project and complete it at least within one season? Here we are now tearing up Grant Street, which is

phase one, two and three on Grant Street. We are going to have Grant Street torn up probably a block at a time, so I assume it is going to take probably five years to complete the Grant Street development. We cannot do this to our business community out there. We must complete something. They finally cut the ribbon. I'm glad I don't live on Mount Washington, I think I'd be throwing some people over the hill and might when I cut a ribbon for the Bloomfield Bridge.

I am totally disgusted and aggravated about the Bloomfield Bridge. I told the people of Polish Hill and Bloomfield how this Councilman felt. I told them it would be three to four, even up to five years and they booed and jeered me at that particular time. Now we're at the eight-year mark getting into the last phase. Last phase of what — last phase of the Bloomfield Bridge. Did they forget the arteries that are going to connect with it? Did anyone ever see the diagram made so many years ago? Look at it, Jack, that interconnect on the Bloomfield side. We have a major development over there. We are going to build a bridge? It is going to be built to nowhere because when the bridge gets built then we are going to start working on the Bloomfield side of the bridge, and also the Bloomfield side of the bridge they're going to have a bridge with no interconnections. Yes, the final phase of the bridge is completed, but not the final phase.

The other side, the Boulevard side of the Bloomfield Bridge has as much work to be done on it, probably even moreso, than the Bloomfield Bridge itself. You've got overhead, underpasses, additional bridges, no lights, and intersections, major undertaking. It is very sad this City and Council sits here and tolerate that. When we go into a

particular project in this City we should fund that project, fund it up front and do the whole bloody bridge at one time, or whole bridge and intersections at one time. That is 28,000 people or vehicles, more people if you go by one and a half, 21 and three-quarters people per vehicle, that's the way I think they figure it, are going to be also stopped when they close the Boulevard. So now they're going to have the Boulevard. That probably handles up to 35 vehicles a day, plus 28,000 or so, that gravitate over the Bloomfield Bridge. We are going to be up to some probably 45,000 or 50,000 vehicles, one and a half or so, one and three-quarters people, so add it up, 60,000 or 70,000 people are going to be inconvenienced.

How long is it going to take for the other phases to be completed? I don't know. And, it is very disturbing to me that something is not done about it. It is just delay after delay after delay, and it is very, very sad the people of the City of Pittsburgh have to put up with that type of administrative failure. That's all I can call it, administrative, Caliguiri administrative failure, and if you don't think so go to any other town and see if they would put up with it.

Mr. Woods:

In defense, one thing I can't speak for all the delays up there — I know this is Jack's committee — but we got this thing about the Bechtold ordinance, if we didn't pass this State pollution-control, emissions control bill —

Mr. Givens:

It held it up eight, nine, ten months.

Mr. Woods:

It held up a lot of money for

design and ordering. That is not all the reason, but that is why a lot of these projects are held up.

Mr. Givens:

That is acceptable. That is eight months to a criteria of eight months or five years.

Mr. Woods:

They knew they wouldn't have this money. They couldn't order. They didn't have money out for engineering.

Mr. Givens:

When the order came in that was the final thing. Until they came in, PennDOT accepted everything until the court order came in. When the court order came in I assumed there would be some answer to that.

Mr. Wagner:

May I respond to that? This is my committee and I agree with Mr. Givens in some respects. McArdle Roadway and Bloomfield Bridge have had a lot of delays and taken very long; however, since the new Engineering and Construction Department was created, I believe they have worked diligently on those two projects and they have progressed during that period of time. McArdle is open, the people are happy. Bloomfield Bridge will be open in the latter part of 1986. Engineering and Construction Department is committed to that. The reason why there are funds available. The reason why these projects go in different stages such as Grant Street and such as the Parkway East and West, one year one portion is done, another year another portion, is that, quite frankly, the funding is only available from the Federal government in stages and if it was available at one lump

time we would do all of Grant Street at one lump time and do the Parkways at one time. However, that is not the case and we are at the mercy of the Federal government that funds 80 percent of these projects. So, therefore, they are completed in stages and there are inconveniences for longer portions than we desire.

Mr. Givens:

I can say to you the inbound and outbound lanes, generally speaking, on the Parkway, if you are going to use that as an example, you always have that little passage to go both ways. It was maybe one lane of traffic, but they at least kept it open for people who wanted to use it and had to use those particular roadways. That is not so within the City of Pittsburgh. You come down and it is a blank stop on many of our major streets and there are no businesses other than off the interchange of those, and they probably suffered, but at least people could get to them. In our particular case, you had to go several miles around in order to get to the businesses that were up on top of these hills, and to do it that way is, to me, non-acceptable. The money might come in in stages, yes. We can wait until we get the appropriate money, but who has to fund the programs? We must fund them up front, as we all know, and 80 percent of the McArdle Roadway was refunded by the State, that \$3 million, all but 20 percent of that was refunded back to the City of Pittsburgh. But we have to put up the initial money up front. What I am saying is, put that money up front; do the project; get refunded, and go on to your next project. Don't have 10, 15 projects going at the same time and you don't have enough money to do all of them. Good engineering or not, it is not good politics, not good business.

I have one other subject, if I

night. It is alarming to me to sit here today and read in our local newspapers about the Public Safety head, the person they are going to select. You, above all people, Mr. President, Mr. Stone, sat here and said why not Pittsburgh? You voted accordingly and I say to you and my fellow Councilmembers, why not Pittsburgh? I cannot tolerate to sit here and think we have qualified people here in the City of Pittsburgh and Public Safety didn't come in — that was the number one issue in the past budget, and it passed. And the Mayor decided in November to bring this Public Safety person aboard. There is still none aboard. Then when they get down to the three finalists to be picked by some panel — I don't know who — Oh, they told us who the panelists were, but they are not the officials of the City of Pittsburgh, and I want to know everyone that came before the City of Pittsburgh, and maybe we can make some selection, because I'll be darned if I'm going to sit here and let some person come in from California, St. Louis, Birmingham, or some little town in West Virginia and say they're going to run the Public Safety of the City of Pittsburgh. We have qualified people right here. I challenge the Mayor to say who that person is going to be. He has the final selection, yet no one is here from the City of Pittsburgh. One of the highest employees of the City of Pittsburgh could do, and because of that person our own Public Safety Department would move up and take over that chair. We have a vacancy down below and somebody else can move into that. Who are we then creating to come in here? What person knows the City of Pittsburgh like our own people know it today? I scorn this Administration, the Caliguiri Administration, on what they are doing, what they are doing to the public safety of the City of Pittsburgh.

Yes, we are going to have a Public

Safety Department, but I held up that budget, and that budget shows an eight percent reduction in public safety for the people of the City of Pittsburgh. I sat here for 10 years and saw our Police Department go from 1,500 plus to a little over 1,000 plus under the Caliguiri Administration. Now we are to sit here and say we are going to put someone in charge of that reduced force in the City of Pittsburgh.

Mr. Woods moved to approve the Minutes of Monday, March 25, 1985 and Monday, April 1, 1985.

Mr. Wagner seconded the motion.

Which motion prevailed.

And on the motion of **Mr. Woods**

Council adjourned.

Municipal Record

Proceedings of the Council of the City of Pittsburgh

VOL. CXIX

Monday, April 22, 1985

No. 16

Municipal Record

ONE-HUNDRED TWENTY-THIRD COUNCIL

ROBERT RADESTONE President
MICHAEL PERRY City Clerk
LINDA M. JOHNSON ... Asst. City Clerk

Pittsburgh, PA
Monday, April 22, 1985

PRESENT:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. O'Malley	(Pres't)

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

PRESENTATIONS

Mr. Givens presented

No. 2586 Resolution transferring \$25,000.00, the encumbered balance in Code-10, Resolution No. 434, effective May 23, 1979 to the Community

Communications Trust Fund (CC).

Which was read and referred to the Committee on Finance.

Also,

No. 2587 Resolution providing for the letting of a Contract or Contracts or for the use of existing Contracts for equipment, services and supplies for the purchase and installation of audio equipment to service the City of Pittsburgh Government Communications Cable Channel and the Municipal Services channel, at a cost not to exceed \$25,000.00, chargeable to and payable from the Community Communications Trust Fund, Bureau of Cable Communications, Department of Public Works.

Also,

No. 2588 Communication from Louis R. Gaetano, Director, Department of Public Works, requesting authorization for Gregory Regan and Henry Hurt to attend the North American Television Institute in Philadelphia, PA, from June 19-20, 1985, at a cost not to exceed \$1,375.00, payable from Community Communications Trust Fund.

Which were read and referred to the Committee on Public Works.

Mr. Grabowski presented

No. 2589 Resolution providing for the issuance of a warrant in favor of Automotive Parts Company, in the

amount of \$699.68, for payment of parts erroneously believed to be covered under Contract, for necessary repair of City vehicles, payable from Code Account 1148, Automotive Parts, Department of General Services.

Also,

No. 2590 Resolution providing for the issuance of a warrant in favor of Wheel and Rim Sales, in the amount of \$3,044.75, for payment of parts erroneously believed to be covered under Contract, for necessary repair of City salt trucks.

Which were read and referred to the Committee on Finance.

Also,

No. 2591 Resolution providing for a Contract or Contracts, or use of existing Contracts, for various Public Buildings Maintenance Service, at a cost not to exceed \$25,000.00, chargeable to and payable from the Bureau of Repairs & Operating Maintenance, Department of General Services.

Which was read and referred to the Committee on General Services.

Michelle Madoff presented

No. 2592 Resolution authorizing and directing Pittsburgh City Council to hire a Legal Advisor on a part-time basis. —(SPONSORED BY MICHELLE MADOFF)

Which was read and referred to the Committee on Finance.

Mr. Robinson presented

No. 2593 An Ordinance supplementing the Pittsburgh Code, Title Six, Conduct, Chapter 603, Parades and

Crowds by adding Sections 603.01 (c), 603.04, 603.05 & 603.06 (wearing of identity concealing devices). Providing for the prohibition of wearing masks, hoods, which conceal the identity by hiding the face or other devices to conceal identity.

—(SPONSORED BY MR. ROBINSON)

Which was read and referred to the Committee on Public Safety.

Also,

No. 2594 Communication from Robert H. Lurcott, Director, Department of City Planning, requesting authorization for reimbursement to Reginald Young for attendance at a meeting of Community Development representatives in Philadelphia, PA, on March 12, 1985, at a cost not to exceed \$325.00, payable from the 1984 CDPA. Prior approval granted by Council March 5, 1985.

Also,

No. 2595 Communication from Robert H. Lurcott, Director, Department of City Planning, requesting authorization for Reginald Young to attend the Annual Spring Conference of the National Community Development Association in Washington, D.C., from May 20-22, 1985, at a cost not to exceed \$800.00, payable from the 1984 CDBG Program, Department of City Planning.

Which were read and referred to the Committee on Planning, Housing and Development

Mr. Wagner presented

No. 2596 Resolution providing for a Contract or Contracts for the Cleaning and Painting of the Mission Street Bridges, at a cost not to exceed \$250,000.00, chargeable to and payable

from Code Account EC-85-07, 4-13-05-0002-85.

Which was read and referred to the Committee on Engineering and Construction.

Mr. Wagner moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Woods seconded the motion.

Which motion prevailed.

Also,

No. 2597 Resolution providing for a Contract or Contracts, or use of existing Contracts, for the renovations of various ballfields, including but not limited to Magee Field and Springgarden Field, at a cost not to exceed \$50,000.00, chargeable to and payable from Code Account EC 85-33.

Also,

No. 2598 Resolution providing for a Contract or Contracts or use of existing Contracts for renovations of various playgrounds, including but not limited to the following sites: Enright, Osceola, Springgarden and Alton, at a cost not to exceed \$155,000.00, chargeable to and payable from Code Account 84-06 - \$30,000.00; and Code Account 85-34 - \$125,000.00.

Which were read and referred to the Committee on Engineering and Construction.

Mr. Woods presented

No. 2599 Resolution providing for the issuance of a \$3,072.60 warrant in

favor of Gayle Cochran for property damage by a Bureau of Refuse vehicle, payable from Code Account No. 46, Judgments.

Also,

No. 2600 Resolution Repealing Item C of Res. No. 971, approved November 7, 1984, which authorized the sale of property in the 8th Ward, being a vacant lot, located on Juniper Street, designated as Block 26-H, Lot 67, to Donald L. Thornquest, for the sum of \$450.00.

Also,

No. 2601 Resolution Repealing Item I of Res. No. 1269, approved December 5, 1980, authorizing the sale of property in the 13th Ward, located at 7306, 7312 Stranahan Street, designated as Block 174-B, Lots 40-42, to Thomas C. Miller and Quanita P. Miller, his wife, for the sum of \$900.00.

Also,

No. 2602 Resolution Repealing Item I of Res. No. 1334, approved December 23, 1982, which authorized the sale of property, located in the 25th Ward, on Fountain Street, designated as Block 23-H, Lot 294, to George R. Logsdon, for the sum of \$500.00.

Also,

No. 2603 Resolution amending Item C of Res. No. 250, approved March 26, 1985, which authorized the sale of property in the 6th Ward, being a vacant lot, located on Herron Avenue, designated as Block 2-E, Lot 199, to Donald Thinnies, for the sum of \$300.00.

Also,

No. 2604 Resolution providing for the filing of a petition or petitions for

the sale of certain property or properties acquired at a tax sale in accordance with Act No. 514 of 1947 as amended.

Also,

No. 2605 Communication from Melanie Smith, Director, Department of Personnel, requesting authorization for Georgine Scarpino to attend a conference sponsored by the Manpower Demonstration Research Corporation in New York, N.Y. from May 1-3, 1985, at a cost not to exceed \$625.00, payable from the JTPA-1 Trust Fund.

Which were severally read and referred to the Committee on Finance.

The Chair presented

No. 2606 Petition from the residents of the City of Pittsburgh, requesting a public hearing concerning the allowance of greater unput by City residents in the appointment of a member of City Council to the Board of Directors of the Urban Redevelopment Authority. (This petition is valid in accordance with Section 320 of the Home Rule Charter).

Which was read and referred to the Committee on Finance.

Mr. Woods moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Wagner seconded the motion.

Which motion prevailed.

UNFINISHED BUSINESS

The Chair:

Concerning the appointment to the URA Board, it's my understanding that the Mayor was adamant in his position. He made an appointment and the appointment he made under the Enabling Act of the Urban Redevelopment Authority was Mr. Grabowski and as I understand it, Mr. Grabowski was sworn in this morning. It's one of those appointments that does not need, as I'm told legally, confirmation from Council. It is purely an informative thing.

Secondly I thought that we had but do not have yet, we may still get it, a transcript of what happened last Monday. But at any rate, what we did as of last Monday was to freeze our entire discussion as to where it was at that moment. We attempted to freeze the proceedings as to where they were last week and Mr. Robinson had one that he wanted legal counsel to give a legal interpretation and I believe it was on two points. The other one was that he wanted Council, namely me, to rule on 9A3 and the third one was to withhold any appointments pending all of that.

That's where we are right now and we'll pick up from there.

Mr. Robinson:

Mr. President, my position is still the same. There's a motion still on the floor from last week from the Planning, Housing and Development Committee to secure legal assistance to process the necessary legislation coming before the Committee and I believe there was a second to that motion.

The Chair:

Can I just do one thing here relative to your request on 9A3. The same language in 9 applies to every committee and indicates the various committees and then uses the same phraseology throughout it. Whatever the committee, you shall have the charge of and jurisdiction over all ordinances, resolutions, bills, papers and other matters relating to that particular committee.

I think 9B should also be read in conjunction with that and it says that each standing committee shall be composed of all members of Council. The Chairman of each committee shall be designated by the President of Council to serve for the same term as the length of the President of Council.

In view of that, it would appear to me that your request for a motion is in order but I don't think that based on one individual off of that committee that we can withhold papers but I do not have any problem with entertaining a motion to that effect. I think it's a decision that has to be from all of Council since each committee is composed of nine Councilpersons.

Mr. Robinson:

If I might respond, Mr. President, it would appear to me that we're talking about the very basic prerogatives in the legislative process. It is unfortunate that the Chair has not seen fit to perhaps attempt to resolve this issue other than here in public but inasmuch as that was the decision of the Chair I'll have to respect it.

All legislative bodies, whether it be this Council or the State Legislature or the Congress of the United States, have a committee system. That

committee system is founded upon certain basic principles and its those principles that I'm asking the Chair to address. The rules are very clear that the Chair shall enforce all rules. The Chair of every committee does have the prerogative to control the legislation that flows through that committee. Whether or not that prerogative is extended to me or not is another issue and perhaps cannot be dealt with here in Council. But I think to suggest that legislation can proceed without the input of the Chairperson of the committee is ludicrous at best and I think it strikes at the whole very issue that perhaps I am going to be unable to serve my constituents either because the Chair is unable or unwilling to give to me the same prerogative that is given to the Chairperson of any committee in any legislative body in the world that I know of. I just have a lot of difficulty with understanding the reluctance of the Chair not only to enforce Rule 9-3 or 9A3 but to deal with the very concept of a committee structure and the very notion that committee Chairpersons must have some prerogative.

What I would ask the Chair to do is, if the Chair is unwilling to enforce that rule in reference to myself, I'd ask the Chair to relieve me of my responsibilities as Chairman of this committee and then to meet with me and my attorney to take the appropriate action. I'm very serious about this and evidently the only way that I can deal with it is to ask the Chair to relieve me of my responsibilities because I will not serve as Chair of this committee if the President will not preside on my behalf and will not preside on behalf of my committee. It comes down to that. Evidently the Chair has chosen not to try to resolve this issue elsewhere; it has been discussed with the Chair.

I'm sorry but this appears to be

the only way to resolve it so I respectfully request that the Chair resolve this issue by relieving me of this responsibility and making arrangements for me and legal counsel to sit with you at an appropriate time and discuss this matter further.

The Chair:

If the Chair might, respectfully I'd like to say that I don't know that the Chair has the single exclusive power to rule the way you are asking the Chair to rule. In view of the fact that 9-B is part of 9 which says that there is a committee of all Council on every committee, I don't know that I have the right to say that because one person, be he Chairman or anyone on that committee, asks that bills be held, that I have that prerogative and exclusive right to grant that request over the other eight people.

Mr. Robinson:

That's not my concern at this point, Mr. President. I'm asking the Chair to relieve me of the responsibility of chairing the committee, to meet with me and my attorney so that we might resolve the issue of whether or not I'm being denied an opportunity to serve my constituency. It's as plain and simple as that. I know of no other way.

The Chair:

But I have to clear up the first part of it, Mr. Robinson, because in fairness, and you're aware that there have been times when a Chairman has not presented a bill in his committee. So in view of that, what I'm trying to do is set a precedent and stay with that precedent whether it applies to you or to anyone else on this Council.

Mr. Robinson:

Mr. President, the precedent has been set. The Record will reflect that Chairpersons of committees have always had the prerogative to control legislation in their committee. I'm simply saying that if the Chair is unwilling to extend and enforce that prerogative in reference to myself, then I'm asking the Chair to take action to relieve me of that responsibility because I refuse to serve on this Council and not be able to function as a Chairperson of a committee. It's ludicrous to appoint someone as Chairperson of a committee and then as the Chair not give them your full support in fulfilling their function. I'm saying to you it's a much deeper issue and evidently it's an issue of whether or not Councilman Robinson is going to have an opportunity to have input into the operation of this Council as a Chairperson of a committee. Since you don't seem to be willing to support me in that regard, relieve me of that responsibility and as a Councilman I'd like to meet with you with legal counsel to address this larger issue of whether or not I'm going to be able to function on this Council. If today I cannot have input into legislation submitted to my committee, I suspect that tomorrow I will be excluded from introducing legislation and I want to try to deal with this issue just as quickly as possible.

The Chair alluded to the fact that there was some attempt to resolve this issue in the past week; that is not true and I will not sit here on this Council and allow the Chair to suggest that the Chair made any attempt until 15 minutes before this Council session to contact me about any of the issues that were discussed last week.

I'm asking the Chair to respectfully relieve me of this responsibility so that we might get on to

the more important issue and that is whether or not I'm going to be able to function on this Council equally with my eight colleagues.

The Chair:

Hold on a minute. I still want it made very clear that the Chair does not have the single exclusive power to grant your request. The Chair will entertain a motion from you that no piece of legislation come through this Council and if the Committee, namely all Councilpeople, vote along those lines out of respect or if that's what they want, fine. I don't think that the Chair has the sole prerogative and I want that clearly understood and kept on the Record for this instance or any other instance. I do not have that sole power. If every one of you Councilpeople here says, "I don't want any bill coming through my committee", and you only want it, the City stops. That's a major issue. It seems to me that the only intelligent way and logical way to handle it is to make the request, which you have a right to do, and at that point this Council decides whether or not we stop all bills at this time.

Mr. Robinson:

Mr. President, it is the prerogative of the Chair, pursuant to the rules, to appoint all committees and to dissolve all committees. I'm asking you to withdraw my appointment as Chairman of this committee and to meet with me and my attorney to address the larger issue. It's not a question of whether or not anybody can introduce legislation into this Council; it's a very fundamental and basic question and that is whether or not the Chair is going to enforce the rules and adhere to the basic structure of a legislative assembly which is the Chairperson of committees have prerogatives. It's rather obvious. I'm

simply saying that if the Chair is unwilling or reluctant to take action on its own, that you can't now give that responsibility to my colleagues; I'm saying you should do it. If you won't do it, I'm asking you to relieve me as Chairperson of this committee because I plan to serve as Chair of the committee and I plan to enforce those prerogatives that I think I have. You are the President, the presiding officer. If you are not willing to support me then I'm willing to accept your decision to relieve me. But I am not going to submit to my colleagues to determine whether or not I have a prerogative which anybody who studies Political Science 101 knows I have. Every member of this Council has the same prerogative and I refuse to have you as President put me in that position. I voted for you to preside, not for my colleagues. And if you can't make the decision, relieve me of this responsibility.

The Chair:

I cannot do anything more than tell you that as I've read Rule 9, taking into consideration not only 9A3 but 9-B as well, every committee is composed of nine people and since you have not gotten a vote from this entire committee, one single person, it appears to me, cannot ask that no bill come into this legislation. Now they can, if they get the consent of the committee, which is this Council body, but as President of Council I singularly and solely and exclusively do not have that right. It's not a matter of whether I want to or whether I lack the intestinal fortitude to do it, which I have the ability to do.

Mr. Robinson:

Mr. President, I requested that you secure a legal interpretation relative to if you have the power to do what I requested. You certainly have the power

to relieve me of my responsibility and again I respectfully ask you to relieve me as Chairman of Planning, Housing and Development and to meet with me and my attorney to discuss the larger issue and that is whether or not I'm going to be able to function on this Council to serve my constituents.

The Chair:

Relative to relieving you from your position, it's not my intent to remove you at this present moment. I have no reason or cause to do it.

Mr. Robinson:

Then Mr. President, no bills will physically be accepted by my committee for introduction until this issue is resolved and I respectfully request that you meet with me and my attorney to try and resolve this issue.

The Chair:

I have no problem with that.

Michelle Madoff:

May I call to the attention of this Council, if memory serves me well, that some years ago I believe it was Councilman Robinson, correct me if I'm wrong, introduced a bill that all committees would be comprised of three members of Council. Am I correct?

Mr. Robinson:

Correct.

Michelle Madoff:

And the purpose of that was so that when there was a major issue, something of vital significance, there would not just be the input of one body but of three minds.

At that time, it was determined that we did not have the right to have each committee be three people, we can also pull the transcript of what transpired during that period, because it was determined at that time that each person who chaired a committee was indeed like a committee in the Congress. A bill didn't come out of the committee unless the Chairperson determined that the bill would come out of the committee.

I find myself in exactly the same dilemma as Councilman Robinson. The other day I refused to have a bill introduced with reference to security on reservoirs. The bill was introduced over my head. I now have some evidence or data to substantiate that we were given a snow job. I have the documentation which I will present when the bill comes up for a vote. I was denied the opportunity to hold the bill, all I wanted to do was hold it because somebody else, and I think in good faith, I don't think it was done maliciously, Councilman Wagner felt that we ought to protect our reservoirs with electronic devices even though Richard Cosentino for six years has told this Council repeatedly that we're wasting money and I as the Chairperson of the Water Committee do not have the right to hold back on my bills.

So, I will join Councilman Robinson in litigation and I want to see once and for all, if he's not willing I'm willing to make a motion before this Council that indeed Committee people have the right to have all bills go through their committee.

I also think we need a legal opinion on that because I don't think it's valid to have a private club membership of this body that votes in a majority, usually 5-4, most frequently, sometimes not that way because they may really

believe in the issue, illegally overvote what is correct legally because they have five votes. In other words, to clarify what I'm saying, if I put forward a motion right now that indeed we go back to not precedent, which has been set, we always allowed somebody else to introduce a bill because, as you pointed out, maybe the City could come to a stop if bills didn't go through, without allowing at least a reasonable time. All I did was ask to hold the bill and I was denied that privilege as the Chairperson of my committee.

There's something drastically wrong and we need a legal opinion, not from the City Solicitor's Office but from an independent solicitor until we hire our own, that says yes or no, that we have the right as the Congress does to keep something in committee or bring it out of committee. That has never been clarified and what has been clarified is the way this Council operates is to say, "Well, it's always been done that way; we set a precedent, therefore, we'll do it that way." Well the precedent used to be that when you went into a booth to vote it said "vote for five". Well, I took it to court and it was changed to "vote for up to five" or "no more than five" or whatever, if it's judges ten or whatever. And the reason the Election Chief or Board of Elections, I forget his name, was asked why he did it that way, why is he lying to the public, I was in court, his answer was, "because we've always done it that way". And always doing it that way doesn't make it right. It was changed legally in the courts and I'm asking that we clarify this position right now and I'm prepared to make a motion to my colleagues that Mr. Robinson feels he does not wish to make, that we do not permit any bills to come out of any committee without it coming from the committee of the person who heads that committee and not to go on precedent and to get a legal ruling on whether that

is acceptable.

Mr. Givens:

If I'm to understand, you had introduced all the appointments —

The Chair:

Dick, I'm sorry, maybe because of my voice and not being close enough to the mike, you may not have heard everything. We're picking up from last week's discussion that was tabled and brought back and the only issues before us at this point are those issues, namely, one was that URA not forward any legislation to the committee.

Secondly, there was a request for a legal opinion on that matter and the third one was a matter of 9A3 to which as I've alluded I don't think that I have that sole power.

Mr. Givens:

That last one —

The Chair:

Whether or not when a Council Chairman says to the President, "Hold bills for me", whether I have the right to grant that or do I have to take that from the Councilpeople as to whether they want it or not.

Mr. Givens:

So under Old Business we are not discussing any appointments, just those three points that were held last week. Okay.

Mr. Wagner:

Mr. President, I have one question on procedure. Will we be voting today on the confirmation of any appointments to

any authorities?

The Chair:

We have some appointments which were brought in last week and if you'll recall, we asked about the 24 hours of information. Those will be presented now because we've obviously had those within the 24 hour period.

There is another one that came in today. Linda didn't get the letter to them until when? Friday, Linda?

Linda Johnson:

Today.

The Chair:

Today. A letter from us to them of the 24 hour notice did not go to them until today. So, I'm going to present it to you as to whether or not you want to take it today or hold it until next week.

Mr. Wagner:

So, just to follow up, we will be voting on boards, commissions and authority appointments. Is that correct?

The Chair:

No, we're going to present those things today for further disposition. In most cases I guess we're going to hold for one or two weeks until we meet those people with the exception of reappointments. Well, it's up to you what decision you make.

Mr. Wagner:

With the exception of reappointments, does that include authorities?

The Chair:

There's one piece of legislation dealing with someone to be appointed to an authority but not to appoint them because, as I understand the Mayor's legal position, he and he only has the exclusive authority to appoint to that authority by virtue of the Pennsylvania Enabling Act relative to that particular authority. We don't have to confirm it; it's received and filed, I think.

Michelle Madoff:

Is that Mr. Grabowski?

Mr. Wagner:

That will come up today.

Michelle Madoff:

I didn't get an answer to my question, sir. I asked the question and you just went right on to somebody else. I had asked the question about making a presentation to this Council that we do not go because it's been precedent to break the rules to continue breaking the rules and to get a legal opinion as to whether the Chairman of the committee does indeed have the right to issue bills out of their committee.

Now, how do we deal with that? If necessary, I will join Mr. Robinson in litigation to clear it up once and for all. I don't think it should have to go that way; I think it should be cleared up right here and now. You said, and we can get a direct quote because it's a matter of record, Mr. Stone, and correct me if I'm misquoting you but I don't think I am, you said, "I am going to allow someone else to introduce a bill because we've always done it; it's been precedent." We've broken the law, we didn't do it correctly, so we're going to do it incorrectly again.

The Chair:

That is far from what I said.

Michelle Madoff:

Then what did you say, sir?
Correct me.

The Chair:

I said that I do not have the sole
and exclusive —

Michelle Madoff:

I'm not talking about today. When
this issue came up previously about
introducing a bill, and I may be in error,
it may not have been you, it could be Mr.
Woods, I could be out of order, someone
stated, and we can get the transcript,
that we've always permitted bills to be
introduced by someone else. Therefore,
we've had a precedent set. I think it was
the Parliamentarian who said that. When
he was asked to rule, he said, "We've set
a precedent by breaking the rules" — he
didn't say by breaking the rules — "It's
been precedent and therefore, if it's
precedent, we can continue doing it."
I'm saying that I want to go back to the
rules, not to the precedent. I believe it
was you, was it not, sir?

Parliamentarian:

It was in reference to a motion to
approve.

Michelle Madoff:

Right. And I wanted it to come
out of the committee and you said
precedent has already been set;
therefore, we can do it because —

Parliamentarian:

Anyone can make a motion to

approve.

Michelle Madoff:

Yes, and that is what I'm asking to
break the procedure of precedence
because it isn't, I believe, legally correct
and to go back to the rules which are
that only the person who heads a
committee can introduce a bill. So, if
Sophie doesn't want to introduce a bill, I
can't say that I'm overriding Sophie and
I'm introducing a bill. Or if Jim O'Malley
who has a bird if you have something in
the Safety Committee and someone else
introduces a bill in his committee.

The Chair:

Alright, you've made it clear.
You want to do that. Until you do it, the
rule as it is now is applicable and the
rule —

Michelle Madoff:

How do I go about doing it?

The Chair:

Right now we live by the rules
that we now have.

Michelle Madoff:

How do we change the rules?

The Chair:

By introducing a piece of
legislation again or some rule change
which says that this is the way we'll
operate in the future.

Michelle Madoff:

Could that be a floor motion?

The Chair:

I think if you look at Council's rules it will tell you how it's done.

Michelle Madoff:

It cannot be a floor motion? I think we might check with the Parliamentarian. Can it be a floor motion?

Parliamentarian:

Council Rules specifically address that and I'll call your attention Rule 12: "No Rule of the Council shall be amended or changed except by a 2/3 vote of the members elected thereto and after one week's previous notice to the members of Council in writing of such change desired to be effective."

Michelle Madoff:

Does that apply when precedent has overruled a rule? If we had not obeyed our own rules, and that is exactly what Mr. Robinson is talking about, don't we have the right to go back and say, "Let's obey our own rules."?

You're saying the precedent wiped out the rule; is that what you're saying? I heard what you said. You just want me to go back and say that I introduced a bill that we should not obey the rules as they were written in the first place. I'm not stupid; I wish a lot of other people weren't.

Mr. Robinson:

Mr. President, on Councilman Wagner's concerns about the appointments, I have two appointments that I have submitted pursuant to my understanding of the rule that Council has the ability to appoint after 60 days have passed and the Mayor has not made

an appointment. If there are any appointments to be considered today, I'd like my legislation relative to appointments also to be considered because, as I understand it, there are two appointments that the Mayor has made where I have suggested some other appointments and I'd like Council to consider my issue at the same time they consider the Mayor's.

The Chair:

I have no problem with that.

I think, Mr. Robinson, if I'm understanding you now, and I'll ask your assistance at this moment, the only active point we have at this point is whether or not we have legal counsel appointed as to the power of this Council over the Urban Redevelopment Authority. Am I correct?

Mr. Robinson:

Well, Mr. President, inasmuch as you at this point will not relieve me of my responsibilities and you have ruled as Chairman of this committee that my action on bills is subject to the will of all members of Council, it would not be appropriate at this time to ask Council to provide to the committee any legal assistance. I am still proceeding on the assumption that Chairpersons of committees have prerogative and inasmuch as you have not clarified it for me and are not willing to allow me any prerogatives, I certainly withdraw my request for any legal assistance and again make a request that the Chair relieve me of my responsibility as Chairman of Planning, Housing and Development.

Michelle Madoff:

Resign, Bill.

The Chair:

Okay, we will now move on to Reports of Committees.

REPORTS OF COMMITTEES

Mr. Woods presented

Bill No. 2607

Report of the Committee on Finance for April 17, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2480

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Pittsburgh Cycle Center the amount of \$666.89, for payment of parts for three-wheel motorcycles."

Which was read.

Also,

Bill No. 2481

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Morris Paper Company, in the amount of \$767.70 for payment of three-part carbonless paper, which was double-shipped by the vendor and inadvertently accepted by the City."

Which was read.

Also,

Bill No. 2482

A Resolution entitled, "Resolution

providing for the issuance of a warrant in favor of Anderson Sales & Services, in the amount of \$3,966.25, for specialized towing services due to the breakdown of City equipment during special events."

Which was read.

Also,

Bill No. 2483

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Welsh Equipment Company, in the amount of \$2,150.90 in payment of specialized parts for the City's refuse trucks for necessary repairs."

Which was read.

Also,

Bill No. 2489

A Resolution entitled, "Resolution authorizing the issuance of a warrant in favor of Fairview Floral Shop, in the amount of \$1,027.00 in payment for the purchase of plants and florists' supplies, furnished for the benefit of the City without previous authority of law; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2490

A Resolution entitled, "Resolution authorizing the issuance of a warrant in favor of Edward Simon and Company, in the amount of \$1,137.50 in payment for sound equipment rental and services for concert and cinema in the Park Programs, furnished for the benefit of the City without previous authority of law; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2491

A Resolution entitled, "Resolution authorizing the issuance of a warrant in favor of Allen and Company, in the amount of \$1,896.82 in payment for the purchase of locks for Parks facilities, furnished for the benefit of the City without previous authority of law; and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
	(Pres't)

AYES 8 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 2500

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a qualified consulting firm for professional services to conduct

a Flexible Benefits Study for the City of Pittsburgh, at a cost not to exceed \$24,000.00, chargeable to and payable from Code Account 1063, Miscellaneous Services, Index Code 106302, Department of Finance, and transferring \$24,000.00 from Code Account 45, Health Insurance, Index Code 004507 to Code Account 1063, Miscellaneous Services, Index Code 106302."

—(SPONSORED BY MR. O'MALLEY)

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
	(Pres't)

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 2526

A Resolution entitled, "Resolution providing for the issuance of a warrant to Clinton Brown, c/o Michael R. Kelly, Esquire, Renshaw Building, Pittsburgh, PA 15222, in the amount of Five Thousand Five Hundred Dollars (\$5,500.00), in full settlement of a claim for alleged employment discrimination

and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
	(Pres't)

AYES 8 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Also,

Bill No. 2529

A Resolution entitled, "Resolution providing for a Professional Services Agreement or Agreements for the administration of the City's Workers' Compensation Program for a period of three years beginning July 1, 1985 to June 30, 1988, and providing for the payment of the cost thereof, subject to annual appropriations, at an annual cost not to exceed Five Hundred and Fifty Thousand Dollars (\$550,000.00), chargeable to and payable from Code Account 44, Workmen's Compensation Fund, Index Code 004408, Department of Finance."

Which was read.

Mr. Givens:

On Bill 2529 for professional services for a period of three years beginning 1 July 1985 to the tune of almost \$1.6 some million or workmen's compensation, I asked that documentation be presented to me Wednesday for Monday's consideration of this bill and I have not received anything to my knowledge on that. I cannot be assured that the professional services have been rendered in the past and our workmen's comp have in fact held down our workmen's comp. I have heard people in the field and the City that indicate that some of the medical diagnoses that has been done has in fact brought people back to --

Mr. Grabowski:

Mr. President, did we not incorporate a rule into the Rules of Council prohibiting debate after the vote has been called for?

The Chair:

You are correct.

Mr. Givens:

Well, I didn't have an opportunity to address myself at that time. I'll be very brief. I'd like my remarks from Wednesday's session to be brought forward on the Workmen's Compensation case.

Mr. Wagner:

Mr. President, may I have my remarks on Bill 2529 be brought forward for the Record?

**(MR. GIVENS' & MR. WAGNER'S
REMARKS ON BILL NO. 2529 FROM
WEDNESDAY, APRIL 17, 1985)**

Mr. Givens:

Number one, it appears we are going into a contractual relationship that extends the period of the existing Administration. I have concern about that. The possible next Administration may not want to be bound by this Professional Services Agreement. That's the one thing.

Two, has this been a bid contract, or is this an ongoing contract; and, three, would you give us a little detail of why this program should continue and what benefits have been made to the City of Pittsburgh.

Mr. Schmeiser:

First, relative to the fact it is a three-year contract, will extend beyond the present term of the Mayor, it is subject to annual renewals. That is a three-year understanding. If we should select a new Workers' Comp. Administrator the Administrator would not be interested in gearing up; he would have to make a commitment for three years. The present Administrators they selected would take a one-year's contract, I'm sure, because they already have their people in place, office in place, so it is a three-year contract that is subject to annual renewals, in other words, subject to annual appropriations by Council, so, therefore, it is cancelable. It would extend from at least July 1, 1985 to June 30, 1986.

Mr. Givens:

On the second part of my question, is this Professional Services a continuation of an existing contract or new contract that will go out on bid?

Mr. Schmeiser:

It's going to be a bid process.

Mr. Givens:

On the third, why should the City continue to pay almost a half-million dollars on professional services on compensation? Do we not have people within the City that can handle Workmen's Comp., and how much money has been put into this particular Workmen's Comp. in the way of professional services over the last couple years, and what gains have we received from it? I'm talking about a little over \$1.5 million here to go out, and I need some facts and specific reasons, and they did not join the legislation.

Mr. Schmeiser:

The principal reason, but by no means the only reason, why we have an outside Workers' Comp. Administrator is because we are mandated to have one by the State. If we didn't have one we couldn't be self-insured. We would have to buy an insurance policy, which I am told could cost \$30 million a year, or more, which we are now spending about \$13 million, so it is prohibitive not to continue to be self-insured, and we can only do so with an outside Workers' Comp. Administrator.

Furthermore, we feel we are getting quite a number of benefits by having a professional administrator. We put our program in order, we think; for the first time this past year the cost has leveled out and we are starting to put permanently disabled people back to work, and we think we have a good program to control the cost, very excessive cost, we have for Workers' Comp.

Mr. Givens:

Well, between now and Monday I'm sure there have been some reports given to us, but if you could possibly summarize that for Council. You say some people have been put back to work. I want to know how many people have been put back to work in relation to prior to this Professional Services Agreement coming into existence in the City. I have to appreciate that the laws says you have Workmen's Compensation Agreements. That doesn't necessarily have to be to the tune of \$550,000.00 a year.

THE CHAIR COMMENTS

Mr. Schmeiser:

That's the maximum. It is a bid contract.

Mr. Givens:

The scope of the bid, is that all within the resolution itself? I mean, does the resolution spell out exactly what this Professional Services Agreement is going to do, and how does it vary from the previous Professional Services Agreement?

Mr. Schmeiser:

It won't vary at all. It will be the same. I will send you a copy of the contract we presently have, which outlines the scope of service.

Mr. Givens:

I think it would be very beneficial for Members of Council to have the present service contractor on the Worker's Compensation to come before this Council prior to passing this resolution right here to give us some of his findings. I know there is a report

that comes out annually, a fairly thick report, but what I am looking for is justification for continuation of this Professional Services Contract regardless of who gets it. I need some information.

If we are going to extend over about one point almost six million dollars in the next two years for Workmen's Compensation I have to have justification as to how effective is this program and to what extent we want to go into it for the next three years. I don't think it is unreasonable. It is probably the second largest service contract this Council has to approve.

THE CHAIR COMMENTS

Mr. Givens:

This is the first time I've seen these bills, and if we can't have on week —

THE CHAIR COMMENTS

Mr. Wagner:

Mr. Chairman, Members of Council, Bill No. 2529 pertains specifically and only to Workmen's Compensation, is that correct?

Mr. Schmeiser:

Correct.

Mr. Wagner:

This piece of legislation, I feel, is justified in the sense that it falls under a contract for professional services in that it is a very highly specialized service that is provided due to its being highly specialized and part of the insurance industry, which is a very competitive business at this time, and we found out last year how competitive it was with

the five or six companies that bid, I think it qualifies for a contract of that type. I say that for a particular reason. I feel certain services within the City qualify to go to contract and others do not. I believe the ones that are not highly specialized should be done in-house, and I know I had a recent issue and I just wanted to make that point. There is a distinct difference between what is capable in the services within government and what we are not capable of doing.

In regard to this legislation in the amount that would be encumbered, \$550,000, Mr. Schmeiser, wasn't the figure last year for the contract somewhere less than \$400,000?

Mr. Schmeiser:

That is to the Administrator directly, then we, as an adjunct to that contract, we hire a law firm for \$100,000 a year to defend Our Worker's Compensation cases with Worker's Compensation Referees.

Mr. Wagner:

Is that part of this?

Mr. Schmeiser:

That is part of it.

Mr. Wagner:

Is it specifically indicated in here somewhere?

Mr. Schmeiser:

It may not be specifically indicated, but that was contemplated.

Mr. Wagner:

Shouldn't that be in this

legislation if we are actually going out to contract two different companies, or is it through the Worker's Compensation Program?

Mr. Schmeiser:

The Administrator hires the law firm subject to the approval of Our Solicitor.

Mr. Pellegrini:

The goal is we do not get into a position where when we judge the results of the contract that they say, well, this Law Department or this law firm was responsible for the experience not going down from the law department. It is a no-win situation. If the rates go up, if Our experience was good it is to the credit of the Administrator; if it was bad it's the Law Department's fault, so we said in that area from start to finish you have one person responsible for the entire operation.

Mr. Wagner:

So, based on that, and based on those figures, the program will cost us \$387,000 plus \$100,000 for the legal services, or \$487,000?

Mr. Schmeiser:

That's right.

Mr. Wagner:

Will the scope of services change in any way for this contract in comparison to the present contract?

Mr. Schmeiser:

No, it will not change in any way.

Mr. Wagner:

Based on the bids that came in last year from five or six companies, I believe that lowest bid was somewhere around \$250,000 and the highest up around \$465,000?

Mr. Schmeiser:

That's about it.

Mr. Wagner:

Don't you think we are encumbering too many dollars here, based on the fact that this is a very minor part?

Mr. Schmeiser:

I don't think it will cost \$550,000. I agree. We always put a figure in to get us sufficient, and we are going to go to the lowest bid; however, in this instance, as you know, Mr. Wagner, because you were there, bids can be misleading, because different providers commit different levels of service, and different levels of personnel. For instance, the \$250,000 bid had three or four people included in the service and Volpe-Rogal has about 13.

Mr. Wagner:

That leads me to my next question. What guidelines, what commitments, what performance standards are we requiring of these people in terms of personnel, numbers of personnel, numbers of manhours, as part of the contract devoted towards the City, and what breakdown pertains to the Safety Service, Claims Service, Rehabilitation Service, all of which can have a significant impact?

Mr. Schmeiser:

It is going to be just like last year. They are going to have to defend their proposals. If they are saying they can do this with four or five people they have to defend that, and we ruled out those people because we have pretty good experiences of what this takes.

Mr. Wagner:

How are we measuring their performance?

Mr. Schmeiser:

It is very difficult to measure performance of this nature, except for what the final cost is of Our program, and fortunately it is leveling off, as I indicated.

Mr. Wagner:

To what degree is this contract providing safety services and working closely with the Administration?

Mr. Schmeiser:

Well, we think that we'd like more emphasis on safety, as I know you do, and that is one of the things we're looking for.

Mr. Wagner:

Well, what is your feeling, or what performance — how would you evaluate the performance of the present company along those lines for the last year?

Mr. Schmeiser:

I'd say generally it is good, that there is a big improvement in their operation. They are not giving us the assistance in safety that we wanted, but, of course, we cut back their time there.

We cut their fee because we picked up some of it, that's right, but those are the things we are going to be looking at.

Some of the other providers last year were very strong in safety and were very high on the list in the final selection process.

Mr. Wagner:

I know a light-duty program was implemented in one of the departments, I believe it was the Police Department.

Mr. Schmeiser:

Yes.

Mr. Wagner:

Have we made any progress in implementing any light-duty positions in any other departments where we have a high number of Workmen's Compensation claims?

Mr. Schmeiser:

The light-duty program is one of the reasons Our costs are moderating. It perhaps is not going quite as quickly as we hope, but we have a lot of problems within the City, union people and the like, getting people back to work, but we are now in the process of looking at permanently disabled people and sending them to Harmarville Rehabilitation, and there is a report I just received the five people he looked at, one person is ready to return to work as a Policeman full-time, back to the Police force, as a result of what they have done to him; two people will return to alternative duty out of the five. This is going to save us \$600,000 out of liability.

Mr. Wagner:

In terms of Our objectives, we

only have it within the Police Department right now, correct?

Mr. Schmeiser:

Yes, we have had some difficulty with getting the firemen to accept this program.

Mr. Wagner:

How about the Refuse Department?

Mr. Schmeiser:

I'm not certain about the Refuse Department.

Mr. Pellegrini:

See, the problem when you start doing this, the fire problem, they are saying a light-duty position is bid and everybody has a right to bid on that, so that has to be resolved if we decide to use a light-duty position for someone to be temporarily assigned. They say they have to bid, so that issue has to be resolved. The other issue is there are not that many positions in the Refuse Department that people can be used for light-duty.

Mr. Wagner:

Well, my question is, light-duty has been very effective in saving this City a lot of dollars, \$14 million that we spend each year in Workmen's Compensation losses. We know it has been effective in one department. What are Our objectives in implementing it in other departments, and possibly every department, in the City of Pittsburgh, Parks and Recreation, Water Department, etc.? Why are we not progressing into other departments with that same program if we know it is extremely effective in one?

Mr. Schmeiser:

Well, there are a lot of obstacles in working this out, Union rules and the like.

Mr. Wagner:

How can we get around these obstacles?

Mr. Schmeiser:

We've been working on it.

Mr. Pellegrini:

The three big ticket items are Police, Fire and Refuse. The rest are white collar.

Mr. Wagner:

There are other departments.

Mr. Pellegrini:

In the scheme of things there is where the major problems are.

Mr. Wagner:

Light-duty can be implemented in Parks and Recreation, Water Department, General Services Department; we can go right down the list. It can be implemented, and it has only been implemented in one, and what I am asking is why only one, and what are Our objectives here? By the end of 1985 are we going to have it in half the departments?

Mr. Pellegrini:

Number one, most of the departments really — a lawyer breaks a leg and can walk into the office and still practice law, so light-duty is really not a problem in most of the white collar end

and in some of the recreation end because people can do their job even though they have an injury and the rate of injuries are much lower.

The other area is where you have your most, in the blue collar, Police, Fire, Refuse and EMS, and what you have to do is, the light-duty positions created in the Fire Department, the union has to go along as to whether or not this is an option for us. The other one is negotiations have to be made to allow — not within the department, you can always do these within the department — uses for the individual. The problem is, do you allow them to perform functions in another job, for instance, being a Refuse worker we may have something that can be done in Parks, or whatever. You've got to go to the Parks union and they have to agree to accept that, and that is the real problem. You run into a real union problem.

Mr. Wagner:

Why are we not — I don't want to get off on the deep end — why are we not incorporating this into Our negotiations with the union contracts?

Mr. Pellegrini:

It is, and it is part of the bargaining effort, and just as with anything else with union contracts it takes several years of bargaining between unions throughout the City, but the big problem right now is in the Fire union.

Mr. Wagner:

I think the problem is in basically the Administration putting this as a high priority item and pursuing it. We have right now in excess of 500 people on permanent Workmen's Compensation disability. That is one-tenth of the labor

force of this City. I personally feel that half of those people, half of those 500 can be working within this City, within the various departments, Public Works, Water, etc. It is a question of whether or not we are pursuing aggressively a light-duty program.

Mr. Pellegrini:

And the aggressiveness comes up once a year, because you can't negotiate those contracts -- those contracts are negotiated at the end of each year. There has been discussion on going on the light-duty concept. The Police Department was easy to implement because the positions were available, and you don't have a provision under the Civil Service Law that everyone has an automatic right to bid. It would have been implemented in the Fire Department. If you take those two you are talking about 70 percent, at least 60 percent of Our Workmen's Compensation cases, so those are the ones we put emphasis on. The other ones we deal with, Parks union, about allowing other unions to accept a reference from another bargaining unit, that's a hard negotiating thing.

Mr. Wagner:

My suggestion is when you go into bargaining with the various unions in this City that this be the number one priority item. We cannot any longer afford to have 500 people on permanent Workmen's Compensation, and that is just a reality. Our workforce in this City isn't 5,000 as we pay every week, it's 5,000, and 500 of the 5,500 are not working, and what I am suggesting is that a significant portion of that 500 can be working. It is a matter of us placing a priority to bring them back to work, as we have done within the Police Department, and I feel if the desire is there to accomplish that objective it can be accomplished, and it

has to be put on the top of the list in terms of negotiations and the priority to get these people that are capable of working, that have sharp minds, maybe their bodies are not capable, but they are generally experienced workers, also, and they have something to contribute to this City.

The question is for us to work out whatever needs to be worked out with the various unions, with the various departments, and get them back to work.

Mr. Pellegrini:

I agree, and that is always a priority. In fact, the permanent hope, there is an effort going on to find not only with the City under the Worker's Compensation cost, if you find --

Mr. Schmeiser:

We are working on it with suppliers to the City, for instance, let me say, because it is right on point, word process now is selecting five security firms to patrol the Parking Authority garages, and one of the provisions will be --

MICHELLE MADOFF COMMENTS

Mr. Schmeiser:

Five. --that these security firms hire out permanently disabled employees, men who are capable of doing that service. We already have two people like that.

MICHELLE MADOFF COMMENTS

Mr. Schmeiser:

Twenty or thirty jobs.

Mr. Wagner:

I would just like to sum up by saying, as a request, I agree this course is needed. I would suggest to my colleagues we don't have to encumber \$550,000. I think it is too much. We can make these contracts more competitive. We can come in at lower figures, like we did last year. We found how competitive this market really is and came in at a figure \$387,000, significantly lower than these contracts more competitive. We can come in at lower figures, like we did last year. We found how competitive this market really is and came in at a figure \$387,000, significantly lower than anyone thought, and somewhere under \$300,000. I think we can have a contract of this type for less money. I think we can incorporate more of the safety services, not through the contract but within City government, but we have to expand this while thing into many departments and into negotiation of contracts within unions, because it all has an overall impact on that \$14 million.

MICHELLE MADOFF COMMENTS

THE CHAIR COMMENTS

Mr. Wagner:

I would suggest, and we are going to begin to have a means of monitoring this through the cost allocation or the charge-back program at the end of the year where every department will now have to budget Workmen's Compensation loss and if we can get the ball rolling on the light-duty, bring some of those 5,500 people back to work, we can significantly impact on the Workmen's Compensation losses.

I'd just like to add one additional item. I imagine this is a request for proposal. Johnson and Higgins is not part

of this?

Mr. Schmeiser:

It was an oversight, and we are advertising. We have already put an ad in the paper, so if Johnson-Higgins is interested not only will we contact them but that is just a sample list.

Mr. Givens:

Some of my concerns, echoed by my sophomore Councilman over there, Jack Wagner --

MICHELLE MADOFF COMMENTS

Mr. Givens:

Second year, I guess that's sophomore. Jack, you did bring out the interesting points that this Councilman for a number of years has been advocating. Light-duty is something I talked about on this Council for a number of years, long before we ever had a Workmen's Compensation Professional Services in the City of Pittsburgh. I can just look at Our 911 communications system and say we can have some light-duty Police, Fire and Emergency Medical people working down there. They have an understanding of what is going on in the real world where emergency forces are being deployed. That is not the case where we have hired a completely new group of people to do that particular function, but what I started out here too, and still feel very strong on, we have to measure the performance of any contract that is being given to the City of Pittsburgh and the magnitude of this particular contract.

Volpe-Rogal, I assume, has done a fine job, good people, communicate well with Council, including him, however, when it is going out for bid, three-year bid, it's a new ballgame and, as

Councilman Wagner so pointed out, I think we have to get the best-qualified people at the lowest price, and I want to see some major performance. If I don't see it, then I'm not going to renew that contract or ask that the contract be renewed or put pressure on them.

When we go out for these contracts we must have, in the bidding contract, instead of criteria we want, service, what we want this City to do for being Workmen's Compensation in the City of Pittsburgh, be it in the safety area, Workmen's Compensation area, recycling people back into the workforce, and other capacities. The City of Philadelphia has been doing it for years and years and years, every department in Our sister City. Philadelphia, Pa., has been doing this for a long, long period of time and they have some of the hardest bargaining labor unions in the country in Philadelphia. Why can't we do it in the City of Pittsburgh, and I have asked myself that question. I have asked that question to Ron Schmeiser, to all Directors, to the Professional Services that we have right now in Workmen's Compensation I'm still not getting the answers that I want back. As a result, I have questions to spend this amount of money unless I can see some results, and I want to see the parameters of the actual bidding process that you have. Why then didn't all companies in the country receive notification on this bid? This is not a select area. There are many companies, in fact, I think when we first bid this there were some 16 companies or better, if I can recall, or better that had actually made some type of overtures to get this contract, and then it was much more than \$550,000 per year. I'd like to ask Director Schmeiser.

Mr. Schmeiser:

Your question is what?

Mr. Givens:

What type of bidding process do we go through?

MICHELLE MADOFF COMMENTS

Mr. Schmeiser:

We have 14 firms identified.

Mr. Givens:

I'm thinking there were 16 back a few years ago. It was a new area. How many on this one?

Mr. Schmeiser:

Fourteen, but it is not limited to these 14. Don't you understand? These are 14 that have been identified, and we put an ad in the paper so that we open this up to the whole country.

Mr. Givens:

How much does that ad cost?

Mr. Schmeiser:

I don't know.

Mr. Givens:

About how much?

Mr. Schmeiser:

I really don't know. It's a legal ad.

Mr. Givens:

Generally when we put a legal ad that is of a national scope.

Mr. Schmeiser:

We don't put it in the "Journal" or anything. First of all we prefer a local

firm, but it is not limited.

Mr. Givens:

I prefer local firms on everything, but I look at legislation after legislation and I don't see local firms doing 80, 90 percent of Our contracts, so don't talk about local firms to me.

Mr. Schmeiser:

I'll talk about local firms. When we have qualified local firms we prefer to have them, and we have a lot of qualified local firms here, plus the national firms.

Mr. Givens:

In the bidding process what parameters in advertising do you say we want from this particular contract what is the bidding process?

Mr. Schmeiser:

How do we solicit proposals?

Mr. Givens:

How do you solicit a Professional Services Agreement Contract? I assume you have to have certain requirements, you have to say what this company is going to do for the City of Pittsburgh, what scope of work.

Mr. Schmeiser:

Yes, we do it on a general basis, the type of work we are doing, then after we get expressions of interest and determine who we feel to be the best five or so that are qualified, then we give them a specific scope of services so that they can respond and we will evaluate their response and, most likely, will have personal interviews with those firms. That's what we have done in the

past and will, most likely, do now.

Mr. Givens:

I think a bidding process, like any bidding process, should be open. I think you or somebody in the department, or even the out-going or present person, one thing you should request of them is to write up scope of work. Naturally they will write it up for their expertise, but you have to look over their shoulder and add or subtract that from what you want, if we're going to pay them, what are we really looking for? We have looked for reducing the compensation cases by a safety program within the City of Pittsburgh. We just hired last year a good safety manager. I don't know if he's good or not, he's a safety manager, yet at the same time, we have to go out and contract here just a couple weeks ago to have a safety consultant to tell how the safety manager should operate. Yet we have in this particular one, if we are paying Workmen's Compensation, yet we still don't have the type of program that I can see in every department that really lines up to what I have been trying to work with for 10 years in this Council, that is having a good safety program.

In the bidding process I would suggest to the Director that the parameters of this bidding process be made so it is very clear english, point a, b, c, d, of what you want and the scope of the work that you want, and I think that can be done very nicely by the outgoing particular contractor; if he is supposed to be knowledgeable in this, then I think he should be responsible to submit to you some type of a schedule of what type of work should be done, has to be done, what the cost factors are for this present company to do that. I think that should be part of the ongoing process. Number one, once you get through the bidding process, once you get through the bidding process you have to

handle it to select a particular company, could you elaborate a little bit, who, what is the make-up of this panel and how many? Who was in the make-up of this particular panel?

Mr. Schmeiser:

You mean last year?

THE CHAIR COMMENTS

Mr. Schmeiser:

I don't recall who specifically is on the panel. I'm going to ask Steve Schillo. The three from Our department were Steve Schillo. The three from Our department were Steve Schillo, Ben Benedetti who was Our benefits coordinator. He's left the City and has been replaced, and myself, plus we had opened an invitation to Council as observers, and three members of Council who made input into the selection process.

MICHELLE MADOFF COMMENTS

Mr. Givens:

And who were the three members of Council that —

THE CHAIR COMMENTS

Mr. Givens:

That's all right. I've no problem with that.

In previous bidding proceedings and panels, who was on the first selection of the Workmen's Compensation when it first come on to the City?

Mr. Schmeiser:

Well, that was back in 1980 or

1981 before we — we didn't even have a formal procedure last year. But at that time, the selection was made by George Jacoby who was then my deputy and myself. We made the recommendations to the Mayor.

Mr. Givens:

And who within Council?

Mr. Schmeiser:

At that time, nobody from Council.

Mr. Givens:

In this last bidding proceeding, I think it was brought out — how many people bid last year?

Mr. Schmeiser:

There were more than ten that expressed an interest.

THE CHAIR COMMENTS

Mr. Schmeiser:

I don't know. It was more than ten, and we narrowed it down to, I believe, six who made formal proposals.

Mr. Givens:

Of those six, that was the lowest bid?

Mr. Schmeiser:

Somebody bid below \$300,000.

Mr. Givens:

What was the highest bid?

Mr. Schmeiser:

I don't recall.

Mr. Wagner:

It was 485.

Mr. Schmeiser:

485?

Mr. Givens:

485. And of that group, what was the professional — Volpe Rogal, what was their bid?

Mr. Schmeiser:

Well, they bid something higher than 387. We decided —

THE CHAIR COMMENTS

Mr. Givens:

Excuse me. Please, don't interrupt me. I'm asking questions to the Director, and I want the Director to answer, and I'll continue on. What is the present cost of the present cost of the present contract for —

Mr. Schmeiser:

It's \$387,000 for Volpe Rogal, and \$100,000 for the law firm. \$487,000 in total.

Mr. Givens:

Okay, \$487,000. You said \$485,000, and now it's \$487,000, and we had bids that come in as low as \$300,000, but they didn't include the legal fees and some other things.

This is where I'm getting back to that when you make a scope of work,

that it's clear to everybody what the responsibility of any company bidding in on this process will be. If you tell me what work I have to accomplish, then I can go back to my work place just do all the engineering contracts and all of the various consulting contracts in the City of Pittsburgh. We have someone work up a scope of work, what we want these people to perform.

MICHELLE MADOFF COMMENTS

Mr. Givens:

Please. I didn't interrupt anybody else, and I don't want anybody to interrupt me.

Then, everyone is playing in the same ballpark, if you understand me, Director. Everyone is in the same ballpark. If you got bids from \$300,000 up to some \$487,000, it's apparent to this Councilman that you apparently are not telling the people upfront what you want. And therein, I think, lies a bit of a problem because if a company bids and does not know what they are bidding on, naturally — if I was a company and I put in for \$300,000, but I didn't include legal fees, but you didn't say that I needed legal fees in the beginning, then I have to appreciate that my bid would have been a low bid. If you would have said that I needed legal fees, I would have possibly been up in the bracket of \$400,000 and some. It appears to me that if the low bid was \$300,000, and the high bid, you indicated \$485,000 and then you changed it to \$487,000, it appears that we have taken then the highest bid that was offered. Is that an accurate statement?

Mr. Schmeiser:

No, it's not.

Mr. Givens:

Who was the highest bid then?

Mr. Schmeiser:

I don't have those figures with me.

Mr. Givens:

This is my problem right now. If you think --

Mr. Schmeiser:

We're not talking about last year. We're talking about this year now. That's why I'm not prepared for what happened last year.

Mr. Givens:

Well. You want me to act on almost \$6 million pieces of legislation, and I submit to you that you have not given to this Councilman sufficient information that would justify the expenditure of this amount of money upfront, without giving me more details, because this is the last time this Councilman is going to have an opportunity, other than when the final bill comes in for the payment of? services, that I will have an opportunity for the taxpayers of the City of Pittsburgh to scrutinize this particular contract, and I'll tell you, Director, I want to scrutinize this particular piece of legislation.

Mr. Schmeiser:

You're invited.

Mr. Givens:

And with that, Mr. Chairman, I move that we hold this bill for one week, and I ask the Director to come up with the contractor and give us some

parameters of what we're looking for in the next three years, and if that does not come about, this individual Councilman, working in behalf of the taxpayers of the City of Pittsburgh, cannot then approve this particular piece of legislation at this time, and I think it's a worthy piece of legislation. But I want to see some parameters, and if I didn't see them, then I cannot go forward with this because I don't think we are squeezing enough out of the lemon for the money that we are exerting in this particular contract. And I'm not putting fault on the contractor, and I'm not saying that some of the City Directors are not doing their job. I think there are a lot of loose strings out there, and a few of the Councilmen at this table today brought that loose strings up and sat down at the negotiations of this particular contract and still are not happy with the results of it.

MICHELLE MADOFF COMMENTS

MR. PELLEGRINI COMMENTS

MICHELLE MADOFF COMMENTS

MR. ROBINSON COMMENTS

Mr. Wagner:

Mr. Chairman, point of order, we're on Bill No. 2529.

MICHELLE MADOFF COMMENTS

MR. PELLEGRINI COMMENTS

MICHELLE MADOFF COMMENTS

THE CHAIR COMMENTS

MICHELLE MADOFF COMMENTS

Mr. Givens:

Excuse me, what's that again?

THE CHAIR COMMENTS

Mr. Givens:

Discussion.

THE CHAIR COMMENTS

Mr. Givens:

And I asked this bill —

MICHELLE MADOFF COMMENTS

Mr. Givens:

There is a motion and a second
and we went to discussion.

THE CHAIR COMMENTS

Mr. Givens:

My motion was to hold for one
week until the information as discussed
in measuring of the performance —

THE CHAIR COMMENTS

MICHELLE MADOFF COMMENTS

THE CHAIR COMMENTS

MRS. MASLOFF COMMENTS

THE CHAIR COMMENTS

Mr. Givens:

Opposed for the reason being —

MR. GRABOWSKI:

No explanation.

Mr. Givens:

Did we have a vote on it before?
When can we put a motion to the floor?

THE CHAIR COMMENTS

MICHELLE MADOFF COMMENTS

Mr. Givens:

We vacillate back and forth in this
Council.

MR. O'MALLEY COMMENTS

THE CHAIR COMMENTS

Mr. Givens:

May I ask the President, Mr.
Stone, if he would at least have some
continuity of this Council which he is the
President of, Bob, and it was a simple
motion to hold for one week until such
information could be supplied.

MR. STONE COMMENTS

Mr. Givens:

We can't even discuss it until this
bill comes to this table, and I cannot ask
for information until this important
decision. If the Administration is giving
us bills with such a short time fuse it
must go through right away, I can start
asking when the bill is introduced
Monday morning at 9:00 o'clock.

THE CHAIR COMMENTS

Mr. Givens:

If they can put some type of
asterisk on it and say this bill is a high
priority because of the time suspension.

THE CHAIR COMMENTS

Mr. Givens:

Excuse me, Mr. Chair, when can we publicly discuss this particular bill?

THE CHAIR COMMENTS

Mr. Givens:

This is the first day we can ask questions.

THE CHAIR COMMENTS

Mr. Givens:

That's right.

THE CHAIR COMMENTS

Mr. Givens:

Does the Mayor attend that meeting? No. That's why I don't attend that meeting.

THE CHAIR COMMENTS

Mr. Givens:

If the Mayor attend I will attend. Then we will have some good dialogue.

(END OF REMARKS)

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods

Mrs. Masloff

Mr. Stone
(Pres't)

AYES 6

NOES 2

(MR. GIVENS AND MR. ROBINSON VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 2556

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Budget Rent-A-Car of Pittsburgh, in the amount of Two Thousand Three Hundred Sixty-Five Dollars and Fifty Cents (\$2,365.50) in payment for the rental of two (2) vehicles for the period of January thru March 11, 1985; chargeable to and payable from Code Account CC, Index No. 250555, and providing for the payment of the cost thereof."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Robinson
Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone (Pres't)

AYES 8

NOES none

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Also,

Bill No. 2566

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Trumbull Corporation, in the amount of \$1,798.18, in payment for extra work, being in addition to the original contract price of \$4,083,511.40 on Controller's Contract No. 26925, furnished for the benefit of the City in connection with the Reconstruction of Grant Street - Phase I; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2567

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Romol Construction Company, in the amount of \$236.44, in payment for extra work, being in addition to the original contract price of \$64,617.50 on Controller's Contract No. 26646-F, furnished for the benefit of the City in connection with the Construction of Sidewalk Ramps for the Handicapped at Various Locations - Contract No. 2; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2568

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Welte Roofing, in the amount of \$1,940.00, in payment for extra work, being in addition to the original contract

price of \$194,051.75 on Controller's Contract No. 26970, furnished for the benefit of the City in connection with Roof Rehabilitation at Various Police and Fire Stations; and providing for the payment thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mrs. Masloff	Mr. Stone
Mr. Robinson	(Pres't)

AYES 7

NOES 1

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 2570

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of NBI in the amount of \$7,524.00 for the purchase of Word Processing Equipment for the Office of the City Clerk, without previous authority of law, chargeable to and payable from Code Account No. 1006, Equipment, City Clerk's Office, Index Code 100602."

Which was read.

Also,

Bill No. 2571

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Corporate Computer Center in the amount of \$2,000.00 for the purchase of pre-punched paper and binding strips for the binding of the 1985 City Council Budget, without previous authority of law, chargeable to and payable from Code Account No. 1001-1, Miscellaneous Services, Supplies, Equipment, etc., City Council, Index Code 100115."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

And a majority of the votes of Council being in the affirmative, the bill

passed finally.

Michelle Madoff presented

Bill No. 2610

Report of the Committee on Water for April 17, 1985 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2487

A Resolution entitled, "Resolution providing for a Contract or Contracts for Reservoir Security Services and providing for the payment of the cost thereof."

Which was read.

Michelle Madoff:

As my colleagues may recall, the wording of the actual bill said for reservoir protection; it did not specify electronic devices. There was a cover letter that did say electronic devices but not the bill itself. Having dealt for six years with Mr. Richard Cosentino asking for electronic devices and being told that electronic devices were absolutely ineffectual, Mr. Wagner felt that perhaps Mr. Smith was correct in that since he had only, ha ha, "\$50,000", at least he could do something to protect some of our reservoirs. We have never, to my knowledge, had any problem with most of our reservoirs. We've had a problem with two but really only one major problem and Mr. Cosentino was here to verify that the other day and that reservoir is the Brashear Reservoir where adults and youngsters post a look-out, swim in the reservoir, take the gate off, throw it into

the reservoir and in one reservoir where we did put a cover on, they cut through the reservoir and if they would have drowned we would have been responsible.

The reason we were given, which is an insult to our intelligence, that they couldn't go ahead and do anything having to do with what I understood to be bodies, guards, people, was that it was too costly, that the cost would be prohibitive. I went to the only person I could reach in the business and I understand from him that all the costs of guards are competitive. The basic rate is the same as the minimum rate; there's a spread between what they pay the person and the cost of operating their security, the security guard.

For three months for the Brashear Reservoir, as I've just distributed a document, it will cost us \$11,120 for 16 hours a day. This person has already met with Richard Cosentino - or is meeting with him; I believe he is meeting with him today - has an impeccable reputation and he also says that he is no cheaper than anybody else. Probably all the bids would come in the same; it would be a negotiated kind of bid, the prices are identical. He is a former State Trooper, he has great experience with electronic devices guarding buildings, and claims that they're a joke, that they don't work, and all I asked was to have the bill held while Mr. Cosentino and Mr. Roddey, who asked to have the bill held, could take it back to the Water and Sewer Authority and rediscuss the bill.

Now, if the bill should pass, I would suggest that for three months we go ahead and hire guards for 16 hours a day at \$11,120 and there would be liability workmen's comp included in that cost. In other words, the City would not be picking that up. That was a red herring to turn us off or tell us it couldn't be done. There would be no

other charges to us like a car to patrol; we might opt at our own discretion to put up a little guard house to keep somebody out of the rain; that's something we can decide or not decide or we could give him a slicker, whatever. But based on the information I now have and based on the information that Mr. Cosentino is talking to this party about, I would respectfully ask to have the bill recommitted for two weeks.

Mr. Robinson seconded the motion.

Mr. Wagner:

Mr. President and members of Council, Bill No. 2487, first of all, I'd like to be asked that my comments from last Wednesday be brought forward for the Record.

(MR. WAGNER'S REMARKS ON BILL NO. 2487 FROM WEDNESDAY, APRIL 17, 1985)

Mr. Wagner:

Discussion.

I think it's important to talk about the merits of the legislation. Even if my colleague wants to table legislation, that's fine. The cost as proposed is \$50,000. Technologically it's a system that's not foolproof, but it's a sound way of providing for a temporary basis security to reservoirs at a cost of \$50,000.

What it is is a piece of conduit, a metal conduit is lined around the entire perimeter of a fence. That piece of metal conduit goes back to a central location where it is monitored based on noise or vibration on that fence. It's a proven system that is used in the armed forces, it's used at various military installations around the country. As a backup to the system, the company that

would get the contract, whoever it would be, would monitor each of the reservoirs at a central location, and if in the event a significant noise or impact occurs along that perimeter, or that fence, they would then tune in finer and find out whether or not it was simply someone climbing over the fence. At that point in time, if they determined that someone was, in fact, cutting through the fence or climbing over it they would then notify the Pittsburgh Police Department. The Pittsburgh Police Department in that area would respond to that reservoir and, hopefully, would correct the security problem that exists, whether it be someone swimming in the reservoir, someone throwing something in the reservoir, whatever.

This is being proposed, and I think it's being proposed — well, I'm sure it's being proposed as a temporary way of addressing a long-term problem that has existed in the City of Pittsburgh. I agree with my colleague that security personnel could be placed at Our six reservoirs, however, the cost of personnel to be placed at those reservoirs, rather than a security system of this type, would be at least \$50,000 a reservoir, or likely about \$80,000 a reservoir for 24-hour security every day of the week. It would probably be in the neighborhood of \$500,000 per year. Even with manned, whatever security at those reservoirs, the potential of throwing something in the reservoirs, whether it be a contaminant, someone throwing an object in it, would still exist. These reservoirs are very large, it's impossible for a person to be at every place around the perimeter at any given time. That type of security itself would not be foolproof.

What is being proposed is, I believe, is a good proposal for a temporary solution. The only appropriate way to solve this problem is

with permanent enclosures to be placed over these reservoirs. The Water & Sewer Authority is now looking at the best way to accomplish that.

We have a consultant performing a study on all of Our reservoirs, when it could be done, the approximate cost and the various types of permanent structures or covers that could be placed on the reservoirs. I would suggest until that study is completed, and until we move to correct this problem in a permanent way and provide 100 percent security to make sure that contaminants cannot be placed in Our reservoirs that we consider a temporary way of addressing this problem, and I think this, from a cost point of view, from a manpower point of view, is one of the best ways available today to provide security that is unmanned at any type of location. It is a proven technology. I believe in conjunction with the Police force it can work. It will not be foolproof; however, it will be much, much better than what the City of Pittsburgh has today, and for that reason I would suggest to this Council that it can be considered and I will recommend to the Water & Sewer Authority that it be recommended.

THE CHAIR COMMENTS

Mr. Grabowski:

Motion to approve.

Mr. Wagner:

Second.

MR. GIVENS COMMENTS

THE CHAIR COMMENTS

Mr. Wagner:

Move for affirmative recommendation.

(END OF REMARKS)

Mr. Wagner:

What we have in front of us, I think, is a very modern way of providing some safety at reservoirs that we have never provided any safety at, not just one reservoir where we have a problem but we have six reservoirs around the City of Pittsburgh.

As everyone knows, we produce a very high quality water within this City. The problem is that that water is exposed to a contaminant one last time after it has been purified; it's at those reservoirs. It's out in the open, it's in the public. From that point it goes to the faucets of the various homes. Stop and imagine the potential contaminants that can enter the water system at those reservoirs and potentially that has happened or it potentially can happen, and that sometimes has happened in the past. We have never properly protected our reservoirs.

The legislation in front of us provides some means of temporary protection to all six reservoirs in the City of Pittsburgh. It's not a permanent solution. The Water and Sewer Authority

wants to enact a permanent solution; we have a consultant study right now, today, going on to provide information based on the best permanent way of protecting those reservoirs, whether that's going to be covers, whether that's going to be structures over the reservoirs, whether it's going to be building tanks rather than reservoirs, whether it's going to be a combination of some type of security monitoring system, and personnel at the reservoir because we are not certain.

What we do know is that there is, from a technical point of view, a means today available that is not costly and that's in the form of legislation in front of us. That approximate figure is \$50,000 to implement a security system at all of our reservoirs. The purpose of the security system is to have a piece of conduit surrounding the fence, the exterior parameter of those reservoirs, which can detect motion on the fence of those reservoirs. This system is a proven system. It is used in the armed forces of the United States. It's a proven system; it works, and that's the reason why we are considering to do it within the City of Pittsburgh.

The types of contaminants that can enter our reservoirs are various types and you can image what they could be. Naturally, we do have people that try to swim in the reservoirs and do swim in the reservoirs. We have animals at times that will go into them. We could even have a contaminant purposely thrown in those reservoirs. Generally speaking, you have to get by that piece of fence. Hopefully, this piece of legislation will reduce that potentation.

In comparison to providing actual security in the form of security personnel, the cost difference is tremendous. What we're talking about here is an expenditure of \$50,000 with an annual maintenance of that system of

approximately \$10,000. If in fact someone does cut through a fence, climb over a fence, that system will detect that at a central monitoring location. We will then notify our police department, they will respond the police car in that immediate area to that particular location, and hopefully, there will not be a contaminant in the water.

In comparison to security personnel at one reservoir or all six reservoirs, the cost, there is no comparison. The minimum cost for all six reservoirs would be \$300,000 per year. Take that out over three or four or five years and probably more like \$500,000 per year, take that out over three, four, five years until we can have permanent structure, we're talking of a total expenditure of \$100,000 versus \$2,500,000.

Now, what does that mean in terms of what it will cost the people that are purchasing water in the City? It means a tremendous amount of difference. It means that water rates will have to be increased at a greater degree in which they are being today in order for us to provide some security at these facilities.

So, I urge each and every one of you to look at the potential gain of spending \$50,000 at all six reservoirs versus \$50,000 at one reservoir with security personnel. The security personnel can provide, in my mind, no better service than the monitoring system tied in with the Police Department and I think it's an excellent way over a short period of providing adequate security at our reservoirs until we spend the kinds of dollars that we have to spend in the future to provide some permanent security.

Michelle Madoff:

May I respond? The gentleman that I spoke with about the cable that would go around with the electronic device says that someone could throw something into the water but not disturb the fence at all.

Furthermore, my esteemed colleague, someone could cut the wire at particularly Brashear, and in the past when they've taken the fences off and thrown them in the water and the neighbors have called, the Police Station is four to five miles away and by the time they get there there is nobody there.

You are right; for years EPA has mandated or tried to get legislation which is now mandated about a year or so ago, that all reservoirs must be covered. We're learning that it is going to be expeditions to cover them with permanent covers, not with floating covers, because of the potential litigation that could ensue from a major contamination.

We've had no episodes that I know of at four of the reservoirs. Putting money into those is really no different than leaving them alone at this point. Putting a cover on them, it might be a floating cover to keep dead birds and dead animals out, when they clean the reservoirs out you could puke from what you see, and we're drinking that water, it just goes through one more phase of chlorination which I wouldn't be too thrilled about.

The point I'm making is that I am respectfully asking that the bill go back to the Water and Sewer Authority for two weeks and they can decide if they want to have the electronic device for the \$50,000 on the six reservoirs and at the same time decide whether the two

reservoirs in question, the Brashear reservoir, should have the three month protection which is only \$11,000, and the other reservoir have some kind of guard protection; I'm not sure whether its needed or not, I would rely on people who are more knowledgeable such as Richard Cosentino and the Water Authority.

But to put this through over the head of a Committee Head, Mr. Wager, when you want to have a bill sometime and I respectfully ask that it just be put back for two weeks is a blatant disregard of my job as Committeeperson of the Water Department. I'm not saying don't go with these electronic devices; I'm merely saying that at the Brashear which is the immediate problem which produces ecoli in the water which makes people ill, that we do get guards, we put the bill back in the committee for two weeks and come back with the recommendations of the Water and Sewer Authority. And I think I am owed that courtesy.

Mr. Giroux:

I think Michelle brings out some valid points. Many years ago I worked on this particular system itself but I'm not going to go into that. It is a very valid system, one of many that can be used and its purposes are very effective. I have some reservation along with Michelle in regards to, you can have all the detection devices in the world out there but if you don't have somebody to respond to it then the detection devices are no good, especially during the summer months when the children do want to do in there and do whatever they want to in our reservoirs. I think that's the biggest nuisance problem.

Since I've been on Council, I have asked that the reservoirs be covered and given adequate security. I think there have been cases in this country since I've been on this Council that document my

concern by polluted reservoirs, I think, in some of our southern states. Even with the best protection in the world someone can still, if they want to, get on in. But you have to have some semblance of order in our reservoirs. In years gone by, all of our reservoirs were fenced in or if they were not fenced in they had security people there. After daylight hours or after the parks had closed there was no one allowed to be in that particular area. No one. And they had 24-hour surveillance and security. At least they had the ability that if they thought someone did something to the reservoir water supply that they could call down and get the valves turned off and make samples of that water to make sure it was good for consumption. Some of the terroristic threats that have happened throughout the world, one has to only assume that you have to give more attention into this area.

It's only a \$50,000 bill that we're talking about. I would hope that the Chairperson of this committee and the fact that the money is coming out of the Department of Water, and that that Chairperson has asked that the bill be held over for consideration, that she has some larger areas of concern, I think something that should be addressed. I think we should bring in the key people and I think that Chairperson should bring in the key people of the Water Authority, the present Administration, as to what we're going to do about this.

I assume this particular piece of equipment is going to be put up there and it's going to be tested and if its valid then we'll try to do this in some of our other reservoirs, knowing that all the reservoirs do not have "chain-link fencing" that you can put up or other barriers that if its for movement on a particular fence that it would be detected. However, there are other lazer beam type of equipment that can

be put up with no fencing at all that shows anybody penetrating through there including the birds, the animals, the dogs and everything else will set this thing off.

So, there's a lot to be discussed in this particular area of which way the City should go. All the detection devices in the world, in my some 20 years of experience, don't mean a hill of beans unless you can get someone to respond or somebody is on the site to respond. And I think what Michelle is trying to say is that she's not disputing, I don't think, the money and where it's going to be spent but should you have security guards and other protective means. I think that's a large area that should be discussed before we appropriate any money for anything. Let's get the big picture and then when we have that and we know the total plan for reservoir security then submit the legislation, be it on a test basis or not, and for only that reason I desperately, and I have been sitting here as I indicated for the last three terms in office and asked that something be done with these reservoirs. So, if anyone in this room wants reservoir security, I've been on the record for ten years.

Mr. Woods:

Mr. President, if I understand it correctly, this is \$50,000 for one year for all six reservoirs - all six reservoirs, Mr. Givens, not just one, all six - while they are studying what is the best route to go, whether it is covers, and I assume sometimes all six will be covered, or security guards. But this is something that we can do immediately for one-tenth of the price for one year. I looked at this price, \$11,000, for three months for 16 hours and that's only one reservoir. If you give it 24-hour service like this security system will be, it will be approximately \$15,000. If you get all six of them, you're talking about \$90,000

for a three-month period. So, you're saving, like Mr. Wagner said, \$300,000 and it's only a one year program and hopefully the other steps will be taken. That's why they're going to have those studies.

Michelle Madoff:

Mr. Stone, with all due respect, I realize that when females speak one doesn't listen but I'll try again.

The issue is not the fact that we would have the six reservoirs, you're correct, because I do listen when men speak, and women, six reservoirs for \$50,000. That is not the issue. The issue is that we are mandated by federal law to cover our reservoirs with permanent covers which are going to run into hundreds of thousands of dollars. We're going to have to go that route.

If it is the wish of the Water and Sewer Authority to, on the interim, put electronic device and, as Mr. Givens says, you want to test one first, and I don't think they even need them, we haven't any problems with them. We have not had problems with these reservoirs maybe because for example at the Highland Reservoir there's people walking around it all night. There are a lot of people who use it as a tourist jogging thing, a way to walk around; it's the poor man's sort of boulevard.

The one reservoir that we've had a problem with, there have been two, but one in particular is Brashear. We don't need to spend \$50,000 this summer. We only need to spend \$11,120 to do three months, 16 hours, for the Brashear Reservoir, because if we put up the \$50,000 as an interim with electronic devices for the six, and if somebody cuts it and runs and has already deposited some toxic material in the water, it doesn't matter anyway. The obvious

answer, the reason the EPA has promulgated laws and mandated that we put permanent covers on is that you have to have cement covers you can't get through. There was a plan, Mr. Wagner, before you got here, to cover the Highland Park Reservoir and turn it into a skating rink or make it into some kind of an entertainment center. But putting a permanent cover on it is hundreds of thousands of dollars which is why it wasn't done. The excuse we used is because the City didn't have the money. Well now that we have a Water and Sewer Authority, we can take that bond money, we can spend the money, and we can generate money back to cover the cost.

What I'm asking is not unreasonable. I'm only asking that you submit it to the Water and Sewer Committee for two weeks to see whether indeed we'll come back with at least the guards for Brashear which is a terrible, terrible problem. And if people in that area get sick now and they have had problems in the area, I will get you the Health Board statistics, then what's going to happen is that they will have the right to sue this Council and this City because we had the opportunity for merely \$11,000 to give 16-hour protection at that reservoir. I'm just asking to resubmit the bill.

The Chair:

Mr. Wagner, you'll be the last speaker on this subject.

Mr. Wagner:

Mr. President and members of Council, there's been a lot of rhetoric on this issue and I just want to clarify a few things.

Last Wednesday at our Committee Meeting, Councilwoman Madoff made a

motion to table this piece of legislation; I voted against it and the majority of you voted against it. There was another motion I believe to defeat the legislation; I voted against that and the majority of you voted against it. There was another motion put on the floor last Wednesday to hold this legislation for one week or two weeks and I'm sure the Record will reflect that. If in fact the Chairperson of the Water Committee wants to hold this legislation for one week or for two weeks to get the opinion of the Water and Sewer Authority on this matter, I am in favor of it. However, I want to clearly state that that is the only thing I will support, a delay in legislation for a maximum of two weeks, primarily because this is an important issue. It's very important that we move on this within the near future because of the summer months coming.

So, if it is the wish of Councilwoman Madoff to hold for two weeks, that's fine with me. But that is the first time that that has been mentioned on the floor. That was not mentioned at last Wednesday's meeting and I would suspect that the opinion of the Water and Sewer Authority would be favorable on this legislation.

I only have one question to ask Councilwoman Madoff. If the Water and Sewer Authority comes back with a positive recommendation for this legislation, will she vote affirmatively for it?

Michelle Madoff:

What difference does it make if I vote for it now or two weeks from now or against it now or two weeks from now? I don't think I have to answer that question. I'll look at the facts when they come out.

I'm asking to send it back as Mr.

Roddey, the Chairman of the Water and Sewer Authority asked me to resubmit it.

I have a question for you. Are you going to meet in the next two weeks? If you're not going to meet there's no point in recommitting it.

The Chair:

It's a good point.

Michelle Madoff:

Michelle Madoff often has good points. Unfortunately, it's in a female body.

The Chair:

And unfortunately they're untimely.

Michelle Madoff:

I would expect you to say that.

The Chair:

What he's saying is, the first time this came up you made a motion to approve.

Michelle Madoff:

Yes because I didn't have this information at the time.

The Chair:

Then it was recommitted and last Wednesday —

Michelle Madoff:

I did not have this information at the time.

The Chair:

Now you're making a motion that we hold it for two weeks and you don't even know if the Water Authority is going to meet within two weeks.

Michelle Madoff:

That's why I'm asking him.

Mr. Wagner:

We meet the first Friday of every month. Unless there is some delay, we will be meeting in the early part of May.

Michelle Madoff:

Well I would suggest that we hold it until we've had a chance for the Water and Sewer Committee to meet. Is that two weeks?

Mr. Wagner:

My question, Mr. President, again is, if the Water and Sewer Authority recommends this legislation, will the Chairperson of that committee support it?

The Chair:

She doesn't want to answer it and the Chair is not going to order her to answer it. You'll have to adjust the way you want to adjust. Let's call the vote.

Mr. Wagner:

The motion is what?

The Chair:

To recommit.

Michelle Madoff:

I want to amend my motion. I

want it to be held only until the Water and Sewer Committee meet. It's ridiculous to put it back in Committee if they're not going to meet. Until after the first Friday in May and they can report back.

We had a second originally. I think Mr. Givens seconded it and Mr. Robinson seconded it.

The Chair:

No, Mr. Robinson seconded it.

Michelle Madoff:

And so did Mr. Givens.

The Chair:

No he didn't.

Michelle Madoff:

Yes he did.

The Chair:

I don't care. I get a motion and a second. That's all I care about.

Michelle Madoff:

I have a motion to hold it until after the Water and Sewer Committee meets. It will be two weeks or three weeks, whatever it is.

Mr. Givens seconded the motion.

The Chair:

Alright. Now I have a second for the first time.

Mr. Givens:

I beg your pardon, Mr. Chairman. Michelle was right; she put a motion and

I seconded that motion.

The Chair:

Now to correct both of you, she's now trying to change her motion and she made a motion and I have a second.

Mr. Givens:

You're right. You're changing your motion to what now? To hold?

The Chair:

We have too many parliamentarians that don't understand what the hell's going on.

Michelle Madoff:

Do you want me to restate the motion, Mr. Chairman?

The Chair:

No, I have a motion and a second for the first time, on your amended motion I now have a second. Without that next second your motion doesn't mean anything.

In view of that, take the roll.

Mr. Givens:

Could I have the motion read by the Chief Clerk again?

The Chair:

The motion is to recommit until the Water Authority has had an opportunity to pass on this issue.

Mr. Givens:

Okay.

The Chair:

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Wagner
Michelle Madoff	Mr. Stone
Mrs. Masloff	(Pres't)

AYES 5 NOES 2

(MR. GRABOWSKI AND MR. WOODS VOTING NO)

And a majority of the votes of Council being in the affirmative, the motion was approved.

Mrs. Masloff presented

Bill No. 2611

Report of the Committee on Parks and Recreation for April 17, 1985 transmitting two resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2492

A Resolution entitled, "Resolution providing for the letting of a Contract or Contracts, or the use of existing Contracts for the furnishing and delivery of various play equipment for the Department of Parks and Recreation, payable from Code Account 4-10-15-0008-85, Index code 322867, Play

Equipment, Department of Parks and Recreation, and for payment thereof."

Which was read.

Also,

Bill No. 2493

A Resolution entitled, "Resolution providing for the filing of an application by the City of Pittsburgh with the Pennsylvania Commonwealth, Department of Education for a grant in connection with the SPECIAL SUMMER FOOD SERVICE PROGRAM PROJECT: providing for the execution of Grant Contracts and for the filing of requisitions and other data; approving the Project; providing for required assurances; providing for execution of payment vouchers on Letter of Credit and for certification of authorized signatures, and providing for the deposit of the funds in Special Summer Food Service Program Account, (270256)."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Wagner
Mr. Grabowski	Mr. Woods
Michelle Madoff	Mr. Stone
Mrs. Masloff	(Pres't)

AYES 7 NOES none

And a majority of the votes of

Council being in the affirmative, the bills passed finally.

Mr. Wagner presented

Bill No. 2612

Report of the Committee on Engineering and Construction for April 17, 1985 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2510

A Resolution entitled, "Resolution amending Resolution No. 570, effective June 26, 1981, entitled: 'Providing for an Agreement or Agreements with a Consultant Engineer for soils and geotechnical services for the reconstruction of streets in Pittsburgh's North Side in connection with the UDAG Program, at a cost not to exceed \$20,000.00. chargeable to and payable from Code Account North Side UDAG Program (4-15-03-1810-79-181-79-15)' by decreasing the project allocation by \$8,777.88."

Which was read.

Mr. Givens:

On Bill 2510, that agreement for consultant engineers reduced the UDAG North Side application by decreasing the project allocation from \$20,000 down to \$11,000. This is part of a major bill that UDAG North Side was reduced by some almost \$200,000 and I felt and I want my remarks from Wednesday's session to be brought forward to greater explain this.

I was very discouraged that

someone, someplace, somewhere, did not administratively try to use that \$200,000 some to expand the scope of work over there on the North Side. It ended up it went back into the UDAG federal fund which the City of Pittsburgh lost \$200,000 some out of \$700,000 and that's sad.

(MR. GIVENS' REMARKS ON BILL NO. 2510 FROM WEDNESDAY, APRIL 17, 1985)

Mr. Givens:

I think this of the whole bill, almost under the whole thing, and I'm aware of that. Why are we decreasing it, number one, and we have a bill for final approval — I voted no on Monday's session — that decreased the UDAG grant from the North Side UDAG, that had to do with street reconstruction, street lighting, and some others. I want to know if this is the same bill, and if so, if it is a carry-on from the bill Council already passed.

Mr. McDermott:

Well, this is for the geotechnical engineering services for that UDAG project. It would be the same project but a different bill. The work is completed. The original bill established the budget of \$20,000 instead of the UDAG from \$700,000 back down to \$500,000.

Mr. Givens:

And I asked the question last week why, and they said they cut back on the scope of work, if I was to understand. Is that not correct?

Mr. McDermott:

Yes.

Mr. Givens:

If they cut back on the scope of work that means North Side citizens lost \$200,000 out of the UDAG Grant because if you don't spend it it goes back into the Federal hopper, not the City hopper, and this bill right here, this action from that action, we have already passed both bills, do not come together to give us greater insight, otherwise we cut back on the scope of work. Naturally you're going to cut back on this particular bill, and I feel that when this Council agrees in budget deliberations we are going through some very heavy work sessions during the November, December timeframe, and we approve a capital budget that has UDAG, Urban Development Action Grant applications to it, that when we cut back on that scope of work we are in fact cutting back from what the people thought they were going to get and when I look at the Capital Budget, of which your department has the greater percentage of the Capital Projects, and I see on paper almost \$997 million, and then when I go back and see the actual cash on hand there is only something like \$20 or \$25 million that we have to appropriate those various programs. What we are doing, in fact, to the people of the City of Pittsburgh, not just on the North Side area, but all over the City. We're telling them in the five year plan, we're telling them in Capital Budget, yes, we're going to build a swimming pool in your area, we're going to correct this bridge in your area, we're going to build this road in your area, do other amenities to your neighborhood, when in fact, we really don't have the money to do it, or if we have the money to do it we are cutting back on the scope of work, and that cannot be condoned by this Councilman because that is misleading people on what we are doing out there, and I feel very concerned about that, I always have, when we start shuffling from code account to code account, and

sometimes in the past by reducing the scope of work we originally started, and if we did the work that we so wanted to accomplish, then why should there be reduction from \$700,000 down to five hundred some thousand if that's the case and somebody can't do the work?

THE CHAIR COMMENTS

Mr. Givens:

This bill, Mr. Chair, affects some other bills that previously came before us.

THE CHAIR COMMENTS

Mr. McDermott:

Well, this all happened prior to the organization of the Department of Engineering and Construction. So, I can't give you the insight. What you are probably looking for is the identity of the cutback of the program. In cleaning up Our capital accounts, I find the job done. The bill had said \$20,000. We've only spent 11, so I'm introducing legislation to cut it back. I can't respond to you in regards as to why it happened.

Mr. Givens:

Well, the major scope of that UDAG grant, and this particular one, even this bill before us, will come under your department.

Mr. McDermott:

It came under DPW back in 1981.

Mr. Givens:

I'm saying, it came under your department.

THE CHAIR COMMENTS

Mr. Givens:

I know it was Public Works right now, but the bill is coming up, and it's being reduced, 1985, not 1981.

THE CHAIR COMMENTS

Mr. Givens:

That's what I'm saying, Mr. Chair. In 1981, the people thought this work was going to be done.

THE CHAIR COMMENTS

Mr. McDermott:

That is correct.

THE CHAIR COMMENTS

Mr. Givens:

The inconsistency of reducing from \$20,000 down to \$11,000, that's half of the scope of work. If we have people that are supposed to be knowledgeable, and I hope we have knowledgeable people in Our Engineering Department, then the old Department of Public Works, or in the new Department of Engineering, most of those people transferred over, there were few cuts, if I can recall, and not too much of a personnel change since that period of time, other than one or two key people.

We have a great reduction of scope of work here, and we also had a great reduction in what that UDAG was to do over there. And what we're doing, Mr. Chair, we're talking money from the North Side and trying to move us into some other contingency plan. A UDAG is a UDAG. When you say you have UDAG money and you don't use it, it does not come back to the people of the City of Pittsburgh.

THE CHAIR COMMENTS

Mr. Givens:

Please, hear me out. What this bill means to me is that we either didn't do the scope of work that we said we were going to do, the number of streets and number of lights, whatever the reconstruction was at that particular time. And, if we did not do it, that means we short changed the people of North Side, as we are doing to many other areas of the City of Pittsburgh. The larger picture is the one that I'm concerned about as well as the specific bill before us, 2410. I'm — you know, we have tremendous amount of programs out there that are not funded, and when they do get funded, the scope of work gets cut back, and that's saying to the people, we're going to do it; we've cut back on it.

THE CHAIR COMMENTS

Mr. Givens:

Ben, can I say something to you and to the Engineering Department or any department in this City. If they tell me it cost \$10,000, it better cost that \$10,000. If I bid it — well not bid the thing, but when the actual scope of work is done, it comes out to \$5,000, it means to me that people don't have their noodles up in their brain because they got to be with the times. I hope otherwise — yes, there is cycles in construction. We know that. We know when times are tough you can get better price.

THE CHAIR COMMENTS

Mr. Givens:

You have to figure that in as they put extra money in for escalation of costs of costs and then, fine and dandy. If we knew this program was going to

come in under the amount of money that was set, \$700,000 versus \$500,000, then we should have increased Our scope of work and went back to the people of UDAG when the money was still fresh and see if could have made an amendment to that and included more areas of the North Side, rather than less, while the contractors were out. And then giving the contractors out there additional work to do.

MR. WAGNER COMMENTS

Mr. Givens:

No. If I could just make one more comment. It is an UDAG grant. When you say UDAG, that means you do that particular project — if you come up with a surplus, then that money goes back into the UDAG general fund in Washington D.C. forever and ever. We will not see that particular money, other than another UDAG. What I'm submitting to the Director and to anyone in any of the departments that have to use UDAG funds, that when this comes about, and you know that you're going to have a windfall — and this is one heck of a windfall — we're talking about \$200,000 — this bill here is just 50 percent as you indicated, \$20,000 versus \$11,000 is closer to the 45 percent ratio, that we saved. If that's the case, then come back in for an amendment real quick on that UDAG while it's still in the hopper, and we could have gotten, \$200,000 more of work over there. Now, to get a whole new UDAG, would have been tough, but you can amend these UDAGs to expand the scope of work or decrease the scope of work, depending upon how the inflationary things hit us in the City of Pittsburgh.

THE CHAIR COMMENTS

Mr. Givens:

The money was appropriated in 1981.

THE CHAIR COMMENTS

Mr. Givens:

I totally agree with you. And it's unacceptable if Lou Gaetano was still in charge of all of the engineers or if it's Mr. McDermott was in charge.

THE CHAIR COMMENTS

Mr. Givens:

The money was appropriated, Mr. Chair, in 1981. The work probably wasn't done until 1983 or 1984. The individual contractor is just being paid in 1985, okay.

Mr. McDermott:

I think the jobs were finished about early 1983. This is the North Shore Development Project.

THE CHAIR COMMENTS

Mr. Givens:

I have no more discussion on it.

(END OF REMARKS)

Also,

Bill No. 2511

A Resolution entitled, "Resolution further amending Resolution No. 921, effective September 26, 1980, as amended by Resolution No. 879, effective August 31, 1981, entitled: 'Providing for an Agreement or Agreements for architectural, engineering or other professional

services in connection with Ormsby Pool; and providing for the payment of the cost thereof,' by decreasing the total project allocation by \$500.15."

Which was read.

Also,

Bill No. 2514

A Resolution entitled, "Resolution providing for a Cooperation Agreement or Agreements with Carnegie Institute in connection with Miscellaneous Renovations at Carnegie Institute; and providing for the payment of the costs thereof."

Which was read.

Also,

Bill No. 2515

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a Consultant or Consultants for architectural/engineering services in connection with the Rehabilitation of No. 5 Police Station and No. 8 Fire Station; and providing for the payment of the costs thereof."

Which was read.

Mr. Givens:

On Bill 2515, I was out at the No. 5 Police Station and No. 8 Fire Station and they've done some reconstruction work out here and I just assume this is for additional — Is this for additional work out there, Jack?

My question is, we've had some work done, some extensive work done out in No. 5 Police Station; No. 8 just one wall was put up. But my question is, is

this for additional consulting work that for particular program and is it going to be the same architect engineer that has done the previous work? This is for a new consultant. That baffles me just a little bit. You know, if you go in and you rehab a particular building and, it's just about completed right now, there's a little bit more work that has to be done on it, and then they're coming in for another \$30,000 project for additional engineering and consultant work.

So, I don't know if anyone can answer that but that's a question to me and it's bugged me just a little bit when I was out there looking over that station and wondered why we are coming in for another — I thought it might have been to pay the old consultant but this is for a new one.

Mr. Wagner:

This is for a new consultant for both stations, the No. 5 Police and the No. 8 Fire Station. Specifically the work they're doing I can't state; I don't have that information in front of me.

Mr. Givens:

It's been completed so I assume that our legislation has passed. They'll probably be coming in for additional monies for that but it seems like they started a project, maybe ran into some difficulties and had to go out and get another consultant, I don't know, or continue the present consultant engineer to do whatever work they're going to do in there.

I'd ask the Chair of that committee to look into this and I'm confused as to what's happening.

Also,

Bill No. 2516

A Resolution entitled, "Resolution providing for a Cooperation Agreement or Agreements with Carnegie Library of Pittsburgh, in connection with Miscellaneous Renovations at the Central Branch Library; and providing for the payment of the costs thereof."

Which was read.

Also,

Bill No. 2520

A Resolution entitled, "Resolution providing for a Contract or Contracts, or use of existing Contracts, for the furnishing and installation of two (2) fitness courses, one able-bodied and one wheelchair sports, for disabled persons; and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 2521

A Resolution entitled, "Resolution providing for a Contract or Contracts, or use of existing Contracts for repairs at various park facilities, and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 2522

A Resolution entitled, "Resolution providing for a Contract or Contracts, or use of existing Contracts, for lighting installation or replacement at various park facilities; and providing for the payment of the cost thereof."

Which was read.

Mr. Givens:

On Bill 2522, I asked that the Chair look into the possibility of using existing on-going contracts for street lighting in our parks, be it that of street lighting in our City and see if we can get the same people to do it. I know the lights are different in scope, ornamental maybe versus that of the regular street light but I think if we have a street light contractor for the City why shouldn't he then do all the street lights including those within the Parks and Recreation. Why should we have to go out and bid and go through all the process of that when in fact for \$50,000 we can just tag that on to the existing contract?

Michelle Madoff:

Mr. Chairman, I would like to respectfully request, well, I would ask my colleague first, if I may, a question. May I have your permission?

Mr. Wagner, do you keep a running chart of some sort, a log, of all projects that fall under Engineering and Construction? Do you have a copy of everything that's ongoing or just have access to it?

Mr. Wagner:

Yes, we have a copy.

Michelle Madoff:

You have a copy in your own office?

Mr. Wagner:

Myself and Mr. D'Alessandro has a copy of every project.

Michelle Madoff:

I would like to have a copy made available to me and to any other member of Council who would so wish to have it, a list of every project underway, the dollars that are committed to the project, and the overruns on the project.

It has been brought to my attention, and I do not know if there's —

The Chair:

Wait, Michelle. Hold on.

Michelle Madoff:

I just want a copy —

The Chair:

Wait. I just read some bills.

Michelle Madoff:

Yes. They're on these bills.

The Chair:

There are overruns on these bills?

Michelle Madoff:

I didn't say I wanted overruns; I said I wanted a copy of all projects and overruns. Two separate things. Both.

The Chair:

We're going to deal with the bills that are before us.

Michelle Madoff:

They're included in all the bills.

The Chair:

No, if you want to cover it under

Motions that's up to you. But we're going to deal solely with the bills.

Michelle Madoff:

Would you rather that I cover it under Motions?

The Chair:

Yes I would rather that because I think that's the proper time.

Michelle Madoff:

I would be happy to.

The Chair:

Is there any further discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Wagner
Mr. Grabowski	Mr. Woods
Michelle Madoff	Mr. Stone
Mrs. Masloff	(Pres't)

AYES 7 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

The Chair presents

2613 Communication from
Richard S. Caliguiri, Mayor, City of
Pittsburgh, reappointing David Epperson
of 115 Murtland Street, Pittsburgh, PA

15208 as member of the Urban Redevelopment Authority for a term to expire December, 1989.

Which was read, received and filed.

Also,

No. 2614 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, appointing Ronald C. Schmeiser of 5612 Aylesboro Road, Pittsburgh, PA 15217 as member of the Public Parking Authority for a term to expire December, 1989.

Which was read, received and filed.

Also,

No. 2615 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, reappointing Eugene Scanlon of 1431 Termon Avenue, Pittsburgh, PA 15212 as member of the Stadium Authority Board for a term to expire January, 1990.

Which was read, received and filed.

Also,

No. 2616 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, appointing Stephen S. Grabowski of 466 42nd Street, Pittsburgh, PA 15201, as member of the Urban Redevelopment Authority for a term to expire December, 1989.

Which was read, received and filed.

Also,

No. 2617 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, reappointing Edward Walkowski of 221 South Evaline Street, Pittsburgh, PA 15224 as member of the Board of Adjustment for a term to expire

January, 1987.

Which was read, received and filed.

Also,

No. 2618 Resolution that the reappointment by the Mayor of Mr. Edward Walkowski of 21 S. Evaline Street, Pittsburgh, PA 15224 be and the same is hereby approved and confirmed as a member of the Board of Adjustment for a term to expire January, 1987.

Which was read.

Also,

No. 2619 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, reappointing Gerald Fox of 7124 Apple Avenue, Pittsburgh, PA 15206 as member of the Board of Adjustment for a term to expire January, 1986.

Which was read, received and filed.

Also,

No. 2620 Resolution that the reappointment by the Mayor of Mr. Gerald Fox of 7124 Apple Avenue, Pittsburgh, PA 15206 be and the same is hereby approved and confirmed as a member of the Board of Adjustment for a term to expire January, 1986

Which was read.

Also,

No. 2621 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, reappointing Joseph Mistick of 89 Pius Street, Pittsburgh, PA 15203 as member of the Board of Adjustment for a term to expire January, 1988.

Which was read, received and filed.

Also,

No. 2622 Resolution that the reappointment by the Mayor of Mr. Joseph Mistick of 89 Pius Street, Pittsburgh, PA 15203 be and the same is hereby approved and confirmed as a member of the Board of Adjustment for a term to expire January, 1988.

Which was read.

Also,

No. 2623 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, reappointing Nicholas Musulin of 429 Forbes Avenue, Pittsburgh, PA 15219 as member of the Board of Code Review for a term to expire 1987.

Which was read, received and filed.

Also,

No. 2624 Resolution that the appointment by the Mayor of Mr. Nicholas Musulin of 429 Forbes Avenue, Pittsburgh, PA 15219 be and the same is hereby approved and confirmed as a member of the Board of Code Review for a term to expire 1987.

Which was read.

Also,

No. 2625 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, reappointing Frank Schroeder of 515 South Aiken Avenue, Pittsburgh, PA 15232 as member of the Board of Code Review for a term to expire 1987.

Which was read, received, and filed.

Also,

No. 2626 Resolution that the

appointment by the Mayor of Mr. Frank Schroeder of 515 S. Aiken Avenue, Pittsburgh, PA 15232 be and the same is hereby approved and confirmed as a member of the Board of Code Review for a term to expire 1987.

Which was read.

Also,

No. 2635 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, reappointing Ms. Alma Fox of 7124 Apple Avenue, Pittsburgh, PA 15206, as member of the Human Relations Commission for a term to expire July, 1988.

Which was read, received and filed.

Also,

No. 2636 Resolution that the reappointment by the Mayor of Ms. Alma Fox of 7124 Apple Avenue be and the same is hereby approved and confirmed as a member of the Human Relations Commission for a term to expire July, 1988.

Which was read.

Also,

No. 2637 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, appointing Mr. Edgar W. Michaels of 1196 Beechwood Boulevard, Pittsburgh, PA 15206 as member of the City Planning Commission for a term to expire January, 1990.

Which was read, received and filed.

Also,

No. 2638 Resolution that the appointment by the Mayor of Mr. Edgar W. Michaels of 1196 Beechwood Boulevard, Pittsburgh, PA 15206 be and the same is hereby approved and confirmed as a member of the City Planning Commission for a term to expire January, 1990.

Which was read.

The Chair:

I have two more resolutions and these are by Mr. Robinson who is not here at this time. I'll entertain a motion to present these at this time.

Mr. Woods:

So moved.

Mr. Wagner seconded the motion.

Also,

No. 2639 Resolution
recommending Reverend J. Earl Garmon
for appointment to the Planning
Commission for a term to expire
January, 1990.

Which was read.

Also,

No. 2640 Resolution
recommending Sylvia Wilson for
appointment to the Commission on
Human Relations for a term to expire
March, 1988.

Which was read.

Mr. Woods:

Mr. President, on the
reappointments, are there any conflicts?

The Chair:

I would suggest you hold for a
week and bring them in.

Mr. Woods:

So moved.

Mr. Wagner seconded the motion.

Which motion prevailed.

Mr. Givens:

Is that all bills including --

The Chair:

I said all.

Mr. Givens:

-- including that of the Urban
Redevelopment Authority, Stadium
Authority and Parking Authority?

The Chair:

As I understand the word from
Webster, all means everyone of them.

Mr. Givens:

I'm just asking for clarification
because there's two sets of groupings of
bills that have been submitted before
us. I even see a gumband around four
bills and I see gumbands around the other
bills.

The Chair:

They're different appointments.

Mr. Givens:

I know they are and that's why I
ask all bills that were just submitted
there including those categories.

Michelle Madoff:

Point of clarification. Is it true
that the Mayor has already sworn Mr.
Grabowski in and we do not rule on that
or vote on that; it is a matter of
received and filed?

The Chair:

Correct.

Michelle Madoff:

But if we don't wish to receive it we can reject it; is that correct?

The Chair:

I'm not sure and I don't want to be the Solicitor on this point but I know that we don't make the appointment.

Michelle Madoff:

I understand that under the legal opinion given by the City Solicitor only the Mayor, even if he's late, has the right to appoint to an authority.

The Chair:

Correct.

Michelle Madoff:

Would it be in order to ask the Mayor to please reconsider the appointment in light of the public perception of appointing his own person who will just do as he wishes and not have had the experience? I think the perception is just tremendous and very harmful to Mr. Grabowski who I don't think deserves that.

Mr. Givens:

While we're into the discussion period, if one is to receive an appointment in a particular authority, 219 indicates that --

The Chair:

219 of what, Dick?

Mr. Givens:

I'm just looking at the actual section here.

The Chair:

On the authority or on the Home Rule Charter?

Mr. Givens:

It's 220, really, composition of authority, and what I'm trying to get at is that a member of Council shall serve on each authority board; however, no member of Council may serve on more than one authority board at the same time.

Michelle Madoff:

What's the point? I don't understand the point.

Mr. Givens:

The point is that if one is going to be appointed to a particular authority that he can't serve on two authorities, he must resign from one and we should formally --

Michelle Madoff:

We don't have anybody serving on two authorities.

The Chair:

That's going to have to be clarified somewhere along the line, I mentioned that before, because if every Councilman is on there's not enough Councilmen --

Michelle Madoff:

Oh yes there are. This one has never been appointed to anything.

Mr. Givens:

I said every authority.

The Chair:

If I could only make my statement, okay? There are more than nine commissions and authorities. Someone is going to end out somewhere on two as it turns out and I think there's going to have to be a major and minor kind of consideration on those things which was somewhere overlooked I think.

Michelle Madoff:

I think that should be clarified with legal counsel and I would think that it would not be legal to appoint somebody to two when a member of Council has never been appointed to anything. I think that the law would rule that as just a matter of personal vendetta on the part of the Mayor and he fully understands that anything he'd appoint me to, any board or commission, I will investigate and he knows it. He's just afraid to appointment; I just want to get that for the record.

The Chair:

On the motion to hold. All in favor? Opposed?

Michelle Madoff:

I abstain.

WHICH MOTION PREVAILED.

Mr. Givens:

On that same subject.

The Chair:

I closed that subject.

Mr. Givens:

Well, let's open it back up for one quick consideration because all of us have received a letter dated April 17, a petition for a public hearing. I would like the President of Council then, because that petition from the people of the City of Pittsburgh is asking that the President of Council —

The Chair:

That's already been presented.

Mr. Givens:

Pardon me?

The Chair:

It's in already.

Mr. Givens:

Has the date been set?

The Chair:

No, because Council hasn't told me to set it yet. Council has not voted to have me set the meeting yet.

Mr. Givens:

But there's a petition for a public hearing asking that the President of Council in regards to one of the appointments that we have before us set a public hearing prior to this Council initiating any action on appointing anybody or at least a person to the Urban Redevelopment Authority Board.

My question then is, is the President going to set up a meeting in such a timely fashion that the public will have input as to how people are appointed to the various authorities within the City of Pittsburgh? Will that

be done in such a timely fashion --

The Chair:

I'm going to do it in the most expeditious way that I know and that's according to the rules and regulations. Today, the petition was presented; it will come up a week from Wednesday and at that time this Council, including you, will vote whether or not there should be a public hearing. And when this Council votes for a public hearing, I will then set it as quickly and as rapidly as I might.

Mr. Givens:

The residents are saying that they'd like to have input prior to Council making any vote. Will you honor that request, Mr. President?

The Chair:

Yes, when Council tells me to do it.

Mr. Givens:

Council doesn't tell you anything to do. You are the only person that sets up public hearings as far as I know and our rules and regulations.

The Chair:

You are right with one exception.

Mr. Givens:

I am asking you as a Councilperson and as a citizen of the City of Pittsburgh, will you honor the request for a public hearing prior to this Council taking action or final action in naming or approving or disapproving that person to the Urban Redevelopment Authority Board? I think there's an area of concern, there's an area of checks and balances within our governmental

system, there's a fear among our citizens that certain things are happening within our government that they don't like and they want to have input into the democratic process. Will you as the President of this Council give them that democratic process prior to this distinguished body making the final deliberations or deliberations that would make into a final vote? And if you give me your timetable that it will be introduced like any bill will be introduced, then it won't come up until after this Council makes deliberation wherein the people of the City of Pittsburgh and especially those who had signed the petition will not have their day in this Council.

The Chair:

I don't know how else I can tell you, I can't do it in advance of Council.

I'm shocked sometimes with some of you Councilpeople. You tell me I can't do this unless I have the authority; now you want me to make decisions without you.

Mr. Givens:

Mr. Stone, are you not in receipt of, April 17, 1985, a petition for a public hearing?

The Chair:

Yes and we presented it today.

Mr. Givens:

And it comes into Committee when?

The Chair:

As it does in every bill. It comes up here a week from Wednesday.

Mr. Givens:

Then I make the motion on the floor to waive Council's Rule 8 and have it be considered this Wednesday.

Michelle Madoff seconded the motion.

Which motion prevailed.

Mr. Givens:

Thank you.

The Chair:

I emphasize this thing so that everybody understands that all of these bills get the same treatment and this last while back things are very unusual for me for the reason that everybody is asking for quick and early hearings and Linda Johnson in front of me here and we have been placing all these hearings down almost to the day that they could possibly be held. After you do that, they ask for a different timetable, such as the hearing we're having tonight. They wanted an immediate hearing; we gave them an immediate hearing. Now they want to postpone it. We had one about the submarine; they wanted that one quick. Now they want to have it in July.

Mr. Wagner presents

Mr. President and members of Council, I'd like to ask Jim Rawe and his wife, Mary, to please step forward, and possibly the whole family.

It's an honor for me to present the resolution which I am about to present to a long-time friend and someone who is very involved in community activities in the City of Pittsburgh.

Mr. Wagner presents

No. 2641 WHEREAS, Jim Rawe, a

resident of Beechview, has long been recognized by the community for his outstanding public service; and

WHEREAS, among his numerous social involvements, Jim has been a volunteer driver for Meals on Wheels, and for the American Cancer Society; a volunteer in the program for the South area pre-schoolers retarded citizens; member and Board of Directors for the Dormont AARP; and member of the Lions Club, where he served as President and received Lion of the Year award in 1978; and

WHEREAS, Jim Rawe has served the youth of Beechview with his many years of devotion to the baseball program, where, as veteran manager, he represented Pittsburgh in the All American Amateur Baseball Association Tournament more times than any other team in the city, and in 1965 his team won the tournament. He also received a plaque of recognition from the Daper Dan Association for outstanding service in youth sports; and

WHEREAS, Jim Rawe's sensitivity and concern for the social and moral well-being of his fellow man has contributed immeasurably to the betterment of the community and has greatly enriched the lives of many.

NOW THEREFORE,

BE IT RESOLVED, that the Mayor and the Members of Pittsburgh City Council hereby recognize and commend Jim Rawe for his outstanding service and dedication in cultivating high social and moral standards, and this Council extends sincere gratitude to Jim for enhancing and perpetuating community pride in our city.

Mr. Wagner moved to adopt the resolution.

Michelle Madoff seconded the motion.

Which motion prevailed.

Mr. Wagner:

Before letting Jim say a few words, I'd like to say that I've known him for a number of years, going back about 25 or 30 years, and the activity that I know him to be most involved in is amateur baseball. He's been a coach of the Beechview Merchants baseball team for 38 years now and is still the coach this year. He won a national tournament, as I indicated previously, in 1965 and maybe another one in the future. He's coached many, many famous baseball players; Sam McDowell, for one; Glenn Beckert of the Cubs; Jim Lowen, Tony Sabastian; quite a few very good baseball players that have come out of the City of Pittsburgh.

But I think the best thing I can say about Jim is, whenever anything needs to be done in the community, no matter what it may be, amateur sports, the Lions, Meals On Wheels, etc., he always has enough time to lend a hand and he's still doing that today. As a matter of fact, since he's retired he's doing it more than ever.

So, it is with great honor that I present him and his family this resolution.

Mr. Rawe:

This is not my bag up here but I'd like to thank City Council for this honor and I'd like to thank the City of Pittsburgh for everything they've done for me over the years and especially the community of Beechview. If it wasn't for Beechview there wouldn't be any baseball team. The people in Beechview are wonderful to me; they give me all the money I need and I go for them.

I like to thank my family here for all the support and all the young men that played for me over all the years. Thank you.

The Chair:

Jim, we'll give you the honor of introducing your family.

Mr. Rawe:

This is my wife, Mary; my daughter, Betsy; my daughter-in-law, Nancy; and we have ten grandchildren and that's the youngest there.

Mr. Woods and Mr. Grabowski present

No. 2642 On April 28, 1985, The Most Holy Name of Jesus Croation Fraternal Union (C.F.U.) Lodge 19 is holding a Testimonial Banquet Honoring Steve Jacmenovich as "Man of the Year"; and

Mr. Jacmenovich has been a C.F.U. Member for 62 years; and

During his long years of service, Steve Jacmenovich has served 2 years as trustee; 33 years on the Sick Committee; elected delegate to the C.F.U. Convention; and is presently in his 11th year as Treasurer; and

Steve Jacmenovich's long and active involvement with C.F.U. Lodge 19 has enriched the lives of many and has contributed immensely to the organization's deep sense of history and ethnic herita e.

NOW, THEREFORE,

BE IT RESOLVED, that the Mayor and the Members of Pittsburgh City Council, hereby recognize and honor Steve Jacmenovich for his 62 years of dedicated service as a Member of the

Most Holy Name of Jesus C.F.U. Lodge 19, and congratulate him on being named the organization's "Man of the Year" for 1985.

BE IT FURTHER RESOLVED, that this Council wishes to thank Steve Jacemovich for preserving and perpetuating cultural and ethnic pride in our City.

Mr. Wagner moved to adopt the resolution.

Mr. Givens seconded the motion.

Which motion prevailed.

Mr. O'Malley presents

No. 2643 WHEREAS, the proprietors of Pittsburgh's professional sports franchises have made substantial investments and taken considerable financial risks to buy, develop, and market their teams; and

WHEREAS, other businesses which are forced to discontinue operations because of external market conditions and other factors beyond their control are not further penalized by civil actions from the City; and

WHEREAS, Pittsburgh's professional sports teams are worthy and important contributors to our civic pride, entertainment choices, and our lofty ranking as the Nation's Most Livable City; and

WHEREAS, it is the intention of the leaders of this City to assist rather than deter investment in the arts, education, cultural and other sources of civic pride and development; and

WHEREAS, many other less livable cities such as Philadelphia, St. Louis, Phoenix, and Milwaukee have

invested large amounts of public resources in either attracting or keeping professional sports franchises; and

WHEREAS, other communities such as New York, Oakland, and Baltimore, have lost professional sports franchises to the ravages of professional sports economics and more attractive situations; and

WHEREAS, there are now civil actions pending regarding the leasing arrangements at Three Rivers Stadium involving the Pittsburgh Steelers, the Pittsburgh Pirates and the now-defunct Pittsburgh Maulers, and the City.

NOW, THEREFORE,

BE IT RESOLVED, that the Members of the Pittsburgh City Council hereby strongly urge the City, and the management of the Steelers, the Pirates, and the Maulers to move immediately toward achievement of negotiated settlements in their various civil actions against each other; and, to seek to rebuild a climate where professional sports franchises can prosper and remain part of our civic culture in Pittsburgh.

Mr. Woods moved to adopt the resolution.

Mr. Wagner seconded the motion.

Which motion prevailed.

Michelle Madoff:

Discussion. I believe there should be a bill that should be before this Council to address as to what we can do to be helpful as opposed to just some verbiage that says wouldn't it be nice if we did this because there are some issues that need to be discussed and some messages that need to be transposed to the Administration.

When the Maulers went belly-up and a lawsuit was taken against the Maulers when they were not doing well, I don't know whether that was a wise decision on the part of the Administration.

Obviously we're now discussing dropping the Amusement Tax.

There are things that need to be done, not just some rhetoric. This is window-dressing, this doesn't mean anything, and I think it's insulting.

Mr. Woods:

Mr. President, I'd just like to add one thing. I agree it's just perhaps window-dressing but at least it's bringing something out in the open and I hope this lawsuit by the City and the Maulers and Steelers and all the other parties that are involved will be settled very quickly, like my colleague. But if I recall, I'm trying to jog my memory, the Maulers sued to get into that Stadium and now they want out of it and they're suing to get out of it and we want our money. They sued to get in it; we didn't ask them to do that, they did that.

Michelle Madoff:

My point, Mr. Woods, is that I'm not trying to place blame and I don't think you are either. What we're trying to do is keep our teams in the City because the City has got a climate where everybody else in the country's employment went down, ours went up, and if our teams go, the Pirates and the Penguins and the soccer team, we've got a real problem and I think we're going to have to sit down and talk seriously about how we can do it and it can't be done in a resolution. That's all I'm saying. Let's take this bill and turn it into a resolution and bring it up before Council at a Wednesday meeting. That's my point.

On another subject, I have a statement.

I just want to point out to Council that I have requested information on three issues. I asked that Mr. Buckley supply this Council - how long is it, Mr. Buckley, two months ago, three months ago? - for about the third time with information as to an ongoing total of our claims under \$70,000 and our claims over \$70,000 and a list, not of any detail of who is right or wrong or none of the details of the litigation but that there is indeed litigation going on on claims so we have some idea of how extensive the claims against the City are because we are self-insured.

Mr. Buckley tells me that the Legal Department is reluctant to break it down into what was legal and what was not and he's going to try to get a memo out because it was the wish of this Council; we voted to get that information several times.

Also, I've asked Mr. Paul Imhoff to supply me and my colleagues with a list of those garages that are coming into compliance because I'd like to give some of them a Giant Step Forward Award. Some of them have been doing a fantastic job and others are doing very little.

I want to share with this Council - and I don't know the name of the garage, we had great difficulty finding out the name today, maybe somebody here knows, we made five phone calls - the garage at the Hilton Hotel parks its cars at, it's the one that's being redone as you make the curve from the Boulevard of the Allies. It is practically not really open; just the first floor has a few cars and it's very hard to get in and out. Does anybody know the name? It's called APCO I think but I don't know what it stands for. They called me because

there was a question and the question is that after 5:00 you pay a dollar for the first four hours and it's two dollars after that so I wait until 5:00 to park there and I question why, if you come in before, do I have to run up and take my car out and put it in - the legality of it.

I had occasion to talk to them and I was informed of something that absolutely delighted me. They felt it was a great hardship to modernize that garage and put in lighting. They tell me that they're going to save a lot of money because by redoing the garage they are also having to tear up the cement and they're putting cement in that has some kind of a plastic or a resin that keeps seepage and salt from destroying the cement and that the lights will be paid for and all the expenses because they changed the kind of lighting and that even though they resisted it has turned out to be a money saving issue for them.

The Chair:

The lights are going to keep the water out?

Michelle Madoff:

No, they have two issues. The issue was they had to dig up the cable where the wire was where the cement was and the other issue was they went to a different type of lighting that is far less costly in utility bills. I just thought that was interesting.

And on the motion of **Mr. Woods**

Council adjourned.

4. 3

Municipal Record

Proceedings of the Council of the City of Pittsburgh

VOL. CXIX

Monday, April 29, 1985

No. 17

Municipal Record

ONE-HUNDRED TWENTY-THIRD COUNCIL

ROBERT RADESTONE President
MICHAEL PERRY City Clerk
LINDA M. JOHNSON ... Asst. City Clerk

Pittsburgh, PA
Monday, April 29, 1985

PRESENT:

Mr. Givens	Mr. Wagner
Mr. Grabowski	Mr. Woods
Michelle Madoff	Mr. Stone
Mr. Robinson	(Pres't)

ABSENT:

Mrs. Masloff
Mr. O'Malley

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

PRESENTATIONS

Mr. Givens presented

No. 2644 Resolution providing for the letting of a Contract or Contracts, or for the use of existing Contracts for the furnishing and delivery of 1-1/2 cubic yards refuse containers, at a cost not to exceed \$23,000.00, payable from Code Account 1175, Department of Environmental Services.

Also,

No. 2645 Resolution granting unto the Walnut Mall, their successors and assigns the privilege and license to construct, maintain and use at their own cost and expense, a large oak block sign on a portion of the sidewalk at the intersection of Walnut and Ivy Streets in the 7th Ward of the City of Pittsburgh.

Also,

No. 2646 Resolution granting unto Peoples Natural Gas Company their successors and assigns, the privilege and license to construct, maintain and use at their own cost and expense, a Gas Pressure Vault on a portion of the sidewalk of Brereton Street in the 6th Ward of the City of Pittsburgh.

Also,

No. 2647 Resolution granting unto Anthony J. and Magdalen Lacher, their successors and assigns, the privilege and license to construct, maintain and use at their own cost and expense, an encroachment on a portion of the 5 foot Walkway in the 24th Ward

of the City of Pittsburgh.

Also,

No. 2648 Resolution granting unto Patrick J. Coyne, his successors or assigns, the privilege and license to construct, maintain and use at his own cost and expense, a driveway extension into a portion of the right-of-way of Ermine Alley in the 4th Ward of the City of Pittsburgh.

Also,

No. 2649 Resolution granting unto Guy A. Diulus, his successors and assigns, the privilege and license to construct, maintain and use at his own cost and expense, a Garage Encroachment on a portion of the right-of-way of Diulus Way, in the 4th Ward of the City of Pittsburgh.

Also,

No. 2650 Resolution granting unto Package Products, Incorporated, 3126 Preble Avenue, their successors and assigns, the privilege and license to construct, maintain and use at their own cost and expense, a Pad and Compactor Encroachment on a portion of the right-of-way of Preble Avenue in the 27th Ward of the City of Pittsburgh.

Which were severally read and referred to the Committee on Public Works.

Michelle Madoff presented

No. 2651 Resolution authorizing and directing Pittsburgh City Council to eliminate the practice of granting interim approval on legislation except when such legislation relates to the Wallace Act. —(SPONSORED BY MICHELLE MADOFF)

Which was read and referred to the Committee on Finance.

Michelle Madoff for Mrs. Masloff presented

No. 2652 Resolution authorizing the issuance of a warrant in favor of Hendee Zoological Company of Chicago, Illinois, in the amount of \$5,616.99, for the purchase of four (4) African Greater Flamingos for the Pittsburgh Zoo, chargeable to and payable from the Pittsburgh Zoo Membership Trust Fund (PZMTF), Department of Parks and Recreation. Prior approval granted by Council March 28, 1985.

Also,

No. 2653 Resolution authorizing the issuance of a warrant in favor of USDA, APHIS, Veterinary Services in the amount of \$1,393.00 in payment for Quarantine Services on an importation of birds for the Pittsburgh Aviary, chargeable to and payable from the Aviary Trust Fund Account, Department of Parks and Recreation.

Which were read and referred to the Committee on Finance.

Mr. Robinson for Mr. O'Malley presented

No. 2654 Communication from Robert J. Coll, Jr., Deputy Director, Bureau of Police, requesting authorization for Anthony Hildebrand to attend the "Class B" Electronic Surveillance School in Hershey, PA from May 6-24, 1985, at a cost not to exceed \$700.00, payable from Code Account Department of Public Safety Third Party Payor.

Also,

No. 2655 Communication from Eugene L. Thomas, Acting Chief, Bureau

of Fire, requesting authorization for Robert Friel to attend the Plan Review for Fire Inspectors' Course, at the National Fire Academy in Emmittsburg, Maryland from May 5-17, 1985, at a cost not to exceed \$132.00, payable from the Public Safety Third Party Payer Trust Fund.

Which were read and referred to the Committee on Public Safety.

Mr. Robinson presented

No. 2656 Resolution providing for an Agreement or Agreements with the Sounds of Heritage for professional services in connection with promoting the City of Pittsburgh, at a cost not to exceed \$7,000.00, chargeable to and payable from Code Account No. 1838, Misc. Services, Department of Parks and Recreation; and transferring \$7,000.00 from Code Account No. 10, Accounts Payable Prior Years to Code Account No. 1838, Misc. Services, Department of Parks and Recreation. --(SPONSORED BY MR. ROBINSON)

Which was read and referred to the Committee on Parks and Recreation.

Also,

No. 2657 Resolution amending Res. No. 1442 of 1981, providing for an Agreement or Agreements with the Urban Redevelopment Authority of Pittsburgh for its assumption of the administration of programs formerly administered by the Departments of City Development and Housing. --(SPONSORED BY MR. ROBINSON)

Also,

No. 2658 Resolution approving a Conditional Use Exception under Section 993.01(a)(9) of the Pittsburgh Code, Title Nine, Zoning, Article V, Chapter

993 for authorization to Carnegie-Mellon University and the Regional Industrial Development Corporation (RIDC) to construct a five-story research facility including offices and parking garage for the Software Engineering Institute (SEI) on certain property located in the "I-C" Institutional-Civic District, with frontage along FIFTH AVENUE; SOUTH DITHRIDGE; WINTHROP and HENRY STREETS, 4th Ward.

Which were read and referred to the Committee on Planning, Housing and Development.

Mr. Wagner presented

No. 2659 Resolution providing for the issuance of a warrant in favor of Pressure Concrete Construction Company in the amount of \$129,684.00 in payment of an Emergency Contract for the Rehabilitation of Strawberry Way Sewer, chargeable to and payable from Code Account PW 84-34.

Also,

No. 2660 Resolution providing for the issuance of a warrant in favor of Cost Bros., Inc., in the amount of \$25,820.04 in payment of an Emergency Contract to install granite access blocks on Liberty Avenue and Stanwix Street, chargeable to and payable from Code Account PW 84-38.

Which were read and referred to the Committee on Finance.

Mr. Wagner moved to suspend Rule 8 by providing for consideration of the bills only until or after the 9th calendar day following the meeting in which the bills were introduced so the bills will be on the agenda this Wednesday.

Mr. Woods seconded the motion.

Which motion prevailed.

Also,

No. 2661 Resolution further amending Res. No. 750, eff. September 6, 1983, as amended by Res. No. 1006, eff. November 30, 1983, entitled: "Providing for a Contract or Contracts for the Construction of Walls at Various Locations, including but not limited to the following: Wick Street, Holt Street, Monroe Street, St. Martin Street, Goetman Street and Blessing Street; providing for an Agreement or Agreements with Pittsburgh International Engineering, Inc., for engineering services in connection with the Design of the Reconstruction of the Blessing Street Wall; providing for the payment of the cost thereof," by providing for a Supplemental Agreement with Pittsburgh International Engineering, Inc., and increasing the allocated amount from \$27,000.00 to \$47,000.00; and by reducing the total amount of the Contract or Contracts for the Construction of Walls at Various Locations from \$1,589,500.00 to \$1,529,500.00, chargeable to and payable from the 1983 Community Development Block Grant "Emergency Jobs Bill Program" (PW 83-35) "EJB Wall Improvement Program".

Also,

No. 2662 Resolution providing for a Contract or Contracts or use of existing Contracts for the Restoration of the Shark Tank at the Pittsburgh Zoo, at a cost not to exceed \$30,000.00, chargeable to and payable from Code Account EC 85-26.

Which were read and referred to the Committee on Engineering and Construction.

Mr. Woods presented

No. 2663 Resolution providing for an Agreement or Agreements with the 15th Ward Volunteer's for professional services in connection with their Summer Football Program, at a cost not to exceed \$2,000.00, chargeable to and payable from Code Account No. 1838, Misc. Services, Department of Parks and Recreation; and transferring \$2,000.00 from Code Account No. 10, Accounts Payable Prior Years, to Code Account No. 1838, Misc. Services, Department of Parks and Recreation.

---(SPONSORED BY MR. WOODS)

Which was read and referred to the Committee on Parks and Recreation.

Also,

No. 2664 Resolution providing for the issuance of a warrant in favor of R. & W. Forms, 5000 Baum Boulevard, Pgh., PA 15213, in the amount of \$1,835.33 in payment for an overrun of 15,700 tax forms-1984 City of Pittsburgh and School District of Pittsburgh Individual Earned Income Tax Instruction Booklet with Two Pgh. 40 Income Tax Return Forms furnished for the benefit of the City in connection with the collection of taxes, chargeable to and payable from Code Account No. 1064, Supplies and Materials, Department of Finance. Interim approval granted by Council Bill No. 2541 dated April 17, 1985.

Also,

No. 2665 Resolution providing for the issuance of a warrant in favor of NBI in the amount of \$292.40 for services relative to Word Processing Equipment which are not covered under the maintenance contract, chargeable to and payable from Code Account 1003, Misc. Services, City Clerk's Office. ---
(SPONSORED BY MR. WOODS)

Also,

No. 2666 Resolution transferring the sum of \$10,000.00 from Code Account 1100, Misc. Services to Code Account 1099-1, Premium Pay, Department of Personnel and Civil Service Commission. This transfer is necessary to cover the costs of anticipated overtime for the administration of upcoming examinations.

Also,

No. 2667 Resolution authorizing the Mayor and the Director of the Department of Finance on behalf of the City of Pittsburgh to enter into a lease for fifty (50) years with James B. Gove for Lots 89 A 49, 128, 129, 130 and 134 on Manitoba Street, 15th Ward, commencing on the effective date of this Resolution and authorizing the removal of this property from the Hazelwood Greenway, under certain terms and conditions.

Also,

No. 2668 Resolution Repealing Item L of Res. No. 697, approved August 25, 1983, which authorized the sale of property in the 21st Ward, being a 2 Story, Brick house, located at 1917 St. Ives Street, designated as Block 22-G, Lot 35, to Debora A. Datz, for the sum of \$6,000.00. The reason for the above Repealing Resolution is that at a hearing held on April 9, 1985, it was revealed that there is a mortgage foreclosure on this property, and it cannot be sold. (GD 85-6342)

Also,

No. 2669 Repealing Item O of Res. No. 971, approved November 7, 1984, which authorized the sale of property in the 14th Ward, being vacant

land, located on Shady Avenue, designated as Block 86-L, Part - Lot 60, to J & M Ventures, Inc., for the sum of \$5,000.00. The reason for the above Repealing Resolution is that the Real Estate Division has been informed by the City Law Department that there are legal problems involved in the sale of this property; that the property is, in fact, an alley way, not a lot, and cannot be sold.

Also,

No. 2670 Resolution Repealing Res. No. 585, approved June 23, 1977, which authorized the sale of property in the 12th Ward, being a vacant lot, located on Pointview Street, designated as Block 124-M, Lot 371, to Capers Summers and Nana May Summers, his wife, for the sum of \$150.00. The reason for the above Repealing Resolution is that the City has discovered that the Title to the property was defective, and the City did not have a marketable Title to the property.

Also,

No. 2671 Resolution Repealing Item E of Res. No. 652, approved August 2, 1984, which authorized the sale of property in the 6th Ward, being a 2 Story, Frame house, located at 3435 Penn Avenue, designated as Block 48-S, Lot 258, to Barbara Millender, for the sum of \$1,000.00. The reason for the above Repealing Resolution is that the recent windstorm blew the roof from the building, and the Bureau of Building Inspection has deemed it necessary that the building be razed.

Also,

No. 2672 Resolution Repealing Item E of Res. No. 229, approved April 3, 1984, which authorized the sale of property in the 5th Ward, being a 2

Story, Brick building, located at 2168 Wylie Avenue, designated as Block 10-K, Lot 54, to Harry Williams, for the sum of \$1,000.00. The reason for the above Repealing Resolution is that the recent windstorm blew the roof from the building, and the Bureau of Building Inspection has deemed it necessary to raze the building.

Also,

No. 2673 Resolution providing for the filing of a petition or petitions for the sale of certain property or properties acquired at a tax sale in accordance with Act No. 514 of 1947 as amended.

Also,

No. 2674 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, requesting authorization for Jean M. Sickie to attend the annual conference of the National Association of Commissions for Women in Pasadena, California from June 18-22, 1985, at a cost not to exceed \$950.00, payable from Code Account No. 1021, Misc. Services.

Also,

No. 2675 Communication from Dante Pellegrini, City Solicitor, Department of Law, requesting authorization for himself to attend a meeting of the Municipal Law Section of the Pennsylvania Bar Association in Philadelphia, PA, from May 7-9, 1985, at a cost not to exceed \$750.00, payable from Code Account No. 1075, Misc. Services.

Also,

No. 2676 Communication from Ronald C. Schmeiser, Director, Department of Finance, requesting authorization for Drew Dauer to attend a seminar on Computer Automation for

Real Estate in Washington, D.C. from June 3-4, 1985, at a cost not to exceed \$800.00, payable from the Three Taxing Bodies Trust Fund.

Which were severally read and referred to the Committee on Finance.

The Chair presented

No. 2677 Petition from the residents of the City of Pittsburgh, requesting a public hearing before City Council to discuss the placement of City Council and the Controller's Staff under the protection of the Civil Service Commission and/or Union protection, so that they may have the individual rights of job security and protection; and no person may be dismissed without just cause. This petition is valid in accordance with Section 320 of the Home Rule Charter.

Which was read and referred to the Committee on Finance.

Michelle Madoff:

Excuse me, would this fall under Unfinished Business, Mr. Stone? There was an interim approval circulated April 24 signed by Mr. Woods, Grabowski, Robinson, Masloff and Wagner and it's, the following letter is to request interim approval for George Whitmer of my staff to attend a rescheduled meeting of the Senate Local Government Committee which is considering Senate Bill 283 in Harrisburg, Pennsylvania on April 30. Senate Bill 283 eliminates the Amusement Tax for professional sports teams. As you can appreciate, this legislation would be harmful to the City's revenue base. The cost of the trip will not exceed \$350.00 and the funds are available, so and so. A formal request will follow.

The Chair:

Michelle, let's pick that up after. If you're in the middle of a bill, we're talking about unfinished bills, this is something —

Michelle Madoff:

Well it's something that took place already so it is in a sense unfinished business.

The Chair:

Let me finish. If that's an interim letter, somewhere some legislation is coming up on it.

Michelle Madoff:

I'm not sure they just don't bypass us and we just come up to approve the money. All that came before us they'd say, "This was granted interim approval; you do want to pay for this, don't you?"

The Chair:

Let me do it this way then. Let me take you up under Motions on it so that we stay straight with it, okay?

Michelle Madoff:

The thing I'm concerned about is that I don't know —

The Chair:

The thing I'm concerned about is when we do it.

Michelle Madoff:

When would you like me to do it?

The Chair:

At the time of Motions.

Michelle Madoff:

Certainly.

Mr. Givens:

Mr. President, in regards to that piece of legislation, and some other old pending legislation, I have some comments to make and I think they're very serious comments that this Council should take very —

Michelle Madoff:

He asked me to wait until after.

Mr. Givens:

There was a piece of legislation that came —

The Chair:

Mr. Givens, wait. I'm not stopping you from doing what you want but in most cases this will come under Motions rather than Unfinished Business. I'm asking her to move back and I would suggest that you do the same. I'll give you the opportunity to speak though.

Mr. Givens:

Thank you.

REPORTS OF COMMITTEES

Mr. Woods presented

Bill No. 2678

Report of the Committee on Finance for April 24, 1985 transmitting one ordinance and sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2224

A Resolution entitled, "Resolution creating a special trust fund designated as "Strip District Development Trust Fund." —(SPONSORED BY MR. WAGNER)

Which was read.

Also,

Bill No. 2310

An Ordinance entitled, "An Ordinance requesting Pittsburgh City Council pursuant to the Home Rule Charter, City of Pittsburgh, Article III, Section 302, requesting the Commissioners, Allegheny County, to place a referendum question on the November 1985 General Election Ballot."—(SPONSORED BY MR. ROBINSON) (AS AMENDED IN COMMITTEE)

Which was read.

Michelle Madoff:

Is that a referendum to review the Home Rule Charter?

Mr. Woods:

Yes.

Michelle Madoff:

Could you clarify that for me? Was that a 5-yes? There's been some debate about that. Did that pass or not pass? I thought it had failed. I thought it was a 4-5 against. Someone told me there was a vote and Mr. Grabowski voted for it and I'm confused. Can someone give me the answer on that?

Mr. Grabowski:

Mr. President, with respect to Bill 2310, that's the bill on the agenda dealing with the Home Rule Charter question, I would like to make a motion to recommit the bill.

The reason I would like to make that motion is so that we might hold a public hearing. As you will see from the file here, it has been amended to delete the provision which specified Council by district which, I believe, as far as all of us were concerned was the underlying issue and now the bill deals with completely, or at least taking the first step in completely possibly revising the method of government by which the City is run. I think that's a very drastic step and I think in light of the severity of this legislation, I think it would be advisable if we held a public hearing.

Mr. Woods seconded the motion.

Michelle Madoff:

Comment on the bill. I would opposed recommitting the bill for the purposes stated by my colleague because I testified before Home Rule Study Commissions previously, particularly on the county level, and there will be enough testimony at that point where people will voice their opinion as to what they want changed and that would include whether they want to have election by district, at large, or a combination thereof.

We are empowered to go right now from at large to by district without even having to open up the Home Rule Charter but because there some question even on that, there's judge's opinion that might be challenged, but there's even an opinion saying we can't do that.

So, we're saying go to the Home

Rule Charter by opening it up for review. But even the editorials and people you talk to, when the Mayor's own staff comes down here, his legal counsel, Dan Pellegrini, and says, "I'm sorry; you can't do this or that because the Home Rule Charter is in violation of the State Code.", it's obvious that we need to take a look at the bill. And I don't think that holding a public hearing which is going to say obviously that we need to take a look at the bill is going to enhance anything; all we're going to do is delay it. When you don't want to do it you study it and you hold another public hearing. The public hearing in itself is the opening of the bill where people will be able to testify. That is the ultimate of all ultimate public hearings. So, we're going to have a public hearing and it's going to be one whopper.

Mr. Robinson:

Mr. President and members of Council, I'm opposed to Councilman Grabowski's motion in part because I don't believe that there's any merit of substance in his proposition that a public hearing at this point would be able to shed any further light on the subject other than that which has been shed over the last four or five years and extensive discussion we've had in Council since the bill was introduced.

Also, the City Solicitor has indicated to us and in this instance I believe his opinion is correct that if we were to have a study commission established, certainly not this Council or even the courts could restrict those areas that that study commission might examine. Councilman Grabowski is correct that the original bill did speak to the issue of district elections but only to the extent that however the question was formed by the County Commissioners it would be formed in such a way that the issue of district elections would be

clearly identified as one of the issues to be examined by the Study Commission. The Solicitor indicated that that particular approach was not proper; he felt that the wording should be more simplified and I agreed with him and made an attempt to do that.

It seems to me that if indeed there is an interest in reviewing the manner in which we operate government in this City and the way it's structured, the Study Commission would be the fairest and most appropriate way. While I have no objections to a public hearing, I think that to hold a public hearing at this time would not serve any useful purpose and inasmuch as there has been no request from any group of citizens in the City to do so, I certainly think it would be more appropriate for Council to take a vote at this time on Council Bill 2310.

Mr. Grabowski:

Mr. President, it's been stated that this is merely an attempt to delay; well, I don't think that's the case. The question is to be placed on the November of 1985 ballot. That's several months down the road. I think that by law we have to have this legislation passed 90 days prior to the November election. That gives us all of May, all of June, and all of July. So, there's still plenty of time to have a public hearing and still act on this and I still maintain that we should recommit it for the purpose of a public hearing.

Mr. Givens:

My great desire for having the Home Rule Charter reviewed is to see what has happened in the ten years since I've been on this Council. In fact, I came in with the new Home Rule Charter. I've seen erosion within the powers of Council. I've seen two or three departments, the Department of

Housing, the Department of Economic Development, and the Department of Water, literally torn out of the roots of City government and put into the hands of authorities. I've seen two authorities be created; that of the Water Authority and the Sewer Authority which has gutted the Department of Public Works and gutted the Department of Water in the City of Pittsburgh. I've seen the Department of Economic Development and the Department of Housing taken out and put into the Urban Redevelopment Authority. I've seen the Leasing Authority be created which took the powers out of the General Services Department.

It's ironic enough when you look at the Preamble of the 1976 Home Rule Charter that it gave that threat and gave the warning to the people of the City of Pittsburgh, to the Council of the City of Pittsburgh, that they want a stronger checks and balances within their government. Yes, we have a strong Mayor form of government but yes, the fathers of that particular Charter, as elected by the people of this City, and there were many of them and they were very distinguished people, sat down after months and months of testimony, saw what was happening in our government up to that particular date, and asked for a change. They cautioned because they could not come to any permanent conclusion but they mandated to the Councils that preceded the 1976 Council to look into and to streamline government operations within the confines of this new Home Rule Charter, the first this City has ever had.

I've given you some of the highlights of what has happened, what they even forecasted would happen if we didn't do something to make change within this government. I've seen three departments, Police, Fire and Emergency Medical Chiefs that this Council gave

the power away to the executive branch of government, that we in this Council no longer, through the voice of the people of the City of Pittsburgh, have the right to say who is going to be our Police Chief, or Fire Chief, and our EMS Chief. Along with that, the Mayor has slapped us in the face again with an authority by saying that we don't even have responsibility to approve or disapprove at least the Urban Redevelopment Authority and probably other authorities as to who will sit from this Council on that particular authority. It is stripping; the Mayor, the executive branch of government, has been stripping this Council of its duly authorized responsibility; that is the checks and balances between the legislative, that of Council, and the executive, that of the Mayor, branch of government.

Until this Council wakes up or until the people vote us all out of office, then I think something must happen and happen very dramatically. Whether we have Council by district or at large I don't think is the issue. The break-down of the party is an issue; that's a party matter. The break-down of what's happening within this government is something that cannot be condoned by this Councilman and I don't think the people, when they really know what is happening out there but they have seen evidence happening, if they think it's a strong Mayor that's doing this, then we're going to have a strong Mayor one of these years that is not going to be unliked by the people of the City of Pittsburgh and this Council, I submit to you, will have no power left to take any corrective action until four years are out. In four years, there could be devastating action, both economically and otherwise, to the City of Pittsburgh.

For that reason, I beg my fellow Councilmember to withdraw his request

for a public hearing. I think what has to be done is this Home Rule Charter must be looked at and must be looked at very quickly. And this Council is given the authority that if we want to, that we can dissolve, in fact, the Home Rule Charter's fathers indicate we should dissolve authorities and put the power back into the central government where this Council can exercise its checks and balances within government.

Who is winning in Pittsburgh? Is it the people within our neighborhoods or is it the corporate community Downtown? Where are the special interest groups coming and who is being protected and who is being cast aside? I just ask you to look at the record and I believe, in my own heart and soul, that the people of the City of Pittsburgh are being cast aside for many other special interest groups within this City. That must stop. A review of the Home Rule Charter, I feel, will bring that about.

Mr. Robinson:

Mr. President, if I might. Just one comment and that relates to the broader issue that perhaps Councilman Grabowski has raised and we've discussed it before and that is the evaluation of the Solicitor as reflected in several of his opinions that there are portions of the Charter which are inconsistent with state law.

In light of Mr. Pellegrini's written comments to that effect and Mr. Grabowski's desire to have public input into this whole question of reviewing the manner in which the government operates the City of Pittsburgh, I think it would be wise for us to ask the Solicitor in writing to identify those sections of the Home Rule Charter that in his opinion are inconsistent with existing state law. Regardless of what we do with Bill 2310, there is a larger question

of whether or not we are operating within the purview of the law and whether or not our Solicitor is properly informing us and directing us. I suspect the situation is going to rise again when there's something at least that this Council does that the Solicitor might feel is inconsistent with state law and that the Charter is in conflict with state law. I think it would do us well to make that request of him and at the appropriate time have it presented to Council so we can determine if there is a situation that we have to remedy or if there's some remedy we have to seek at the state level so that we might continue to operate in a smooth and efficient fashion.

Mr. Wagner:

Mr. President, a question for Mr. Grabowski. In regard to the motion to put it back into Committee and the need or the request for a public hearing, will it then be a future motion of yours if this goes back into Committee to have a public hearing or will it be through the solicitation by residents of the City?

Mr. Grabowski:

I would be happy to make that motion myself even though my request for recommitment was initiated by public input. But if a petition is not forthcoming, as in the traditional fashion from concerned residents, I will make the motion myself to have the hearing.

Mr. Wagner:

Mr. President and members of Council, seeing that there are no time restraints placed upon us and the earliest this could be a referendum is in November of this year, as I understand it, and the Election Department would have to have that notice 90 days prior to November which is early August, I

personally see nothing wrong with having a public hearing. As a matter of fact, the reality of the matter is if this piece of legislation passed last week 5-4 and without the support of the 5 members here today to continue with that vote 5-4, there will be no referendum on the ballot. Therefore, I can see nothing wrong with a public hearing.

Mr. Grabowski:

Mr. President, I'd just like to comment that I think Councilman Wagner has made a very astute observation.

The Chair:

Call the question.

Michelle Madoff:

I reserve the right to hold my vote until the end.

Mr. Robinson:

I vote aye only on the condition that the Assistant City Clerk forward the letter requested to the Solicitor and that the Solicitor be present on Wednesday —

The Chair:

We're voting, Mr. Robinson.

Mr. Robinson:

That's part of my vote.

The Chair:

No, no. No discussion on the vote. That's the way everybody voted.

Mr. Robinson:

That wasn't discussion; that was a

comment. I vote aye.

The Chair:

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Wagner
Mr. Grabowski	Mr. Woods
Michelle Madoff	Mr. Stone
Mr. Robinson	(Pres't)

AYES 7

NOES none

And a majority of the votes of Council being in the affirmative, the motion was approved.

Also,

Bill No. 2527

A Resolution entitled, "Resolution providing for an Agreement or Agreements with the Pennsylvania Economy League for professional services on various management improvement projects at a cost not to exceed \$30,000.00."

Which was read.

Mr. Woods:

Mr. President, on Bill 2527, I would like to make a motion to recommit and I'll explain why. There is this tax question that we were going to look into with the Economy League research and aid for us. This contract is with the Economy League and the reason I would like to recommit this is perhaps we can

up this a little bit and have them do everything all at once.

Mr. Grabowski seconded the motion.

Mr. Robinson:

I raised an objection on Wednesday to the very process that Mr. Woods is now initiating. It seems to me that we should not presume that the Economy League is the best agency to do this. It would appear that Mr. Woods is suggesting that the Economy League carry out some additional responsibilities other than those identified in 2527. I think that we ought to try to be more specific as to what we want done and then find the people most qualified to do it as opposed to simply talking in terms of increasing their contract and asking them to do additional work. There are certainly other agencies as qualified as the Economy League that perhaps could put in more time and give us more specialized services specifically where it relates to the issue of taxes in the City of Pittsburgh.

Mr. Woods:

I agree with you, Bill, but if we recommit this and we do decide to go with the Economy League, is what I'm saying, then we have the same legislation here and all we have to do is amend it and up the contract. I have no problems with looking everywhere and I believe we were going to come back within a number of weeks to see if they could do it or another agency.

I simply want to recommit this in the event that this Council would choose the Economy League.

Mr. Wagner:

Mr. President and members of Council, we also requested what various

management improvement project pertain to and that information hasn't been provided yet.

Mr. Woods:

It came to us late today; I got it about 1:30. But you're right; it didn't come in a timely fashion.

WHICH MOTION PREVAILED.

Also,

Bill No. 2564

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Rebecca M. Degrazia, in the amount of \$500.00 for consultation fees regarding review of financial reports as per the request of Michelle Madoff, without previous authority of law, and providing for the payment of the cost thereof." —(SPONSORED BY MICHELLE MADOFF)

Which was read.

Also,

Bill No. 2569

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of G.W.S.M. Landscape Architects in the amount of \$400.60 in payment for work performed in connection with the Design of the Northview Heights Recreation Area, and providing for the payment thereof."

Which was read.

Michelle Madoff:

Who is G.W.S.M. Landscape? Who owns it?

The Chair:

Michelle, please permit her to read the bills and after that I'll ask for any questions.

Michelle Madoff:

Unfortunately, Mr. Stone, there's so many corrections on so many bills that by the time you get through them you can't remember all your questions. I think you have to take them up at the time the bill comes up.

The Chair:

No, I think we've been usually reading the entire bills and we come back and ask if there's any discussion on any of the bills and I see no reason to deviate from our practice.

Michelle Madoff:

Could you please tell me who the principle is in that landscape business?

The Chair:

Is there a cover letter, Linda?

Linda Johnson:

There is no name in there.

Michelle Madoff:

What is the name of the company listed?

Linda Johnson:

It's just G.W.S.M. Landscape Architects.

Michelle Madoff:

G.W.S.M. Landscape Architects. Who are they doing the work for? For

what entity?

Linda Johnson:

For the Northview Heights Recreation Area, Engineering and Construction.

Michelle Madoff:

Would you find out for me who the principles are please and would you remind all department heads that we are not to have any bills without principles; they cannot be introduced without principles. We voted on that several times.

The Chair:

Is there any further discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Wagner
Mr. Grabowski	Mr. Woods
Michelle Madoff	Mr. Stone
Mr. Robinson	(Pres't)

AYES 7

NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 2572

A Resolution entitled, "Resolution transferring \$7,500.00 from Code Account No. 49, Index Code No. 004903, Reserve Fund-Sewage Service Charges-

Allegheny County Sanitary Authority,
Department of Finance to the
Employee's Travel Expense Advance
Trust Fund, Index Code No. 240002,
Department of Finance.

Which was read.

Also,

Bill No. 2573

A Resolution entitled, "Resolution
authorizing the Mayor and the Council of
the City of Pittsburgh to obligate itself
to pay the benefits required by Section
1711 of the Vehicle Code (75 Pa. C.S.
1711) (P. L. 53, No. 12)."

Which was read.

Also,

Bill No. 2574

A Resolution entitled, "Resolution
providing for a license to Duquesne Light
Company to install, use, operate,
maintain, repair, renew and finally
remove an underground electrical system
consisting of underground cables, wires,
transformer and other fixtures and
apparatus thereto belonging on one
transformer pad, on certain City
property in the the 14th Ward,
designated as Block 85-D, Lot 50."

Which was read.

Also,

Bill No. 2575

A Resolution entitled, "Resolution
providing for a license to Duquesne Light
Company to install, use, operate,
maintain, repair, renew and finally
remove two (2) poles, together with
cables and wires, two (2) anchors, guys
and other necessary appurtenances

thereto belonging on City property
fronting on Washington Boulevard, 12th
Ward, designated as Block 82-H-, Lot 1."

Which was read.

The Chair:

Is there any discussion on the
bills?

And on the question, "Shall the
bills pass finally?"

The ayes and noes were taken
agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Wagner
Mr. Grabowski	Mr. Woods
Michelle Madoff	Mr. Stone
Mr. Robinson	(Pres't)

AYES 7

NOES none

And a majority of the votes of
Council being in the affirmative, the
bills passed finally.

Mr. Givens presented

Bill No. 2679

Report of the Committee on Public
Works for April 24, 1985 transmitting
two resolutions to Council.

Which was read, received and filed.

Also, with an affirmative
recommendation,

Bill No. 2557

A Resolution entitled, "Resolution
providing for a Contract or Contracts, or
the use of existing Contracts, for the
purchase and installation of poles and

street lights at various locations within the City of Pittsburgh and other work incidental thereto; and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 2558

A Resolution entitled, "Resolution providing for a Contract or Contracts or the use of existing Contracts for furnishings for the Bureau of Cable Communications 9th Floor Renovation Project; and providing for the payment of the cost thereof."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Wagner
Mr. Grabowski	Mr. Woods
Michelle Madoff	Mr. Stone
Mr. Robinson	(Pres't)

AYES 7

NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Robinson presented

Bill No. 2680

Report of the Committee on Planning, Housing and Development for April 24, 1985 transmitting one ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2563

An Ordinance entitled, "An Ordinance amending the Pittsburgh Code, Title Five - Traffic, Article VII - Parking, Chapter 549 - Residential Parking Permit Program, Section 549.13 - Parking Permit Fees, by providing for a duplicate in the event of trade-in. ~~***~~
(SPONSORED BY MR. GRABOWSKI)

Which was read.

Mr. Grabowski:

Mr. President, I'd like to move to amend Bill 2563 by deleting the last line which reads, "The fee for duplicate shall be \$5.00." and in its place inserting, "at no additional cost".

Mr. Wagner seconded the motion.

Which motion prevailed.

The Chair:

If there's no charge, why do you have to say no additional charge?

Mr. Grabowski:

Because right now in the legislation there is a \$5.00 fee required and I want to delete that. A duplicate, in my opinion, should be issued at no

additional cost.

The Chair:

Okay.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Givens	Mr. Wagner
Mr. Grabowski	Mr. Woods
Michelle Madoff	Mr. Stone
Mr. Robinson	(Pres't)

AYES 7 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Wagner:

Mr. President, Bill 2144 in Engineering and Construction was put back or was held for two weeks last Wednesday but it's on the agenda for final vote. I think there's error here.

The Chair:

It's a stubborn bill; it won't stay held.

Mr. Wagner:

What procedure should we take here?

The Chair:

Hold it back then. That's 2144? Then read only 2596.

Mr. Wagner presented

Bill No. 2681

Report of the Committee on Engineering and Construction for April 24, 1985 transmitting two resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2596

A Resolution entitled, "Resolution providing for a Contract or Contracts, for the Cleaning and Painting of the Mission Street Bridges, and providing for the payment of the cost thereof."

Which was read.

Mr. Givens:

Just a quick discussion. That's \$250,000 that's going out to a contract that is now within the City of Pittsburgh. I talked to the painters' union over the present weekend and I was told that the painters are waiting in line to be hired within the City of Pittsburgh. So here again, there's another quarter of a million dollars of our taxpaying money going outside the City of Pittsburgh and by any economist figuring, that money can generate taxable income in the City of Pittsburgh, some \$125,000 worth of taxable income. I'll say it again and I'll say it very loud; \$125,000 of taxable income is being taken from our Treasury.

The Chair:

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Grabowski	Mr. Wagner
Michelle Madoff	Mr. Woods
Mr. Robinson	Mr. Stone
	(Pres't)

AYES 6 NOES 1

(MR. GIVENS VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

MOTIONS AND RESOLUTIONS

Mr. Givens:

This resolution deals with saving the Dorothy Six furnace there and I'd just like to make a few comments if I might before I introduce the resolution itself.

It takes in the total picture of what is happening within the Tri-State area, especially that of the Mon and Ohio Valley. Someone in this room must begin to speak up because nobody within County government, City government, or anyplace is speaking up, truly speaking up, and what is happening in the Steel Valley, some people are calling it the rust bowls.

We have a corporation community here within the City of Pittsburgh that that delicate balance between the

government and the corporate community, and in the small business community is something that must be held in a very delicate balance. But when one is so involved with the corporate community within government that you cannot speak out on behalf of what's happening to our people both within the City of Pittsburgh and if in fact the City of Pittsburgh is the No. 1 City within the country then encompass in that No. 1 status a metropolitan area of some five counties, most of those affecting the Steel Valley production.

I can only go back in history a little bit and when I think what happened during the depression years when I was born and there's a young lad hearing the talk that was around my supper table, the fact that the steel mills were not producing. In fact, from about 1928 until 1938 there was hardly any activity out of our local steel-making production in the Mon and Ohio Valley. Go back and check it. They banked the furnaces; almost walked away from them for 10 years.

There was a Japanese admiral one time that said, "Don't waken the sleeping tiger." The sleeping tiger was our war-making capacity and to do that you had to have steel capacity. When war was declared on us on December 7, 1941, and tomorrow we will be remembering what happened in Vietnam ten years after the fall of Saigon, and one just has to review the world situation today knowing what it is and here we are today leaving go from our midst one of the greatest industrial capacities that the world has ever known. And we here in this Council sit as nine and look over the broader horizons along with the Mayor.

We have a group that wants to come in here for a public hearing in regards to the Steel Valley Authority. We have many things that are coming to us but someplace, somewhere, someone

must speak up and what's happening to our corporate community when Alcoa is picking up and sending down half of their plant capacity to states in the South. When U.S. Steel in fact has taken 50 percent of their steel-making capacity and put it into overseas countries and when we look at our own forefathers that came right from this soil right here, my ancestry who fought and died for the right to have fair labor within the steel-making industry, within the coal mines of the City of Pittsburgh. And I see a transformation happening right today in my own eyes, not in the history books that I have read for many years, not on the national and international things that I have filed all my lifetime on what makes a country great and what can you do to bring a country to its knees. If we had war today, I don't think the war-making capacity of that of World War II could do what our present corporations are doing to our people in the City of Pittsburgh and throughout the Mon and Ohio Valley.

It takes courage for someone to come up and speak out against the corporate community within the City of Pittsburgh, but it must be done. If, in fact, U.S. Steel is not out of the steel-making business, if, in fact, U.S. Steel is importing 50 percent of their steel into this country thus cutting the legs out from under our own people, when is government going to stand up and say no to this? Who is going to have the courage in our Congress and our U.S. Senate, in this Council, in the Mayor's Office, to say to U.S. Steel, to say to Alcoa, to say to Westinghouse, to say to the country's fourth largest corporate community, "You are doing us in."?

It's a sad day in the City of Pittsburgh that this Councilman has to sit up here and give a resolution, which is a resolution of intent, no money attached to it, no strings attached to it, anyone

can vote yes without hurting their conscience whatsoever, but what happens to the people who are suffering down there? What happens to the 110,000 unemployed U.S. Steel workers and other steelworkers, LTV, etc., that are in a 28 mile stretch of this building? You've heard of the dustbowl; they're saying to us right now, the historians are coming in, the movie-makers are coming in, they're making historical documents today and what is happening right underneath us? And yet government as a body has not done anything to help. Yes, we here in this Council have. When it happened to us I think we reacted to a certain degree to Nabisco. It came out Save Nabisco and we surely did save Nabisco. And how did we save Nabisco? Because with this Council and others, with the community organizations, with the workers at Save Nabisco, we made an overt threat that if you dare try to pull one piece of machinery or tool or furniture out of that building, we will use the power of eminent domain. Yes, the people came down from Youngstown and said, "Oh, my God."

If our people in government only had the fortitude to do that in Youngstown, maybe, just maybe, Youngstown would have three large corporations not have pulled out of there.

What the people from U.S. Steel and the Dorothy Six are saying to us in this Council today is, "We want to hold Dorothy Six." What I submit to this Council, saving it by resolution is not going to do it. We have to put a money commitment, we have to put a verbal commitment, we have to put a written commitment to the people that work in U.S. Steel because you know and I know as we sat here one night just about two weeks ago, Mr. President, and we heard the people from the Steel Valley

Authority come down and tell us what was happening. There's no massive close-downs of the steel plants; it was piece by piece, part by part, department by department.

Just last week, the steel-making capacity right up the river they just dynamited and destroyed all that particular plant and there's not one mention in any Pittsburgh newspaper, not one television picture yet. They dynamited and destroyed for salvage one huge plant along the Mon River.

As we know if Dorothy Six goes, so goes about seven satellite companies that make steel production. If Dorothy Six goes, I submit to you that there will be no U.S. Steel left within this particular valley and all the other steel will probably go along with it because as any industrial might might be, you have to have the satellites in order to support the main plant and the main plant has to have the satellites. It's that simple. Our transportation will go, our river barge traffic will go, our coal industry will go; everything goes right along with it. And for us to sit here and be quiet and clasp our hands and say nothing, I think, is going to be a scorn because when historians review what we have done as leaders of the Tri State area, the City of Pittsburgh, the No. 1 City within the country, then I say to you we must do something more than just give a resolution today. I would hope that this resolution would only be the beginning. I hope, Mr. President, as you have a public hearing coming up on the Steel Valley Authority, the cornerstone of the Steel Valley Authority is Dorothy Six and Dorothy Six in accordance with U.S. Steel will be torn down June of this year. If we hold our public until May 30, I believe, of this year, you can forget about the public hearing because Dorothy Six is going to be torn down.

We have four distinguished men from the Steel Valley group right here today. They're in here pleading with the No. 1 City, with the No. 1 leadership, please do something to save Dorothy Six because without it we lose it. And I submit to you as I reviewed my history, when I saw slave labor among our youth and among our children who were working back in the turn of the century, I submit to you that the same people with the same names are going overseas and they're reversing child labor for foreign labor and cutting out the legs of our own industrial capacity in this country. What flag are they waving? I submit to you that it's the green flag, the flag of money. It's the flag of I want 20 percent return on my investment or I'm getting out. And I say here that we in this Council, if nobody else has the fortitude, must group together for a common cause and it's not for us to be re-elected again; the common cause is to bring government's force to the corporate community and say, "If you don't help Dorothy Six then we don't help you on one other project that might happen in this City."

I started my talk off by saying that it's a very delicate balance. I submit to you, Mr. President, that you should try to do something as President of this Council, Ben Woods if the Finance Chair of this Council and other distinguished Councilpeople, and go across the hall to that Mayor and speak with him and sit down with the corporate community because other people are denied the opportunity to even sit down with the corporate community. If we are to have mutual trust within this City of ours then this must happen. If it does not happen and Dorothy Six comes down, they door is wide open and I don't think government, with the trust of the people who put trust in us to act in their behalf, I don't think that anyone in this room will be trusted by the people of the City of

Pittsburgh because history will say, history in the next couple of years will tell us very quickly that we, in fact, have let them down. And Dorothy Six is just the tip of the iceberg.

We know what is happening to our financial and our tax structure right here. Now is the time of decision. We are in the valley of decision and you are the decision-makers.

Mr. President, I'd like to call forward Mike Bilesik, President of U.S. Steelworkers, Local 1256, and Jay Wyberg of the Tri State Conference On Steel, and I think they have two other gentlemen with them and if they want to come forward, please come forward.

Mr. Givens presents

No. 2682 WHEREAS, for over 100 years, the Pittsburgh Metropolitan area has been internationally recognized as a center for the production of steel; and

WHEREAS, during the past few years our region has witnessed the systematic dismantling of our basic steel industry and the displacing of thousands of workers; and

WHEREAS, U.S. Steel Corporation has recently released plans for the elimination of its Duquesne Plant, including the legendary Dorothy Six blast furnace, which is central to the operation of several other local steel plants; and

WHEREAS, steel workers have banded together to attempt an employee buyout of the plant so as to maintain the steel industry's viability in the Monongahela Valley;

NOW, THEREFORE,

BE IT RESOLVED, that the

Council of the City of Pittsburgh urges the U.S. Steel Corporation to cooperate with the United Steelworkers Union, the Tri-State Conference on steel, and all local government agencies in an attempt to renovate this vital steel plant operation.

Mr. Givens moved to adopt the resolution.

Mr. Woods seconded the motion.

Which motion prevailed.

Mr. Givens:

Mr. President, there's \$4.6 million depending upon the interest that we have right now in the U.S. Steel Building that was given to us by the sale of that building. I submit very strongly that we look at that some \$4 million and think about Dorothy Six and how we can help out the city of Duquesne from our own people right here in the City of Pittsburgh and may that be the start of something that must happen to save Dorothy Six. Dorothy Six employees just don't come from Duquesne; they come from all over Allegheny and the Mon Valley. And if we don't do something with Dorothy Six, the history books will write it from there on out.

I ask then that some of the representatives, Mike and Jay, come up and say a few words to you as to what's happening and what this resolution means to them and if it's not adopted and what this May 30th hearing, if it's held that late and knowing that tomorrow or the next day is the first of May, that we must move that hearing up to this week if at all possible to try to get it in and to resolve some questions before dismantling starts because I can assure you as I stand here, dismantling, yes, but it will be in that Mon River to the Ohio River to the Mississippi River to the Gulf

of Mexico, and I can assure you that it will end up in Brazil and that's where the workers will be. If we want our sons and daughters to go to Brazil, if you want to see the exodus from this country, let us continue the way we've been doing.

Mike Bilesik:

I'd like to express my appreciation. I don't think I can put it in words how much I appreciate what's occurring here today, one of the most frustrating things for me and I'm sure all the politicians in the room, I consider myself a politician, I think it's a very honorable thing to do.

We all know that there are politicians that hide behind their desks and don't want to take positions on issues and as a result we seem to lose everything because everybody wants to remain neutral.

It's gratifying to me to know that I can come to the City of Pittsburgh and the City of Pittsburgh Council is putting forth their position and supporting what we want to do. If we could get more Councils in the valley perhaps the city of Duquesne would do the same thing and perhaps we could cure this problem.

I thank you very much.

Jay Wyberg:

I'd like to thank Councilman Givens and the rest of Council.

What we managed to do in the Mon Valley is put together a rather broad-based grass roots coalition and among that group are people who have never worked together in the past or refused to work together in the past but there's one overriding issue that has brought them all together and that's jobs, meaningful jobs.

We'd like to invite the City of Pittsburgh to join with the other communities up through the Mon Valley in working together to try to turn back these plant closings. We don't feel it's necessary; we think that we've heard for years that the industrial base of Pittsburgh is finished and we don't agree with it. We think that with new high technology introduced into the steel facilities and with the cooperation of everybody in these valleys that we can bring this steel industry back.

Thank you.

The Chair:

Mr. Woods, if you'd kindly assume the Chair, I have a meeting to attend. I'm late now and I'll be gone for another three hours so Mr. Woods will finish the rest of the meeting.

Mr. Givens:

Could Rich Davis and his wife, Cari, please come forward?

It's with great pleasure, I think you know who these people are today, they just came from one of the other channels in town, they were on one of the talk shows. But it's very pleasing to me to know that we have people like Richard Davis in this country, let alone in the City of Pittsburgh, let alone in our Southside neighborhood.

We have a resolution to present to Rich and his family and the fact that Rich is unemployed at this particular time, that he is a carpenter, and the while walking over the bridge saw an episode that was happening underneath him, hollered to an officer and with no regards for his own life and safety went in and pulled an elderly woman out of the Mon River. You have to remember, anyone who was in that Mon River just a

week or two before this incident happened, there was a young man that dove in after his son and that water is so cold that he got to the point where he could not move after being in that water for just a short period of time. That's what happens and anyone we know that jumps in that river when it's cold like that until it's warmed by the spring thaw, and that was in the winter, even though it was warm in here and the weather was fairly decent outside, that river water was extremely cold and you don't have to be in there more than about a half a minute to a minute before your body begins to numb up.

Mr. Givens presents

No. 2683 WHEREAS, on Monday, April 23, Richard Davis a carpenter from Allentown, risked his life in an heroic rescue of 70 year old Ann Blakley; and

WHEREAS, Mr. Davis not only plunged into the Monongahela River to save the elderly widow from drowning, but also offered to "adopt" her as his grandmother to restore her sense of family belonging; and

WHEREAS, Mr. Davis' action exemplifies the compassionate spirit that transforms a City into a caring community; and

WHEREAS, Richard Davis, by his heroic action, has brought honor to he and his wife, Carol, his Allentown neighborhood, and the entire City of Pittsburgh;

NOW, THEREFORE,

BE IT RESOLVED, that the Council of the City of Pittsburgh publicly commends the bravery of Mr. Richard Davis and his willingness to risk his own life to save the precious life of Ann Blakley.

Mr. Givens moved to adopt the resolution.

Mr. Robinson seconded the motion.

Which motion prevailed.

Michelle Madoff:

Do you have a job yet?

Mr. Davis:

No I don't.

Michelle Madoff:

Wouldn't it be a nice reward if the City were to offer you a job? Would somebody look into it?

Mr. Davis:

I read those handouts that they stick in the case down there and there's a couple laborer positions open down there.

Michelle Madoff:

Well, we have the influential people standing right behind you; Mr. Woods, he can do something or perhaps we can get Mr. Wagner to talk to public works and to Construction and Engineering. If there's an opening I think that you certainly ought to be considered at the head of the list.

You know, it's all nice to give you a resolution but I do think you deserve some kind of reward and incumbent upon the Mayor of this City to have said, "We want to have a job for you" because he really controls the jobs in this City.

Mr. Givens:

Michelle, I believe you're right and we give veterans who risk their life for this country and their cities a ten

point veterans' preference. I don't know if Rich is even a veteran or not but I think someway, somewhere the City ought to be able to help out when people exonerate themselves and do what this young man has done in order to save someone else's life. I think the risk that he has taken exemplifies the spirit of the City of Pittsburgh and why we are No. 1 and that's because we're not afraid in this City to fight for what is right.

Michelle Madoff:

Mr. Givens, why don't you add an amendment to your resolution that we seek a job for this gentlemen? Why don't we have a resolution amending the resolution to seek a job?

Mr. Woods, I don't think you ought to dismiss that so lightly.

Mr. Givens:

No, I don't and I won't.

I'd like Richard to come up and maybe say just one word on behalf of his family.

Mr. Davis:

I've never spoken to too much of an audience before but I just saw it happening and I wasn't going to stand there and watch someone die. A friend of mine's mother went off the same bridge and she did die and I wasn't going to let it happen again.

And I could use a job.

Michelle Madoff:

And Mr. Woods is going to do what he can; right, Mr. Woods? Noncommittal.

Mr. Givens, seriously, why don't

we have a resolution sent in by Linda Johnson to the Mayor with the resolution and ask if he would please consider putting Mr. Davis on a priority list for a job with the City? That's the very least we can do.

Mr. Wagner seconded the motion.

Which motion prevailed.

Mr. Davis:

Thank you.

Michelle Madoff:

And then call every single day because they'll forget you tomorrow. You know what I'm talking about.

Mr. Givens:

Susan, what did you think about your Dad? I want to hear it from you.

Susan Davis:

I was real proud of my Dad. I never thought that he would do something like that for somebody else's life; I hope he'll do it for mine someday if I ever do something like that, which I won't. But I'm real proud of my Dad. I am.

Mr. Givens:

Susan brings up a very dramatic point. When I read the newspaper article — Cari just indicated that the URA — They are trying to fix up their house; being a carpenter he's very handy but the on plumbing side of it he might need a little bit of help. But the fact that he was turned down by the Urban Redevelopment Authority I think is something, Steve, if you are now sitting on that particular Board I'd ask you please to look into this and see if some

way can be made to at least make their life a little bit more comfortable in that particular area and I'm sure there's people in the business community who will underwrite Richard and what he has done and what he can do for his family. It's a wonderful family; he's trying to keep them together and God bless, let's try to keep them together. They're restricted from their daughter living with them until they have their bathroom facilities because it's in violation of the health code of Allegheny County.

So please, we will all pitch in and I'm glad you did come up and remind this government that there are people out there like yourself and this is what these programs are set aside for, to help. There are emergency funds within the Urban Redevelopment to fix up any home that needs fixing within the City of Pittsburgh. It's an outright grant and I think that can be awarded to you.

This is for you to hang in that nice beautiful home of yours, a resolution from the Council. It will be as the amendment went to it and adopted by this City. As you adopted your Grandmother for life, I think this Council might be adopting you to help you along your way of life.

Thank you very much.

Mr. Grabowski:

Mr. President and member of Council, I'm here this afternoon to present a resolution to Mr. Lawrence Kozlowski.

This Sunday we're very fortunate here in the City that we will be honored by having the Alliance College Kujawiaki's 500th presentation. They're a performing arts group and they deal primarily in Polish performances. Mr. Koslowski is their director so I thought

that it would be appropriate if this Council recognized this 500th performance.

Mr. Grabowski presents

No. 2684 WHEREAS, on Sunday, May 5 1985, at the Soldiers and Sailors Memorial Hall in Pittsburgh, the Alliance College Kujawiaki presents a two hour concert of authentic Polish Folk Song, during which the folklore of Poland unfolds in a bursting array of color and high speed precision; and

WHEREAS, this special performance marks the ensemble's 500th performance during its 19 year history of presenting the rich culture of the Polish people; and

WHEREAS, the Kujawiaki has presented the exuberant folklore of Poland throughout the United States and Poland, performing in over 250 cities in 15 states; and

WHEREAS, for many years, the Kujawiaki has evoked a deep sense of ethnic heritage for Polish Americans, their countrymen in Poland, and for the entire ethnic population of the United States.

NOW THEREFORE,

BE IT RESOLVED, that the Mayor and the Members of Pittsburgh City Council hereby recognize and honor the Alliance College Kujawiaki, and their present director, Mr. Lawrence Kozlowski, on the 500th Anniversary Performance of this established ensemble, and this Council wishes to thank the Kujawiaki for preserving and perpetuating the high ideals, customs, and culture of the Polish people in Pittsburgh and throughout the United States.

Mr. Grabowski moved to adopt the resolution.

Mr. Robinson seconded the motion.

Which motion prevailed.

Mr. Grabowski:

I will temporarily present this to Mr. Kozlowski and then I'll take it back from him for the formal presentation on Sunday.

Mr. Kozlowski:

Councilman Grabowski and members of Council, on behalf of Alliance College, it's faculty, Administration and all the student performers of the group, we'd like to thank you for your recognition of Alliance College as an institution which is dedicated to the preservation of Polish heritage in the United States.

We furthermore would like to thank the City of Pittsburgh for hosting our 500th concert this coming Sunday at Soldiers and Sailors Memorial Hall and furthermore, the members of the Kujawiaki would like to salute the City of Pittsburgh for their recognition of the varied ethnic groups and all the contributions that each of these ethnic groups has made to help make Pittsburgh Someplace Special and truly the No. 1 City in America.

Thank you.

Mr. Wagner for Mr. O'Malley presents

No. 2685 WHEREAS, the Congress of the United States is currently debating the federal budget for Fiscal Year 1986; and

WHEREAS, the Members of Council understand that budgets are a

statement of values which reflect our moral as well as our political discretion; and

WHEREAS, the President of the United States has proposed a budget for Fiscal Year 1986 which features severe cuts in revenue sharing money, Urban Development Action Grants, Housing Development Action Grants, aid to education, and Community Development Block Grants; and

WHEREAS, previous budgets proposed by the current President have been punitive, unfair, and have doubled our national debt in the last five years; and

WHEREAS, the programs now proposed for cuts or elimination represent the last best hope for the old, the sick, the hungry, the unemployed, and the sad; and

WHEREAS, the City of Pittsburgh uses most of its federal grant monies to facilitate the explicit goals of Renaissance II-- jobs and housing-- and worthy programs such as Pittsburgh Action Against Rape; and

WHEREAS, the County of Allegheny similarly funds programs which provide the poor and elderly citizens with energy assistance, food banks, and housing; and

WHEREAS, acquiescence to the President's request that the taxpayers of the City of Pittsburgh pay for his previous record deficit spending spree with shortsighted budget cuts would be a measure of the depths to which we have lowered ourselves in the name of fiscal prudence.

NOW, THEREFORE,

BE IT RESOLVED, that the

Members of the City Council of the City of Pittsburgh strongly urge our elected representatives in the United States Congress to reject the President's budget recommendations concerning federal aid to housing, development, and community services and, in fairness, to fund them at their current (Fiscal Year 1985) levels.

Mr. Grabowski moved to adopt the resolution.

Michelle Madoff seconded the motion.

Which motion prevailed.

Mr. Robinson:

I'd just like to make a comment if I might on Councilman O'Malley's resolution. I think it's well-intended but I think beyond that we're going to have to look at the reality of what we're probably going to face here in the City of Pittsburgh. It would not appear at this time that either the President or the Congress is in the mood to hold the spending at present levels.

It would seem to me that if the reports that we have already are accurate, we're going to experience at 15-25 percent cut in federal aid and that what we need to do is begin to work out a local Pittsburgh strategy to address that potentiality and that it would do this Council and the Administration good to begin to work on that strategy now as opposed to waiting until the 1986 allocation of federal funds is made available to the City of Pittsburgh.

From the organizations that Councilman O'Malley mentioned in his resolution are organizations that possibly will be coming to us for additional funding and certainly those organizations that will be eligible for funding through the Community Services Trust Fund which the City has established.

I would hope that Councilman O'Malley's resolution is reflective of his support of substantial funding for the Community Services Trust Fund so that we might help some of the organizations he has identified and others.

I would suggest to Council that we look at the Nation's Cities Weekly which is a publication of the National League of Cities. They are currently doing an analysis of cities throughout the United States and what those cities will experience if indeed the President's budget proposal is adopted. The City of Miami is particularly interesting because the population is roughly the same as ours and it is very diverse. The impact in those areas that many members of Council have an interest, particularly the funding of community groups and organizations and even local economic development efforts, are going to experience, more than likely, substantial cuts. But the prospect alone, I think, is enough for us as a Council at least to evaluate the spending of federal dollars in the year 1986.

I would particularly like to instruct Council to look at Volume 8, No. 16 of that publication which is dated April 22, 1985 where there is a pretty substantial analysis of what's going to happen or potentially happen in American cities if indeed the Regan budget proposal is accepted by the Congress. Certainly the strategy of most big city Mayors to ask for a spending freeze is appropriate but I would think that it would also be wise to make a contingency plan and I am suggesting here locally that we come up with a Pittsburgh strategy as to how we can adjust to a minimum of a 15 percent cut in federal spending.

Michelle Madoff:

The President of Council asked

me to bring up an item after the meeting and I deferred to his wishes but I knew this was what was going to happen.

I understand that we have Mr. Whitmer, on April 30, going to try to stop the Legislature from eliminating a ten percent amusement tax on sports teams. And at the same time, I understand that Controller Flaherty today put out a press release with some documents and data showing the impact that it would have on the City taxpayers if indeed that amusement tax were decreased or eliminated. Mr. Flaherty is saying that we need to have a commuter tax that doesn't burden the City taxpayers because it would be unconstitutional as that of the Enabling Act to levy it against suburbanites and not against City residents. On the other hand, the Administration is saying that that's the only way we can collect any money from the suburbanites and everybody is overlooking the obvious; there's a third way of going and that way is to create jobs within the City structure. If we do that we'll have enough taxes that will make up for more than the ten percent that we're losing in the amusement tax and be able to cut the regressive taxes, the wage and mercantile taxes.

I'm talking again about creating jobs. I just spoke to our chief camera person for Warner, I just happened to talk to him. Tom, he just came back from Baltimore and he was absolutely impressed with what he saw on the Baltimore Inner Harbor entertainment area. There are those of us on Council who feel that that's what we ought to be doing yesterday. We ought to be, perhaps, from my perspective, floating a bond, forming an authority if you have to, to create the monies to put in a marina at the North Shore, put in marina facilities, docking facilities, the Strip District, put in the infrastructure water

and sewer lines and a boardwalk and all the industries that we need, all the business entities will flock to our area once that is there and will create jobs. No matter what we say about Dorothy Six sitting here and how much we'd like it to be so, if U.S. Steel doesn't want it to be so and the steel industry doesn't want it to be so, we're just outnumbered and we've got to look for an alternative. Somebody better take some leadership in this community to create some jobs and the only practical way to do it is through the entities that I mentioned such as Herr's Island, the North Shore and the Strip District because it is apparent from studies that have already been done, polls that have already been taken, that our State Legislatures are already saying that they will not vote for a one percent sales tax for transportation and even if they did it isn't really going to solve our problem. It would be better if the Administration, instead of ridiculing a commuter voluntary tax that I introduced and created a line item and received over \$2,000 for that item, it's unfortunate that Mr. DePasquale invited me to meet under the clock at Kaufmann's, especially since I didn't know what that meant and had Bob James explain it to me, and the Mayor through his guru came up with the line that it's no longer a commuter tax, it's a laughing tax. It's unfortunate that the Administration didn't say, "Yes, we need that voluntary tax." Even though we can't mandate it without an enabling act, perhaps you could have gone to the corporations and said, like you do with United Fund, you request everybody who works for you to contribute to the United Fund, we request everyone who works for corporations to contribute two percent to a wage tax; you pay it where you work, not where you live. And if the Administration had some smarts or people around them with some smarts, they'd figure out how to do it. It is

totally unacceptable to me and to the citizens of this City to have a Mayor who just says, when he goes to Harrisburg before a committee, "You know, fellas, we're in trouble; it would be awfully nice if you'd help us out." That isn't going to get anything done. We're going to be right back where we started.

We don't have a commuter tax. The taxes that are being shuffled around in Harrisburg right now, take it out of our right pocket and put it in the left, there's really nothing going to happen. I'm the only viable way of saving this community and boy we're in trouble. You just have to drive through this City as I did yesterday on another matter that I'm going to mention. I went out to the waterworks, where we gave Gumberg the property, to look at how clean it is. They have a man cleaning with a vacuum cleaner, a huge vacuum cleaner, and they own their own sweeping truck which is another item. But I went out there and on the way from the waterworks, Aspinwall, back to the City, I must have seen 50-60, without going out of my way, houses for sale and nobody is buying them, or very few people are buying them. I shouldn't say nobody; that would be inaccurate. And we don't have enough people coming into this City.

I cannot see how we cannot take some action because, as someone pointed out, if we don't drop the amusement tax, we don't get it anyway. If the teams leave you're not going to get it in any event. What do you get if they go? We're better off to drop it and try to at least keep the ripple effect of the teams being here to keep some industry and businesses viable in the community.

I notice that my signature, I was not in or I was not contacted, my bill asking that we do not bypass the process by having five signatures request that somebody in our offices be notified.

There will be a designate in my office if I'm not available at the moment. But I can always be reached, 24 hours a day, to approve or disapprove and I really think this is unbelievable that the Mayor does not have an alternative but he's sending Mr. Whitmer to oppose the ten percent amusement tax drop. What he is saying in effect is, alright, we won't give you the ten percent amusement tax and he's saying to the three teams, the Pirates, and the Penguins, etc., you go; we don't want you here.

Mr. Robinson:

Mr. Woods and members of Council, on the same subject that Mrs. Madoff was commenting on, the letter from the Mayor dated April 24, 1985, requesting the interim approval for Mr. Whitmer, I'd like to have my name withdrawn from that letter and I would ask that the President of Council and the Assistant City Clerk so inform the Mayor's Office. If the letter of interim approval is authorization for Mr. Whitmer to travel to Harrisburg and if indeed he needs five signatures, he does not now have five signatures and I would hope that he has not started his trip to Harrisburg.

When I received this letter, it was not my understanding that Mr. Whitmer was going to Harrisburg to oppose Senate Bill 283 which is the bill that Senator Fisher introduced to eliminate the amusement tax for sports teams. It was my understanding that Mr. Whitmer was going to Harrisburg to share with the Senate Local Government Committee the concerns of the City of Pittsburgh relative to the amusement tax. It has come to my attention that his purpose in going is to oppose Senate Bill 283. While I am not completely aware of all the details of Senate Bill 283, it certainly is consistent with my proposal now before Council to cut our local amusement tax

by 50 percent for all those that pay it, including the sports teams, and I certainly would not want to authorize anyone to speak against the general concept of reducing the amusement tax.

In that same regard, I'd like to mention that the amusement tax issue for this Council will be on the agenda this Wednesday if I am correct. There is a specific bill that I've already referenced that we will be debating and I would hope that if the Administration has as much interest as this letter suggests that they do in the amusement tax issue, that there will be someone available from the Mayor's staff other than Mr. Schmeiser and Mr. Schillo who could share with us the rationalization of the Administration relative to the issue of the amusement tax. As this issue relates to the DeBartolo situation and very specifically the suggestions that Mr. DeBartolo has made for the City and the County relative to his situation, his financial situation in operating the Penguins and the Spirit, I think this Council should be aware that as the City investigates attempts to assist Mr. DeBartolo or to address his concerns, that we should refer immediately to four resolutions passed by this Council in 1981 giving to the Civic Arena Corporation not only the authorization to operate the Civic Arena but also development rights to the Melody Tent area. I think that if indeed we give any serious consideration to Mr. DeBartolo's concerns that we also need to find out from him through the Civic Arena Corporation whether or not those options that he is presently holding on land adjacent to the Civic Arena are going to be exercised. It is my understanding in 1986 the DeBartolo Corporation and its subsidiary, the Civic Arena Corporation, does have an option it can exercise relative to the Civic Arena. There has been some discussion that the corporation might want to return the Civic Arena to the City of

Pittsburgh. If that eventuality occurs, I would suggest to this Council that if we're involved in the approval process that we also ask for the land to be returned to the City. I would hope though that in working out some arrangement for Mr. DeBartolo including reduction of the amusement tax, I would hope that we also encourage him and work with him to develop the land adjacent to the Civic Arena because this is as vital to the City as the development of the Strip District or the North Shore or any other portion of the Golden Triangle. In fact, it's the only area in the City adjacent to the Triangle that has not experienced any development.

This situation, I believe, that Mr. DeBartolo has brought to our attention is serious, not only in terms of the implications for our tax base but the implications for having the Civic Arena returned to the City and the County and both the City and the County having to share roughly \$600,000 worth of debt every year, and then attempt to operate a facility which in 1981 we said we couldn't operate and that a private operator could do a better job.

I'm sure that at an appropriate time the Administration and the Public Auditorium Authority will be meeting with Mr. DeBartolo and will be sharing some concerns. Also, I would hope that this Council would take some time to go over the resolutions that I mentioned from 1981 and also join me in encouraging the DeBartolo Corporation to present to the public, to the Planning Commission, and to the URA their plans for developing those lands adjacent to the Civic Arena and to do that consistent with their concern that we make some adjustment in their lease, some adjustment in their basic agreement, and some adjustment in our tax structure in the City of Pittsburgh.

Mr. Woods:

Mr. Robinson, if I recall, last year or eighteen months ago we asked for that same thing, what they were going to do with the Melody Tent site and we got no response whatsoever.

Mr. Robinson:

Precisely.

Mr. Grabowski:

Mr. President, I would just like to bring to Council's attention that this Friday at 10:30 I will be meeting with Director Jacoby of the General Services Department and Frank Williams of the Allegheny County General Services Department or whatever department he heads, with respect to the maintenance agreement that the County and the City have regarding this building.

This meeting is prompted by last Monday's evening hearing that we held here concerning the ARC House. I know personally from observing that we had some problems downstairs in the lobby with, if not more than one guard, at least one of the guards that the County employs and I'm just wondering if it is their purpose to delay, embarrass and harass members of Council as well as the general public that attended that hearing.

We had some serious problems and I'm going to meet to discuss exactly what the purpose of those guards are and possibly revise their purposes.

Michelle Madoff:

I think you ought to tell them what happened. The media is going to be wondering what this secret thing is and I think we ought to let them know.

Mr. Grabowski:

You let them know; you were there.

Mr. Givens:

There was a suggestion that came up by Steve Grabowski here when I was making the Dorothy Six resolution to make a plea or an amendment to the President of Council to move forward the public hearing on Dorothy Six or the Steel Valley Authority which is one in the same almost, from the May 30 date to the earliest date possible and I so put that in the form of a motion.
